Systematic palynology of tribe **Leucophylleae** *(Scrophulariaceae)* and selected Myoporaceae. 1. 098679
Fly [Allograpta, Hylemya alcathoe] pollination of Penstemon davidsonii and Penstemon **procerus** *(Scrophulariaceae).* 103047
Host plants and parasitism in some middle-European **Rhinanthoideae** *(Scrophulariaceae).* 098675

SCUTIGERELLA
Cephalic segmental organs of *Scutigerella* **(Symphyla,** Myriapoda). 103129

SEA
Utilization of seagrass [Thalassia testudinum] in the deep sea [by *deep-sea* **animals].** 098771
Microbiological studies of Porphyra plants. IV. On the relation between the growth of the Porphyra plants [Algae] cultivated in the *sea* and the **bacterial** flora accompaying the plants [Symbiosis]. 098779
Four-legged mites (Acarina, Eriophyoidea)—pests of citrus on the **Black** *Sea* coast in the Caucasus. 102475
Utilization of seagrass [Thalassia testudinum] in the **deep** *sea* [by deep-sea animals]. 098771
'Sea **foam'** [variety] a breakthrough in roses. 101035
A brief sketch of the vegetation of the **White** *Sea* east coast. 098731

SEAFOOD
Merchandising ideas for deep-fried **fish** and *seafood.* 095329
The flow of *seafood* in **Mississippi** [Supply and demand]. 094558

SEAL
The **European** *seal* as a bioindicator in shoals [of pollution]. 104499
The aseptically operating form-, fill- and *seal* **machine** TFA 240 from Hofliger & Karg [Packaging of dairy products]. 095645

SEASONS
Preliminary observations on *seasonal* **abundance** of cladoceran genera in Kinjher Lake with notes on T Y-phytoplankton production [Algae]. 098760
Seasonal **abundance,** diel periodicity and habitat preference of the striped earwig Labidura riparia in the coastal plainof South Carolina [Potential predator of insect pests, Spodoptera littoralis, soybeans, corn, cotton]. 102282
Attraction, attack patterns [on Pinus taeda] and *seasonal* **activity** of the black turpentine beetle [Dendroctonus terebrans]. 102478
Seminal attributes in buffalo bulls as **affected** by different *seasons.* 096924
Chlorophyll concentrations in navel orange leaves in relation to iron status, leaf **age,** and *season.* 100469
The dependence of the electrical resistance of the cell membrane and the cell sap of Characeae **[Algae]** on the *season.* 099498
Note on factors allowing the choice of **breeding** *season* in the Dara Zootechnical Research Center (Senegal) [Cattle]. 097033
Vegetative response to twelve years of *seasonal* **burning** on a Louisiana longleaf pine [Pinus palustris] site. 098172
Seasonal **cactus** care. 101101
Seasonal **changes** in the plasma retinol-binding holoprotein concentration of sheep. 096270
Seasonal **changes** in minerals, protein, and yield of tall fescue [Festuca elatior] forage as influenced by nitrogen and potassium fertilization. 100321
Analysis of field crop yields and processes of their formation in the conditions of East-Slovakia lowland. IV. *Seasonal* **changes** of the photosynthetic productivity of sunflower. 102348
Results of combined action of *seasonal* **colonization** of Cryptolaemus and aborigenous entomophages against Chloropulvinaria floccifera in Western [Soviet] Georgia [Tea pest, biological control]. 102271
Seasonal **commercial** egg production curve differences. 095746
Cool *season* annual pasture mixtures as affected by autumn irrigation and nematicide in the wiregrass area [Culture]. 100757
Economic, environmental and energy use implications of *short-season* **cotton** production: Texas Lower Rio Grande Valley [Insecticides]. 094326
Components of error in field experiments with cotton, groundnuts, kenaf and sesame in the central Sudan rainlands. II. variation in plant measurements through the *season* and a **discussion** of surface drainage as a source of variation. 104274
Seasonal **distribution** of fungi on house sparrows. 098868
Effect of *late-season* top **dressing** of N (and K) [nitrogen and potassium] applied to conifer [Picea sitchensis] transplants in the nursery on their survival and growth on British forest sites. 103964
Environmental variables influencing the increment of Pinus radiata. 2. Effects of *seasonal* **drought** on height and diameter increment. 098010
Seasonal **dynamics** of masses of aerial and subterranean organs in meadow-steppe plants. 098823
Seasonal **dynamics** of the phytomass of a herbaceous ground cover in a forest-steppe oak forest in relation to the dynamics of photosynthesis and ecologic factors. 100023
Seasonal **dynamics** of tall shrubs in northeastern Minnesota: biomass and nutrient element changes. 100638
Seasonal **fluctuation** of nutrients in soil and leaf tissue of the heather, Calluna vulgaris (Hull) L. 099801
1974 *season* **foliar** diagnosis [Sugarcane]. 104113
Effects of artificial shading on the growth of forest trees. II. Differences in growth of Pinus densiflora seedlings during a **growing** *season* under shading. 100652
Growing *season* and location effects on water uptake and drying rates of peanut seeds from genotypes resistant and susceptible to invasion by Aspergillus flavus Lk. ex. Fr. 101313
Effect of nitrogen fertilization and **harvesting** *season* on the fiber and cellulose production of a cultivar and hybrids of hemp. I. 100750
Seasonal **incidence** of microbes on the surface of first year needles of Norway spruce [Picea abies]. 101657
The *seasonal* **incidence** of exodid ticks [Insect vectors of protozoan diseases of cattle, piroplasms, Ixodes ricinus, Haemaphysalis punctata]. 102613
Duration of the **lambing** *season* and maternal behaviour in oestrous synchronized ewes lambed indoors. 096925
Analysis of *seasonal* **leaf** fall in north temperate deciduous forests. 098837
Sex and *season* of **parturition** in sows. 096870
Seasonal **patterns** of root growth capacity in western yellow pines [Pinus]. 100680
Seasonal and **regional** abundance of ticks (Ixodidae) on hares (Leporidae) in Kenya. 102588
Effects of *seasonal* and **social** factors on testicular activity and hormone levels in domestic pigeons. 096945
Forecasting and programming maize yields in *twice-a-season* **sowings** [Water requirements]. 094238
Relations between the average length of survival of adult bees (Apis mellifera L.) and the frequency of diseases, especially nosema, during the **spring** *season.* 103250

Respiratory metabolism of the centipede Nadabius coloradensis (Cockerell): influence of temperature, *season* and **starvation.** 102895
Sugarbeet *season* of 1975—1976. 100759
Usefulness of honeybee worker samples from different parts of the hive for characterization of the bee colony in the **summer** *season.* 103278
Response of rice varieties to nitrogen during **summer** *season.* 104019
Soybeans: where are we **technically** before the 1976 *season?* 100763
Growth of some selected exotic firs (Abies spp.) over **threegrowing** *seasons* in Wolcott, Vermont. 100678
The production of antimicrobial compounds by British marinealgae. II. *Seasonal* **variation** in production of antibiotics. 099586
Seasonal **variation** in the production time of Codiaeum variegatum [Growth]. 100592
Seasonal **variation** of algal biomass production potential and nutrient limitation in Yaquina Bay, Oregon [Water pollution, paper mill wastes]. 104495
Seasonal **variations** in nitrogen compounds during sexual maturation of the male gametophytes of Polytrichum formosum Hedw. [Muscidae]. 099597
The *seasonal* **variations** in growth of Codiaeum variegatum under greenhouse conditions. 100594
Warm *season,* ornamental turfgrasses [Varieties]. 101124
Early **wet** *season* fertilization of Para grass for use as saved fodder in the Northern Territory, Australia. 104155
Nitrate content in **winter** *season* fodders [Toxicity]. 096009
Studies on biomass accumulation of Nepeta ruderalis Buch-Ham, a common weed of **winter** *season.* 102089
A *seasonal* **winter** biotope of Culex pipiens autogenicus. 102836
Study on the optimal age and liveweight for sow impregnation with reference to their reproductive capacities. III. Study on the fattening and slaughter qualities of pigs born during different *seasons* of the **year.** 097087
Effects of age and *season* on **yield** of crude and extractable proteins from some edible plants [Vegetables]. 100409

SEAWEED

Utilization of *seaweeds* in the **concentrate** ration of growing calves. 096690
A guide to algal keys **(excluding** *seaweeds).* 098549
The pathology of marine algae [Diseases of *seaweeds* and **phytoplankton].** 101848
Effects, uptake, and metabolism of methoxychlor, mirex, and 2,4-D in *seaweeds* **[Ulva,** Enteromorpha, Rhodymenia, toxicity]. 102681

SECALE

Genetically controlled chromosome breakage as an isolation barrier in the origin and maintenance of *Secale* **ancestrale** [Rye]. 099140
Taxonomy and phylogeny of the **genus** *Secale* L [including rye]]. 098520
Comparison of selection based on yield of half sib progenies and of I1 lines per se in **rye** *(Secale* cereale L.). 099411

SECRETION

Gastric **acid** *secretory* responses of acute gastric fistula preparation in anesthetized young chickens. 096347
Insect [Manduca sexta] prothoracic glands; a role for cyclic AMP [adenosine monophosphate] in the stimulation of **alpha-ecdysone** *secretion.* 103048
The *secretory* **ameloblast** of the mini-pig foetus. 096309
Degradation and *secretion* of **anthelminthic** 1311 [iodine isotope]-rafoxanide in cattle and sheep. 097235
The *secretory* **apparatus** of the bryales: morphological, ultrastructural and cytochemical studies [Bryophyta]. 098916
Role of perisympathetic organs and dynamics of *secretion* of the **bursicon** in Tenebrio molitor. 103014
Experimental approach to the problem of the origin of *secretory* **cells** in chick embryonic gonads. 096461
Motor and *secretory* **effects** of nerves on the parotid gland of the rat. 096161
A modified procedure for studying **enzyme** *secretion* in yeast [Saccharomyces] sphaeroplasts: subcellular distribution of invertase. 099625
The influence of various factors on **fluid** *secretion* by in vitro salivary glands of ixodid tick [Dermacentor andersoni, Ixodes ricinus, Ixodes hexagonus, Dermacentor reticulatus]. 102983
Lipid metabolism in cytoplasmic droplets from **freshly** *secreted* milk [Goats]. 096589
Gastric *secretion* and fermentation in the suckling pig. 096268
Immunoglobulin classes in **genital** *secretions* of mycoplasma-infected and normal heifers. 097380
Dufour's **gland** *secretion* of Myrimica rubra: chemical, electrophysiological, and ethological studies. 102996
Effects of various ambient temperatures and of heating and cooling the hypothalamus and cervical spinal cord on antidiuretic **hormone** *secretion* and urinary osmolality in pigs. 096466
Secretion of **LH** [luteinizing hormone] in rams exposed to two different photoperiods. 096964
Cellular biology of **milk** *secretion* [Mammary glands]. 096266
Hormonal regulation of the *secretion* of **mucoproteins** by cells of the salivary glands of Drosophila melanogaster larvae during the period of metamorphosis. 103102
Evaluation of sample size in investigation on **nectar** *secretion* of plants. 099961
Comparison of population of red clover with short corollas with common cultivated varieties **[Nectar** *secretion,* bee pollination]. 100297
The soybean and its **nectar** *secretion.* 100329
Composition of the neutral lipids of bovine **neibomian** *secretions.* 096460
Secretion of **new** digestive enzyme by pancreas with minimal transit time [Rabbits]. 096185
Effects of prostaglandins on the ovine corpus luteum: blood flow, *secretion* of **progesterone** and morphology. 096878
A non-penetrating thiol reagent mimics cytochalasin A inhibition of *secretory* **protein** synthesis [Achlya ambisexualis, Myxomycetes]. 099523
Testosterone *secretion* by the early fetal pig testes in organ culture. 096883
Evidence for a *secretion* of **thyroxine** by isolated hog thyroid cells. 096238
Inhibition of **tonic** *secretion* of luteinizing hormone by progesterone in immature female sheep. 096330
Uterine *secretion-like* proteins in the seminal plasma of the rabbit. 096971

SECTIONING *see* MICROTOMY

SEDGE

Phytomass of the above-ground part of a *sedge-reed* **drained** spruce [Picea] forest stand of the second and seventh age classes. 100646
Midsummer standing crops of **wetland** *sedge* meadows along a transect from forest to prairie. 098813

SEDIMENTS

Aquatic *sediments* [Water interactions]. 104343
The behavior of heavy metals in soil-crop system. IV. The distribution and its change of mercury in **bed** *sediments* of river [Water contamination]. 104626
The behavior of heavy metals in soil-crop system. V. Contaminated bodies of mercury in **bed** *sediments* of river [Water pollution]. 104627
Fungus flora of **lake** *sediment.* 098505
Routine titration of foot-and-mouth disease virus suspensions by analytical ultracentrifugation. 1. *Sedimentation* **method.** 097237
Sediment-water **microcosms** for assessment of nutrient interactions in aquatic ecosystems [Lakes, reservoirs, algal assay]. 104496
Early Pleistocene **pollen-bearing** *sediments* at Szaflary, West Carpathians, Poland. 098483
Palynology of **Tertiary** *sediments* in southern Senegal. 098677
Geochemical controls of lead concentration in stream **water** and *sediments.* 104486

SEDUM

Alkaloids of the **herb** *Sedum* acre L. I. Chromatographic analysis. 099674

SEEDING

Fundamental studies on artificial propagation by seeding useful wild grasses in Japan. VII. Field experiments on the seeding practices of Miscanthus sinensis and Miscanthus tinctorius, and some illustrations concerning the acutal utilization of these grasses by **artificial** *seeding.* 100961
Clear *seeding* of alfalfa. 100772
A view of **cloud** *seeding* [Weather modification]. 093987
Effect of *seeding* **date** and transplant age on the economic results obtained from greenhouse mid-early tomato production [State prices, production expenses, net profit and rentability rate]. 094402
Ascertainment of the *seeding* **date** of dill (Anethum graveolens L.) grown for essential oil. 101297
Biological aspects of planting and **direct** *seeding* in forestry. 098086
Statement for Canada on [forest] tree planting and **direct** *seeding.* 098090
Work study aspects of planting and **direct** *seeding* in forestry. 098094
Current notes on **field** *seeding.* 100782
Effect of different dates of *seeding* and **harvest** on yield and quality of sugarbeet. 100837
The quality of the *seeding* **material** and the yield of sorghum. 100737
Studies on the successive cultivation of Italian ryegrass (Lolium multiflorum Lam.) and Rhodes grass (Chloris gayana Kunth) by *sod-seeding* **method.** 100880
Influence of *reseeding* and **nitrogen** on the yield and botanic composition of grassland. Second report of trials at gilze, 1971-1974 [Cultivation on sandy soil]. 104121
Factors of plant competition in *seeding* **Pacific** Northwest bunchgrass ranges. 100745
Fundamental studies on artificial propagation by seeding useful wild grasses in Japan. VII. Field experiments on the *seeding* **practices** of Miscanthus sinensis and Miscanthus tinctorius, and some illustrations concerning the acutal utilization of these grasses by artificial seeding. 100961
Seeders for *seeding* without **previous** soil working. 103418
Effect of the *seeding* **rates** and sowing dates on the yield of the first productive year in 3 varieties of meadow clover and their mixtures. 100936
A look at *cloud-seeding* **research** [as a part of water management program]. 104387
Fundamental studies on artificial propagation by *seeding* **useful** wild grasses in Japan. VI. Germination behaviors of three native species of genus Miscanthus; Miscanthus sacchar. 100960
Fundamental studies on artificial propagation by *seeding* **useful** wild grasses in Japan. VII. Field experiments on the seeding practices of Miscanthus sinensis and Miscanthus tinctorius, and some illustrations concerning the acutal utilization of these grasses by artificial seeding. 100961
Impressions and results of *seeding* **winter** wheat with an airplane in the wet autumn of 1974. 100720
Comparative study of different methods of *seeding* on the **yield** of rice with and without weeding. 100829

SEEDLINGS

Anatomical aspect of 2,4,5-trichorophenoxyacetic acid] and dalapon [herbicides] toxic action on Norway spruce (Picea **abies** *seedlings.* 102095
Relationship between black locust [Robinia pseudoacacia] *seedling* **age** and induction of cold hardiness. 100637
Roles of the cer-j and cer-p loci in determining the epicuticular wax composition on **barley** *seedling* leaves. 099239
Identification of N-terminal amino acids of protochlorophyllide-holochrome subunits of etiolated **barley** *seedlings.* 100171
Uptake, distribution and metabolic fate of 3H [hydrogen isotope]-triforine in plants. I. Short-term experiments [Bean, tomato and **barley** *seedlings].* 101516
Uptake, distribution and metabolic fate of 3H- [hydrogen isotope]-triforine in plants. II. Long-term experiments [Tomato and **barley** *seedlings].* 101517
Dynamics of root dying-off and alteration of its average length (root coefficient) in the *seedlings* of **bay** [Laurus nobilis]. 099998
Variation in seed and *seedling* **characters** of smooth bromegrass, Bromus inermis Leyss, in relation to environment [Grass breeding]. 100178
Lodging of *seedlings* of **conifers** in the nurseries of the Leningrad province [due chiefly to Fusarium spp.]. 101606
Transport of amides of dicarboxylic amino acids from the roots to the leaves and renewal of proteins in different organs of **corn** *seedlings.* 100319
Effects of artificial shading on the growth of forest trees. II. Differences in growth of Pinus **densiflora** *seedlings* during a growing season under shading. 100652
Factors affecting dormancy, germinaton, and *seedling* **development** of Aeginetia indica L. (Orobanchaceae). 099474
Some effects of potassium deficiency on *seedling* **development** [Vegetables]. 100356
The effects of inhibition of cotyledon photosynthesis on *seedling* **development** in Cucumis sativus L. [Cucumbers]. 100357
Effect of short-chain fatty acids extracted from beef cattle manure on germination and *seedling* **development** [Phytotoxicity, wheat, sorghum]. 103894
Dipeptidase activity in Papaver somniferum L., cv. **"Dubsky"** *seedlings.* 099529
Seed size and planting time as preliminary factors on *seedling* **emergence** of some legume crops [Beans and cowpeas]. 101046
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, gibberellic acid] and its metabolism by **etiolated** *seedlings* and germinating seeds of dwarf Pisum sativum (Meteor) [Peas]. 100492
Mortality of longleaf pine [Pinus palustris] *seedlings* **following** a winter burn against brown-spot needle blight [Scirrhia acicola]. 101660
How to plant **[forest]** *seedlings.* 098097
Status of containerized **forest** *seedling* research in Minnesota. 098101
Carbohydrate metabolism and frost hardiness in pine and spruce [Pinus sylvestris, Picea abies] *seedlings* **grown** at differnt photoperiods and thermoperiods [Injuries]. 100666
Seedling **growth** of crownvetch [Coronilla varia], Ladino clover, and alfalfa under shade. 100072
Seedling **growth** of four grasses [Lolium perenne, Festuca arundinaceae, Holcus lanatus, Poa trivialis]. 100218
A comparison of apple and pear seedlings with reference to the juvenile period. I. *Seedling* **growth** and yield. 100407
Hardwood nurseryman's **guide** *[Seedlings].* 098071
Systemic uptake and translocation of bavistin and calixin in peanut (Arachis **hypogaea** L.) *seedlings.* 101521
Comparative studies of the infection of flag leaves and *seedling* **leaves** of wheat by Erysiphe graminis. 101540
Effects of benomyl [fungicide] on alkanes and fatty alcohols of the surface wax of **lettuce** *seedlings.* 101667
Growth of pine [Pinus thunbergii] and birch [Betula platyphylla var. japonica] *seedlings* under **lights** with different spectral compositions and intensities. 100653
Longleaf *seedlings* [Pinus palustris] survive fire in clearcut strips. 097946
Ion uptake in relation to the development of a root hypodermis **[Maize** *seedlings].* 100247
Light control of anthocyanin biosynthesis in Zea [mays] *seedlings* **[Maize].** 100255
Light effects on phenylalanine ammonia-lyase substrate levels and turnover rates in **maize** *seedlings.* 100283

Some seed, *seedling*, and **maternal** characters as estimates of commercial performance in sweet potato breeding. 099321
Effects of container density and plant water stress on growth and cold hardiness of Douglas-fir [Pseudotsuga **menziesii**] *seedlings*. 100635
Influence of temperature on nitrate metabolism and leaf expansion in soybean (Glycine max L. **Merr.**) *seedlings*. 100279
Winter dormancy in *seedlings* of **mountain** beech (Nothofagus solandri var. cliffortioides) near timber line. 100658
Bioconversion of Barex 210 (an acrylonitrile copolymer) nitrogen for plant utilization [**Oat** *seedlings*]. 100216
Production of **onion** *seedlings* free from Ditylenchus dipsaci[Nematodes]. 101977
Separation of zygotic from nucellar sour **orange** *seedlings* by means of biological tests. 100564
Fertilization effects on survival and early growth of planted loblolly pine [Pinus taeda] *seedlings* in the **Ozarks.** 100624
A study on the effect of certain phenolic acids and fumaric acid in soil on the development of **paddy** *seedlings* and nitrogen-fixing bacteria. 100049
Occurrence of Seira cinerea Yosii (Collembola: Entomobryidae) on wheat and **paddy** *seedlings*. 102366
Differentiaion of chloroplast lamellae. Onset of cation regulation of excitation energy distribution [**Pea** *seedlings*]. 100360
A comparison of apple and **pear** *seedlings* with reference to the juvenile period. II. Mode of inheritance. 099164
A comparison of apple and **pear** *seedlings* with reference to the juvenile period. I. Seedling growth and yield. 100407
Germination study and *seedling* [**pecans**] performance. 100519
Importance of endosperm for nutrition of Fraxinus **pennsylvanica** *seedlings*. 100651
Studies on Fomes annosus and the infection of **pine** *seedlings*. 101450
Ratio of microorganisms in the soil treated with benlate and carbathion for the control of lodging of **pine** *seedlings* [caused by fungi]. 101607
Biological action of strontium-90 [isotope] on the *seedlings* of **pine** (Pinus sylvestris L.) in relation to vertical distribution of radionuclide in soil [Radiation injuries]. 104643
Biological ativity of extracts from Calluna vulgaris (L.) Hull. on the growth and germination [of red clover and Phleum **pratense** *seedlings*]. 100080
Performance of clonally propagated cashew [Anacardium occidentale] as compared with *seedling* **progenies.** 101212
Zinc deficiency in nursery-grown Pinus **radiata** *seedlings*. 101954
Nitrate reductase and nitrite activity in dark-grown **radish** *seedlings:* relationto the supply of NADPH [nicotinamide-adenine dinucleotide phosphate]. 100535
Mineral nutrition of Macadamia [intergrifolia]. I. External and internal nitrogen and sulphur **requirements** of *seedlings*. 100687
The genetics of *seedling* **resistance** to leaf rust, Puccinia hordei Otth. in some spring barley cultivars. 099213
Absorption of fertilizer and soil nitrogen by rice plants under the various cultural conditions of different paddy fields. III. Relationship between kinds of **rice** *seedlings* and absorption of nitrogen by rice plants and general discussion. 100323
Reparation of the enzyme activity of the pathways or respiration in the roots of wheat and **rice** *seedlings* after influence of anoxia. 100330
Studies on the mechanization of transplanting **rice** *seedlings*. 100740
Observations on some morphological and functional features in "Richard" apple spurs on *"seedling"* and "M9" **rootstocks.** 099033
Effect of gamma-irradiation of cobalt-60 [isotope] on the mitotic activity and size of cells in the *seedlings* of **Scotchpine** (Pinus sylvestris L.). 100686
Development of a *seedling* **screening** test for predicting relative grain protein content in oats. 099175
Wet rot [Choanephora cucurbitarum] of **sesame** *seedlings* in India. 101609
Response of yellow-poplar [Liriodendron tulipifera] *seedlings* to **simulated** drought [Stress]. 102053
Soybean *seedling* diseases associated with double cropping [Sclerotium folfsii, Rhizoctonia solani]. 101329
Reaction of **strawberry** *seedlings* inoculated with race composites of Phytophthora fragariae Hickman. 101484
Histophotometric DNA measurements in **sunflower** *seedlings*, crown gall tumours [caused by Agrobacterium tumefaciens], and habituated callus tissues. 100219
Selection of Hybrid **Tea-rose** *seedlings* for cut flower yield. 101116
Studies on grafting chestnuts (Castanea sativa Mill.) in the nursery. I. Growth of *seedlings* and **time** of grafting on dormant buds. 101153
Self-pollination effects on seed and *seedling* **traits** in noble fir [Abies procera]. 100639
Seedling **vigor** of some important range species as affected by nitrogen and phosphorus. 100073
Seedling **vigor** and its effect on field production of corn. 100294
Root growth in cowpea (vigna unguiculata (L.) **Walp.**) *seedlings*. 100605
Action of gibberellic acid on cell proliferation in the subapical shot meristem of **watermelon** *seedlings*. 100347
Water flow in **wheat** *seedlings* after small water deficits. 100264
Performance of large loblolly and shortleaf pine [Pinus taeda, Pinus echinata] *seedlings* after 9 to 12 **years** [Cronartium fusiforme]. 098168

SEEDS

How growth retardants **affect** *seed* Geranium varieties. 100560
Protein biosynthesis in dormant and post-ripened embryos and *seeds* of **Agrostemma** githago. 099915
California—its role in **alfalfa** *seed* production. 094554
Purification and properties of a beta-mannanase from **alfalfa** *seeds*. 095772
Composition of the **alfalfa** *seed* meal. 096008
A scientific basis for **alfalfa** *seed* growing. 100885
Farming practices for obtaining high yields of **alfalfa** *seed* in the south-eastern foest-steppe and north-eastern steppe of the Ukraine. 100888
Farming practices for obtaining high yields of **alfalfa** *seed* in the area east of the Urals. 100889
Chemical drying of **alfalfa** *seed* crops [Desiccants, harvesting aid]. 100997
Alfalfa *seed* weed control. 102110
Vegetation management in certified **alfalfa** *seed* production [Weed control]. 102111
Effectiveness of some insecticides in controlling the yellow seed weevil [Tychius flavus] on **alfalfa** *seed* crops. 102291
Insect control for **alfalfa** *seed* production. 102318
Pollination [contracts]—a team effort [**Alfalfa** *seed* crop growers, beekeepers]. 103244
Combine operation and adjustment for harvesting **alfalfa** *seed*. 103439
Application of fertilizers in **alfalfa** *seed* plantings. 104049
Irrigating **alfalfa** for *seed*. 104302
Irrigating **alfalfa** *seed* for maximum yield. 104303
Effect of ecological conditions on morphological variation of *seeds* of **Altai** species of genus Aconitum L. 098853
Cardamonin and alpinetin from the *seeds* of **Amomum** subulatum. 099932
The effect of storage temperature and sowing date on flowering of Ranunculus **asiaticus** *seeds*. 101072
Varieties of **autumn** *yellow-seeded* rape and autumn turnip rape. 100986
Chemical modification studies on te alpha-D-galactophyranosyl binding lectin from the *seeds* of **Bandeiraea** simplicifolia. 099539
Correlation of features in **barley** *seeds* in relation to methods of grading. 100973
Study of the effect of some mutagenes on the field **bean** *seeds*. 099305
Plantlet morphogenesis and the control of callus growth and root induction of Phaseolus vulgaris [kidney beans] with the addition of a **bean** *seed* extract. 100617
Evaluation of animal hazards to *spot-seeded* **black** cherry [Prunus serotina] in central Tennessee. 102052
Quantitative detection of *seed* of **branched** broomrape [Orobanche ramosa] in California tomato soils [Parastic plants]. 102173
About an accelerated determination of protein quality in [maize] *seeds* [for **breeding**]. 100121
Antinutritive factors contained in the *seeds* of **broadbeans** (Vicia faba). V. Influence on the protein catabolism of broilers [Nutrition]. 096785
Paracytic (syndetocheilic) stomata in **carboniferous** *seed* ferns. 098716
Why **cereal** *seed* may need vigour testing. 100104
Production of **certified** *seeds* of oil and forage rape. 100762
Experimental investigations of *seed* **charging** in an electrostatic field [Cleaning machines]. 103525
Note on *seed* **coat** effects on color and flavor of fababean flours. 095786
Studies on *seed* **coat** toxicity to rhizobia of urid (Phaseolus mungo) [mungo beans], mung [beans] (Phaseolus aureus), and soybean (Glycine max). 102070
Seed **coating,** precision planting, and sprinkler irrigation for optimum stand establishment [Lettuce, onion, carrots, sugarbeets]. 101023
Occurrence and causes of seed discoloration in **commercial** *seed* lots of white mustard (Sinapis alba) [Alternaria tenuis]. 101309
Dehulling of delinted **cotton** *seeds*. 095838
Alteration of sowing qualities of **cotton** *seeds* as effected by butyric acid derivatives [Growth substances]. 100222
Use of tracer techniques to study yield components in *seed* **crops** [for breeding, wheat]. 099315
Application of fertilizers in *seed* **crops** of meadow grasses in the Ukrainian Poles'ye. 104053
Effect of mineral fertilizer application on **cucumber** *seed* yield and seed qualities. 103949
Seed **cultivation** of white clover. Current work concerning disinfection and control of clover weevils [Apion apricans]. 102370
Phytochemical study of Trigonella occulta **delile** *seeds*. 099800
Differential *seed* predation on two species of Arctostaphylos [glandulosa, Arctostaphylos glauca] (Ericaceae). 098835
Use of herbicidal mixtures in tomatoes grown **directly** from *seed*. 102104
Occurrence and causes of *seed* **discoloration** in commercial seed lots of white mustard (Sinapis alba) [Alternaria tenuis]. 101309
Research on the residues and dynamics of disappearance of trichloronat in onion after application of Phytosol in the form of *seed* **dressing** [Hylemya antiqua, control]. 102461
Modern mechanization of *seed* **dressing.** 103561
The use of *seed* **dressings** [fungicides] on groundnuts in northern Nigeria: importance of seed quality. 101506
The operation of an universal pneumatic *[seed]* **drill.** 103636
A comparison of *seed-tape* **drilling** and spaced seed drilling [of sugarbeet]. 100717
Early *seed* development after crossing of Trifolium semipilosum and Trifolium repens. 099353
Anti-B activity of a lectin coexistent with blood group Hlike substance in *seeds* of **Euonymus** sieboldiana. 099838
The increase of *seed* **fertility** of Brassicoraphanus through cytological irregularity [Radishes, Japanese mustard]. 099214
Oil content in *seeds* of **fiber** flax varieties. 095773
Effect of soil properties and fertilizers on the yield of unretted straw and *seeds* of **fiber** flax in the Kostroma Region. 104072
Field *seed* prices in the world market—unexpected rapid increase in price. 094626
Before the **field** *seed* harvest. 100981
Field *seed* cultivation—requirements and production adaptation. 100983
Results of **field** *seed* cultivation, 1975 [Yields]. 100984
Thermal selection of *seeds* of **field** crops according to their viability as a method for increasing resistance to semi-pathogenic [fungal] microorganisms. 101473
Autumn treatment of *seed* **fields** with red fescue (Festuca rubra). 100993
Quality of *seeds* from the **first** and second maize cobs. 100307
Varietal choice of **forage** *seed*. 095802
About some regularities in the variability of eggplant **fruit** and *seeds*. 099435
Role of gibberellins in the development of **fruits** and *seeds*. 099783
Seed-borne **fungi** of cowpea (Vigna unguiculata) in western Nigeria. 101505
Hybrid cocoa: progress report on trials, *seed* **gardens** and extension. 101296
The preparation of 2,3 (3H)-GA29 [hydrogen isotope, gibberellic acid] and its metabolism by etiolated seedlings and **germinating** *seeds* of dwarf Pisum sativum (Meteor) [Peas]. 100492
Biology of *seed* **germination** of wild onion [Allium] species. 099568
Role of gibberellins in dormancy and *seed* **germination.** 099780
Photocontrol of *seed* **germination.** 099978
Physiology of *seed* **germination** in Korean lawn grass (Zoysia japonica Steud.). 100570
Influence of fungi in the rhizospheres of pine [Pinus] and spruce [Picea] on the *seed* **germination** of these trees. 100657
The platyspermic [fossil] *seeds* of **Gondwana** Face for the Maithy Scheme [New taxa]. 098496
Estimated costs of establishing and producing Kentucky bluegrass [Poa pratensis] seed in the Inland Pacific Northwest. (For large farms on which **grass** *seed* is a major enterprise). 094389
Grass *seed*. What do we see for this year? [Varieties]. 100909
Influence of different cytokinins on the germination of lettuce (Lactuca sativa) and celery (Apium **graveolens**) *seeds*. 100533
Opportunities for U.S. *Seed* in **Greece** [Trade]. 094540
Technique of mass producing jackii poplar [Populus jackii] *seed* under **greenhouse** conditions. 098128
Research on the structure of the **groundnut** *seed* coat and its influence of the penetration of Aspergillus flavus. 101508
Studies on the effect of sowing date and *seed-rate* on the **growth** and yield of wheat, 'Kalyansona'. 100868
US Army veterinarians in biomedical research: from *seed* to **harvest.** 097173
Effect of the duration and conditions of storage on the germination percentage and yielding properties of **hemp** *seeds*. 100974
The food reserves and ultrastructural relationships of the gametophyte and sporophyte tissues in Podocarpus **henkelii** *seeds*. 100046
Chemically induced sterility in wheat for **hybrid** *seed* production. 099172
Progress of cytoplasmic and genetic sterility in **hybrid** *seed* corn production. 099367
Mildew (Plasmopara) of the sunflower: a policy to be followed in *seed* **imports** and improved products. 101391
Industry's responsibilities and opportunities in forages: *seed* **industry.** 100939
Estimated costs of establishing and producing Kentucky bluegrass [Poa pratensis] *seed* in the **Inland** Pacific Northwest. (For large farms on which grass seed is a major enterprise). 094389
The problem of the effect of storing **irradiated** *seeds* with different level of ploidy on their viability. 099787
Activation energy and germination times for **isothermal** *seed* germination. 099843
Effect of inorganic fertilizers on the yield and quality of the *seeds* of **Italian** ryegrass [Lolium multiflorum] in the conditions of the Carpathian foothills. 104135
Commercial availability of **Kamala** *seed* (Mallotus philippinensis) in northwest India. 095537
Dormancy, growth, and their natural regulators in buds and *seeds* of **Karelian** birch [Retula verrucosa]. 100683
Effect of presowing irradiation of the *seeds* of **kenaf** on its growth, development and productivity. 100326
The behaviour of the *seed-collecting* **larvae** of a carabid beetle (Coleoptera). 103037
Investigations on **leek** *seed* production. III. Effect of date and mode of seed plant harvesting on seed yield and quality. 101145

Galactomannans and a galactoglucomannan in **legume** *seed* endosperms: structural requirements for beta-mannanase hydrolysis. 099907
Deoxyribonucleic acid, ribonucleic acid, protein and uncombined amino acid content of **legume** *seeds* during embryogeny. 100090
Preinoculation of **legume** *seed* [with Rhizobium]. 100877
Repletion studies on liver protein, glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and Cassia renigera wild **leguminous** *seeds* in normal albino rats. 095098
Water uptake and germination of **leguminous** *seeds* [chickpeas, broadbeans] under changing external water potential in osmotic solutions. 100491
Identification of uncommon amino acids in the **lentil** *seed* (Lens culinaris Med.). 100412
Some physical and chemical properties of the **lettuce** *seed* endosperm. 100405
Increased atmospheric humidity post pollination: a possible aid to the production of inbred **line** *seed* from mature flowers in the Brussels sprout (Brassica oleracea var. gemmifer. 099190
Yields of *direct-seeded* **loblolly** pine [Pinus taeda] at age 22 years. 098062
Conditions affecting production of a protein isolate from **lupin** *seed* kernels. 095824
Changes in free amino acids, carbohydrates, and proteins of **maturing** *seeds* from various peanut (Arachis hypogaea L.) cultivars. 095783
Mycoflora associated with melon (Cucumis **melo** L.) *seeds.* 101409
Fast determination of content in oil by nuclear magnetic resonance after drying of *seeds* in a **microwave** oven. 095520
Relationship of *seed* **number** to fruit set in apple—an alternate hypothesis. 100423
Esters of indole-3-acetic acid from Avena **[oat]** *seeds.* 100277
Genotypical peculiarities of oil-bearing species and varieties of the family Brassicaceae in the content and quality **ofoil** in the *seeds.* 099445
Identification and determination of the mycotoxins (aflatoxins) in various species of **oil** *seed* and their toxicity [Edible oil contamination]. 094812
On the mechanism of pyrogenic action of ricin [the toxic protein of castor **oil** *seeds].* 099711
Derivatives of Plantago **ovata** *seed* husk. II. Methoxyl derivatives. 100649
Pattern of dormancy breaking in *seeds* of few **paddy** varieties. 100167
An investigation of **pea** *seed* albumins. 095886
Alteration of radiosensitivity of **pea** *seeds* exposed to low levels of gamma-irradiation. 100595
Some pathogenic aspects of Fusarium oxysporum f. Sp. Pisi isolated from the *seeds* of **pea** and effectiveness of systemic fungicide dressings. 101604
About the possibility of stimulating the system of restoration [after radiation injury] by low levels of ionizing irradiation [Experiments on **pea** *seeds].* 102051
Recipe for **peanut** *seed* success. 100933
Growing season and location effects on water uptake and drying rates of **peanut** *seeds* from genotypes resistant and susceptible to invasion by Aspergillus flavus Lk. ex. Fr. 101313
The character of radiosensitivity change of *seeds* [of **peas**] in the process of imbibition and germination [Radiation injuries]. 100596
Changes in the amount of complex lipids in the *seeds* and in the **pericarp** during the development of ivy fruit (Hedera helix). 100525
Foliar fertilization of soybeans during the *seed-filling* **period.** 103882
A **photoelectric** *seed* counting detector. 103455
Fundamental principles of the study of *seeds* **[Physiology,** germination]. 099601
A contribution to the knowledge of the [plant parasitic] nematode fauna in **pine** *seed-beds* of the Forest Experimental Farm, Siemianice, district Kepno. 102022
Site preparation improves survival and growth of *direct-seeded* **pines** [Pinus elliottii, Pinus taeda]. 098170
Investigations on leek seed production. III. Effect of date and mode of *seed* **plant** harvesting on seed yield and quality. 101145
Biochemical studies on the oil and fatty acids of **plantago** *seeds.* 095397
Diuraphis muhlei Born.—a new pest on the *seed* **plantings** oftimothy [Phleum pratene] in Poland. 102351
Rates of evolution in *seed* **plants:** net increase in diversity of chromosome numbers and species numbers through time. 099375
Morphine and codeine in **poppy** *seed* [Papaver somniferum, alkaloids]. 095459
Effect of organic manure and chemical fertilizers on opium poppy [Papaver]. III. Role of phosphate on the yield of opium, morphine and **poppy** *seeds.* 103983
Effect of date of planting, spacing, levels of nitrogen and size of tuber on the yield of *seed* **potato.** 101185
How hardy are *seed* **potatoes** this year? 095938
Seed **presoaking** technique and its effects on the yield and physiological processes of the plant [Wheat]. 100970
An economic analysis of *seed* **processing** facilities [Field plants]. 095843
Exceptional fruitfulness *[seed* **production]** and its biological significance. 099959
Seed **production** of perennial stylo [Stylosanthes guyanensis]. 100698
Seed **production** of lupine on light soils. 100786
New methods of *seed* **production** of heterotic cucumber hybrids. 101270
Living environment and extension of green spaces *[Seed* **production,** collection and storage for landscaping with shade trees]. 101272
Seed **productivity** of the progeny of triploid-diploid crossings of winter rye. 099296
Influence of dates of tomato fruit harvesting and ripening on the variations of *seed* **properties.** 100608
Attracting activity of developing fruits, *seeds* and the **prospect** of using it as a breeding character [Barley, wheat]. 099245
The *seed* **protein** contents of some Cruciferae. 095804
Chemotaxonomy: critical analysis of the use of biochemical features from *seed* **proteins.** Example of variability from technical origin given by a kinetic study of the dialysis. 098703
Quantitative determination of digitonin in Digitalis **purpurea** L. *seeds.* 099736
Effect of mineral fertilizer application on cucumber seed yield and *seed* **qualities.** 103949
The use of seed dressings [fungicides] on groundnuts in northern Nigeria: importance of *seed* **quality.** 101506
Effect of nitrogen, phosphorus, date of sowing and *seed* **rate** on yield of dwarf wheat in Rajasthan. 100839
Effect of sowing time of rainfed barley in relation to *seed* **rate** and seed soaking in Bundelkhand region of Uttar Pradesh. 100846
Effect of time of sowing, *seed* **rate** and seed soaking on grain yield of rainfed barley. 100847
Row spacing, *seed* **rate** and variety of wheat under rainfed conditions at Dholi (Bihar). 100863
Effects of dates of sowing, *seed* **rates** and nitrogen levels on dwarf wheat Kalyansona. 100849
Influence of sowing dates and *seed* **rates** on the performance of wheat varieties Kalyan Sona, HD 1941 and WL 212. 100851
Spots on **rice** *seeds* [Plant nutritional deficiencies]. 102044
Temperature effect on affinity chromatography of two lectins from the *seeds* of **Ricinus** communis [Castorbeans]. 095396
Triglyceride composition of Amoora **rohituka** *seed* oil. 095470
An apparatus for measurement of the effect of amplitude of temperature fluctuation upon the germination of *seeds* **[Rumexsanguineus,** Rorippa islandica]. 099492
Phenotype correlations of protein components in wheat and **rye** *seeds.* 100174
Change of radiosensitivity of the *seeds* of **Scotch** pine (Pinus sylvestris) in relation to the duration of soaking [Gamma irradiation, mitotic activity, chromosomal abberations]. 100685
The protection [from pests] of larch cones and *seeds* on **seed** stand plots in the North-West [of the USSR]. 098142
Some *seed,* **seedling,** and maternal characters as estimates of commercial performance in sweet potato breeding. 099321
Variation in *seed* and **seedling** characters of smooth bromegrass, Bromus inermis Leyss, in relation to environment [Grass breeding]. 100178
Self-pollination effects on *seed* and **seedling** traits in noble fir [Abies procera]. 100639
Selected *seed* production of food species in Senegal. 100710
Inter-genotypic plant competition in wheat under **single** *seed* descent breeding. 099192
Seed **size** and planting time as preliminary factors on seedling emergence of some legume crops [Beans and cowpeas]. 101046
On the *seed* **sizes** of varieties of Vitis vinifera [grapes] relative to cultural area. 101148
A new method for seed treatment of **small** *seed* lots for trial fields [Equipment for fungicide application]. 103480
Effect of sowing time of rainfed barley in relation to seed rate and *seed* **soaking** in Bundelkhand region of Uttar Pradesh. 100846
Effect of time of sowing, seed rate and *seed* **soaking** on grain yield of rainfed barley. 100847
Effect of *seed* **soaking** in ascorbic acid, succinic acid and cycocel on the yield of moong [Mung beans]. 101187
The physiology of **sorghum** *seed* development as affected by light and water stress. 100295
Variation in Eucalyptus nitens Maiden in response to temperature and *seed* **source.** 098513
Glucose, pyruvate, and acetate metabolism by developing **soybean** *seeds.* 100272
Productivity and yield structure components of **soybean** *seeds* [Evaluation of initial breeding material]. 100306
Components of **soybean** *seed* yield as influenced by canopy level and interplant competition. 100704
A comparison of seed-tape drilling and **spaced** *seed* drilling [of sugarbeet]. 100717
The effect of treating **spinach** *seeds* with certain chemical substances on their germination. 100448
The effect of temperature regime of storing pine and **spruce** *seeds* on their sowing qualities. 098140
The display of negative properties of some forms of fertilizers during the germination of pine and **spruce** *seeds* [in forest nurseries]. 104134
The protection [from pests] of larch cones and seeds on *seed* **stand** plots in the North-West [of the USSR]. 098142
Post-harvest processing of grains at a *seed-producing* **state** farm at Chrudim [Mechanization]. 103500
Classification of Canadian oat cultivars by quantifying thesize-shape of their *'seed':* a **step** towards automatic identification. 100749
Mutational variability of maize as a result of *seed* **storage.** 099424
Living environment and extension of green spaces *[Seed* **storage** and preparation for landscaping with shade trees]. 101273
Seed **studies** in the Cruciferae. 098461
Use of X-ray radiography for **studying** *seed* quality in tropical forestry [Pests, disease, and damage]. 102034
Methodology of determining the strength of attachment of a *seed* by **suction** for the pneumatic sowing mechanism of a maize planter. 103416
Preharvesting desiccation of **sugarbeet** *seed* crops. 100884
Removal of waxes from **sunflower** *seed* oil by miscella refining and winterization. 095814
Rapid method of determining the fatty acid content in **sunflower** *seeds* [for breeding purposes]. 095845
Sunflower *seed* cake and mustard oil cake as substitutes for groundnut cake in poultry rations. 096745
Effect of pre-soaking of **sunflower** *seeds* in water on the growth and yield of sunflower. 100919
Variation in germination and amino acid leakage of *seeds* with **temperature** related to membrane phase change. 099949
Alkaloid spectrum during ripening of Nicotiana rustica **[tobacco]** *seeds.* 100101
Dependence of the quality of **tomato** *seeds* on cultural practices. 100382
Seedborne tobacco mosaic virus commercial sources of **tomato** *seed.* 101790
Seed **transmission** of cherry leaf roll virus in black cherry (Prunus serotina Ehrh.). 101824
Control of smut (Ustilago perranans Rostr.) of French ryegrass (Arrhenatherum elatius L.) by *seed* **treatment.** 101579
Control of insects attacking stored grain and peas and *seed* **treatment** for small grains. 102527
A new method for *seed* **treatment** of small seed lots for trial fields [Equipment for fungicide application]. 103480
Desiccation in the determination of drought resistance by pre-sowing [sorghum] *seed* **treatments.** 100303
Centipedegrass [Eremochloa ophiuroides] *seed* **treatments** andlight-temperature effects on germination [Curvularia, Phoma, Alternaria, Fusarium]. 101549
The chlorogonoplasts in the *seeds* and **tubers** of potato, solanum tuberosum L., as indicator of resistance to the Streptomyces [Scabies] infection. 101310
Effect of *seed* **types,** sowing date, distance of the row and soil conditions on the sugarbeet. I. Effects on emergence. 100967
Effect of *seed* **types,** sowing dates, distance on the row and soil conditions on the sugarbeet. II. Effects on the yield. 100968
Anti-trypsin activity and fractionation of Vigna **unguiculata** *seeds* globulins. 099969
Protein body formation in cotyledons of developing cowpea (Vigna **unguiculata)** *seeds.* 100094
Experiments relating to techniques for direct drilling of *seeds* into **untilled** dead turf [Equipment]. 103458
Study of the nature of the surface of **vegetable** *seeds.* 100444
Studies on overcoming self-incompatibility by means of testtube fertilization and development of fertilized ovules into **viable** *seeds* in Petunia hybrida. 099339
The **viable** *seed* contents of ant-hill and pasture soil. 099884
Control of **weed** *seeds* in beets. 102147
Control of quack grass [Agropyron repens] and **weed** *seeds* inpotato fields. 102150
Effect of carbathion on the viability of **weed** *seeds.* 102189
Respiration and enzymatic activity of **wheat** *seeds* with different germination capacity. 100118
Yield qualities of Mironovskaia 808 winter **wheat** *seeds* as related to farming practices. 100975
Effectiveness of some insecticides in controlling the **yellow** *seed* weevil [Tychius flavus] on alfalfa seed crops. 102291
Self-fertility and the distribution of *seed* **yield** in Vicia faba L. [Broadbeans]. 099209
Effect of root temperature on growth and *seed* **yield** in cowpea (Vigna unguiculata). 100408
Effect of the *seed* **yield** on the width of annual rings in the Norway spruce (Picea abies (L.) Karst.). 100644
Effect of dates of planting and row spacings on the *seed* **yield** of jute varieties. 100833
Investigations on leek seed production. III. Effect of date and mode of seed plant harvesting on *seed* **yield** and quality. 101145
Investigations into the effect macronutrients and of times of fertilization on the *seed* **yield** of China aster (Callistephus chinensis (L.) Nees). 103899
Growing of early greenhouse tomatoes directly from *seed* **[Yields,** costs, returns]. 101143

SEGMENTS

Cephalic *segmental* organs of Scutigerella (Symphyla, Myriapoda). 103129
Utilization of forest residues, a *segment* of the **complete** tree concept. 098397
Tension development in skinned glycerinated rabbit psoas **fiber** *segments* irrigated with soluble myosin fragments. 096253
The effect of Ca2+ [calcium ions] on the metarhodopsin I-II transition. I. Experiments [Bovine rod **outer** *segments].* 096504
The effect of Ca2+ [calcium ion] on the metarhodopsin I-II transition. II. Model calculations and hypothesis on a molecular mechanism of visual excitation [Bovine rod **outer** *segments].* 096505
The movement of 2,4-dichlorophenoxy acetic acid in **root** *segments* of Pisum sativum L. [Peas]. II. Immobilisation and oscillations in uptake and transport. 100552
Development of mycorrhizal infections from Endogone spores and infected **root** *segments.* 101645

Concentration changes of bile acids in **sequential** *segments* of pigeon intestine and their relation to bile acid absorption. 096235
Economic impact analysis of effluent guidelines: animal feed, breakfast cereal and wheat **starch** *segments* of the grain mills industry [Water pollution]. 104610

SEGREGATION
Genetic *segregation* of the deformed flower gene in trisomics of Solanum chacoense. 099185
Tetrasomic *segregation* at the plicata locus. 099123

SELANGOR
A quantitative assessment of padi foliar diseases in the Tanjong Karang irrigation **scheme,** *Selangor.* 101952

SELENITE
Selenium content of forage plants harvested in Finistere. Enrichment of ryegrass [Lolium] and maize by **adding** *selenite* to the soil. 100052

SELENIUM
Selenium **content** of forage plants harvested in Finistere. Enrichment of ryegrass [Lolium] and maize by adding selenite to the soil. 100052
The effect of **dietary** *selenium* and vitamin E on glutathioneperoxidase and glutathione in the rat. 095226
Effect of **dietary** *selenium* on tumor induction by an oncogenic virus [Mice]. 097799
Selenium in **feed.** 096062
Metabolism of Na2 75SeO4 [sodium selenate] in Astragalus bisulcatus lima bean, and wheat: a comparative study **[Incorporation** of *selenium].* 099834
Effect of *selenium* and **mercury** on survival of chick embryos. 097841
The effects of *selenium* on the **metabolism** of methionine in sheep. 096299
Influence of ascorbic acid on *selenium* **nutrition** in the chick. 096716
Influence of different levels of *selenium* on **protein** synthese by rumen microbes in vitro [Cattle, buffaloes]. 096482
Myodegeneration and **suspected** *selenium/vitamin* E deficiencyin horses. 097735
Differential effects of high dietary levels of vitamin A onthe **vitamin** *E-selenium* nutrition of young and adult chickens. 096714
Selenium and **vitamin** E for swine. 096731

SEMEN
Seminal **attributes** in buffalo bulls as affected by different seasons. 096924
Transmission of viruses through **boar** *semen.* 097553
Yeasts in **bovine** *semen* [reservoir for bovine uterine infection]. 097318
Fatty acids and fatty aldehydes of **buffalo** *seminal* plasma and sperm lipid. 096958
Evaluation by the heterospermic insemination technique of the differential effect of freezing at -196 degrees Celsius on fertility of individual **bull** *semen.* 096957
Partial replacement of **chicken** *semen* by turkey semen in artificial insemination of chickens. 097008
Effect of *semen* **dose,** frequency of insemination, age and productivity of the male on duration and levels of fertility and hatchability in the turkey. 097006
The relationship between *semen* **evaluation** methods and fertility in the bull. 096969
Studies on the reproduction in the dog. VIII. Artificial insemination using the **frozen** *semen.* 096978
Diet effect on initial fructose and citric acid levesl in the *semen* of **Indian** bulls. 096784
Loss of acrosin from bovine spermatozoa following cold shock: protective effects of *seminal* **plasma.** 096895
The lipids of buffalo spermatozoa and *seminal* **plasma.** 096968
Uterine secretion-like proteins in the *seminal* **plasma** of the rabbit. 096971
Some biochemical and immunological properties of proteins of bull and **ram** *seminal* plasma, and possibilities of their practical utilization in animal reproduction. 097082
The fertility of deep frozen and room temperature preserved [bovine] *semen* in the **tropics.** 097080
Partial replacement of chicken semen by **turkey** *semen* in artificial insemination of chickens. 097008

SEMIAUTOMATIC *see* AUTOMATIC

SEMLIKI
Early synthesis of *Semliki* **forest** virus-specific proteins in infected chicken cells. 097424

SEMOLINAS
Flour and *semolina* **production** with hygienic regulations. 094929

SENECIO
Ragwort [Senecio jacobaea, *Senecio* **aquaticus,** poisonous to farm livestock]. 102157
Brisket edema: toxic weeds *[Senecio]* can **cause** disease in [beef] cattle. 097806
Respiration and NADH [naphthaleneacetic acid dehydrogenase]-oxidation of the roots of flood-tolerant and **flood-intolerant** *Senecio* species as affected by anaerobiosis. 099897
Genecological studies of leaf tolerance in **groundsel** *(Senecio* vulgaris L.). 099357
Ragwort *[Senecio* **jacobaea,** Senecio aquaticus, poisonous to farm livestock]. 102157

SENECIONEAE
Flora of Guatemala: Vernonieae, Astereae, Inuleae, Heliantheae, Anthemideae, Cynareae, Mutisieae, Cichorieae, Eupatorieae, Helenieae, *Senecioneae.* XII. 098605

SENESCENCE
Delayed *senescence* in [Festuca pratensis] leaves treated with the protein synthesis inhibitor MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methylpropionamide]. 100282
Regulation of leaf and **fruit** *senescence* by gibberellic acid. 099778
Absorption and translocation of 86Rb [rubidium isotope] in relation with **leaf** *senescence* [Tobacco]. 100140
Metabolism in *senescent* and **stored** tissues [of plants]. 099763
Intracellular outgrowth of the cell wall as a possible cause of *senescence* in **Taphrina** maculans Butler [Fungi]. 098966

SENSES
Food and **common** *sense.* 095260
Structural and functional aspects of *sense* **organs** on the maxillary palps of Calliphora vicina. 103018
The muscles and *sense* **organs** involved in insect flight. 103114
Sensing our **prairie** heritage: environmental education and community visions. 104509
Agricultural analysis of LANDSAT digital data from Williams County, North Dakota, using G. E. [General electric] IMAGE 100 system [Crop acreage estimates, **remote** *sensing].* 094644
Computer-aided analysis of LANDSAT-1 MSS data: a comparison of three approaches, including a "modified clustering" approach [Forestry, **remote** *sensing].* 097992
Data resolution versus forestry classification and modeling **[Remote** *sensing].* 097993
The use of LANDSAT data in a large area crop inventory experiment (LACIE) [Wheat, North America, **remote** *sensing].* 100808
Determination of groundwater inflow to prairie lakes using **remote** *sensing.* 104314
THe use of **remote** *sensing* imagery for environmental land use and flood hazard mapping [Vegetation]. 104338
Trophic classification of lakes using LANDSAT-1 (ERTS-1) [Land Satellite One, Earth Resources Technology Satellite One] multispectral scanner data **[Remote** *sensing].* 104479
Processing **remotely** *sensed* [forest inventory] data for dimensional analysis. 097994
Measurement of crop temperature by leaf thermocouple, infrared thermometry and **remotely** *sensed* thermal imagery [Alfalfa, maize]. 100066

SENSITIVITY
Sensitive **assay** for cellulase and dextranase [Cellulose]. 095395
Temperature-sensitive **changes** in surface modulating assemblies of fibroblasts transformed by mutants of Rous sarcoma virus. 097585
Chemical *sensitivity* of the hyperneural nerve-muscle preparation of the American cockroach [Periplaneta americana]. 102993
Ecdysterone induced proteins in in vitro **cultured** *sensitive* clones of Drosophila melanogaster. 102841
Effects of cyanide and ethylene on the respiration of **cyanide**—*sensitive* and cyanide-resistant plant tissues [Peas, Annona cherimola]. 099944
Investigation of vital staining of separated roots of different species of plants as a function of their *sensitivity* to 2,4-D and its **derivatives.** 099992
The use of electrolytic conductance to assess **differential** *sensitivity* of French prune fruit to applied ethylene. 100484
Integrated field and glasshouse screening for **environmental** *sensitivity* in cow pea (Vigna unguiculata). 100411
Sensitivity of **estimated** financial returns on timber investments to data errors. 097985
In vitro differentiation ane pH [hydrogen-ion concentration] *sensitivity* of **field** and cell culture-attenuated strains of transmissible gastroenteritis virus [Piglets]. 097381
Differential **foliar** *sensitivity* of soybean cultivars to ozone associated with differential enzyme activities [Pollutioninjuries]. 102005
A possible role of hydroxyproline-protein in *oxygen-sensitive* **growth** [Oats]. 100270
Sensitivity of **honeybees** to [the aphicide] Pirimor [Pyrimicarb, toxicity]. 103274
Changes in the *sensitivity* to **hypoxia** and glucose deprivation in the isolated perfused rabbit heart during perinatal development. 096496
Sensitivity to **insect** growth regulators (juvenile hormone analogues) in insecticide-resistant and susceptible stains of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Polarized **light** *sensitivity* in arthropods. 103107
Characterization of a *temperature-sensitive* **mutant** of Saccharomyces cerevisiae [yeasts] that undergoes uncontrolled protein synthesis. 099627
Role of *temperature-sensitive* **mutants** in persistent infections initiated with vesicular stomatitis virus. 097425
Temperature-sensitive **mutants** of vesicular stomatitis virus are conditionally defective particles that interfere with and are rescued by wild-type virus. 097426
Sensitivity of **pea** cultivars to ozone [Air pollution injuries]. 102021
Genetic control of **photoperiodic** *sensitivity* and maturity in spring wheat within narrow limits of adaptation. 099184
Embryonic **photoperiodic** *sensitivity* in two species of fleshflies, Parasarcophaga similis and Boettcherisca septentrionalis. 102998
Sensitivity of **pigweed** plants [Amaranthus] to Crotilin [chlorocrotyl ester of 2,4-dichlorophenoxyacetic acid]. 102144
Investigations on *radio-sensitive* and **radio-resistant** populations of Drosophila melanogaster. VII. High relative radio resistance to the induction of sex-linked recessive lethals in stage-7 oocytes of RO I4 [irradiation]. 103056
Sensitivity of **surface** temperature and atmospheric temperature to perturbations in the stratospheric concentration of ozone and nitrogen dioxide. 104531
Disease-medication relationships in altered **taste** *sensitivity.* 095125
Strain rate and **temperature** *sensitivity* of the crack initiation force in intact Japanese quail eggs. 096516
Ribonucleic acid and high **temperature** *sensitivity* in wheat. 100170
A procedure for specifically selecting **temperature** *sensitive* mutants of tobacco mosaic virus. 101760
The *sensitivity* **test** as a diagnostic tool for the treatment of puerperal diseases in sows. 097751
Tuberculin *sensitivity* of Illinois dairy cattle. 097582
Repair of deoxyribonucleic acid in **ultraviolet** *light-sensitive* and -resistant Dictyostelium discoideum strains [Fungi]. 099813

SENSITIZATION
Allergic bronchoconstriction and its drug-induced reversal in anesthetized, *ovalbumin-sensitized* **cats.** 096537
Biologically **patterned** *sensitized* photooxygenation of chalcones [Plants]. 100014

SENSORY
Design of a **capacitance-type** *sensor* with sectional electrodes [Moisture meter, water content of bulk material]. 095492
A group experience in *sensory* **evaluation** [Meat tasting]. 094907
Motor and *sensory* **fibres** of neck muscle nerves in the cat. 096298
Origin and morphogenesis of *sensory* **neurons** in an insect [Manduca sexta] antenna [Manduca sexta]. 102907
A **photoelectric** *sensor* for distinguishing between plant material and soil. 103454
New scoring method in the *sensory* **qualification** of carbonated beverages. 094833
On the projection of the first **somatic** *sensory* area to the motor cortex of the cat. 096591
Sensory **structures** on the venom apparatus of a primitive ant species [Paraponera clavata]. 102809
Calculation of statical characteristics of *sensors* in **systems** of automatic regulation of power conditions for the operation of a tractor. 103518
Methodology for *sensory* **testing** [meat] with emphasis on limitations of tests. 094910

SEPARATION
Separation of **carbonyl** compounds by reverse phase liquid chromatography [in the cheese fat]. 095659
Some bitter peptides from rennet-treated casein. A method for their purification, utilizing **chromatographic** *separation* on silica gel. 095637
Gas **chromatographic** *separation* of herbicides of major interest in Canada, with electrolytic conductivity detection in the nitrogen and chlorine modes [Residue analysis]. 102127
Separation of **chymopapain** from papaya latex (Carica papaya)on Amberlite IR-120 (Hg^{2+}) [mercury ion]. 100489
Anesthetization of morphologically smillar species with carbon dioxide for *separation* and **culture** [Nematodes extracted from soil, reared on alfalfa]. 103776
Modified milling procedure for *separating* **endosperm** and nonendosperm portions of the wheat kernel for protein and lysine analysis. 095758
Separation of **folic** acid derivatives by high-performance liquid chromatography. 095140
A method for *separating* the various **forms** of invertase in extracts of single leaves or plants of wheat. 100142
Separation of **glutenin** from gliadin by ultracentrifugation [Wheat flour]. 095792
An **integrated** *separation,* aerobic treatment and sludge dewatering system for pig slurry. 104523
Analysis and selection of a device for the *separation* of **liquid** manure into fractions. 103511
Effect of nature and density of *separating* **liquids** on nematodes during the process of extraction [from soil and plant tissue] by the centrifugation-flotation method. 101963
High-gradient **magnetic** *separation* a water-treatment alternative. 104333
Separation of **methyl** ethers of xylose, glucose and some other sugars by liquid chromatography. 098290
Separation of **mononuclear** leukocytes and polymorphonuclear leukocytes from equine blood. 096286
Separation of **potato** spindle tuber viroid ribonucleic acid from Scopolia sinensis into three infectious forms and the purfication and oligonucleotide pattern of fraction II RNA. IX. 101737
Separation of **potatoes** from clods and stones—the main problem of the mechanized harvesting. 103506

Separation and **properties** of enterovirus and reovirus recovered from a fecal sample of calf with diarrhea. 097456
Sephadex *G100-separation* of the mucicrinic and the mucimitiginic factors from an extract of [porcine] duodenal mucosa. 096352
Split *separation* of crystals with low-grade massecuites. Trial in the 1975 campaign. 095853
Vibratory harvesting of pendulous fruits: the fruit **stem** *separation* dynamics of olives. 103586
Investigation on some steroid hormones and their conjugates in pollen of Pinus nigra Ar. *Separating* **steroids** by thin-layer chromatography. 100626
Separation of **zygotic** from nucellar sour orange seedlings by means of biological tests. 100564

SEPARATORS
Transducer of the discharge of grain mass for automatic regulation of operating conditions for an **electrostatic** *separator*. 103556

SEPHADEX
Gibberellins. XLIII. Fractionation of gibberellins, gibberellin conjugates and other plant hormones by **dextran** *Sephadex* chromatography. 099830
Fractionation of a hemicellulase preparation of a culture of the fungus Aspergillus awamori strain 16 by gel **filtrationon** *Sephadex*. 099503
Sephadex **G100-separation** of the mucicrinic and the mucimitiginic factors from an extract of [porcine] duodenal mucosa. 096352
Composition and properties of tar, obtained at cellolignin thermolysis. IV. Fractionation on *sephadex* of **tar,** obtained at birch wood cellolignin thermolysis with overhead steam in vacuum. 098303

SEPTICEMIA
Epidemiology of Pseudomonas **aeruginosa** *septicemia* in dairy calves in Washington. 097520

SEQUENCES
Comparison of the amino **acid** *sequence* of pig heart myoglobin with other ungulate myoglobins. 096234
Primary structure of bovine plasma high-molecular-weight kininogen. The amino **acid** *sequence* of a glycopeptide portion (fragment 1) following the C-terminus of the bradykinin moiety. 096420
Sodium- and potassium-activated adenosine triphosphatase of the nasal salt gland of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino **acid** *sequence* of the phosphorylating polypeptide. 096428
Cell-free synthesis of rat preproinsulins: characterization and partial amino **acid** *sequence* determination [Wheat germ extract]. 096522
Nucleic **acid** *sequence* relationships among "slow" viruses of sheep. 097671
Complete amino **acid** *sequence* of the heme-binding core in bakers' yeast [Saccharomyces cerevisiae] cytochrome b2 (L-(+)-lactate dehydrogenase. 099553
The complete amino **acid** *sequences* of both subunits of the sweet protein monellin [Dioscoreophyllum cuminsii]. 099743
Amino-acid *sequence* of tropomyosin-binding component of rabbit skeletal muscle troponin. 096521
Relationships within the melanogaster species subgroup of the genus Drosophila (Sophophora). II. Phylogenetic relationships between six species based upon polytene chromosome **banding** *sequences*. 103085
Peptide substrates for chymosin (rennin): Kinetic studies with peptides of different chain length including parts of the *sequence* 101-112 of **bovine** kappa-casein. 096246
Method of *sequential* **counting** of the number of hibernating bugs of Eurygaster integriceps. 103105
Production potential and economics of different **crop** *sequences* at Rudrur [Multiple cropping]. 100860
Sloughing guard for *sequential* **depth** soil [for pesticide] sampling. 102625
Anticodon **loop** *sequences* of transfer RNA Ser/CGA and transfer RNA Ser/IGA from the posterior silkgland of Bombyx mori L. 103227
A *sequential* **model** of the farm firm growth process [Beef, computer simulation]. 094663
Species variability of **N-terminal** *sequence* of avian erythrocyte-specific histone H5. 096226
5' terminal **nucleotide** *sequences* of the messenger RNAs of Dictyostelium discoideum [Slime mold]. 099145
Concentration changes of bile acids in *sequential* **segments** of pigeon intestine and their relation to bile acid absorption. 096235
Time *sequence* of lipogenic changes in adipose tissue of rats when converted from ad libitum feeding to meal-eating. 095152

SEQUESTRENE
Metabolic changes associated with the prevention of chlorosis by the application of elemental sulphur and foliar sprays of *sequestrene* **138-Fe** [iron] in Pisum sativum L. [Peas, deficiency disease]. 101842

SERICIN
An approach to synthesis of *sericin* **model** poly-alpha-amino acid [Raw silk]. 095529

SERICULTURE
The overall analysis on non-mulberry [Morus] *sericulture* **inSoutheast** Asian countries. 103285

SERINE
Homologous inhibitors from potato tubers of *serine* **endopeptidases** and metallocarboxypeptidases. 100558
Metabolism of *serine* in **growing** rats and chicks at various dietary protein levels. 096607
Cooperative interactions of tetrahydrofolate with purified pig **kidney** *serine* transhydroxymethylase and loss of this cooperativity in L1210 tumors and in tissues of mice bearing these tumors. 097756

SERODIAGNOSIS
Application of an agar gel precipitin test to the *serodiagnosis* of **avian** chlamydiosis [Chlamydia psittaci]. 097504

SEROLOGY
Bovine mycotic abortion: *serology* as an **aid** in diagnosis. 097509
A *serological* and **bacteriological** survey of canine brucellosis [Brucella canis] in Mexico. 097310
Studies on Theileriidae (Sporozoa) [parasites of cattle] in Tanzania. II. *Serological* **characterization** of Haematoxenus veliferus. 097638
Electrophoretic and *serological* **characterization** of Porthetria dispar polyhedron protein [Forest pests, biological control]. 102496
A loop-structure in the *serological* **classification** system of tymoviruses [Peas, tobacco]. 101810
Clinical *serologic*, and pathologic changes in calves with experimentally induced Trypanosoma brucei infection. 097222
Clinical and *serological* **examinations** for canine leptospirosis in the Vienna area [Austria]. 097489
Fetal *serology* as an aid to diagnosis of bovine abortion [Bacterial infections]. 097521
Clinical and *serological* **findings** on the distribution of bluetongue and epizootic hemorrhagic disease viruse in Oregon. 097512
Antisera from mice, their importance to *serological* **investigations** with phytopathogenic viruses. 101726
The detection and identification of Pediococcus and Micrococcus in berweries, using a *serological* **method** [spoilage yeasts and bacteria]. 094878
A simplified method for the isolation of Bacteroides nodusus from ovine foot-rot and studies on its colony **morphology** and *serology*. 097391
Clinical and *serological* **response** of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, rinderpest, vesicular exanthema of swine, vesicular stomatitis and foot-and-mouth disease. 097558
Serologic **studies** with Mycoplasma synoviae in experimentally inoculated chickens. 097266
Serological **study** on bovine leptospiroses in Guadeloupe. 097281
Furagar [for the *serological* **study** of plant diseases]. 102038
Serologic **testing** with enzyme-labeled antibodies (ELA) [to several animal diseases]. 097547
A comparison of some *serological* **tests** [from cattle, sheep and deer] for bluetongue virus infection. 097285

SERPHOIDEA
Revisionary notes and keys to world genera of Scelionidae (**Hymenoptera:** *Proctotrupoidea*). 103192

SERUM
Localization of vitellogenin and *serum* **albumin** in hepatic parenchymal cells of normal and estradiol treated immature chickens. 096244
Immunochemistry of *serum* **albumin.** II. Isolation and characterization of a fragment from the first third of bovine serum albumin carrying almost all the antigenic reactivity of the protein. 097337
Development of a *serum-plate* **antigen** for detection of Salmonella infections in turkeys. 097515
Plaque neutralization test to **assay** *serums* for eastern and western equine encephalomyelitis antibody titer. 097541
Effect of changes in dietary components on the *serum* **bilirubin** in Gilbert's syndrome. 094957
Experimental studies on (I) *serum* **biochemical,** (II) tissue histochemical changes inexperimentally infected chickens by different developmental stages of Ascaridia galli (Schrank, 1788). 097216
Postpartum changes in protein fractions in sow colostrum and neonatal piglet's **blood** *serum*. 096278
Comparison of binding proteins of glucocorticoids in mammary tissue and in **blood** *sera* from lactating cows. 096442
The nature of the phosphorus linkage in component I, a phosphoprotein isolated from the **blood** *serum* of des-treated cockerels. 096517
Comparative characteristics of the electrophoretic spectrum of protein of **blood** *serum* in heterosis of poultry hybrids. 096555
Insulin levels in the **blood** *serum* of intensively fattened cattle. 096595
Two genetic systems of **blood** *serum* amylase in the Kholmogorbreed of cattle. 096912
Immunochemistry of serum albumin. II. Isolation and characterization of a fragment from the first third of **bovine** *serum* albumin carrying almost all the antigenic reactivity of the protein. 097337
Role of divalent cations in bactericidal action of normal **bovine** *serum* to Brucella abortus strain 19. 097634
Serum **calcium** fractions in sheep treated with Solanum malacoxylon. 097853
BVD [bovine virus diarrhea] virus in commercial fetal **calf** *serum* and 'normal' and aborted fetuses. 097511
Efficacy of diet and exercise in the reduction of *serum* **cholesterol** and triglyceride in free-living adult males. 094988
Effect of ragi [flour] feeding on *serum* **cholesterol** level [Rats]. 095093
Detection of immune complexes in the *serum* of **dogs** infected with canine adenovirus. 097598
Antileptospiral agglutinins in **equine** *sera* of Minas Gerais [Leptospirosis]. 097469
Aspiration of bone marrow using EDTA [ethylenediamine tetracetic acid] **fortified** *serum* [Smears]. 097135
Thyroid stimulating hormone in the chicken. III. *Serum* **glycoproteins.** 096152
Serum-induced **head-to-head** agglutination of bovine spermatozoa. 096965
Effect of temperature acclimation on activities of *serum* and **hepatic** enzymes of the rat [Biochemical and physiological metabolism]. 096198
Serum **hepatitis** in a horse. 097388
The cestocidal effect of complement in normal and **immune** *sera* in vitro [Livestock]. 097467
Cryopreservation of Trypanosoma equiperdum and the production of **immune** *serum* in horses. 097513
Serum **LH** [luteinizing hormone] concentration following castration, steroid hormone and gonadotropin releasing hormone treatment in the male bovine. 096937
The rectal temperature and *serum* **luteinizing** hormone concentration of heifers during estrus. 096887
Incidence in Tanzania of CF antibody to Coxiella burneti in *sera* from **man,** cattle, sheep, goats and game. 097664
Experimental biological engineering to synchronise ovulation in gilts. II. Effect of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS [pregnant **mare** *serum]* with and without 500 IU HCG [human chorionic gonadotropin]. 096867
Experimental biological engineering to synchronise ovulation in gilts. III. Onset of ovulation, ovarian findings and fertilization following metallibure, 750 IU PMS [pregnant **mare** *serum]* with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868
An evaluation of calculated and **measured** *serum* osmolality in normal and hyperosmolemic dogs. 097712
Revealing immunochemically similar protein components of the causal agent of potato blight [Phytophthora infestans] andits host-plant by using **monospecific** *sera*. 101466
Are changes in *serum* **N-acetylhexosaminidase** level associated with uterine involution in the cow? [Parturition]. 097027
Distribution of the A blood-group activity in **porcine** *serum*. 096342
Analysis of data of laboratory tests on dairy cows before and after parturition. II. *Serum* **protein** fractions. 096458
Blood groups and *serum* **protein** polymorphisms in the PitmanMoore and Ohmini strains of miniature pigs [Genetics]. 096857
Heat stability of forewarmed milks: influence of kappa-casein, *serum* **proteins** and divalent cations. 095583
Electrophoresis of *serum* **proteins** in the normal rabbit. 096532
Lipoproteins in *serum* of **rat,** mouse, gerbil, rabbit, pig and man studies by electrophoretical and immunological methods. 096317
Accumulation of calcium in kidney and decrease of calcium in *serum* of **rats** treated with tin chloride. 097818
Increased dietary calcium **reduces** *serum* cholesterol, triglycerides in humans. 095067
An indirect agar gel diffusion precipitation test for detecting rinderpest nonprecipitating antibody in cattle and zoological **ruminant** *sera*. 097503
Absence of antibodies to double-stranded RNA and DNA in the *sera* of **scrapie-infected** sheep and mice. 097414
Nutrition and somatomedin. I. Effect of fasting and refeeding on *serum* **somatomedin** activity and cartilage growth activity in rats. 095046
Stability of **stored** *serum* creatine phosphokinase [in veterinary medicine]. 096276
Effects of medium composition and metabilic inhibitors on glycosaminoglycan synthesis in chick embryo cartilage and its stimulation by *serum* and **tiriiodothyronine.** 096237

SESAME
Components of error in field experiments with cotton, groundnuts, kenaf and *sesame* in the **central** Sudan rainlands. I. Field and atatistical methods; increasing percision by replication and its cost. 100771
Components of error in field experiments with cotton, groundnuts, kenaf and *sesame* in the **central** Sudan rainlands. II. variation in plant measurements through the season and a discussion of surface drainage as a source of variation. 104274

Attempts to overcome interspecific incompatibility in Sesamum [indicum] by using recognition **pollen** *[Sesame].* 099065
Wet rot [Choanephora cucurbitarum] of *sesame* **seedlings** in India. 101609
Studies on floral biology in *sesame* (**Sesamum** indicum L.). 100320
Evaluation of indigenous and exotic varieties of *sesame* (**Sesamum** indicum L.) for oil and protein content. 100990

SESAMIA
Melezitase and maltase from the midgut of *Sesamia* **inferens** Walker (Lepidoptera: Insecta). 102931

SESQUITERPENES
Structure and stereochemistry of microlenin, a novel antitumour **dimeric** *sesquiterpene* lactone from Helenium microcephalum; X-ray crystal structure. 099661
Sesquiterpene **hydrocarbons** from grapes. 095984

SET
Relationship of seed number to **fruit** *set* in apple—an alternate hypothesis. 100423
Studies on **fruit** *set* in some sapota [Achras sapota] varieties in relation to intra and inter-varietal pollination. 100513
Progress on **fruit** *set* of 'Italian' prune [Culture]. 101061
Set **guns** for voles is not a matter of luck [Horticulture, pests]. 101950
Brazil, **Malaysia** *set* to gain more of oil and meal market. 094523
USDA rules redefine meat, *set* **nutrition** levels for some products. 095279
Effect of growth substances on *fruit-set* in a **partly** self-incompatible olive cultivar [Variety]. 100472
A method of pressure regulation in *solid-set* **sprinkler** systems. 103453
Mechanics of the H type cable crane composed of **two** *sets* ofendless Tyler skyline cranes [Logging equipment]. 098291

SETARIA
Studies of population differentiation in *Setaria* **grauca** L. : responses of heading to day-length and temperature and their geographical variation. 098818
Phosphoenolpyruvate carboxylase from *Setaria* **italica:** inhibition by oxalacetate and malate). 100045
A study on the biological characteristics and the high yield variety of "Yang Tsung **millet** *(Setaria* italica)". 100752
A note on the yield and composition of *Setaria* **sphacelata** [Pasture grass]. 100872

SETTLEMENTS
Planned programming: application of a method for planning an agricultural enterprise located in the *settlement* of **Luinga,** municipality of Ambaca, district of Cuanza Norte, Angola [Beans, rice and sunflowers]. 094309
Rural *settlements* and their patterns in the western Trans-Yamuna tract of Uttar Pradesh. 094107

SEVIN
Residues of [the insecticide] *sevin* and **Fozalone** in leaves and berries of grapevine. 102743
Influence of *sevin* and **rogor** on the formation of reproductive buds in apples. 100512

SEWAGE
Mycoflora of **activated** *sewage* sludge [Fungi]. 104600
Urban runoff and **combined** *sewer* overflow [Water quality management]. 104345
Correction of iron deficiency in tomatoes grown hydroponically in *sewage* **water.** 101876

SEX
Histotopics of glycosidases in the **accessory** *sex* glands of bulls. 096846
Regulation of *sexual* **agglutinability** in [the yeast] Saccharomyces cerevisiae of a and alpha types by sex-specific factors produced by their respective opposite mating types. 099927
Electroantennographic and field resonses of the pea moth, Cydia migricana, to *sex* **attractants** and related compounds. 102456
Sexual **behaviour** following castration in experienced and inexperienced male rabbits. 097075
Sex **chromatin** determination in formalin-fixed, paraffin-embedded tissues of rats. 097825
Sex **chromatin** and chromosome numbers in Lepidoptera. 102864
Sex **chromosomes** of Plagiochila praemorsa Stephani and the status of structural sex chromosomes in hepatics [Hepaticae]. 099125
Gamma irradiation of the melon fly [Dacus cucurbitae]: laboratory studies of the sterility and *sexual* **competitiveness** of treated adults. 102378
Effect of photoperiod upon age and maintenance of *sexual* **development** in female Coturnix coturnix japonica [Japanese quail]. 096510
Voluntary feed intake, growth, body composition and efficiency in the sheep: breed and *sex* **differences.** 096612
Sex **differentiation** in oil palm [Elaeis guineensis]: effects of growth regulators. 099323
Electrophysiological evidence for *sexual* **dimorphism** and synaptic convergence in the preoptic and anterior hypothalamic areas of the rat. 096524
The coloration of Papilio zalmoxis and Papilio antimachus, and the discovery of Tyndall blue in butterflies *[Sexual* **dimorphism].** 103086
Differential resource utilization by the *sexes* of **dioecious** plants [Gymnosperms and angiosperms]. 098714
Role of gibberellins in juvenility, flowering and *sex* **expression.** 099782
Modification of flowering pattern and *sex* **expression** in Carica papaya by morphactin, ethephon and TIBA [triiodobenzoic acid]. 100615
Sex **expression** and tail morphology of female progenies of smooth-tail and crenate-tail females of Pratylenchus penetrans [Nematodes, reared on alfalfa]. 101938
Regulation of sexual agglutinability in [the yeast] Saccharomyces cerevisiae of a and alpha types by *sex-specific* **factors** produced by their respective opposite mating types. 099927
Effect of size, breed and *sex* upon **feed** efficiency in beef cattle. 096779
Sex **genetics** and the pathogenicity of smut fungi [Ustilaginales]. 101467
Are there **heteromorphic** *sex* chromosomes in spinach (Spinacia oleracea L.)? 099167
Alterations in RNA and protein synthesis associated with steroid **hormone-induced** *sexual* morphogenesis in the water mold Achlya [Ambisexualis]. 099692
Biotransformation, *sex* **hormones,** and toxicity of two volatile anesthetics in mice. 097820
Equipment to aid in manual sorting of adult codling moths [Laspeyresia pomonella] by *sex* [**Horticultural** plants]. 102385
A factor in cell-free extracts **inactivating** *sexual* agglutinability of a mating type in [the yeast] Saccharomyces cerevisiae. 099917
Role of **insect** *sex* pheromone in mating behavior. I. Theoretical consideration on release and diffusion of sex pheromone in the air [Hyphantria cunea]. 102826
Sexual **maturation** and productivity of Japanese quail fed graded concentrations of mercuric chloride. 096764
Seasonal variations in nitrogen compounds during *sexual* **maturation** of the male gametophytes of Polytrichum formosum Hedw. [Muscidae]. 099597
Reproductive behaviour and physiology of Tenebrio molitor (Coleoptera: Tenebrionidae). III. Histogenetic changes in the internal genitalia, mesenteron, and cuticle during *sexual* **maturation.** 102874
Promotion of flowering in the Pinaceae by gibberellins. I. *Sexually* **mature,** non-flowering grafts of Douglas-fir [Pseudotsuga menziesii]. 100667
Isolation, fusion and multiplication of sugarcane protoplasts and comparison of *sexual* and **parasexual** hybridization. 099194
Effect of some physiological and environmental factors on the production and release of *sex* **pheromone** by the females of the rice moth, Corcyra cephalonica (Stainton). 102326
2,6-dichlorophenol, the *sex* **pheromone** of the Rocky Mountain wood tick, Dermacentor andersoni Stiles and the American dog tick, Dermacentor variabilis (Say). 102578
Role of insect sex pheromone in mating behavior. I. Theoretical consideration on release and diffusion of *sex* **pheromone** in the air [Hyphantria cunea]. 102826
Luring insects to their deaths *[Sex* **pheromones].** 102259
Sex **ratio** of offspring in domestic animals: race horses in Japan. 096976
Sex **ratios** in adult populations of codling moth (Lepidoptera: Olethreutidae) [Laspeyresia pomonella]. 102973
Investigations on radio-sensitive and radio-resistant populations of Drosophila melanogaster. VII. High relative radio resistance to the induction of *sex-linked* **recessive** lethals in stage-7 oocytes of RO 14 [irradiation]. 103056
Performance of Red X **Rock** *sex-linked* females in reverse and conventional laying cages of varying heights [Layers]. 096118
Sex and **season** of parturition in sows. 096870
Sexual **significance** [Breeding swine]. 097041
Sex and the **single** gypsy moth [Porthetria dispar] or matingdisruption for gypsy moth population manipulation. 102505
Sex chromosomes of Plagiochila praemorsa Stephani and the status of **structural** *sex* chromosomes in hepatics [Hepaticae]. 099125
Deleterious effects of copulation in Drosophila females as a function of growth **temperature** of both *sexes.* 102928
Sexual **trapping,** a new method of crop protection [Insect pest control]. 102249
Cytology of Brazilian phaneropteridae (Orthoptera-tettigonioidea): a species with neo **XY** *sex* determining mechanism. 102861

SHADE
Seedling growth of crownvetch [Coronilla varia], Ladino clover, and **alfalfa** under *shade.* 100072
Effects of **artificial** *shading* on the growth of forest trees. II. Differences in growth of Pinus densiflora seedlings during a growing season under shading. 100652
Shade **avoidance** and shade tolerance in flowering plants. II. Effects of light on the germination of species of contrasted ecology. 098865
Overcoming interspecific imcompatibility and the improvement of the capacity for interspecific crosses among **night** *shade* species [Solanum laciniatum X Solanum aviculare]. 099234
Effects of artificial shading on the growth of forest trees. II. Differences in growth of Pinus densiflora seedlings during a growing **season** under *shading.* 100652
Shade avoidance and *shade* **tolerance** in flowering plants. II. Effects of light on the germination of species of contrasted ecology. 098865
Living environment and extension of green spaces [Seed production, collection and storage for landscaping with *shade* **trees].** 101272
Living environment and extension of green spaces [Seed storage and preparation for landscaping with *shade* **trees].** 101273
Tree squirrel damage control *[Shade* **trees].** 101949

SHALE
The storage of *shale* **ash** in store houses of a silo type. 104092

SHALLOT
Synthesis and flavor evaluation of several alkylfuranones found in Allium species (onions, *shallots,* and **leeks).** 095920

SHEARING
Conductimetric investigation of [canine] erythrocyte behaviour during *shear* **flow** of concentrated suspensions through a large tube. 096523
A note on changes in ingestive behaviour of sheep **following** *shearing* [grazing at four stocking rates]. 096641
Modified *shears* help mules operation. 096121
A study of **plate** *shear* strength on plate of plywood, particleboard and hardboard with a hole. 098409
On some features of defining **soil** *shearing* resistance by the BCB apparatus. 103853

SHEATH
Photosynthetic activities of isolated **bundle** *sheath* cells in relation to differing mechanisms of C4 pathway photosynthesis. 099519
Distribution of enzymes related to C3 and C4 [carbon] pathway of photosynthesis between mesophyll and **bundle** *sheath* cells of Panicum hians and Panicum milioides. 099918
Transfusion tracheides and **mestoma** *sheath* in Barbacenioideae (Velloziaceae). 098896
Studies on the occurrence and control of *sheath* **rot** of rice caused by Acrocylindrium oryzae Sawada. 101599

SHEDS
Electrical safety at **cattle** *sheds.* 103395
Basic improvements in **cow** *sheds.* 103394
Homemade building elements [Prefabrication of **cow** *sheds].* 103396
Removal of manure and design of **cow** *sheds.* 103397
Behavior of **cows** in *sheds.* 096565

SHEEP
Amino acid and fatty acid composition of microorganisms passing into the **abomasum** of *sheep.* 096477
Attempts at disinfection of salmonellosis **abortions** in *sheep.* 097361
An electromyographic study of uterotubal **activity** in the *ewe.* 096951
Concentration of manganese in the tissues of cycling and **anestrous** *ewes.* 096889
Ranizole [an **anthelmintic]** in *sheep.* 097610
Peripheral plasma progesterone in the *ewe:* its **application** to the diagnosis of early pregnancy following oestrus synchronization treatment. 096926
Studies on the glycolipids of sheep thymus and of normal and concanavalin **A-stimulated** *sheep* peripheral lymphocytes. 096251
Sheep and **beef** on the hill. 096074
Effects of peripherally induced anosmia on the selectivity of maternal **behaviour** in the *ewe.* 096280
Partial purification and study of gamma-glutamyl transpeptidase of *sheep* **brain** cortex capillaries. 096259
Voluntary feed intake, growth, body composition and efficiency in the *sheep:* **breed** and sex differences. 096612
Positive results with *sheep* **breeding.** 096982
Sheep **breeding.** 096989
Breeding *sheep* for cold resistance. 097022
Results in the intensification of *sheep* **breeding** and production [East Germany]. 097055
The common diarrhoeas of *sheep* in **Britain** [Colibacillosis and lamb dysentery]. 097666
Pole house for *sheep*—**build** it yourself. 103326
The excretion of phylloerythrin and bilirubin by **calves** and *sheep.* 096543
Comparison of three parameters about relationships between milk and growth of lambs of the *Merino* **campinesa** breed. 096218
Action of sympathetic nerves on inner and outer muscle of *sheep* **carotid** artery, and effect of pressure on nerve distribution. 096464
Agricultural activity on the Falkland Islands [Pasture management, *sheep* and **cattle** industry]. 096070
Characterization of Streptococcus bovis bacteriophages [in the rumen of *sheep* and **cattle].** 096290
Degradation and secretion of anthelminthic 131I [iodine isotope]-rafoxanide in **cattle** and *sheep.* 097235
Investigations of the host specificity of gastro-intestinal nematodes of roe deer, *sheep,* and **cattle.** 097344

Control of internal parasites of *sheep* and **cattle.** 097586
Aggregation and anticomplementary activity of an antigen used in the complement fixation test for Johne's disease [Mycobacterium johnei, in **cattle** and *sheep].* 097596
Some genetic defects in British livestock and their *control[Sheep,* **cattle].** 097760
Blindness and encephalopathy caused by Helichrysum argyrosphaerum DC. (Compositae) in *sheep* and **cattle.** 097836
The pregnant mouse as a model of abortive **chlamydiosis** of *sheep.* 097279
Dynamic studies of prostaglandin F-2alpha in the utero-ovarian **circulation** of the *sheep.* 096953
Effect of rotary-drum-drier exit temperature and length of pre-drying storage time on digestibility of dried grass **cobs** *[Sheep].* 096701
Seasonal changes in the plasma retinol-binding holoprotein **concentration** of *sheep.* 096270
Relationship between digestibility and faecal nitrogen in *sheep* and **cows** offered herbage ad libitum. 096703
A comparison of some serological tests [from cattle, *sheep* and **deer**] for bluetongue virus infection. 097285
Influence of ruminant ration composition on **digestibility** *[Sheep].* 096365
Trials with morantel tartrate in the treatment of *sheep* **digestive** strongylosis in tropical area. 097614
Insulin and jejunal electrical activity in **dogs** and *sheep.* 096182
Enzymatic activity of fetal digestive organs and placenta in wild sheep of Turkmenia [compared to **domestic** *sheep].* 096579
Gain in weight of the musculature of wild sheep during the fetal period [compared to **domestic** *sheep].* 096581
Growth of heart, lungs and kidneys in the wild relatives of **domestic** *sheep.* 096583
Chromosomes, hemoglobins, and transferrins of Iranian **domestic** *sheep.* 096946
Origin and significance of centric fusions in **domestic** *sheep* [New Zealand Romney March, Drysdale, Perendale]. 096948
Morphological changes in ovaries of the mufflon (Ovis ammoncycloceros) during gestation [compared to **domestic** *sheep].* 097063
On the helminth fauna of the moufflon (Ovis aries musimon) compared with those of **domestic** *sheep* (Ovis aries dom.) and deer (Capreolus capreolus, Cervus elaphus) in the Netherlands. 097346
When **eastern** *Merinos* do not advance [Sheep, pasture, stocking rate]. 096095
Lung lymph and free interstitial fluid protein composition in *sheep* with **edema.** 097682
The preleptotene chromosome condensation and decondensation in the ovary of the *sheep* **embryo.** 096864
Metabolism of [4-14C] [carbon isotope] estrone by *sheep* **erythrocytes** around the time of parturition. 096284
Pregnancy diagnosis in *ewes* using **etological** reaction to estrogens and abortive activity of dioxy-diethyl-stilbestrol and estradiol benzoate. 096869
A model of the effect of nutrition on litter size and weight in the pregnant **ewe** *[Sheep].* 096610
Fertility of *Merino* **ewes.** 1. The effect of ram-ewe ratio and paddock size. 2. Ram-seeking activity and the duration of heat. 096997
Pathology of goats and *sheep* **experimentally** infected with Mycoplasma mycoides var. capri. 097454
28Mg [magnesium isotope] kinetics in *ewes* **fed** normal or tetany prone grass. 096672
Inhibition of tonic secretion of luteinizing hormone by progesterone in immature **female** *sheep.* 096330
Productive low oestrogen sub clover pastures in the southern wheatbelt [on *sheep* **fertility,** subterranean clover cultivars]. 100695
The composition of ruminal and abomasal fluid from catheterised **fetal** *sheep* during the last 50 days of pregnancy. 097030
Plasma thyroxine concentrations in *ewes* and their **fetuses** during the last six weeks of pregnancy. 097029
A note on changes in ingestive behaviour of *sheep* **following** shearing [grazing at four stocking rates]. 096641
Oestrous activity and lambing rates in *ewes* **following** varying periods of association with vasectomized rams prior to the commencement of the mating period. 096853
Increase in ovulation rate in *sheep* **following** administration of an LHRH [luteinizing hormone-releasing hormone] analogue. 096881
The synchronization of oestrus and subsequent fertility in *ewes* **following** treatment with a synthetic prostaglandin analogue (ONO 453). 097019
Ultrastructural localization of magnesium and calcium ions of active adenosine triphosphatase in spinal ganglion of *sheep* and **goats.** 096148
Studies on the ruminal concentration of total volatile fatty acids (VFA's) and ther molar proportions in African cattle, *sheep* and **goats.** 096478
The investigation of cholinesterase localisation in mammary glands of **goats** and *sheep.* 096592
Chlamydiosis of ruminants (cattle, *sheep,* **goats).** Experimental studies. I. Preparation of concentrated purified Chlamydia angigens. 097276
Pulmonary schistosomiasis in *sheep* and **goats** due to Schistosoma indicum in India. 097400
Incidence in Tanzania of CF antibody to Coxiella burneti in sera from man, cattle, *sheep,* **goats** and game. 097664
Patho-anatomical studies of meningo-leuco-encephalitis in maedi [pulmonary adenomatosis] of *sheep* and **goats.** 097725
Feeding value of silage: silages made from freshly cut grass, wilted grass and formic acid treated wilted **grass** *[Sheep].* 096718
Sheep **handling** without tears [Portable handling equipment]. 096075
Purification and structure of *sheep* **haptoglobin.** 096356
Indigenous *sheep* of Malaysia. 096994
Eperythrozoon **infection** in *sheep.* 097589
Cervical mucus changes in **infertile** *ewes* previously exposed to oestrogenic subterranean clover. 097028
Plasma and organ counts of 3H in normal or immune mice and *sheep* **injected** with 3H-epsilon-dinitrophenyl-lysine. 097604
Androgen induction of **intersexuality** in *sheep.* 097045
Rates of production of methane in the rumen and large **intestine** of *sheep.* 096269
Anatomic and topographic patterns of development of the cutaneous covering of *sheep* during **intrauterine** life. 096573
Fertilisers for North **Island** *sheep* and cattle farms. 104119
Effect of 2, 4, 5-trichlorophenoxyacetic acid on the **karyotype** of the *sheep.* 096219
Mammalian toxicity of helenalin, the toxic principle of Helenium microcephalum DC (smallhead sneezeweed) *[Sheep,* **laboratory** animals]. 097779
Isolation and characteristics of mRNPs [Messenger Ribonucleoprotein particles] associated with bound polyribosomes from the *ewe* **lactating** mammary gland. 096258
Raising Romney *[sheep]* **lambing** percentages. 096998
Age-dependent mechanical and biochemical responses to glucagon *[Sheep,* **lambs].** 096177
Livestock health *[Sheep,* **lambs,** cattle]. 097091
Economic effectiveness of using anthelmintics against the chronic form of liver fluke [Fasciola hepatica] in *sheep* **[Losses,** costs, returns]. 097439
Permeability of ovarian follicles to electron-dense **macromolecules** *[Sheep].* 096843
Studies on calcium and magnesium metabolism in ruminants. I. Effects of calcium carbonate or sodium oxalate on the absorption and excretion of calcium and **magnesium** in *ewes.* 096457
Ruminant immunology: The selection of healthier cattle and *sheep* by **measuring** their immune response [Antibodies]. 097593
Thomas Jefferson: the sheepman [**Merino** *sheep].* 096105
Fertility of **Merino** *ewes.* 1. The effect of ram-ewe ratio and paddock size. 2. Ram-seeking activity and the duration of heat. 096997
Phenotypic and genotypic parameters of fleece weight of Mutton **Merino** *sheep* at different ages. 097085
The effects of selenium on the metabolism of **methionine** in *sheep.* 096299
Composition of *ewe's* **milk.** 095580
Casein studies in *ewe's* **milk.** IV. Determination of the chemical and physicochemical characteristics of gamma-casein. 095673
Simulation of growth and production in *sheep*—**model** 1: A computer program to estimate energy and nitrogen utilisation, body composition and empty liveweight change, day by day forsheep of any age. 096611
Periarteritis in experimental Border disease of *sheep.* II. **Morphology** and histochemistry of the lesion. 097399
Phenotypic and genotypic parameters of fleece weight of **Mutton** *Merino* sheep at different ages. 097085
National *sheep* grazing competition [East Germany]. 096135
Cardiopulmonary effects of mechanical distension of the rumen in **nonanesthetized** *sheep.* 096189
Effect of paratypic conditions on the anlage and development of wool density in the **ontogeny** of *sheep.* 096574
Optimum *ram/ewe* ratios. 097016
Features of follicular development in swine and *sheep* **ovaries** during gestation. 097062
The influence of prostaglandin F-2alpha on pregnenolone metabolism by the autotransplanted **ovary** of the *ewe.* 096966
When eastern Merinos do not advance *[Sheep,* **pasture,** stocking rate]. 096095
Growth in *sheep.* **Pre-** and post-weaning hormone changes and muscle and liver development. 096418
Current studies on hydatid disease in Utah [Dogs and *sheep* are the **predominant** hosts in the pastoral cycle]. 097560
A model of the effect of nutrition on litter size and weight in the **pregnant** *ewe* [Sheep]. 096610
Plasma insulin and growth hormone concentrations in **pregnant** *sheep.* I. Diurnal variations in mid and late pregnancy. 096844
Plasma insulin and growth hormone concentrations in **pregnant** *sheep.* II. Post-absorptive levels in mid and late pregnancy. 096845
An additive effect of cold exposure and hypoxia on pulmonary artery **pressure** in *sheep.* 096539
Characteristics of *sheep* **production** in the western United States. 094658
Sheep **production** and marketing. 096119
Digestion in steers, *sheep,* and **rabbits** as measures of clover nutritive value. 096618
Comparison of body weights of Gaddi, Poonchi and their crosses with **Rambouillet** *[Sheep].* 096411
Fertility of Merino ewes. 1. The effect of *ram-ewe* **ratio** and paddock size. 2. Ram-seeking activity and the duration of heat. 096997
Effectiveness of the use of industrially produced mixed feeds in *sheep* **rations.** 096694
Embryotoxic and antimitotic properties of parbendazole, mebendazole and cambendazole [Anthelmintics, *sheep,* **rats,** mice]. 097797
Cost of **rearing** *sheep* and goats under migratory and stationary conditions. 094411
Time for planning **replacements** *[Sheep].* 094284
Chemical composition of microbial matter in the **rumen** *[Sheep].* 096472
Manipulation of fermentation in the **rumen** *[Sheep].* 096473
Absence of antibodies to double-stranded RNA and DNA in the sera of **scrapie-infected** *sheep* and mice. 097414
Thomas Jefferson: the sheepman *[Merino* **sheep].** 096105
Evolutionary and morphological indices of the cutaneous covering of *sheep* and their use in selection. 097061
Induction of parturition in *ewes* with a **single** injection of oestradol benzoate. 097046
Development of the *sheep* **species.** Contribution of testing, insemination and freezing to genetics and research. 096835
ABRO [Animal Breeding Research Organization] farms—Rhydyglafes. The potential for improvement of hill land [Pasture management, *sheep* **stocking].** 100956
The site of mangesium absorption from the ruminant **stomach** *[Sheep].* 096272
Embryonic skin development and blood **supply** in *sheep.* 096578
Adrenal medulla gangliosides. A comparative study of some mammals [Horse, ox, *sheep,* **swine].** 096315
Lipolytic activity of the liver in *sheep* and **swine** fetuses and newborns [Lipid metabolism]. 096585
Diffusion and distribution of Sarcosporidia in slaughtered animals in Sardinia [Cattle, *sheep,* **swine,** horses, donkeys]. 097313
Duration of the lambing season and maternal behaviour in oestrous **synchronized** *ewes* lambed indoors. 096925
Artificial insemination of *sheep:* **technical** and organisational aspects. 096923
A note on the localization of alkaline phosphatase in **thirty-day-old** *sheep* foetuses. 096408
Studies on the glycolipids of *sheep* **thymus** and of normal and concanavalin A-stimulated sheep peripheral lymphocytes. 096251
Serum calcium fractions in *sheep* **treated** with Solanum malacoxylon. 097853
Nucleic acid sequence relationships among "slow" **viruses** of *sheep.* 097671
A comparative study of the histogenesis of placenta in **wild** *sheep* (Ovis ammon cycloceros L.) and the domestic Romanov breed. 096572
Enzymatic activity of fetal digestive organs and placenta in **wild** *sheep* of Turkmenia [compared to domestic sheep]. 096579
Gain in weight of the musculature of **wild** *sheep* during the fetal period [compared to domestic sheep]. 096581
Deferred grazing of Mediterranean annual pasture for increased **winter** *sheep* production [Computer simulation]. 100701
Development of *sheep* selection since twenty **years.** 096836

SHELF

Bacterial, *shelf* **life,** and consumer acceptance characteristics of chopped beef. 095366

SHELL

Technologic equipment for the management of laying hens effects favourably the share of **eggs** with **damaged** *shell* [Poultry, housing]. 096100
Egg *shell* damage in retail channels. 094898
Ultrasonic measurement of **egg** *shell* thickness. 095748
A study of the effects of 25 hydroxycholecalciferol and calcium source on **egg** *shell* quality. 096747
Histopathologic alterations in *shell* **gland** accompanying DDT-induced thinning of eggshell [Ducks]. 102684
Handling and storage of blue **mussels** in *shell.* 095509
Relationships of egg specific gravity and *shell* **thickness** to quasi-static compression tests. 095745

SHELLFISH

Financial implications of waste management systems for *shellfish* **processing.** 104637

SHELTER

Summary of tree varieties suitable for *shelter* **belts.** 098174
Action needed to discourage removal of trees [windbreaks] that *shelter* **cropland** in the Great Plains. 097905
Shelter **seeking** and sucking behaviour of the red deer calf (Cervus elaphus) in a farmed situation. 096206

SHELTERBELT

Introduction of the problems **[concerning** *shelterbelts* in the Great Plains, soil erosion]. 097912

Fog as a vehicle for dispersal of a microbial insecticide [the entomogenous bacterium Bacillus thuringiensis] in *shelterbelts* [to **control** Paleacrita vernata and Alsophila pometaria in Ulmus pumila]. 102499
Growth of birch [Betula] in **field** *shelterbelts* in the forest-steppe in the part of the Ukraine located to the west from the Dnieper River. 097895
Effect of **forest** *shelterbelts* of fields on the yield of sugarbeets in conditions of irrigation. 097893
Effect of **forest** *shelterbelts* with different [tree] species composition on the yield of farm crops. 097894
Protective effect of **forest** *shelterbelts* in southern Ukraine in years of severe winters. 097898
The problem of designing and economic evaluation of the **forest** *shelterbelts* of fields. 097900
Total water discharge by **forest** *shelterbelts* of various structure in the southern steppe of the Ukraine. 097901
Current legislation relating to Great **Plains** *shelterbelts*. 094768
Extension educational programs on windbreaks and *shelterbelts* in the Great **Plains** States. 097908
Shelterbelts on the Great **Plains:** proceedings of the symposium, Denver, Colorado April 20-22, 1976. 097916
Protection of Great **Plains** *shelterbelts* from insects. 102503
Nursery production potential [for *shelterbelt* **planting**]. 098117
Shelterbelt **renovation** in the Great Plains [Conifers, planting]. 098120
State experiment station programs [for *shelterbelt* **research**]. 097917
Growth of Japanese cedar (Cryptomeria japonica Don.) in **windbreaking** *shelterbelts* in the Colchis Lowland. 098055
Chemical and mechanical maintenance [Control of weeds in young **windbreaks** and *shelterbelts]*. 102180

SHERRIES
Production of *sherry* in **IAloveny** Experimental Production Enterprise. 095963
Aroma of *sherry* **wines.** 095884

SHIGELLA
Body temperature of fowls induced by intracerebroventricular infusion of TAB [typhus and paratyphus A and B] vaccine and O somatic antigen of *Shigella* **dysenteriae.** 097213

SHIPPING
Bovine respiratory disease (BRD) *(shipping* **fever** complex). 097868
Resistance of the *ship* **rat,** Rattus rattus L. To warfarin [Stored foods; pest control]. 095488

SHOCK
Loss of acrosin from bovine spermatozoa following **cold** *shock:* protective effects of seminal plasma. 096895
Role of platelets in the pathogenesis of canine **endotoxin** *shock*. 097382
Polygalacturonic acid trans-eliminase in the **osmotic** *shock* fluid of Erwinia rubrifaciens: characterization of the purified enzyme and its effect on plant cells. 101694
Effects of **temperature** *shocks,* hydration and leaching on the subsequent germination of uredospores of Puccinia striiformis [Fungi]. 100026

SHOES
Mosaic [virus] disease of **Chinese** *shoe* flower (Hibiscus rosa-sinensis L.). 101823

SHOOT
Studies on the constituents of the **annual** *shoots* of Larix leptolepis Gordon. II. Abscisic acid in the dormant period. 100654
Shoot **apex** organization and origin of the rhizome-borne roots and their associated gaps in Dennstaedtia cicutaria. 098876
Duration of the cell cycles in the *shoot* **apex** and in the axillary buds of Pisum sativum L. [Peas]. 098919
The *shoot* **apex** [Cell division, leaf initiation]. 098991
Determination and differentiation of the procambium in the *shoot* **apex** of Clematis vitalba L. (Ranunculaceae). 099024
Shoot **apex** organisation and leaf development in Ricinus communis L. 099028
Gibberellic and abscisic acid-like substances and the regulation of **apple** *shoot* extension. 100478
Influences of certain plant factors on the growth and fruiting of the lower **axillary** *shoot* of Lycopersicon esculentum Mill [Tomatoes]. 100355
Significant relationships in the analysis of *root-shoot* **equilibria.** 099495
Effect of N-phenyl-N'-(4-pyridyl) urea on *shoot* **formation** in tobacco pith disk and callus cultured in vitro. 100271
Observations on feathers [axillary buds of the *shoot]* **formation** in peach trees. 3rd contribution. 100563
Study of the morpho-physiology of the grapevine. III. Dynamics of growth of individual morphological structures of **grape** *shoots* relative to the onset and course of the cycle of organogenesis. 098979
Role of gibberellins in root and *shoot* **growth.** 099781
Morphological changes and factors **influencing** *shoot* apex development of Lilium longiflorum Thumb. during forcing. 100480
Shoot **morphology** of a one-year oak tree [Quercus] and leaf anatomy of Betula pendula Roth. in regions of Karaganda and Leningrad. 099054
Growth peculiarities of **plum** *shoots* in the foothill region of Crimea. 100388
Dynamics of growth of *shoots* and **ripening** of grapes in separate stages of ontogeny. 100428
Shoot and **root** activities during steady-state plant growth [Wheat]. 100096
Studies on the nitrogen metabolism in Satsuma mandarin orange trees. IV. Movements of proline in the leaves concurrent with the sprouting of **spring** *shoots* and their early growth. 100396
Callus initiation and organ differentiation from *shoot* **tip** cultures of Colocasia esculenta [Taro]. 099021
Changes in gibberellic actvity of **twining** *shoots* of Ipomoeapurpurea related to the circumnutation movement. 099606

SHOREA
Experiment on drying schedules of imported wood. I. Red **meranti** *(Shorea* spp.). 2. Ramin (Gonystylus spp.). 098194

SHORTENING
Studies on *shortening* of the **estrous** cycle in 4-day cyclic mice. V. Occurrence of 3-day estrous cycle after the single injection of estradiol. 096977
Malaria eradication and control from a global standpoint [by *shortening* the **life** of the Anopheles vector]. 102584

SHORTGRASS
Responses of Opuntia polyacantha to water and nitrogen perturbations in the *shortgrass* **prairie.** 102109

SHOULDER
Rapid processing of **cattle** *shoulders* for smooth, crimped and stamped [leathers]. 095685

SHRIMPS
Gulf *shrimp* canning plant wastewater processing. 104612

SHRINKAGE
Shrinkage of **guard** cell chloroplasts in relation to stomatal opening in Commelina benghalensis L. 099494
The tension/length relationship of an insect (Calliphora erythrocephala) *supercontracting* **muscle.** 102941

SHRUB
Residential traffic noise control using *tree-shrub-barrier* **combinations** [Windbreaks]. 104622
Contribution to the study of Musci vegetation of some formations of **Corsican** *shrubs.* 098690
Studies on the noise reduction by plants. I. Experimental tests of traffic noise and noise attenuation **effects** on *shrubs.* 104539
Control of insect and mite pests of ornamental trees, *shrubs,* and **lawns** for home owners. 102396
Insects affecting important **native** *shrubs* of the northwestern United States. 102521
The living environment and the extension of the green covering [Trees, *shrubs,* **propagation** by cuttings]. 101275
Results of testing some forest tree and *shrub* **species** in the zone of southern Chernozems. 098105
Soil water extraction by, and growth of, multi-row windbreaks [Tree and *shrub* **species].** 104216
Tree and *shrub* **species** for [soil, water and wildlife] conservation use in the northern Great Plains. 104217
Seasonal dynamics of **tall** *shrubs* in northeastern Minnesota: biomass and nutrient element changes. 100638
How to transplant [ornamental] **trees** and *shrubs.* 101113
Toxicity of insecticides for the caterpillars of the beet webworm [Loxostege sticticalis, pest of various crops, **trees** and *shrubs].* 102250

SHUNT
The effect of vitamin D3 on lanthanum absorption: suggestive evidence for a *shunt* **path** [Chicks]. 096387
The feline **urethral** *shunt* technique [Surgery]. 097151

SICKLEPOD
Sicklepod **[Cassia** obtusifolia] in the southeast [Soybeans]. 102213

SIDERITIS
Macaronesian species of the **genus** *Sideritis* L. 098515

SIEROZEM
Effectiveness of herbicides in the control of weeds in cotton plantings in relation to the level of applied nitrogen on *soddy-sierozem* **soils** in the Samarkand Region. 102198
Agrochemical characteristic of dryland **typical** *Sierozems* ofvarious levels of erodibility. 103842

SIEVE
The fine structure of *sieve* **elements** of Nereocystis lutkeana. 098877
Evidence for the presence of *sieve* **elements** in the vascularised gaemtophytes of Psilotum from Holloway's collections. 099017

SIGNALS
The spectrum of the **calling** *signals,* phonotaxis, and the auditory system in the cricket Gryllus bimaculatus. 102977
Black **layer** *signals* maturity [Maize, sorghum]. 100181
Frequency following response to the cat cochlear nuclei to multicomponent **sound** *signals.* 096455
Production of **temperature** *signal* in the peripherally denervated spinal cord of the dog. 096351

SILAGE
Performance of dairy cattle on wilted formic **acid** *silages.* 096708
A note on the pH [hydrogen-ion **concentration]** of *silages.* 096011
Conservation of green crops for dairy **cows.** III. *[Silage].* 096654
Studies on chemical quality and feeding value of Italian ryegrass [Lolium multiflorum] silage. I. Influence of growth stage of Italian ryegrass on fermentative quality and and feeding value of *silage* **[Dairy** cattle]. 095999
Forage properties of the *silage* made from **Dneprovskii** 320 MV maize hybrid. 095996
Preservation of coarse **feed** by *ensilaging.* 096030
Ensilage and **feeding** [Cattle]. 096003
The effect of formalin and lower volatile fatty acids on *silage* **fermentation.** 096018
Use of **fish** *silage* in swine feeding. 096817
Feeding value of silage: *silages* made from **freshly** cut grass, wilted grass and formic acid treated wilted grass [Sheep]. 096718
Effect of the chopping length of **grass** *silage* on voluntary intake by dairy cows. 096782
Ensilaging **green** feeds for minks. 096063
Ensilaging **green** feeds for minks. 096064
Studies on chemical quality and feeding value of Italian ryegrass [Lolium multiflorum] *silage.* I. **Influence** of growth stage of Italian ryegrass on fermentative quality and and feeding value of silage [Dairy cattle]. 095999
Preserving properties of urea in **maize** *silage* production. 096023
The effect of nitrogen, phosphorus and potassium fertilizers on the yield and quality of **maize** *silage.* 103931
Observations on the incidence of Ketosis and puerperal neurosis in cattle, related to feeding corn (forage or *silage)* **[Metabolic** diseases]. 097715
Single and split application of fertilizers in maize for *silage* on **ordinary** Chernozems. 100231
Yield [of **perennial** *silage* crops] depends on the number of cuttings in te previous year. 100902
Giant reed (Arundo donax L.) as a *forage-silage* **plant.** 100980
Transformation of sugars and amino acids during the chemical preservation of meadow **plants** *[Silage].* 096024
Nutritive value of **potato-based** *silages* for dairy bulls. 096707
Heat steals **protein** from *silage.* 096000
Silage **qualification** by gas chromatography of volatile fatty acids. 096794
[Fungus and bacterial] diseases of forage legumes, *silage* and **root** crops. 101359
Ways to better *silage.* 095995
Trends in *silage* making. 096051
Feeding value of *silage:* **silages** made from freshly cut grass, wilted grass and formic acid treated wilted grass [Sheep]. 096718
Quality forages from tower **silos** *[Ensiling].* 096043
The effect of formic acid on the fermentation of ryegrass [Lolium] *ensiled* at different **stages** of growth and dry matter levels. 096014
Use of sugarbeet top *silage* in **swine** feeding. 096818

SILICA
Some bitter peptides from rennet-treated casein. A method for their purification, utilizing chromatographic separation on *silica* **gel.** 095637
Planktonic diatoms and *silica* in **Loch** Leven, Kinross, Scotland: a one month silica budget [Algae]. 099725

SILICON
Studies on the optimum conditions of extraction of *silicon* **species** from plants with water. III. On the stability of silicon species in extracts from Equisetum arvense Herb. 099940

SILICONE
The application of *silicone* **oil** sprays as antitranspirants for ornamental plants. 100363

SILK
A chemical trail from the *silk* of the **eastern** tent caterpillar Malacosoma americanum (Lepidoptera: Lasiocampidae). 102963
Studies on the exfoliation of *silk* **fibers.** 5. On the relation between the falling of dye and swelling in the exfoliation defect panels. 095510
Studies on the growth of the silkworm, Bombyx mori L. V. Racial differences of the relative increase in body weight and *silk* **gland** weight in the fifth instar larvae. 103280

Host-parasite relationship. 1. Alkaline and acid phosphatase distribution in the *silk* **glands** of parasitized larvae of the rice moth Corcyra cephalonica (Lepidoptera: Pyralidae) [Biological control]. 102302
The survey on the insect fauna in filature factories [Anthrenus verbasci, Attagenus piceus, Dermestes ater, *silk* **pests**]. 102542
Ultrastructural changes of the **posterior** *silk* gland cells in the early larval instars of the silkworm, Bombyx mori. 103249
The *silk* **producing** moths [Bombyx mori] in Indonesia. 103233
Studies on the testing methods for physical properties of **raw** *silk*. 1. On the measuring conditions and instruments for tenacity and elongation of raw silk. 095511
Studies on the testing methods for physical properties of **raw** *silk*. 2. On the measuring conditions for elastic properties of raw silk. 095512
Studies on the chemical testing method for the special processing **raw** *silk*. 1. On the properties of raw silk grafted with methylmethacrylate and styrene. 095513
Studies on the relations between the evenness variations of **raw** *silk* and the quality of the fabrics. IV. The relationship between the grade of uneven filling and the variation of. 095514
Studies on the ralations between the evenness variations of **raw** *silk* and the quality of the fabrics. V. On the evaluation of the evenness variations of raw silk detected by the evenness tester. 095515
Studies on the relations between elongation of **raw** *silk* and properties of fabrics. IV. Relation between the raw silk ofdifferent elongation depending on the part of cocoon layer and the quality of fabrics. 095516
Studies on the care and storage of **raw** *silk*. 5. On the preventive effect of the outer packaging of corrugated fiberboard box on the dewfall phenomenon. 095517
An approach to synthesis of sericin model poly-alpha-amino acid **[Raw** *silk]*. 095529
On the fluctuation of results through the iteration of the cleanness and neatness test for **raw** *silk* [Grading]. 096122

SILKMOTHS
Messenger RNA synthesis, transport, and storage in *silkmoth* **[Actias** luna and Antheraea polyphemus] ovarian follicles. 102906
Messenger ribonucleoprotein particles in *silkmoth* **oogenesis.** 102905

SILKWORM
Studies on silkworm [Bombyx mori] selection by use of anesthetic. 1. The effect of *silkworm* **analysis** through anesthesia. 103283
Diapause hormone B: its selective extraction and isolation from the *silkworm,* **Bombyx** mori. 103207
Dependence of the fecundity of *silkworm* **[Bombyx** mori] from the quality of the forage. 103242
Productivity of *silkworm* **[Bombyx** mori] fed with leaves of different varieties and forms of mulberry [Morus]. 103243
Guanosine 3':5'-monophosphate-dependent protein kinase from *silkworm* **[Bombyx** mori], properties of a catalytic fragment obtained by limited proteolysis. 103246
Ultrastructural changes of embryonic cells during organogenesis in the *silkworm,* **Bombyx** mori. I. The gonad. 103247
Ultrastructural changes of the posterior silk gland cells in the early larval instars of the *silkworm,* **Bombyx** mori. 103249
Studies on the growth of the *silkworm,* **Bombyx** mori L. V. Racial differences of the relative increase in body weight and silk gland weight in the fifth instar larvae. 103280
Studies on *silkworm* **[Bombyx** mori] selection by use of anesthetic. 1. The effect of silkworm analysis through anesthesia. 103283
Development of heating and ventilation equipment for premises for **breeding** *silkworms* [Bombyx mori]. 103366
Acquisition of the envelope of nuclear polyhedrosis viruses in the Chinese oak silkworm, Antheraea pernyi Guer-Min, and the Japanese **giant** *silkworm,* Dictyoploca japonica Butler. 103222
Growth of **young** *silkworm* caterpillars feeding on the leaves of the Chinese elms Ulmus pumila L. and Ulmus parvifolia Jacq. 103253

SILOS
Using finite elements to **analyze** *silo* pressure. 103324
Figure your *silo* **feed** losses. 094387
The unloading of **haylage** from a *silo.* 094277
The energy supply of **metal** *silos.* 103336
Storage of dried and pelleted [sugar]beet **pulp** in *silos.* 095854
Much risk involved in *silo* **storage** [Safety]. 103348
Quality forages from **tower** *silos* [Ensiling]. 096043
The filling of **tower** *silos* with grass [Equipment]. 103485
The storage of shale ash in store houses of a *silo* **type.** 104092

SILT
Economic evaluation of soybean response to nitrogen on **Calloway** *silt* loam soil [Costs, returns]. 094379

SILVA
Agar from cultured Gracilaria edulis (Gmel.) *Silva* **[Algae].** 099574

SILVER
1976 **IFMA** *Silver* Plate Awards: meet Frances McGlone, R.D. 095259
Anilin blue and *silver* **nitrate** for staining developing insect nerve tissue. 103106

SILVERFISH
A novel method for the quantitative extraction of juvenile hormones from insects including the *silverfish,* **Thermobia** domestica. 102990

SILVICIDES
Application of *silvicides* in **forest** shelterbelts growing on arid steppes. 102158
Up-to-date possibilities of improving the chemical method of forest care **[Herbicides,** *silvicides].* 102190

SILVICULTURE
The forest border as a landscape component—its structure, functions, preservation and development by means of *silviculture* **[Conservation,** recreation]. 098067
New zonal drying out of steppe forest plantings in th Ukraine and *silviculture* **control** measures. 097897
Growing spruce on Pseudogley soils in the Saxon hill **country** *[Silviculture].* 098176
Impact of manipulating wood properties by **genetics** and *silviculture.* 098129
What wood properties can be modified by *silviculture* and **genetics?** 098132
Nutrient cycling in the slash pine [Pinus elliottii] ecosystem: *silvicultural* **implication.** 098131
Nutrient cycling in the Douglas-fir [Pseudotsuga menziesii menziesii] type: *silvicultural* **implications.** 098130
Silviculture in **Nord-Trondelag,** 1975. 098002
Tree varieties and their **roles** in *silviculture.* 098100
Silviculture in the **rural** extension program [Angola]. 098134

SILYBUM
Investigation of the oil from *Silybum* **marianum** (L.) Gaertn. Fruits. 099734

SIMAZINE
Effect of *simazine* and **atrazine** [herbicides] on maize and their residual effects on succeeding rabi crops. 102117
Effect of *simazine* and **complete** fertilizer on the yield and quality of raspberries. 102141
Decomposition of the **herbicide** *simazine* in cultures of algae [Chlorella vulgaris, Chloridella simplex, Anabaena variabilis, Phormidium foveolarium]. 102159
Application of *simazine* in the **plantings** of black currants. 102131
About the *simazine* **residues** in the soil of the Tikhvin Forest Nursery. 102770

SIMMENTAL
Milk production of the *Simmental* **cow** with its first calf. 096076

SIMPLEX
Determination of bacterial cholinesterase activity on solid nutrient media [Soils, **Arthobacter** *simplex* cholinesterasus]. 103798
Decomposition of the herbicide simazine in cultures of algae [Chlorella vulgaris, **Chloridella** *simplex,* Anabaena variabilis, Phormidium foveolarium]. 102159
Utilization of *simplex-latticed* **planning** in studying strength properties of soils and grounds. 103844
Veronaea *simplex* from India. 098600

SIMULATION
A *simulation* **analysis** of a reserve stock management policy for feed grains and wheat. 094321
A *simulation* **analysis** of alternative target price and loan rate combinations. 094439
A **bioeconomic** *simulation* analysis of regulating groundwater irrigation [Tax, income]. 104252
A sequential model of the farm firm growth process [Beef, **computer** *simulation].* 094663
Deferred grazing of Mediterranean annual pasture for increased winter sheep production **[Computer** *simulation].* 100701
Progress in *simulation* of **contaminant** transport in porous media [in water resources]. 104619
Correlation of gas chromatographic profiles and organoleptic scores of different fats and oils after *simulated* **deep** fat frying. 095463
Response of yellow-poplar [Liriodendron tulipifera] seedlings to *simulated* **drought** [Stress]. 102053
CORNMOD [a mathematical model] a **dynamic** *simulator* of corn production. 100700
Land-use change and the water balance—an example of an **evapotranspiration** *simulation* model. 104341
Quality of iceberg lettuce in film overwraps during *simulated* **export** [Salability]. 094486
A *simulation* **game** teaching aid for rural development. 094110
Simulation of **growth** and production in sheep—model 1: A computer program to estimate energy and nitrogen utilisation, body composition and empty liveweight change, day by day forsheep of any age. 096611
A grazing **lands** *simulation* model. 100783
Decomposition of natural and *simulated* **litter** in Oakville Prairie. 098797
Development of a *computer-simulation* **model** for a plant-nematode system [Meloidogyne-grapevine system]. 101928
Simulation **models** for genetic control alternatives [for insect populations]. 102242
Evaluation of a model for *simulating* **monthly** water yields from small watersheds. 104404
Erodibility of selected Hawaii soils by **rainfall** *simulation.* 104166
Simulation of **soil** water-crop yield systems: the potential for economic analysis [to evaluate alternative irrigation strategies]. 094330
Application of *systems-simulation* in the **Venezuelan** cattle industry [International cooperation, policies]. 094660

SIMULIIDAE
Laboratory and field experiments with methoxychlor as a larvicide for *Simuliidae* **(Diptera)** [Pesticide residues]. 102685
Testing the susceptibility of Simulium damnosum (Diptera: *Simuliidae)* to **insecticides** in the laboratory and in the field. 102558

SIMULIUM
Testing the susceptibility of *Simulium* **damnosum** (Diptera: Simuliidae) to insecticides in the laboratory and in the field. 102558

SINALOA
A new species of Chrysactinia [lehtoae] (Compositae: Tageteae) from *Sinaloa,* **Mexico.** 098648

SINAPIS
The influence of chlorocholine chloride (CCC) on the growth and leaf pigment content of Phaseolus vulgaris L. [Kidney beans, mustard] and *Sinapis* **alba** L. 100364
Occurrence and causes of seed discoloration in commercial seed lots of white **mustard** *(Sinapis* alba) [Alternaria tenuis]. 101309
Trends in the breeding and cultivation of cruciferous crops [Brassica, **Raphanus,** *Sinapis].* 099306

SINUS
Fine structure of baroreceptor terminals in the **carotid** *sinus* of guinea pigs and mice. 096304
Neoplasms of the nasal passages and **paranasal** *sinuses* in domesticated animals as reported by 13 veterinary colleges. 097684

SIPHONAPTERA
Description of the third-instar larva of Monopsyllus wagneri (Baker) *(Siphonaptera:* **Ceratophyllidae).** 103174

SIRE
Estimation of *sire's* **breeding** value. V. Derivations of variance-covariance matrices of a solution of normal equations of a mixed linear model subject to selection bias. 097077
Estimation of *sire's* **breeding** value. VI. Different linear prediction methods discussed in the context of the breeding structure of the population. 097078
Studies on the effect of calving age, calving month and herd level on the first lactation yield [Dairy **cattle** *sire* evaluation]. 096984
Field trial of boars from the ABRO [Animal Breeding Research Organization] *Sire* **Line.** 097024
The Dam Line **[rams]**—*sires* for mothers of meat lambs. 097026
How to *sire* 20 good **swine** per sow per year. 096980

SISTER
Sister **chromatid** differentiation and exchanges in adult mudminnows (Umbra limi) after in vivo exposure to 5-bromodeoxyuridine [Pollution hazards study, rate in chick embryo]. 104470

SITE
Effect of the *site* **altitude** and the form of the relief on the yield and quality of grapes. 101276
Site of **bacterial** RNA synthesis in eggplant [Escherichia coli, Agrobacterium tumefaciens] protophloem after a bacterial infection. 101710
Web-site selection in the **desert** spider Agelenopsis aperta. 103071
Equipment for the handling of straw at the **dumping** *site* in the German Democratic Republic. 103495
A land consolidation project containing a *site* for a **factory** in the case of Ohnohara-cho. I. An investigation report onrural plant and living in rural areas. 094182
Compilation of analyses of rocks taken from the mountain region for the purpose of assessing **forest** *site* capacity (information article with reference data) [East Germany]. 098175
Biometric characterization of *site* **influences** on the variety testing system as exemplified in Bavarian variety trials with winter wheat and summer barley from 1963 to 1972 [Yields]. 100719
The *site* of **mangesium** absorption from the ruminant stomach [Sheep]. 096272
Vegetative response to twelve years of seasonal burning on a Louisiana longleaf pine [Pinus **palustris]** *site.* 098172
Rangeland insect-plant associations on the **Pawnee** *Site.* 102804
Southern **pine** *site-index* computing program. 098061
Quantitative evaluation of *site* **potential** for spruce and fir [Picea mariana, Abies balsamea] in Newfoundland. 097983
A review of land clearing for *site* **preparation** for intensive plantation forestry. 098085
The effect of whole-tree chipping on *site* **preparation** and regeneration. 098145

Site **preparation** improves survival and growth of direct-seeded pines [Pinus elliottii, Pinus taeda]. 098170
Herbicides for *site* **preparation** with [forest] stand establishment. 102113
The effect of light on **pupation** *site* selection in Plodia interpunctella (Lepidoptera: Pyralidae). 102810
A system for evaluating potential impacts of whole-tree harvesting on *site* **quality.** 098056
Soil *site* determinations [by texture and depth]. 103817
Influence of *site* on the **sum** of critical developmental temperatures of the cherry fruit fly (Rhagoletis cerasi L.). 102455
Haemolymphal activation of protyrosinase and the *site* of **synthesis** of haemolymph protoyrosinase in larvae of the fleshfly, Sarcophaga barbata. 103000

SITOBION
Studies on the injurious effect of the grain aphid **Macrosiphum** *(Sitobion)* avenae (F.) on winter wheat. 102286

SITOPHILUS
Synthesis and insecticidal and acaricidal properties of some 5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl phosphorus esters. III. [Musca domestica, *Calandra* **granaria,** Aphis fabae, Tetranychus urticae]. 102256
Lethal influence of dried air on *Sitophilus* **granarius** L. (Coleoptera, Curculionidae). 102543
Aflatoxin contamination, fluorescence, and insect *[Sitophilus* **oryzae]** damage in corn infected with Aspergillus flavus before harvest. 101389
Introductory research on the food attractants and repellents for the beetles of the granary **weevil** *(Sitophilus* granarius L.). 102541

SITOTROGA
Peculiarities of development of European corn borer [Ostrinia nubilalis] and Angoumois grain moth *[Sitotroga* **cerealella]** on high-lysine maize. 102312
Resistance of commercial rice varieties to *Sitotroga* **cerealella** (Olivier) (Lepidoptera: Gelechiidae). 102537
Biological control of insects on the Ord [River Irrigation Area]. I. Production of *Sitotroga* **cerealella** for mass rearing of Trichogramma wasps. 102961

SKELETON
Utilization of ascorbic acid curing post-embryonic development of **chick** *skeletal* muscle. 096353
Hand *skeletal* development among Ecuadorians living under conditions of iodine deficiency and endemic goiter. 095077
The *skeletal* **length-body** weight or total bone length relationships of the growing quail, Cotrunix coturnix japonica. 096536
SKeletal **muscle** cellularity in mice selected for large bodysize and in controls. 096369
Halothane-induced rigidity and associated glycolytic and energy phosphate changes in red and white fibres of *skeletal* **muscle** of the pig. 096437
Physiological and biochemical alterations in *skeletal* **muscle** with exercise training [Rats]. 096520
A Ca2+ [calcium ion]-activated protease possibly involved in myofibrillar protein turnover: Subcellular localization of the protease in **porcine** *skeletal* muscle. 096432
Effect of heat treatment on the ATPase [adenosine triphosphatase] activity of various sarcoplasmic reticulum preparations **[Rabbit** *skeletal* muscle]. 096343
Mechanism of an active transport of calcium. Ethoxyformylation of sarcoplasmic reticulum vesicles **[Rabbit** *skeletal* muscles]. 096426
Amino-acid sequence of tropomyosin-binding component of **rabbit** *skeletal* muscle troponin. 096521
Effect of troponin component TN-C **[rabbit** *skeletal* muscle] on the inhibition of adenosine triphosphatase activities of mitochondria and chloroplasts by troponin component TN-I [beef heart mitochondria]. 099719
The effect of caffeine on excitation-contraction coupling in *skeletal* and **smooth** muscle [Periplaneta americana]. 102982

SKIM
Casein micelles in **sterilized** *skim* milk. 095616

SKIN
Immunodeficiency in **canine** *skin* diseases [Dogs]. 097232
Secondary bacterial hypersensitivity reactions in **canine** *skin* [Dogs]. 097703
NH2 [amino]-terminal extensions on *skin* **collagen** from sheepwith a genetic defect in conversion of procollagen into collagen. 096229
Skin **cracking** in cherries. 102057
Treatment elements. F. Systematic treatment of *skin* **diseases** [Dogs]. 097716
Embryonic *skin* development and blood supply in sheep. 096578
Peridermal cell patterning in the **feather-forming** *skin* of the chick embryo. 096322
Tension development in *skinned* **glycerinated** rabbit psoas fiber segments irrigated with soluble myosin fragments. 096253
Investigation of **grape** *skin* polysaccharides by chromatography of DEAE [diethylaminoethyl] cellulose and paper electrophoresis. 095877
Characterization of major plastid pigments in *skin* of **'mission'** fig fruits. 100468
The differential diagnosis of **seborrheic** *skin* disorders. 097126
Location of the source of the **soluble** *skin* surface proteins of cattle by immunofluorescence. 096541
Skin **sutures** with tape "Steritrip" [Surgery]. 097140
Observations on the response of cattle to a *skin* **test** using infectious bovine rhinotracheitis (IBR) inactivated antigen. 097540
Pathways for chloride and sodium transport across **toad** *skin.* 096164
Vascular arrangement in the *skin* of **tropical** cattle. 096149

SLASH
Relative susceptibility of *slash,* **loblolly** and longleaf pines [Pinus elliottii, Pinus taeda, Pinus palustris] to infection by Fomes annosus. 101447
Within-tree variation of monoterpene composition and yield in *slash* **pine** [Pinus elliottii] clones and families [Genetic variation]. 098081
Can intensive cultural management increase growth of *slash* **pine** [Pinus elliottii]? 098103
Nutrient cycling in the *slash* **pine** [Pinus elliottii] ecosystem: silvicultural implication. 098131
Variability of *slash* **pine** [Pinus elliottii] wood in the radial direction [Wood properties, fibers]. 098233
Genotype X fertilizer interactions in *slash* **pine** [Pinus elliottii elliottii]: growth and [fertilizer] nutrient relations. 103943

SLAUGHTER
Diffusion and distribution of Sarcosporidia in *slaughtered* **animals** in Sardinia [Cattle, sheep, swine, horses, donkeys]. 097313
Polar lipids of parasitic helminths. I. Polar lipids of Fasciola hepatica and Paramphistomum microbothrium [From *slaughtered* **animals].** 097643
Research on *slaughtering* and **carcass** characteristics of the whole and castrated buffaloes of 30 and 42 months old. 095677
Possible implications of voids in USDA **cattle** *slaughter* data [Statistics]. 095678
Experiences in the use of centrifuged liquid poultry manure [as a feed additive] in *slaughter* **cattle** production of the Friedeburg State Farm [East Germany]. 096801
The little flour beetles [as pests of] *slaughter* **chickens.** 102559
Slaughter **cooperative** sales good with 2.3 billion kroner in 1975. 094283
Feed efficiency and carcass composition in Large White Yorkshire pigs at different live weights to determine the **economic** *slaughter* weight. 096688
A barn for **fattening** *slaughter* calves in Holland. 103351
Effect of the Black-Pied Lowland breed on the *slaughter* **half** in fattening young bulls. 097002
Removal of protein and fat from **meat** *slaughtering* and packing wastes using lignosulfonic acid. 095702
Slaughter **methods** affect quality of processed [farm-cultured] channel catfish. 095538
Fattening and *slaughter* **performance** results of young Black Pied bulls as influenced by feeding intensity. 3. Economic results of young bull fattening at varying feeding intensity and slaughter weight. 096644
Effective breeding methods to improve the fattening and *slaughter* **performance** of chicken broilers. 097049
Tuberculous and Pseudotuberculous cervical lymphadenitis ofswine for *slaughter* in **Pernambuco** [Mycobacterium, Corynebacterium equi]. 097475
Tuberculosis in brood sows and **pigs** *slaughtered* in Iowa [Mycobacterium avium]. 097230
Study on the optimal age and liveweight for sow impregnation with reference to their reproductive capacities. III. Study on the fattening and *slaughter* **qualities** of pigs born during different seasons of the year. 097087
Balance and further prospects in the development of *slaughter* **swine** production [Five-Year Plan, East Germany]. 094787
Economic analysis of research with grain produced with different nitrogen fertilizers for *slaughter* **swine.** 096048
Grain produced with different nitrogen fertilizers for *slaughter* **swine.** 096049
Ways of feeding cereals for *slaughter* **swine.** 096733
Stress and porcine stress exudate problems in *slaughter* **swine.** 097854
Management of *slaughter* **turkeys.** 096085
The influence of cow size, crossbreeding, *slaughter* **weight,** feeding system and environment on the energetic and economic efficiency of edible beef production. 095717
Fattening and slaughter performance results of young Black Pied bulls as influenced by feeding intensity. 3. Economic results of young bull fattening at varying feeding intensity and *slaughter* **weight.** 096644
Slaughtering **yields** and incidence of the average fifth/fourth percent ratio [of carcass rendering] in the permanent goat population of Gargano. 095716

SLEEP
Sleep **cycles** of fetal and neonatal lambs. 096282

SLIDE
Microscopic *slides* showing wood destruction [of Picea abies] by [the red rot fungus] Fomes annosus. 101445

SLIME
A new concept for the taxonomy of the family Dictyostelliaceae **(cellular** *slime* molds). 098489
Effects of differentiated membranes on the developmental program of the **cellular** *slime* mold [Dictyostelium discoideum]. 099693
The effect of ammonia on fruiting body size and microcyst formation in the **cellular** *slime* molds [Polysphondylium pallidum, Dictyostelium discoideum]. 099695
DNA, RNA and protein synthesis during germination of spores in the **cellular** *slime* mold Dictyostelium discoideum. 099706
Differentiation for aggregation in the **cellular** *slime* moulds: the emergence of autonomously signalling cells in Dictyostelium discoideum [Fungi]. 099821
5' terminal nucleotide sequences of the messenger RNAs of Dictyostelium discoideum *[Slime* **mold].** 099145
High voltage electron microscopical analysis of chromosomal number in the *slime* **mold** Echinostelium minutum de Bary. 099147
Primer dependency of glycogen synthetase during differentiation in Dictyostelium discoideum *[Slime* **mold].** 099538

SLOPE
A study of landslides on **concave** *slopes* [Forests]. 104203
Accuracy of the *slope* **factors** estimated by the digital terrain model [Forest topography]. 097999
Single-chamber drip irrigation laterals on various **field** *slopes* and contours. 103390
The soil conservation of *sloping* **grassland.** II. The change of soil moisture in a sloping grassland. 104172
Application of fertilizers and the productivity of herbaceous plants in the establishment of a vegetation cover on **gully** *slopes.* 103903
Chemical and physical properties of eroded soils on *slopes* from the **hydrographic** fund in western Podolia and their alteration under the effect of forest plantings. 103797
Legume and grass mixtures for haylands on *slopes* [in **Kirghizia].** 100897
Mechanical erosion of soils on *sloping* **lands** in Byelorussia. 104179
Heterotrophic complexes and the structure of the underlying peat deposits in *slope* **mires** [Vegetation, Leningrad-Novgorod regions boundary]. 098873
Analysis and evaluation of the working operation of scything intensive grass stands on **mountain** *slopes.* 100935
Peculiarities of the formation of surface water flow on eroded **mountainous** *slopes* in the Crimea. 104207
Dependence of tractive indices of a caterpillar tractor from unit pressure on the soil when **operating** on *slopes.* 103611
A mutual comparison of the economy of the work of a share plough and a rotary plough when **ploughing** on a *slope.* 103592
An approach to the assessment of tractor stability on **rough** *sloping* ground. 103456
Soil evolution with altitude on the **south** *slope* of the Sierra de Gredos. 103688
Unitizing caterpillar farm tractors **working** on *slopes.* 103639

SLOTS
Chip quality evaluation: comparison of a **combination** *slot* screen-round hole screen with a round-hole screen classifier. 098399

SLUDGE
Recovery of **activated** *sludge* for poultry feed engineering aspects. 096040
Evaluation of waste **activated** *sludge* (citrus) as a poultry feed ingredient. 2. Quality and flavor of broilers, egg yolk color and egg flavor. 096754
Activated *sludge* degradation of adipic acid esters [Plasticizers]. 104444
Dissimilatory nitrate and nitrite reduction under aerobic conditions by an aerobically and anaerobically grown Alcaligenes sp. and by **activated** *sludge.* 104529
Activated *sludge.* 104540
Alum *sludge* drying with basic extractive treatment. 104526
Ultimate disposal of **biological** *sludges*—a novel concept [Bleached kraft wholemill effluent]. 104624
Evaluation of activated **citrus** *sludge* as a poultry feed ingredient. 096038
An integrated separation, aerobic treatment and *sludge* **dewatering** system for pig slurry. 104523
Multielement absorption by crops grown in pots on **municipal** *sludge-amended* soil. 099802
Mycoflora of activated **sewage** *sludge* [Fungi]. 104600
Sludge **treatment,** utilization, and disposal. 104578

SLURRY
Composition of the product of algal [Chlorella vulgaris] culture in the liquid phase of **animal** *slurry.* 099842
Effect of farmyard manure, straw, *slurry* and **nitrogen,** phosphorus, potassium on crop yields and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
An integrated separation, aerobic treatment and sludge dewatering system for **pig** *slurry.* 104523
Changes in the partition of nitrogen and phosphorus in stored **pig** *slurry.* 104538

SMEAR
Aspiration of bone marrow using EDTA [ethylenediamine tetracetic acid] fortified **serum** *[Smears].* 097135

SMILACACEAE
Cytological observations on some West Himalayan monocots. II. *Smilacaceae,* **Liliaceae** and Trilliaceae. 098956

SMINTHURUS
Reproductive behaviour of *Sminthurus* **viridis** (L.) (Collembola, Symphypleona). 103126

SMOKE
Genetic effects of the gas phase of **cigarette** *smoke* on Saccharomyces cerevisiae [Yeasts]. 099128

SMUTS
Interaction of virulence genes in Ustilago hordei **[Barleycovered** *smut].* 101379
Methods of race differentiation of **cereal** *smut* pathogens [Ustilaginales]. 101462
Resistance of F1 hybrids of sweet corn and their parental forms to **common** *smut* [Ustilago zeae]. 099102
Sex genetics and the pathogenicity of *smut* **fungi** [Ustilaginales]. 101467
Study of virulent properties of ecogeographical populations of the pathogen of **head** *smut* of maize [Sphacelotheca reiliana]. 101360
Hyper-auxin induced by Ustilago maydis (DC) Cda on Zea may L. [Maize]. II. Post-infection variations in IAA [indoleacetic acid] oxidase, peroxidase and **polyphenoloxidase** [Loose *smut].* 101602
Resistance of winter wheat to **stinking** *smut* [Tilletia] in the conditions of the Russian Soviet Federative Socialist Republic. 101354
About the creation of infectious conditions for **stinking** *smut* [Tilletia caries, Tilletia foetida] and [Fusarium] root rots of wheat [Evaluation of varietal disease resistance]. 101457
About the methodology of studying the resistance of barley to loose *smut* **[Ustilago** nuda]. 099077
The problem of inheritance of resistance to loose *smut* **[Ustilago** nuda (Jens.) Kell. et Sw.] by barley. 099114
Barley breeding for resistance to loose *smut* **[Ustilago** nuda] by using saturating crossings. 099266
Control of *smut* **(Ustilago** perranans Rostr.) of French ryegrass (Arrhenatherum elatius L.) by seed treatment. 101579

SNAILS
The dynamics of two **aquatic** *plant-snail* associations. 098787

SNAKES
Eradicate rats & *snakes* from your **poultry** farm. 096110
Ground-water and surface-water relationships in the glacial province of northern **Wisconsin** —*Snake* Lake. 104294

SNAPDRAGON
Pathogenicity of Bipolaris (Helminthosporium) setariae and Bipolaris maydis races T and O to carnation, geranium and *snapdragon* **[Dianthus** caryophyllus, Pelargonium domesticum, Antirrhinum majus]. 101557

SNOWS
Forest management—stabilization against wind and *snow* **[damage].** 097902
Snow **damage** prevention: heat, adequate structure [Ornamental plants]. 101898
Snow **flowers** [Ecology]. 098870
Influence of windbreaks on crop performance and *snow* **management** in North Dakota. 097911
Perennial grass [Agropyron elongatum] barriers for wind erosion control, *snow* **management** and crop production. 104215
The nature and control of *snow* **mold** of fine turfgrass [Agrostis palustris] in southern Ontario [caused by Fusarium nivale and Typhula spp.]. 101387
Snow **molds** on winter cereals in northern Saskatchewan in 1974 [Typhula, Sclerotinia borealis, Fusarium nivale, wheat, rye]. 101386
Power expenditure for operating a wheel tractor of the 1,4 TS class on a *snow-covered* **road** with a blocked drive of the driving wheels. 103537

SOAKING
Change of radiosensitivity of the seeds of Scotch pine (Pinus sylvestris) in relation to the duration of *soaking* **[Gamma** irradiation, mitotic activity, chromosomal abberations]. 100685
Effect of sowing time of rainfed barley in relation to seed rate and **seed** *soaking* in Bundelkhand region of Uttar Pradesh. 100846
Effect of time of sowing, seed rate and **seed** *soaking* on grain yield of rainfed barley. 100847
Effect of **seed** *soaking* in ascorbic acid, succinic acid and cycocel on the yield of moong [Mung beans]. 101187
Effect of *pre-soaking* of **sunflower** seeds in water on the growth and yield of sunflower. 100919
The effect of **water** *soaking,* brining and cooking procedure on tenderness of broilers. 095747

SOCIALISM
Experiences and results in the conduction of *socialist* **competition** for the effective use of extensive irrigations systems [Cost reduction, East Germany]. 094396
Results and experiences in the 1975 *socialist* **competition** of the Gressow Cooperative Farm and inferences for its continuance up to the IXth Congress of the Socialist Union Party of the German Democratic Republic [Agriculture productive capacity]. 094791
Experiences and results of *socialist* **cooperation** in poultry breeding [East Germany]. 094345
From the experience of *Socialist* **countries:** training and retraining of [agricultural] personnel [in Eastern Europe]. 094067
Struggle for *socialist* **culture** of the life of the rural population as an important sector in ideological work. 094037
Prospects of growing, harvesting and post-harvest handling of potatoes in the **Czech** *Socialist* Republic. 095937
Economic bases for procurement prices in the farm production of the **European** *socialist* countries. 094584
About certain results of regeneration of young stands of low value in forest districts of the north-western part of the Russian Soviet **Federative** *Socialist* Republic. 098136
Features of flowering and fruiting in cucumbers and tomatoes grown in plastic covered greenhouses in the south-east of the Russian Soviet **Federative** *Socialist* Republic. 100385
Experience of developing programming of yields for the north-western zone of the Russian Soviet **Federative** *Socialist* Republic [Field and horticultural crops]. 100795
Resistance of winter wheat to stinking smut [Tilletia] in the conditions of the Russian Soviet **Federative** *Socialist* Republic. 101354
Implements, machines and tractors for carrying out forest regeneration work in the zone of conifer forests in the Russian Soviet **Federative** *Socialist* Republic. 103588
The economics of fruit production in the **Slovak** *Socialist* Republic. 094186
Effect of copper on potatoes in the conditions of the Komi Autonomous **Soviet** *Socialist* Republic. 100497
Ways of optimization of cereal yields in the fields of the Krasnaia niva collective farm in the Kabardino-Balkar Autonomous **Soviet** *Socialist* Republic. 100801
Results of scientific works in studying microelements [in soils] in the Nakhichevan' Autonomous **Soviet** *Socialist* Republic. 103800
Experience of obtaining a yield of winter wheat according to a preset program on irrigated fields in the Gorodovik District of the Kalmyk Autonomous **Soviet** *Socialist* Republic. 104306
Irrigation regime of cotton in the Kara-Kalpak Autonomous **Soviet** *Socialist* Republic. 104410
Results and experiences in the 1975 socialist competition of the Gressow Cooperative Farm and inferences for its continuance up to the IXth Congress of the *Socialist* **Union** Party of the German Democratic Republic [Agriculture productive capacity]. 094791

SOCIALIZATION
Improper **puppy** *socialization* and subsequent behavior [Dogs]. 096413

SOCIOECONOMIC
The prairie and its people: yesterday's history and today's challenges *[Socioeconomic* **aspects].** 094045
Specification of the impact of *socioeconomic* **factors** on consumption of the animal and vegetable sources of protein. 094112
Socioeconomic **relations** in agriculture. 094071

SOCIOLOGY
Nutrition behavior: exploring its *sociological* **influences.** 095080
Guides for generation relations in city and rural families of the German Federal **Republic** *[Sociology].* 093985
Infrastructural developments and their causes as exemplified by ten villages in the German Federal **Republic** *[Sociology].* 093986
Ideological-educational work and certain problems on raising the effectiveness of agricultural production **[Rural** *sociology].* 094018
Increasing the roles of leaders and specialists of agriculture in the education of workers **[Rural** *sociology].* 094021
On the work of councils of the elderly in combatting survivals of the past in daily life **[Rural** *sociology].* 094031

SOD
Phosphorus assimilation by clover and lucerne from soil phosphates of various genetic horizons of *sod-podzolic* **mean-sandy-loam** soils. 100175
Studies on the successive cultivation of Italian ryegrass (Lolium multiflorum Lam.) and Rhodes grass (Chloris gayana Kunth) by *sod-seeding* **method.** 100880

SODA
Empirical comparison between **cold** *soda* chemi-groundwood pulp (C-CGP) and hot sulfite chemi-groundwood pulp (H-CGP) in the newsprint mill. 098244
Electrical amelioration of *soda* **Solonetzes** in the central Chernozem region. 104213

SODIUM
Utilization of *sodium* **acetate** for increasing fat content of milk in cows [Feed supplements]. 096726
Antagonism by antipyretics of the hyperthermic effect of a prostaglandin precursor, *sodium* **arachidonate,** in the cat. 096465
Prevention of swine dysentery with a combination of lincomycin and spectinomycin and resistance of swine dysentery to tylosin and *sodium* **arsanilate.** 097226
Effect of carbon dioxide and *sodium* **chloride** on oxidative stability of frozen mechanically deboned poultry meat. 095732
Common salt *[sodium* **chloride]** requirements of domestic animals [Nutrition]. 096823
Effect of *sodium* **chloride** on the content of thiolic compounds and melanin in a culture of the tissue of a sterile fungus [Mycelia sterilia] isolated from tissue of American Kochia. 099991
Application of magnesium sulfate to correct the effects of salinity produced by *sodium* **chloride** on the tomato plant [in soilless culture]. 100348
Investigation of heterogenous surface reactions in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] ion exchange process at low Na *[sodium]* **concentrations.** 103657
Gastrointestinal control of sodium excretion in *sodium-depleted* **conscious** rabbits. 096181
Inhibition of the metabolism of phytomacetous fungi [Aspergillus niger] and yeast fungi by *natrium* **dehydrated** acetate and by preventol. 099954
The effect of *sodium* **2,4-dichlorophenocyacetic** acid [Herbicide] on domesticated plants. 102072
Gastrointestinal control of *sodium* **excretion** in sodium-depleted conscious rabbits. 096181
Effects of alpha-adrenergic blockade on *sodium* **excretion** in normal and chronic salt retaining dogs. 096296
Sodium **hazard** of stream waters in Tungabhadra River Valley Project (left bank) area [Irrigation water quality]. 104357
Cell permeability and regulation of **intracellular** *sodium* concentration in a halophytic and a glycophytic moss [Grimmia maritima, Grimmia pulvinata]. 099876
Investigation of heterogenous surface reactions in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg *[sodium-magnesium]* **ion** exchange process at low Na [sodium] concentrations. 103657
Phosphorylation of a low molecular weight polypeptide in beef heart Na+, K+-ATPase *[sodium* **ions,** potassium ions, adenosine triphosphatase] preparations. 096212
The nature of compost H [hydrogen]-humus extracted by differnt salts of *sodium* and **magnesium.** 103890
Degradation of protolignin with **metallic** *sodium* in liquid ammonia [Picea jezoensis, wood meal]. 098189
Investigation of heterogenous surface reactions in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca *[sodium-calcium]* and **Na-Mg** [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657
Studies on calcium and magnesium metabolism in ruminants. I. Effects of calcium carbonate or *sodium* **oxalate** on the absorption and excretion of calcium and magnesium in ewes. 096457
Low-sodium **peanut** butter [Diets]. 095138
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, *sodium,* **phosphorus,** chlorine] concentrations of tomato, corn, and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Sodium and **potassium** [in human nutrition]. 095182
Sodium and **potassium.** 095183
Studies into levels of dry matter, calcium, magnesium, *sodium,* **potassium** and phosphorus in different tissues of swine (brain, lung, liver, kidney, small intestine). 096216
Kinetic studies of a (Na+ + K+ + Mg2+ *[sodium,* **potassium,** magnesium ions]) ATPase in sugarbeet roots. II. Activation by Na+ and K+ [sodium, potassium ions]. 100254
Sodium- and **potassium-activated** adenosine triphosphatase of the nasal salt gland of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the phosphorylating polypeptide. 096428
Sodium **relations** in desert plants. 5. Cation balance when grown in solution culture and in the field in three species of Lycium from the northern Mojave Desert. 099982
Studies on the *sodium* **requirement** of growing Japanese quail. 096765
Metabolism of Na2 75SeO4 *[sodium* **selenate]** in Astragalus bisulcatus lima bean, and wheat: a comparative study [Incorporation of selenium]. 099834
Digestive utilisation of sulfur-labelled methionine, Methionine hydroxy analog and *sodium* **sulfate** in goat rumen. 096279
Sodium **supplementation** of livestock grazing lucerne. 096775
Pathways for chloride and *sodium* **transport** across toad skin. 096164
Inhibition of *sodium* **transport** by antiotensin II in the main duct of the rabbit mandibular gland isolated and perfused in vitro. 096498
Determination of inactivation time for dalapon and *sodium* **trichloroacetate** in soil. 102777
Processed poultry waste compared with uric acid, *sodium* **urate,** urea and biuret as nitrogen supplements for beef cattle fed forage diets. 096700

SOFT

The threshold value of infection with Pectobacterium carotovorum var. atrosepticum (van Hall) Dowson for producing latent and **acute** *soft* rot infection of potato stalks and tubers. 101677

The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The *soft* **cheese** department. 095651

Pale watery pig meat [**pale** *soft* exudative muscle]. Animals likely to produce this can be detected by their reaction to the anaesthetic halothane. 097759

Laboratory method of bacteriocide estimation on the basis of Erwinia test *[Soft* **rots** of potato tubers]. 101680

Turns tiny checkroom into $80,000 *soft* **serve** center. 095341

Soft **tissue** sarcomas [Dogs]. 097704

Dermoplasty and wound healing of *soft* **tissue** injuries. 097782

Analytical notes—hard- **vs** *soft-water* effects on the transfer of metallic ions from intestine. 104329

Soft **wheat** varieties of Australia and their breeding significance for dryland farming in Uzbekistan. 099106

Identification and location of genes controlling leaf hairing in young plants of *soft* **wheat.** 099231

Resistance of the *soft* **wheat** collection from Australia to yellow rust [Puccinia glumarum]. 101353

Anatomo-biological method in breeding for developing models of *soft* **winter** wheat varieties of highly intensive type. 099244

Methods of breeding **winter** *soft* wheat for resistance to diseases. 099276

Biochemical indices of the potential productivity of *soft* **winter** wheat variety. 100184

SOFTWOOD

The extensional behavior of **commercial** *softwood* bleached kraft pulps. 098422

SOGATELLA

Synoptic weather conditions inducing long-distance immigration of planthoppers, *Sogatella* **furcifera** Horvath and Nilaparvata lugens Stal [Pest of growing rice]. 102297

SOILS

Utilization of lime-containing waste from the Magnitogorsk metallurgical works for the reclamation of **acid** *soils.* 104094

Buffer pH [hydrogen-ion concentration] acidity in relation to nature of *soil* **acidity** and expression of lime requirement. 103922

Soil **acidity** and liming in the humid tropics. 103935

Effect of proteolytic enzymes on free and adsorbed catalase and on the catalase **activity** of *soils.* 103806

A correlation between the forest phytocoenosis biomass and the total moisture consumption from the *soil* **aeration** zone. 098789

Studies on the influence of fungal communities of the *soil* **affected** with "lupine sickness" on the growth of the fungus Fusarium oxysporum Schl. [Pathogen of "damping off"]. 101580

Suitability of nitrogenous fertilizers for wheat in salt **affected** *soils.* 104029

Effect of anti-erosion tillages on the water stability properties of *soil* **aggregates.** 104240

Role of humic substances in soil structure and *soil* **aggregation.** 103720

Growth and productivity of spruce [Picea] plantings of forest and **agricultural** *soils.* 097986

The relation between visibility and the size-number distribution of **airborne** *soil* particles [Soil erosion by wind]. 104530

Methods of programming and evaluating the effectiveness of *soil* **amelioration** measures. 104201

Multielement uptake by vegetables and millet grown in pots on fly ash **amended** *soil.* 099803

Effect of volatile inhibitors from natural and **amended** *soils* on germination of sclerotia of Macrophomina phaseolina [the fungus that causes charcoal rot on corn, sorghum, soybean, and other economic crop plants]. 101380

Lime: materials, their use and rates *[Soil* **amendments].** 104036

The use of EDTA [ethylenediaminetetraacetic acid] in *soil* **analysis.** 103648

Soil **analysis** during conversion and its importance. 103795

On the fundamental and secondary properties of residual **andesitic** *soils.* 103835

Effect of *soil* **application** of aldrin and gammexane [insecticides] on germination, grain yield and quality of soybean (Glycine max). 100296

A new extraction method for benomyl residues in *soil* and its **application** in movement and persistence studies. 101514

Some thermodynanic features of liquid ammonia during its **application** into *soil.* 103542

Impacts of construction activities in wetlands of the United States [Pollution of water, *soils* and **aquatic** environments]. 104478

Nitrogen, phosphorus and potassium balance in **arable** *soils* from the Vladimir Region. 103789

50 percent [allocation] of the clay *[soil]* **area** to potatoes? Economic aspects of expansion of potato cultivation with the aid of soil disinfection and AM varieties in clay tillage. 094308

When it isn't one thing, it's another. **Arsenate** *soil* residues aren't the only reason apple replants fail [Diseases of unknown etiology]. 101831

Determination of bacterial cholinesterase activity on solid nutrient media *[Soils,* **Arthobacter** simplex cholinesterasus]. 103798

Colonization of *soil* by **Arthrobacter** and Pseudomonas under varying conditions of water and nutrient availability as studied by plate counts and transmission electron microscopy. 103703

New method of determining **assimilable** *soil* phosphorus in plants: extrapolation of kinetics of isotopic dilution. 099614

Crop quality and nutrient uptake by dryland wheat crop as influenced by **available** *soil* moisture status. 100208

Bacterial degradation of ethylene and the acetylene reduction test *[Soil* **bacteria].** 103717

Influence of the clay fraction and its nature on the aggregation and physical parameters of **basaltic** *soils* of Malwa Plateau. 103762

The dynamics of the content of assimilated phosphorus and potassium in plants and *soil* of **bilberry** associations in the Central Roztocze. 099499

The influence of *soil* **biological** factors on the mycelial growth of Fomes annosus [Trees]. 101453

The intensity of carbon dioxide release as an indicator of alterations of *soil* **biological** activities under the influence of herbicides. 102773

Effects of pure paraquat dichloride, "Gramoxone W", and formulation additives on soil microbiological activities. 1. Estimations of *soil* **biomass** in laboratory-treated soil. 103862

Effect of delay in first irrigation, methods of N [nitrogen] application and Cycocel in wheat on mixed **Black** *soils.* 100836

Improvement of intake rates in problem **Black** *soils.* 103811

Geographic distribution of *soils* with the **bleached** contact horizon on two-membered rocks. 103852

Timing of the application of nitrogenous fertilizers in cotton on meadow and **boggy-meadow** *soils* in the Zeravshan Valley. 104093

About temperature conditions in *soil* in **boundary** areas of block-type green houses. 103361

Effects of long periods under grass on *soils* under **British** conditionsalpha. 103781

On the influence of manure and fertilizers on the distribution and amounts of plant-available Cd [**cadmium**] in *soils.* 104142

The effect of soil moisture depletion on sugarbeet production in **calcareous** *soils.* 100086

Responses of Earlirose rice to iron, zinc, and BPDS [bathophenanthroline disulfonate] when grown on **calcareous** *soil.* 100158

Effect of land use period on the aggregation of desert **calcareous** *soils.* 103655

Changes in cloddiness of Egyptian **calcareous** *soils* with increasing period of land use. 103695

Effect of molybdenum on the rhizosphere microflora of cotton plant in virgin **calcareous** *soil.* 103889

Use of waste pyrites from mine operations [in Colorado] on highly **calcareous** *soil* [Soybeans, banding of fertilizers]. 103932

Development of the method of physical modelling of soil treatment processes in relation to *soil* **canals** [Digging machinery]. 103612

Slugde-borne metal uptake by soybeans as a function of *soil* **cation** exchange capacity. 100159

Vertical distribution of three nematode species [Belonolaimus longicaudatus, Pratylenchus brachyurus, and Trichodorus christiei] in relation to **certain** *soil* properties. 103779

Maize culture on **chalky** *soils* in Champagne with photodegradable plastic films. 100747

The determination of strength indicators of *soil,* **characterizing** its natural firmness. 103855

Soil **chemical** properties and crop yields as affected by continuous fertilizing. 103879

Response of sugarcane to filter press mud and N, P, and K [nitrogen, phosphorus, potassium] fertilizers. II. Effects on plant composition and *soil* **chemical** properties. 103884

Preparation and use of azomethine-H for colorimetric determination of boron *[Soil* **chemistry].** 103727

Study on the productivity and fertilizing of an eroded **Chernozem** *soil.* 103880

Application of fertilizers in winter wheat and spring barley on southern Chernozems and dark **Chestnut** *soils.* 104057

Development of **classical** *soil* working equipment. 103417

Soil taxonomy. A basic system of *soil* **classificaton** for making and interpreting soil surveys. 103650

Results from, and recommendations for, the irrigation of winter wheat varieties on a Black **Clayey** *soil* in the Thuringian Basin. 104285

Heterogeneity of recording weather conditions for programming yields of farm crops in various *soil* and **climatic** zones of the USSR. 094047

Nitrogen fixation by intact annual rangeland species in *soil* **[Clover,** Bromus mollis]. 103664

Unitizing tractors in **combined** *soil* tillage preceding the sowing of winter crops. 103640

A pressure transducer [for *soil* **compaction** study]. 103649

Soil **compaction.** 104204

Physicochemical and micromorphological characteristics of a **complex** *soil* profile of intergrades of Andosol and Oligotrophic Brown Earth. 103682

Investigations and research **concerning** *soil-borne* viruses. I. Potato rattle virus. 2. 101804

Effect of seed types, sowing date, distance of the row and *soil* **conditions** on the sugarbeet. I. Effects on emergence. 100967

Effect of seed types, sowing dates, distance on the row and *soil* **conditions** on the sugarbeet. II. Effects on the yield. 100968

How to proceed in the protection of farm land *[Soil* **conservation,** land utilization]. 094165

SCS *[Soil* **Conservation** Service] technical assistance in windbreak forestry. 098016

Bare root nursery production and needs [Fraxinus pennsylvanica lanceolata, *soil* **conservation].** 098113

Planning criterion of grassland development. II. Effects of inclination of ground and grassland development technique on land utilization and outbreak of landslide *[Soil* **conservation].** 104171

The *soil* **conservation** of sloping grassland. II. The change of soil moisture in a sloping grassland. 104172

Soil **conservation** in the Siwaliks. 104197

Better plants for *[soil]* **conservation** in the Great Plains. 104214

Differential effects of cadmium on lettuce varieties [Phytotoxicity, from **contaminated** *soils].* 101892

Variations in the lead, zinc and calcium content of Dendrobaena rubida (Oligochaeta) in a base metal mining area *[Soil* **contamination].** 104484

Effect of the water-soluble substance from forest litter on the absorption of radioactive isotopes in *soil* **[Contamination].** 104647

Some agronomical studies on rainfed jowar [Sorghum bicolor]in black **cotton** *soils.* 100864

Migration of Sr90 [strontium isotope] in *soil-plant* **cover** of subarctic tundra. 098855

Effects of three nitrogen fertilizers and lime on pH [hydrogen-ion concentration] and exchangeable catton content at different depths in **cropped** *soils* at two sites in the Nigerian savanna. 104157

Microelement content of some **Cuban** *soils.* 103658

Changes in total N [nitrogen], organic matter, available P [phosphorus], and bulk densities of a **cultivated** *soil* 8 years after tame pastures were established. 103662

Rationalizing the system of *soil* **cultivation** in kidney bean growing. 104193

On some features of **defining** *soil* shearing resistance by the BCB apparatus. 103853

Oil **degradation** in *soil.* 103707

Sloughing guard for sequential **depth** *soil* [for pesticide] sampling. 102625

Effect of phosphate fertilizer on rice in *soils* **derived** from basalt. 104126

Different levels of soil organic matter in **desert** *soil* and nitrogen fertilizer on yields and mineral composition of barley grown in the soil. 103924

Comments on the mechanism of *soil* **detachment** by rainfall. 103744

Determining *soil* suitability for large scale rice production. 103651

The weight method of **determining** *soil* moisture content. 103790

Micromorphological study of *soils* **developed** on crystalline rocks in the Sierra de Gata area. 103679

A study on the effect of certain phenolic acids and fumaric acid in *soil* on the **development** of paddy seedlings and nitrogen-fixing bacteria. 100049

Evaluation of nutrition conditions of maize by methods of plant and *soil* **diagnosis** [Chemical composition]. 100227

Use of *"soil* **diagnosis"** for the estimation of fertilizer requirements of Ivory Coast cocoa plantations. 103917

Methods of determining nitrogen in *soil* for the **diagnosis** of plant provision with this element on leached Chernozems inKuban'. 104079

Experimental verification of two calculation methods for relating horizontal infiltration to *soil-water* **diffusivity.** 103746

In field survival of Rhizoctonia solani in *soil* and in **diseased** sugarbeets. 101381

50 percent [allocation] of the clay [soil] area to potatoes? Economic aspects of expansion of potato cultivation with the aid of *soil* **disinfection** and AM varieties in clay tillage. 094308

Theoretical investigations of *soil* **displacement** by the plow body. 103555

Application of fertilizers on *soils* of the **Donets** Ridge. 104051

Nitrate reduction during Kjeldahl digestion of *[soil* **drainage]** water samples by the perchlorate method. 104268

Effectiveness of various forms of nitrogenous fertilizers on **drift** *soils.* 104152

Influence of tall wheatgrass [Agropyron elongatum] wind barriers on *soil* **drying.** 103663

Response of sunflower plants (Helianthus annuus L.) to different regimes of humidity in the *soil* and **effects** of irrigation in critical periods of development. 104269

A study on the usability of disc plough with different disc angles in the *soils* of **Egypt.** 103406

Effects of *soil* **environment** on root growth of agricultural crops in prairie soils. 103758

Extracellular **enzymes** in *soil.* 103731

Fatty acid composition of lipids of *soil* and **epiphytic** yeasts. 103799

Students of the Department of Automotive, Agricultural and Conveying Engineering hand over valuable research results to industry [Field and *soil* **equipment,** East Germany]. 103645

Chemical and physical properties of **eroded** *soils* on slopes from the hydrographic fund in western Podolia and their alteration under the effect of forest plantings. 103797

Increasing the effectiveness of fertilizers on **eroded** *soils* in the Andizhan Region. 104153

Problems of application of fertilizers to cotton on **eroded** *soils.* 104154

Comparative effectiveness of growing field crops [and peas] on **eroded** *soils* in the steppe of the Ukrainian SSR. 104167

Problem of restoring and increasing the fertility of **eroded** *soils.* 104233

Role of ASCS [Agricultural Stabilization and Conservation Service] in cost-sharing and renovation of windbreaks *[Soil* **erosion** control, programs]. 094769

Introduction of the problems [concerning shelterbelts in the Great Plains, *soil* **erosion].** 097912

Dust in the Sahel: cause of drought? *[Soil* **erosion].** 104195

Reconstruction of the Desna water flow stationary [experimental plot, *soil* **erosion** control]. 104208
Wind patterns and *soil* **erosion** on the Great Plains. 104218
Study on the *soil* **erosion** of reclaimed land in Shorenji. 2. Problems of land reclamation works. 104221
Study on the *soil* **erosion** of reclaimed land in Shorenji. 3. On the disaster of the farm lands before disposition for substitute lots and the management of these farms lands. 104222
Soil **erosion** control in cotton growing areas. 104234
A small-sized wind tunnel [for studying wind **erosion** of *soil]*. 104238
The relation between visibility and the size-number distribution of airborne soil particles *[Soil* **erosion** by wind]. 104530
History, present situation and prospects in utilisation of hilly, **erosion-reclaimed** *soils* in southern Moravia [Erosion control]. 104210
Nutrient studies on some *soils* from **Eungella** and East Funnel Creek, Mackay Hinterland, Queensland. 103845
Soil **evolution** with altitude on the south slope of the Sierra de Gredos. 103688
Determination of chlor ions in aqueous **extract** from *soils*. 103787
Determination of trace amounts of phosphate in water **extracts** of *soils*. 103724
Automatic determination of mobile phosphorus and exchangeable potassium in *soil* **extracts.** 103785
Automatic determination of exchangeable ammonium in *soil* **extracts.** 103786
Some *edaphic* **factors** influencing the distribution of the soil fungi. 103768
59Fe [iron] isotope dilution methods to determine labile Fe in *soil* and **Fe** uptake from fertilizer sources. 103934
Contemporary pedogenetic processes in a **ferrallitic** *soil* in Uganda. I. Identification. 103745
Forest production and *soil* **fertility** at Nikhom Doi Chiangdao, Chiangmai province. 098102
Nitrogenous and biological index of *soil* **fertility** and the programming of wheat yield. 100196
Use of Leguminosae for building up *soil* **fertility** in dry tropical soils [Nitrogen fixation]. 103796
Mathematical function and *soil* **fertility** and fertilizer applcation. 103886
The Ferden Farm report: 1926-1970. I. Soil management; *soil* **fertility.** 104124
Norms of fertilizers for Cabernet-Sauvignon wide-row, high-formed [grape] varieties in dark-gray **forest** *soils*. 101147
Classification of **forest** *soil* in Japan (1975). 103711
On the trial production and the principle of device measuring reflected light for determining surface-sand water content [in **forest** *soil]*. 103773
The Brown **Forest** *soils* in the west part of Leningrad region. 103848
Micro-vegetation fertilizing experiments on grey **forest** *soils* eroded in various degrees. 103877
Alteration of the properties of Grey **Forest** *soils* as affected by fertilizers. 104044
The change of the organic substance of **forest** *soils* under the effect of fertilizers [applied] in cultivated and natural pine stands. 104133
The effect of timber removal on the stability of **forest** *soils* [Deforestation]. 104202
Poliovirus survival and movement in a sandy **forest** *soil* [Wastewater residuals]. 104450
Migration of stontium-90 and cesium-137 [isotopes] in **forest** *soils* [Radioactive contamination]. 104649
Determination of trace elements and their distrubution in different *soil* **fractions.** V. Rendzinas. 103675
Soils of the humid zone of Spain. VIII. *Soils* with **fragipan.** 1. Morphology and general characteristics. 103689
Soils of the humid zone of Spain. VIII. *Soil* with **fragipan.** 2. Mineralogy. 103690
Biogeography of **free-living** *soil* nematodes from the perspective of plate tectonics. 103820
The dissolution of micas [in *soils]* by **fulvic** acid. 103749
Antagonism of several *soil* **fungi** to Fusarium moniliforme Sh. 101620
Method for the determination of competitive saprophytic colonization of *soil* **fungi** [Macrophomina phaseolina of corn andsoybean]. 101652
Some edaphic factors influencing the distribution of the *soil* **fungi.** 103768
Two semi-automatic elutriators for extracting nematodes and certain **fungi** from *soil*. 103778
Characterization of the [humic type] pigment from [the *soil* **fungus**] Eurotium echinula Delacr. II. Physical methods. 099479
Characterization of the [humic type] pigment from [the *soil* **fungus**] Eurotium echinulatum Delacr. III. Degradative methods. 099480
Synthesis of aromatic compounds by [the *soil* **fungus**] Eurotium echinulatum Delacr. 099485
Characterization of the [humic type] pigment from [the *soil* **fungus**] Eurotium echinulatum Delacr. I. Analytical data. 103672
Nitrate reduction in the *subsoil.* II. **General** description of boring profiles, and chemical investigations on the profile cores. 103839
Content of iodine in forages from different *soil* and **geographic** zones in Moldavia. 096022
Soils and **geology** of the Falkland Islands. 103694
Some remarks on the potentialities and problems related to the **Gray** *soils* of Casamance (south Senegal). 103666
A vertical deformer [for studying regularities of *soil* and **ground** mechanical resistance]. 103603
Device for measuring shift [Mechanical resistance of *soil* and **ground**]. 103613
Stand for a dynamic shift [Mechanical effect on deformationand destruction of *soil,* **ground** and other agricultural materials]. 103626
Nitrate reduction in the subsoil. IV. Some physical properties of the subsoil, their influence on chemical interchange in the *soil,* and on **ground** water quality. 103841
A three-pendulum adhesiometer [Physical and mechanical properties of *soils,* **grounds** and model materials]. 103602
Study of the deformation of *soils* and **grounds** as a result of pressing-in dies [Filling and digging machinery]. 103630
Study of the resistance of *soils* and **grounds** during high velocities of shift [Tilling and digging machinery]. 103633
Utilization of simplex-latticed planning in studying strength properties of *soils* and **grounds.** 103844
Different levels of soil organic matter in desert soil and nitrogen fertilizer on yields and mineral composition of barley **grown** in the *soil.* 103924
The effects of soil physical improvement by *subsoiling* on the **growth** and yield of apple. 104224
Work with a view to preparing **Harde** *soils* for cultivation in north Cameroon. Results [Physicochemical improvement]. 104164
Erodibility of selected **Hawaii** *soils* by rainfall simulation. 104166
Effect of change in water-air regime of **heavy** *soils* being drained on the amount of acid-soluble forms of iron and productivity of meadow plant community. 104243
Mosaic-like distribution of potassium trichloroacetate residues in *soil* **[Herbicides].** 102772
Infrared spectroscopy of pyrolyzates of *soil* **humic** and fulvic acids. 103823
Soils of the **humid** zone of Spain. VIII. Soils with fragipan. 1. Morphology and general characteristics. 103689
Soils of the **humid** zone of Spain. VIII. Soil with fragipan. 2. Mineralogy. 103690
Influence of temperature and humidity on ureolysis and ammonia volatilization in a forest **humus** *soil.* 103813
Determination of lead sorption capacities of selected **Illinois** *soils* using titration curves. 103725
Progress and goals in using chemicals [in agriculture] in the Ukraine [Fertilizers, *soil* **improvement** materials]. 104086
Fertilizing, liming, and *soil* **improvement** of marshland. 104104
Agricultural production and *soil* **improvement.** 104209
Increasing importance of irrigation for the further intensification of crop production in the German Democratic Republic and its resulting tasks for the mechanization of *soil* **improvement** works. 104328
Soil **improvement** and irrigation in cotton growing. 104413
Sorption of stearic acid and iodine as a measure of external surface of some typical **Indian** *soils.* 103661
Balance of the major nutrients in cropping and the alteration of agrochemical **indices** of *soils.* 099846
Nitrate reduction in the subsoil. I. Introductory studies of the nitrate reduction in the *subsoil,* and its **influence** on ground water quality. 103838
Nitrate reduction in the subsoil. IV. Some physical properties of the *subsoil,* their **influence** on chemical interchange in the soil, and on ground water quality. 103841
Computed leaching of pesticides from *soil* as **influenced** by high rainfall, plant growth and time of application. 102622
Models of microbial **interactions** in the *soil.* 103732
Soil taxonomy. A basic system of soil classificaton for making and **interpreting** *soil* surveys. 103650
Nitrate reduction in the *subsoil.* I. **Introductory** studies of the nitrate reduction in the subsoil, and its influence on ground water quality. 103838
Effect of the hydrogen-ion concentration of applied solution on radioactive sorption of **iodide** by *soils.* 103816
Sorption isotherms for predicting potassium requirements of some **Iowa** *soils.* 103930
Banding of sulfur and sulfuric acid in *soil* in which **iron-inefficient** plants were grown [Field crops]. 103921
Experiences in attaining programmed yields on **irrigated** *soils* [Field crops]. 100873
Calculation theory of irrigation-drainage system parameters with *subsoil* **irrigation** (sluices). 104272
Invalidity of the acetylene reduction assay in alkane-utilizing, nitrogen-fixing bacteria **[isolated** from *soil].* 103705
Studies on the physical and geotechnical properties of *soils* of **Kagawa** Prefecture. I. On the residual soils. 103836
Effects of pure paraquat dichloride, "Gramoxone W", and formulation additives on soil microbiological activities. 1. Estimations of soil biomass in **laboratory-treated** *soil.* 103862
Effects of pure paraquat dichloride, "Gramoxone W" and formulation additives on soil microbiological activities. 2. Effects on respiration, organic matter mineralization, and nitrification in **laboratory-treated** *soil.* 103863
Electron microprobe analysis as a test of the correlation of west blacktail ash with Mount St. Helens pyroclastic **layer** T *[Soils].* 103814
Flora of variegated *[soil]* **layers** in the central Kazakhstan. 098613
Seasonal fluctuation of nutrients in *soil* and **leaf** tissue of the heather, Calluna vulgaris (Hull) L. 099801
Crop rotations on **light** *soils* in Byelorussia. 100784
Seed production of lupine on **light** *soils.* 100786
Effect of NPK [nitrogen, phosphorus, potassium] application on the yield of blackgram on **light** *soils.* 100841
Experience of reclamation of **light** *soils* with the application of peatr suspension. 103953
Results and tasks of investigations in increasing the fertility of **light** *soils* in Estonia. 104191
Irrigation, a prerequisite for obtaining high cereal yields on **light** *soils.* 104283
Behaviour of zinc in **lime** *soils.* II. Study of some factors affecting zinc migration in soils. 103671
Economic evaluation of soybean response to nitrogen on Calloway silt **loam** *soil* [Costs, returns]. 094379
Ability of an iron-efficient and an iron-inefficient corn inbred to take up 59Fe and FeSO4 [iron isotope, ferric sulfate] added to Yolo **loam** *soil.* 100148
Irrigation and fertilizer needs of wheat in clay **loam** *soil* of Tarai tract of Uttar Pradesh. 103998
The problem of water supply and the development of grapevine root system in dryland conditions on heavy **loamy** *soils* in southern Ukraine [Soil moisture]. 103860
Ways of sowing lupine on sandy and **loamy-sandy** *soils.* 100787
Agrotechnical and chemical practices for weed control in the plantings of yellow lupine on sandy and **loamy-sandy** *soils.* 102107
Agronomic and production characteristic of sandy and **loamy-sandy** *soils* from the Ukrainian Poles'ye. 103753
Diagnostic indices of the level of cultivation of soddy-podzolic sandy and **loamy-sandy** *soils.* 103754
The role of sowing lupine, application of fertilizers and lime in the cultivation of soddy-podzolic sandy and **loamy-sandy** *soils.* 103957
Effectiveness of the methods of increasing the depth of the plowing layer in soddy-podzolic **loamy-sandy** *soils* with various applications of fertilizers. 104183
Wind erosion of soddy-podzolic sandy and **loamy-sandy** *soils* from Poles'ye. 104192
Irrigation of vineyards on sandy and **loamy-sandy** *soils* in the south of the Ukraine. 104429
An attempt to define the differentiation in **loess** *soil* processes on the Lublin Upland during the Holocene. 103700
Growth and composition of sudangrass [Sorghum sudanense] onhigh-calcium, **low-magnesium** *soil.* 100065
Working capacity of elements of operating parts of *soil-tilling* **machines** as a function of soil wearing property. 103559
Microbiological and enzymatic activity of *soil* under **maize** in relation to fertilizers. 103908
Soil **management** for the control of bean root rot [Fusarium solani]. 101326
The Ferden Farm report: 1926-1970. I. *Soil* **management;** soil fertility. 104124
Systems of *soil* **management** as influencing the growth behaviour of young apple trees. 104182
Studies on some factors affecting availability of *soil* **manganese.** 1. Effect of sulphur on the status of soil manganese. 103698
Studies on some factors affecting availability of *soil* **manganese.** 2. Effect of sulphur on plant-available manganese and its relation to other forms. 103699
Better planning—better economics. *Soil* **mapping** and [its relationship to] plant cultivation should be determined for every farm. 103794
The problems of **marine** *soil* science. 103858
A photoelectric sensor for distinguishing between plant **material** and *soil.* 103454
Proposal for a micromorphological classification of *soil* **materials.** I. A classification of the related distributions of fine and coarse particles—a discussion. 103747
Effect of the irrigation regime and fertilizers on the yield of cotton on cultivated **meadow** *soils* in the Fergana Valley. 104348
Phosphorus assimilation by clover and lucerne from soil phosphates of various genetic horizons of sod-podzolic **mean-sandy-loam** *soils.* 100175
Determination of trace elements and their distribution in different fractions of the *soil.* IV. **Meridional** Brown Earth. 103674
Effectiveness of herbicide action in relation to the peculiarities of the *soil* and **meteorological** conditions. 102197
A preliminary study of *soil* **micro-arthropods** from a Himalayan grassland biome [Acarina]. 103767
Methodology in *soil* **[microbial]** examination. 103834
Effects of pure paraquat dichloride, "Gramoxone W", and formulation additives on *soil* **microbiological** activities. 1. Estimations of soil biomass in laboratory-treated soil. 103862
Effects of pure paraquat dichloride, "Gramoxone W" and formulation additives on *soil* **microbiological** activities. 2. Effects on respiration, organic matter mineralization, and nitrification in laboratory-treated soil. 103863
The physical environment in *soil* **microbiology:** an attempt to extend principles of microbiology to soil microorganisms. 103733
Effect of benomyl on the *soil* **microflora** and yield of cotton [Wilt control]. 101489
The effect of some herbicides on the weed flora and *soil* **microflora** in the onion crop (Allium cepa L.), and the persistence of their residues in the soil. 102121
Effect of herbicides on the *soil* **microflora.** 102139
Effect of mixtures of herbicides on the *soil* **microflora** and yield of sugarbeets. 102140

Interactions between polychlorinated biphenyls (PCBs) and *soil* **microfungi.** Effects of Aroclor-1254 and other PCBs on Aspergillus flavus cultures. 104454
The preparation of *soil* **micromonoliths** with vinyl latex. 103692
Production of plant hormones by *[soil]* **microorganisms.** 099484
Continuously variable amplitude contrast microscopy for the detection and study of **microorganisms** in *soil.* 103704
The physical environment in soil microbiology: an attempt to extend principles of microbiology to *soil* **microorganisms.** 103733
Volatile organic compounds and **microorganisms** *[Soil].* 103734
Viewing the invisible prairie *[Soil* **microorganisms].** 103760
Behaviour of zinc in lime soils. II. Study of some factors affecting zinc **migration** in *soils.* 103671
Plasma infusion—a pedological process of significance in the humid tropics *[Soil* **mineralogy].** 103683
Biomass of *soil* **mites** (Acari) in Arctic coastal tundra. 103064
Iron oxide as an iron source in *potting-soil* **mixtures.** 103927
Content and methods of investigations of the mechanics of agricultural environments and materials [Mechanical properties of *soil,* **modelling** soil erosion, damage of potato tubers by machines]. 103610
The effect of *soil* **moisture** depletion on sugarbeet production in calcareous soils. 100086
Effect of *soil* **moisture** regimes, nitrogen and phosphorus on N, P, K and Ca [nitrogen, phosphorus, potassium, calcium] uptake by berseem fodder [Egyptian clover]. 100211
Effect of fertilizers and *soil* **moisture** on absorption of water and mineral nutrients by the grapevine. 100429
Effect of *soil* **moisture** and fertilizers on the rate of photosynthesis of grapevines. 100432
Productivity of using *soil* **moisture** and the development of leaf surface as effected by different planting density of grapevine bushes. 100613
Fallow *[soil]* **moisture** and wheat yields in the northwest. 100693
Effect of *soil* **moisture** regimes, plant population and nitrogen levels on yield attributes and their contribution towards the root yield of sugarbeet. 100845
Development and nutrition of [the wild oat] Avena ludoviciana Dur. in experimental pots in response to *soil* **moisture.** 102078
Competition between wheat (Triticum aestivum L.) and Chenopodium album L. under varying levels of *soil* **moisture,** nitrogen and weed intensities. 102120
Soil **moisture** extraction by wheat crop as influenced by moisture regime and soil reaction. 103765
The methodology of sampling for the determination of *soil* **moisture** content in fruit-bearing vineyards. 103859
The problem of water supply and the development of grapevine root system in dryland conditions on heavy loamy soils in southern Ukraine *[Soil* **moisture].** 103860
Effect of N [nitrogen] levels and *soil* **moisture** regimes on the yield of dwarf wheat. 103978
The soil conservation of sloping grassland. II. The change of *soil* **moisture** in a sloping grassland. 104172
Effect of compost, straw mulches, and deep plow on *soil* **moisture** conservation in newly reclaimed uplands. 104223
Effect of *soil* **moisture** content on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system soil—solution [Radioactive contamination]. 104645
Effect of *soil* **moisture** on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system soil-plant [Radioactive contamination]. 104646
The role of organic matter and *soil* **moisture** in the process of cesium-137 and cerium-144 [isotopes] transfer from soil into a solution [Radioactive contamination]. 104650
Studies on the micrometeorology of the **mulched** *soil* surface of the rows. I. An example of using two mulching materials, one with high albedo, the other with low Albedo. 1. 104227
Studies on the micrometeorology of the **mulched** *soil* surface of the rows. I. An example of using two mulching materials, one with high albedo, the other with low albedo. 2. 104228
Studies on the micrometeorology of the **mulched** *soil* surface of the rows. II. The effects of mulching or no-mulching by the adiabatic plate. 1. 104229
Studies on the micrometeorology of the **mulched** *soil* surface of the rows. II. The effects of mulching or no-mulching by the adiabatic plate. 2. 104230
Soil **mycoflora** as producer of volatile fungistatic factors. 101584
Analysis of the *[soil]* **mycoflora** of a meadow as compared with that of a paddy field. 103708
Results of scientific works in studying microelements [in *soils]* in the **Nakhichevan'** Autonomous Soviet Socialist Republic. 103800
Effect of the **natural** *soil* microflora and soil supplementations on the biological control of "bakanae" disease of rice [Fusarium moniliforme]. 101626
Scientists trace ancient nitrogen in deep **Nebraska** *soils.* 103740
Effect of three **nematicidal** *soil* treatments on the growth of tobacco plants. 100246
Effects of treating a peach orchard soil by chloropicrine or fumigation on the growth and mineral composition of ryegrass [Lolium] and peach trees planted in this *soil* **[Nematode** control]. 099460
The evaluation of the waterlogging rate of the iron-manganese concretions in the *soils* of **Neva** River lowlands. 103856
How can one approach and follow the introduction of **new** *soil* working procedures in a culture system? 104176
The relation of wheat nitrate reductase and *soil* **nitrate** to flour quality. 095794
Soil **nitrate** loss during irrigation: enhancement by plant roots. 103665
Nitrate reduction in the *subsoil.* III. **Nitrate** reduction experiments with subsoil samples. 103840
Absorption of fertilizer and *soil* **nitrogen** by rice plants under the various cultural conditions of different paddy fields. III. Relationship between kinds of rice seedlings and absorption of nitrogen by rice plants and general discussion. 100323
Soil **nitrogen** parameters signifying its nitrogen supplying power. 103697
N-Serve and its potential use in northern Idaho [for the conversion of ammonium nitrogen to nitrate nitrogen by inhibiting the activity of **Nitrosomonas** *soil* bacteria]. 103938
Behavior of iron-inefficient plants when grown in combinations of calcareous and **noncalcareous** *soils* [Maize, soybeans]. 100149
Organic phosphorus in **noncultivated** *soils* of Tenerife. 103681
Nonionic *surfactant-soil* interaction effects on barley growth. 100069
Particle model method for stress analysis of *soil.* II. A **numerical** method for unconstrained nonlinear optimization problems. 103783
Dextranase activity in Oerskovia xanthineolytica **[occurringin** *soil].* 103770
Dependence of tractive indices of a caterpillar tractor from unit pressure on the *soil* when **operating** on slopes. 103611
Effects of treating a peach **orchard** *soil* by chloropicrine or fumigation on the growth and mineral composition of ryegrass [Lolium] and peach trees planted in this soil [Nematode control]. 099460
Barren stalk of corn grown in **organic** *soils* of eastern North Carolina [Soilborn biotic diseases of unknown etiology]. 102011
A linear model of the long-term dynamics of *soil* **organic** water. 103801
Chemical evaluation of vegetables grown with conventional or **organic** *soil* [fertilizer] amendments. 103923
Different levels of *soil* **organic** matter in desert soil and nitrogen fertilizer on yields and mineral composition of barley grown in the soil. 103924
Fit the plant to the *soil:* **[Ornamental]** gardening on sand. 101112
Fate of 2,2'-dichlorobiphenyl-14C [carbon isotope, degradation products] in carrots, sugarbeets, and *soil* under **outdoorconditions.** 094868
Studies on heavy metal pollution in agricultural land. 1. Movement of cadmium in **paddy** *soils* and absorption of cadmium by rice plants. 104463
Analysis of the movement of *soil* **particles** over the rotational operation device in the process of lifting and turning over a furrow slice. 103512
A device for determining physical and mechanical properties of soil and studying the movement of *soil* **particles** [Wind erosion]. 104236
The viable seed contents of ant-hill and **pasture** *soil.* 099884
Radiobiological determination of assimilable phosphate supply in **peat-bog** *soils.* 103735
Content of nitrate nitrogen in crops in a meadow and forage crop rotation on **peaty** *soils.* 100224
Heavy metal relationships in a **Pennsylvania** *soil.* 103742
Physico-chemical properties of *soil* under **phosphate** application in Stylosanthes humilis. 103763
Phosphorus assimilation by clover and lucerne from *soil* **phosphates** of various genetic horizons of sod-podzolic mean-sandy-loam soils. 100175
Changes of the *soil* **phosphorus** status in long-term field experiments. II. 103873
Effects of crop residues in *soil* on **Phymatotrichum** [omnivorum] root rot of cotton. 101495
Nitrate reduction in the *subsoil.* IV. Some **physical** properties of the subsoil, their influence on chemical interchange in the soil, and on ground water quality. 103841
The effects of *soil* **physical** improvement by subsoiling on the growth and yield of apple. 104224
The arsenic content of corn grain grown on a coastal **plain** *soil* [in Delaware] amended with poultry manure. 100162
Response of tomato to pH [hydrogen-ion concentration] of a coastal **plain** *soil.* 100482
Calibration of selected [water] infiltration equations for the Georgia Coastal **Plain** *[Soils].* 103709
Cation exchange capacity and base saturation of imperfectly drained surface Coastal **Plain** *soils.* 103722
Yield of corn as affected by potassium on a Coastal **Plain** *soil.* 103933
Ionic relationships of *soil* and **plant.** VII. Relationships of roots and tops [Wheat]. 100053
Effect of nature and density of separating liquids on nematodes during the process of extraction [from *soil* and **plant** tissue] by the centrifugation-flotation method. 101963
An automated colorimetric method for the determination of urease activity in *soil* and **plant** material. 103721
Guide to *soils* and **plant** nutrition. 3. [Salt and alkalinity, cation and anion exchange, phosphate fixation]. 103818
Desorption iron-59, cobalt-60, and strontium-90 [isotopes] from *soil* by **plant** extracts in the conditions of dynamic experiments [Radioactive contamination]. 104644
Heptachlor metabolism and the dynamics of its residues in *soil* and **plants.** 102737
The rapid determination of trace elements in *soils* and **plants** by X-ray fluorescence analysis. 103782
Utilization of the atomic-absorption method for the determination of the content of microelements in the *soil* and **plants.** 103791
Bromine in *soil* and **plants.** 103815
The dynamics of the organic substance composition in lysimetric solutions of **podzolic** *soil.* 103849
Effect of nitrogen levels on the yield of tea plantations of different vigor on **Podzolic** *soils.* 104138
Practices for increasing the fertility of sandy **podzolic** *soils* in the Gor'ky Region. 104186
Preliminary data on *soil* **pollution** from nearby abandoned mining operations. 104605
Influence of non-tillage of *soil* on **porosity** in cereal rotation. 104163
Effectiveness on phosphorus and potassium fertilizers in cotton crops as related to the content of phosphorus and **potassium** in *soils.* 104075
Effects of soil environment on root growth of agricultural crops in **prairie** *soils.* 103758
Soil **preparation** in [forest] stand establishment [by region, Pinus]. 104194
Presowing *soil* tillage for maize. 100734
An annotated list of microfungi isolated from the *soils* around **Pretoria,** Transvaal. 098640
Seeders for seeding without **previous** *soil* working. 103418
Effect of different methods of irrigation on the moisture condition of *soil* and the **productivity** of young vineyards. 104424
Analysis and forecasting of consequences of successive passages of tools on the cultural *[soil]* **profile.** 104174
Prediction of some *soil* **properties** through cracks formation of dryness. I. Soil salinity and alkalinity. 103696
Prognosis on the effect of irrigation on *soil* **properties.** 103769
Effect of *soil* **properties** and fertilizers on the yield of unretted straw and seeds of fiber flax in the Kostroma Region. 104072
Growing spruce on **Pseudogley** *soils* in the Saxon hill country [Silviculture]. 098176
Experimental study on mechanisms of *soil* **purification.** 103738
Biological action of strontium-90 [isotope] on the seedlings of pine (Pinus sylvestris L.) in relation to vertical distribution of radionuclide in *soil* **[Radiation** injuries]. 104643
The determination of nitrogen in *soils* by **rapid** high-temperature Kjeldahl digestion and autoanalysis. 103728
Soil moisture extraction by wheat crop as influenced by moisture regime and *soil* **reaction.** 103765
Anesthetization of morphologically smillar species with carbon dioxide for separation and culture [Nematodes extracted from *soil,* **reared** on alfalfa]. 103776
Possibilities in modelling of **recent** *soil* genesis under natural conditions. 103847
Tunnel erosion *[Soil* **reclamation,** vegetative control]. 104225
Genesis of Guadalquivir Valley (South Spain) **red** *soils:* evolution and degradation. 103676
The problem of **reducing** *soil* compaction caused by running systems of mobile farm machinery. 103637
Soil **reflection** coefficient and its consequences for soil temperature and plant growth [Radiation balance]. 103833
Salinization of the Soligorsk **region** *soils* by "Beloruskalii" wastes. 103736
Soil/air/water **relationships** in container [nursery] production [Potting mix]. 103669
The contents of some mineral elements in hay of lucerne (Medicago X varia Martyn) cultivated on **rendzina** *soil* in conditions of spray irrigation and differentiated phosphorus. 100057
Isotope geochemistry of carbonate dissolution and **reprecipitation** in *soils.* 103824
Studies on the physical and geotechnical properties of soils of Kagawa Prefecture. I. On the **residual** *soils.* 103836
Hygienic norm setting for pesticides in the *soil* **[Residue** limits]. 104592
The effect of some herbicides on the weed flora and soil microflora in the onion crop (Allium cepa L.), and the persistence of their **residues** in the *soil.* 102121
Degradation of the insecticide SD 8280, 2-chloro-1-(2, 4-dichlorophenyl)vinyl dimethyl phosphate, in *soils* **[Residues].** 102754
Efficient equation of V. P. Goriachkin and the character of the dependence of its coefficients from major factors affecting the **resistance** of *soils.* 103618
Vertical distribution of Armillaria mellea [Fungi] **rhizomorphs** in *soil.* 100034
Persistence of endrin [insecticide] in Indian **rice** *soils* under flooded conditions. 102713
Estimation of critical limit for zinc in **rice** *soils.* 103726
Dynamics of phosphatase activity in *soil* and **root** tissue of winter wheat as a result of fertilizer application. 100123
Longidoroidea (Thorne, 1935) n. Rank. (Nematoda: Dorylaimina) with the description of Xiphinema neoamericanus n. sp. from India and proposal of a new name for Xiphinema americanum sensu Carvalho (1956) non Cobb, 1913 [collected from *soil* around **roots** of Juglans regia]. 101971
Xiphidorus yepesara n. Gen., n. Sp. (Nemata: Longidoridae) from Brazil [Nematode fauna from *soil* around **roots** of passion fruit]. 101989
Investigations on some biological and physiological behaviours of apple trees with overmoistening of the **root-zone** *soil.* 100436
The radial clearance between the case and blade of the *soil* **rotary** cultivator-thrower. 103554
Causes of drying out of forest plantings on **saline** *soils* in the Crimean Region. 097891

Prediction of some soil properties through cracks formation of dryness. I. *Soil* **salinity** and alkalinity. 103696
[Injurious] effect of *soil* **salinization** on the osmotic regime of maize. 101863
Productivity of cotton as related to the levels of fertilizers and the degree of *soil* **salinization.** 104085
Effect of inorganic fertilizers on the microflora as related to the quality and degree of *soil* **salinization.** 104150
Economic efficiency of washing irrigations in the conditions of the Khorezm Region *[Soil* **salinization,** control]. 104407
Study of the technology of washing irrigations in the conditions of the Khorezm Region *[Soil* **salinization** control]. 104414
Economics of chemical amelioration of acid and **salty** *soils.* 104199
Soil **samples:** How many do you need [for testing]? 103741
Nitrate reduction in the subsoil. III. Nitrate reduction experiments with *subsoil* **samples.** 103840
Effect of salts on the growth and mineral nutrition of cabbage (Brassica oleracea) in *soil* and **sand** culture. 100556
Afforestation on **sandy** *soils* in Denmark. 098078
The problem of water regime of **sandy** *soils* of soddy-podzolic type in the Non-Chernozem Belt of the USSR. 103757
Change in the NPK [nitrogen, phosphorus, potassium] content of maize grains and recovery of fertilizers on a calcareous **sandy** *soil.* 103872
Behavior of potassium in intensive fertilization of **sandy** *soil.* 103900
Effect of inorganic and organic fertilizers on the yield of early potatoes on **sandy** *soils* in the Bryansk Region. 104066
Influence of reseeding and nitrogen on the yield and botanic composition of grassland. Second report of trials at gilze, 1971-1974 [Cultivation on **sandy** *soil].* 104121
Practices for improving **sandy** *soils* and their effect on agrochemical properties. 104187
Practices for improving **sandy** *soils* in the Ukrainian Poles'ye. 104188
Melioration of **sandy** *soils.* 104200
Windbarriers for erosion control [of **sandy** *soils]* in Texas [Cotton]. 104219
Windbreak removal [on **sandy** *soils].* 104220
Winter crops [wheat, barley, sunflower and mustard] in **saturated** *soils* of Sunderbans. 100827
Contribution of organic matter and clay to the cation exchange capacity of *soils* in the **savanna** zone of Nigeria. 103723
Ecological view and its significance in *soil* **science.** 103654
Ferdinand A. Van Buren 1905-1975 *[Soil* **science,** Netherlands]. 103656
Soil **science** applied to management problems. 103739
On the 80th birthday of Nikodim Antonovich Kachinskii *[Soil* **scientists,** USSR]. 103808
In recognition of Sante Mattson on his ninetieth birthday, July 6, 1976 *[Soil* **scientists,** Sweden]. 103822
The profile distribution of total and DTPA [diethylenetriamine pentaacetic acid]-extractable copper in **selected** *soils* in Louisiana. 103729
The profile distribution of zinc in **selected** *soils* in Louisiana. 103730
Selenium content of forage plants harvested in Finistere. Enrichment of ryegrass [Lolium] and maize by adding **selenite** to the *soil.* 100052
Related distribution patterns in *soils* and their **significance.** 103687
Soil **site** determinations [by texture and depth]. 103817
Mechanical erosion of *soils* on **sloping** lands in Byelorussia. 104179
Multielement absorption by crops grown in pots on municipal **sludge-amended** *soil.* 099802
The content and method of **small-scale** *soil* maps. 103854
Effectiveness of ammonium polyphosphate in row application in cereal crops on **soddy-podzolic** *soil.* 100226
Sorption and desorption of caesium microquantities by **soddypodzolic** *soils* of various mechanical composition. 103737
Light **soddy-podzolic** *soils* in the Moscow Region, their properties and fertility. 103755
Sandy and loamy-sandy **soddy-podzolic** *soils* in the Non-Chernozem Belt of the European part of the USSR. 103756
Additive effect of some agrochemical indices in mixing individual samples of **soddy-podzolic** *soils.* 103784
Certain characteristics of the migration of Al and Fe [aluminum, iron] in **soddy-podzolic** *soils* in deciduous-spruce forests. 103803
Characteristics of the clay in soddy-carbonate and **soddy-podzolic** *soils* in the western and eastern regions of the Russian plain. 103805
Major practices for increasing the fertility of sandy and loamy-sandy **soddy-podzolic** *soils* in the Vladimir Region [Dolomite as amendment, fertilizers, plantation plowing]. 103954
Perennial lupine as a green manure on **soddy-podzolic** *soils.* 103955
Methodology of the development of balance systems of fertilizer application in crop rotations on **soddy-podzolic** *soils.* 103961
Effect of potassium fertilizers on the yield of potatoes on sandy **soddy-podzolic** *soils.* 104071
Effectiveness of carboammophoska and ammopolyphoska on **soddy-podzolic** *soils.* 104074
Influence of long-term fertilization and liming on the microorganism population in **soddy-podzolic** *soils.* 104107
Green manure application and reclamative cultivation of sandy and loamy-sandy **soddy-podzolic** *soils* in the foothill regions of the Urals. 104184
Major ways of increasing the fertility of **soddy-podzolic** *soils* of light texture. 104185
Practices of proper tillage of **soddy-podzolic** *soils* developing on sands and loamy sands in Byelorussia. 104189
Results and prospects of investigations in increasing the fertility of sandy **soddy-podzolic** *soils.* 104190
Effectiveness of herbicides in the control of weeds in cotton plantings in relation to the level of applied nitrogen on **soddy-sierozem** *soils* in the Samarkand Region. 102198
Gypsum requirement of **sodic** *soils* and waters. 103869
Application of the waste of chemical industry for the reclamation of **Solonetz** *soils.* 104347
Effect of various levels of inorganic fertilizers in cotton crops with different degrees of salinization and concentration of *soil* **solution.** 104151
The role of organic matter and soil moisture in the process of cesium-137 and cerium-144 [isotopes] transfer from *soil* into a **solution** [Radioactive contamination]. 104650
A study on the clay minerals of *soils* in **[South]** Korea. 103819
Sulphur deficiencies in *soils* of **southeastern** Nigeria. 103947
Persistence of certain systemic and non-systemic fungicides in the *soil,* with **special** reference to the method of application. 101533
Determination of propazine [residues] in *soil* by the **spectrophotometric** method. 102771
Amount of active [plant] nutrients in *soils* of **spruce** [Picea] plantings. 103752
Soil **structural** breakdown under irrigation. 104248
Role of humic substances in *soil* **structure** and soil aggregation. 103720
A device for determining physical and mechanical properties of *soil* and **studying** the movement of soil particles [Wind erosion]. 104236
Foundations of the method of alkaline regeneration of *soil* **substitutes** [Artifical growing substrates]. 100883
Soil **substrates** and mineral nutrition of vegetables in protected cultivation. 101090
The chisel for preparing wheat, maize and **sugarbeet** *soils* in Oise. 103419
Effect of the natural soil microflora and *soil* **supplementations** on the biological control of "bakanae" disease of rice [Fusarium moniliforme]. 101626
Plutonium hazard in respirable dust on the **surface** of *soil.* 104636
Mechanical incorporation in *soil* of **surface-applied** pesticide granules. 102746
Glacial lake evidence in western Minnesota as interpreted from the *soil* **survey.** 103774
Soil **survey** laboratory data and descriptions for some soils of Texas. 103829
Agriculture group and fertiliser society **symposium** *soil* analysis and fertiliser response. 103780
The behavior of heavy metals in *soil-crop* **system.** IV. The distribution and its change of mercury in bed sediments of river [Water contamination]. 104626
The behavior of heavy metals in *soil-crop* **system.** V. Contaminated bodies of mercury in bed sediments of river [Water pollution]. 104627
Effect of soil moisture content on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the **system** *soil*—solution [Radioactive contamination]. 104645
Effect of soil moisture on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the **system** *soil-plant* [Radioactive contamination]. 104646
Distortion and prediction factor on the similitude of *soil-machine* **systems.** 103461
Investigation of heterogenous surface reactions in *soil-solution* **systems** by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657
Soil **taxonomy.** A basic system of soil classificaton for making and interpreting soil surveys. 103650
Catalase activity in the *soil* under a **tea** plantation as affected by herbicides. 103830
Soil **temperature** and plant growth in the northern Great Plains. 099788
Effects of *soil* **temperature** on the development of young eggplants (Solanum melongena). 100410
Relationship between *soil* **temperature** and the transpiration of maize plants. 103659
Effect of diurnal variation of *soil* **temperature** on moisture movement in the rhizosphere. 103761
Soil reflection coefficient and its consequences for *soil* **temperature** and plant growth [Radiation balance]. 103833
Effects of air and *soil* **temperatures** on vegetative growth of citrus [Oranges]. 100473
Soil **temperatures** and growth of rooted cuttings of radiata pine [Pinus radiata]. 100660
Assimilable manganese content in **ten** *soils* of the Duero River basin. 103670
Growth of air-cured tobacco and change of chemical property of newly reclaimed field on the **tertiary-derived** *soil.* 103713
Relationship between *soil* **test** values and analysis of pecan leaves taken at three dates. 103929
Soil **testing.** 103668
Investigations of crops and fertility—a way to economy and efficiency *[Soil* **testing,** foliar analysis]. 103837
Soil-pot **tests** with iron-deficiency susceptible soybeans and other plants to determine effectiveness of iron chelates in plant nutrition. 100160
What *soil* **tests** from Holt Channel indicate. 103793
Evaluation of various *soil* **tests** for available magnesium in western Nigeria. 103821
Soil survey laboratory data and descriptions for some *soils* of **Texas.** 103829
The role of applying organic fertilizers at different depth in increasing the fertility of light **texture** *soils.* 103956
Treatment of *soil* with **thiazone** [3,5-dimethyl-1,2,3,5-tetrahydro-1,3,5-thiadiazinethione-2] and carbathione [vapam] for the control of lodging of conifers in nurseries. 102028
Conservation in the *soil* of **three** germs pathogenic to Melolontha melolontha larvae (Coleoptera: Scarabaeidae) [Biological control]. 102234
About the simazine residues in the *soil* of the **Tikhvin** Forest Nursery. 102770
Effectiveness of integrated ways of controlling Canada thistle [Cirsium arvense] in the system of *soil* **tillage** for maize. 102087
Application of herbicides and theoptimization of *soil* **tillage.** 102135
A field dynamometric device [for testing the operational parts of *soil* **tilling** machines and implements]. 103601
Quantitative detection of seed of branched broomrape [Orobanche ramosa] in California **tomato** *soils* [Parastic plants]. 102173
Considerations on the distortion phenomenon and on the application of the mechanical similitude principle to the *soil* **tool** system [Tillage machine interactions]. 103582
Influence of plants on nitrogen **transformation** in *soils.* 103759
A laboratory study on the pattern and mode of urea nitrogen **transformation** in the *soil.* 103888
Soil **transmission** of Petunia asteroid mosaic strain of tomato bushy stunt virus. 101774
Ratio of microorganisms in the *soil* **treated** with benlate and carbathion for the control of lodging of pine seedlings [caused by fungi]. 101607
Development of the method of physical modelling of *soil* **treatment** processes in relation to soil canals [Digging machinery]. 103612
Determination of inactivation time for dalapon and sodium **trichloroacetate** in *soil.* 102777
Use of Leguminosae for building up soil fertility in dry **tropical** *soils* [Nitrogen fixation]. 103796
Feeding, energy flow and *soil* **turnover** in the desert isopod, Hemilepistus reaumuri. 103059
Research on the etiology and methods of control of foot-rot, a new, dangerous tobacco disease [caused by **two** *soil* fungi, Botrytis cinerea and Rhizoctonia solani]. 101336
Disease incidence and disease severity in loblolly pine [Pinus taeda] planted over **two** *soil* hazard types [Fomes annosus]. 101434
Effect of nitrogen and *soil* **type** on grain yield of rice. 100840
Effect of *soil* **type** and its sterilization on the severity of Fusarium wilt of cotton (Gossypium hirsutum L.) caused by Fusarium oxysporum f. vasinfectum (Atk.) Snyder and Hansen. 101625
Herbicide X insecticide interaction varies with variety, *soil* **type** [Peanuts]. 102106
The *soil* **type** as the taxonomic unit of classification and the principles of its subdivision. 103850
Characterization of gentically different *soil* **types** by infrared spectrophotometry. 103653
Comparative study of potassium Q/I [quantity-intensity] relationships in different *soil* **types** of Tenerife. III. 103673
Potassium buffering capacities in different *soil* **types** of Tenerife. V. 103684
[Compartive study of] potassium Q/I [quantity-intensity] relationship in different *soil* **types** of Tenerife. IV. 103693
On the classification of **upland** *soils* in Hiroshima Prefecture. 103712
Modeling corn production—estimating production under **variable** *soil* and climatic conditions [prediction of crop yields]. 100940
Response of hybrid maize to different levels of nitrogen under **varied** *soil* moisture conditions. 104010
Relative movement of water and salts in surface layers of *soil* under **varying** soil water regime. 103660
Start with *soil* **[Vegetable** gardens]. 104180
Prairie ant mound ecology: interrelationships of microclimate, *soils* and **vegetation.** 098801
Observations on the vertical distribution of [the nematode] Tylenchulus semipenetrans Cobb in **volcanic** *soil* [planted with sour orange, Citrus aurantium]. 101974
Soybean root development and *soil* **water** depletion. 100074
Effect of abscisic acid at different levels of *soil* **water** potential on the transpiration of Zea mays [Maize]. 100252
Soil and **water** conservation structures: demonstrations and field applications. 103329
Observation and prediction of *soil* **water** under different types of vegetation. 103775
The effect of soluble salts on *soil* **water** availability. 103812
Soil **water** extraction by, and growth of, multi-row windbreaks [Tree and shrub species]. 104216
Tree and shrub species for *[soil,* **water** and wildlife] conservation use in the northern Great Plains. 104217
Simulation of *soil* **water-crop** yield systems: the potential for economic analysis [to evaluate alternative irrigation strategies]. 094330
Effect of inorganic fertilizers on the growth of the forest stand of the European planetree (Platanus orientalis L.) on slightley **waterlogged** *soils* from the Colchis Lowland. 104137
Working capacity of elements of operating parts of soil-tilling machines as a function of *soil* **wearing** property. 103559
Observations on the *soil-borne* **wheat** mosaic virus in Italy. 101736

Effects of drying on the transmissibility of wheat spindle streak mosaic virus in *soils* from **wheat** fields in Ontario. 101738
The relationship between *soil-borne* **wheat** mosaic virus and tobacco mosaic virus. 101818
Physical modelling of the processes of *soil* **wind** erosion. 104241
Implements for **working** the *soil*. 103479
Agronomic consequences of reduction of *soil* **working**. 104173
Development of agriculture and its influence on the conceptions of *soil* **working**. 104175
Simplified techniques of *soil* **working** in cereal cultures. 104177
Trends and new processes in *soil* **working**. 104178
The effect of precursors on the nutrient, water regimes of *soil* and the **yield** of maize in the central part of the steppe in the Ukrainian SSR. 100137
Organic matter in the *soils* of the **Zhizdra** River valley. 103809

SOLANACEAE

Antimicrobial substances in certain members of *Solanaceae*. IV. **Detection** of active principles in pepper plant. 100619
Antimicrobial substances in certain members of *Solanaceae*. V. **Detection** of active principles in potato plant. 100620

SOLANUM

Spina bifida, exencephaly, and cranial bleb produced im hamsters by the *solanum* **alkaloid** solasodine [Teratogenesis]. 097852
Overcoming interspecific imcompatibility and the improvement of the capacity for interspecific crosses among night shade species [Solanum laciniatum X *Solanum* **aviculare**]. 099234
Barriers to hybridization of *Solanum* **bulbo** castanum Dun. And Solanum verrucosum Schlechtd. and structural hybridity in their F1 plants. 099168
Genetic segregation of the deformed flower gene in trisomics of *Solanum* **chacoense**. 099185
Agronomical characteristic of the Chilean forms of *Solanum* **chilotanum** [Potatoes, breeding]. 099079
Hybridogenic origin of Solanum juzepczukii Buk. And *Solanum* **curtilobum** Juz. et Buk. 099087
Identification of the trisomic series in **diploid** *Solanum* tuberosum L., group tuberosum. I. Chromosome identification [Potatoes]. 099188
Effects of soil temperature on the development of young **eggplants** *(Solanum* melongena). 100410
Hybridogenic origin of *Solanum* **juzepczukii** Buk. And Solanum curtilobum Juz. et Buk. 099087
Alkaloid distribution in the fruit of *Solanum* **khasianum.** 099680
Overcoming interspecific imcompatibility and the improvement of the capacity for interspecific crosses among night shade species *[Solanum* **laciniatum** X Solanum aviculare]. 099234
Estimation of the effectiveness of the preparations "Actellic 40 EC pyrimiphosmethyl] and PP 484" [pyrimidine phosphorothionian] in the control of Colorado beetle (Leptinotarsa decemlineata Say) on *Solanum* **laciniatum** Ait. 102238
Falling and poisoning of cattle from *Solanum* **malacoxylon** inthe lowlands of Mato Grosso. II. Complementary studies. 097838
Serum calcium fractions in sheep treated with *Solanum* **malacoxylon.** 097853
Investigation of the process for the extraction of glycoalkaloids from lobed **nightshade** *[Solanum]*. 099887
Study of the hybrids of the first generation from the combination Lycopersicon esculentum Mill. X *Solanum* **pennelli** Corr. 099111
Trapping of the spider mite Tetranychus urticae by glandular hairs on the wild **potato** *Solanum* berthaultii. 102459
Response of **potato** *(Solanum* tuberosum) to varying levels ofirrigation and NPK [nitrogen, phosphorus, potassium] fertilization. 104325
Effects of soil temperature on the development of young eggplants **(Solanum** *melongena)*. 100410
Geographical distribution of aboriginal forms of potatoes *[Solanum* **species**] from Peru [determined] on the basis of tuber characteristics. 098518
On the problem of hybridogenic origin of potato pentaploid **species** *(Solanum* semidemissum Juz. 2n=60). 099233
Isolation of carpesterol from the fruits of *Solanum* **torvum.** 100406
Vegetative propagation of *Solanum* **tuberosum** L. In vitro [Potatoes]. 100554
The chlorogonoplasts in the seeds and tubers of potato, *solanum* **tuberosum** L., as indicator of resistance to the Streptomyces [Scabies] infection. 101310
Barriers to hybridization of Solanum bulbo castanum Dun. And *Solanum* **verrucosum** Schlechtd. and structural hybridity in their F1 plants. 099168

SOLAR

Radiation regime and the utilization of *solar* **energy** by barley crops under different levels of mineral nutrition. 100201
Utilization of *solar* **energy** by winter wheat plantings. 100205
Solar **energy** [Poultry houses, heating]. 103385
OARDC's [Ohio Agricultural Research & Development Center] *solar-heated* **greenhouse** [Solar pond]. 103321
Sunpower dries soybeans *[Solar* **heat**]. 103574
Is *solar* **heating** feasible for livestock housing? 103332
OARDC's [Ohio Agricultural Research & Development Center] solar-heated greenhouse *[Solar* **pond**]. 103321
Computations of the absorption of *solar* **radiantion** by clouds. 094058
Solar **radiation** and heat balance in animals and man. 096562
Climate, topography and germination *[Solar* **radiation**]. 098858
Phytoplankton production in the rivers Thames and Kennet at Reading during 1970 [Algae, *solar* **radiation**]. 098864
Tube solarimeter and automatic porometer [Measurement of *solar* **radiation** and stomatal resistance]. 100005
Study of assmilatory apparatus of the undergrowth in connection with light conditions under the canopy in the forest-steppe oak woods [Quercus, photosynthesis, *solar* **radiation**]. 100690

SOLASODINE

Spina bifida, exencephaly, and cranial bleb produced im hamsters by the solanum **alkaloid** *solasodine* [Teratogenesis]. 097852

SOLENOPSIS

A mechanism of pathogenicity of Beauveria brassiana [Fungi] on larvae of the imported fire ant, *Solenopsis* **richteri.** 102246
Fire ant *[Solenopsis]* **trail** pheromones: analysis of speciesspecificity after gas chromatographic fractionation. 102999

SOLID

Kinetic study of crystallization of plastic fats. I. Layout of *solidification* **curves** by large band nuclear magnetic resonance. 095521
Kinetic study of crystallisation of fats. II. Cooling curves, *solidification* **curves** and combined curves. 095522
Pathogenesis of atherosclerosis; some advances from using animal models *[Solid* **diets**]. 095056
Effects of *solid* **food** on blood levels of alcohol in man. 095214
Household *solid* waste associated with food consumption activities. 104638
Determination of *solid* and **liquid** components of palm oil as function of the crystallization condition by measurement of nuclear magnetic resonance. 095436
Determination of bacterial cholinesterase activity on *solid* **nutrient** media [Soils, Arthobacter simplex cholinesterasus]. 103798
Solid **phase** bovine thrombin: preparation and properties. 096248
A method of pressure regulation in *solid-set* **sprinkler** systems. 103453
New and interesting marine algae from the Shetland Isles. II. Hollow and *solid* **stiped** Laminaria (Simplices). 098551
Solid **wastes** and water quality. 104579

SOLONCHAK

Karyosystematics of **certain** *solonchak* species of sagebrush [Artemisia], subgenus Seriphidium (Bess.) Rouy. 098539

SOLONETZ

Application of the waste of chemical industry for the reclamation of *Solonetz* **soils.** 104347

SOLUBILITY

Alkaline *solubilization* of heat-precipitated cheese whey protein. 095561
Role of the phagocytose and evocation of *soluble* **antibacterial** factors in experimental immunization of Locusta migratoria. 102855
Influence of **carbohydrate** *solubility* on non-protein nitrogen utilization in the ruminant. 096699
Sulphur-nitrogen interaction effects on the yield and composition of the protein-N, non-protein-N and *soluble* **carbohydrates** in perennial ryegrass [Lolium perenne]. 104041
Influence of preliminary alkali treatment on birch wood impregnation and *solubility* of its **components** in acid sulphite pulping. 098319
Effect of change in water-air regime of heavy soils being drained on the amount of *acid-soluble* **forms** of iron and productivity of meadow plant community. 104243
Relative efficiencies of a *soluble* and **immobilized** two-enzyme system of glucose oxidase and catalase [Aspergillus niger, Fungi]. 099551
Studies on factors of *solubilization* of **insoluble** ovomucin during thick [egg] white thinning. 095734
Tension development in skinned glycerinated rabbit psoas fiber segments irrigated with *soluble* **myosin** fragments. 096253
Lignosulphonates and **natural** *water-soluble* lignin in the Lielupe River water. 098337
Water-soluble **organic** components of the litter in the coniferous forests of the Valdai hills. 103810
Chemical composition of *acid-soluble* **part** of black alkaline solutions after hardwood pulping. 098300
The effect of light on *acid-soluble* **polysaccharide** accumulation in Sclerotium rolfsii Sacc. [Fungi]. 099633
Solubility **profile,** intrinsic viscosity, and optical rotation studies of acid precipitated soy protein and of commercial soy isolate. 095811
Pearlmillet. I. Characterization by SEM [scanning electron microscopy], amino acid analysis, lipid composition, and **prolamine** *solubility*. 095788
Phenols as inductors of some Basidiomycetes oxidases. II. Electrophoresis on polyacrylamide gel of *soluble* **protein** and laccase from the mycelium of Coriolus versicolor [Fungi]. 099497
Soluble **proteins** of Dieffenbachia [picta]. 100555
Readily *soluble* proteins and peroxidase of the heterotic hybrids, sterile and fertile analogs of onions. 099101
The effect of *soluble* **salts** on soil water availability. 103812
Location of the source of the *soluble* **skin** surface proteins of cattle by immunofluorescence. 096541
Effect of the *water-soluble* **substance** from forest litter on the absorption of radioactive isotopes in soil [Contamination]. 104647
A note on the effect of heat on the *solubility* and in **vitro** breakdown of groundnut-cake proteins [Ruminant rations]. 096010

SOLUTION

Chemical composition of acid-soluble part of black **alkaline** *solutions* after hardwood pulping. 098300
Determination of organic acids in black **alkaline** *solutions* after rough aspen wood pulping. 098311
Causes and **alternative** *solutions* to the water quality problems of Big Stone Lake, Western Minnesota-northeastern South Dakota. 104337
Effect of the hydrogen-ion concentration of **applied** *solution* on radioactive sorption of iodide by soils. 103816
Investigations of diffusion in pure and technical sucrose solutions. I. Diffusion of sucrose in pure **aqueous** *solutions*. 095849
Experimental study of the accumulation of cesium-137 [isotope] by lichens from **aqueous** *solutions* (Cladonia rangiferina (L.) Web. as an example [Radioactive contamination]. 104648
Loss of structure in freeze-dried [orange juice] **carbohydrates** *solutions:* effect of temperature, moisture content and composition. 095929
Dependence of [polymer] **celnovocaine** *solution* viscosity on hydrogen-ion concentration of medium. 098310
Copper absorption from **copper-alkali** *solutions* by cellulose. 098309
Electro-kinetic studies of cotton. II. Measurement of surface potential at the interface between cellulose and *solution* of **cross-linking** agents. 095829
Sodium relations in desert plants. 5. Cation balance when grown in *solution* **culture** and in the field in three species of Lycium from the northern Mojave Desert. 099982
Some *solutions* for the **degradation** of permanent pastures [Fertilizer use]. 100911
Studies on the keeping quality of cut flowers. II. On the floral preservative **'Kagawa** *Solution'* and its practical use for cut carnations. 095948
The dynamics of the organic substance composition in **lysimetric** *solutions* of podzolic soil. 103849
Drip irrigation—problems and *solutions* **McBryde's** experience. 103387
Physiological activity of water beetle [Dytiscidae, Gyrinidae, Coleoptera] defensive agents. I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in *solution* to the **minnow** Pimephales promelas Raf. 102965
Generalized **nomographic** *solution* of Hooghoudt equations [Drainage]. 104289
Estimation of sire's breeding value. V. Derivations of variance-covariance matrices of a *solution* of **normal** equations of a mixed linear model subject to selection bias. 097077
Formulation of **nutrient** *solutions* and cultivation of plants in water culture. 100018
Excess EDDHA [ethylenediamine di(o-hydroxyphenylacetic acid] in the **nutrient** *solution* on iron uptake by bush bean plants. 100152
Phosphorous levels on the ability of an iron-inefficient and an iron-efficient corn inbred to take up iron from **nutrient** *solution*. 100156
Screening of rice cultivars for tolerance to Al [aluminum]toxicity in **nutrient** *solutions* as compared with a field screening method. 101837
Nutrient *solutions* [for use in research on mineral deficiencies under controlled conditions of plants]. 102043
Study of mineral nutrition of Pelargonium on sand culture and **nutritive** *solution*. 100521
Water uptake and germination of leguminous seeds [chickpeas, broadbeans] under changing external water potential in **osmotic** *solutions*. 100491
Formation of organic peroxides from methyl beta-D-glucopyranoside in alkaline hydrogen **peroxide** *solutions* [Degradation of cellulose]. 098202
Aflatoxin problem in corn [used for human food and animal feed] and **possible** *solutions* [Aspergillus flavus, toxicity]. 094902
The role of organic matter and soil moisture in the process of cesium-137 and cerium-144 [isotopes] transfer from soil into a *solution* **[Radioactive** contamination]. 104650
The behavior of various starch granules in KOH [potassium hydroxide] *solutions* **[Rice,** corn, potatoes]. 095842

Studies on the central venous pressure in the dog. II. Changes of central venous pressure following fluid transfusion. 1. Infusion of dextran 70 and lactated **Ringer's** *solution* to normal dogs. 096534
Effect of various levels of inorganic fertilizers in cotton crops with different degrees of salinization and concentration of **soil** *solution.* 104151
Effect of soil moisture content on the performance of strontium-90, cesium-137, and cerium-144 [isotopes] in the system **soil**—*solution* [Radioactive contamination]. 104645
Investigations of diffusion in pure and technical **sucrose** *solution.* II. Diffusion of sucrose and non-sucrose compounds in multi-component systems. 095848
Investigations of diffusion in pure and technical **sucrose** *solutions.* I. Diffusion of sucrose in pure aqueous solutions. 095849
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified alkali birch wood lignin preparations on styrene polymerization in DMSO [dimethyl **sulfoxide**] *solution.* 098314
Investigation of heterogenous surface reactions in *soil-solution* **systems** by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657
Interaction of glucose and hydrogen chloride in **water** *solutions* [Cellulose]. 098322
Ozonolysis activation strengthening of **water** *solutions* of lignin derivatives by high-frequency vibrations. 098347
Glyphosphate—a *solution* to the **weed** problem in forestry? [Herbicides]. 102166

SOLVENT
Effects of 1,1,1-trichloroethane administered by different routes and in different *solvents* on **barbiturate** hypnosis and metabolism in mice. 097822
Influence of the *solvents* used for the **crystallization** of steroid on the process of hydroxylation of the 21-acetate of Reichstein's substance S by a culture of the fungus Tieghemella orchidis. 099505
The effect of freezing and **organic** *solvents* on viability of chlorophyllous fern spores [Equisetum arvense, Osmunda japonica]. 099691

SOMATIC
Body temperature of fowls induced by intracerebroventricular infusion of TAB [typhus and paratyphus A and B] vaccine and O *somatic* **antigen** of Shigella dysenteriae. 097213
Enzymic methods for estimation of the *somatic* **cell** count in bovine milk. 1. Development of assay techniques and a study of their usefulness in evaluating the somatic cell content of milk. 095582
Studies on the *somatic* **cells** of milk. 095546
Comparisons of *somatic* **crossing** over frequency in Nicotianatabacum [tobacco] and three other crop species [Soybeans, cotton, tomatoes]. 099137
On the projection of the **first** *somatic* sensory area to the motor cortex of the cat. 096591
Somatic **heterosis** in winter rye hybrids. 099107
Anatomy and development of the *somatic* **musculature** of the nematode Ascaris [Swine, horses]. 097407

SONIC
New viewpoint on the effect of *sonic* **booms** on farm raised fur animals. 097834

SOPHOPHORA
Relationships within the melanogaster species subgroup of the genus **Drosophila** *(Sophophora).* II. Phylogenetic relationships between six species based upon polytene chromosome banding sequences. 103085

SOPHRORHINUS
The ecology and distribution of kola weevils [Sophrorhinus quadricristatus, *Sophrorhinus,* **Balanogastris** kolae] in Nigeria. 102444

SORBATE
Rapid analysis of **potassium** *sorbate* in dried prunes by ultraviolet or colorimetric procedures. 095918

SORGHUM
Effect of substrate on metabolic production by Alternaria **alternata** *[Sorghum].* 101327
Insect [pest] management in corn and *sorghum* **based** on field monitoring teams. 102353
Some agronomical studies on rainfed jowar *[Sorghum* **bicolor]in** black cotton soils. 100864
Use of tropical germplasm in a *sorghum* **breeding** program for both tropical and temperate areas. 099371
A broader germplasm base in **corn** and *sorghum.* 099363
Effect of the D.L. Abscisin (Dormin) and other growth regulators on germination, growth and yield of **corn** and *sorghum.* 100083
Press wheels help establish summer **crops** *[Sorghum].* 103404
An inoculation technique for identifying resistance to *sorghum* **downy** mildew [Sclerospora sorghi]. 101546
Economics of nitrogen **fertilization** of *sorghum.* 103968
What is a quality **forage** *sorghum?* 096772
Studies on the **forage** *sorghum* breeding utilizing the cytoplasmic malesterile lines. I. Effect of the parental lines on the green forage yield of hybrids. 099124
Double cropping wheat and *sorghum* **forage.** 100779
1076 grain and **forage** *sorghum* weed cntrol. 102122
Accessory chromosomes and their meiotic behaviour in hybrids of **grain** *sorghum* and Johnson grass [Sorghum halepense]. 098950
Missouri crop performance, 1975. I. Corn. II. **Grain** *sorghum.* III. Soybeans [Varieties, yields]. 100979
The culture and feeding with Sudangrass and **grain** *sorghum* hybrids. 100987
Chemical desiccation of **grain** *sorghum* [by controlling perennial weeds]. 102075
Varietal responses of **grain** *sorghum* to infestation by Heliothis armigera. 102305
Hybrid **grain** *sorghum* response to magnesium fertilization. 103944
Fertilizer efficiency for corn and **grain** *sorghum.* 104117
Effect of nitrogen fertilization on the productivity of *sorghum-Sudan* **grass** [Sorhum vulgare sudanense] cultivars and millet in Rio Grande do Sul, Brazil. 104156
Accessory chromosomes and their meiotic behaviour in hybrids of grain sorghum and Johnson grass *[Sorghum* **halepense].** 098950
Effect of different ways of treatment with dalapon on the nitrogen and nucleic metabolism in the leaves of cotton and Johnsongrass *[Sorghum* **halepense].** 102195
Note on the isolation of *sorghum* **husk** polysaccharides and fractionation of hemicellulose B. 095787
Structure of yield in hybrid, high-bred and **local** *sorghums* as influenced by nitrogen and population levels. 100865
Black layer signals maturity **[Maize,** *sorghum].* 100181
Soybean, *sorghum* and **millet** for the Maryborough area. 101008
The physiology of *sorghum* **seed** development as affected by light and water stress. 100295
Desiccation in the determination of drought resistance by pre-sowing *[sorghum]* **seed** treatments. 100303
Evapotranspiration model tested for **soybean** and *sorghum.* 100064
Effect of volatile inhibitors from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the fungus that causes charcoal rot on corn, *sorghum,* **soybean,** and other economic crop plants]. 101380
An evaluation of a resistance form of the energy balance to estimate evapotranspiration **[Soybeans,** *sorghum].* 100062
Duration of the mitotic cycle in **species** of *Eu-Sorghums.* 098935
Research on bacterial diseases of *sorghum* in **Stavropol** territory. 101695
Breeding-genetic and physiological-biochemical study of *sorghum* **sterile** analogs. 099387
Insect resistance and breeding **strategies** in *sorghum.* 099366
Growth and composition of sudangrass *[Sorghum* **sudanense]** onhigh-calcium, low-magnesium soil. 100065
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of tomato, corn, and sudan grass *[Sorghum* **sudannese]** grown in sand culture. 099676
Effect of short-chain fatty acids extracted from beef cattle manure on germination and seedling development [Phytotoxicity, **wheat,** *sorghum].* 103894
The quality of the seeding material and the **yield** of *sorghum.* 100737
Effect of dates of sowing on grain **yield** of *sorghum.* 100834

SORT
Equipment to aid in **manual** *sorting* of adult codling moths [Laspeyresia pomonella] by sex [Horticultural plants]. 102385

SOUND
Ways of *sound* **application** of fertilizers in maize and other field crops. 103911
Sound **financial** management is critical to the crop producer. 094378
Importance and establishment of herds with *sound* **legs** and hoofs in industrial dairy units. 096133
Study of chemical composition of extractives in unbleached sulphite pulp obtained from *sound* and **mixture** of sound and rotten aspen wood. 098363
Frequency following response to the cat cochlear nuclei to **multicomponent** *sound* signals. 096455
Expressway to chaos or *sound* **policy?** [Food and Drug Administration, regulations]. 094839
Sound **production** in Scolytidae: aggressive and mating behavior of the mountain pine beetle [Dendroctonus ponderosae]. 102480
Sound **production** in Scolytidae: rivalry and premating stridulation of male Douglas-fir beetle [Dendroctonus pseudotsugae]. 103016
Vegetation of Sucia Island in **Puget** *Sound,* Washington. 098785
Study of chemical composition of extractives in unbleached sulphite pulp obtained from sound and mixture of *sound* and **rotten** aspen wood. 098363
Study of composition extractives in *sound* and **rotten** aspen wood. 098364

SOW *see* SWINE

SOWING
Reserves of increasing the productivity of units in *sowing* **cereals** and clean-cultivated crops. 103622
Effectiveness of the way of *sowing* **cotton** in the bottom of a furrow in the conditions of the Kokand group of regions. 101002
Studies on the effect of *sowing* **date** and seed-rate on the growth and yield of wheat, 'Kalyansona'. 100868
Effect of seed types, *sowing* **date,** distance of the row and soil conditions on the sugarbeet. I. Effects on emergence. 100967
The effect of storage temperature and *sowing* **date** on flowering of Ranunculus asiaticus seeds. 101072
Influence of *sowing* **dates** and seed rates on the performance of wheat varieties Kalyan Sona, HD 1941 and WL 212. 100851
Performance of hirsutum cotton varieties under different *sowing* **dates,** spacings and fertilizer levels. 100857
Effect of the seeding rates and *sowing* **dates** on the yield of the first productive year in 3 varieties of meadow clover and their mixtures. 100936
Effect of seed types, *sowing* **dates,** distance on the row and soil conditions on the sugarbeet. II. Effects on the yield. 100968
Bajra [pearlmillet] transplanting compensates for **delayed** *sowing.* 100817
Effect of *sowing* **density** and levels of inorganic fertilizers on the anatomical structure of spring wheat stem. 099038
Sowing grassland. The influence of *sowing* **depth** and pressure on the development of English ryegrass [Lolium perenne]. 100721
Sowing **forage** herbaceous plants on abandoned open-mining sites [Hungarian sainfoin]. 100901
Effect of dates of *sowing* on **grain** yield of sorghum. 100834
Sowing **grassland.** The influence of sowing depth and pressure on the development of English ryegrass [Lolium perenne]. 100721
Studies on the dates of *sowing* and **harvesting** of four varieties of sugarbeet. 100869
Transplanting, **line** *sowing* and direct braodcast study with six padi varieties. 100914
Ways of *sowing* **lupine** on sandy and loamy-sandy soils. 100787
The role of *sowing* **lupine,** application of fertilizers and lime in the cultivation of soddy-podzolic sandy and loamy-sandy soils. 103957
Various times of *sowing* for **peas** for maturity. 101268
Interrelationship between ways of *sowing,* **plant** density and yield of self-pollinated lines of maize. 100732
Methodology of determining the strength of attachment of a seed by suction for the **pneumatic** *sowing* mechanism of a maize planter. 103416
The effect of temperature regime of storing pine and spruce seeds on their *sowing* **qualities.** 098140
Alteration of *sowing* **qualities** of cotton seeds as effected by butyric acid derivatives [Growth substances]. 100222
Effect of dates of *sowing,* **rates** of nitrogen and planting densities on grain yield of hybrid maize 'Ganga 101'. 100832
Effect of dates of *sowing* and **rates** and times of N [nitrogen] application on the grain yield and malting and brewing quality of 2-row barley. 100835
Effect of nitrogen, phosphorus, date of *sowing* and **seed** rate on yield of dwarf wheat in Rajasthan. 100839
Effect of time of *sowing,* **seed** rate and seed soaking on grain yield of rainfed barley. 100847
Effects of dates of *sowing,* **seed** rates and nitrogen levels on dwarf wheat Kalyansona. 100849
Desiccation in the determination of drought resistance by *pre-sowing* **[sorghum]** seed treatments. 100303
Sunflower *sowing* period in irrigated land [Yields]. 100758
Effect of date of *sowing* on **sunnhemp.** 100831
Results of studying gardencress and coriander [as greens] in various *sowing* **time** in the Daghestan Experimental Station of the All-Union Institute of Plant Industry. 100604
Water provision rate and productivity of alfalfa as related to the species of the cover crop, way and **time** of *sowing.* 100739
Effect of *sowing* **time** of rainfed barley in relation to seed rate and seed soaking in Bundelkhand region of Uttar Pradesh. 100846
Unitizing tractors in combined soil tillage preceding the *sowing* of **winter** crops. 103640

SOYBEANS
Marketing by content—**acceptance** slow *[Soybeans].* 094624
Functional properties of succinylated and **acetylated** *soy* protein. 095810
Nodulation pattern in *soybean* as **affected** by rates of nitrogen and phosphorus. 104001
Use of waste pyrites from mine operations [in Colorado] on highly calcareous soil *[Soybeans,* **banding** of fertilizers]. 103932
Government involvement makes Brazil's *[soy]* **beans** an attractive alternative. Subsidies aid Brazilian expansion. 094623
Food powers the growth at **Central** *Soya* [U.S. Foreign markets]. 094510
Cation-anion balance in lime-induced **chlorosis** *[Soybeans].* 101875
Solubility profile, intrinsic viscosity, and optical rotation studies of acid precipitated soy protein and of **commercial** *soy* isolate. 095811
Prickly Sida [spinosa] **control** in *soybeans.* 102080

Commoncocklebur [Xanthium pennsylvanicum]—competition and **control** *[Soybeans].* 102211
Seasonal abundance, diel periodicity and habitat preference of the striped earwig Labidura riparia in the coastal plainof South Carolina [Potential predator of insect pests, Spodoptera littoralis, *soybeans,* **corn,** cotton]. 102282
Comparisons of somatic crossing over frequency in Nicotianatabacum [tobacco] and three other crop species *[Soybeans,* **cotton,** tomatoes]. 099137
Response of *soybean* **cultivars** to inorganic and bacterial fertilizers. 100133
Differential foliar sensitivity of *soybean* **cultivars** to ozone associated with differential enzyme activities [Pollutioninjuries]. 102005
Soybean **cultivation** in the European part of the USSR. 100978
Zinc induced iron **deficiency** in *soybeans.* 101881
Glucose, pyruvate, and acetate metabolism by **developing** *soybean* seeds. 100272
Evaluation of the after-effect of gamma irradiation (Co-60)[cobalt isotope] on vegetative and generative **development** in *soybean.* 099415
Are *soybean* **diseases** cutting profits? 102033
Sunpower **dries** *soybeans* [Solar heat]. 103574
Effect of volatile inhibitors from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the fungus that causes charcoal rot on corn, sorghum, *soybean,* and other **economic** crop plants]. 101380
Economic recovery brings rally *[Soybeans,* **exports,** United States]. 094622
Raw and heated full **fat** *soybeans* in laying diets [poultry]. 096761
The use of annual wind barriers [corn rows in a *soybean* **field**] for protecting row-crops. 100941
Effect of nitrogen, phosphorus and potassium on yields, protein contents and nutrient levels in *soybeans,* **field** peas and fababeans. 103925
Slugde-borne metal uptake by *soybeans* as a **function** of soil cation exchange capacity. 100159
Histochemical studies on cotyledon of *soybean* during **germination.** 098964
Chromosome transmission and morphology of three primary trisomics in *soybeans* (**Glycine** max). 099136
Aneuploids from a desynaptic mutant in *soybeans* (**Glycine** max (L.) Merr.). 099155
Pod and leaf photosynthesis and disease incidence in *soybean* (**Glycine** max (L.) Merr.) with potassium fertilization. 100157
Influence of temperature on nitrate metabolism and leaf expansion in *soybean* (**Glycine** max L. Merr.) seedlings. 100279
Effect of soil application of aldrin and gammexane [insecticides] on germination, grain yield and quality of *soybean* (**Glycine** max). 100296
Introductory work with *soybeans* (**Glycine** hispida Max.) in Bulgaria. 100803
Studies on seed coat toxicity to rhizobia of urid (Phaseolus mungo) [mungo beans], mung [beans] (Phaseolus aureus), and *soybean* (**Glycine** max). 102070
Binding of phytic acid to **glycinin** *[Soybeans].* 095781
Consumer attitudes to a **ground** *beef-soy* mixture on the retail market. 094560
Eating quality of **ground** *chicken-soy* patties. 095196
Growing *soybeans* (Glycine max (L.) Merrill. 100994
Soybean **growth** and composition as affected by K, Ca, and Mg [potassium, calcuim, magnesium] rates and corn rotation. 100161
Nutritive value of *soybean* **hay** for growing pigs. 096797
Sperm oil replacements from selectively **hydrogenated** *soybean* and linseed esters: special lubricants. 095815
Virus-like injury to *soybean* **induced** by residual herbicide components present in cow manure. 102045
A spatial equilibrium model for plant location and interregional trade *[Soybean* **industry** in India]. 094664
Lime chlorosis on photosynthesis and transpiration of **iron-inefficient** *soybeans.* 101879
A mosaic disease of *soybean* at **Kanpur,** India. 099382
Iron chlorosis caused by MgCO3 [Magnesium carbonate, *soybeans,* **kidney** beans]. 101878
Nodulating and non-nodulating **Lee** *Soybean* isolines response to applied nitrogen. 100068
Alfalfa , a contribution to food sypply in the Andes. 2. Protein quality of Lupinus mutabilis compared to Lupinus albus, Lupinus **luteus** and *soybeans.* 095227
Behavior of iron-inefficient plants when grown in combinations of calcareous and noncalcareous soils [**Maize,** *soybeans].* 100149
Mixed cropping of *soybean* with **maize.** 100852
Monocot-dicot variability in response to an iron oxide-metallic iron source [**Maize,** *soybeans].* 103928
Research with *soy* **meal** [as a feed for fur bearing animals]. 096001
Soybean **meal** and urea compared as protein supplements in high-concentrate ration of milking cows and growing goats. 096665
Screening soybean varieties and hybrids for resistance to *soybean* **mosaic** virus. 101801
The *soybean* and its **nectar** secretion. 100329
Homogeneous selective catalytic hydrogenation of *soybean* **oil.** 095797
Decomposition of *soybean* **oligosaccharides** by intestinal bacteria. VII. Alpha-galactosidase activity of a few other intestinal bacteria than Escherichia coli. 095224
Germination-lysis as a mechanism for biological control of Thielaviopsis basicola **pathogenic** on *soybean.* 101374
Some diseases of mungo, **peanut** and *soybean.* 101835
A rough determination of sulphate reduction intensity compared with cystein-35S [sulfur isotopes] incorporation in leaves of *soybean,* **peas** and sunflower and in a mushroom mycelium culture. 100007
Insects that bug your beans *[Soybeans,* **pests,** control]. 102358
Unless you help, a cocklebur [Xanthium pennsylvanicum] willwhip a *soybean* **plant** every time. 102183
On the biological activity of IAA [indoleacetic acid] conjugates [using tissues of tobacco, **potato** and *soybean].* 100108
Solubility profile, intrinsic viscosity, and optical rotation studies of acid **precipitated** *soy* protein and of commercial soy isolate. 095811
Evaluation of a parallel-belt sheller for *soybeans* **[Processing].** 096054
Utilization of *soy* **protein** in the European Community [Trade]. 094508
Enterocolitis in low-birth-weight infants associated with milk and *soy* **protein** intolerance. 095157
Bioavailability of zinc in milk and *soy* **protein-based** infant formulas. 095146
Comparison of fatty acids content in *soybean* and **rape** lecithins. 095800
Relationships between lipid changes and plastid ultrastructural changes in senescing and **re-greening** *soybean* cotyledons. 100221
Soy **requires** innovative marketing. 094625
Response to inoculation [nitrogen fixation] in *soybean* and its **residual** effect on wheat. 103764
Soybeans **resistant** to water absorption [Food processing]. 095795
Economic evaluation of *soybean* **response** to nitrogen on Calloway silt loam soil [Costs, returns]. 094379
Search for B-1 aflatoxin and similar fluorescent compounds in 'Misso' [Fermented **rice** and *soybean].* 094890
Study on the effect of cement kiln dust as potassium fertilizer on **rice** and *soybean.* 104131
Soybean **root** development and soil water depletion. 100074
Screening *soybean* varieties and hybrids for resistance to soybean mosaic virus. 101801
Components of *soybean* **seed** yield as influenced by canopy level and interplant competition. 100704
Foliar fertilization of *soybeans* during the **seed-filling** period. 103882
Soybean **seedling** diseases associated with double cropping [Sclerotium folfsii, Rhizoctonia solani]. 101329
Productivity and yield structure components of *soybean* **seeds** [Evaluation of initial breeding material]. 100306
A preliminary study on the role of organic nutrition on flower and pod **shedding** in *soybeans.* 103919
An evaluation of a resistance form of the energy balance to estimate evapotranspiration *[Soybeans,* **sorghum].** 100062
Evapotranspiration model tested for *soybean* and **sorghum.** 100064
Soybean, **sorghum** and millet for the Maryborough area. 101008
Sicklepod [Cassia obtusifolia] in the **southeast** *[Soybeans].* 102213
Studies on the productivity of Bulgarian and foreign varieties of grain legumes [Field beans, *soybean,* **spring** feed pea and chick pea]. 100804
Changes in the lipids of *soybeans* during **storage** and germination. 095796
Virus diseases of legume plants in Indonesia. 2. *Soybean* **stunt** virus. 101744
Root phenolic contents of resistant and **suceptible** *soybean* cultivars infeced with Rotylenchulus reniformis [Nematodes]. 101841
Soil-pot tests with iron-deficiency **susceptible** *soybeans* and other plants to determine effectiveness of iron chelates in plant nutrition. 100160
Soybeans: where are we **technically** before the 1976 season? 100763
Chemistry and **technology** of *soybeans.* 095753
Thiamine requirements of various plant cells in suspension culture *[Soybeans,* **tobacco,** rice]. 100275
Use of urea in the nutrition of monogastric animals. I. Partial or complete substitution of *soybeans* for **urea** in a rabbit ration. 096788
USSR buys **U.S.** *Soybeans.* 094545
Study on the suitability of *soybean* **varieties** for growing under irrigation as a second crop. 100806
Missouri crop performance, 1975. I. Corn. II. Grain sorghum. III. *Soybeans* [**Varieties,** yields]. 100979
Response of *soybean* **varieties** to graded doses of nitrogen and phosphorus. 104145
Lime-induced chlorosis caused by excess irrigation **water** *[Soybeans].* 101880
Alpha-galactosidase production [from *soybean* **whey**] and use in a hollow-fiber reactor. 095766
Effect of inter- and intrarow spacings on the growth and **yield** of *soybean.* 100838

SPACING

Examples of the establishment of *spatial* **arrangement** as a measure for increasing the resistance of spruce stands (information article with reference data) [Storm injuries]. 097955
Spatial **arrangement** of some erythrocyte membrane receptor sites [Lentils]. 100341
Influence of cutting cycle and *spacing* on **coppice** sycamore [Platanus occidentalis] yield. 098167
Role of the structure of the stand in the formation of the maize yield *[Spacing,* **density].** 100134
Quantitation of the *spatial* **distribution** of 'prespore vacuoles' in pseudoplasmodia of Dictyostelium discoideum [Fungi]. 099831
The *spatial* **distribution** of excreta under intensive cattle grazing. 104040
A *spatial* **equilibrium** model for plant location and interregional trade [Soybean industry in India]. 094664
Performance of hirsutum cotton varieties under different sowing dates, *spacings* and **fertilizer** levels. 100857
The system of *spacing* **grapevines** in the vineyards of Moldavia. 101281
Initial *spacing* in relation to [forest] stand establishment [by region]. 098087
Effect of irrigation methods with various **interrow** *spacing* on the yield of cotton. 104408
Effect of inter- and **intrarow** *spacings* on the growth and yield of soybean. 100838
Effect of P [phosphorus], *spacing* and **irrigation** on the grain yield of mung [beans] after rice bean. 100842
Effect of date of planting, *spacing,* **levels** of nitrogen and size of tuber on the yield of seed potato. 101185
Response of Olitorius jute to **nitrogen** and *spacings.* 104015
Analysis of the *spatial* **organization** of Drosophila melanogaster genome based on ectopic pairing of polytene chromosomes. 102945
Water use by dryland corn as affected by maturity class and **plant** *spacing.* 100076
Influence of transplant pricking off density on yield, earliness and production quality of some tomato varieties for early field **production** *[Spacing].* 101144
Effect of dates of planting and **row** *spacings* on the seed yield of jute varieties. 100833
Effect of sett number, **row** *spacing* and nitrogen on the performance of sugarcane. 100844
Row *spacing,* seed rate and variety of wheat under rainfed conditions at Dholi (Bihar). 100863
High-frequency trickle irrigation and **row** *spacing* effects on yield and quality of potatoes. 101022
Effect of irrigation and **row** *spacing* on summer moong [Mung beans]. 101186
Effect of variety, **row** *spacing* and plant population on pigeonpea. 101189
Studies on the performance of pigeonpea varieties to dates of planting and **row** *spacing.* 101192
Effects of nitrogen and **row** *spacing* on the yield and quality of essential oil in Japanese mint [Mentha arvensis]. 101301
Effect of nitrogen fertilization and **row** *spacing* on the yield of hybrid pearlmillet. 103981
Response of celery to nitrogen and **row** *spacings.* 104004
A comparison of seed-tape drilling and *spaced* **seed** drilling [of sugarbeet]. 100717
Changes in the morphological traits of the Likorishko Byalo 7 cabbage variety under the influence of the nutritional area **size** *[Spacing].* 098978
Effect of three levels of nitrogen and **three** *spacings* on grain yield of two varieties of rice. 103986
Effect of dates of transplanting and *spacings* on the **yield** of Aman paddy. 100773

SPAN

The relation between growth rate and **life** *span* in Triboliumcastaneum and Drosophila melanogaster. 102857

SPARROWS *see* BIRDS

SPARTINA

Non-structural carbohydrates in *Spartina* **alterniflora** Loisel [the dominant plant in the salt marshes along the eastern U.s. coast]. 099578

SPAWNING

Effect of *spawn* from **mixed** culture of mycelia between different strains of Agaricus bisporus (Lang) Sing. on mushroom yield. 101249

SPECIALIZATION

Experience with the concentration and *specialization* of **agricultural** production in the German Democratic Republic. 094736
Feeding *specialization* of the main species of green lacewings [Neuroptera, Chrysopidae] spread in Adzharia [Citrus pests, biological control]. 102472
Some problems of ideological work in the village under conditions of concentration, *specialization* and **industrialization** of agriculture production. 094036
Specialization—a **major** factor of increasing [farm] production efficiency [Subtropical crops]. 094336
Pathogenic *specialization* in Puccinia recondita f. Sp. Tritici in N.w.f.p. [North West Frontier Province of Pakistan, leaf rust disease of wheat]. 101312
Production *specialization*—a factor increasing the efficiency of grape growing farms and wine making enterprises. 094359

SPECIMEN

Submission of *specimens* for **bovine** mycoplasma examination-duration of survival under various conditions. 097549
The macrotome: a new approach to sectioning large **plant** *specimens.* 098477
Principles on **taking** *specimens* and examining honeybees [for dieseaes]. 103308
Photoperiodic reaction of peavine [Lathyrus] **varietal** *specimens.* 100117
Resistance of **varietal** *specimens* of melon to Fusarium wilt in Uzbekistan. 101089

Early maturing spring **wheat** *specimens* of the intensive type in western Siberia. 100725
Specific albumin in some *specimens* of **wheats** and their wild ancestors [Triticum]. 098519

SPECTINOMYCIN
Prevention of swine dysentery with a combination of lincomycin and *spectinomycin* and **resistance** of swine dysentery to tylosin and sodium arsanilate. 097226

SPECTROMETRY
Mass *spectrometric* sequencing of proteins. The structure ofsubunit I of monellin [Dioscoreophyllum comminsii]. 095883
Determination of warfarin in animal relicta and feedingstuffs by high-pressure liquid chromatography with confirmation of identity by **mass** *spectrometry*. 096435
Field desorption **mass** *spectrometry* of commercial pesticides and mixtures of pesticides. 102709
Screening by negative chemical ionization **mass** *spectrometry* for environmental contamination with toxic [pesticide] residues: application to human urines. 102762
Nuclear magnetic **resonance** *spectrometry* as a quick method of determination of oil content in rapeseed. 095812

SPECTROPHOTOMETRY
Determination of copper, iron, and manganese in milk with flameless AAS [atomic **absorption** *spectrophotometry]* and a survey of the contents of these metals in Swedish market milk. 095618
Nuclear DNA synthesis in meristematic root tip cells of some Citrus species [Lemons, mandarin oranges] **autoradiography** and *microspectrophotometry*. 100403
Recommended procedures for the simultaneous determination of anthocyanogens and catechins by *spectrophotometry* **[Beer].** 095415
Spectrophotometric **determination** of total and free cholesterol in egg yolk and animal tissues. 095390
Spectrophotometric **determination** of lignin. 098410
Estimation of tryptophyl and tyrosyl exposure in tryptophanrich proteins by ultraviolet **difference** *spectrophotometry*. [Hen] lysozyme and [bovine] chymotrypsinogen. 096419
Characterization of gentically different soil types by **infrared** *spectrophotometry*. 103653
Determination of propazine [residues] in soil by the *spectrophotometric* **method.** 102771
Colorimetric and *spectrophotometric* **methods** of determining some herbicides in environmental objects. 102776
Rapid *spectrophotometric* determination of glutaraldehydes [Chemistry of tanning]. 095686
A **rapid** *spectrophotometric* method for the quantitative determination of diosgenin in Dioscorea tubers. 099679
Quality evaluation of fruits and vegetables by *spectrophotometric* **technique.** 095904
Ultraviolet *spectrophotometry* of black liquor fractions after sulfate pulping of halocellulose. 098440

SPECTRORADIOMETERS
A *spectroradiometer* for **measuring** the spectral distribution of radiation in plant canopies. 099999

SPECTROSCOPY
Determination of Fe, Cu, Ni, and Mn [iron, copper, nickel, manganese] in fats and oils by flameless atomic **absorption** *spectroscopy*. 095464
Infrared *spectroscopy* of wood and its main components. VI. Determination of lignin content an sulphate cellulose samples. 098320
Revealing of active centres of lignin preparations interacting with water and aliphatic alcohols by **infrared** *spectroscopy*. 098351
Infrared *spectroscopy* of wood and its main components. VII. Determination of lignin content in birch wood samples damaged by the fungus Fomitopsis pinicola. I. 101486
Studies and observations on the influence of insecticides on the process of autoxidation. IX. **Infrared** *spectroscopic* evaluation of lipid autoxidation. 102689
Infrared *spectroscopy* of pyrolyzates of soil humic and fulvic acids. 103823
Influence of light on chromate reduction in chlorophyll organisms studies by electronic paramagnetic **resonance** *spectroscopy*. 099612
Application of 15N [nitrogen isotope] pulsed fourier transform nuclear magnetic **resonance** *spectroscopy* to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
Infrared-spectroscopy of **wood** and its main components. 098321

SPECTRUM
Light-reactivation of (Tris-washed)-DPIP [2,6-dichlorophenol indophenol]-treated chloroplasts: manganese incorporation, chlorphyll fluorescence, **action** *spectrum* and oxygen evolution. 099920
The accuracy of establishing the boundaries of taxation sites according to *spectral* **aerial** photographs of the scale 1:10,000. 098050
Alkaloid *spectrum* during ripening of Nicotiana rustica [tobacco] seeds. 100101
The *spectrum* of the **calling** signals, phonotaxis, and the auditory system in the cricket Gryllus bimaculatus. 102977
Cane [sugarcane] starch. II. Starch components and their iodine **complex** *spectra*. 095805
Effects of the *spectral* **composition** of light sources on the growth of a higher plant [Impatiens parviflora]. 100000
Problems involved in the design of apparatus for measuring the *spectral* **composition** of daylight in the field. 100002
Growth of pine [Pinus thunbergii] and birch [Betula platyphylla var. japonica] seedlings under lights with different *spectral* **compositions** and intensities. 100653
A spectroradiometer for measuring the *spectral* **distribution** of radiation in plant canopies. 099999
Comparative characteristics of the **electrophoretic** *spectrum* of protein of blood serum in heterosis of poultry hybrids. 096555
Electrophoretic *spectra* of zein and the fractional composition of protein in high-lysine maize mutants. 100126
Changes in **infrared** *spectra* of lignin at its modification. III. Changes in infrared-spectrum of spruce MWL at methylation (within the range of 1500-1000 cm-1). 098297
Reactions of lignin model compounds with diizocyanates. V. *Spectral* **investigation.** 098350
Investigation of enzymatically destructed wood. XVII. *Ultraviolet-spectra* of **lignin** from birch wood. 098327
Standards of spectral power distribution for **measuring** *spectral* irradiance. 094115
Application of *spectral-isotopic* **methods** to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of Chlamydomonas 137c strain. 100035
Is DDT [dithiothreitol] a means to improve the **mutation** *spectrum* of vegetatively propagated plants? [Achimenes]. 099193
The trustworthiness of deciphering taxation indicators of northern forests according to *spectral* and **panchromatic** aerial photographs. 098053
Recognition of interstadial **pollen** *spectra* between the Mousterian and the Old Perigordian of the Grotte des Cottes (Vienne). 098589
Standards of *spectral* **power** distribution for measuring spectral irradiance. 094115
Spectral **properties** of system I-deficient mutants of Chlamydomonas reinhardi [Algae]: Possible occurrence of uphill energy transfer. 099552
Changes in **puff** *spectrum* during the development of Drosophila virilis. 103100
An objective evaluation of some tomato variety concentrates by their color and their **reflection** *spectra*. 095894
German cockroach [Blattella germanica] resistance: propoxurselection induces the same **resistance** *spectrum* as diazinon selection. 102255
Microstructure of natural guayule rubber from 300-MHz [megahertz] nuclear magnetic **resonance** *spectra*. 095480
Comparison of proton magnetic **resonance** *spectra* of cell-wall mannans of Candida tropicalis [yeast] with its morphology. 098874
Changes in infrared spectra of lignin at its modification. III. Changes in *infrared-spectrum* of **spruce** MWL at methylation (within the range of 1500-1000 cm-1). 098297
A comparison of experimental and **theoretical** *spectra* for photosynthetically active radiation at various atmospheric turbidies. 099469
Food-induced changes in UV **[ultraviolet]-absorption** *spectra* of isolated chromatin from liver of rats under controlled feeding schedules. 095058

SPERM
Effect of selected inhibitors and methylene-blue on a possible phosphogluconate pathway in washed **boar** *sperm*. 096930
Reproduction in the dairy **cow.** 1. The *sperm*. 096911
Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: *sperm* **depletion** in the female. 102806
Fatty acids and fatty aldehydes of buffalo seminal plasma and *sperm* **lipid.** 096958
Sperm **oil** replacements from selectively hydrogenated soybean and linseed esters: special lubricants. 095815
Inhibition of fertilization in vitro by treatment of rabbit spermatozoa with univalent isoantibodies to **rabbit** *sperm* hyaluronidase. 096960
Mitotic recombination in cleavage divisions of Drosophila melanogaster. I. The effect of X-rays on *sperms* and **spermatogonia** of male parents. 102948

SPERMATOZOA
An ultrastructural study of *spermatogenesis* in **Anthoceros** laevis L. [Hepaticeae] with particular reference to the multilayered structure. 098904
Comparison of several extraction procedures for **boar** *spermatozoal* acrosin. 096876
Loss of acrosin from **bovine** *spermatozoa* following cold shock: protective effects of seminal plasma. 096895
Serum-induced head-to-head agglutination of **bovine** *spermatozoa*. 096965
Acrosomal hydrolases in **buffalo** *spermatozoa*. 096903
The lipids of **buffalo** *spermatozoa* and seminal plasma. 096968
Ultrastructural study of separated cell and acrosomal membranes from **bull** *spermatozoa*. 096906
Electron microscopic study of the membranes of **bull** *spermatozoa* and spermatids, with reference to the postacrosomal cap and the basal knobs. 096909
The ultrastructure of knobbed **bull** *spermatozoa*. 096970
In vitro inhibition of *spermatogenesis* by **chemosterilants** in the cabbage armyworm, Mamestra brassicae L. 102381
Observations on the developing tail of the **drake** *spermatid*. 096910
A morphological study of *spermatogenesis* in **Drosophila,** with special reference to encysted germ cells. 102821
Lipid peroxides in [ram] *spermatozoa;* **formation,** role of plasmalogen, and physiological significance. 098390
Effects of oviducal cells on the survival and fertilizing ability of **fowl** *spermatozoa*. 096955
Torsion of the ileum reflex of the *spermatic* **funicle** in the dog. 097719
Studies of *spermatogenesis* in the **Hepaticae.** V. Blepharoplast development in Marchantia polymorpha. 099478
Mitotic recombination in cleavage divisions of Drosophila melanogaster. II. The effect of ethylmethanesulphonate at different stages of *spermatogenesis* in **male** parents. 102949
Spermatophore of the **mealworm** beetle [Tenebrio molitor]: immunochemical characteristics suggest affinities with male accessory gland. 103017
Labelling of acrosomes in **mouse** *spermatozoa* by L-[1-3H]fucose. 096962
Electrophoretic characterization of proteins in the plasma membrane of **porcine** *spermatozoa*. 096956
Inhibition of fertilization in vitro by treatment of **rabbit** *spermatozoa* with univalent isoantibodies to rabbit sperm hyaluronidase. 096960
A comparison of the inhibition of the metabolism of ram and **rabbit** *spermatozoa* by alpha-chlorohydrin in vitro. 097044
Measurement of adenylate cyclase activity in **ram** *spermatozoa*. 096963
Electron microscopic study of the membranes of bull spermatozoa and *spermatids*, with **reference** to the postacrosomal cap and the basal knobs. 096909
The role of juvenile hormone in larval duration and *spermiogenesis* in **relation** to phase variation in the tobacco cutworm, Spodoptera litura (Lepidoptera: Noctuidae). 102285

SPERMATOZOID
Ultrastructure of flagella of *spermatozoids* of **Lygodium** flexuosum (L.) SW. 098948

SPHACELOTHECA
Study of virulent properties of ecogeographical populations of the pathogen of head smut of maize *[Sphacelotheca* **reiliana].** 101360

SPHAERIACEAE
Exilispora indica sp. Nov. *(Sphaeriaceae)*—a **new** generic record to India [Fungi]. 098595
Tolerance of *Leptosphaeria* **nodorum** [causal organism of glume blotch disease of wheat] to an organoamercurial compound. 101659

SPHAEROPSIS
Black rot canker of apple. 1. Identification of the causal agent *[Sphaeropsis* **malorum].** 101621

SPHAEROTHECA
Selection of small-fruited cucumbers resistant to powdery **mildew** *(Sphaerotheca* fuliginea Poll.). 101428
Investigation on peach cultivar susceptibility to **mildew** *Sphaerotheca* pannosa (Wallr) Lev. 101600
Electron microscopic study of developing and mature cleistothecia of *Sphaerotheca* **mors-uvae** [Fungi]. 099049
Perennation of *Sphaerotheca* **mors-uvae** [Fungi] as cleistothecia with particular reference to microbial activity. 100029

SPHAGNUM
Cutin acids from bryophytes: an omega-1 hydroxy alkanoic acid in two liverwort species [Conocephalum conicum, Astarella lindenbergiana, *Sphagnum* **moss].** 099904
Scanning electron microscope study of the porosity of the stem hyalodermis of two peat **mosses** *(Sphagnum* palustre L. and Spagnum centrale Jens.) [Musci]. 098912

SPHERE
Particulars of social law in the *sphere* of **agriculture** as exemplified by agricultural accident insurance. 094656
Major trends of scientific investigations in the *sphere* of **microelements** in 1976-1980 [Role in plant and animal physiology]. 099864
Assembly of *spherical* **plant** and bacterial viruses. 101740

SPHINGIDAE
Characteristic of sphinx moths (Lepidoptera, *Sphingidae)* from **Turkmenia.** 102243

SPHINX
Characteristic of *sphinx* **moths** (Lepidoptera, Sphingidae) from Turkmenia. 102243
Flight energetics of *sphinx* **moths:** power input during hovering flight [Manduca sexta, Manduca quinquimaculata, Deilephila elpenor, Hyles lineata]. 102979
Flight energetics in *sphinx* **moths:** heat production and heat loss in Hyles lineata during free flight. 102980

SPICES
Lead and cadmium content of foodstuffs. 1. Lead and cadmiumcontent of *spices* and **table** salt. 094943

SPIDERS
A key and checklist of **American** *spiders* of the family Theridiisae north of Mexico (Araneae). 103162
Web-site selection in the **desert** *spider* Agelenopsis aperta. 103071
Drifting *spiders* or continents? Vicariance biogeography of the spider subfamily Laroniinae (Araneae: Gnaphosidae). 103200
The *spider* **fauna** of Finland and east Fennoscandia. VI. Linyphiidae. 1. The Linyphiinae and Linyphiinae-like Micryphantinae [New taxa, Bolyphantes kilpisjaerviensis]. 103160
The effects ULV [ultra low volume] spray on pests of cotton and their natural enemies [Aphis gossypii, Dysdercus superstitiosus and predators, Chilmines **lunata** and *spiders].* 102342
Aggression and mating success in **male** *spider* mites. 103092
Trapping of the *spider* **mite** Tetranychus urticae by glandular hairs on the wild potato Solanum berthaultii. 102459
Comments on the *spider* **Saltonia** incerta Banks (Agelenidae?). 103164
Spruce *spider* mite [Oligonychus ununguis]—pest of spruce [Picea] understorey. 102490
Drifting spiders or continents? Vicariance biogeography of the *spider* **subfamily** Laroniinae (Araneae: Gnaphosidae). 103200
Guarding, aggressive behavior, and mating success in male **twospotted** *spider* mites [Tetranychus urticae]. 102798

SPIKE
Preconditioning of **Gladiolus** *spikes* cut prematurely to improve opening and floret quality. 101130
About the structure of the *spike* in some **short-term** varieties of spring wheat [Correlation of yield components]. 099243

SPILLWAYS
Studies on the hydraulic characteristics of the chute type dissipator: hydraulic model test of *spillway* of **Fuwahokubu** flood control dam. 103392

SPIN
New spraying techniques for field crops [by using a hand-carried, battery operated, *spinning* **disc** sprayer]. 103646
Primary reactions of photosystem II at low pH [hydrogen-ion concentration]. 2. Light-induced changes of absorbance and **electron** *spin* resonance in spinach chloroplasts. 100375

SPINACH
Some factors affecting weepage **baked** *spinach* souffles [Quality defect, eggs]. 094900
Heat transfer characteristics of rectangular **[carton-packed** *spinach]* products. 095945
Inhibition by ammonium chloride of the oxygen yield of photosynthesis *[Spinach,* **Chlorella** pyrenoidosa, Algae]. 099543
Hydrophobic affinity partition of *spinach* **chloroplasts** in aqueous two-phase systems. 100370
Iodination of *[spinach]* **chloroplasts.** I. Properties of iodinated chloroplasts. 100371
Primary reactions of photosystem II at low pH [hydrogen-ion concentration]. 2. Light-induced changes of absorbance and electron spin resonance in *spinach* **chloroplasts.** 100375
The effect of mono- and divalent cations on the quantum yields for electron transport in *[spinach]* **chloroplasts.** 100377
Estimation of the light-induced electrical potential at the functional membrane of photosynthesis using a voltage-dependent ionophore *[spinach* **chloroplasts].** 100414
Pyridoxalphosphate-dependent ethylene production from methionine by isolated *[spinach]* **chloroplasts.** 100417
Probes of initial phosphorylation events in ATP [adenosine triphosphate] synthesis by *[spinach]* **chloroplasts.** 100487
Uncoupling of electron transport by anionic quinonoid redox indicator **dyes** *[Spinach].* 100517
Photosynthesis in a reconstituted chloroplast system from *spinach:* some **factors** affecting CO2 [carbon dioxide]-dependent oxygen evolution with fructose-1,6-biphosphate as substrate. 100374
Temperature-jump-induced release of hydrogen ions from chloroplasts and its relaxation characteristics in the presence of **ionophores** *[Spinach].* 100376
Ribosomes and translation factors from **isolated** *spinach* chloroplasts. 099023
Organelle-specific isozymes of aspartate-alpha-ketoglutarate transaminase in *spinach* **leaves.** 100547
Chloroplast replication and chloroplast DNA synthesis in *spinach* **leaves.** 100559
Immediate photocontrol of peroxidase activity and correlation between *spinach* **leaves.** 100566
Photoperiodism and chlorophyll content of *spinach* **leaves** (Spinacia oleracea, ver. Nobel). 100567
Demonstration of two types of acid phosphatase activity in the stem **meristem** of *spinach.* 100565
Nitrate-N [nitrogen] and total N concentration relationships in several plant species [Maize, *spinach,* **mustard,** Festuca arundinacea]. 099470
Factors affecting the ADP/O [adenosine-5'-diphosphate/oxygen] ratio in isolated chloroplasts **[Peas,** *spinach].* 100369
Determination of acid-labile sulfide in subchloroplast particles containing Triton X-100 *[Spinach* **photosystem** I]. 100352
Controls to chloroplast division in higher **plants** *[Spinach].* 099006
Ferredoxin-sepharose affinity chromatography for the purification of assimilatory nitrite **reductase** *[Spinach].* 100415
Are there heteromorphic sex chromosomes in **spinach** *(Spinacia* oleracea L.)? 099167
The effect of **treating** *spinach* seeds with certain chemical substances on their germination. 100448

SPINDLE
Spindle **apparatus** fine structure during meiosis in Mnium hornum L. [Musci]. 098913
The blepharoplast of Marsilea [vestita]: its de novo formation and *spindle* **association.** 098999
Mitotic cell studies based on in vivo observations. VIII. The evolution of **mitotic** *spindles* in eukaryota: a negation of the breakdown of the nuclear membrane [in higher plant and animal cells]. 098967
Separation of **potato** *spindle* tuber viroid ribonucleic acid from Scopolia sinensis into three infectious forms and the purfication and oligonucleotide pattern of fraction II RNA. IX. 101737
Inhibition of extensor gamma motoneurons by antagonistic primary and **secondary** *spindle* afferents [Cats]. 096497
Effects of drying on the transmissibility of **wheat** *spindle* streak mosaic virus in soils from wheat fields in Ontario. 101738

SPINE
Effects of various ambient temperatures and of heating and cooling the hypothalamus and **cervical** *spinal* cord on antidiuretic hormone secretion and urinary osmolality in pigs. 096466
Congenital *spinal* disorders in the dog. 097689
Response pattern of cutaneous postganglionic neurones to the hindlimb on *spinal* **cord** heating and cooling in the cat. 096501
Production of temperature signal in the peripherally **denervated** *spinal* cord of the dog. 096351
Ultrastructural localization of magnesium and calcium ions of active adenosine triphosphatase in *spinal* **ganglion** of sheep and goats. 096148
Wrinkled *rachis* and husk—an EMS induced true breeding panicle mutation in rice. 101797

SPIRALIS
Trichinosis: a world problem with extensive sylvatic reservoirs **[Trichinella** *spiralis].* 097352
Increased resistance in the rat to Strongyloides ratti following immunization against **Trichinella** *spiralis.* 097416
Epidemiology of trichinosis **[Trichinella** *spiralis].* 097591

SPIRODELA
Effect of some herbicides on photosynthesis of *Spirodela* **polyrrhiza** (Lemnaceae). 102071

SPIROMETRA
A comparison of the metabolic effects of bovine growth hormone and growth factor from *Spirometra* **mansonoides** on rat liver in vivo. 096475

SPIROSTREPTIDAE
Digestive enzymes of the desert millipede Orthoporus ornatus (Girard) **(Diplopoda:** *Spirostreptidae).* 102894

SPIRULINA
Purification and physicochemical properties of superoxide dismutase from two photosynthetic microorganisms *[Spirulina* **platensis,** Algae, Rhodopseudomonas spheroides, bacteria]. 099549
Effect of pH [hydrogen-ion concentration] of the medium on the rate of assimilation of carbon and activity of certain enzymes of photosynthesis in *Spirulina* **[platensis,** Algae]. 099990

SPLEEN
Accessory *spleens* in domestic rabbits (Oryctolagus cuniculus). I. Frequency, description, and genetic factors. 096566
Accessory *spleens* in domestic rabbits (Oryctolagus cuniculus). II. Increased frequency in hematological diseases and experimental induction with phenylhydrazine. 096567
A kinetic analysis of the dephosphorylation, by **bovine** *spleen* phosphoprotein phosphatase (EC 3.1.3.16) of a phosphopeptide derived from beta-casein. 096230
The sterochemistry of **calf** *spleen* NAD [Nicotinamide adenine dinucleotide]-glycohydrolase-catalyzed NAD methanolysis. 096360
Transfer of hypogammaglobulinemia in two inbred chicken strains by *spleen* **cells** from bursectomized donors [Immunosuppression]. 097413
Experimentally transmitted **marble** *spleen* disease in pen-raised wild turkeys [Virus diseases]. 097428
Marble *spleen* [virus induced] disease in pheasants in Michigan. 097535
Transplantation of bursal stem cells into cyclophosphamide-treated chicks. Lymphoid repopulation of *splenic* **structures** [Immunodeficiency]. 097623

SPLITTING
Single and *split* **application** of fertilizers in maize for silage on ordinary Chernozems. 100231
Split **application** of nitrogen in maize under rainfed condition. 104026
Studies on the *split* **application** of nitrogen to hybrid pearlmillet under rainfed conditions. 104027
Generic concepts in the Aloineae. 1. The genus—to *split* or to **lump?** 098668
Split **separation** of crystals with low-grade massecuites. Trial in the 1975 campaign. 095853

SPODOPTERA
Forecasting infestations of tropical migrant pests: the Desert Locust [Schistocerca gregaria] and the African Armyworm *[Spodoptera* **exempta].** 102272
The synoptic weather in relation to an outbreak of the African armyworm, *Spodoptera* **exempta** (Wlk.) [Infestation of grasslands in Rhodesia]. 102333
Increase in respiratory rate during feeding in larvae of the armyworm, *Spodoptera* **exempta.** 103076
Changes in the corpus allatum vlume of **female** *Spodoptera* litura (Fabr.) related with age and reproduction. 102899
Descriptions of the larvae of Spodoptera sunia and *Spodoptera* **latifascia** with a key to the mature Spodoptera larvae of the eastern United States (Lepidoptera: Noctuidae). 103138
Seasonal abundance, diel periodicity and habitat preference of the striped earwig Labidura riparia in the coastal plainof South Carolina [Potential predator of insect pests, *Spodoptera* **littoralis,** soybeans, corn, cotton]. 102282
Mating, longevity, fertility and fecundity of the cotton leaf-worm, *Spodoptera* **littoralis** (Boisd.) (Lepidoptera: Noctuidae). 102346
Sensitivity to insect growth regulators (juvenile hormone analogues) in insecticide-resistant and susceptible stains of [Egyptian cotton leafworm] *Spodoptera* **littoralis** (Boisd.). 102376
A paradoxical concentration effect in the toxicity of fentin acetate for insects [Musca domestica, *Spodoptera* **littoralis].** 102923
The role of juvenile hormone in larval duration and spermiogenesis in relation to phase variation in the tobacco cutworm, *Spodoptera* **litura** (Lepidoptera: Noctuidae). 102285
Descriptions of the larvae of Spodoptera sunia and Spodoptera latifascia with a key to the **mature** *Spodoptera* larvae of the eastern United States (Lepidoptera: Noctuidae). 103138

SPOILAGE
Vibrio parahaemolyticus and seafoods *[Spoilage* **microorganisms].** 094928
The effect of storage temperature on the second day methylene-blue test **[Milk** *spoilage].* 094893
The detection and identification of Pediococcus and Micrococcus in berweries, using a serological method *[spoilage* **yeasts** and bacteria]. 094878

SPONGE
Root *sponge* [Fomitopsis annos] in stands and natural forests of spruce [Picea]. 101430

SPORES
Preformed poly (A)-containing RNA in *zoospores* of **Blastocladiella** emersonii [Fungi]. 099548
Changes in the fine structure of *spore* **cases** in Plasmopara viticola due to phytoncid activity in grape leaves. 101663
DNA, RNA and protein synthesis during germination of *spores* in the **cellular** slime mold Dictyostelium discoideum. 099706
Chemical manipulation of the heat resistance of **Clostridiumbotulinum** *spores* [Bacterial contamination of foods]. 094802
The cell in sporogenesis and *spore* **development.** 098987
Study of the germination of pycnidiospores of Coniella diplodiella (Speg.) Pet. and Syd., agent of grape white rot. iII. Formation and maturation of *spores;* **development** of the spore wall during maturation and germination. 101333
Spore **dispersal** of Endogonaceae [Fungi] by worms, ants, wasps, and birds [Vesicular-arbuscular mycorrhiza]. 099624
Development of mycorrhizal infections from **Endogone** *spores* and infected root segments. 101645
The effect of freezing and organic solvents on viability of chlorophyllous **fern** *spores* [Equisetum arvense, Osmunda japonica]. 099691
Ultrastructure and maturation of the *spores* of **Funaria** hygrometrica and Bryum capillare [Musci]. 098917
Fungal *spores* of the urban atmosphere of Pavia; results obtained by the Petri dish reaction test [Fungi taxonomy, plant pathogens]. 098701
Spore **germination** promoter of Dictyostelium discoideum [Fungi] escreted by Aerobacter aerogenes. 099822
Germination of *spores* and **growth** of mycelia in wood extracts of different individuals of Picea abies. 101440
Scanning electron microscopy of **Lactarius** *spores.* 099026
A chromosomal gene required for killer plasmid expression, mating, and *spore* **maturation** in Saccharomyces cerevisiae [Yeast]. 099372
Factors affecting discharge, germination and viability of *spores* of **Microcyclus** ulei [Agent leaf blight of Hevea brasiliensis]. 101647
Staining of the nuclei of **microsporidian** *spores* [Parasites of Mamestra brassicae]. 103031
Lipids of *spores* from **Phycomyces** [blakesleeanus, Fungi] in relation to heat-induced germination. 099532

Some new species of *spores* and **pollens** of Lower Permian age from the San Gregorio Formation in Uruguay. 098495
Induction of **resting** *spore* germination in Entomophthora aphidis [Fungi] by long-day light conditions. 099623
A microscopical study of the development of a *spore-like* **stage** in the life cycle of the root-nodule endophyte of Alnus glutinosa (L.) Gaertn. 100662
Transmission electron microspore study of the *spore* **wall** architecture in the genus Inocybe (Agaricales, Basidiomycetes) [Fungi]. 098924
Study of the germination of pycnidiospores of Coniella diplodiella (Speg.) Pet. and Syd., agent of grape white rot. iII. Formation and maturation of spores; development of the *spore* **wall** during maturation and germination. 101333

SPOROBOLOMYCETACEAE
Cultivation of fodder yeasts on top peat hydrolysates [Candida, *Sporobolomyces* **pararoseus,** Lipomyces lipoferus]. 095993

SPOROCYTES
Ultrastructure of *microsporocytes* in **sterile** forms of sugarbeets. 099300

SPOROGENESIS
Peculiarities of the *microsporogenesis* and **development** of pollen grains in Allium porrum L. [Leeks]. 100602
Microsporogenesis and **male** gametophyte in Rauwolfia serpentina (L.) Benth. ex Kurz. 098946
Embryology of Jubaeopsis caffra Becc. 1. Microsporangium, *microsporogenesis* and **microgametogenesis.** 099009
The cell in *sporogenesis* and **spore** development. 098987

SPOROPHYTES
Sporophyte **development** and taxonomic position of the genus Odontoschisma Dum. [Hepaticae]. 098572
The food reserves and ultrastructural relationships of the gametophyte and *sporophyte* **tissues** in Podocarpus henkelii seeds. 100046

SPOROTRICHUM
Fatty acid composition of *Sporotrichum* **[Fungi]** species. 100027
Effect of temperature on the fatty-acid composition of *Sporotrichum* **thermophile** [Fungi]. 100025

SPOROZOA
Studies on **Theileriidae** *(Sporozoa)* [parasites of cattle] in Tanzania. II. Serological characterization of Haematoxenus veliferus. 097638

SPOROZOITES
Production of coccidiosis using oocysts, sporocysts, and *sporozoites* of **Eimeria** zuernii, Eimeria contorta, Eimeria nieschulzi [Rats, calves]. 097297
Plasmodium berghei: frozen-thawed, formalin-treated, and **lyophilized** *sporozoites* as vaccines in A/J mice. 097626

SPORULATION
Correlation between the exoprotease activity, *sporulation,* **crystal-formation,** and virulence of local Bacillus thuringiensis strains [Bacterial insecticides, biological control]. 102237
Sporulation from **Eutypella** [parasitica]-cankered maples [Acer saccharum] reduced by felling infected trees. 101564
Adenosine and related nucleotides as *sporulation-inducing* **factors** in Alternaria tomato [Pathogenic fungi]. 099465
Growth and *sporulation* of **Pyricularia** oryzae Cav. On different carbon/nitrogen ratios in a synthetic medium, the rice blast causing agent. 101628
Study of the vegetative growth and *sporulation* of **Pyricularia** oryzae Cavara in different culture media. 101631
Influence of pH [hydrogen-ion concentration] on the rate ofribosomal ribonucleic acid synthesis during *sporulation* in **Saccharomyces** cerevisiae [Yeasts]. 099809
Effects of Aureo-S-700R on *sporulation,* **viability** and infectivity of ovine coccidial oocysts. 097464

SPOT
Development of **angular** *spot* on cucumbers under field conditions [Pseudomonas lachrymans]. 101696
Evaluation of animal hazards to *spot-seeded* **black** cherry [Prunus serotina] in central Tennessee. 102052
The influence of some carbohydrate diets as adult food or group interaction during immature stages on the programming of oviposition in the *spotted* **bollworm,** Earias fabia Stoll (Lepidoptera: Noctuidae). 102354
A newly recorded Alternaria [citri] induced **brown** *spot* disease on Dancy tangerines in Florida. 101545
Observations on the Cercospora [henningsii] *leaf-spot* **disease** of cassava (Manihot esculenta). 101503
Isolation of a *spotted* **fever** group rickettsia from the Pacific coast tick, Ixodes pacificus, in Oregon. 102548
A new **flower** *spot* and blight [Alternaria alternata] of Chrysanthemum. 101492
An epiphytotic of bacterial leaf and **flower** *spot* [Xanthomonas nigromaculans zinniae] of Zinnia. 101701
Inheritance of resistance to angular **leaf** *spot* [Isariopsis griseola] in Phaseolus vulgaris L [Kidney beans]. 101322
Infection rate of vetch by **leaf** *spot* [Ascochyta punctata] with various methods of infection. 101345
A new **leaf** *spot* disease of Plumeria acutifolia caused by Alternaria alternata. 101398
A report of **leaf** *spot* diseases on some vegetable, fodder and ornamental plants. 101400
Helminthosporium [gossypii] **leaf** *spot* on cotton. 101402
Leaf *spot* disease of Rauwolfia serpentina caused by Corynespora cassilicola (Berk. & Curt.) Wei from Manipur. 101407
Leaf *spot* of cacao [Colletotrichum gloeosporioides]. 101408
Noxiousness of Cercospora beticola Sacc. **[Leaf** *spot,* sugarbeets]. 101575
A **leaf** *spot* disease of wheat caused by Pyrenophora trichostoma. 101618
Fusarium [laterítium] **leaf** *spot* of Celosia argentea L. In Nigeria. 101650
Angular **leaf** *spot* incidence on cotton varieties sown in different periods [Xanthomonas malvacearum]. 101712
Influence of the nutritional state of cotton plants on the response to infection with Xanthomonas malvacearum (E.f. Smith) Dowson [Angular **leaf** *spot].* 101714
Ultrastructure of the leaves of Chenopodium quinoa Willd. Infected with apple chlorotic **leaf** *spot* virus. 101729
Mortality of longleaf pine [Pinus palustris] seedlings following a winter burn against *brown-spot* **needle** blight [Scirrhia acicola]. 101660
Spots on **rice** seeds [Plant nutritional deficiencies]. 102044
Studies on the causes and the control of the *spotted* **rice.** I. On the causing factors of the spotted rice occurred in the mountainous region of western part of Hiroshima Prefecture [Insect pests]. 102292
Studies on the causes and the control of the *spotted* **rice.** II. On the bionomics and the control of the red-veined leaf bug [Stenodema rubrinerve]. 102293
Rhytisma acerinum [the cause of **tar** *spot* disease of platanus, Acer pseudoplatanus] as a biological indicator of [sulphur dioxide] pollution. 104481

SPRAY
Apple *spray* schedule—1976. 101919
Studies on effect of **combined** *sprays* of insecticides and urea on cotton. 102325
Spray **defences** for potatoes [Weed, pest and disease control]. 101847
Factors affecting ULV [ultra low volume, insecticide] *spray* **deposition** [Cotton]. 102321
New spraying techniques for field crops [by using a hand-carried, battery operated, spinning **disc** *sprayer].* 103646
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The *spray* **drying** department. 095653
Effect of **ethrel** *spray* on maturation of Sultani fig fruits [Varieties]. 100354
Metabolic changes associated with the prevention of chlorosis by the application of elemental sulphur and **foliar** *sprays* of sequestrene 138-Fe [iron] in Pisum sativum L. [Peas, deficiency disease]. 101842
Response of triticale to **foliar** *spray* of boron and its effect on grain quality. 103946
Effect of biuret concentration in **foliar** *sprayed* urea on yield and composition of rice. 103969
1976 commercial **fruit** *spray* guide: weed, insect, and disease control. 101832
Stone **fruit** *spray* schedule—1976. 101920
Heifer *spray.* 097160
The contents of some mineral elements in hay of lucerne (Medicago X varia Martyn) cultivated on rendzina soil in conditions of *spray* **irrigation** and differentiated phosphorus. 100057
The application of silicone **oil** *sprays* as antitranspirants for ornamental plants. 100363
Toxicity of **pesticides** *sprayed* over plant aerial parts to Diaeretiella rapae (Hymenoptera: Aphididae) under laboratory conditions. 102235
The effects ULV [ultra low volume] *spray* on **pests** of cotton and their natural enemies [Aphis gossypii, Dysdercus superstitiosus and predators, Chilmines lunata and spiders]. 102342
Studies of fluid pressure relaxation mechanism of **power** *sprayer's* regulator. III. On the automatic utilization under the trial pressure regulating method. 103580
Distribution of a liquid by fan deflector-type nozzles and some conditions for their utilization in a field **rod** of a *sprayer.* 103522
Spring *spray* programmes for cereals [Herbicides]. 102082

SPRAYING
A method of counting droplets [from **agricultural** *spraying* nozzles]. 103452
Aerial ULV [ultra low volume, insecticide] *spraying* [on **cotton].** 102320
ULV [ultra low volume] *spraying* for **cotton** [insect] pest control. 102324
Crop *spraying* schedules against rapeseeds and mustard pests [Lipaphis erysimi]. 102371
The influence of pre-sprouting, *spraying* and **defoliating** of potatoes on the infection with potato late blight [Phytophthora infestans]. 101582
Field *spraying* equipment [of pesticides]. 103436
Study of the time lag of drop precipitation in *spraying* **field** crops. 103549
Ways of improving the process of *spraying* **field** crops with blower sprayers. 103558
The function of water in the sprinkler used in *spraying* **herbicides.** 102081
ULV [ultra low volume] research techniques and priorities **[Insecticide** *spraying].* 102244
New *spraying* methods for [control of] wild oats [Avena fatua, grain]. 102153
New *spraying* techniques for field crops [by using a hand-carried, battery operated, spinning disc sprayer]. 103646
Social and economic aspects of ULV [ultra low volume] *spraying* [of **pesticides** to cotton for insect control]. 102322

SPRING
The genetics of seedling resistance to leaf rust, Puccinia hordei Otth. in some *spring* **barley** cultivars. 099213
High-protein radiomutant forms of *spring* **barley.** 099293
Yield trends during take-all decline [caused by Gaeumannomyces graminis tritici] in *spring* **barley** and wheat grown continuously. 101370
Application of fertilizers in winter wheat and *spring* **barley** on southern Chernozems and dark Chestnut soils. 104057
Spring **budding** of pistachio [Pistacia vera] in the south ofTadzhikistan. 101258
Study of the effect of some factors on the percentage of 41chromosome plants in the progeny of monosomic lines of [the wheat] **Chinese** *Spring.* 099297
Breeding of spring wheat for resistance to *spring-summer* **drought** considering some morpho-physiological indices. 099247
15N [nitrogen isotopes] absorption and translocation by Satsuma mandarin orange trees. III. Behaviour of nitrogen supplied in **early** *spring.* 100397
Studies on the productivity of Bulgarian and foreign varieties of grain legumes [Field beans, soybean, *spring* **feed** pea and chick pea]. 100804
Studies on the water consumption and the conditions of natural water supply of the *spring* **feed** pea in the region of the Agricultural Research Institute Obraztov Chiflik. 104313
Optimal operation conditions for a T-150K tractor used for *spring* **field** operations. 103536
Spring **grass** is just ahead: what's your grazing system? [Pasture productivity]. 100912
Dry matter accumulation in *spring* **hybrid** maize as affected by N P K [nitrogen, phosphorus, potassium] fertilization. 103966
Initial *spring* barley breeding material for obtaining high yielding varieties. 099092
Early **maturing** *spring* wheat specimens of the intensive type in western Siberia. 100725
Current insect pests of *spring* **oil** producing plants. 102369
Rock gathering machine and the procedure—gives new aspect to **planning** *spring* farm work. 103566
[Pinus] contorta for Norway is big goal: series of research **projects** in the *spring.* 098112
Baking studies on the pin-milled and air-classified flour from four hard **red** *spring* wheat varieties. 095780
Relations between the average length of survival of adult bees (Apis mellifera L.) and the frequency of diseases, especially nosema, during the *spring* **season.** 103250
Spring **segetal** flora from the eastern foothills of the Caucasus. 102085
Studies on the nitrogen metabolism in Satsuma mandarin orange trees. IV. Movements of proline in the leaves concurrent with the sprouting of *spring* **shoots** and their early growth. 100396
Spring **spray** programmes for cereals [Herbicides]. 102082
Short **stem** *spring* wheat varieties valuable for breeding. 099104
Stimulative *spring* feeding of honeybee colonies. 103311
Results of **testing** *spring* wheat varieties of the intensive type in the foothill region of the Urals. 100726
Comparison of fall and *spring* **transplanting** of woody plants [Landscaping, varieties]. 101242
Intervarietal correlation study of some introduced **USSR** *spring* wheat varieties in Arab Republic of Egypt. 100714
Effect of sowing density and levels of inorganic fertilizers on the anatomical structure of *spring* **wheat** stem. 099038
Genetic control of photoperiodic sensitivity and maturity in *spring* **wheat** within narrow limits of adaptation. 099184
About the structure of the spike in some short-term varieties of *spring* **wheat** [Correlation of yield components]. 099243
Breeding of *spring* **wheat** for resistance to spring-summer drought considering some morpho-physiological indices. 099247
Study of the genetic structure and activity of functioning locations of genomes in different *spring* **wheat** varieties. 099263
Productivity of intra- and interspecific hybrids of *spring* **wheat.** 099394
Spring **wheat** varieties evaluated for breeding purposes according to their hybrid characteristics. 099406
Response of *spring* **wheat** to the exposure to mutagens. 099427
Yield and quality of grain of *spring* **wheat** hybrids and mutants. 099433
Peculiarities of the root system development of short-stem varieties of *spring* **wheat** from the USA. 100115
Acceleration of generation advancement in *spring* **wheat** [Germination]. 100176
Effect of various levels of fertilizers on the photosynthetic activity, yield and quality of the grain of tall- and short-stem cultivars of *spring* **wheat** under irrigation. 100193

Effectiveness of preharvesting air-chemical desiccation of *spring* **wheat** in the Perm' Region. 100882
Evaluation of the entries of the world collection of *spring* **wheat** for resistance to rust fungi and powdery mildew. 101341
Resistance of *spring* **wheat** to fungus diseases in the conditions of Kuban. 101352
Infection rate of *spring* **wheat** by rust fungi [Puccinia]. 101639
Effect of combined herbicides on the weediness, yield and quality of *spring* **wheat** grain. 102138
Development of *spring* **wheat** varieties resistant to stem borers. 102368
Phosphorus fertilizers and the yield of *spring* **wheat** in the arid steppe of the North Kazakhstan. 104084
Spring and **winter** pea variety yield trials—1975. 101169

SPRINKLERS

Complex application of the Fregat **circular** *sprinkler* in 1975 [Irrigation equipment, East Germany]. 103429
Compatibility of windbreaks and pivot **[irrigation]** *sprinklers.* 097906
Seed coating, precision planting, and *sprinkler* **irrigation** for optimum stand establishment [Lettuce, onion, carrots, sugarbeets]. 101023
Evaluating water distributions of *sprinkler* **irrigation** systems. 103597
Contribution to the appropriate organization of irrigation with partially **mobile** *sprinklers* [East Germany]. 094229
Overhead *sprinklers* considerations other than frost protection. 103407
A method of pressure regulation in **solid-set** *sprinkler* systems. 103453
The function of water in the *sprinkler* used in **spraying** herbicides. 102081

SPROUT

Anatomical characteristics of the epidermis in some cultivars of Brassica oleracea L. Distribution and structure of stomata in the cotyledons **[Brussels** *sprouts,* kohlrabi, kale]. 098889
Inbred lines with dominant incompatibility alleles for use as parents of F1 hybrid **Brussels** *sprouts.* 099189
Increased atmospheric humidity post pollination: a possible aid to the production of inbred line seed from mature flowers in the **Brussels** *sprout* (Brassica oleracea var. gemmifer. 099190
Influence of DD [dichloropropane, dichloropropene] nematocide [used to control Heterodera schachtii] on biological value of some vegetables [Cabbage, **Brussels** *sprouts* and red beets]. 101853
Cole crops [cabbage, cauliflower, broccoli, **Brussels** *sprouts]* insect pests. 102404
Nitrogen fertilizer on frequently harvested **Brussels** *sprouts.* 103901
The influence of *pre-sprouting,* **spraying** and defoliating of potatoes on the infection with potato late blight [Phytophthora infestans]. 101582
Studies on the nitrogen metabolism in Satsuma mandarin orange trees. IV. Movements of proline in the leaves concurrent with the *sprouting* of **spring** shoots and their early growth. 100396
Influence of the dates of tuberization and *sprouting* in **yam** tubers (Dioscurea sp.) on the emergence time in the field. 100346

SPRUCE

Construction of yield tables for *spruce* in the **Abieto-Fagetum** group of forest types based on one-time measurement. 098005
Spruce **bark** as an indicator of sulfur dioxide immission [for air pollution control]. 104655
Methods and prospects of **breeding** *spruce* [Picea] for increasing its productivity. 098084
Classification of *spruce* and **broadleaved-spruce** forests in the southern part of the Tikhvin Ridge [in Leningrad and Novgorod provinces]. 098047
Spruce **bud** mite (Trisetacus piceae Roiv.) (Acarina, Eriophyoidea)—a pest of buds of Norway spruce [Picea abies]. 102520
New and little known entomophages of *spruce* **cone** pests [Natural control]. 102512
The method of statistics successive analysis for the evaluation of the quality of *spruce* **cones.** 098141
The biology of Dioryctria abietella Schiff [pest of *spruce* **cones].** 102514
Phytomass of the above-ground part of a sedge-reed **drained** *spruce* [Picea] forest stand of the second and seventh age classes. 100646
Quantitative evaluation of site potential for *spruce* and **fir** [Picea mariana, Abies balsamea] in Newfoundland. 097983
Classification of spruce and *broadleaved-spruce* **forests** in the southern part of the Tikhvin Ridge [in Leningrad and Novgorod provinces]. 098047
Certain characteristics of the migration of Al and Fe [aluminum, iron] in soddy-podzolic soils in *deciduous-spruce* **forests.** 103803
Growing *spruce* on Pseudogley soils in the Saxon hill country [Silviculture]. 098176
Changes in infrared spectra of lignin at its modification. III. Changes in infrared-spectrum of *spruce* **MWL** at methylation (within the range of 1500-1000 cm-1). 098297
Development of generative organs of **Norway** *spruce* [Picea abies] in the climatic conditions of the Latvian SSR. 100642
Effect of the seed yield on the width of annual rings in the **Norway** *spruce* (Picea abies (L.) Karst.). 100644
Reproductive ability of **Norway** *spruce* [Picea abies] in the Latvian SSR. 100647
Investigations concerning the fungus [Fomes annosus] retarding action of wood from the **Norway** *spruce* (Picea abies Karst.). 101444
Seasonal incidence of microbes on the surface of first year needles of **Norway** *spruce* [Picea abies]. 101657
Anatomical aspect of 2,4,5-trichorophenoxyacetic acid] and dalapon [herbicides] toxic action on **Norway** *spruce* (Picea abies seedlings. 102095
Lepidopterous insects from the Latvian SSR in biological relationship with the **Norway** *spruce* (Picea abies (L.) Karst.) [Forest pests]. 102489
Spruce bud mite (Trisetacus piceae Roiv.) (Acarina, Eriophyoidea)—a pest of buds of **Norway** *spruce* [Picea abies]. 102520
Growth and productivity of *spruce* **[Picea]** plantings of forest and agricultural soils. 097986
The growth rate of *spruce* **[Picea]** stands. 097990
Experience of statistical evaluation of interaction between trees in pure amd mixed symusia of pine and *spruce* **[Picea].** 098059
Introduced species of *spruce* **[Picea]** in Latvia. 098083
Lichens from *spruce* **[Picea]** forests in the Latvian SSR. 098608
Biomass accumulation and the removal of nitrogen, phosphorus and potassium by *spruce* **[Picea]** transplants. 100641
Effect of climatic factors on the width of *spruce* **[Picea]** annual rings. 100643
Influence of fungi in the rhizospheres of pine [Pinus] and *spruce* **[Picea]** on the seed germination of these trees. 100657
Root sponge [Fomitopsis annos] in stands and natural forests of *spruce* **[Picea].** 101430
Effects of extractives from *spruce* **[Picea** abies] roots on extracellular enzymes of Fomes annosus (Fr.) Cke. 101435
Fomes annosus butt-rot of *Norway-spruce* **[Picea** abies] in the CSSR [Czechoslovakia] and influence of various factors on its distribution. 101522
Spruce spider mite [Oligonychus ununguis]—pest of *spruce* **[Picea]** understorey. 102490
Spruce **[Picea]** bark beetles (Coleoptera, Scolytidae) in the Latvian SSR. 102491
Amount of active [plant] nutrients in soils of *spruce* **[Picea]** plantings. 103752
About the effect of inorganic fertilizers on the increment of *spruce* **[Picea]** and pine [Pinus]. 103952
Carbohydrate metabolism and frost hardiness in pine and *spruce* **[Pinus** sylvestris, Picea abies] seedlings grown at differnt photoperiods and thermoperiods [Injuries]. 100666
A **planted** *spruce* [Picea] stand responds to correct treatment. 098147
The effect of temperature regime of storing pine and *spruce* **seeds** on their sowing qualities. 098140
The display of negative properties of some forms of fertilizers during the germination of pine and *spruce* **seeds** [in forest nurseries]. 104134
Fomes annosus butt rot. Losses in a young second rotation stand of **Sitka** *spruce* [Picea sitchensis]. 101437
Spruce **spider** mite [Oligonychus ununguis]—pest of spruce [Picea] understorey. 102490
Examples of the establishment of spatial arrangement as a measure for increasing the resistance of *spruce* **stands** (information article with reference data) [Storm injuries]. 097955
About the effect of the direction of the rows on the growth of *spruce* **stands.** 098137
The peculiarities of carbohydrate metabolism in *spruce* **stands.** 100681
The structure of stands of southern **taiga** *spruce* forests located on upland plateaus between valleys in the region of the middle part of the Kama River. 098052
Investigation of cellulose fibre structure by means of new preparation technique. III. Some features of *spruce* **tracheid** structure in contact points with rays. 098324
Investigation of cellulose fibre structure by means of new preparation technique. IV. Inner layer structure of *spruce* **tracheid** secondary wall. 098325
Outbreaks of the **western** *spruce* budworm [Choristoneura occidentalis] in the American northern Rocky Mountain area from 1922 through 1971 [Picea]. 102522
Changes in *spruce* **wood** chemical composition during acid sulphite cooking. 098298
On connection of morphological structure of *spruce* **wood** tracheids with lignin content in unbleached sulphite pulps. 098342
Properties of cellulose obtained from *spruce* **wood** possessing different macrostructure. 098348
Fecundity and parthenogenesis of the **yellowheaded** *spruce* sawfly, Pikonema alaskensis [Picea glauca]. 102479
Growth rate of **young** *spruce* [Picea] stands of artificial origin. 097987
Productivity and persistence of over-stocked **young** *spruce* [Picea] stands in a Hylocomium type forest plant [community]. 097989
Study of the requirements of **young** *spruce* [Picea] plants inmajor nutrients. 100648

SQUARE

Boll weevil [Anthonomus grandis]: *square* **ingestion** and utilization studies. 102279
A look at Longwood [Gardens, **Kennett** *Square,* Pennsylvania]. 098443
The determination of dichlorvos [organophosphorus insecticide] in milk by using classical and *square-wave* **polarograph.** 102744

SQUASH

Squash **method** for the mitotic chromosomes of grasses [Digitaria]. 098947
Effect of inbreeding on variability of cucurbits (Cucurbitamaxima Duch. and Cucurbita pepo L.) **[Winter** *squash,* pumpkins]. 099228

SQUIRRELS

Dieldrin toxicity and successive discrimination reversal in *squirrel* **monkeys** (Saimiri sciureus). 102723
Tree *squirrel* damage control [Shade trees]. 101949

STABILIZATION

Agricultural *Stabilization* and Conservation Service aerial photography—photo indexes [at the National Agricultural Library]. 093954
Role of ASCS **[Agricultural** *Stabilization* and Conservation Service] in cost-sharing and renovation of windbreaks [Soil erosion control, programs]. 094769
Farm **income** *stabilisation.* 094433
Forest **management**—*stabilization* against wind and snow [damage]. 097902
Use of **natural** *stabilizers* in milk products [Lactic acid]. 095607
Pressure *stabilization* in the sub-teat space of the milking apparatus. 103538

STABLES

The *stable* **effect** of mortality in the progeny of irradiated [Saccharomyces ellipsoideus] yeast cells. 099378
Vertical and lateral distribution of *stable* **flies** [Stomoxyscalcitrans] in northwestern Florida. 102591
Control of house fly [Musca domestica] and *stable* **fly** [Stomoxys calcitrans] breeding in rhinoceros dung with an insect growth regulator used as a feed additive. 102597
N.M.R. [Nuclear magnetic resonance] with *stable* **isotopes** in biosynthetic studies [carbon-13 isotope]. 099561
Lightning stroke of cattle in **modern** *stables.* 097801
Vertical profiles of [atmospheric] carbon dioxide concentration in *stable* **stratification.** 093965
Analysis of several technical problems on high yield, *stable* **yield** and low cost of wheat production. 094388
Experiences and tasks for effective use of amelioration facilities for rising and *stable* **yields** in 1976 crop production [Irrigations]. 104281

STAGNATION

Food development - **innovation** or *stagnation.* 095282

STAINING

An alkali degradation test and an alocholic **alkali** *bran-staining* test for determining the approximate degree of milling of rice. 095820
Fluorescent **antibody** *staining* for detection of coconut root wilt antigen. 101747
Fixing and *staining* of **conifer** tissues with lacto-propiono-dimethylsulfoxide carmine. 099041
Anilin blue and silver nitrate for *staining* **developing** insect nerve tissue. 103106
A modified C-band technic for *staining* of **diffuse** diplotenechromosomes [Rosa]. 099040
Differential **Giemsa** *staining* in plants. II. Morphological changes in chromosome structure observed with interference contrast and scanning electron microscopy [Tulipa]. 098938
Differential **Giemsa** *staining* of heterochromatic regions in the chromosomes of Vicia faba [broadbeans], Allium cepa [onions] and Paeonia tenuifolia. 099044
The use of methyl **green-pyronin** *staining* after glutaraldehyde fixation and paraffin or araldite embedding [Chick and mouse embryonic tissues]. 096570
Improved *staining* procedures for semithin epoxy sections of plant tissues. 099043
Bleaching **mineral** *stains* out of maple [Acer]. 098198
Identification of the 1/29-translocation in the Swedish Red and White (SRB) cattle breed by utilization of **new** *staining* techniques. 096913
Staining of the **nuclei** of microsporidian spores [Parasites of Mamestra brassicae]. 103031
Ultrastructural localization of acid phosphatase and thiamine pyrophosphatase activities and of **phosphotungstic** *staining* at low pH [hydrogen-ion concentration] in the placental labyrinth of the cat. 096372
Housing: **removing** *stains* from upholstery and carpets. 095244
Removing *stains* from washable fabrics. 095256
Researchers tackle fabric **softener** *stains* [Laundering]. 095239
Sensitivity to insect growth regulators (juvenile hormone analogues) in insecticide-resistant and **susceptible** *stains* of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
Staining **technique** for definite identification of individual cattle chromosomes in routine analysis. 096949
Investigation of **vital** *staining* of separated roots of different species of plants as a function of their sensitivity to 2,4-D and its derivatives. 099992

STALKS

Barren *stalk* of corn grown in organic soils of eastern North Carolina [Soilborn biotic diseases of unknown etiology]. 102011
Studies on the varietal susceptibility and control of [sugarcane] *stalk* **borer** (Chilo auricilia Ddgn.) in the Punjab. 102327
Important root and *stalk* **diseases** of rape in Germany. 101905
Histochemical study of the *stalked* **glandular** hairs of the female Cannabis plants, using fast blue salt. 099935

The threshold value of infection with Pectobacterium carotovorum var. atrosepticum (van Hall) Dowson for producing latent and acute soft rot infection of **potato** *stalks* and tubers. 101677

STALLIONS *see* HORSES

STAMEN
Ultrastructure of the *stamen* **cells** from fertile and sterile (cytoplasmic male sterility) forms of sugarbeets of different ploidy level. 099301

STAMP
Economic effects of the U.S. **Food** *Stamp* Program; calendar year 1972 and fiscal year 1974. 094659
A note on **food** *stamp* reform. 094662
Welfare benefits of the **food** *stamp* program. 094778
Food *stamp* participation among low-income households: theoretical considerations of the impact on the demand for food. 094782
Milk *stamps* can save you money - through vending. 095269

STANDARDS
Accepted *standards* and the variation of specific requirement in machinery for mechanization of plant industry. 103510
Standards, **administration** and surveys [Water quality]. 094723
Standards [for **apiculture**] once again. 103259
What is quality assurance? *[Standards* **Association** of Australia]. 094933
EPPO [European and Mediterranean Plant Protection Organization] recommendations on **fumigation** *standards.* 101871
Relationship of the relative pedigree quality of milk yield to various *standards* of **herd** productivity. 096109
Professional *standards* and procedures of termite control specialists in making inspections and reports [Wood-destroyingorganisms]. 102501
New **quality** *standards* for straw. 095856
Health and **safety** *standards* for agriculture. 094001
Report of the Committee on Food Equipment **Sanitary** *Standards* - 1975. 095346
Standards of **spectral** power distribution for measuring spectral irradiance. 094115

STANDS
Growth rate of young spruce [Picea] *stands* of **artificial** origin. 097987
Comparison of technologies of stem and assortment production in mature **beech** *stands* [Logging]. 098371
Classification of quaking aspen [Populus tremuloides] *stands* in the **Black** Hills and Bear Lodge Mountains. 098064
Treatment of young [forest] *stands* **chemical** weed control. 102114
When are [forest] *stands* **considered** established? 098093
New herbicides for **cotton** *stands* in the Samarkand Region. 102143
Mathematic-statistical derivation of the unit of full stocking in **even-aged** *stands.* 098007
Some problems of evaluation for breeding purposes of [forest] *stands* **following** their improvement cutting. 098077
Technical and economic indicators of selective cutting [of **forest** *stands].* 098049
Use of economic and mathematical methods for the reconstruction of low yielding **forest** *stands* [East Germany]. 098069
Treatment of young **[forest]** *stands.* 098092
Biological and ecological aspects of the treatment of young **[forest]** *stands.* 098808
The utilization of attracting traps for the protection of **forest** *stands* from a curculionid pest of pine trees. 102516
Analysis and evaluation of the working operation of scything intensive **grass** *stands* on mountain slopes. 100935
Productivity and persistence of over-stocked young spruce [Picea] *stands* in a **Hylocomium** type forest plant [community]. 097989
Observations of noise absorption by [forest] *stands* **located** along highways. 097942
Measurement of the volume of [forest] *stands* by the **method** of the selection of individual stems. 098008
Root sponge [Fomitopsis annos] in *stands* and **natural** forests of spruce [Picea]. 101430
The growth rate of spruce **[Picea]** *stands.* 097990
Influence of the cleanings on killing of **pine** *stands* by Fomes annosa. 101443
The change of the organic substance of forest soils under the effect of fertilizers [applied] in cultivated and natural **pine** *stands.* 104133
Utilization of light in wide-space **potato** *stands* [Photosynthesis]. 100572
The floristic composition of **prairie** *stands* in southern Michigan. 098620
The yield of [forest] *stands* in **relation** to sanitation cutting. 098143
The structure of *stands* of **southern** taiga spruce forests located on upland plateaus between valleys in the region of the middle part of the Kama River. 098052
Examples of the establishment of spatial arrangement as a measure for increasing the resistance of **spruce** *stands* (information article with reference data) [Storm injuries]. 097955
About the effect of the direction of the rows on the growth of **spruce** *stands.* 098137
The peculiarities of carbohydrate metabolism in **spruce** *stands.* 100681
Parameters of high-yielding apple **tree** *stands.* 101256
About certain results of regeneration of **young** *stands* of low value in forest districts of the north-western part of the Russian Soviet Federative Socialist Republic. 098136
Economical aspects of replacing forest species and the prospects of chemical care of **young** *stands* composition. 098138
Effect of aerial chemical care of **young** *stands* [with 2,4-dichlorophenoxyacetic acid] on the incidence of pine trees infected with trunk rust, Melampsora lini (A. Br.) Rostr. 101605
Insects—pests of **young** *stands* and understory of pines under conditions of excessive humidity. 102509

STAPHYLINID
Aspects of the biology of Staphylinus olens (Muller), Britain's **largest** *staphylinid* beetle. 102911

STAPHYLINIDAE
A new species [Physoperinthus setosus] and a new record of **termitophilous** *Staphylinidae* (Coleoptera) associated with Fulleritermes Coaton in Rhodesia. 103166

STAPHYLOCOCCUS
Heterogeneity of *Staphylococcus* **aureus** enterotoxin B as a function of growth stage: implications for surveillance of foods [Bacterial contamination]. 094807
Trends in methods for detecting food-poisoning toxins produced by Clostridium botulinum and *Staphylococcus* **aureus.** 094927
The role of delayed-type hypersensitivity and cell-mediated immunity in **bovine** *staphylococcal* mastitis. 097577
The increased resistance of mice to **experimental** *staphylococcal* mastitis following inoculation of endotoxin. 097608

STARCHES
On the nutritive value of various *starches* for the **albino** rat. 095159
Cane [sugarcane] starch. II. *Starch* **components** and their iodine complex spectra. 095805
The behavior of various *starch* **granules** in KOH [potassium hydroxide] solutions [Rice, corn, potatoes]. 095842
Development of inbreeding lines of potatoes with **high** *starch* content and resistant to late blight [Phytophthora infestans]. 099288
Starch [**Major** constituent of all cereal crops]. 095755
Effect of type of fat on *starch* **pastes** containing glycerol monostearate [Maize]. 095784
Starch-encapsulated **pesticides** for slow release. 102722
Cane [sugarcane] *starch.* II. **Starch** components and their iodine complex spectra. 095805
Test on *starchy* **varieties** [Potato cultivation]. 101231
Economic impact analysis of effluent guidelines: animal feed, breakfast cereal and **wheat** *starch* segments of the grain mills industry [Water pollution]. 104610

STARVATION
The effect of the duration of *starvation* of the **assay** bird [rooster] on true metabolizable energy values. 096768
Nutrient reserves in *starving* **black** carpet beetle [Attagenus megatoma] larvae infected with the eugregarine Pyxinia frenzeli [Pest of stored products]. 103029
Influence of *starvation* and **hepatic** microsomal enzyme. Induction on the mobilization of DDT residues in rats. 102775
Effect of bleached kraft mill effluent on the survival of *starved* **juvenile** coho salmon (Oncorhynchus kisutch). 104535
Effect of cycloheximide on the process of reorganization of the biosynthesis of Chlorella [Algae] cells induced by **nitrogen** *starvation.* 099989
Respiratory metabolism of the centipede Nadabius coloradensis (Cockerell): influence of temperature, **season** and *starvation.* 102895

STATIC
Relationships of egg specific gravity and shell thickness to *quasi-static* **compression** tests. 095745
Turnip mosaic and cucumber mosaic viruses in **cultivated** *static* in southern Germany. 101821
Static and **dynamic** measures of fresh apple texture [Qualityevaluation]. 094871
Static **systems** of hyperbolic paraboloid shaped wooden roof constructions. 098216
Corn germplasm base in the U.S.—Is it narrowing, **widening,** or *static?* 099365

STATIONS
Cow-calf beef production on irrigated pasture and in drylot at Carrington [Irrigation **Branch** *Station,* grazing]. 096739
Chestnut blight [Endothia parasitica] research at the *Station* **[Castanea].** 101423
Annual report of the Agricultural **Experiment** *Station,* Purdue University, West Lafayette, Indiana; July 1, 1974 thru June 30, 1974. 093971
State **experiment** *station* programs [for shelterbelt research]. 097917
The Botanical **Experiment** *Station,* an institution formed by F. Chodat [Switzerland]. 098473
Brief notes on the results of research work in the Ustimov **Experiment** *Station* in 20 years [1954-1974, Field crops]. 100724
1975 report on **Experiment** *Station* variety tests—small grains: wheat, oats, barley [Yields]. 100756
Results of studying gardencress and coriander [as greens] in various sowing time in the Daghestan **Experimental** *Station* of the All-Union Institute of Plant Industry. 100604
Hydrograph and water quality relationships for two Palouse [Conservation **Field** *Station]* cropland watersheds. 104398
A new **French** *station* of Dumortiera hirsuta (Sw.) Rienw., Bl. & Nees [Hepataceae]. 098687
Alternative working methods applied in *stations* for the **grading** of potatoes. 095935
The National Institute of Agronomic Research, the *station* for **improvement** of plants at Rennes [Field crops]. 100764
Are our queen **mating** *stations* appropriately arranged? [Apismellifera, Switzerland]. 103281
Litterfall in a Douglas-fir [Pseudotsuga menziesii] forest near the Trojan Nuclear **Power** *Station,* Oregon. 098831
Vegetation from the lower reaches of the Ivan'kovo Reservoir and the effect of heated waters from the Konakovo State Regional **Power** *Station* on it. 100022
Experience with the management of operation of concentrated agricultural machines by mean of **radio** *stations.* 103496
Agro-service centres [Farm machine **repair** *stations].* 094249
Small scale wine making at Te Kauwhata Viticultural **Research** *Station.* 095890
Experiences of the Machine and **Tractor** *Station* Dolni Herspice with the organization of harvest. 094287

STATISTICS
Agricultural **accident** *statistics.* 093995
Statistics on **acute** exposure from agricultural chemicals [Pesticides poisoning]. 094845
The deletion of variables from regression models based on tests of significance: a statistical and moral issue *[Statistics,* **agricultural** economics]. 094648
Agricultural prices: purchasing prices of **agriculture** *[Statistics].* 094462
Statistical **analysis** of factor experiments 2n, 3m and 2n X 3m. 094645
Indices of agricultural production for the Far East and Oceania, average 1961-65 and **annual** 1966-75 *[Statistics].* 094651
Crop yields: random, cyclical, or bunchy? **[Cereals,** *statistics].* 100712
Some *statistical* **characteristics** of part-time beef farming in the South. 094647
U.S. Agricultural exports to 50 **countries,** 1970-75 *[Statistics].* 094519
South Carolina **crop** *statistics:* state and county data. 1974revised, 1975 preliminary. 094638
Possible implications of voids in USDA cattle slaughter **data** *[Statistics].* 095678
Mathematic-statistical **derivation** of the unit of full stocking in even-aged stands. 098007
Experience of *statistical* **evaluation** of interaction between trees in pure amd mixed symusia of pine and spruce [Picea]. 098059
Farm **income** *statistics.* 094649
North Dakota crop and **livestock** *statistics.* Annual summary for 1974; revisions for 1973. 094640
Federal milk order **market** *statistics;* annual summary for 1975. 094650
Grain **marketing** *[Statistics].* 094461
Report of activity of the [French] National Potato Committee for the 1974-1975 seson [Production, **marketing,** *statistics].* 094586
Livestock and **meat** *statistics.* Supplement for 1975. 094652
Application of methods of *statistical* **modelling** in the selection of optimal alternatives for utilization of agricultural machinery. 103514
Statistical **models** of optimization of the processes of photosynthesis. 099572
The deletion of variables from regression models based on tests of significance: a *statistical* and **moral** issue [Statistics, agricultural economics]. 094648
South Carolina livestock and **poultry** *statistics.* Inventory numbers, 1975-1976. Production and value of livestock and poultry products, 1974-1975. 094637
The evaluation of lots of dairy products by means of *statistics* of **random** samples. 095630
The method of *statistics* **successive** analysis for the evaluation of the quality of spruce cones. 098141

STEAM
A study of *steam* **flow** and self-pressurization in chip refiners [Pulping]. 098239
Carbon, nitrogen, and phosphorus dynamics during leaf decay in **nutrient-enriched** *steam* microecosystems. 104288
Composition and properties of tar, obtained at cellolignin thermolysis. IV. Fractionation on sephadex of tar, obtained at birch wood cellolignin thermolysis with **overhead** *steam* in vacuum. 098303
Steam **related** problems in mechanical pulping. 098265
Steam **volatile** aroma constituents of roasted coffee: neutral fraction. 095543

STEEL
The inclusion of a *steel* **grating** and drain on the cow platform of herringbone cow bails. 103331
Steel **industry** wastes [Water pollution control]. 104580

STEERS *see* CATTLE

STEM

Evaluation of some varieties of alfalfa, Medicago sativa (L.), for their resistance to the **alfalfa** *stem* nematode, Ditylenchus dipsaci (Kuhn l857) Filipjev 1936, under laboratory conditions. 101966

Laboratory and field evaluation of seven insecticides for control of the **alfalfa** *stem* nematode, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936. 101970

Comparison of technologies of *stem* and **assortment** production in mature beech stands [Logging]. 098371

Effect of different levels of N [nitrogen] on incidence of *stem* **borer** and grain yield of rice. 103971

Development of spring wheat varieties resistant to *stem* **borers.** 102368

Ribonuclease activity in rye leaves affected by **brown** *stem* rust [Puccinia dispersa]. 101415

Variations of PTA [hydrochloric phosphotungstic]-retaining cell coat components on **bursal** *stem* cells during chicken ontogeny. 096462

Transplantation of **bursal** *stem* cells into cyclophosphamide-treated chicks. Lymphoid repopulation of splenic structures [Immunodeficiency]. 097623

Morphophysiological method of early diagnosis of *short-stem* **character** in wheat. 099257

Effect of various levels of fertilizers on the photosynthetic activity, yield and quality of the grain of tall- and *short-stem* **cultivars** of spring wheat under irrigation. 100193

The morphological, anatomical and cytological effects of gibberellins [Plant growth and development, promotion of *stem* **elongation].** 099785

Protoplast regeneration and *stem* **embryogenesis** of haploid androgenetic rape. 100240

Resistance of wheat [breeding material] to the **European** *stem* sawfly [Cephus pygmaeus]. 102314

Study of the anatomical structure of *stem* of **fiber** flax from the world collection of the All-Union Institute of Plant industry. 099047

Accumulation of carbohydrates and lignin in the *stems* of **fiber** flax stems with different resistance to lodging. 100325

Reconstructing existing vineyards of the Feteasca Alba variety by uprooting every other row and shaping in others in a *high-stem* **form.** 101152

Vibratory harvesting of pendulous fruits: the **fruit** *stem* separation dynamics of olives. 103586

The aggregation of questing ticks, Rhipicephalus pulchellus, on **grass** *stems,* with observations on Rhipicephalus appendiculatus. 103081

Stem **gumming** and blight and stem-end rot of Texas cantaloups caused by Diplodia natalensis. 101565

Growth and productivity of leaf surface of the bolgar [grape] variety relative to *stem* **height.** 100435

Scanning electron microscope study of the porosity of the *stem* **hyalodermis** of two peat mosses (Sphagnum palustre L. and Spagnum centrale Jens.) [Musci]. 098912

Measurement of the volume of [forest] stands by the method of the selection of **individual** *stems.* 098008

Breeding of **intensive** *short-stem* varieties of wheat. 099246

Pollen-wall proteins: quantitative cytochemistry of the origins of intine and exine enzymes in Brassica oleracea [acephala, *marrow-stem* **kale].** 100488

Inheritance of the gene of "single flower on the **main** *stem"* in tomatoes and its pleiotropic effects. 099089

Screening of different granular formulations against maize pests with special reference to **maize** *stem* borer, Chilo partelus Swinhoe. 102276

Demonstration of two types of acid phosphatase activity in the *stem* **meristem** of spinach. 100565

Crossing in *stem* **nematodes** and caryotypes of their different races. 101911

The organization of the vascular system in the *stems* of the **Nymphaeaceae.** I. Nymphaea subgenera Castalia and Hydrocallis. 098879

Physiological characteristics of photosynthesis and respiration in *stems* of **Populus** tremuloides Michx. 100673

Stem gumming and blight and *stem-end* **rot** of Texas cantaloups caused by Diplodia natalensis. 101565

Stem **rot,** a new disease on Chrysanthemum [morifolium] incited by Fusarium solani. 101566

The reaction of Thatcher wheat to Canadian races of *stem* **rust** [Puccinia graminis tritici]. 101388

Artificial infection of the causative agent of *stem* **rust** [Puccinia graminis tritici] of wheat with the hyperparasite Darluca filum (Fr.) Cast. 101493

Isoelectrofocusing of peroxidases of the leaves and roots of wheat plants infected with *stem* **rust.** 101615

Short *stem* spring wheat varieties valuable for breeding. 099104

Stem **sway** affects ring width and compression wood formation in exposed root bases [Pinus sylvestris]. 100640

Peculiarities of the root system development of *short-stem* **varieties** of spring wheat from the USA. 100115

Effect of sowing density and levels of inorganic fertilizers on the anatomical structure of spring **wheat** *stem.* 099038

Genetic differentiation of **wheat** *stem* rust [Puccinia graminis]. 101342

STENOSIS

Subaortic *stenosis* in the pig. 097770

STEPPES

Application of silvicides in forest shelerbelts growing on **arid** *steppes.* 102158

Phosphorus fertilizers and the yield of spring wheat in the **arid** *steppe* of the North Kazakhstan. 104084

New zonal drying out of *steppe* **forest** plantings in th Ukraine and silviculture control measures. 097897

Effectiveness of dalapon against perennial weeds in the conditions of the **Karshi** *Steppe.* 102199

Programming yields for the *forest-steppe* of the **Lower** Volga Region [Effect of environmental factors]. 094244

Farming practices for obtaining high yields of alfalfa seed in the south-eastern foest-steppe and **north-eastern** *steppe* of the Ukraine. 100888

Seasonal dynamics of the phytomass of a herbaceous ground cover in a *forest-steppe* **oak** forest in relation to the dynamics of photosynthesis and ecologic factors. 100023

Study of assmilatory apparatus of the undergrowth in connection with light conditions under the canopy in the *forest-steppe* **oak** woods [Quercus, photosynthesis, solar radiation]. 100690

Growth of birch [Betula] in field shelterbelts in the *forest-steppe* in the **part** of the Ukraine located to the west from the Dnieper River. 097895

Seasonal dynamics of masses of aerial and subterranean organs in *meadow-steppe* **plants.** 098823

Peculiarities of the overwintering of winter crops in 1971-1972 in the *steppe* **regions** of Ukraine [Wheat]. 100129

Irrigation regime of fine fibered cotton of the 5904-I variety on newly developed lands in the **Sherabad** *Steppe.* 104411

Farming practices for obtaining high yields of alfalfa seed in the **south-eastern** *foest-steppe* and north-eastern steppe of the Ukraine. 100888

Total water discharge by forest shelterbelts of various structure in the **southern** *steppe* of the Ukraine. 097901

Balance of nutrients in a sugarbeet crop rotation on a deep Chernozem in the northern part of the **Ukrainian** *steppe* [Wheat, maize, peas]. 100122

Provision rate and utilization of water by maize sown after different precursors in the south-eastern regions of the **Ukrainian** *steppe.* 100131

Quality of winter wheat grain effected by the treatment with chlorocholine chloride and urea in irrigated conditions of the **Ukrainian** *steppe.* 100132

The effect of precursors on the nutrient, water regimes of soil and the yield of maize in the central part of the *steppe* in the **Ukrainian** SSR. 100137

The methodology of growing teosinte [Euchlaena] in the conditions of **Ukrainian** *forest-steppe.* 100727

Study of the collection of potato varieties in the conditions of the **Ukrainian** *forest-steppe.* 101091

Long-duration application of fertilizers in the conditions of the northwestern regions of the **Ukrainian** *steppe.* 103907

Comparative effectiveness of growing field crops [and peas] on eroded soils in the *steppe* of the **Ukrainian** SSR. 104167

Technological methods promoting the quality improvement of desert wines from the *steppe* **zone** in the Ukraine. 095981

Creation of [protective] forest plantings in the *steppe* **zone** of the Ukrainian SSR. 097892

Tetraploid rye in the conditions of the *forest-steppe* **zone** in the Ukraine. 099112

STERCULIACEAE

Predaceous ants [Crematogaster clariventris, Crematogaster buchneri] (Hymenoptera: Formicidae) phytophagous on *Theobroma* **cacao** in Nigeria. 102254

STEREOCHEMISTRY

Structure and *stereochemistry* of **microlenin,** a novel antitumour dimeric sesquiterpene lactone from Helenium microcephalum; X-ray crystal structure. 099661

Chemistry of ayurvedic crude drugs. IV. Guggulu (resin from Commiphora mukul). 4. Absolute *stereochemistry* of **mukulol.** 100010

STERIC

Steric **arrangement** of sweet and bitter taste of amino acids and peptides. 095544

STERILITY

Isofermentative composition of ovules of fertile maize plants and their *sterile* **analogs.** 100172

Ultrastructure of the stamen cells from fertile and *sterile* **(cytoplasmic** male sterility) forms of sugarbeets of different ploidy level. 099301

Restriction endonuclease analysis of mitochondrial DNA from normal and Texas **cytoplasmic** *male-sterile* maize. 099383

A simple method to **estimate** *sterile:* normal ratios based on hatchability on **eggs** [Dacus cucurbitae]. 102824

Comparative morphoanatomical study of the conductive system of the connective in *sterile* and **fertile** forms of plants. 098993

Readily soluble proteins and peroxidase of the heterotic hybrids, *sterile* and **fertile** analogs of onions. 099101

Peculiarities of structure of the conductive system in *sterile* **forms** of sugarbeets. 098994

Ultrastructure of microsporocytes in *sterile* **forms** of sugarbeets. 099300

Effect of sodium chloride on the content of thiolic compounds and melanin in a culture of the tissue of a *sterile* **fungus** [Mycelia sterilia] isolated from tissue of American Kochia. 099991

Progress of cytoplasmic and **genetic** *sterility* in hybrid seed corn production. 099367

Hormonal changes associated with experimentally produced cystic ovaries in the cow [Luteinizing **hormones,** *sterility].* 096959

Lilium X 'Black Beauty'—a potential bridging hybrid in Lilium [Overcoming **hybrid** *sterility].* 099197

Chemically **induced** *sterility* in wheat for hybrid seed production. 099172

Suppression of the melon fly, Dacus cucurbitae Coquillett (Diptera: Tephritidae), on Kudaka Island with *sterile* **insect** relases. 102382

Sterility and **lethality** in crosses involving two translocation heterozygotes [for control] of the German cockroach, Blattella germanica (L.). 102528

Creation of forms with cytoplasmic **male** *sterility* for obtaining heterotic hybrids of rye. 099081

Peculiarities of cytoplasmic and nuclear **male** *sterility* in winter rye. 099096

Study of heterosis and **male** *sterility* in winter rye. 099109

Study of **male** *sterility* in rye. 099110

Genetic and breeding aspects of using cytoplasmic **male** *sterility* of maize. 099119

Functional peculiarities of mitochondria in plants with cytoplasmic **male** *sterility.* 099292

Ultrastructure of the stamen cells from fertile and sterile (cytoplasmic **male** *sterility)* forms of sugarbeets of different ploidy level. 099301

Inheritance of cytoplasmic **male** *sterility* in closely related crossings of winter rye. 099391

Oxidation-reduction processes in wheat forms with cytoplasmic **male** *sterility.* 099393

Mathematical models of the *sterile* **male** technique of insect control. 102241

Studies on the fruit flies of Karachi prior to the application of *sterile* **male** release technique. 102377

Semi-sterility in the **Mediterranean** fruit fly, Ceratitis capitata Wiedemann [Genetic control]. 102410

Mutation frequency in relation to M1 *sterility* **[Mungo** beans, cowpeas]. 099153

Studies on the *female-sterile* **mutant** rudimentary of Drosophila melanogaster. I. An analysis of the rudimentary wing phenotype. 102909

A comparative study on anther development in male-fertile and *male-sterile* **plants** of Pelargonium crispum L'Her. ex Ait. 098972

An EMS [ethyl methanesulfonate] induced dominant mutation for **pollen** *sterility* in Petunia. 099127

Effect of envorinomental fluctuations on the **pollen** *sterility* in homo- and heterozygotes of radish (Raphanus sativus L. Var. Radicola pers.). 099150

Interspecies hybrids of cotton [Gossypium] species with a different number of chromosomes and the **reasons** of their *sterility.* 099450

Screwworm flies [Cochliomyia hominivorax] for *sterile-male* **releases:** laboratory observations of the quality of newer candidate strains. 102552

Gamma irradiation of the melon fly [Dacus cucurbitae]: laboratory studies of the *sterility* and **sexual** competitiveness of treated adults. 102378

Breeding-genetic and physiological-biochemical study of **sorghum** *sterile* analogs. 099387

STERILIZATION

Attempts at the *sterilization* with **ethylene** oxide of bone meal contaminated with Salmonellae. 096007

Modifications of the protein part of milk in *sterilization* by **friction.** 095596

Reproductive behavior and physiology of Dacus oleae [olive fruit fly]: **egg** hatch in females mated successively with normal and *gamma-sterilized* **males** and vice versa. 102807

Effect of soil type and its *sterilization* on the **severity** of Fusarium wilt of cotton (Gossypium hirsutum L.) caused by Fusarium oxysporum f. vasinfectum (Atk.) Snyder and Hansen. 101625

Casein micelles in *sterilized* **skim** milk. 095616

STEROID

Big scope for **anabolic** *steroids* [Beef cattle]. 096222

Physiological activity of water beetle [Dytiscidae, Gyrinidae] defensive agents. II. Absorption of selected **anesthetic** *steroids* and norsesquiterpenes across gill membranes of the minnow Pimephales promelas Raf. 102966

Structural requirements for *steroid* **binding** and quenching of albumin fluorescence in bovine plasma albumin. 096249

Biosynthesis of triterpenoids, *steroids,* and **carotenoids.** 096265

Temporal changesin **circulating** *steroids* during prostaglandin F2alpha induced abortion in the rat and rabbit. 097018

Free and **conjugated** *steroids* in maternal and fetal plasma in the cow near term. 096879

Histochemical studies on *steroid* **dehydrogenases** in hamster eggs during the early development. 096974

Steroid **hormone** action in animal cells [Chicks]. 096407

Serum LH [luteinizing hormone] concentration following castration, *steroid* **hormone** and gonadotropin releasing hormone treatment in the male bovine. 096937
Alterations in RNA and protein synthesis associated with *steroid* **hormone-induced** sexual morphogenesis in the water mold Achlya [Ambisexualis]. 099692
Investigation on some *steroid* **hormones** and their conjugates in pollen of Pinus nigra Ar. Separating steroids by thin-layer chromatography. 100626
Solacasine, a **new** *steroidal* alkaloid from Solaum pseudocapsicum possessing antimicrobial activity. 099713
Holacetine, a **new** *steroid* alkaloid from Holarrhena antidysenterica. 099908
Physiological activity of water beetle [Dytiscidae, Gyrinidae, Coleoptera] defensive agents. I. Toxocity and anesthetic activity of *steroids* and **norsesquiterpenes** administered in solution to the minnow Pimephales promelas Raf. 102965
Plasma *steroid* tendency, social environment and Eimeria necatrix infection [Chickens]. 097483
Influence of the solvents used for the crystallization of *steroid* on the **process** of hydroxylation of the 21-acetate of Reichstein's substance S by a culture of the fungus Tieghemella orchidis. 099505
Investigation on some steroid hormones and their conjugates in pollen of Pinus nigra Ar. **Separating** *steroids* by thin-layer chromatography. 100626
Preparation of teaser bulls and *steroid-implanted* **steers** and their effectiveness in detecting estrus [Dairy cattle]. 097048

STEROL
Studies on buffalo's **milk.** 12. The *sterols.* 095627
Fragility of plasma membranes in Saccharomyces cerevisiae enriched with different *sterols* [Yeasts]. 099808
Biosynthesis of *sterols* by various **yeasts.** 099857

STEVIA
Diterpene-glycosides of *Stevia* **paniculata** Lag.: structures of aglycones. 099667

STIGMA
Pollen wall and *stigma* **surface** in the marine angiosperms Thalassia and Thalassodendron. 099013
Localisation of concanavalin A binding sites on the *stigma* **surface** of a grass species [Phalaris minor]. 100239

STILBESTROL *see* DIETHYLSTILBESTROL

STIMULATION
Oxygen uptake and tissue oxygen tension during **adrenergic** *stimulation* in canine subcutaneous adipose tissue. 096163
A bioassay dilution technique to assess the significance of dredged material disposal [for **algal** *stimulation].* 099745
Insect [Manduca sexta] prothoracic glands; a role for cyclic AMP [adenosine monophosphate] in the *stimulation* of **alpha-ecdysone** secretion. 103048
Mechanical and metabolic effects of **beta-receptor** *stimulators,* the C-terminal octapeptide of cholecystokinin, and prostaglandin E2 on the isolated, depolarized sphincter of Oddi [Cats]. 096160
Occurrence and significance of nasal bot [**Cephenemyia** *stimulator]* infestation in roe bucks (Capreolus capreolus). 102569
Brood transport by young workers of Tapinoma erraticum (Formicidae, Dolichoderinae): role of mechanical and **chemotactic** *stimuli* from the brood. 102839
Cyproterone-mediated *stimulation* of delta-aminolevulinic acid synthetase in chick embryo liver cells. 096329
Influence of some **external** *stimulations* due to mating upon the females reproductive function in Acanthoscelides obtectus Say (Coleoptera, Bruchidae). II. Experimental study. 102814
Role of **follicle** *stimulating* hormone and testosterone in the early stage of spermatocytogenesis in rats. 096975
On the effects in vitro of **follicle** *stimulating* hormone (FSH) and actinomycin D on the amounts of nucleic acids of the immature mouse ovaries. 097037
Stimulation of **growth** of pepermint (Mentha piperita) by phosfon, a growth retardant. 099898
Mechanism of plant **growth** *stimulation* by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 compensation point [kidney] bean embryo respiration [Maize, wheat, sugarbeet]. 099947
Study of the lignin **growth** *stimulator* effect on the Druzhbatomato variety. 100443
Stimulation of **growth** by insulin in Drosophila enbryonic cells in vitro. 102936
Thyroid-stimulating **hormone** binding to beef thyroid membranes. Role of N-acetylneuraminic acid. 096431
Effects of intravenous injection of FSH *[follicle-stimulating* **hormone]** on ovarian follicular cysts in dairy cows. 097740
Destruction of the pars intercerebralis in Drosophila melanogaster: effect on fertility and *stimulation* of **mating.** 102994
Isolation of *stimulatory* **modulator** of guanosine 3':5'-monophosphate-dependent protein kinase from mammalian heart devoid of inhibitory modulator of adenosine 3':5'-monophosphate-dependent protein kinase [Dogs]. 096425
Investigations on the *stimulating* and **nematocidal** effect of hexachlorbutadien. 101908
Blood flow changes in the submaxillary gland of the rat on parasympathetic and sympathetic **nerve** *stimulation.* 096153
In vitro response of ovine and bovine uterine arteries to prostaglandin F2 alpha and periarterial sympathetic **nerve** *stimulation.* 096880
Terminology of chemical **releasing** *stimuli* in intraspecific and interspecific interactions [Synomone, apneumone, chemical communication]. 102967
Effects of medium composition and metabilic inhibitors on glycosaminoglycan synthesis in chick embryo cartilage and its *stimulation* by **serum** and tiriiodothyronine. 096237
About the possibility of *stimulating* the **system** of restoration [after radiation injury] by low levels of ionizing irradiation [Experiments on pea seeds]. 102051
Thyroid *stimulating* hormone in the chicken. III. Serum glycoproteins. 096152

STOCK
Pirimor trial for aphid control on field-grown **column** *stock*—progress report [Chrysanthemums]. 102408
First results of 18 months of experimentation on a *stock* **culture** of Pelargonium. I-II. 101224
Tests of hosts of some *stocks* and **fruit** varieties in relation to Pratylenchus vulnus Allen and Jensen. 101826
A simulation analysis of a **reserve** *stock* management policy for feed grains and wheat. 094321
Study on the root system of the Kjustendilska Sinja plum variety grafted on a myrobalan plum **root** *stock* [in relation to plowing and fertilizer application]. 101159
A survey of migratory nematodes, especially Pratylenchus penetrans, in *root-stocks* of **roses** in Danish plant nurseries. 102047
Up-to-date problems of *stock-keeping* and **storing** of food products. 095429
A test of summer propagation of various fruit **tree** *stocks.* 101250

STOICHIOMETRY
Cytidine 5'-triphosphate synthetase of calf liver. Size, polymerization, and **reaction** *stoichiometry.* 096422

STOLBUR
Study of the collection of eggplants for resistance to wilt [caused by Verticillium and *stolbur* **virus].** 101356

STOMACH
Parabronema longispiculatum n. Sp., a *stomach* **parasite** of the African elephant (Loxodonta africana Blumenbach, 1797). 097612
Crumbles contra meal for bacon pigs. Effect on daily gain, feed efficiency, carcass quality and on the oesophageal **partof** the *stomach.* 096601
The site of mangesium absorption from the **ruminant** *stomach* [Sheep]. 096272
Embryogeny of the *stomach* in **swine.** 096575

STOMATA
Delay in the response of *stomata* to **abscisic** acid in CO2 [carbon dioxide]-free air [Xanthium strumarium]. 099833
Epidermal structure and distribution of *stomata* in **Aponogeton** natans (L.) Engl. and Krause. 098943
Paracytic (syndetocheilic) *stomata* in **carboniferous** seed ferns. 098716
Shrinkage of guard cell chloroplasts in relation to *stomatal* opening in **Commelina** benghalensis L. 099494
Anatomical characteristics of the epidermis in some cultivars of Brassica oleracea L. Distribution and structure of *stomata* in the **cotyledons** [Brussels sprouts, kohlrabi, kale]. 098889
Stomatal **features** of Hemionites arifolia (Burm.) Moore [Pteridophyta]. 099029
Tube solarimeter and automatic porometer [Measurement of solar radiation and *stomatal* **resistance].** 100005
Water stress induced alterations of the *stomatal* **response** to decreases in leaf water potential [Cotton]. 100265
Influence of morphactins on *stomatal* opening and **transpiration** [of plants]. 099531

STOMATITIS
The isolation and characterization of a strain of bovine **papular** *stomatitis* virus. 097551
Ultrastructural diagnosis of bovine **papular** *stomatitis.* 097554
Etiology of the *stomatitis* **pneumoenteritis** complex in Nigerian dwarf **goats.** 097288
A unique RNA species involved in initiation of **vesicular** *stomatitis* virus RNA transcription in vitro. 097299
Role of temperature-sensitive mutants in persistent infections initiated with **vesicular** *stomatitis* virus. 097425
Temperature-sensitive mutants of **vesicular** *stomatitis* virus are conditionally defective particles that interfere with and are rescued by wild-type virus. 097426
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, rinderpest, vesicular exanthema of swine, **vesicular** *stomatitis* and foot-and-mouth disease. 097558
Multiplication of **vesicular** *stomatitis* virus in the leafhopper Peregrinus maidis (Ashm.), a vector of a plant rhabdovirus [Maize mosaic virus]. 101759

STOMOXYS
Fly [Musca domestica, *Stomoxys* **calcitrans]** control around dairy farms. 102565
Control of house fly [Musca domestica] and stable fly *[Stomoxys* **calcitrans]** breeding in rhinoceros dung with an insect growth regulator used as a feed additive. 102597

STONES
Causes and alternative solutions to the water quality problems of **Big** *Stone* Lake, Western Minnesota-northeastern South Dakota. 104337
Performance of seven introduced hardwood [tree] species on **extremely** *stony* mucks in Hawaii. 098164
Use of growth regulators in *stone* **fruit** production. 101064
Crown gall [Agrobacterium tumefaciens] controlled in the field with a nonpathogenic bacterium [Agrobacterium radiobacter, *stone* **fruit,** biological control]. 101704
Stone **fruit** spray schedule—1976. 101920
Biology and management of *stone* **fruit** pests [Syneta albida, Rhagoletis indifferens]. 102379
Boron [deficiency] in *stone* **fruits.** 101845
Some approaches to the control of freeze injury in *stone* **fruits.** 102027
Separation of potatoes from clods and *stones*—the **main** problem of the mechanized harvesting. 103506
Virus-like problems in **Oregon** *stone* fruit orchards. 101724
Position of technique and technology of *stone* **removal** from fields in the German Democratic Republic. 103451
Nutrition diagnosis of **young** *stone* fruit trees. 100504

STORAGE
Testing the *storage* **ability** of feed fats and feeds containing fats. 096029
Changes in quality of cassava roots during *storage* [for **animal** and human consumption]. 096015
Freeze dehydrated compressed sour cherries. II. Stability of **anthocyanins** during *storage.* 095925
Metabolism of malic dehydrogenase and polyphenoloxidase in **apples** [during *storage].* 095885
Preharvest nutrition and postharvest physiology of **apples** *[Storage].* 100458
Storage **aspects** of processed cashewnuts. 095909
Effect of controlled **atmosphere** *storage* on aflatoxin production [by the Aspergillus flavus] in high moisture peanuts (groundnuts). 095828
Controlled **atmosphere** *storage* of Eastern-grown peaches and nectarines. 095934
Control of insects **attacking** *stored* grain and peas and seed treatment for small grains. 102527
Genetic efficiency of ethylenimine in relation to the time and temperature of *storage* of **barley** grain. 099402
Effects of boron and succinic acid 2,2-dimethyl hydrazide (SADH) on fruitfulness and *storage* **behavior** of 'Magness' pears. 100422
Handling and *storage* of **blue** mussels in shell. 095509
Bulk *storing* of potatoes. Interpretation of a condensation problem. 095859
Automation of the unloading of forage from *storage* on **cattle** farms. 103516
Storing of **cereals** on floors in hanger-type stores. 103358
Free amino acids in hen's egg and their **change** during *storage.* 095731
Maintenance of the properties of [the nitrogen fixing bacteria] Azotobacter **chroococcum** *stored* in a lyophilized farm. 103751
Protecting beer quality by distributor **cold** *storage.* 095414
Studies on storage methods of agricultural products. IV. Effects of precooling and **cold** *storage* methods on the quality of cut gladioli. 095932
A new Swiss cooling island for cheese—provided with air **conditioning** *[Storage].* 095639
Effect of *storage* **conditions** on fermented apple juice. 095874
Effect of *storage* **conditions** on keeping quality of tangerine fruit. 095947
[Fungal and bacterial] diseases of potato tubers [in *storage]* and their **control** [Comparisons of varietal resistance]. 101337
Storage **decay** of unbarked timber. 098427
Developing *storage* for loose fertilizer. 104144
Disinfecting *storage* rooms [Vegetable diseases]. 101943
Dairy transport, *storage* and **distribution.** 094495
Packing media: what's best? [for *storage* of **dormant** scions of the pecan, Carya illinoensis]. 101219
Storage of **dried** and pelleted [sugar]beet pulp in silos. 095854
Grain harvest—grain drying and *storage* **[Equipment].** 095165
Store **excess** rain water [Drainage]. 104318
The effect of *storage* **factors** on membrane permeability and sugar content of potatoes and decay by Erwinia carotovora var. atroseptica and Fusarium roseum var. sambucinum. 095865
Economics of drying, *storage* and **feed** processing. IV. Feed processing. 094373
Bulk bin design [for **feed** *storage].* 103384
New methods for *storing* and **feeding** forage beets. 096037
Moisture absorption by **fertilizers** during *storage.* 104080
Wheat albumin and globulin proteins: purothionin levels of *stored* **flour.** 095825

Improving the effectiveness of industrially-producing young cattle facilities with semislotted floors by increasing the number of heads per unit group and the biological treatment of *stored* **fodder.** 096134
What risk of botulism from **food** *stored* at conventional refrigeration temperatures? 095353
Up-to-date problems of stock-keeping and *storing* of **food** products. 095429
Resistance of the ship rat, Rattus rattus L. To warfarin *[Stored* **foods;** pest control]. 095488
Cultivation, harvest and *storage* of **forage** beets. 100916
Informosomes as a *stored* **form** of mRNA in wheat embryos. 100182
Effects of freezing, **frozen** *storage* and thawing on selected characteristics of beef steaks. 095680
Preliminary studies on Meet Ghamr peach [variety] **fruits** *storage.* 095868
Controlled atmospheres for fresh vegetables and **fruits**—why and when *[Storage].* 095900
Changes in the lipids of soybeans during *storage* and **germination.** 095796
Effect of the duration and conditions of *storage* on the **germination** percentage and yielding properties of hemp seeds. 100974
Excessive pressure drop through a bed of *stored* **grain** during aeration. 103339
Storing of cereals on floors in **hanger-type** *stores.* 103358
Transport and *storage* of **horticultural** products. 095882
The storage of shale ash in *store* **houses** of a silo type. 104092
Biochemical and technological aspects of production and *storage* of **humanized** baby food powder. 095545
Hypobaric *storage* and transportation of fresh fruits and vegetables. 095901
The problem of the effect of *storing* **irradiated** seeds with different level of ploidy on their viability. 099787
Living environment and extension of green spaces [Seed production, collection and *storage* for **landscaping** with shade trees]. 101272
Low pressure (hypobaric) *storage* of **limes.** 095922
Viability of horse embryos after *storage* and **long-distance** transport in the rabbit. 096972
The *storage* **loss** of fodder beets as influenced by harvesting, handling, and cleaning [Injuries]. 102050
The *storage* of **mackerel** (Scomber scombrus). Development of histamine and rancidity. 094881
Storage and **management** of livestock manure. 104604
Storage of **mannose-containing** material in cultured human mannosidosis cells and metabolic correction by pig kidney alpha-mannosidase. 096373
Studies on *storage* **methods** of agricultural products. IV. Effects of precooling and cold storage methods on the quality of cut gladioli. 095932
Cell count in fresh and *stored* **milk** samples measured on the Fossomatic automatic cell counting instrument. 095603
Equipment for chemical treatment of potatoes **moving** into *storage.* 103581
Storage of **Narcissus** bulbs for field planting. 095949
Mould deterioration of cocoa during processing and *storage* in **Nigeria.** 101502
Measuring boar odor in fat of swine using a radioimmuno test. 2. Duration of eliminating **odor** *stores* after castration. 096597
The "thirds" idea in marketing [Commodity futures trading, contracts, and **on-farm** *storage].* 094601
Better *storage* of **onions** with irragiation. 095881
Control over the preparation and *storage* of **organic** fertilizers in the Krasnodar Territory. 104059
Dynamics of *storage* of **organochlorine** pollutants [pesticides] in herring gulls. 102683
Achievements in the investigations on [insect and mite] *storage* **pests** [in Poland during last 30 years]. 102526
Changes in the partition of nitrogen and phosphorus in *stored* **pig** slurry. 104538
The effect of temperature regime of *storing* **pine** and spruce seeds on their sowing qualities. 098140
Effect of some factors on the saccharification of dry **plums** during *storage.* 095897
Designing of large-capacity **potato** *stores.* 103354
Principal conditions in the *storing* of **potatoes.** 095936
Machines and equipment for post-harvest handling and *storing* of **potatoes,** manufactured in Czechoslovakia and the German Democratic Republic. 103498
Effect of rotary-drum-drier exit temperature and length of **pre-drying** *storage* time on digestibility of dried grass cobs [Sheep]. 096701
Characteristics of edible plant tissues [Chemical composition, changes during *storage* and **processing** of foods and fruits]. 095497
The tolerance of developmental stages of four *stored* **product** moths to phosphine [Ephestia, Plodia interpunctella]. 102538
The influence of temperature and humidity on the life-cycle of Ectomyelois ceratoniae (Zeller) (Lepidoptera: Phycitidae [Insect pests of citrus trees, nuts and *stored* **products].** 102437
Nutrient reserves in starving black carpet beetle [Attagenus megatoma] larvae infected with the eugregarine Pyxinia frenzeli [Pest of *stored* **products].** 103029
Fruit thinning, summer pruning, and *storage* **quality** of apples. 101074
Onions. Yield and *storage* **quality** as influenced by time of transplanting. 101267
Studies on the care and *storage* of **raw** silk. 5. On the preventive effect of the outer packaging of corrugated fiberboard box on the dewfall phenomenon. 095517
Microbiological quality of frozen fried chicken products obtained from a **retail** *store.* 094899
Rx [prescription] for veterinary information: *storage* and **retrieval.** 097120
Changes in resident bacteria, pH [hydrogen-ion concentration], sucrose, and invert sugar levels in sugarbeet **roots** during *storage.* 095767
Mutational variability of maize as a result of **seed** *storage.* 099424
Living environment and extension of green spaces **[Seed** *storage* and preparation for landscaping with shade trees]. 101273
Stability of *stored* **serum** creatine phosphokinase [in veterinary medicine]. 096276
The *storage* of **shale** ash in store houses of a silo type. 104092
Some changes in cherry fruits during the preharvest ripening period and after **short-term** *storage.* 100441
Messenger RNA synthesis, transport, and *storage* in **silkmoth** [Actias luna and Antheraea polyphemus] ovarian follicles. 102906
Much risk involved in **silo** *storage* [Safety]. 103348
Storage **stability** and quality of produce packaged in polymeric films [Fruits, vegetables]. 095906
Development of automatic systems with many links for operation of controlled atmosphere *[Storage]* **structures.** 103365
Storage **studies** of pressed juice from amla [Indian gooseberry] (Phyllanthus emblica). 095912
Studies in the preparation of cider from north Indian apples: II. *Storage* **studies.** 095913
Subatmospheric *storage* of fruits and vegetables. 095907
Studies on the relative value and the actual quantitative change of apple fruit **substances** during *storage.* 095898
Farm **supply** *store:* merchandising and layout [Agribusiness]. 103576
Effect of the content of coarse and dry leaves in the raw material from mechanized harvesting on the condition of the product during **tea** *storage.* 095533
The effect of *storage* **temperature** on the second day methylene-blue test [Milk spoilage]. 094893
The effect of *storage* **temperature** and sowing date on flowering of Ranunculus asiaticus seeds. 101072
Metabolism in senescent and *stored* **tissues** [of plants]. 099763
Changes in the marketable qualities of apple fruits from the Jonathan, Golden Delicious and Red Delicious **varieties** *stored* in controlled atmosphere. 095896
Synthesis of an optimal system of automatic regulation of the microclimate in **vegetable** *storehouses.* 103398
Maintaining milk product quality during *storage,* **warehousing** and distribution. 095663
Water *storage* in leaves of herbaceous plants in the humid zone. 099985
An examination of the quantity of **water** *stored* in mature Pinus sylvestris L. trees. 100650

STORMS

The situation is alarming. Forest hygiene—a term that is here to stay *[Storm* **damage].** 097903
Examples of the establishment of spatial arrangement as a measure for increasing the resistance of spruce stands (information article with reference data) *[Storm* **injuries].** 097955
Principles on the environmentaly correct restoration of the privately cultivated forest injured by a *storm* in **northwestern** Germany [Conservation and management]. 098003

STRAIN

Role of divalent cations in bactericidal action of normal bovine serum to Brucella **abortus** *strain* 19. 097634
Effect of spawn from mixed culture of mycelia between different *strains* of **Agaricus** bisporus (Lang) Sing. on mushroom yield. 101249
A study on Salmonella **anatum** *strains* [isolated from food]. 094849
Rate of growth and activity of oxidizing enzymes of different Fomes **annosa** *strains* [Pinus]. 101446
Nematode [Longidorus attenuatus] trasmission of the causal agent of chicory chlorotic ringspot, a *strain* of **artichoke** Italian latent virus. 101762
Tobacco mosaic virus (TMV). Effects of infection with strains of TMV on the yields of unproctected tomato plants and of plants protected with **attenuated** *strains* of TMV as compared to varieties resistant to TMV. 101805
Fractionation of a hemicellulase preparation of a culture of the fungus Aspergillus **awamori** *strain* 16 by gel filtrationon Sephadex. 099503
Meatless wonders?: there's talk of **beef** *strains* being 'mongrelized'; parallel seen in industry movement to current meattype swine [Breeding]. 096986
The isolation and characterization of a *strain* of **bovine** papular stomatitis virus. 097551
Screwworm flies [Cochliomyia hominivorax] for sterile-male releases: laboratory observations of the quality of newer **candidate** *strains.* 102552
Transfer of hypogammaglobulinemia in two inbred **chicken** *strains* by spleen cells from bursectomized donors [Immunosuppression]. 097413
Application of spectral-isotopic methods to a study of the variability of photosynthetic rate and exchange of organogenic elements in green algae cells. I. The photosynthetic incorporation of 13C [carbon isotope] in biomass of **Chlamydomonas** 137c *strain.* 100035
In vitro and in vivo translation of the ribonucleic acids of a **cowpea** *strain* of tobacco masaic virus. 101813
Occurrence of short particles in beans infected with the **cowpea** *strain* of TMV [tobacco mosaic virus]. I. Purification and characterization of short particles. 101814
Occurrence of short particles in beans infected with the **cowpea** *strain* of TMV [tobacco mosaic virus]. II. Evidence that short particles contain the cistron for coal-protein. 101815
An introductory study of the proteolytic system of Streptococcus **cremoris** *strain* HP [Starters, milk, cheese]. 095635
Reaction of Phaseolus an Macroptilium species to a *strain* of **cucumber** mosaic virus. 101789
A *strain* of **cucumber** mosaic virus (CMV) isolated from watermelon and melon cultivated in Campania (Italy). 101796
In vitro differentiation ane pH [hydrogen-ion concentration] sensitivity of field and cell **culture-attenuated** *strains* of transmissible gastroenteritis virus [Piglets]. 097381
Selection for a **diapause** *strain* of the bollworm, Heliothis zea. 102986
Repair of deoxyribonucleic acid in ultraviolet light-sensitive and -resistant Dictyostelium **discoideum** *strains* [Fungi]. 099813
Venezuelan equine encephalitis virus: comparison of infectivity and virulence of *strains* V-38 and P676 in **donkeys** [Aedes triannulatus, vectors]. 097220
Study on the antigenic structure and biochemical activity of isolated Salmonella **gallinarum-pullorum** *strains.* I. Decarboxylase activity of the Salmonella gallinarum-pullorum strains [Salmonellosis, poultry, man]. 097369
Virulence of **individual** *strains* of Verticillium fungus in relation to different varieties of cotton. 101475
Mixed inoculations with effective and **ineffective** *strains* of Rhizobium leguminosarum. 103771
Strains of **infectious** bronchitis virus on the Delmarva peninsula and in Arkansas [Chickens]. 097267
Vaccination and revaccination with a Holland (H) *strain* of **infectious** bronchitis virus [Chickens]. 097270
The isolation and characterization of a *strain* of **infectious** bovine rhinotracheitis virus from stillbirth in swine. 097294
East Coast fever. 2. Cross-immunity trials with a **Kenya** *strain* of Theileria lawrencei [Cattle]. 097653
Eimeria maxima: a comparison of two **laboratory** *strains* with a fresh isolate [Chickens]. 097465
Observations on the transmissibility of **lentogenic** *strains* of Newcastle disease virus: significance of variables [Chickens]. 097264
Allelism of spontaneous mutations which affect viability in the 2 chromosome of LA Drosophila **melanogaster** *strain.* 102944
Soil transmission of Petunia asteroid **mosaic** *strain* of tomato bushy stunt virus. 101774
Comparative study of the chemical composition of two cultivated **mushroom** *strains* (Agaricus bisporus L.). 100426
Proposal and description of ATCC [American Type Culture Collection] 13683 and ATCC 12102 as **neotype** *strains* of Actinomyces bovis Harz 1877 [from jaw sarcoma of cattle] and Actinomyces israelii (Kruse) Lachner-Sandoval 1898 respectively. 097385
Effectiveness of cross inoculation of clover with various *strains* of **nodular** bacteria. 100238
Blood groups and serum protein polymorphisms in the PitmanMoore and **Ohmini** *strains* of miniature pigs [Genetics]. 096857
A comparison of the virulence of three strains of Mycoplasma gallisepticum and **one** *strain* of Mycoplasma gallinarum in chicks, turkey poults, tracheal organ cultures and embryonated fowl eggs. 097595
Effect of *strain* **peculiarities** of yeast on the fermentation of grape juice and the artificial media. 095972
Some biochemical characteristics of modified **phenotype** *strains* of opaque-2 (Zea mays L.) [Maize, varieties]. 100169
Competition between nonplaquing and **plaquing** *strains* of Newcastle disease virus as affected by temperature [Chicken embryo fibroblasts]. 097250
Development of different *strains* of **Plasmodium** vivax in twospecies of Anopheles [maculatus mosquitoes]. 102547
Studies on Drosophila **radiosensitive** *strains.* I. Isolation of radiosensitive strains, their frequencies of spontaneous dominant lethals and of X-chromosome non-disjunction. 102950
Strain **rate** and temperature sensitivity of the crack initiation force in intact Japanese quail eggs. 096516
Effect of bean variety on nodule development and nitrogen fixation using a number of *strains* of **Rhizobium** phaseoli of Brazillian origin. 100359
Identification and characterisation of a **severe** *strain* of pepper veinal mottle virus isolated from pepper (Capsicum annuum and Capsicum frutescens) in Nigeria. 101766
Virulence of hungarian and **standard** *strains* of Pseudomonas phaseolicola on [kidney] beans (Phaseolus vulgaris L.). 101676
East Coast fevers. 1. Chemoprophylactic immunization of cattle against Theileria parva (Muguga) and five **theilerial** *strains.* 097652
East Coast fever. 3. Chemoprophylactic immunization of cattle using oxytetracycline and a combination of **theilerial** *strains.* 097654
A comparison of the virulence of **three** *strains* of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, turkey poults, tracheal organ cultures and embryonated fowl eggs. 097595

Induction of basidiocarp formation of **three** *strains* of Fomes durissimus Lloyd in culture [Fungi]. 099687
Correlation between the exoprotease activity, sporulation, crystal-formation, and virulence of local Bacillus **thuringiensis** *strains* [Bacterial insecticides, biological control]. 102237
Tobacco mosaic virus (TMV). Effects of infection with *strains* of **TMV** on the yields of unproctected tomato plants and of plants protected with attenuated strains of TMV as compared to varieties resistant to TMV. 101805
Experience of tomato vaccination with *strains* of **tobacco** mosaic virus of low pathogenicity. 101755
Study on the properties of **two** *strains* of the necrotic ringspot virus (NRV) isolated from almond trees (Prunus amygdalus Stokes) grown in Bulgaria. 101753
Genetic control of nutation process in Aspergillus nidulans[Fungi]. II. Study of ultraviolet-induced mutagenesis in **uvs** *strains*. 099229
Colonial variation in Xanthomonas campestris NRRL B-1459 and characterization of the polysaccharide from a **variant** *strain* [Xanthan gum production]. 095421
Antigenic variation of **Venezuelan** *strains* of foot-and-mouthdisease viruses. 097556
BVD **virus** *strain* variation and laboratory diagnostic problems. 097510
Serotyping bluetongue and epizootic hemorrhagic disease **virus** *strains*. 097548
Effect of temperature on the formation of higher alcohols and on the accumulation of biomass during the fermentation of grape must with various *strains* of **yeast.** 095974

STRAND

Uptake of *single-stranded* **bacteriophage** DNA by isolated tobacco protoplasts. 100335
The ovalbumin gene. Partial purification of the **coding** *strand* [Chickens]. 096938
Absence of antibodies to *double-stranded* **RNA** and DNA in the sera of scrapie-infected sheep and mice. 097414

STRATEGY

Strategy for **integrated** rural development. 094222
New *strategy* may ease beef risks [Marketing]. 094506
Flowering: outline of a **new** *strategy* [Plant biology]. 099972
Immunity of plants to insect pests and problems of the *strategy* and **tactics** of plant protection. 102269

STRATIFICATION

Tertiary lacustrine formations from Kizilcahaman basin (Anatolia, Turkey): pollen analysis, **palaeoclimatology** and *stratigraphy*. 098590
The efficiency of *stratified* **sampling** in the estimation of parameters for a bivariate norman population [Fibre length within wool staples]. 094642
Vertical profiles of [atmospheric] carbon dioxide concentration in **stable** *stratification*. 093965

STRAW

The efficient way of using *straw* **bales** [as growing medium] in greenhouse culture. 101200
Contractors in cost competition1 **[Baling** *straw].* 094419
Barley *straw* in pelleted diets for steers. 096624
Ground, pelleted and chopped **barley** *straw* and protein levels in the diet of wintering beef cows. 096634
Recent results in the use of pellets **containing** *straw* in the feeding of beef cattle. 096812
Straw for **dairy** cattle [Feed blends]. 096834
Further studies with *straw* **diets** for wintering beef cows. 096633
Straw **disposal** with high-pressure balers. 103507
Equipment for the handling of *straw* at the **dumping** site in the German Democratic Republic. 103495
The methodology of checking the reliability of the technological evaluation of unretted fiber **flax** *straw*. 095846
Gathering *straw!* [Feed for cattle]. 100778
Harvesting, transport and handling of *straw* in the **German** Democratic Republic. 103497
Effect of compost, *straw* **mulches,** and deep plow on soil moisture conservation in newly reclaimed uplands. 104223
Hints for the production of *straw* **pellets** in drying works and pelleting plants. 096057
Importance of *straw* **quality** for the use of straw in rations for fattening young bulls. 096807
Rational provision of feed with use of *straw* as a contribution to **raising** livestock production. 096811
Importance of straw quality for the use of *straw* in **rations** for fattening young bulls. 096807
Management of *straw* with **reference** to feeding. 096061
The compressive wafering of **rice** *straw*. I. Wafering of rice straw by low speed piston method. 096019
Some experiments on the composting method of *straw* of **rice** var. IR667 (Tongil) as growing substrate of cultivated mushroom Agaricus bisporus (Lange) Sing. 104128
Studies on the cultivation of oyster mushroom, Pleurotus ostreatus (Fr.) Quel. using **rice** *straw* as growing substrate. I. Experiments on the development of growing substrates. 104129
Competing and parasitic fungi [Cladobotryum variosporium, Trichoderma polysporum] in the cultures of edible wood-inhabiting mushrooms [grown on *straw* and **sawdust** substrates]. 101673
Effect of farmyard manure, *straw,* **slurry** and nitrogen, phosphorus, potassium on crop yields and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
New quality **standards** for *straw*. 095856
A new procedure for *straw* **treatment** [Feed]. 096012
Effect of soil properties and fertilizers on the yield of **unretted** *straw* and seeds of fiber flax in the Kostroma Region. 104072
The effect of the basal rations **[wheat** *straw]* on the tested foodstuff [Rams, feeding]. 096621
Effect of feeding treated groundnut-cake with urea-molassesimpregnated **wheat** *straw* on growth rate and utilization of nutrients in Nali lambs. 096684

STRAWBERRIES

Strawberry **cultivar** testing in Canada's Maritime Provinces. 101136
Plant protection in *strawberry* **cultures** [Fungus diseases]. 101424
Behavior of Tetranychus urticae toward essential oil mixtures from *strawberry* **foliage.** 102434
Yield and quality of mechanically **harvested** *strawberries*. 101067
Mechanical **harvesting** of *strawberries*. 103563
Some nuclear techniques applicable for physiological characterization of plant **material** *[Strawberries].* 100459
1976 outlook for *strawberries* in the **Northern** Hemisphere. 101068
Behavior of two nematicides in the control of nematodes in a *strawberry* **nursery.** 101958
Evaluation of the **Olympus** *strawberry* [Varieties]. 101058
The **olympus** *strawberry* variety. 101063
Optimizing *strawberry* yields with drip irrigation and plastic mulch. 104256
Effects of nitrogen and potassium on the boron content of the *strawberry* **plant.** 100350
Relationship between the diseases produced by the fungus Micosphaerella fragariae and the nutritive state of the *strawberry* **plant.** 101315
Determination of boron in the different parts of *strawberry* **plants.** 100349
Reaction of *strawberry* **seedlings** inoculated with race composites of Phytophthora fragariae Hickman. 101484
The estimation of phenylalanine ammonia-lyase (PAL)-activity in intact cells of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and cell-free extracts [Buckwheat, *strawberry,* **sunflower].** 100292
Genotypic influence on elemental composition of *strawberry* **tissues.** 099319

STREAK

Streak **disease** in grain—What is it? 101802
Maize *streak* epiphytotic in Nigeria [Cicadulina as insect disease vector]. 101786
Effects of drying on the transmissibility of wheat **spindle** *streak* mosaic virus in soils from wheat fields in Ontario. 101738

STREAM

Streamco purpleosier willow [for *stream* **bank** erosion control]. 101042
Transport of molybdenum in **mountainous** *streams,* Colorado [Water pollution, cattle toxicity]. 104487
Concentrations of nitrifying bacteria in sewages, effluents, and **receiving** *stream* and resistance of these organisms to chlorination. 104446
Rational management of confluences in the area of *stream* **regulation.** 104246
Geochemical controls of lead concentration in *stream* **water** and sediments. 104486
Oxygen sag and *stream* **[water]** purification. 104572
Sodium hazard of *stream* **waters** in Tungabhadra River Valley Project (left bank) area [Irrigation water quality]. 104357

STREPTOCOCCUS

Bacteriocins of *Streptococcus* **bovis** [Bovine and ovine rumen bacteria]. 096289
Characterization of *Streptococcus* **bovis** bacteriophages [in the rumen of sheep and cattle]. 096290
Lysogeny in *Streptococcus* **bovis** [Rumen microorganisms]. 096291
Autolysis of *Streptococcus* **cremoris** [Dairy starter bacteria]. 095578
Cytochemical observations on the extracellular carbohydrate produced by *Streptococcus* **cremoris** [Dairy starter bacteria]. 095581
An introductory study of the proteolytic system of *Streptococcus* **cremoris** strain HP [Starters, milk, cheese]. 095635
Beta-galactosidase activity by the *enterococci* **[Dairy** bacteriology]. 095615
The chemistry of some microbially induced flavor defects in milk and dairy foods *[Streptococcus* **lactis** var. maltigenes]. 094814
Control of group B *streptococcal* **mastitis** [Dairy cattle, bacterial infections]. 097323
Differentiation of *streptococci* **recovered** from bovine intramammary infections. 097519
The contribution of **starter** *streptococci* to flavour development in Cheddar cheese. 095586
Characterization of the proteolytic activity and fractionation of the dipeptidases and aminopeptidases from *Streptococcus* **thermophilus** [Casein hydrolysates]. 095593

STREPTOMYCES

The chlorogonoplasts in the seeds and tubers of potato, solanum tuberosum L., as indicator of resistance to the *Streptomyces* **[Scabies]** infection. 101310

STREPTOMYCIN

Isolation and characteristics of *streptomycin-resistant* **mutants** in Rhizobium japonica [Nodule bacteria]. 103832

STRESS

Particle model method for *stress* **analysis** of soil. II. A numerical method for unconstrained nonlinear optimization problems. 103783
If you can't stand the heat *[Stress,* **apples].** 101830
Response of yellow-poplar [Liriodendron tulipifera] seedlings to simulated **drought** *[Stress].* 102053
Shirnk and its importance to cowmen and cattle feeders [Loss in weight due to loss of gut fill or tissue due to feed and water deprivation or **exposure** to other *stresses].* 097793
Stress **factors** in poultry farming. 096508
A behavioural comparison of gnotobiotic with normal neonate pigs, **indicating** *stress* in the former. 096201
Intraspecific differences in growth of beans at *stress* **levels** of phosphorus. 100479
Stress and **porcine** stress exudate problems in slaughter swine. 097854
Effect of *stress* on the **quantitative** levels of certain enzymes in mice. 096596
Analytical study of growth and reproduction in Amaranthus spinosus L. subjected to *stress* from **reduced** light intensities. 102123
Stress **relaxation** and energy requirements in compaction of unconsolidated [agricultural] materials. 103341
Stress **resistance** in swine. 097855
Effects of **salt** *stress* on growth, nodulation and nitrogen fixation in cowpea and mung beans. 102006
Effect of **water** *stress* on chlorogenic acid content of Calluna vulgaris. 099611
Water *stress* and protein synthesis. IV. Responses of a drought-tolerant plant [Tortula ruralis]. 099836
The different behaviour of rainfed rice and irrigated rice under **water** *stress* conditions. 1. Study of the factors of adaptation to drought. 100079
Water *stress* induced alterations of the stomatal response to decreases in leaf water potential [Cotton]. 100265
The physiology of sorghum seed development as affected by light and **water** *stress*. 100295
Effects of container density and plant **water** *stress* on growth and cold hardiness of Douglas-fir [Pseudotsuga menziesii] seedlings. 100635
Water *stress* in plants. I. Abscisic acid level in tomato leaves after a long period of wilting. 102007

STRIATELLUS

Antifeeding activity of chlordimeform for plant-sucking insects [Nilaparvata lugens, **Laodelphax** *striatellus].* 102224

STRIDULATION

A new type of *stridulating* **apparatus** of the Cicadoidea, revision of the higher classification of the superfamily (Homoptera). 103176
Sound production in Scolytidae: rivalry and **premating** *stridulation* of male Douglas-fir beetle [Dendroctonus pseudotsugae]. 103016

STRIP

Factors determining the rate of relaxation of rabbit **aortic** *strips* after an exposure to noradrenaline. 096491
Longleaf seedlings [Pinus palustris] survive fire in **clearcut** *strips*. 097946
Blending of *machine-stripped* **cotton;** preliminary feasibility studies. 095835
Lichens from the **Irtysh** *strip-like* pine forests in the Semipalatinsk Region. 098777
Study on wire type **sugarcane** *stripping* machine. IV. Measuring torque. 103468
Weather *stripping* and caulking [for agricultural buildings]. 103319

STROKE

Lightning *stroke* of cattle in modern stables. 097801

STRONGYLOIDES

Intestinal plasma and blood loss in piglets infected with *Strongyloides* **ransomi.** 097656
Increased resistance in the rat to *Strongyloides* **ratti** following immunization against Trichinella spiralis. 097416

STRONGYLOSIS

Trials with morantel tartrate in the treatment of sheep **digestive** *strongylosis* in tropical area. 097614
Experiments in husbandry conditions of Oxfendazole, a new anthelmintic for controlling **gastrointestinal** *strongylosis* oflambs on pasture. 097617

STRONGYLUS

Strongylus **vulgaris** in the horse: a review. 097621

STRONTIUM

Effect of soil moisture content on the performance of *strontium-90,* **cesium-137,** and cerium-144 [isotopes] in the system soil—solution [Radioactive contamination]. 104645
Effect of soil moisture on the performance of *strontium-90,* **cesium-137,** and cerium-144 [isotopes] in the system soil-plant [Radioactive contamination]. 104646
Migration of Sr90 *[strontium* **isotope]** in soil-plant cover of subarctic tundra. 098855

Vertical distribution of Sr90 *[strontium* **isotope]** and Cs137 [cesium isotope] in bottom deposits of lakes and rivers. 104639
Accumulation and biological action of *strontium-90* **[isotope]** in the early phases of development of Pinus sylvestris L. [Radioactive contamination]. 104642
Biological action of *strontium-90* **[isotope]** on the seedlings of pine (Pinus sylvestris L.) in relation to vertical distribution of radionuclide in soil [Radiation injuries]. 104643
Desorption iron-59, cobalt-60, and *strontium-90* **[isotopes]** from soil by plant extracts in the conditions of dynamic experiments [Radioactive contamination]. 104644

STROPHARIA
New habitats and literature on *Stropharia* **rugosoannlata** Farlow ex Murr. [Fungi]. 098741

STRYCHNOS
Studies on the syntheses of heterocyclic compounds. 657. Total synthesis of angustine, naucleфine, and gentianine *[Strychnos* **angustiflora,** Nauclea Latifolia]. 099841

STUDENTS
The *farmer-worker-student-militiaman* **[Collective** farming]. 094198
Students of the **Department** of Automotive, Agricultural and Conveying Engineering hand over valuable research results to industry [Field and soil equipment, East Germany]. 103645
A weight control program for *students* using **diet** and behavior therapy. 095117
Nutrition: *students* **drink** up. 095383
Students **gorging** on vended candy? No, claims study. 095216
Graduate *students* and faculty learn behavior therapy of obesity. 095156
Nutrition education for **medical** *students:* I. What is it? Where has it been? Why should it be taught? 095311
Nutrition education for **medical** *students:* II. Who shall teach it? Within what framework? How? 095312
Student **restaurant** provides golden opportunity. 095313
Changing faces of *students* **result** in agriculture orientation course [University of Nebraska College of Agriculture]. 093988
Weight control program for **university** *students* conducted by nutrition seniors. 095134

STUMP
Fomes annosus (Fr.) Cooke, Peniophora gigantea (Fr.) Massee, and other fungi **colonising** *stumps* of Pinus sylvestris L. 098236
Effect of temperature on growth rate and survival of Fomes annosus in western hemlock [Tsuga **heterophylla]** *stumps.* 098235
Insect invasion and survival of Douglas fir [Pseudotsuga menziesii] *stumps* in **New** Zealand. 102500
The influence of environment upon the physiology of Peniophora gigantea on Pinus **teada** *[stumps].* 098237

STUNT
Soil transmission of Petunia asteroid mosaic strain of tomato **bushy** *stunt* virus. 101774
Virus diseases of legume plants in Indonesia. 2. **Soybean** *stunt* virus. 101744

STYLOSANTHES
Seed production of perennial stylo *[Stylosanthes* **guyanensis].** 100698
Register of Australian herbage plant cultivars [Varieties]. B. Legumes. 12. Stylo, *Stylosanthes* **hamata** (L) Taub (Caribbean stylo) cv. Verano. 100878
Physico-chemical properties of soil under phosphate application in *Stylosanthes* **humilis.** 103763

STYRENE
Thermochemical polymerization of monomers in wood. I. Influence of swelling agents on the polymerization of *styrene* in **birch** wood. 098370
Fluorescence characteristics of lignin model compounds. I. *Styrene* **derivatives.** 098178
Studies on the chemical testing method for the special processing raw silk. 1. On the properties of raw silk grafted with **methylmethacrylate** and *styrene.* 095513
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified alkali birch wood lignin preparations on *styrene* **polymerization** in DMSO [dimethyl sulfoxide] solution. 098314
Influence of moisture content on polymerization of monomers in wood. IV. Comparison of copolymerisation of *styrene* **withacrylonitrile** in birch wood in presence of water and methanol. 098316

SUAEDA
Hormonal control of germinaton under saline conditions of three halophytic taxa in the **genus** *Suaeda.* 099895
Embryology of *Suaeda* **maritima** (Linn.) Dumort. 098942
Influence of hormonal treatments on the growth of two halophytic **species** of *Suaeda.* 099475

SUBARCTIC *see* ARCTIC

SUBCELLULAR *see* CELLS

SUBCHLOROPLAST *see* CHLOROPLASTS

SUBCUTANEOUS
Toxicity of delta9-tetrahydrocannabinol (THC) **administered** *subcutaneously* for 13 days to female rabbits. 097830
Oxygen uptake and tissue oxygen tension during adrenergic stimulation in **canine** *subcutaneous* adipose tissue. 096163
Subcutaneous **infection** with Dermatophilus congolensis in a cat. 097402
Treponema pallidum infection in *subcutaneous* **polyethylene** chambers in rabbits. 097383
Subcutaneous **zygomycosis** in horses [Phycomycosis, Hyphomyces destruens]. 097473

SUBCUTANEOUSLY *see* SUBCUTANEOUS

SUBMAXILLARY *see* MAXILLARY

SUBMERGENCE
Optimization of the composition of the nutrient medium for the biosynthesis of glucoamylase by a *submerged* **culture** of Endomycopsis bispora [Fungi]. 099506
Toxic heavy metal effects in *submerged* **plants** [as an indicator of water pollution]. 104656

SUBSIDY
Government involvement makes Brazil's [soy] beans an attractive alternative. *Subsidies* **aid** Brazilian expansion. 094623

SUBSISTENCE
The marketed surplus of a *subsistence* **crop:** paddy rice in Taiwan. 094474

SUBSOILING *see* SOILS

SUBSTITUTION
A-Rest as a *substitute* for **B-Nine** in pot Chrysanthemum height control [Growth regulators]. 100419
Studies on the influence of substituted groups nature in *p-substituted* **cellulose** benzenesulphonate on mechanism of nucleophilic substitution of sulphonyloxygroups by acetoxylons. 098361
Genetic analysis of hexaploid wheat, Triticum aestivum using intervarietal **chromosome** *substitution* lines—protein content and grain weight. 099182
Use of urea in the nutrition of monogastric animals. I. Partial or **complete** *substitution* of soybeans for urea in a rabbit ration. 096788
ICMSF [International Commission on Microbiological Specificatons for Foods] methods studies. VII. Indicator tests as *substitutes* for **direct** testing of dried foods and feeds for Salmonella. 094823
Sunflower seed cake and mustard oil cake as *substitutes* for **groundnut** cake in poultry rations. 096745
Studies on the influence of *substituted* **groups** nature in p-substituted cellulose benzenesulphonate on mechanism of nucleophilic substitution of sulphonyloxygroups by acetoxylons. 098361
Study on the soil erosion of reclaimed land in Shorenji. 3. On the disaster of the farm lands before disposition for *substitute* **lots** and the management of these farms lands. 104222
The synthesis of angular **methyl** *substituted* bicyclic enones via a unique regioselective enamine annulation reaction [Cyperus rotundus, Vetivera zizanoides, essential oil]. 100013
Effect of tetrahydroquinoline derivatives on the growth of mold fungi [Aspergillus niger, Aspergillus fumigatus, Penicillium cyclopium]. II. **N-alkyl** *substituted* THQ and their nitro derivatives. 099870
Studies on the influence of substituted groups nature in p-substituted cellulose benzenesulphonate on mechanism of **nucleophilic** *substitution* of sulphonyloxygroups by acetoxylons. 098361
Pollen *substitutes* [for feeding honeybees]. 103306
Foundations of the method of alkaline regeneration of **soil** *substitutes* [Artifical growing substrates]. 100883
Testing of **sugar** *substitutes* and sugar mashes for feeding honeybees. 103282
An analysis of the influence on consumption and utilization of wood products due to their *substitutes* in **Taiwan.** 098193

SUBSTRATE
The influence of DNA binding protein on the *substrate* **affinities** of DNA polymerase from Ustilago maydis [Fungi]: one polymerase implicated in both DNA replication and repair. 099345
Light effects on phenylalanine **ammonia-lyase** *substrate* levels and turnover rates in maize seedlings. 100283
Nutrition diagnosis of cucumbers grown on an **artificial** *substrate.* 100502
Forcing tulips in various *substrates* and in **boxes** of varying height [Growth]. 100589
The mode of interaction between the *substrate* and **cell** surface of the hydrocarbon-utilizing yeast Candida tropicalis. 099566
Studies on Plover Cove Reservoir, Hong Kong. III. A comparison of the species composition of diatom floras on different *substrates,* and the **effects** of environmental factors on their growth [Algae]. 098792
Effectiveness of using vermiculite [as a *substrate* for **flowers]** in protected cultivation. 101079
Photosynthesis in a reconstituted chloroplast system from spinach: some factors affecting CO2 [carbon dioxide]-dependent oxygen evolution with **fructose-1,6-biphosphate** as *substrate.* 100374
Foundations of the method of alkaline regeneration of soil substitutes [Artifical **growing** *substrates].* 100883
Some experiments on the composting method of straw of rice var. IR667 (Tongil) as **growing** *substrate* of cultivated mushroom Agaricus bisporus (Lange) Sing. 104128
Studies on the cultivation of oyster mushroom, Pleurotus ostreatus (Fr.) Quel. using rice straw as **growing** *substrate.* I. Experiments on the development of growing substrates. 104129
Effect of *substrate* on **metabolic** production by Alternaria alternata [Sorghum]. 101327
Deacidification of **peaty** *substrate* and the productivity of cucumbers in greenhouses. 101199
Peptide *substrates* for chymosin (rennin): Kinetic studies with peptides of different chain length including parts of the sequence 101-112 of bovine kappa-casein. 096246
Utilization of **respiratory** *substrates* by Anacystis nidulansricher [Algae]. 099690
Competing and parasitic fungi [Cladobotryum variosporium, Trichoderma polysporum] in the cultures of edible wood-inhabiting mushrooms [grown on straw and **sawdust** *substrates].* 101673
Soil *substrates* and mineral nutrition of vegetables in protected cultivation. 101090

SUBSURFACE *see* SURFACE

SUBTERRANEAN
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. II. In *[subterranean* **clover]** plants grown at sub-optimal root temperatures. 099001
Productive low oestrogen sub clover pastures in the southern wheatbelt [on sheep fertility, *subterranean* **clover** cultivars]. 100695
Cervical mucus changes in infertile ewes previously exposed to **oestrogenic** *subterranean* clover. 097028
Seasonal dynamics of masses of aerial and *subterranean* **organs** in meadow-steppe plants. 098823
The structure and development of **Trifolium** *subterraneum* L. root nodules [Rhizobium]. I. In [subterraneau clover] plants grown at optimal root temperatures. 099000
The structure and development of **Trifolium** *subterraneum* L. root nodules [Rhizobium]. II. In [subterranean clover] plants grown at sub-optimal root temperatures. 099001

SUBTROPICAL
Adaptability of 1/2 Sahiwal X 1/2 Brown Swiss cattle to *subtropical* **conditions.** 3. Body water distribution. 096410
Specialization—a major factor of increasing [farm] production efficiency *[Subtropical* **crops].** 094336
Utilization of fixed capital and labor productivity in tea-growing state farms in the *subtropical* **zone** of the Georgian SSR. 094337

SUBUNITS *see* UNITS

SUBURBS
Global radiation beneath the canopy and in the clearing of a *suburban* **hardwood** forest [Pinus]. 097872

SUCCINIC
Succinic **acid** 2,2-dimethylhydrazide [Daminozide, plant growth regulators, residue analysis]. 099488
Investigations into the uptake, translocation and residue dynamics on the growth retardant B-9 *(succinic* **acid** dimethylhydrazide) with the 'Altenburger Melonenkursche' cherry variety. 100362
Effects of boron and *succinic* **acid** 2,2-dimethyl hydrazide (SADH) on fruitfulness and storage behavior of 'Magness' pears. 100422
Effect of seed soaking in ascorbic acid, *succinic* **acid** and cycocel on the yield of moong [Mung beans]. 101187
Effect of SADH *[succinic* **acid-2,2-dimethylhydrazide]** and ethephon on Crossandra infundibuliformis 'Mona Wallhed' [Growth regulators]. 100588
Growth regulators for fruit trees. IV. The effect of SADH *[succinic* **acid-2,2-dimethylhydrazide]** on the apple cultivar 'Cortland'. 100590

SUCCULENTS
Interesting cactus areas of **Bolivia** *[Succulents].* 098719
Cultivation of *succulents.* 101100
Succulents in the **garden** [Varieties]. 101261
The **Haworthias** *[Succulents].* 101210
Frailea aureinitens Buining et Brederoo spec. Nova *[Succulents,* **new taxa].** 098718
Haworthia. III. *[Succulents,* **varieties].** 101260

SUCKERS
Effect of topping and nitrogen on flue-cured tobacco. III. *Suckers,* **plant** height and time of flowering. 100699

SUCKING
Shelter seeking and *sucking* **behaviour** of the red deer calf (Cervus elaphus) in a farmed situation. 096206

On the fascicle of *blood-sucking* **Diptera,** in addition a description of the maxillary glands in Phlebotomus papatasi, together with the musculature of the labium and pulsatory organ of both the latter species and also of some other Diptera. 103036
Sucking **inhibitory** action of aromatic amines for the rice plant- and leafhoppers (Homoptera: Delphacidae, Deltocephalidae). 102284
Antifeeding activity of chlordimeform for *plant-sucking* **insects** [Nilaparvata lugens, Laodelphax striatellus]. 102224
Study of *sucking* **insects,** pests of pear tree in Moldavia. 102423
Effects of nutrient compounds on *sucking* **response** of the brown planthopper, Nilaparvata lugens (Homoptera: Delphacidae). 102825

SUCKLING

Gastric secretion and fermentation in the *suckling* **pig.** 096268

SUCROSE

The influence of inorganic salts, *sucrose* and **CEPA** [2-chloroethylphosphonic acid] on rooting of willow [Salix] cuttings. 100621
Investigations of diffusion in pure and technical sucrose solution. II. Diffusion of sucrose and *non-sucrose* **compounds** in multi-component systems. 095848
Response of sugarcane to filter press mud and N, P, and K [nitrogen, phosphorus, potassium]. I. Effect on sugarcane yield and *sucrose* **content.** 103883
Degradation of *sucrose* during **heating** and influence of amino acids on the pyrolytic process [Cognac]. 095873
Carbohydrate and enzymic characterization of a **high** *sucrose* sugary inbred line of sweetcorn. 100544
Plant distribution in Newfoundland especially in relation to summer temperatures measured with the *sucrose* **inversion** method. 098592
Changes in resident bacteria, pH [hydrogen-ion concentration], *sucrose,* and **invert** sugar levels in sugarbeet roots during storage. 095767
Properties of [mung] bean hypocotyl mitochondria isolated in a *sucrose-phosphate* **medium.** 100580
Investigation of enzymes of *sucrose* **metabolism** in fodder beet roots in connection with conditions of nitrogen nutrition [Fertilizers]. 100316
The role of the combination of *sucrose* and **milk** in diabetes mellitus. 094968
Investigations of diffusion in pure and technical sucrose solution. II. Diffusion of *sucrose* and **non-sucrose** compounds in multi-component systems. 095848
Investigations of diffusion in pure and technical sucrose solutions. I. Diffusion of *sucrose* in **pure** aqueous solutions. 095849
Determination of total sugars, *sucrose* and **reducing** sugars in coffee plants inoculated with Hemileia vastatrix Berk. And Br. [Rust]. 101624
Influence of cotyledon excision and *sucrose* on **root** formation in pea cuttings. 100532
Investigations of diffusion in pure and **technical** *sucrose* solution. II. Diffusion of sucrose and non-sucrose compounds in multi-component systems. 095848
Investigations of diffusion in pure and **technical** *sucrose* solutions. I. Diffusion of sucrose in pure aqueous solutions. 095849

SUCTION

Study of the movement of the air flow in the zone of the inlet opening of a *suction* **nozzle** [Pneumatic fertilizer loader]. 103548
Methodology of determining the strength of attachment of a seed by *suction* for the **pneumatic** sowing mechanism of a maize planter. 103416
Pore volume distribution and curve of water content **versus** *suction* of porous body. 1. Two boundary drying curves. 103827

SUDANGRASS

The culture and feeding with *Sudangrass* and **grain** sorghum hybrids. 100987
Effect of mixed salinity and P [phosphorus] fertility on yield and microelement composition of tomato, sweet corn and *sudangrass* in **sand** culture. 103976
Growth and composition of *sudangrass* **[Sorghum** sudanense] onhigh-calcium, low-magnesium soil. 100065

SUGAR

Transformation of *sugars* and **amino** acids during the chemical preservation of meadow plants [Silage]. 096024
Determination of chromium in several proposed standard samples and of zinc and chromium in wheat milling and **beet** *sugar* refining samples. 095809
Distribution and identity of root-knot nematodes (Meloidogyne spp.) on cotton and *sugar* **beet** in the syrian Arab Republic and the Republic of Lebanon. 102061
Regulation of the **blood** *sugar* content in experimental hyperglycemia in chick embryos. 096456
Egypt to **boost** *sugar* output, but will still need imports. 094531
The effect of storage factors on membrane permeability and *sugar* **content** of potatoes and decay by Erwinia carotovora var. atroseptica and Fusarium roseum var. sambucinum. 095865
Some aspects of theory and practice of *sugar* **crystallization.** 095852
Mono-, di-, and tri-saccharides and their **derivatives** *[Sugars].* 099638
Sugar in the **diet** of man. 095223
Effect of *sugar-factory* **effluent** on the growth of Hydrilla verticillata Royle [Algae]. 104518
New knowledge on the use of *sugar-containing* **feed** [Cattle]. 096728
Preventive measures at *[sugar]beet* **flumes.** 095850
The development of the **Greek** *sugar* industry in the last 15 years. 095855
Postharvest carbohydrate transformations and processed quality of **high** *sugar* maize genotypes. 094870
Fermentation **industry—***sugar,* pharmaceuticals, corn [Wastewater treatment]. 104554
Odor pollution control *[Sugar* **industry].** 104625
Problems of a new **international** *sugar* agreement [Price instability]. 094504
Changes in resident bacteria, pH [hydrogen-ion concentration], sucrose, and **invert** *sugar* levels in sugarbeet roots during storage. 095767
Contribution to determination of **invert** *sugar* in technical sugar juices. 1. New photometric method with 4-amino-3-hydrazino-5-mercapto-1,2,4-triazol as colour reagent. 095847
Separation of methyl ethers of xylose, glucose and some other *sugars* by **liquid** chromatography. 098290
The one world of *sugar* **[Marketing].** 094603
Testing of sugar substitutes and *sugar* **mashes** for feeding honeybees. 103282
Effect of ginseng extract on lipid and *sugar* **metabolism.** II. Nutritional states in rats. 095038
Milk *sugar* poisons honey bees. 103211
How drip irrigation affects [sugarcane] cultural practices at **Oahu** *Sugar* Company. 104394
Sugar and **polyol** permeability of Salmonella and osmophilic yeast [Saccharomyces rouxii, Schizosaccharomyces pombe] cell membranes measured by turbidimetry, and its relation to heat resistance. 099805
The effect of *sugars* and **polyols** on the heat resistance and morphology of osmophilic yeasts [Saccharomyces rouxii and Schizosaccharomyces pombe]. 099806
Mexican study on *sugar* **production** from the Maguey cactus [Cactaceae]. 095990
Storage of dried and pelleted *[sugar]beet* **pulp** in silos. 095854
Effect of products of *sugar-amine* **reaction** on the quality of the color material used in the production of cognac. 095956
Determination of total sugars, sucrose and **reducing** *sugars* in coffee plants inoculated with Hemileia vastatrix Berk. And Br. [Rust]. 101624
The effects of **selected** *sugars* on the rheological properties of rehydrated vital gluten. 095834
Testing of *sugar* **substitutes** and sugar mashes for feeding honeybees. 103282
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of *sugars* in **tangerine** leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473
Contribution to determination of invert sugar in **technical** *sugar* juices. 1. New photometric method with 4-amino-3-hydrazino-5-mercapto-1,2,4-triazol as colour **reagent.** 095847
Reaction partners in the carbonyl-amino reaction in **technical** *sugar* juices. 095851
Research on the determination of the **theoretic** *sugar* yield from sugarj-containing raw materials and their intermediate products. 095840
Determination of **total** *sugars,* sucrose and reducing sugars in coffee plants inoculated with Hemileia vastatrix Berk. And Br. [Rust]. 101624
Sugar as a **vehicle** for iron fortification: further studies. 095005
Sugar as a **vehicle** for iron fortification. 095006
A look at future **world** *sugar* production [Outlook, marketing]. 094602
New factors in the **world** *sugar* industry [Consumption]. 094635

SUGARBEETS

Effect of micronutrients on the yield production and technological value of *sugarbeets* **[ammonium** sulphate]. 104115
The agronomic characteristics of the ploid components from various **anisoploid** *sugarbeets* and the methods applied in order to determine the ploid components. 099384
Response of *sugarbeet* to **boron** application. 104021
Biology and ecology of the garden moth (Mamestra oleracea L., Lepidoptera, Noctuidae) [pest of *sugarbeets* in **Bulgaria].** 102309
Effect of microfertilizers on maize sown after *sugarbeets* on **calcareous** Chernozems. 104067
Enzymic colour formation in beet *[sugarbeets]* and **cane** [sugarcane] juices. 095806
Seed coating, precision planting, and sprinkler irrigation for optimum stand establishment [Lettuce, onion, **carrots,** *sugarbeets].* 101023
Effect of forest shelterbelts of fields on the yield of *sugarbeets* in **conditions** of irrigation. 097893
Calculated levels of inorganic fertilizers for forecasting a planned yield of *sugarbeets* in the **conditions** of the western regions of the Ukrainian SSR. 103958
Controlling *sugarbeet* nematodes pays off. 101873
A problem of bull fatteners: make maize or *sugarbeets?* **[Costs** and returns]. 094423
Balance of nutrients in a *sugarbeet* **crop** rotation on a deep Chernozem in the northern part of the Ukrainian steppe [Wheat, maize, peas]. 100122
Development of tetraploid forms of *sugarbeets* from **crossing** plants with different ploidy. 099287
Latest results in the modernization of *sugarbeet* **culture** [Equipment]. 103560
In field survival of Rhizoctonia solani in soil and in **diseased** *sugarbeets.* 101381
A comparison of seed-tape drilling and spaced seed **drilling** [of *sugarbeet].* 100717
Effect of seed types, sowing date, distance of the row and soil conditions on the *sugarbeet.* I. **Effects** on emergence. 100967
Effect of seed types, sowing dates, distance on the row and soil conditions on the *sugarbeet.* II. **Effects** on the yield. 100968
The role of *sugarbeet* in **feeding.** 3. Sugarbeet leaves. 096795
Peculiarities of structure of the conductive system in sterile **forms** of *sugarbeets.* 098994
Ultrastructure of microsporocytes in sterile **forms** of *sugarbeets.* 099300
The nature of inhibitory activity of pentachloronitrobenzene to sclerotia of Sclerotium rolfsii Sacc. [Isolated from **infected** *sugarbeet* roots]. 101672
Application of fertilizers in *sugarbeets* under **irrigation** in Kirgizia. 104052
The role of sugarbeet in feeding. 3. *Sugarbeet* **leaves.** 096795
Development of a systems of practices promoting the production of preset yields **[of** winter wheat, *sugarbeets* and **maize]** on typical Chernozems in the Kursk Region. 100794
Economic effectiveness of irrigating and fertilizing wheat, **maize** and *sugarbeets.* 104327
Response of *sugarbeet* to **nitrogen** fertilization and its economics. 104022
Calcium **nutrition** of the *sugarbeet.* 100150
Effect of nitrogen fertilization on yield and quality of *sugarbeet* with different **plant** densities. 104162
Herbicide mixtures in *sugarbeet* **planting.** 102142
Ultrastructure of the stamen cells from fertile and sterile (cytoplasmic male sterility) forms of *sugarbeets* of different **ploidy** level. 099301
Fertility of pollen form various forms of *sugarbeets* in the **process** of flowering. 100192
The effect of soil moisture depletion on *sugarbeet* **production** in calcareous soils. 100086
The problems connected with *sugarbeet* **protection** [in Poland] in the past and in the future. 101858
Effect of nitrogen and phosphorus on percentage of crown tissue and **quality** of *sugarbeets.* 100245
The improvement of *sugarbeet* **quality.** 100760
Effect of different dates of seeding and harvest on yield and **quality** of *sugarbeet.* 100837
Influences of some conditions of nutrition and fertilization on the technological **quality** of *sugarbeets.* 103865
Process of reduction division and the metabolism in *sugarbeets* in **relation** with mutagenesis. 099425
Polyploid and maternal effects on Rhizoctonia [solani] rootrot **resistance** in *sugarbeet.* 099204
Breeding of *sugarbeets* for **resistance** to diseases. 099268
Anatomy, histology, and post-larval development of the reproductive systems of the *sugarbeet* **root** maggot [Tetanops myopaeformis, pest control]. 102278
Application of insecticides against *sugarbeet* **root** aphid [Pemphigus fuscicornis]. 102337
Changes in resident bacteria, pH [hydrogen-ion concentration], sucrose, and invert sugar levels in *sugarbeet* **roots** during storage. 095767
Kinetic studies of a (Na+ + K+ + Mg2+ [sodium, potassium, magnesium ions]) ATPase in *sugarbeet* **roots.** II. Activation by Na+ and K+ [sodium, potassium ions]. 100254
Sugarbeet **season** of 1975—1976. 100759
Preharvesting desiccation of *sugarbeet* **seed** crops. 100884
Use of *sugarbeet* top **silage** in swine feeding. 096818
Study of the preemergence cultivation of *sugarbeets* with **small** protection zones [without protective disks]. 103632
Fate of 2,2'-dichlorobiphenyl-14C [carbon isotope, degradation products] in carrots, *sugarbeets,* and **soil** under outdoorconditions. 094868
The chisel for preparing wheat, maize and *sugarbeet* **soils** in Oise. 103419
Noxiousness of Cercospora beticola Sacc. [Leaf **spot,** *sugarbeets].* 101575
Effect of physical and chemical mutagens on the anatomical and morphological **structure** of *sugarbeets.* 099419
1975—an extraordinarily **unfavourable** *sugarbeet* year. 100761
Studies on the dates of sowing and harvesting of four **varieties** of *sugarbeet.* 100869
Chemical weed control in *sugarbeet* (Beta **vulgaris** L.). 102176
Application of Padan [S,S1-[2-(dimethylamino)trimethylene] bis (thiocarbamate) hydrochloride] against the image of *sugarbeet* **weevils** [Tanymecus palliatus, Bothynoderes punctiventris]. 102338
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO2 [carbon dioxide] fixation, CO2 compensation point [kidney] bean embryo respiration [Maize, **wheat,** *sugarbeet].* 099947
Effect of soil moisture regimes, plant population and nitrogen levels on yield attributes and their contribution towards the root **yield** of *sugarbeet.* 100845
Effect of mixtures of herbicides on the soil microflora and **yield** of *sugarbeets.* 102140

SUGARCANE

Plant-parasitic nematodes associated with *sugarcane* in **Barbados.** 102018
Population of *sugarcane* **borers** in cane crop at the time of harvest at Tandojam. 102275
Dissemination and control of ratoon stunting disease of *sugarcane* [in **Brazil].** 101799

Tissue and cell culture as aids to *sugarcane* **breeding.** I. Creation of genetic variation through callus culture. 099216
Methods of removing trash from *sugarcane* on **chopper** harvesters. 103578
Mechanical harvesting up-date **[Costs,** *sugarcane].* 094434
How drip irrigation affects *[sugarcane]* **cultural** practices at Oahu Sugar Company. 104394
The effect of drip irrigation on *[sugarcane]* **cultural** practices and equipment on Maui. 104395
1974 season foliar **diagnosis** *[Sugarcane].* 104113
Studies of rind hardness in *sugarcane* **[Diatraea** saccharalisresistance]. 102340
Harvesting up-date: Amfac concepts *[Sugarcane* **equipment].** 103577
Response of *sugarcane* to **filter** press mud and N, P, and K [nitrogen, phosphorus, potassium]. I. Effect on sugarcane yield and sucrose content. 103883
Response of *sugarcane* to **filter** press mud and N, P, and K [nitrogen, phosphorus, potassium] fertilizers. II. Effects on plant composition and soil chemical properties. 103884
1975 *[sugarcane]* **harvest.** Distribution of supplier in function of their richness and tonnage [Processing]. 095832
Sugarcane **harvester** and transport developments in Florida, Texas and Louisiana. 103579
The chemistry of calcium phosphate precipitation in cane *[sugarcane]* **juice** clarification. 095807
Enzymic colour formation in beet [sugarbeets] and cane *[sugarcane]* **juices.** 095806
Cultural practices for drip irrigation for **Kauai** *[Sugarcane].* 104392
Effect of paraquat [a herbicide and preharvest desiccant] on carbon assimilation and transport by *sugarcane* **leaves** in white light and darkness. 102171
Intercropping in *sugarcane* **pays.** 100822
Effect of sett number, row spacing and nitrogen on the **performance** of *sugarcane.* 100844
Hydrolysis of pentosans in bagasse **pith** *[Sugarcane].* 095817
Isolation, fusion and multiplication of *sugarcane* **protoplasts** and comparison of sexual and parasexual hybridization. 099194
Basic cane growing at Gay & **Robinson** *[Sugarcane].* 100957
Studies on chemical weed control in *sugarcane* **(Saccharum** officinarum L.). 102161
Studies on the varietal susceptibility and control of *[sugarcane]* **stalk** borer (Chilo auricilia Ddgn.) in the Punjab. 102327
Cane *[sugarcane]* **starch.** II. Starch components and their iodine complex spectra. 095805
Complete results of the first series of behavior **tests,** 1972-1975 *[Sugarcane].* 100927
1975 harvest variety **tests** *[Sugarcane].* 100929
Study on wire **type** *sugarcane* stripping machine. IV. Measuring torque. 103468
Drip [irrigation] **up-date** *[Sugarcane].* 104393
Influence of N [nitrogen] fertilization and planting methods on yield and N **uptake** in *sugarcane.* 103996
Test results of the second selection (behavior) *[Sugarcane* **varieties].** 100928
1975 *[sugarcane]* **variety** situation. Development of the varietal situation from 1969 to 1975. 100930
Basic cane growing at **Waialua** *[Sugarcane].* 100958
Response of sugarcane to filter press mud and N, P, and K [nitrogen, phosphorus, potassium]. I. Effect on *sugarcane* **yield** and sucrose content. 103883

SULFADIAZINE

Effects of pyrimethamine and *sulfadiazine* on the **intestinal** development of Toxoplasma gondii in cats. 097218

SULFATE

Effect of micronutrients on the yield production and technological value of sugarbeets **[ammonium** *sulphate].* 104115
Comparative study of the woods of Eucalyptus saligna, Eucalyptus paniculata, Eucalyptus citriodora, Eucalyptus maculata and Eucalyptus tereticornis for *sulfate* **cellulose** production [Wood and pulpwood properties]. 098230
Sulfate **cellulose** production from blends of Eucalyptus saligna wood small portions of Bambusa vulgaris var. vitatta chips. 098231
Infrared spectroscopy of wood and its main components. VI. Determination of lignin content an *sulphate* **cellulose** samples. 098320
Organic compounds of *sulphate* **cellulose** waste waters. III. Phenols [Pollution control]. 104590
Changes in the ultrastructure of hot-water-treated pine wood during *sulphate* **cooking** process. 098299
Comparative studies of magnesium-bisulphite and *sulphate* **cooking** processes of Larix dahurica. I. Comparative cooks of wood from different parts of a tree along its height. 098301
Comparative studies of magnesium-bisulphite and *sulphate* **cooking** processes of Larix dahurica. II. Comparative cooks of wood from blends of various Larix dahurica samples. 098302
The effects of intravenous injection of small amounts of **copper** *sulphate* in Nubian goats [Toxicity of inorganic copper]. 097816
Copper *sulphate* poisoning in horses. 097866
Effect of CuSO4 **[copper** *sulfate]* on the photosynthetic rate of phytoplankton in four Danish lakes [Algae]. 099885
Ability of an iron-efficient and an iron-inefficient corn inbred to take up 59Fe and FeSO4 [iron isotope, **ferric** *sulfate]* added to Yolo loam soil. 100148
Effects of intrauterine infusion of **gentamicin** *sulfate* on bovine fertility [Metritis, dairy cattle]. 097764
Relation between methionine and **inorganic** *sulphate* in broiler rations. 096762
Effect of uranyl acetate on microbial fixation of nitrogen in presence of **lanthanum** *sulphate.* 103861
Study of effect of various *sulfate* **levels** on broilers [Feedsupplements]. 096789
Investigation of *sulphate* **lignin** oxidation by means of gel chromatography. 098388
Application of **magnesium** *sulfate* to correct the effects of salinity produced by sodium chloride on the tomato plant [in soilless culture]. 100348
Study of industrially **obtained** *sulphate* lignin. 098366
Yield and chemical composition of alfalfa as influenced by high rates of K [potassium] top-dressed as KCl and K2SO4 [potassium chloride, **potassium** *sulfate].* 100077
Ultraviolet spectrophotometry of black liquor fractions after *sulfate* **pulping** of halocellulose. 098440
A rough determination of *sulphate* **reduction** intensity compared with cystein-35S [sulfur isotopes] incorporation in leaves of soybean, peas and sunflower and in a mushroom mycelium culture. 100007
Effect of the ratios of mono- and bivalent cations with chloride and *sulfate* **salinization** on the development of plants and the content of inorganic elements in cotton. 103843
Digestive utilisation of sulfur-labelled methionine, Methionine hydroxy analog and **sodium** *sulfate* in goat rumen. 096279
A pseudorabies **virus-specific** *sulfated* moiety [Rabbit kidney cells]. 097667

SULFHYDRYL

The reaction of *sulfhydryl* **reagents** with bovine hepatic monoamine oxidase: evidence for the presence of two cysteine residues essential for activity. 096255

SULFIDE

Determination of **acid-labile** *sulfide* in subchloroplast particles containing Triton X-100 [Spinach photosystem I]. 100352
Study of meat volatiles associated with aroma generated in a **D-glucose-hydrogen** *sulfide-ammonia* model system. 095690
Effect of **hydrogen** *sulfide* on fish and invertebrates. I. Acute and chronic toxicity studies. 094830

SULFITATION

Effect of the degree of mincing and *sulfitation* of **pulp** on the dynamics of phenolic substances and the quality of wines of the white portwine type. 095975
Device for *sulphitation* of **pulp,** must and [grape] wine materials. 103644

SULFITE

Changes in spruce wood chemical composition during **acid** *sulphite* cooking. 098298
Influence of preliminary alkali treatment on birch wood impregnation and solubility of its components in **acid** *sulphite* pulping. 098319
Empirical comparison between cold soda chemi-groundwood pulp (C-CGP) and **hot** *sulfite* chemi-groundwood pulp (H-CGP) in the newsprint mill. 098244
Study of delignification and changes in carbohydrate content of larch wood during sulphite pulping. I. Study of Larix dahurica delignification with *sulphite* **liquor.** 098365
Sulfite **stability—**an important index for selection of yeasts for wine making. 095965
On connection of morphological structure of spruce wood tracheids with lignin content in **unbleached** *sulphite* pulps. 098342
Study of chemical composition of extractives in **unbleached** *sulphite* pulp obtained from sound and mixture of sound and rotten aspen wood. 098363

SULFONATE

EMS [ethyl **methane** *sulphonate]* and MMS [mehtyl methane sulphonate] induced leaf mutations in peas. 099151
Gibberellic acid protection against EMS [ethyl **methane** *sulphonate]* and MMS [methyl methane sulphonate] induced damage to chromosomes in Pisum sativum L. [Peas, mutation]. 099158

SULFOXIDE

Metabolism of the fungicide Denmert (S-n-butyl S'-p-tertbutylbenzyl N-3-pyridyldithiocarbonimidate, S-1358) and **Denmert** *sulfoxides* in liver enzyme systems [Monilinia fructigena, residues]. 102620
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified alkali birch wood lignin preparations on styrene polymerization in DMSO **[dimethyl** *sulfoxide]* solution. 098314
A kinetic study of the bisulphite reduction of **methionine** *sulphoxide* to methionine [in foods and feeds]. 095481
Estimation of **S-methylcysteine** *sulphoxide* (kale anaemia factor) and its distribution among Brassica forage and root crops. 096017

SULFUR

The production of *sulphur* **compounds** in Cheddar cheese and their significance in flavour development. 095587
Sulphur **deficiencies** in soils of southeastern Nigeria. 103947
Heating grapes and *sulfur* **dioxide** [Wine making]. 095944
Synergic action of *sulfur* **dioxide** and nitrogen oxides on some plants: study in artificial conditions [Tomatoes, Petunia hybrida, Pelargonium hortorum]. 099461
A system for exposing plants [Lolium perenne] to atmospheres contaning low concentrations of *sulphur* **dioxide** [Injury]. 101926
Growth of perennial ryegrass (Lolium perenne L.) exposed to a low concentration of *sulphur* **dioxide** [Atmospheric pollutant]. 101927
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. II. Effects of nutrition andsoil reduction on the leaf injuries of crop plants caused by *sulphur* **dioxide** fumigation [Barley, rice]. 101994
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. III. Ethylene production by wheat and barley leaves injured by fumigation with *sulphur* **dioxide.** 101995
Mosses as gradual ecological indicators of *sulfur* **dioxide** pollution in the industrial area between the Rhine and the Ruhr. 104465
Rhytisma acerinum [the cause of tar spot disease of platanus, Acer pseudoplatanus] as a biological indicator of *[sulphur* **dioxide]** pollution. 104481
Spruce bark as an indicator of *sulfur* **dioxide** immission [for air pollution control]. 104655
Metabolic changes associated with the prevention of chlorosis by the application of **elemental** *sulphur* and foliar sprays of sequestrene 138-Fe [iron] in Pisum sativum L. [Peas, deficiency disease]. 101842
Sulphur **forming—**the Polish experience. 104141
Sulphur-nitrogen **interaction** effects on the yield and composition of the protein-N, non-protein-N and soluble carbohydrates in perennial ryegrass [Lolium perenne]. 104041
A rough determination of sulphate reduction intensity compared with cystein-35S *[sulfur* **isotopes]** incorporation in leaves of soybean, peas and sunflower and in a mushroom mycelium culture. 100007
Sulfur **leaching** and lysimeter characterization [in grazed pastures]. 103828
Comparison of Ca, P, and S [calcium, phosphorus, and *sulfur]* **levels** in predentine and tendon [Rats]. 096379
Digestive utilisation of *sulfur-labelled* **methionine,** Methionine hydroxy analog and sodium sulfate in goat rumen. 096279
Sulphur **nutrition** of maize in hill application of fertilizers on common Chernozem. 100135
Rapid manual determination of *sulfur* and **phosphorus** in plant material. 099677
Studies on some factors affecting availability of soil manganese. 2. Effect of *sulphur* on **plant-available** manganese and its relation to other forms. 103699
Amino acid patterns of kidney beans grown under different *S[sulfur]* and K **[potassium]** regimes. 100345
Mineral nutrition of Macadamia [intergrifolia]. I. External and internal nitrogen and *sulphur* **requirements** of seedlings. 100687
Studies on some factors affecting availability of soil manganese. 1. Effect of *sulphur* on the **status** of soil manganese. 103698
Banding of *sulfur* and **sulfuric** acid in soil in which iron-inefficient plants were grown [Field crops]. 103921
Sulphur-coated **urea** as a nitrogen source for cotton. 103912
Gradual recovery in **world** *sulphur* demand—but export prices weaken. 104140

SULFURIC

Banding of sulfur and *sulfuric* **acid** in soil in which iron-inefficient plants were grown [Field crops]. 103921

SULFURYLASE

Adenosine **triphosphate** *sulfurylase* from Penicillium chrysogenum [Fungi]. Steady state kinetics of the forward and reverse reactions. 099816

SUMITHION

Biological properties of *Sumithion* **[Contact** insecticide]. 102262
Chemistry of *Sumithion* **[fenitrothion,** organophosphorus insecticide]. 102766
Analytical methods for *Sumithion* **[O,O-dimethyl** O-(3-methyl-4-nitrophenyl) phosphorothioate] in technical products and formulated materials [Organophosphorus insecticide]. 102765
Formulation of *Sumithion* **[Organophosphorus** insecticide]. 102767
Residue analysis of *Sumithion* **[Organophosphorus** insecticide]. 102768
A trial to combat mixed louse and tick infestation in poultry using *Sumithion* (R). 102610

SUMMER

Biometric characterization of site influences on the variety testing system as exemplified in Bavarian variety trials with winter wheat and *summer* **barley** from 1963 to 1972 [Yields]. 100719
Perennials for *summer* **bloom** [Ornamental plants]. 101034
Breeding of spring wheat for resistance to *spring-summer* **drought** considering some morpho-physiological indices. 099247

15N [nitrogen isotope] absorption and translocation by Satsuma mandarin orange trees. IV. Behaviour of nitrogen supplied in **early** *summer.* 100398
Evaluating fall-planted Dutch-grown miscellaneous bulbs forspring and **early** *summer* flowering [Varieties]. 101248
Supercooling in arctic Collembola in **early** *summer.* 103046
Press wheels help **establish** *summer* crops [Sorghum]. 103404
Summer **feeding** of beef cattle. 096776
Bermudagrass [Cynodon dactylon]—a *summer* **forage** [Culture]. 100691
Late *summer* irrigation and establishment of winter annual [forage] legumes in a Mediterranean-type climate. 100706
Check on the existence of the complementary genes for the [heart forming] of *summer* **lettuce** (Lactuca sativa). 099381
Effect of irrigation and row spacing on *summer* **moong** [Mung beans]. 101186
Production of *summer* **mung** under low, intermediate and high level of technology. 100461
A test of *summer* **propagation** of various fruit tree stocks. 101250
Fruit thinning, *summer* **pruning,** and storage quality of apples. 101074
MUSAT: SRA [moisture utilization in semi-arid tropics: *summer* **rainfall** agriculture] project. A data base serving agriculture in the semi-arid tropics. 094104
Usefulness of honeybee worker samples from different parts of the hive for characterization of the bee colony in the *summer* **season.** 103278
Response of rice varieties to nitrogen during *summer* **season.** 104019
Plant distribution in Newfoundland especially in relation to *summer* **temperatures** measured with the sucrose inversion method. 098592
Labor aspects of partial and **total** *summer* feeding [of cattle]. 094209
The *summer* **truffle** (Tuber aestivum Vitt.) and its relatives on Central Europe [Fungi]. 098746
Summer **vaccinations** [Infectious diseases, minks]. 097641
The host-parasite relationship between Vigna sesquipedalis *[summer* **vegetable** in southern China] and Uromyces appendiculatus. I. Development of parasitic colonies and the pattern of photosynthesis. 101543
Evaluation of the energetic efficiency of steers in the *summer* and **winter** [feeding] in relation to the California net energy system. 096629

SUN

On the reality of a *sun-weather* **effect.** 094059

SUNFLOWERS

Rapid propagation of changes in velocity of translocation among the phloem pathway of Helianthus **annuus** L. *[Sunflowers].* 100095
The efficacy of different methods of N [nitrogen] **application** in *sunflower.* 104032
Bases for agricultural planning in Bento Valley [Culture of cotton, rice, *sunflowers* and **bananas** in Luanda Province]. 100955
Results of **breeding** *sunflower* for group immunity to the major [fungal] pathogens by the method of interspecific hybridization. 099279
[Fungus] diseases of *sunflower* in **California.** 101571
Study of the immunity of *sunflower* to **charcoal** rot (Sclerotium bataticola Taub.]. 101469
Everything's **coming** up *sunflowers.* 100748
Physiological and environmental characteristics affecting the adaptation of *sunflower* **culture.** 100165
N-nitroso-N-methylurea resistance of *sunflower* **cytoplasmic** chlorophyll mutants induced by this agent. 099405
Effects of growth substances on the *sunflower* in the **greenhouse** and in the field. 100163
Factors affecting protein and fibre content in *sunflower* **grits** and possibilities of producing grits of low fibre content. 096052
Extraction of pectins from *sunflower* **heads.** 095776
Transfer of restorer genes over a new genetic background in *sunflower* **(Helianthus** annuus L.). 099154
Effects of periods of drought during different phases of growth of *sunflower* **(Helianthus** annuus L.) cultivated in the greenhouse. 100164
Correlation and path coefficient analysis of the characters affecting the yield of the *sunflower* **(Helianthus** annuus L.) [Varieties]. 100976
Results of studying **heterosis** in *sunflower.* 099453
Significance of leaf orientation for energy **input** in *sunflower.* 100242
Hydroxyproline content in cell walls of plants with different boron requirements [Broadbeans, *sunflowers,* **maize,** wheat]. 100315
Evaluation of protein quality of mixtures based on *sunflower* **meal** through rat assays. I. Growth studies. 095095
Genetic improvement of the *sunflower* for **Mediterranean-typeclimates.** 099149
A rough determination of sulphate reduction intensity compared with cystein-35S [sulfur isotopes] incorporation in leaves of soybean, peas and *sunflower* and in a **mushroom** mycelium culture. 100007
Winter crops [wheat, barley, *sunflower* and **mustard]** in saturated soils of Sunderbans. 100827
The experiments to determine the *sunflower's* **need** of water. 100304
Chromatin subunits visualized in common ultrathin sections of Helianthus *[sunflower]* **nuclei.** 098973
Genetic nature of some chemical **nutants** of *sunflower.* 099230
The activity of ascorbic acid and catechol oxidase, the rate of photosynthesis and respiration as related to plant organs, stage of development and copper supply **[Oats,** *sunflowers].* 100056
1976 **outlook** for *sunflowers.* 094771
Make the rabi oilseeds [mustard, groundnut, *sunflower]* **pay** more. 101177
Analysis of the possibility of developing early varieties of *sunflower* by the **photoperiodic** method. 099437
Theoretical studies on the kinetics of matter production and **photosynthesis** *[Sunflowers].* 100308
Breeding of *sunflower* **plants** based on variation in germination velocity at low temperatures [Heredity]. 099148
The rate of injury of *sunflower* **plants** during the mechanized care of the crops. 101864
Response of *sunflower* **plants** (Helianthus annuus L.) to different regimes of humidity in the soil and effects of irrigation in critical periods of development. 104269
Mildew (Plasmopara) of the *sunflower:* a **policy** to be followed in seed imports and improved products. 101391
Analysis of field crop yields and processes of their formation in the conditions of East-Slovakia lowland. IV. Seasonal changes of the photosynthetic **productivity** of *sunflower.* 102348
Phenol compounds from *sunflower* **protein** isolates. 095764
The growth of Plasmopara [halstedii] in susceptible and **resistant** *sunflower* plants. 101392
Planned programming: application of a method for planning an agricultural enterprise located in the settlement of Luinga, municipality of Ambaca, district of Cuanza Norte, Angola [Beans, **rice** and *sunflowers].* 094309
Removal of waxes from *sunflower* **seed** oil by miscella refining and winterization. 095814
Sunflower **seed** cake and mustard oil cake as substitutes for groundnut cake in poultry rations. 096745
Histophotometric DNA measurements in *sunflower* **seedlings,** crown gall tumours [caused by Agrobacterium tumefaciens], and habituated callus tissues. 100219
Rapid method of determining the fatty acid content in *sunflower* **seeds** [for breeding purposes]. 095845
Effect of pre-soaking of *sunflower* **seeds** in water on the growth and yield of sunflower. 100919
Sunflower **sowing** period in irrigated land [Yields]. 100758
The estimation of phenylalanine ammonia-lyase (PAL)-activity in intact cells of higher plant tissue. II. Correlations and discrepancies between activities measured in intact cells and cell-free extracts [Buckwheat, **strawberry,** *sunflower].* 100292
Attempts to detect Agrobacterium tumefaciens DNA in crown gall tumor **tissue** *[Sunflowers].* 101706
Agronomic practices for *sunflower* in **Uttar** Pradesh [Varieties]. 100816
Results of comparison trials among *sunflower* **varieties** [Yields]. 100969
Effect of pre-soaking of sunflower seeds in water on the growth and **yield** of *sunflower.* 100919

SUNSHINE

The variation of **bright** *sunshine* in Peninsular Malaysia, 1963-1972. 094082

SUPELLA

Fine structure of the rectum in cockroaches (Dictyoptera): general organization and intercellular junctions [Periplaneta americana, Blatta orientalis, *Supella* **supellectilium,** Blaberus craniifer]. 103120

SUPERCONTRACTING *see* SHRINKAGE

SUPERMARKET *see* MARKETS

SUPERVISION

How can **foodservice** *supervisors* get more accomplished? 095301
Nutrition *supervision* in Finland [Legislation]. 094753

SUPPLEMENTS

Amino **acid** *supplementation* of low protein turkey starting rations. 096748
Amino **acid** *supplementation* of turkey breeder rations. 096749
Bibliography of the international literature on **apricots** *(supplement).* 101024
A study of horticultural crops as a *supplement* to the **farm** income. 094451
Paunch manure as a **feed** *supplement* in channel catfish farming. 096039
Effectiveness of ammonium perchlorate in fattening cattle **[Feed** *supplement].* 096723
Utilization of sodium acetate for increasing fat content of milk in cows **[Feed** *supplements].* 096726
The influence of maternal **food** *supplements* on birthweight in Guatemala. 095184
Blood glucose levels in cases of dermatitis in bovines and the effect of **glucose** *supplementation* on recovery. 097744
Magnesium *supplementation* for the prevention of grass staggers [hypomagnesaemic tetany] in cattle. 096774
Calcium and phosphorus metabolism in steers when fed a *supplement* of **melted** calcium polyphosphate and receiving intramuscular injections of vitamins A,D and E. 096722
The effect of amino acid or nonfat dry **milk** *supplementation* on nutritive value of cornflakes and oatmeal [Rats]. 095139
Examination in seven large-scale cattle units on **mineral** *supplement* by winter feeding. 096613
Response by calves grazing kikuyugrass [Pennisetum clandestinum] pastures to grain and **mineral** *supplements.* 096821
A *supplement* to the **mycoflora** of Tarbagatai. 098530
Processed poultry waste compared with uric acid, sodium urate, urea and biuret as **nitrogen** *supplements* for beef cattle fed forage diets. 096700
Delayed release **nutrient** *supplement* for mushroom culture. 101069
High urea premix as **protein** *supplement* for ruminants [Goats, cows]. 096664
Soybean meal and urea compared as **protein** *supplements* in high-concentrate ration of milking cows and growing goats. 096665
Electrohydraulic processing of chlorella for increasing its digestability **[Protein-vitamin** *supplement* for farm animals and poultry]. 096035
Supplements to "Some more **recent** Chamonixia findings..." (Zeitschrift fur Pilzkunde, volume 39, pages 203-212) [Fungi]. 098744
Additions to the catalog of Lepidoptera from the Lyons **region** (fourth *supplement).* 103150
Sodium *supplementation* of livestock grazing lucerne. 096775
Livestock and meat statistics. *Supplement* for 1975. 094652

SUPPRESSION

Mechanisms of *suppression* in **Drosophila.** IV. Specificity and properties of tyrosyl-tRNA synthetase. 102858
Suppression of **honeybee** brood diseases in the Pisek district [Foulbrood]. 103313
Suppression of **interferon** production [by L cells infected with Newcastle disease virus] by vitamin A. 097409
Suppression of the **melon** fly, Dacus cucurbitae Coquillett (Diptera: Tephritidae), on Kudaka Island with sterile insect relases. 102382
Recessive *nonsense-suppression* in yeast [Saccharomyces cerevisiae: further characterization of a defect in translation. 099720
The antigen-inexperienced **thymic** *suppressor* cells: a class of lymphocytes in the young chicken thymus that inhibits antibody production and cell-mediated immune responses. 097331
Kakhovka experimental **wave** *suppressor* system [River bank protection]. 104206

SURFACE

Deflectometer profiles drain tubing [for *subsurface* **agricultural** drainage]. 103400
Ultrastructural characterization of the hilar appendix and **basidiospore** *surface* of Zelleromyces cinnabarinus (Hydnangiales) [Fungi]. 099050
Embryo **cell** *surfaces*—lectin binding and cell proliferation [Chick embryo fibroblasts]. 096324
Ultrastructural changes in the **cell** *surface* of Coelomomycespunctatus [Fungi] infecting mosquito larvae [Anopheles quadrimaculatus, biological control]. 098930
The mode of interaction between the substrate and **cell** *surface* of the hydrocarbon-utilizing yeast Candida tropicalis. 099566
Some effects of positively **charged** *surface* groups on cell aggregation [Embryonic chick neural retina cells]. 096433
On the trial production and the principle of device measuring reflected light for **determining** *surface-sand* water content [in forest soil]. 103773
Components of error in field experiments with cotton, groundnuts, kenaf and sesame in the central Sudan rainlands. II. variation in plant measurements through the season and a discussion of *surface* **drainage** as a source of variation. 104274
Cation exchange capacity and base saturation of imperfectly **drained** *surface* Coastal Plain soils. 103722
Subsurface **[drip]** irrigation—engineering research. 103391
Further studies of the *surface* **epithelium** covering preovulatory rabbit follicles with special reference to lysosomal alterations. 096306
Sorption of stearic acid and iodine as a measure of **external** *surface* of some typical Indian soils. 103661
Seasonal incidence of microbes on the *surface* of **first** year needles of Norway spruce [Picea abies]. 101657
Growth of locust [Robinia pseudoacacia], elm [Ulmus] and poplar [Populus] in protective plantings along the North Crimean Channel and its relation to the depth of the **groundwater** *surface.* 097896
Investigation of **heterogenous** *surface* reactions in soil-solution systems by means of radioisotope labelling. I. Study on the mechanism of Na-Ca [sodium-calcium] and Na-Mg [sodium-magnesium] ion exchange process at low Na [sodium] concentrations. 103657
Atmospheric electricity and ionized condition of the air layer directly above the **land** *surface* as ecological factors of environment [for forest trees]. 098148
Relative movement of water and salts in *surface* **layers** of soil under varying soil water regime. 103660
Leaf *surface* imprinting—a new, easy and cheap method. 098455
Growth and productivity of **leaf** *surface* of the bolgar [grape] variety relative to stem height. 100435
Productivity of using soil moisture and the development of **leaf** *surface* as effected by different planting density of grapevine bushes. 100613
Leather *surface* yield and the main factors for improving it. 095684

Temperature-sensitive changes in *surface* **modulating** assemblies of fibroblasts transformed by mutants of Rous sarcoma virus. 097585
Net morphogenesis and characteristics of the *surface* of **muskmelon** fruit. 098998
The *surface* **nature** of proteins of a bovine enterovirus, before and after neutralization. 097410
Effect of cytochalasin B on the *surface* of **neuroepithelial** cells of the chick embryo. 096481
Mechanical incorporation in soil of *surface-applied* **pesticide** granules. 102746
Electro-kinetic studies of cotton. II. Measurement of *surface* **potential** at the interface between cellulose and solution of cross-linking agents. 095829
Ground-water and *surface-water* **relationships** in the glacial province of northern Wisconsin —Snake Lake. 104294
Location of the source of the soluble **skin** *surface* proteins of cattle by immunofluorescence. 096541
Studies on the micrometeorology of the mulched **soil** *surface* of the rows. I. An example of using two mulching materials, one with high albedo, the other with low Albedo. 1. 104227
Studies on the micrometeorology of the mulched **soil** *surface* of the rows. I. An example of using two mulching materials, one with high albedo, the other with low albedo. 2. 104228
Studies on the micrometeorology of the mulched **soil** *surface* of the rows. II. The effects of mulching or no-mulching by the adiabatic plate. 1. 104229
Studies on the micrometeorology of the mulched **soil** *surface* of the rows. II. The effects of mulching or no-mulching by the adiabatic plate. 2. 104230
Plutonium hazard in respirable dust on the *surface* of **soil.** 104636
Pollen wall and **stigma** *surface* in the marine angiosperms Thalassia and Thalassodendron. 099013
Localisation of concanavalin A binding sites on the **stigma** *surface* of a grass species [Phalaris minor]. 100239
The assessment of the damage to the *surface* of **tar** runways of forest roads. 098009
Energy transfer and *surface* **temperature** over plants and animals. 100001
Sensitivity of *surface* **temperature** and atmospheric temperature to perturbations in the stratospheric concentration of ozone and nitrogen dioxide. 104531
Temporary *surface* protection of agricultural machines. 103508
An estimate of **total** *surface* area of vegetation for PukeitiCatchment, Northland, New Zealand. 098812
Study of the nature of the *surface* of **vegetable** seeds. 100444
Peculiarities of the formation of *surface* **water** flow on eroded mountainous slopes in the Crimea. 104207
Research in *surface* **water** resources, 1964-1974. 104375
Comment on field evaluation of the algal assay procedure on *surface* **waters** of North Carolina [Eutrophication]. 099747
Field evaluation of the algal assay procedure on *surface* **waters** of North Carolina [Pollution]. 104494
Pollution effects on *surface* **waters** and ground waters. 104576
Effects of benomyl [fungicide] on alkanes and fatty alcohols of the *surface* **wax** of lettuce seedlings. 101667
The problem of recording the velocity of movement of a tillage implement in designing its **working** *surface.* 103552

SURFACTANT

Nonionic *surfactant-soil* interaction effects on barley growth. 100069

SURGERY

Surgical **aspects** of the cecum, colon, and rectum [Small animals]. 097124
The complications of **bones** *surgery* in veterinary medicine. 097149
Intestinal **bypass** *surgery* for obesity decreases food intake and taste preferences. 094961
The effects of *surgical* **caponization** on production efficiency and carcass yield of roosters. 097011
Four methods of *surgical* **correction** of abomasal displacement in cow. 097730
Surgical **drainage** of the abdomen [Dogs]. 097125
Nasal tumors of dogs. *Surgical* **excision** by dorsal approach. 097698
Nasal *tumors/surgical* biopsy. 097699
Skin sutures with tape **"Steritrip"** *[Surgery].* 097140
The feline urethral shunt **technique** *[Surgery].* 097151
Surgery of the **urogenital** systems of dogs and cats (selected conditions). 097123

SURPLUS

The **marketed** *surplus* of a subsistence crop: paddy rice in Taiwan. 094474

SURVIVAL

Relations between the average length of *survival* of **adult** bees (Apis mellifera L.) and the frequency of diseases, especially nosema, during the spring season. 103250
Break-even prices show your chances of *survival* **[Cattle].** 094600
Effect of selenium and mercury on *survival* of **chick** embryos. 097841
Submission of specimens for bovine mycoplasma examination-duration of *survival* under various **conditions.** 097549
The influence of in-vitro culture and cooling on the *survival* and **development** of cow embryos. 096967
Inoculum of the take-all fungus [Gaeumannomyces graminis tritici]: nature, measurement, **distribution** and *survival.* 101365
Insect invasion and *survival* of **Douglas** fir [Pseudotsuga menziesii] stumps in New Zealand. 102500
Fertilization effects on *survival* and **early** growth of planted loblolly pine [Pinus taeda] seedlings in the Ozarks. 100624
Effects of Temefos, an organophosphorous insecticide, on *survival* and **escape** behaviour of the marsh fiddler crab Uca pugnax. 102748
The impact of management on farm **expansion** and *survival.* 094333
Can you *survive* **expensive** energy? 095347
Overwintering, *survival,* **fecundity,** and mating behavior of the rice stink bug [Oebalus pugnax, Echinocloa crusgalli]. 102803
Effects of oviducal cells on the *survival* and **fertilizing** ability of fowl spermatozoa. 096955
In **field** *survival* of Rhizoctonia solani in soil and in diseased sugarbeets. 101381
Longleaf seedlings [Pinus palustris] *survive* **fire** in clearcut strips. 097946
Effect of temperature on growth rate and *survival* of **Fomes** annosus in western hemlock [Tsuga heterophylla] stumps. 098235
Proper cultivation needed for good *survival* and **growth** of planted cottonwood [Populus deltoides]. 098169
Survival, **growth,** and resistance to chestnut blight [Endothia parasitica] of chestnut hybrids and selected families of Chinese chestnut, 20 years after establishment. 101589
Effect of late-season top dressing of N (and K) [nitrogen and potassium] applied to conifer [Picea sitchensis] transplants in the nursery on their *survival* and **growth** on British forest sites. 103964
Density effect on *survival* of **immature** stages of Culex pipiens fatigans in breeding sites in Delhi villages. 102576
Site preparation **improves** *survival* and growth of direct-seeded pines [Pinus elliottii, Pinus taeda]. 098170
The effect of feed intake in late gestation on the body composition and *survival* of the **neonatal** pig. 096639
The effects of iron and glucose treatments [for nutritional deficiencies] on the *survival* and **performance** of neanatal pigs. 097685
Poliovirus *survival* and movement in a sandy forest soil [Wastewater residuals]. 104450
CAP [Common Agricultural Policy] *survival* **re-emerges** as key issue [Prices, marketing]. 094503
Can the **Sahel** *survive?* Prospects for long-term planning and development. 094711
Effect of bleached kraft mill effluent on the *survival* of **starved** juvenile coho salmon (Oncorhynchus kisutch). 104535
Swine vesicular disease: **virus** *survival* in pork products. 094906

SUSCEPTIBILITY

Age-related *susceptibility* of Tribolium castaneum (Herbst) to synthetic C18 juvenile hormone. 102534
Susceptibility of **alfalfa** cultivars to triazine herbicides. 102076
Susceptibility of **chickens** to avian encephalomyelitis virus. III. Behavior of the virus in growing chicks. 097457
Investigation on peach **cultivar** *susceptibility* to mildew Sphaerotheca pannosa (Wallr) Lev. 101600
Some characteristics of a myeloid and a lymphoid leukaemia of mice and their *susceptibility* toward **cytostatic** agents. 097648
Differential *susceptibility* of potato cultivars to four herbicides [Injury]. 101838
Plant apparency *[susceptibility* to **discovery** by insects] andchemical defense. 102260
Fluoride *susceptibility* of tomato plants as affected by magnesium nutrition. 100477
2-deoxy-D-glucose uptake by chick embryo cells: a biochemical indicator of **genetic** *susceptibility* to RNA tumour viruses. 097412
Growing season and location effects on water uptake and drying rates of peanut seeds from genotypes resistant and *susceptible* to **invasion** by Aspergillus flavus Lk. ex. Fr. 101313
Soil-pot tests with **iron-deficiency** *susceptible* soybeans and other plants to determine effectiveness of iron chelates in plant nutrition. 100160
Variations in the *susceptibility* of **lactating** and non-lactating bovine udders to infection when infused with Escherichia coli. 097405
Scab [Fusicladium effusum] *susceptibility* of some **newer** pecan cultivars. 101513
Susceptibility of **nontarget** organisms to Nosema algerae (Microsporida: Nosematidae), a parasite of mosquitoes. 102579
Susceptibility of **one-toed** pigs to certain diseases exotic to the United States. 097573
Studies on the *susceptibility* of **Oryctes** rhinoceros to someentomogenous fungi [Coconut pests, biological control]. 102401
Relative *susceptibility* of slash, loblolly and longleaf pines [Pinus elliottii, Pinus taeda, Pinus palustris] to infection by Fomes annosus. 101447
Relative *susceptibility* of selected cultivars of potato to Pratylenchus penetrans [Root-lesion nematode]. 101936
Studies on the clubroot of cruciferous plants. I. *Susceptibility* and **resistance** to clubroot [caused by Plasmodiophora brassicae] of the cruciferous vegetable species and. 101596
The growth of Plasmopara [halstedii] in *susceptible* and **resistant** sunflower plants. 101392
Susceptibility of some **rice** cultivars to Pyricularia oryzaeCav. [Blast disease] in four localities of the State of Sao Paulo. 101632
Level of amino acids and post-infectional formation of antifungal substances in relation to *susceptibility* of **rice** plants against Helminthosporium oryzae at different. 101668
Testing the *susceptibility* of **Simulium** damnosum (Diptera: Simuliidae) to insecticides in the laboratory and in the field. 102558
Sensitivity to insect growth regulators (juvenile hormone analogues) in insecticide-resistant and *susceptible* **stains** of [Egyptian cotton leafworm] Spodoptera littoralis (Boisd.). 102376
On the *susceptibility* of **swine** (Sus scrofa domesticus) to heart disease. A comparative and functional morphological study. 097774
Susceptibility of **three** onion varieties to Ditylenchus dipsaci [Nematodes]. 101984
Studies on the **varietal** *susceptibility* and control of [sugarcane] stalk borer (Chilo auricilia Ddgn.) in the Punjab. 102327
The *susceptibility* of various **varieties** of greenhouse tomatoes to the occurrence of dry rot of fruit tops [caused by calcium and water supply deficiencies]. 101860

SUSPENSION

Quantitative variations of the total, free and membrane-bound ribosomal material during the culture cycle of healthy and tumorous Parthenocissus tricusipidata L. **cell** *suspensions.* 099022
Ordering of movement of organisms in a *suspension* of **Chlamydomonas** reinhardii Dang. [Algae]. 099994
Conductimetric investigation of [canine] erythrocyte behaviour during shear flow of **concentrated** *suspensions* through a large tube. 096523
Thiamine requirements of various plant cells in *suspension* **culture** [Soybeans, tobacco, rice]. 100275
Growth and alkaloid production in *suspension* **cultures** of Datura metel L. anther. 099798
The potassium requirement for growth and embryogenesis in wild carrot [Daucus carota] *suspension* **cultures.** 099900
Properties of phenylalanyl-tRNA synthetase and phenylalanine ammonia-lyase of pine [Pinus elliottii] *suspension* **cultures.** 100668
Phenolic synthesis and phenylalanine ammonia-lyase activity in *suspension* **cultures** of Acer pseudoplatanus L. 100675
Experience of reclamation of light soils with the application of **peatr** *suspension.* 103953
Effect of *suspending* and **plating** media on the recovery of Salmonella gallinarum following freezing and thawing. 094875
Routine titration of foot-and-mouth disease **virus** *suspensions* by analytical ultracentrifugation. 1. Sedimentation method. 097237

SUTURE

Skin *sutures* with tape "Steritrip" [Surgery]. 097140
"VICRYL" (Polyglactin 910) use of an absorbable **synthetic** *suture* material in dogs and cats. 097190

SWALLOWS

Dash of fun makes nutrition education **easy** to *swallow.* 095114

SWALLOWTAIL *see* PAPILIONIDAE

SWAMP

Phytoecological study of a *swampy* **area** in the canton of Geneva. 098849
The karyotype of the **Australian** *swamp* buffalo (Bubalus bubalis) [Chromosomes]. 096288
Swamp **development** in the head waters of the White Nile. 101304
History, geography and flora of the "Great *Swamps"* of **Geneva.** 098705
An unusual black gum [Nyssa sylvatica] *swamp* in **Maine.** 098847
Primary production in a shallow water lake with special reference to a **reed** *swamp.* 098838
Two *swamp* orchids [Phaius grandifolius]. 098686

SWARD

Single leaf and canopy photosynthesis in a ryegrass [**Loliumperenne**] *sward.* 100097
The mobile forms of microelements in the *sward* **Podzol** soilsof the central part of the south taiga subzone. 103857

SWARMS

Swarming and **exploitation** of honeybee swarms in Polish apiaries. 103275
Swarming of **honeybee** colonies and carbon dioxide and oxygen concentrations in the nests. 103276

SWEET

Potential new **artificial** *sweetener* from study of structure-taste relationship. 095530
Biology of Siteroptes cerealium Kirchner (Acarina, Pyemotidae), associated with *sweet* **bees** nests, Halictus senilis Ev. (Hymenoptera, Halictidae). 102790
Steric arrangement of *sweet* and **bitter** taste of amino acids and peptides. 095544
Promising initial material for **breeding** *sweet* clover in the northern Kazakhstan. 099100
A beekeepers dream comes true *[Sweet* **clover** as a honey plant, cultivation]. 101291

Resistance of F1 hybrids of *sweet* **corn** and their parental forms to common smut [Ustilago zeae]. 099102
Effect of mixed salinity and P [phosphorus] fertility on yield and microelement composition of tomato, *sweet* **corn** and sudangrass in sand culture. 103976
Tillage tests with *sweet* **corn** and snap beans—1975. 104165
Chinese water chestnut [Eleocharis dulcis] 'the *sweet* **delight** of the marsh' [Cultivation]. 101017
Specially **designed** *sweeteners* and food for diabetics—a real need? 094966
Specially **designed** *sweeteners* and food for diabetics - a real need? 095004
Analysis of protein bodies isolated from Lablab purpureus (L.) *Sweet:* **Intracellular** localisation of globulins, proteases and trypsin inhibitors. 099952
High fructose corn syrup **new** *sweetener* for the baker. 095403
Mutants of *sweet* **pepper** induced by chemical mutagens. 099232
Peptide *sweeteners:* a model for peptide and taste receptor interactions. 095494
Some seed, seedling, and maternal characters as estimates of commercial performance in *sweet* **potato** breeding. 099321
The complete amino acid sequences of both subunits of the *sweet* **protein** monellin [Dioscoreophyllum cuminsii]. 099743
Study in nursery of mahaleb and **wild** *sweet* cherry forms picked out for mazzard cherry rootstocks. 101156

SWEETCLOVER *see* CLOVER

SWEETCORN

Sweetcorn **[Culture].** 101167
Sweetcorn **insect** pests. 102407
Carbohydrate and enzymic characterization of a high sucrose sugary inbred **line** of *sweetcorn.* 100544
Cost of production update for 1975 on *sweetcorn* for **processing;** red kidney, dry beans, apples for fresh and processing. 094370

SWEETPOTATOES

Quality of *sweetpotatoes* **[Injuries,** diseases]. 101946
Induction of furano-terpene production and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in *sweetpotato* **root** tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572
Terpenoid induction in *sweetpotato* **roots** by cyclic-3',5'-adenosine monophosphate. 100343

SWELLING

Thermochemical polymerization of monomers in wood. I. Influence of *swelling* **agents** on the polymerization of styrene in birch wood. 098370
Studies on the exfoliation of silk fibers. 5. On the relation between the falling of dye and *swelling* in the **exfoliation** defect panels. 095510
"Swollen **face",** a periodontal disease of cattle [Nutritional deficiency, Panicum maximum, Brazil]. 097746
Influence of lignin isolation on **wood** *swelling* and mechanical properties. 098315

SWINE

Field trial of *boars* from the **ABRO** [Animal Breeding Research Organization] Sire Line. 097024
Effect of age, weaning and diet on *swine* **adipose** tissue and liver lipogenesis. 096697
The role of wild pigs in the epidemiology of **African** *swine* fever [Ornithodoros]. 097351
Laboratory diagnosis of **African** *swine* fever. 097528
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of **African** *swine* fever, hog cholera, rinderpest, vesicular exanthema of swine, vesicular stomatitis and foot-and-mouth disease. 097558
Pork **Automation**—an innovation useful for swine feeding [Equipment]. 103596
Prevention of infectious atrophic rhinitis in swine with the vaccination of *sows* with **Bordetella** bronchiseptica [Bacterial infections]. 097326
Studies into levels of dry matter, calcium, magnesium, sodium, potassium and phosphorus in different tissues of *swine* **(brain,** lung, liver, kidney, small intestine). 096216
Sexual significance **[Breeding** *swine].* 097041
When should gilts be covered or inseminated? **[Breeding** *swine].* 097042
Expected and realized genetic gain in *swine* **breeding** of Lower Bavaria. I. Realized genetic gain. 097079
Tuberculosis in **brood** *sows* and pigs slaughtered in Iowa [Mycobacterium avium]. 097230
Economics of transportation of *swine* **carcass** halves [East Germany]. 094631
Improvements made in *pork* **carcasses** in Arkansas since 1959. 095681
Effects of restricted feeding and ad libitum on meat production by **Caserta** *swine.* 096605
Diagnosis of the Aujeszky disease **[cattle,** *swine].* 097303
Lymphocyte immunostimulation in the diagnosis of mycobacterial and viral infections of **cattle** and *swine.* 097534
Host animal efficacy studies using a multivalent Leptospirabacterin **[Cattle,** *swine].* 097565
Isolation and identification of the transmissible gastroenteritis virus of *swine* on **cell** culture. 097278
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, *hog* **cholera,** rinderpest, vesicular exanthema of swine, vesicular stomatitis and foot-and-mouth disease. 097558
Transmission of *hog* **cholera** virus by flies: recovery of virus from flies following exposure to infective blood. 097581
Postpartum changes in protein fractions in *sow* **colostrum** and neonatal piglet's blood serum. 096278
Association of Bordetella bronchiseptica with the atrophic rhinitis **complex** of *swine.* 097507
Influence of farm management and breed type on *sow's* **conception-weaning** interval and productivity in France. 096993
Outbreak of edema disease in *swine* in **Concordia,** Santa Catarina [Escherichia coli]. 097472
Protein **conversion** in *swine.* 096790
60 years with the Malmohus **County** *Swine* Breeding Association. 097043
When should *gilts* be **covered** or inseminated? [Breeding swine]. 097042
Diagnosis of vesicular **disease** in *swine.* 097517
The sensitivity test as a diagnostic tool for the treatment of puerperal **diseases** in *sows.* 097751
Prevention of *swine* **dysentery** with a combination of lincomycin and spectinomycin and resistance of swine dysentery to tylosin and sodium arsanilate. 097226
Ronidazole in high concentrations in drinking water for treatment and prevention of diarrhea in *swine* **dysentery.** 097227
Ronidazole in low concentrations in drinking water for treatment and development of immunity to *swine* **dysentery.** 097228
Industrial mixed feeds for *swine* in 1976/77 **[East** Germany]. 096809
Experiences gained from fattening in forest at the **Eberswalde** *swine* rearing and fattening combine. 096800
Economic *swine* rearing in Schleswig-Holstein. 096092
Experimental biological engineering to synchronise ovulation in *gilts.* II. **Effect** of laparotomy on ovarian finding following Zn [zinc] metallibur, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867
Formation and growth of the gastrointestinal tract in *swine* during **embryonic** development. 096580
Embryonic histogenesis of the esophageal **epithelium** in *swine.* 096577
Purulent leptomeningitis in **experimental** *swine* atrophic rhinitis. 097455
Neuropathology of **experimental** *swine* vesicular disease in pigs. 097603
Functional change in hepatic mitochondria of *swine* **fed** ethylchlorophenoxyisobutyrate. 097862
Whey and whey products for livestock **[Feed,** *swine].* 096031
Cassava as **feed** for *swine.* 096609
Copper in *swine* **feed.** 096729
Ventilation and home blending of **feed** *[Swine].* 096791
Swine **feeding.** 096668
Possiblities of saving high protein concentrates in *sow* **feeding.** 096810
Use of fish silage in *swine* **feeding.** 096817
Use of sugarbeet top silage in *swine* **feeding.** 096818
Pork Automation—an innovation useful for *swine* **feeding** [Equipment]. 103596
Fascioloides magna (Bassi, 1875) in **feral** *swine* from southern Texas. 097429
Lipolytic activity of the liver in sheep and *swine* **fetuses** and newborns [Lipid metabolism]. 096585
A five year summary of virus isolations from *swine* **fetuses.** 097499
Reproduction of *sows* in **function** of various lengths of lactation. 3. Length of life, reform. 097031
Standard models of *pork-colour* **[Grading,** meat quality]. 094818
Late harvested **grain** for *swine.* 096032
Growth of new follicles following electrocautery in four genetic **groups** of *swine.* 096933
Feeding **growing-finishing** *hogs.* 096667
The effects of high environmental temperatures on fattening performance and **growth** of *boars.* 096735
Diffusion and distribution of Sarcosporidia in slaughtered animals in Sardinia [Cattle, sheep, *swine,* **horses,** donkeys]. 097313
Anatomy and development of the somatic musculature of the nematode Ascaris *[Swine,* **horses].** 097407
Production management in *swine* **husbandry.** 094356
Hybrid *swine* breeding program in the Leipzig district [East Germany]. 097051
Population dynamics of arterial smooth muscle cells. V. Cell proliferation and cell death during initial 3 months in atherosclerotic lesions induced in *swine* by **hypercholesterolemic** diet and intimal trauma. 096674
Study on the optimal age and liveweight for *sow* **impregnation** with reference to their reproductive capacities. III. Study on the fattening and slaughter qualities of pigs born during different seasons of the year. 097087
Division of labor in the organization of the graduated production of specialized farms of **industrial** *swine* production of the vertical Weimar/Apolda Pork Cooperative Union. 094341
Structural and price changes in the *swine* **industry.** 094211
Slow recovery for Danish pig **industry** *[Swine].* 094681
Estrus control is essential for good results in *swine* **insemination.** 096981
Embryogeny of the **intestine** in *swine.* 096576
Reo-like viruses in the **intestine** of *swine.* 097545
Analysis of employment conditions for full-time hired farm labor on eastern **Iowa** *hog* farms. 094310
Pseudorabies in **Iowa** *swine:* an increasing problem. 097544
Evidence for a secretion of thyroxine by **isolated** *hog* thyroid cells. 096238
Reproduction in **Lacombe** *gilts.* 096866
Results of a crossing experiment with Belgian Landrace, *Pietrain* and **Large** White. I. Breeding results. 097032
Number of registered gilts in 1974 and presentation of some **large** *gilt* producers. 097040
Studies into activity and properties of adenosine triphosphatase in some organs of *swine* **(liver,** cerebral and renal cortex, mucosa of small intestine). 096215
Sow-pig **management** at farrowing. 096893
Measuring *boar* odor in fat of swine using a radioimmuno test. 2. Duration of eliminating odor stores after castration. 096597
Production and sale conditions for ox and *swine* **meat** [Demand]. 094636
Meatless wonders?: there's talk of beef strains being 'mongrelized'; parallel seen in industry movement to current **meattype** *swine* [Breeding]. 096986
Quantitative morphological studies into heart of Berlin **miniature** *swine.* 1. Absolute and relative heart weight. 096214
Studies on the innervation of the endometrium [Laboratory animals, **minks,** *swine].* 096308
Vaccination research involving Escherichia coli and **neonatal** *swine;* a literature survey [Bacterial infections]. 097460
N-nitrosopyrrolidine collected as a volatile during heat-induced formation in **nitrite-containing** *pork.* 095689
Cardiovascular and locomotive diseases in young and **old** *sows* of different **gene** construction. 097765
Experimental biological engineering to synchronise ovulation in *gilts.* III. **Onset** of ovulation, ovarian findings and fertilization following metallibure, 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin] at different times of treatment. 096868
To keep your **own** *boar* is expensive [Breeding costs]. 094421
Sex and season of **parturition** in *sows.* 096870
Can an inexpensive feed for *sows* be **produced?** 096047
Estimation of gain isoquants and a decison model application for *swine* **production.** 094203
The future of the *swine* **production** economy in Denmark. 094786
Optimism in *swine* **production.** 096106
Swine vesicular disease: virus survival in *pork* **products.** 094906
Comprehensive evaluation of fatty acids in foods; VII. *Pork* **products.** 095121
Do we need a hybrid **program?** *[Swine].* 097039
Protect *hogs* from external [insect] parasites. 102577
Study on *pork* **quality** of the pig breeds [Polish Large White, Swedish Large White, Bulgarian White, Landrace] raised in Bulgaria. 095725
Measuring boar odor in fat of *swine* using a **radioimmuno** test. 2. Duration of eliminating odor stores after castration. 096597
Some tips for better *swine* **raising.** 096069
A further study of the use of faba beans in *swine* **rations.** 096622
Number of **registered** *gilts* in 1974 and presentation of some large gilt producers. 097040
Effects of postnatal maternal environment on **reproduction** of *gilts.* 096931
Stress **resistance** in *swine.* 097855
The role of the economic factors on the development of the epizootiological process with **salmonellosis** *[Swine].* 097373
Transmission of viruses through *boar* **semen.** 097553
Adrenal medulla gangliosides. A comparative study of some mammals [Horse, ox, **sheep,** *swine].* 096315
Features of follicular development in *swine* and **sheep** ovaries during gestation. 097062
Balance and further prospects in the development of **slaughter** *swine* production [Five-Year Plan, East Germany]. 094787
Economic analysis of research with grain produced with different nitrogen fertilizers for **slaughter** *swine.* 096048
Grain produced with different nitrogen fertilizers for **slaughter** *swine.* 096049
Ways of feeding cereals for **slaughter** *swine.* 096733
Stress and porcine stress exudate problems in **slaughter** *swine.* 097854
First identification of Demodex phylloides Csokor 1879 in *swine* in **southeastern** Italy. 102544
How to sire 20 good *swine* per **sow** per year. 096980
Comparison of several extraction procedures for *boar* **spermatozoal** acrosin. 096876
The status of the **State-Federal** *Hog* Cholera Eradication Program. 097578
The isolation and characterization of a strain of infectious bovine rhinotracheitis virus from **stillbirth** in *swine.* 097294
Embryogeny of the **stomach** in *swine.* 096575
Streptococcosis of *swine.* 097650
A systems analysis of the *hog-pork* **subsector** [Markets, computer methods]. 094628

On the susceptibility of *swine* (**Sus** scrofa domesticus) to heart disease. A comparative and functional morphological study. 097774
Crabtree effect with the intestine of Ascaris **suum** *[Swine].* 097307
Some practical experience from Lantmannen's livestock research in **Svalov** *[Swine].* 096130
Factors affecting the sale price of three breeds of performance **tested** *boars.* 094559
Evaluation of performances and their time trends in three breeds of performance **tested** *boars.* 096932
Determination of ronidazole in *swine* **tissues** by differential pulse polarography [Drug residues in edible animal tissues]. 094867
Experimental transmission of congenital **tremors** in *swine.* 097755
Water for *swine*—**a unsolved** problem? 096792
Prevention of infectious atrophic rhinitis in *swine* with the **vaccination** of sows with Bordetella bronchiseptica [Bacterial infections]. 097326
Swine **vesicular** disease: virus survival in pork products. 094906
Some physical and chemical properties of *swine* **vesicular** disease virus (SVDV). 097238
Swine **vesicular** disease; bibliographic review. 097329
Infection of man by *swine* **vesicular** disease virus. 097398
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, rinderpest, vesicular exanthema of *swine,* **vesicular** stomatitis and foot-and-mouth disease. 097558
Thermal inactivation data for *swine* **vesicular** disease virus. 097580
Selenium and **vitamin** E for *swine.* 096731
Effect of selected inhibitors and methylene-blue on a possible phosphogluconate pathway in **washed** *boar* sperm. 096930
Recycling of *swine* **waste** [for feed] by aerobic fermentation. 096066
Sympathoadrenal neurochemistry and early **weaning** of *swine.* 096190
Division of labor in the organization of the graduated production of specialized farms of industrial swine production of the vertical **Weimar/Apolda** *Pork* Cooperative Union. 094341
The medical fight to control intestinal **worms** in *swine.* 097443
How to sire 20 good swine per *sow* per **year.** 096980

SYCAMORE

Influence of cutting cycle and spacing on **coppice** *sycamore* [Platanus occidentalis] yield. 098167
Auxin dependence and auxin oxidase of **cultured** *sycamore* cells [Platanus]. 100632
Girdling and applying chemicals promote rapid rooting of *sycamore* [**Platanus** occidentalis] cuttings. 100689

SYMBIOSIS

The infection process and ultrastructure of the Gunnera-Nostoc [**Algae**] *symbiosis.* 099882
Symbiosis between **coccids** (Coccoidea, Margarodidae) and other insects. I. Components of the symbiotic system in the highland of Costa Rica [Quercus]. 102835
New research on ultrastructure and biology of some *symbiotic* **flagellates** of termites [Kalotermes flavicollis host of Microrhopalodina inflata]. 102816
On the *host-symbiont-cycle* of a **leafhopper** (Euscelis plebejus) endosymbiosis. 102933
Bacterial leaf **nodule** *symbiosis* in angiosperms with emphasis on Rubiaceae and Myrsinaceae. 099580
Problems of the gene and evolutional and genetic bases of interrelations of plant-hosts with their **parasites** and *symbionts.* 099278
Microbiological studies of Porphyra plants. IV. On the relation between the growth of the Porphyra plants [Algae] cultivated in the sea and the bacterial flora accompaying the **plants** *[Symbiosis].* 098779
Symbiosis between coccids (Coccoidea, Margarodidae) and other insects. 1. Components of the *symbiotic* **system** in the highland of Costa Rica [Quercus]. 102835

SYMPATRY

Biosystematic and evolutionary statuses of **two** *sympatric* populations of Aphytis mytilaspidis (Hymenoptera: Aphelinidae). 103157

SYMPETRUM

Ultrastructure of th aortic diverticula of the adult **dragonfly** *Sympetrum* danae (Odonata: Anisoptera). 102885

SYMPHYLA

Cephalic segmental organs of **Scutigerella** *(Symphyla,* Myriapoda). 103129

SYMPHYPLEONA

Reproductive behaviour of Sminthurus viridis (L.) **(Collembola,** *Symphypleona).* 103126

SYNAPSIS

Electrophysiological evidence for sexual dimorphism and *synaptic* **convergence** in the preoptic and anterior hypothalamic areas of the rat. 096524

SYNCHRONIZATION

Studies on frost hardiness in Chlorella ellipsoidea. I. Development of frost hardiness of Chlorella ellipsoidea [Algae] in *synchronous* **culture.** 099928
Evolution of photosynthetic activity of Chlorella rubescensChodat [Algae] in *synchronous* **culture.** 099971
Dynamics of an *asynchronous* **drive** during additions of load [Electric motors]. 103367
Duration of the lambing season and maternal behaviour in **oestrous** *synchronized* ewes lambed indoors. 096925
Preliminary attempts of **oestrus** *synchronization* in goats of Gargano breed. 096848
Peripheral plasma progesterone in the ewe: its application to the diagnosis of early pregnancy following **oestrus** *synchronization* treatment. 096926
The *synchronization* of **oestrus** and subsequent fertility in ewes following treatment with a synthetic prostaglandin analogue (ONO 453). 097019
Chromosome structure in Chilocorus (Coleoptera: Coccinellidae). II. The *asynchronous* **replication** of constitutive heterochromatin. 102860

SYNCHYTRIACEAE

A modification of the Glynne-Lemmerzahl method for testing resistance of potato varieties to wart disease, *Synchytrium* **endobioticum** (Schilb.) Perc. 101578

SYNDROME

The "strait jacket" [malformation] *syndrome* in the **chick.** I. A morphological analysis. 096364
Border **disease-like** *syndrome* in California lambs. 097508
The "barker" (neonatal respiratory distress) *syndrome* [of **genetic** origin] in the pig: its occurrence in the field. 097771
Effect of changes in dietary components on the serum bilirubin in **Gilbert's** *syndrome.* 094957
Bovine **hemorrhagic** *syndrome* related to T-2 mycotoxin [Fusarium tricinctum]. 097843
A role for biotin in fatty liver and **kidney** *syndrome* in chicks [caused by rations which are simultaneously low in biotin, protein and fat]. 096740
An ultrastructural study of the liver, kidney and myocardium in the fatty liver and **kidney** *syndrome* in the fowl. 097761
Gastrointestinal bleeding and iron absorption in the experimental blind **loop** *syndrome* [Malabsorption of both vitamin B12 and fat, rats]. 094960
Effects of limited food intake on the **obese-hyperglycemic** *syndrome* [Mice]. 094977
Fatty acid and prostaglandin composition of left ventricular myocardium from dexamethasone-treated dogs with severe low **output** *syndrome* (LOS). 097758

SYNOPTIC

Synoptic **weather** conditions inducing long-distance immigration of planthoppers, Sogatella furcifera Horvath and Nilaparvata lugens Stal [Pest of growing rice]. 102297
The *synoptic* **weather** in relation to an outbreak of the African armyworm, Spodoptera exempta (Wlk.) [Infestation of grasslands in Rhodesia]. 102333

SYNOVIA

Effect of route of Newcastle disease vaccination on the incidence of airsacculitis in chickens infected with **Mycoplasma** *synoviae.* 097254
Efficacy of chlortetracycline against **Mycoplasma** *synoviae* isolated in two periods [Chickens]. 097255
Evaluation of avian mycoplasma membranes as antigens [Mycoplasma gallisepticum and **Mycoplasma** *synoviae,* chickens]. 097258
Serologic studies with **Mycoplasma** *synoviae* in experimentally inoculated chickens. 097266
Evolution of aurosomes in **rabbit** *synovial* membrane. 097772

SYNOVITIS

Synovitis in **chickens** caused by Salmonella gallinarum-pullorum. 097370

SYNTHESIS

Effect of organophosphate DDVP [dichlorvos] on **acetylcholine** *synthesis* of rat brain [Insecticides, toxicity]. 102721
Cellular studies of mammary tissue form cows hormonally induced into lactation: lactose and fatty **acid** *synthesis.* 096440
Influence of pH [hydrogen-ion concentration] on the rate ofribosomal ribonucleic **acid** *synthesis* during sporulation in Saccharomyces cerevisiae [Yeasts]. 099809
The *synthesis* of **angular** methyl substituted bicyclic enones via a unique regioselective enamine annulation reaction [Cyperus rotundus, Vetivera zizanoides, essential oil]. 100013
Synthesis of **1,6-anhydro-1(6)-thio-beta-maltotriose.** 095428
Semi-synthesis of **aristolochic** acids and their homologues. I. Degradation of glaucine to 3,4,6,7-tetramethoxy-phenanthrene-1-carboxylic acid—a study on the yield. 099738
Synthesis of **aromatic** compounds by [the soil fungus] Eurotium echinulatum Delacr. 099485
Synthesis of **beta-1,3-glucan** microfibrils by a cell-free extract from Phytophthora cinnamomi [Fungi]. 099521
Synthesis of **bioactive** compounds. A structure-activity study of aryl terpenes as juvenile hormone mimics [Oulema melanopus, oviposition]. 102960
Biomimetic *synthesis* of a key Erythrina alkaloid precursor. 099655
Carotenoid *synthesis* in tissue cultures of Daucus carota L. [Carrots]. 100465
Synthesis of **casbene** [Castorbeans]. 099662
Cell-free *synthesis* of rat preproinsulins: characterization and partial amino acid sequence determination [Wheat germ extract]. 096522
Cell-free *synthesis* of ethyl acetate by extracts from Saccharomyces cerevisiae [Yeasts]. 099839
Some pecularities of the *synthesis* of **cellulose** acetates in the presence of o-titanic acid. 098356
Synthesis of **cellulose** derivatives with fluorine-containing N-oxymethylaminotriazines. 098369
Chemical *synthesis* and modification of oligosaccharides, polysaccharides, glycoproteins, enzymes, and glycolipids. 095422
Removal of amino-terminal and carboxy-terminal extension peptides from procollagen during *synthesis* of **chick** embryo tendon collagen. 096225
Possible role of methionine in the *synthesis* of the **chicken** globin chains. 096221
Biosynthetic events required for lag elimination in **chlorophyll** *synthesis* in Euglena [gracilis, Algae]. 099953
The *synthesis* of **compound** autosomes in the Australian sheepblowfly Lucilia cuprina. 102866
Synthesis of the **crank-rocker** mechanism of the needle gear in a binding apparatus of a hay baler. 103634
Synthesis and **degradation** of proteins during wheat endosperm development. 100269
Synthesis of **2,3-diols** in chicken uropygial glands. 096320
A method for the study of the inhibition of **DNA** *synthesis* by rabbit tissue extracts. 096293
Nuclear **DNA** *synthesis* in meristematic root tip cells of some Citrus species [Lemons, mandarin oranges] autoradiography and microspectrophotometry. 100403
Chloroplast replication and chloroplast **DNA** *synthesis* in spinach leaves. 100559
Studies of the herbicide paraquat. I. Effects on the cell cycle and **DNA** *synthesis* in Vicia faba [Broadbeans]. 102096
Early *synthesis* of Semliki forest virus-specific proteins in infected chicken cells. 097424
Isozymes of glutamate dehydrogenase from oat leaves: properties and light **effect** on *synthesis.* 100273
Synthesis of **elastin.** A rapid formation of lysine-derived crosslinks by chick embryo aorta. 096421
Convenient method for *synthesis* of **erythrinan** alkaloids [Erythrina]. 099658
Acetylcholine and *synthesis* of **ethylene** in etiolated [kidney] bean tissues. 100522
The *synthesis* of **flavonol** 3-O-beta-gentiotriosides [Primula sinensis]. 100538
Synthesis and **flavor** evaluation of some alkylthiophenes. Volatile components of onion. 095919
Synthesis and **flavor** evaluation of several alkylfuranones found in Allium species (onions, shallots, and leeks). 095920
Synthesis of **fluoroarylthiazoles** and related compounds as possible fungicides. 101311
Synthesis of **functional** aldolase tetramers in a heterologous cell-free system [Chickens]. 096430
Effects of medium composition and metabilic inhibitors on **glycosaminoglycan** *synthesis* in chick embryo cartilage and its stimulation by serum and tiriiodothyronine. 096237
Haemolymphal activation of protyrosinase and the site of *synthesis* of **haemolymph** protoyrosinase in larvae of the fleshfly, Sarcophaga barbata. 103000
Studies on the *syntheses* of **heterocyclic** compounds. 657. Total synthesis of angustine, nauclefine, and gentianine [Strychnos angustiflora, Nauclea Latifolia]. 099841
Application of histochemistry to a living organ: Polyglucose **histochemically** *synthesized* in the paraboloid of the chickaccessory cone in vivo by phosphorylase and branching glycosyltransferase. 096370
Simple maize **hybrids** *synthesized* from mutant sub-lines. 099429
Synthesis of the **inner** mitochondrial membrane and the intercalation of respiratory enzymes during the cell cycle of Chlorella [Fusca vacuolata, Algae]. 099823
Synthesis and **insecticidal** and acaricidal properties of some 5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl phosphorus esters. III. [Musca domestica, Calandra granaria, Aphis fabae, Tetranychus urticae]. 102256
Synthesis, **insecticidal** and acaricidal properties of some 5alkoxy-, 5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl and 6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl phosphorus esters. II. [Musca domestica, Aphis fabae, Tetranychus urticae]. 102257
Energetics and aerodynamics of flapping flight: a *synthesis* [**Insects**]. 103109
Phenolic compounds in cultures of tissues of tea plants and the effect of **light** on their *synthesis.* 099995
Autoradiographic analysis of **macromolecular** *syntheses* in prospectively necrotic cells of the chick limb bud. II. Nucleic acids. 096338
Nutritional regulation of **macromolecular** *synthesis* in muscle. 096773
Macromolecular *synthesis* in oat leaf protoplasts. 100274
Synthesis of **marine** terpenoids. III. Synthesis of (plus/minus)-isocaespitol [Laurencia caespitosa, Algae]. 100016
Synthesis of **methyl** alpha and beta-maltotriosides and aryl beta-maltotriosides. 095427
Synthesis of **nephroarctin** and phenarctin [from lichen Nephroma arcticum]. 099825
Absence of poly(A) in a large part of **newly** *synthesized* casein mRNAs. 095570
Nuclear *syntheses* of RNA into the adult ovary of Tenebrio molitor: quantitative study. 102848
Studies on the production of mycotoxins and their quantitative determination. 5. On the *synthesis* of **ochratoxin** A and penicillic acid by Aspergillus ochraceus [Fungi] in. 094888
Synthesis of an **optimal** system of automatic regulation of the microclimate in vegetable storehouses. 103398

Partial *synthesis* of festuclavine [isolated from ergot parasitizing on grasses Agropyrum and Phalaris, from a culture of Claviceps gigantea and from Aspergillus fumigatus, Fungi]. 101390
Phenolic *synthesis* and phenylalanine ammonia-lyase activity in suspension cultures of Acer pseudoplatanus L. 100675
Ultraviolet irradiation of fenitrothion [insecticide] and the *synthesis* of the **photolytic** oxidation products. 102716
Synthesis of marine terpenoids. III. *Synthesis* of **(plus/minus)-isocaespitol** [Laurencia caespitosa, Algae]. 100016
Prostaglandin 1X *synthesis* of **(plus/minus)-15-methyl-11-deoxy** PGE1 [prostaglandin E1] (doxaprost) a potent bronchodilator and its C-15-epimer [Guinea pigs]. 096526
Synthesis of **(plus/minus)-methyl** 2,5-dimethyl-3-vinylhex-4-3-enoate (methyl santolinate) [Artemesia tridentada tridentada]. 099663
Oxidative coupling of bromo- and iodo-ferulic acid derivatives: *synthesis* of **(plus/minus)-veraguensin** [Phyllanthus niruri]. 100011
Isolation of two protein factors from maize involved in poly U-dependent **polyphenylalanine** *synthesis* by maize ribosomes. 100288
Inhibition of avian sarcoma virus replication by glucosamine: a specific effect on the *synthesis* and **processing** of viral proteins [Chicken fibroblasts]. 097670
Interchain disulfide bonds at the COOH [oxalate]-terminal end of **procollagen** *synthesized* by matrix-free cells from chick embryonic tendon and cartilage. 096211
Prostaglandin-mediated inhibition of noradrenaline release: its resistance to variations in rate or **prostaglandin** *synthesis* [Rabbits]. 096165
Protein *synthesis* in zinc deficient rats during tularemia. 095149
Protein *synthesis* with special reference to S-100 protein in brain slices from rats receiving a restrited protein supply. 096606
A non-penetrating thiol reagent mimics cytochalasin A inhibition of secretory **protein** *synthesis* [Achlya ambisexualis, Myxomycetes]. 099523
Characterization of a temperature-sensitive mutant of Saccharomyces cerevisiae [yeasts] that undergoes uncontrolled **protein** *synthesis*. 099627
Alterations in RNA and **protein** *synthesis* associated with steroid hormone-induced sexual morphogenesis in the water mold Achlya [Ambisexualis]. 099692
DNA, RNA and **protein** *synthesis* during germination of spores in the cellular slime mold Dictyostelium discoideum. 099706
Water stress and **protein** *synthesis*. IV. Responses of a drought-tolerant plant [Tortula ruralis]. 099836
Delayed senescence in [Festuca pratensis] leaves treated with the **protein** *synthesis* inhibitor MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methylpropionamide]. 100282
Development of rust fungi [Puccinia coronata] in oat leavestreated with blasticidin S, a **protein** *synthesis* inhibitor. 101634
Protein *synthesis* following infection of the blue-green alga Plectonema boryanum with the temperate virus SPI and its ts mutants. 101816
Resistance to yellow-berry in Triticum durum [wheat] varieties, as related to **protein** *synthesis* and leaf nitrate reductase activity. 101903
Radioautographic study of **protein** *synthesis* during early embryogenesis of Leptinotarsa decemlineata Say (Coleoptera). 102852
Effect of antibacterial inhibitors on **protein** *synthesis* in isolated flight muscle mitochondria of the blowfly Lucilia cuprina: phylogenetic implications. 102942
Synthesis and **reactions** of hydroxylated stilbenes and their possible occurrence as chromophore precursor structures in lignin. 098376
Synthesis and **reactions** of hydroxylated stilbenes and their possible occurrence as chromophore precursor structures in lignin. 098377
Ultrastructure of resin ducts in Pinus halepensis development, possible sites of **resin** *synthesis*, and mode of its elimination from the protoplast. 100623
The effect of cycloheximide on hepatic **RNA** *synthesis* and nucleolar size in rats force-fed a threonine-devoid diet. 095151
Calculation of absolute rates of **RNA** *synthesis*, accumulation, and degradation in tobacco callus in vivo. 100111
Site of bacterial **RNA** *synthesis* in eggplant [Escherichia coli, Agrobacterium tumefaciens] protophloem after a bacterial infection. 101710
RNA *synthesis* of puff 2-48BC after experimental induction in Drosophila hydei [Chromosomes]. 102879
Ultrastructural patterns of **RNA** *synthesis* during early embryogenesis of Drosophila melanogaster. 102880
Messenger **RNA** *synthesis*, transport, and storage in silkmoth [Actias luna and Antheraea polyphemus] ovarian follicles. 102906
Synthesis of **ruminal** microbial protein and volatile fatty acid production in vitro. 096446
An approach to *synthesis* of **sericin** model poly-alpha-amino acid [Raw silk]. 095529
Probes of initial phosphorylation events in ATP [adenosine triphosphate] *synthesis* by **[spinach]** chloroplasts. 100487
Synthetic studies on Lythraceae alkaloids. V. **Total** *synthesis* of (plus/minus)-vertaline. 099671
Studies on the syntheses of heterocyclic compounds. 657. **Total** *synthesis* of angustine, nauclefine, and gentianine [Strychnos angustiflora, Nauclea Latifolia]. 099841
Interrelations between gluconeogenesis and **urea** *synthesis* [in rat liver]. 096400
Hormonal control of **vitellogenin** *synthesis* in avian liver [Chickens]. 096485
Synthesis of **yeast** histones in the cell cycle [Saccharomyces cerevisiae]. 099958

SYNTHETASES

Cyproterone-mediated stimulation of delta-aminolevulinic **acid** *synthetase* in chick embryo liver cells. 096329
Primer dependency of **glycogen** *synthetase* during differentiation in Dictyostelium discoideum [Slime mold]. 099538
Localization of **glycogen** *synthetase* during differentiation of presumptive cell types in Dictyostelium discoideum [Fungi]. 099811
Subcellular distribution and some properties of **homocarnosine-carnosine** *synthetase* from chick red blood cells. 096319
Isolation and characterization of seryl- and **phenylalanyl-tRNA** *synthetase* from the yeast [Saccharomyces cerevisiae]. 099741
Phenylalanyl-tRNA *synthetase* from wheat germ. Purification, molecular weight, structure, properties. 100112
Properties of **phenylalanyl-tRNA** *synthetase* and phenylalanine ammonia-lyase of pine [Pinus elliottii] suspension cultures. 100668
Cytidine **5'-triphosphate** *synthetase* of calf liver. Size, polymerization, and reaction stoichiometry. 096422
Mechanisms of suppression in Drosophila. IV. Specificity and properties of **tyrosyl-tRNA** *synthetase*. 102858

SYNTHETICS

"VICRYL" (Polyglactin 910) use of an **absorbable** *synthetic* suture material in dogs and cats. 097190
Analysis of pheromones and other compounds controlling insect behavior *[synthetic* **attractants].** 102220
Influence of breed-type of cow on winter maintenance requirements [Kinsella Hereford, **Beef** *synthetic* and Dairy synthetic]. 096635
Beware *synthetic* blood and bone [Organic fertilizers]. 103867
Synthetic **casein** micelles. 095638
Influence of breed-type of cow on winter maintenance requirements [Kinsella Hereford, Beef synthetic and **Dairy** *synthetic]*. 096635
Synthetic and **degradative** processes in fruit ripening [Postharvest biology]. 095908
Synthetical **growth** substances for plants (analytical review). 099849
Adsorption of *synthetic* **humic** acids at air-water and oil-water interfaces. II. 103652
Age-related susceptibility of Tribolium castaneum (Herbst) to *synthetic* C18 **juvenile** hormone. 102534
Synthetic **meat:** is it a threat to our livestock industries? 095692
Release of vitamin B12-binding protein from isolated rat liver perfused with a *synthetic* **medium.** 096166
Synthetic **medium** for biosynthesis of dextranase by Penicillium funiculosum [Fungi]. 099510
Growth and sporulation of Pyricularia oryzae Cav. On different carbon/nitrogen ratios in a *synthetic* **medium,** the rice blast causing agent. 101628
Adsorption and desorption of cadmium by *synthetic* and **natural** organo-clay complexes. 103743
Quinaldofur, a **new** *synthetic* drug for the treatment of [bovine] mastitis. 097678
Quinaldofur, a **new** *synthetic* drug for the treatment of [bovine] mastitis. II. Pharmacology, residues, udder irritation and clinical efficacy. 097679
Synthetic **peptides** for chymosin and pepsin assays: pH [hydrogen-ion concentration] effect and pepsin independent-determination in mixtures [Assay of milk clotting enzymes]. 095592
The synchronization of oestrus and subsequent fertility in ewes following treatment with a *synthetic* **prostaglandin** analogue (ONO 453). 097019
Allethrin (d-trans-allethrin) [and **related** *synthetic* pyrethroids]. 102626
Discriminating method of difficulty for impregnation treatment of wood with *synthetic* **resin** by air comparison pycnometer. 096886
Studies on the production of impregnated wood with *synthetic* **resin** by an accelerator. 098191
Synthetic **studies** on Lythraceae alkaloids. V. Total synthesis of (plus/minus)-vertaline. 099671
Synthetic **studies** in the alkaloid field. III. Selective alkaline decarboalkoxylative cyclization of some N-alkyldihydro- and N-alkyltetrahydropyridines. 100340

SYNURA

Studies on genera Mallomonas and *Synura*, and other **plankton** in freshwater with the electron microscope. X. The genus Paraphysomonas (Chrysophyceae) in Japan [Algae, new taxa]. 098554

SYRUP

High fructose **corn** *syrup* new sweetener for the baker. 095403
Use of high **fructose** *syrups* in white layer cake. 095406
Dietary treatment of **maple** *sirup* urine disease (branched-chain ketoaciduria). 095123
Maple *syrup* producers manual. 098180

SYSTEMATICS *see* TAXONOMY

SYSTEMIC

Studies on the *systemic* **action** of some chemical in the control of root-knot nematodes [Meloidogyne incognita, tomatoes]. 101982
Changes of the fluorescence of aminergic neurons after *systemic* **administration** of various drugs in the intracerebellum in the adult chicken (Gallus domesticus). 096150
Bases for a *systemic* **analysis** and the optimization of machine-and-tractor units. 103517
Persistence of **certain** *systemic* and non-systemic fungicides in the soil, with special reference to the method of application. 101533
Some pathogenic aspects of Fusarium oxysporum f. Sp. Pisi isolated from the seeds of pea and effectiveness of *systemic* **fungicide** dressings. 101604
Efficacy of pyroxychlor in controlling Pythium polymorphon in the Pythium polymorphon-Meloidogyne Hapla root disease complex of celery [Root-knot nematode, *systemic* **fungicide**]. 102015
Evaluation of systemic and *non-systemic* **fungicides** in vitro against Curvularia pallescens [Maize]. 101518
Persistence of certain systemic and *non-systemic* **fungicides** in the soil, with special reference to the method of application. 101533
Application of *systemic* **fungicides** against leaf infection with wilt [Verticillium dahliae] simultaneously with defoliation of cotton. 101644
Studies on the effectiveness of some new thioureido derivatives as a *systemic* **fungicides** [Root treatment]. 101671
Carboxins *[systemic* **fungicides]:** powerful selective inhibitors of sucinate oxidation in animal tissues. 102659
Evaluation of some *systemic* **granular** insecticides against Myzus persicae Sulzer on potatoes [Vectors of viruses]. 102458
The changing status of corn virus diseases: potential value of a *systemic* **insecticide** [Graminella nigrifrons and Rhopalosiphum maidis as insect vectors]. 102308
Interaction of the *systemic* **insecticide** BI-58 and the plant in the treatment of coniferous trees to control the pine weevil [Hylobius abietis]. 102510
Efficacy of *systemic* **nematicides** in the control of Heterodera gottingiana on peas. 101964
Evaluation of *systemic* and **non-systemic** fungicides in vitro against Curvularia pallescens [Maize]. 101518
The control of eyespot of wheat [Cercosporella herpotrichoides] *systemic* **preparations.** 101581
Systemic **uptake** and translocation of bavistin and calixin in peanut (Arachis hypogaea L.) seedlings. 101521

SYSTOLE

Relationship between **electric** *systole* (QT time) and hypocalcaemia in cattle. 097709

TABANIDAE

Repellency of N,N-diethyl-M-toluamide (DEET) and 2-hydroxyethyl cyclohexanecarboxylate against the deer flies Chrysops atlanticus Pechuman and *Chrysops* **flavidus** Wiedemann. 102587
Studies on the local distribution and on the methods of host location of some **Rhodesian** *Tabanidae* (Diptera) [Ecology, cattle hosts]. 102974

TABEBUIA

Use of woods from essential Brazilian forests in cellulose production: Mimosa bracatinga, Cecropia species, *Tabebuia* **cassinoides** and Joannesia princeps [Properties]. 098232

TABERNAEMONTANA

Cytogenetical studies of artificially induced autohexaploids of *Tabernaemontana* **divaricata.** 098955

TABLELANDS

Namoi woolly pod, a versatile vetch for the *tablelands* **[Pasture** plant]. 100694

TACHINIDAE

The development of Blepharipa pratensis [a *tachinid* **parasite]** and its histopathological effects on the gypsy moth, Lymantria dispar [Biological control]. 102481

TACHYCARDIA

Ventricular *tachycardia* in the dog. 097731

TAENIA

Partial purification of antigens collected during in vitro cultivation of the larval stages of *Taenia* **pisiformis** [Rabbits]. 097466
Taenia **saginata** cysticerci in muscles of beef cattle. 097229

TAGETES

More than zinnias [Zinnia], earlier than **marigolds** *[Tagetes]*. 101032

TAIGA

Ash composition of plants in the **northern** *taiga* forest of the Urals **[Pinus siberica,** Pinus sylvestris, Picea obovata]. 100682

Ecology and nutritional energetics of the leaf beetle Gonioctena pallida L. in the **Siberian** *taiga* and forest tundra. 103103
The mobile forms of microelements in the sward Podzol soilsof the central part of the **south** *taiga* subzone. 103857
The structure of stands of **southern** *taiga* spruce forests located on upland plateaus between valleys in the region of the middle part of the Kama River. 098052
About possible methods of non clearcuttings in the *taiga* **zone** in connection with revealed prospects of mechanization of [forest] cutting work. 098411
The application of micronutrient fertilizers in forest nurseries of the *taiga* **zone.** 104132

TAIL
Sex expression and tail morphology of female progenies of *smooth-tail* and **crenate-tail** females of Pratylenchus penetrans [Nematodes, reared on alfalfa]. 101938
Experimental infection of *white-tailed* **deer** with rinderpest virus. 097427
Foot-and-mouth disease in *white-tailed* **deer:** clinical signs and transmission in the laboratory. 097563
Genetic resistance in Douglas-fir [Pseudotsuga menziesii] to damage by snowshoe hare and *black-tailed* **deer.** 097881
Observations on the **developing** *tail* of the drake spermatid. 096910
Sex expression and tail morphology of female progenies of smooth-tail and *crenate-tail* **females** of Pratylenchus penetrans [Nematodes, reared on alfalfa]. 101938
Response of Navane (**fox** *tail* millet) to N [nitrogen] and P [phosphorus] application. 104014
Sex expression and *tail* **morphology** of female progenies of smooth-tail and crenate-tail females of Pratylenchus penetrans [Nematodes, reared on alfalfa]. 101938
On the most appropriate places of *tail* **trees** in the Obihirorunning skyline system [Logging]. 098292
Presumptive paratuberculosis [Mycobacterium paratuberculosis] in a **Virginia** *white-tailed* deer. 097434

TALLOW
Substitutability of fractionated **beef** *tallow* for other fats and oils in the food and confectionery industries: an economic evaluation. 095695

TANGERINES
A newly recorded Alternaria [citri] induced brown spot disease on **Dancy** *tangerines* in Florida. 101545
Effect of storage conditions on keeping quality of *tangerine* **fruit.** 095947
Effect of zinc on the yield and quality of *tangerine* **fruit.** 104139
Information about the effect of working emulsions of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in *tangerine* **leaves** [Insecticides, control of citrus Aleyrodidae moth]. 102473
Dynamics of chemical substances during the maturation of different **varieties** of *tangerines.* 100584

TANKS
Dairy: cleaning and sanitizing pipeline milking machines and **bulk** *tanks.* 095554
Relationship between changes in analytic procedures and bacterial growth in milk in farm and **dairy** *tanks* using continuous and discontinuous piping. 095606
The bacterial content of farm bulk **milk** *tanks.* 094825
Tank **milk** in the future. 095556
Cleaning bulk **milk** *tanks:* comparing three systems. 095564
Tips on *tank* **mixing** pesticides. 102675

TANNING
Rapid spectrophotometric determination of glutaraldehydes **[Chemistry** of *tanning].* 095686
Recent developments in *tannery* **effluent** disposal. 104525
Chrome leather waterproofing by treatment with aldehydes and carboxylic acids. II. Effects of some chemicals and *tanning,* **greasing** and dyeing products. 095682
Tannery **waste** management. 104581

TANNINS
Dedifferentiation of *tannin* **cells** in excised leaf fragments of Cyclamen persicum Mill. cultured in vitro. 100614
Some results of biochemical study of plant sources of *tannin* from **Kazakhstan.** 099772

TANYMECUS
Application of Padan [S,S1-[2-(dimethylamino)trimethylene] bis (thiocarbamate) hydrochloride] against the image of sugarbeet weevils *[Tanymecus* **palliatus,** Bothynoderes punctiventris]. 102338

TAPE
A comparison of *seed-tape* **drilling** and spaced seed drilling [of sugarbeet]. 100717
Relation of *tape-like* **inclusions** of pea mosaic virus with the endoplasmatic reticulum and dictyosomas of the cells of a host-plant. 101808
Polynomial *taper* equations that are compatible with tree volume equations. 098011
Skin sutures with *tape* **"Steritrip"** [Surgery]. 097140

TAPEWORM
Anthelmintic activity of albendazole against liver flukes, *tapeworms,* **lung** and gastrointestinal roundworms [Animal health products]. 097333

TAPHRINA
Studies about the pathogenicity of *Taphrina* **deformans** (Berk.) Tul. 101542
Intracellular outgrowth of the cell wall as a possible cause of senescence in *Taphrina* **maculans** Butler [Fungi]. 098966

TAPINOMA
Brood transport by young workers of *Tapinoma* **erraticum** (Formicidae, Dolichoderinae): role of mechanical and chemotactic stimuli from the brood. 102839

TAPIOCA
Tapioca for **Dehra** Dun Valley. 101183

TAR
Composition and properties of *tar,* **obtained** at cellolignin thermolysis. IV. Fractionation on sephadex of tar, obtained at birch wood cellolignin thermolysis with overhead steam in vacuum. 098303
Composition and properties of *tar* **obtained** at cellolignin thermolysis. V. Isolation of oligomeric compounds. 098304
Composition and properties of *tar* **obtained** at cellolignin thermolysis. VI. Gel-chromatographic study of oligomeric compounds of lignocarbohydrate nature. 098305
Composition and properties of *tar* **obtained** at cellolignin thermolysis. VII. Determination of acid groups in compounds isolated from resin after birch wood thermolysis, and in model aromatic oxyacids. 098306
Composition and properties of *tar* **obtained** at cellolignin thermolysis. VIII. On the nature of oligomeric compounds of lignocarbohydrate character. 098307
The assessment of the damage to the surface of *tar* **runways** of forest roads. 098009
Rhytisma acerinum [the cause of *tar* **spot** disease of platanus, Acer pseudoplatanus] as a biological indicator of [sulphur dioxide] pollution. 104481

TARAXASTEROL
Psi-taraxasterol **acetate** from Inula viscosa. 099938

TARGET
A simulation analysis of **alternative** *target* price and loan rate combinations. 094439
Target **material** costs of tractors operation per hour. 094426
Target **material** costs of tractors operation per hour. 094427
Susceptibility of *nontarget* **organisms** to Nosema algerae (Microsporida: Nosematidae), a parasite of mosquitoes. 102579

TARIFF
EC [European Community] on U.S. *Tariff* **plan** highlights MTN [Multilateral Trade Negotiations] problem. 094530

TARO
Natural occurrence of dasheen mosaic virus in **Egyptian** *taro,* Colocasia antiquorum. 101788
Callus initiation and organ differentiation from shoot tip cultures of Colocasia **esculenta** *[Taro].* 099021

TARTRATE
Trials with **morantel** *tartrate* in the treatment of sheep digestive strongylosis in tropical area. 097614
Effect of **pyrantel** *tartrate* on the third stage larvae of Ascaridia galli [in fowls]. 097599

TASTE
Disease-medication relationships in **altered** *taste* sensitivity. 095125
Evaluation of potato texture by *taste* and by **appearance.** 095864
Beef *palatability* as affected by cooking rate and final internal temperature. 095137
Relations between structure and **bitter** *taste* of amino acids and peptides. II. Peptides and their derivatives. 095542
Steric arrangement of sweet and **bitter** *taste* of amino acids and peptides. 095544
Intestinal bypass surgery for obesity decreases food intake and *taste* **preferences.** 094961
Characterization of biological types of cattle. III. Carcass composition, **quality** and *palatability.* 095698
Peptide sweeteners: a model for peptide and *taste* **receptor** interactions. 095494
Potential new artificial sweetener from study of *structure-taste* **relationship.** 095530

TAXATION
Impacts of *tax* **alternatives** on forest values and investment. 098001
The trustworthiness of **deciphering** *taxation* indicators of northern forests according to spectral and panchromatic aerial photographs. 098053
Some alternatives for Federal **estate** *tax* reform [as relatedto farmers]. 094429
Costs of timber production in **Finland** in 1972 and 1973 *[Taxes].* 097978
Taxation and the **future** of the farming structure. 094392
Implications of public school finance reform with local control *[Taxation,* **Georgia].** 094376
The significance of capital gains to farmers and some effects of eliminating their preferred **income** *tax* treatment. 094446
A bioeconomic simulation analysis of regulating groundwater irrigation *[Tax,* **income].** 104252
Problem of determining the raising of *taxes* for **irrigation** and drainage of farm lands. 094412
An agricultural value tax as an alternative to land use *tax* or **market** value tax on land. 094440
The impact of **property** *tax* equalization on rural property in Oklahoma. 094180
Added pinch to **property** *taxes.* 094374
Property *tax* for 1975. 094422
The incidence of **property** *taxes* on agricultural land. 094444
The accuracy of establishing the boundaries of *taxation* **sites** according to spectral aerial photographs of the scale 1:10,000. 098050
An agricultural **value** *tax* as an alternative to land use tax or market value tax on land. 094440

TAXONOMY
The population concept *[Taxonomy,* **cacti].** 098670
Intergroup variability of a *taxonomical* **characters** of gall mites Eriopyes laevis (Nal., 1898). 103202
A laboratory at the service of *systematics* for **cytotaxonomy** in Geneva. 098702
Interpretation of Cortinarius rigidus Fr. [Fungi, *taxonomy,* **Europe].** 098740
A new concept for the *taxonomy* of the **family** Dictyostelliaceae (cellular slime molds). 098489
Helvella macropus (Fr.) Karst. In Costa Rica **[Fungi,** *taxonomy].* 098557
Concerning Paxillus lepista Fr. **[Fungi,** *taxonomy].* 098582
Fungal spores of the urban atmosphere of Pavia; results obtained by the Petri dish reaction test **[Fungi** *taxonomy,* plant pathogens]. 098701
Taxonomy of the **genus** Saccharomyces: osidases and vitamin requirements [Yeasts]. 098660
Intraspecific variability of birch [Betula] in the Urals in relation to the problems of the *taxonomy* of the **genus.** 098722
Study of the *taxonomy* of the **genus** Allium L. 098757
Significance of intraspecies taxons in the *systematics* of **grapevine** mites (Acarina, Eryophyidae). 102422
Hormonal control of germinaton under saline conditions of three **halophytic** *taxa* in the genus Suaeda. 099895
Studies on the epidermis of recent and fossil fruits of Carpinus and Ostrya and its significance in the *systematics* and **history** of these genera. 098487
Ontogenesis of angiospermous embryo sacs strengthens the *taxonomical* **interpretation** of their phylogenic origin. 098588
Intraspecific *taxonomy* of Artemisia terraealbae Krasch. 098615
Evaluation of the usefulness of discoidal point translation in honeybee [Apis **mellifera]** *systematics.* 103269
Contribution to the **Musci** *systematics* on the basis of comparative studies on leaf development. 098568
Fossil plants from the Lower Pannonian of the Valea-de-Cris (district Bihor, Romania) **[New** *taxa].* 098484
New *taxa* of the Ranunculus auricomus complex in Finland. IV. 098488
A flora of Bombacaceae of the Tertiary Basin of Fonseca, Minas Gerais **[New** *taxa].* 098491
Brazilian paleoxylic anatomy. I. Protopinaceae of Botucatu Formation, Minas Gerais, Brazil **[New** *taxa].* 098492
Palynomorph guides of the Upper Devonian and Lower Carboniferous of the Amazonas and Parnaiba basins **[New** *taxa].* 098494
The platyspermic [fossil] seeds of Gondwana Face for the Maithy Scheme **[New** *taxa].* 098496
A contribution to the north Podlasie lowland flora of Bryophyta **[New** *taxa].* 098498
Further observations on the Molteno flora of Rhodesia **[New** *taxa].* 098510
Alexgeorgea, a bizarre new genus of Restionaceae from Western Australia [Alexgeorgea subterranea, Alexgeorgea arenicola, **new** *taxa].* 098511
On the red algal genera Grallatoria Howe and Callithamniella Feldmann-Mazoyer (Ceramiales) **[New** *taxa].* 098553
Studies on genera Mallomonas and Synura, and other plankton in freshwater with the electron microscope. X. The genus Paraphysomonas (Chrysophyceae) in Japan [Algae, **new** *taxa].* 098554
Some additions to fungi of India **[New** *taxa].* 098598
Taxonomic notes on the genus Lappula Gilib. From Kazakhstan **[New** *taxa].* 098618
A revision of the genus Sasaella Makino (Bambusaceae). 2. **[New** *taxa].* 098632
Studies in Leguminosae. 24. Notes on the Indo-Burmese species of Derris **[New** *taxa].* 098636
Two noteworthy Ascomybetes, Zopfiella matsushimae and Sporormiella pascua [Fungi, **new** *taxa].* 098637
A revision of the commercially important Agathosma species **[New** *taxa].* 098639
A revision of the American species of Rourea subgenus Rourea (Connaraceae) **[New** *taxa].* 098654
A revision of the genus Hackelia (Boraginaceae) in North America, North of Mexico **[New** *taxa].* 098655
An undescribed species of Trimmatostroma [hughesii, **new** *taxa,* Fungi]. 098659
Notes on Hydnums. X. [Fungi, **new** *taxa].* 098685
Observations on the flora of Haute-Savoie. 3. **[New** *taxa].* 098707
Frailea aureinitens Buining et Brederoo spec. Nova [Succulents, **new** *taxa].* 098718
The genus Metarhizium [Fungi, **new** *taxa].* 098730

New *taxa* of the genus Scabiosa L. From the Caucasus. 098752
New *taxa* of the genus Cirsium Mill. From the flora of the USSR. 098753
Myobiid mites (Acarina, Myobiidae) parasitic on bats in Japan. I. Genus Calcarmyobia [japonica] Radford 1952 [**New** *taxa].* 102553
The milliped family Conotylidae (Diplopoda, Chordeumida): revision of the genus Taiyutyla, with notes on recently proposed data [**New** *taxa].* 103135
Zodion pearsoni, sp. Nov. In memoriam [of Donald L. Pearson, **new** *taxa,* entomologists, United States]. 103140
Hemiptera of the Sudan, with remarks on some species of theadjacent countries. 5. Pentatomidae [**New** *taxa].* 103148
The spider fauna of Finland and east Fennoscandia. VI. Linyphiidae. 1. The Linyphiinae and Linyphiinae-like Micryphantinae [**New** *taxa,* Bolyphantes kilpisjaerviensis]. 103160
THe opilionid genera Sabacon and Tomicomerus in America (Opiliones, Troguloidea, Ischyropsalidae) [**New** *taxa].* 103165
African Pteromalidae (Hymenoptera): **new** *taxa,* synonymies and combinations. 103167
On the species of Euxanthellus Silvestri in South Africa (Hymenoptera: Aphelinidae) [**New** *taxa].* 103171
Revision of the genus Nothomorpha Thomson (Coleoptera, Buprestidae) [**New** *taxa].* 103172
The African genus Hyalonysius Slater (Hemiptera, Heteroptera: Lygaeidae) [**New** *Taxa].* 103173
On a collection of Banchinae from Australia (Hymenoptera: Ichneumonidae). I. Genus Leptobatopsis Ashmead [**New** *taxa].* 103177
On a collection of Banchinae from Australia (Hymenoptera: Ichneumonidae). II. Genus Syzeuctus Foerster [**New** *taxa].* 103178
On a collection of Banchinae from Australia (Hymenoptera: Ichneumonidae). III. Genus Lissonota Gravenhorst [**New** *taxa].* 103179
The Bombyliidae of Aldabra Island with notes on the species of the Villa hottentota (L.) group from Africa and the islands o the western Indian Ocean [**New** *taxa].* 103181
Terrestrial isopods from West Africa. 1. Family, Eubelidae, Budde-Lund, 1899 [**New** *taxa].* 103193
Triterpenes of toxic and **non-toxic** *taxa* of Lantana camara. 099714
Taxonomic **note** on section Porrum G. Don of the genus Allium L. from Kazakhstan. 098544
Taxonomic **notes** on the genus Lappula Gilib. From Kazakhstan [New taxa]. 098618
Analysis of the genus Melilotus [sweetclover] by the methods of **numerical** *taxonomy.* 098653
Numerical *taxonomy:* chemotaxonomy and computer at systematics service. 098706
Phenetic similarity among dwarf [gene] rice cultivars, grown in two environments, as estimated by **numerical** *taxonomic* methods. 099067
[Geographic] distribution and the history of *systematics* **ofthe** genus Allium L. 098724
Taxonomy and **phylogeny** of the genus Secale L [including rye]]. 098520
Sporophyte development and *taxonomic* **position** of the genus Odontoschisma Dum. [Hepaticae]. 098572
Thoughts on systematic botany in Geneva: permanence and actuality of *taxonomic* **research.** 098710
Taxonomic **review** of Jerusalem sages [Phlomis] from Kazakhstan and [Soviet] Central Asia. 098545
Phillidae, a *taxonomical* **revision** of the genus Phyllium Ill. (Insecta Orthoptera, Phasmatoptera). 103204
Numerical taxonomy: chemotaxonomy and computer at *systematics* **service.** 098706
Soil *taxonomy.* A basic system of soil classificaton for making and interpreting soil surveys. 103650
Notes on the *taxonomy* of some **species** of the genus Astragalus L. from the flora of Turkey. 098756
Taxonomic **studies** on the species Bryum in Poland. Sect. Erythrocarpa Kindb. and sect. Anaglyphodon Philibert [Musci]. 098504
The soil type as the *taxonomic* **unit** of classification and the principles of its subdivision. 103850
Morphology and *taxonomy* of **Vizella** interrupta (Ascomycetes: Vizellaceae) [Fungi]. 098728

TAXUS

Behaviour of isolated cells from two gymnosperms, cultured in vitro: *Taxus* **baccata** L. and Pinus pinaster Sol. 100629
A study of the **genus** *Taxus* [Cultivars]. 101247

TEA

The effect of high temperatures on some aspects of the physiology and cultivation of the *tea* **bush,** Camellia sinensis, in North East India. 100003
Results of laboratory and field testing of a manual electrical apparatus for trellis trimming of *tea* **bushes.** 103595
Xylem water poential and yield of *tea* **(Camellia** sinensis) clones in Malawi. 101295
Rentention, losses and utilization efficiencies of major nutrients in *tea* **culture** under South Indian conditions. 104114
Occurrence of greening and tristeza diseases of citrus in various blocks of *Darjeeling* **district** (West Bengal). 102029
Reduction of experimental error in perennial crops, using adjustment by neighbouring plots *[Tea,* **fruit].** 101294
Expansion of the area of *tea* **growing** in mountainous conditions of the Western [Soviet] Geogia at the present time. 101307
Juvenility in **Hybrid** *Tea-roses.* 099195
Selection of **Hybrid** *Tea-rose* seedlings for cut flower yield. 101116
Study of the process of fixation of *tea* **leaves** by infrared rays in a moisture-saturated environment. 095534
Localization of aluminium in *tea* **leaves.** 099921
Results of combined action of seasonal colonization of Cryptolaemus and aborigenous entomophages against Chloropulvinaria floccifera in Western [Soviet] Georgia *[Tea* **pest,** biological control]. 102271
Development of the root system of a *tea* **plant** in various agro-reclamative conditions in the Colchis Lowland. 099997
Catalase activity in the soil under a *tea* **plantation** as affected by herbicides. 103830
Effect of nitrogen levels on the yield of *tea* **plantations** of different vigor on Podzolic soils. 104138
Some problems of the level of water provision and the effectiveness of irrigation of *tea* **plantations** in Imeretia. 104406
Phenolic compounds in cultures of tissues of *tea* **plants** and the effect of light on their synthesis. 099995
The effect of cultural operations on the composition of the xylem sap of *tea* **plants** recovering from pruning. 101285
Biosynthesis of trans-2-hexenal in chloroplasts from Thea **sinensis** *[Tea].* 099902
Utilization of fixed capital and labor productivity in *tea-growing* **state** farms in the subtropical zone of the Georgian SSR. 094337
Effect of the content of coarse and dry leaves in the raw material from mechanized harvesting on the condition of the product during *tea* **storage.** 095533

TEACHING

Competencies in entomology needed by **agribusiness** *teachers* and extension agents in Indiana. 102962
Nutrition and family planning: concepts and approaches for home **economics** *teachers.* 095079
Working capital of agricultural **enterprises** *([teaching* drafts] for faculties of qualification improvement). 094159
In quest of *learning-teaching* **excellence:** a viewpoint [in agricultural economics]. 094129
A simulation **game** *teaching* aid for rural development. 094110
The role of technology for achieving scientific and technological progress, and conclusions for *teaching* and **research** [Forestry, East Germany]. 097956
Economic means of production management in state farms (Methodological drafts for *teachers* in **schools** for qualificationimprovement). 094258
Nutrition education for medical students: II. Who **shall** *teach* it? Within what framework? How? 095312
Improvement of qualification of the *teaching* **staff** [in the institutions of higher agricultural education]. 094068
Procedure of replacing the *teaching* **staff** in [agricultural] higher education institutions. 094069

TEAK

Ecology of respiratory losses in *teak* and **Cymbopogon** grass with reference to deciduous forest and grassland. 098842

TEATS

Funnel-shaped teats give more milk than **cylindrical** *teats* [Cattle]. 096081
Udder and *teat* **size** of Bulgarian Red cows as affected by age. 096600
Pressure stabilization in the *sub-teat* **space** of the milking apparatus. 103538

TEETH

The origin of impulses recorded from dentinal cavities in the *tooth* of the **cat.** 096167
Maternal nutritional requirements in relation to the subsequent development of *teeth* in **children.** 095160
Teeth, **fluorine,** and human nutrition. 095161

TELEVISION

Use of radio and *television* in **[agricultural]** extension work in the United States. 094119
USDA [U.S. Dept. Of Agriculture] radio and *television* **archives** established at NAL [National Agricultural Library]. 093957
Study of conformational changes of chloroplasts by the method of *television* **laser** microscopy [Peas]. 100581

TELIOSPORES

Inoculation of barley with mixtures of buff and **brown** *teliospores* as an aid to screening for resistance to Ustilago nuda. 101556

TEMPERATE

Use of tropical germplasm in a sorghum breeding program for both tropical and *temperate* **areas.** 099371
Efficiency of utilization of dietary energy by *temperate* **breeds** [Holstein-Friesian, Brown Swiss] of dairy cows under tropical conditions. 096685
Yield potential of some *temperate* **grasses.** 100871
Environmental factors influencing the rate of hydrocarbon oxidation in *temperate* **lakes** [Oil pollution]. 104447
Analysis of seasonal leaf fall in **north** *temperate* deciduous forests. 098837
Protein synthesis following infection of the blue-green alga Plectonema boryanum with the *temperate* **virus** SPI and its ts mutants. 101816

TEMPERATURE

Effects of photoperiod and *temperature* on **abnormal** wing-pad development in two species of Odonata [Enalagma hageni, Enallagma aspersum]. 102870
Changes in the protein content of corn roots at low **above-freezing** *temperatures.* 100241
Effect of *temperature* **acclimation** on activities of serum and hepatic enzymes of the rat [Biochemical and physiological metabolism]. 096198
Activity of the enzymes which disrupt tomato cell walls. II. Effect of *temperature* and of **active** acidity. 100425
The temperature variation of the canopy and trunk of Scots pine [Pinus sylvestris] and its relation to the net input of radiation and to **air** *temperature.* 097943
Interactions between TMV [tobacco mosaic virus] isolates, *temperature,* **allelic** condition and combination of the Tm resistance genes in tomato. 099360
Analysis of the oxygen consumption of Periplaneta americanaat constant and diurnally **alternating** *temperatures.* 103057
Effects of various **ambient** *temperatures* and of heating and cooling the hypothalamus and cervical spinal cord on antidiuretic hormone secretion and urinary osmolality in pigs. 096466
Sensitivity of surface temperature and **atmospheric** *temperature* to perturbations in the stratospheric concentration of ozone and nitrogen dioxide. 104531
Changes of the **body** *temperature,* pulse and respiration frequencies of pigs after an extreme heat load with respect to the breed. 096506
Body *temperature* of fowls induced by intracerebroventricular infusion of TAB [typhus and paratyphus A and B] vaccine and O somatic antigen of Shigella dysenteriae. 097213
Effects on **body** *temperature* produced by micro-injection of Salmonella typhimurium lipopolysaccharide into the third cerebral ventricle of the chicken. 097480
Temperature-sensitive **changes** in surface modulating assemblies of fibroblasts transformed by mutants of Rous sarcoma virus. 097585
Phase shifting the circadian rhythms of nocturnal insects by *temperature* **changes** [Eurycotis floridana, Lampyris noctilucta, Photuris]. 103077
Assimilation by Lucilia illustris (Diptera) larvae in constant and **changing** *temperatures.* 103063
Competition between nonplaquing and plaquing strains of Newcastle disease virus as affected by *temperature* **[Chicken** embryo fibroblasts]. 097250
Temperature **conditions** in young Emmental cheese and their effects. 095611
Critical period in the ontogenesis of cereals in relation to *temperature* **conditions** [Barley, oats]. 100185
Effect of *temperature* **conditions** on duration of stages of organogenesis in grapes. 100433
About *temperature* **conditions** in soil in boundary areas of block-type green houses. 103361
Study of *temperature* **conditions** and lighting level created by DRL-250 lamps used for irradiating plants in greenhouses. 103376
Importance of *temperature* **control** in brooding chicks. 096078
The problem of methodology for determining resistances when **correcting** *temperature* characteristics of thermal resistors. 103379
Measurement of **crop** *temperature* by leaf thermocouple, infrared thermometry and remotely sensed thermal imagery [Alfalfa, maize]. 100066
The effect of *temperature* and **crowding** on midgut amylolytic activity in Tenebrio molitor adults. 103020
Discussion on the paper of "The relation between tillering capacity and **cumulative** *temperature* and its application in wheat culture". 100144
An emergence trap for bark-dwelling insects, its efficiency and effects on *temperature* **[Cydia** pomonella]. 102910
Influence of site on the sum of critical **developmental** *temperatures* of the cherry fruit fly (Rhagoletis cerasi L.). 102455
The subgenus Persicargas (Ixodoidea: Argasidae: Argas). 25. Effect of *temperature* on **diapause** termination in female Argas (Persicargas) arboreus Kaiser, Hoogstraal and Kohls. 102922
A micropower, **digital** *temperature* integrator. 093962
Temperature **effect** on affinity chromatography of two lectins from the seeds of Ricinus communis [Castorbeans]. 095396
Flowering of pears in the Leningrad Region as related to the **effective** *temperatures.* 100386
Influence of *temperature* on the **electrical** conductivity of buffalo milk. 095584
The effects of high **environmental** *temperatures* on fattening performance and growth of boars. 096735
Energy requirement of roosters as influenced by **environmental** *temperature,* dietary energy and age. 096753

Coccidiosis; effects of high **environmental** *temperatures* on anticoccidial protection [Chickens, Eimeria acervulina]. 097477
Effects of high **environmental** *temperatures* on cecal coccidiosis [Eimeria tenella, chickens]. 097479
Effect of rotary-drum-drier **exit** *temperature* and length of pre-drying storage time on digestibility of dried grass cobs [Sheep]. 096701
The role of the *temperature* **factor** in ontogenesis of bean plants. 100582
Effect of *temperature* on the **fatty-acid** composition of Sporotrichum thermophile [Fungi]. 100025
Amino acid composition of [grape] must in different **fermentation** *temperatures.* 095970
Effect of meteorological conditions on flowering and fruiting of grapevines. I. The effect of *temperature* on **flowering** and fruiting. 100431
Study of the conditions and devices for processing wine with *low-temperature* using a **flowline** method. 095980
Developmental and long-term acclimaton to cold by the Queensland fruit-fly (Dacus tryoni) at constant and **fluctuating** *temperatures.* 102995
An apparatus for measurement of the effect of amplitude of *temperature* **fluctuation** upon the germination of seeds [Rumexsanguineus, Rorippa islandica]. 099492
Effect of *temperature* on the **formation** of higher alcohols and on the accumulation of biomass during the fermentation of grape must with various strains of yeast. 095974
Studies of population differentiation in Setaria grauca L. : responses of heading to day-length and *temperature* and their **geographical** variation. 098818
The influence of **growing** *temperature* on the amino acid and nucleic acid concentrations of potato tubers. 100483
Effect of *temperature* on **growth** rate and survival of Fomes annosus in western hemlock [Tsuga heterophylla] stumps. 098235
The influence of daylength, light intensity and *temperature* on the **growth** rates of planktonic blue-green algae. 099582
Factors affecting the flowering of Andropogon gayanus Kunth. Responses to photoperiod, *temperature* and **growth** regulators. 100093
Effect of photoperiod and *temperature* on **growth** and flowering in Lagerstroemia indica L. 100586
Deleterious effects of copulation in Drosophila females as a function of **growth** *temperature* of both sexes. 102928
The effect of **high** *temperatures* on some aspects of the physiology and cultivation of the tea bush, Camellia sinensis, in North East India. 100003
Ribonucleic acid and **high** *temperature* sensitivity in wheat. 100170
Effect of **higher** *temperature* of the environment on the formation of productivity elements in wheat. 100186
Effects of *temperature* and **host** plants on population dynamics of the cotton fleahopper, Pseudatomoscelis seriatus. 102294
Effect of *temperature* and **humidity** on the trapping of alate mustard aphid, Lipaphis erysimi (Kaltenbach). 102430
The influence of *temperature* and **humidity** on the life-cycle of Ectomyelois ceratoniae (Zeller) (Lepidoptera: Phycitidae [Insect pests of citrus trees, nuts and stored products]. 102437
Influence of *temperature* and **humidity** on ureolysis and ammonia volatilization in a forest humus soil. 103813
Effect of *temperature* and **hydrogen-ion** concentration value on the rate of oxygen absorption and on the dynamics of oxidation-reduction potential during maturing of wine materials. 095973
Uptake of exogenous metabolites by virus-transformed cells: changes induced by *temperature* and pH [**hydrogen-ion** concentration, chick embryos]. 097233
Influence of *temperature,* pH [**hydrogen-ion** concentration] and nutrients on the growth of Fomes annosus isolates [Pinus pinaster]. 101442
Beef palatability as affected by cooking rate and final **internal** *temperature.* 095137
Low *temperature* preservation of rabbit embryos. 096470
Breeding of sunflower plants based on variation in germination velocity at **low** *temperatures* [Heredity]. 099148
Physiology and genetics of ear emergence in barley and wheat. IX. Effect of **low** *temperature* during dark period on time of heading in barley. 100248
Studies on the acceleration of flowering in woody ornamentals by **low** *temperature* treatments. VI. The factors involved in flower formation in Forsythia viridissima Lindl. 100587
Effect of **lower** *temperature* on the development of salad endive and chickory (Cichorium endivia L. and Cichorium intybus L.). 100600
Temperature **maintenance** and CO2 [carbon dioxide] concentration in a swarm cluster of honey bees, Apis mellifera. 103235
Detecting oestrus by measuring **milk** *temperatures* of dairy cows during milking. 096992
Estimating **minimum** *temperature* and climatological freeze risk in hilly terrain. 093963
Loss of structure in freeze-dried [orange juice] carbohydrates solutions: effect of *temperature,* **moisture** content and composition. 095929
Effects of *temperature* on the **morphogenesis** of the oocytes in Bombyx mori L. 103234
Characterization of a *temperature-sensitive* **mutant** of Saccharomyces cerevisiae [yeasts] that undergoes uncontrolled protein synthesis. 099627
Role of *temperature-sensitive* **mutants** in persistent infections initiated with vesicular stomatitis virus. 097425
Temperature-sensitive **mutants** of vesicular stomatitis virus are conditionally defective particles that interfere with and are rescued by wild-type virus. 097426
Influence of *temperature* on **nitrate** metabolism and leaf expansion in soybean (Glycine max L. Merr.) seedlings. 100279
Temperatures of **plant** communities as measured by pyrometric and other methods. 098866
Influence of cell concentration, *temperature,* and **press** performance on flow characteristics and disintegration in the freeze-pressing of Saccharomyces cerevisiae with the X-press [Yeast]. 095408
On the measurement of *temperature* and **pressure** in the refining zone of an open discharge refiner [Pulps]. 098253
Studies on the ses expression of flowers induced by day-length and *temperature* in **pumpkin** and watermelon. 100510
The determination of nitrogen in soils by **rapid** *high-temperature* Kjeldahl digestion and autoanalysis. 103728
Effect of time, *temperature,* and **reactant** ratio on pyrazine formation in model systems [Food]. 095455
Heat resistance of Calliphoridae larvae in relation to develoment of **rearing** *temperature* [Callitroga macellaria, Lucilia cuprina, Calliphora vinina]. 103001
The **rectal** *temperature* and serum luteinizing hormone concentration of heifers during estrus. 096887
What risk of botulism from food stored at conventional **refrigeration** *temperatures?* 095353
The effect of *temperature* **regime** of storing pine and spruce seeds on their sowing qualities. 098140
Construction of a mathematical model of the *temperature* **regime** of plants. 099987
Effects of photoperiod and *temperature* **regimens** on the biology of European and United States alfalfa weevil [Hypera postica] populations. 102281
Variation in germination and amino acid leakage of seeds with *temperature* **related** to membrane phase change. 099949
Vegetative growth of nineteen tropical and sub-tropical pasture grasses and legumes in **relation** to *temperature.* 100328
Temperature-jump-induced **release** of hydrogen ions from chloroplasts and its relaxation characteristics in the presence of ionophores [Spinach]. 100376
The fertility of deep frozen and **room** *temperature* preserved [bovine] semen in the tropics. 097080
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. I. In [subterraneau clover] plants grown at optimal **root** *temperatures.* 099000
The structure and development of Trifolium subterraneum L. root nodules [Rhizobium]. II. In [subterranean clover] plants grown at sub-optimal **root** *temperatures.* 099001
Effect of **root** *temperature* on growth and seed yield in cowpea (Vigna unguiculata). 100408
Experimental studies on flowering and reproduction in seagrasses *[Temperature,* **salinity,** daylength]. 099516
Respiratory metabolism of the centipede Nadabius coloradensis (Cockerell): influence of *temperature,* **season** and starvation. 102895
Variation in Eucalyptus nitens Maiden in response to *temperature* and **seed** source. 098513
A procedure for specifically **selecting** *temperature* sensitive mutants of tobacco mosaic virus. 101760
Strain rate and *temperature* **sensitivity** of the crack initiation force in intact Japanese quail eggs. 096516
Effects of *temperature* **shocks,** hydration and leaching on the subsequent germination of uredospores of Puccinia striiformis [Fungi]. 100026
Production of *temperature* **signal** in the peripherally denervated spinal cord of the dog. 096351
Soil *temperature* and plant growth in the northern Great Plains. 099788
Effects of **soil** *temperature* on the development of young eggplants (Solanum melongena). 100410
Effects of air and **soil** *temperatures* on vegetative growth of citrus [Oranges]. 100473
Soil *temperatures* and growth of rooted cuttings of radiata pine [Pinus radiata]. 100660
Relationship between **soil** *temperature* and the transpiration of maize plants. 103659
Effect of diurnal variation of **soil** *temperature* on moisture movement in the rhizosphere. 103761
Soil reflection coefficient and its consequences for **soil** *temperature* and plant growth [Radiation balance]. 103833
First results on the determination of *temperature* **stability** of additives in mixed feeds under practical conditions. 096027
The effect of **storage** *temperature* on the second day methylene-blue test [Milk spoilage]. 094893
Genetic efficiency of ethylenimine in relation to the time and *temperature* of **storage** of barley grain. 099402
The effect of **storage** *temperature* and sowing date on flowering of Ranunculus asiaticus seeds. 101072
Laboratory apparatus for **studying** *low-temperature* high-speed thermolysis. 098335
Plant distribution in Newfoundland especially in relation to **summer** *temperatures* measured with the sucrose inversion method. 098592
Energy transfer and **surface** *temperature* over plants and animals. 100001
Sensitivity of **surface** *temperature* and atmospheric temperature to perturbations in the stratospheric concentration of ozone and nitrogen dioxide. 104531
Effects of *temperature* and **time** on the infectivity of cryogenically preserved samples of Anaplasma mariginal-infected erythrocytes [Calves]. 097224
Effects of different *temperatures* on **Tipula** iridescent virus infection in galleria mellonella larvae. 103027
Centipedegrass [Eremochloa ophiuroides] seed **treatments** *andlight-temperature* effects on germination [Curvularia, Phoma, Alternaria, Fusarium]. 101549
Ultrahigh *temperature* production [of dairy products]—stateof-the-art and prognosis concerning marketing. 094568
Notes concerning the Italian dairy industry—the future of **ultrahigh** *temperature* [processing for dairy products]. 095600
Ultrahigh *temperature* production [of dairy products]—stateof-the-art and prognosis concerning technology. 095602
The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The **ultra-high** *temperature* milk section. 095648
Ultra-high *temperature* methods and the aseptic filling technique must be utilized in a much more rational manner [Dairyprocessing]. 095656
Empirical analysis of **variable** *temperature* regimes on life stage development and population growth of tetranychus mcdanieli (Acarina: Tetranychidae) [Fruit pests]. 102794
The *temperature* **variation** of the canopy and trunk of Scots pine [Pinus sylvestris] and its relation to the net input of radiation and to air temperature. 097943
Effects of photoperiod and *temperature* on **vegetative** and reproductive responses of Lycopersicon esculentum Mill. [Tomatoes]. 100475
Reaction of the genetic system determining the characteristic puffed in Drosophila **virilis** to various *temperatures.* 103097

TEMPLATE

Rheograms for power-law [food] fluids using coaxial cylinder viscometers and a *template* **method.** 095420

TENANTS

The rights and obligations of the landowner and the *tenant* in **leasehold** under existing presidential issuances. 094702

TENDERIZATION

Blade *tenderization* of wholesale cuts from ram lambs and kid goats. 095696
Mechanical *tenderization* of meat in the HRI [Hotel, Restaurant and Institutional] trade. 095711

TENDERNESS

The effect of water soaking, brining and cooking procedure on *tenderness* of **broilers.** 095747

TENDON

Removal of amino-terminal and carboxy-terminal extension peptides from procollagen during synthesis of chick **embryo** *tendon* collagen. 096225
Interchain disulfide bonds at the COOH [oxalate]-terminal end of procollagen synthesized by matrix-free cells from chick **embryonic** *tendon* and cartilage. 096211
Comparison of Ca, P, and S [calcium, phosphorus, and sulfur] levels in predentine and *tendon* **[Rats].** 096379
Technique of *tendon* **transplantation** by insertion in the race horse. 097134

TENEBRIO

Hormone-pheromone relationships of **male** *Tenebrio* molitor. 103003
Musculature of the head appendages of *Tenebrio* **molitor** (Coleoptera: Tenebrionidae). 102802
Nuclear syntheses of RNA into the adult ovary of *Tenebrio* **molitor:** quantitative study. 102848
Reproductive behaviour and physiology of *Tenebrio* **molitor** (Coleoptera: Tenebrionidae). III. Histogenetic changes in the internal genitalia, mesenteron, and cuticle during sexual maturation. 102874
Role of perisympathetic organs and dynamics of secretion of the bursicon in *Tenebrio* **molitor.** 103014
Spermatophore of the mealworm beetle *[Tenebrio* **molitor]:** immunochemical characteristics suggest affinities with male accessory gland. 103017
The effect of temperature and crowding on midgut amylolytic activity in *Tenebrio* **molitor** adults. 103020

TENEBRIONIDAE

Musculature of the head appendages of Tenebrio molitor **(Coleoptera:** *Tenebrionidae).* 102802
A review of the genus Blapstinus **(Coleoptera:** *Tenebrionidae).* 103195
Reproductive behaviour and physiology of Tenebrio molitor (Coleoptera: *Tenebrionidae).* III. **Histogenetic** changes in the internal genitalia, mesenteron, and cuticle during sexual maturation. 102874

TENSION
Tension **development** in skinned glycerinated rabbit psoas fiber segments irrigated with soluble myosin fragments. 096253
Isometric and **isotonic** *length-tension* relations and variations in cell length in longitudinal smooth muscle from rabbit urinary bladder. 096159
Endogenous prostaglandins and **mechanical** *tension* in canine trachealis muscle. 096180
Oxygen uptake and tissue **oxygen** *tension* during adrenergic stimulation in canine subcutaneous adipose tissue. 096163
The *tension/length* **relationship** of an insect (Calliphora erythrocephala) supercontracting muscle. 102941

TENT
The **eastern** *tent* caterpillars [Malacosoma americanum, Malacosoma disstria]. 102251
A chemical trail from the silk of the **eastern** *tent* caterpillar Malacosoma americanum (Lepidoptera: Lasiocampidae). 102963

TENTHREDINIDAE
Causes and role of diapause of rape sawfly (Athalia colibriChrist., **Hymenoptera** *Tenthredinidae).* 102350

TENUIS *see* MOLLUSKS

TEOSINTE
Agronomic and biological characteristics of maize and *teosinte* **[Euchlaena]** hybrids. 099078
The methodology of **growing** *teosinte* [Euchlaena] in the conditions of Ukrainian forest-steppe. 100727
Cytogenetic evidence for the origin of *teosinte* **(Zea** mays ssp. mexicana) [Maize]. 098603

TEPHRITIDAE
Role of tulsi plant (Ocimum sanctum) in control of mango fruitfly, Dacus correctus **Bezzi** *(Tephritidae:* Diptera). 102391
Some special forms of polytene chromosomes in two species of **Diptera** *(Trypetidae* and Rhagionidae) [Urophora cardui, Atherix ibis]. 102878
Mass rearing the Natal fruit fly Pterandrus rosa (Ksh.) **(Diptera:** *Trypetidae).* 102972
Ultrastructure of some stages of the microsporidia Octosporea muscaedomesticae Flu, a parasite of Ceratitis capitata (Wiedemann) **(Diptera,** *Trypetidae).* 103041
Impurities in cue-lure attractive to **female** *Tephritidae* [Dacus cucurbitae, Ceratitis capitata]. 102433
Suppression of the melon fly, Dacus cucurbitae Coquillett (Diptera: *Tephritidae),* on **Kudaka** Island with sterile insect relases. 102382

TERATOGENESIS
Plurality in the determinism of **organophosphorus** *teratogenic* effects [Insecticide residues in quail embryos]. 102688
Animal experimentation in foreseeing the *teratogenic* **risk** of drugs. 097201
Spina bifida, exencephaly, and cranial bleb produced im hamsters by the solanum alkaloid **solasodine** *[Teratogenesis].* 097852
Teratogenic and **toxicological** effects of 2,4,5—trichlorophenoxyacetic acid [herbicide] in developing chick embryos. 097795

TERBACIL
Control of weeds with the preparation "Sinbar *[terbacil]* **inplantings** of Mentha piperita L. 102105

TERES *see* MOLLUSKS

TERMINAL
Sodium- and potassium-activated adenosine triphosphatase of the nasal salt gland of the duck (Anas platyrhynchos). Purification, characterization, and *NH2-terminal* **amino** acid sequence of the phosphorylating polypeptide. 096428
Identification of *N-terminal* **amino** acids of protochlorophyllide-holochrome subunits of etiolated barley seedlings. 100171
Autolysis in **axon** *terminals* of a new neurohaemal organ in the cockroach Periplaneta americana. 103118
Fine structure of **baroreceptor** *terminals* in the carotid sinus of guinea pigs and mice. 096304
Removal of *amino-terminal* and **carboxy-terminal** extension peptides from procollagen during synthesis of chick embryo tendon collagen. 096225
Identification and partial characterisation of the non-collagenous amino- and *carboxyl-terminal* **extension** peptides of cartilage procollagen [Chick embryos]. 096224
Removal of amino-terminal and *carboxy-terminal* **extension** peptides from procollagen during synthesis of chick embryo tendon collagen. 096225
NH2 *[amino]-terminal* **extensions** on skin collagen from sheepwith a genetic defect in conversion of procollagen into collagen. 096229
Finite element analysis and the ITS **[Intelligent** *Terminal* System, in developing new agricultural equipment]. 103401
5' *terminal* **nucleotide** sequences of the messenger RNAs of Dictyostelium discoideum [Slime mold]. 099145
Mechanical and metabolic effects of beta-receptor stimulators, the *C-terminal* **octapeptide** of cholecystokinin, and prostaglandin E2 on the isolated, depolarized sphincter of Oddi [Cats]. 096160
Cytochrome c oxidase *[terminal* **oxidase** in respiratory metabolism]. 099702
Levels of *terminal* **pesticide** residues in Canadian meat. 102769
Interchain disulfide bonds at the COOH *[oxalate]-terminal* end of **procollagen** synthesized by matrix-free cells from chick embryonic tendon and cartilage. 096211
Species variability of *N-terminal* **sequence** of avian erythrocyte-specific histone H5. 096226

TERMINALIA
Utilization of calumpit *[Terminalia* **edulis** a fruit tree] asfood. 095862
Variability of growth and quality of *Terminalia* **ivorensis** wood; correlations between characters; evoluation of width ofage-rings and density components in function of age. 097965

TERMINOLOGY *see* NOMENCLATURE

TERMITE
Wood damaging insects in the home **[Camponotus,** *termites].* 102483
Professional standards and procedures of *termite* **control** specialists in making inspections and reports [Wood-destroyingorganisms]. 102501
Termites **[Control].** 102502
New research on ultrastructure and biology of some symbiotic flagellates of *termites* **[Kalotermes** flavicollis host of Microrhopalodina inflata]. 102816
Studies on a population of **large** *termite* mounds in Uganda [Macrotermes bellicosus, Pseudacanthotermes]. 102915
Termites-mighty **munchers** need microbes. 102498
Ecdysones in an adult insect: the *termite* **queen** [Macrotermes bellicosus]. 102840

TERMITOPHILES
A new species [Physoperinthus setosus] and a new record of *termitophilous* **Staphylinidae** (Coleoptera) associated with Fulleritermes Coaton in Rhodesia. 103166

TERPENES
Synthesis of bioactive compounds. A structure-activity study of **aryl** *terpenes* as juvenile hormone mimics [Oulema melanopus, oviposition]. 102960
New *terpene* derivatives, constituents of the essential oil of Cascarille. 099599
Naturally occurring terpene derivatives. LIV. **New** *terpene* aldehyde esters from Peucedanum luxurians Tamamsch. 099647
Naturally **occurring** *terpene* derivatives. LVII. Further furanoeremophilanes from Othonna species. 099644
Naturally **occurring** *terpene* derivatives. 58. Constituents of the genus Brickellia. 099645
Naturally **occurring** *terpene* derivatives. 59. On new diterpenes from Dimorphotheca pluvialis Moench. 099646
Naturally **occurring** *terpene* derivatives. LIV. New terpene aldehyde esters from Peucedanum luxurians Tamamsch. 099647
Induction of *furano-terpene* **production** and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in sweetpotato root tissue injured by Ceratocystis fimbriata and by toxic chemicals. 101572

TERPENOID
The biosynthesis of C5-C25 [carbon] *terpenoid* **compounds.** 099564
Terpenoid **induction** in sweetpotato roots by cyclic-3',5'-adenosine monophosphate. 100343
Synthesis of **marine** *terpenoids.* III. Synthesis of (plus/minus)-isocaespitol [Laurencia caespitosa, Algae]. 100016

TERRACE
Studies on the dairy farming using *river-terrace* and **paddy** field. IV. Farm management investigation in the Nagan riverside region, Kaizucho, Gifu Prefecture, Japan, 1973-74. 094313

TERRAIN
Accuracy of the slope factors estimated by the **digital** *terrain* model [Forest topography]. 097999
Estimating minimum temperature and climatological freeze risk in **hilly** *terrain.* 093963
The knowledge of technically relevant features of *terrain* and **stocking** as a prerequisite of planning for the use of modern machines in forestry. 098068

TERRESTRIAL
Terrestrial **isopods** from West Africa. 1. Family, Eubelidae, Budde-Lund, 1899 [New taxa]. 103193

TERRITORY
Grafted culture of grapevine on the Black Seacoast in the **Krasnodar** *Territory.* 101277
Cyanox against the pests of vegetable crops in the **Krasnodar** *Territory* [O-p-cyanophenyl O,O-dimethyl phosphorothiate]. 102440
Control over the preparation and storage of organic fertilizers in the **Krasnodar** *Territory.* 104059
Early wet season fertilization of Para grass for use as saved fodder in the **Northern** *Territory,* Australia. 104155
Studies on the influence of some ecological factors on the developent of the Colorado potato beetle [Leptinotarsa decemlineata] resistance to DDT and lindane within the *territories* of the Great **Poland** and Warsaw provinces. 102464
Research on the species composition of weevils (Ceuthorrhynchus spp.) and on the causes of increase of infestation of winter rape by these pests on the *territory* of **Rzeszow** province. 102290
Research on bacterial diseases of sorghum in **Stavropol** *territory.* 101695
Reduction of the number of tillage operations in growing maize in the central zone of the **Stavropol'** *Territory.* 104169

TERTIARY
Nematicidal activity of secondary and *tertiary* **alkyl** amides and amines [Panagrellus redivirus, plant pathogenic nematodes]. 101893
A flora of Bombacaceae of the *Tertiary* **Basin** of Fonseca, Minas Gerais [New taxa]. 098491
Tertiary **lacustrine** formations from Kizilcahaman basin (Anatolia, Turkey): pollen analysis, palaeoclimatology and stratigraphy. 098590
Formation of dimethylnitrosamine from pesticides carrying **methylated** *tertiary* aminogroups in the presence of nitrite at pH 3 [hydrogen-ion concentration]. 102690
Hydrangea [polonica] L. (Saxifragaceae) and Schefflera [dorofeevii] Forst. (Araliaceae) in the *Tertiary* of **Poland.** 098485
Palynology of *Tertiary* **sediments** in southern Senegal. 098677
Growth of air-cured tobacco and change of chemical property of newly reclaimed field on the *tertiary-derived* **soil.** 103713
A comparison of the acquired resistance to Dipetalonema viteae stimulated in hamsters by trickle **versus** *tertiary* infections. 097636

TESTES
Effects of seasonal and social factors on *testicular* **activity** and hormone levels in domestic pigeons. 096945
Studies on the biosynthesis of cyclitols. 33. Preparation of highly purified myo-Inositol-1-phosphate synthase from **bull** *testicles;* comparison with the corresponding enzyme from rat testicles. 096995
Testosteron and its epimer in blood and tissue of *testicles* of **bulls** of different ages. 097038
Differentiation of cholesterol compartments in the immature **chick** *testis.* 096952
Insensitivity of the **coyote** *testis* to orally administered cadmium. 097047
Effects of dietary caffeine on the *testis* of the **domestic** fowl, Gallus domesticus. 096954
Effects of alpha-chlorohydrin on the *testes* and **epididymides** of dog: a preliminary study [Antifertility action]. 096905
The effects of changes in thyroid function on *testis* 32P **[phosphorus** isotope] uptake and the response to gonadotropin inthe chick. 096366
Testosterone secretion by the early fetal **pig** *testes* in organ culture. 096883
Studies on the biosynthesis of cyclitols. 33. Preparation of highly purified myo-Inositol-1-phosphate synthase from bull testicles; comparison with the corresponding enzyme from **rat** *testicles.* 096995
Heritability of *testicular* **size** and consistency in Holsteinbulls. 096934

TESTOSTERONE
Responses of the preputial gland and perineal complex of neonatally castrated and androgenized rats to *testosterone* during **adult** life in presence and absence of pituitary. 097013
Role of follicle stimulating hormone and *testosterone* in the **early** stage of spermatocytogenesis in rats. 096975
Diurnal variation of **plasma** *testosterone* in wild stallions. 096877
Testosterone **secretion** by the early fetal pig testes in organ culture. 096883

TETANOPS
Anatomy, histology, and post-larval development of the reproductive systems of the sugarbeet root maggot *[Tetanops* **myopaeformis,** pest control]. 102278

TETANY
Grass *tetany* hazard [in cattle] of cereal forages based upon chemical composition. 097681
Grass *tetany* [Hypomagnesia, dairy cattle]. 097722
Relationship of dietary carbohydrate, magnesium, and potassium to **grass** *tetany* [Metabolic disorders of cattle]. 097856
Provision of dairy cattle with magnesium after driving them to the pasture. 1. Surveys on the occurrence of **grass** *tetany* and the effect of abetting factors. 097858
Provision of dairy cattle with magnesium after driving them to pasture. 2. Preventive measures [for the control of **grass** *tetany].* 097859
Magnesium supplementation for the prevention of grass staggers **[hypomagnesaemic** *tetany]* in cattle. 096774
Semiquantitative determination of renal magnesium excretion; a preliminary investigation **[Hypomagnesemic** *tetany,* deficiency diseases, cattle]. 097804
28Mg [magnesium isotope] kinetics in ewes fed normal or *tetany* **prone** grass. 096672

TETRAHYDROCANNABINOL
Toxicity of *delta9-tetrahydrocannabinol* **(THC)** administered subcutaneously for 13 days to female rabbits. 097830

TETRANYCHIDAE
Empirical analysis of variable temperature regimes on life stage development and population growth of tetranychus mcdanieli (Acarina: *Tetranychidae)* **[Fruit** pests]. 102794

TETRANYCHUS
Empirical analysis of variable temperature regimes on life stage development and population growth of *tetranychus* **mcdanieli** (Acarina: Tetranychidae) [Fruit pests]. 102794
Trapping of the spider **mite** *Tetranychus* urticae by glandular hairs on the wild potato Solanum berthaultii. 102459
Synthesis and insecticidal and acaricidal properties of some 5-methoxy-1-methyl-6-oxo-1H-pyridazin-4-yl phosphorus esters. III. [Musca domestica, Calandra granaria, Aphis fabae, *Tetranychus* **urticae].** 102256
Synthesis, insecticidal and acaricidal properties of some 5alkoxy-, 5-alkylthio-6-oxo-1-phenyl-1H-pyridazin-4-yl and 6-oxo-5-phenoxy-1-phenyl-1H-pyridazinyl phosphorus esters. II. [Musca domestica, Aphis fabae, *Tetranychus* **urticae].** 102257
Behavior of *Tetranychus* **urticae** toward essential oil mixtures from strawberry foliage. 102434
Guarding, aggressive behavior, and mating success in male twospotted spider mites *[Tetranychus* **urticae].** 102798

TETRAPLOIDS
Experiments with *tetraploid* **flax.** 099444
Development of *tetraploid* **forms** of sugarbeets from crossing plants with different ploidy. 099287
The process of vacuolization of the cells of the rootcap of the diploid and *tetraploid* **rye.** 099027
Tetraploid **rye** in the conditions of the forest-steppe zone in the Ukraine. 099112
First report of a *tetraploid* **species** of Corchorus from Africa. 099152
Resistance to lodging in *tetraploid* **varieties** of winter rye. 099103
Aneuploid composition of some varieties of *tetraploid* **winter** rye. 099286

TETRASOMIC
Tetrasomic **segregation** at the plicata locus. 099123

TETRASTICHUS
Formulation of a mathematical model for insect pest ecosystems: the cereal leaf beetle problem [Oulema melanopus and its principal **parasite** *Tetrastichus* julis]. 102336

TETTIGONIIDAE
The song of Metrioptera azami (Finot) (Orthoptera, *Tettigoniidae),* and **new** localities for the species. 103038
Song modification in the Orthoptera. I. Proclamation songs of **Platycleis** spp. *(Tettigoniidae).* 103080

TETTIGONIOIDEA
Cytology of Brazilian **phaneropteridae** *(Orthoptera-tettigonioidea):* a species with neo XY sex determining mechanism. 102861

TEXTILES
Clothing and *textiles:* **supplied,** prices, and outlook for 1975. 095234
Textile **wastes.** 104582

TEXTURE
Static and dynamic measures of fresh **apple** *texture* [Qualityevaluation]. 094871
Soil site determinations [by *texture* and **depth].** 103817
Ultrastructure of polysaccharides in relation to *texture* **[Food** quality]. 095452
Improvement of *texture* of **frozen** vegetables by stepwise blanching treatments. 095926
The role of applying organic fertilizers at different depth in increasing the fertility of **light** *texture* soils. 103956
Major ways of increasing the fertility of soddy-podzolic soils of **light** *texture.* 104185
Evaluation of **potato** *texture* by taste and by appearance. 095864
The future of *textured* **vegetable** protein (TVP) production in Guyana: agricultural and nutritional considerations. 095030

THALASSIA
Pollen wall and stigma surface in the marine **angiosperms** *Thalassia* and Thalassodendron. 099013
The ecological effects of physical damage from motor boats on turtle grass *[Thalassia* **testudinum]** beds in southern Florida. 098769
The grazing of *Thalassia* **testudinum** in Kingston Harbour, Jamacia. 098770
Utilization of seagrass *[Thalassia* **testudinum]** in the deep sea [by deep-sea animals]. 098771

THALASSIOSIRA
Examination of diatom type material: nitzschia delicatissimaCleve, *Thalassiosira* **minuscula** Krasske, and Cyclotella nana Hustedt. 098550

THALLUS
The production of antimicrobial compounds by British marinealgae. III. Distribution of antimicrobial activity within the **algal** *thallus.* 099585
Comparative study of long distance transport of various radioelements in the *thallus* of **Laminaria** digitata (Linne) Lamourous [Algae]. 099607

THAUMETOPOEA
Entomophages of the processionary moth *[Thaumetopoea* **processionea]** in Moldavia [Pest of oak trees, natural control]. 102487

THAW
Plasmodium berghei: *frozen-thawed,* **formalin-treated,** and lyophilized sporozoites as vaccines in A/J mice. 097626
Effect of suspending and plating media on the recovery of Salmonella gallinarum following **freezing** and *thawing.* 094875
Effects of freezing, frozen storage and *thawing* on **selected** characteristics of beef steaks. 095680
Effect of Ca++ [calcium ion] on the surival of cultured plant cells after freezing and *thawing* **[Tobacco].** 100237

THEA
Biosynthesis of trans-2-hexenal in chloroplasts from *Thea* **sinensis** [Tea]. 099902

THEILERIA
East Coast fever. 2. Cross-immunity trials with a Kenya strain of *Theileria* **lawrencei** [Cattle]. 097653
East Coast fevers. 1. Chemoprophylactic immunization of cattle against *Theileria* **parva** (Muguga) and five theilerial strains. 097652
Electron microscope studies on developmental stages of *Theileria* **parva** (Theiler, 1904) in the intestine of the tick Hyalomma anatolicum excavatum (Koch, 1844). 102616

THEILERIOSIS
East Coast fevers. 1. Chemoprophylactic immunization of cattle against Theileria parva (Muguga) and **five** *theilerial* strains. 097652
East Coast fever. 3. Chemoprophylactic immunization of cattle using oxytetracycline and a combination of *theilerial* **strains.** 097654

THEOBROMA *see* STERCULIACEAE

THERAPY
Vitamin D: the discovery of its metabolites and their *therapeutic* **applications.** 095195
A weight control program for students using diet and **behavior** *therapy.* 095117
Graduate students and faculty learn **behavior** *therapy* of obesity. 095156
Myeloproliferative disorders and associated leukemias in the cat: pathogenesis diagnosis, cytology, *therapy* and **control.** 097697
Vitaimin B6 deficiency in patients with a clinical syndromeincluding the carpal tunnel defect. Biochemical and clinical response to *therapy* with **pyridoxine.** 095215
Parsley, its life and times [Nutritive and *therapeutic* **value].** 094950

THERMAL
Thermal **analysis** of wooden and of fire retardant substances. 098217
Differential *thermal* analysis of milk proteins. 095547
Thermal **effects** [Pollution on aquatic ecosystems]. 104583
Degradation of carbaryl [pesticide] **following** *thermal* processing [Green beans]. 102704
Thermal **inactivation** data for swine vesicular disease virus. 097580
Host range and *thermal* **inactivation** of a cowpea isolate of Sclerotium rolfsii. 101500
Inhibition of casein proteolysis by *thermally* **induced** complex of kappa-casein with beta-lactoglobulin. 095669
Calcium ions protect beet root cell membranes against *thermally* **induced** changes. 100524
Minimal medium recovery of *thermally* **injured** Salmonella senftenberg 4969 [Food contamination]. 094873
Feed intake, metabolism and *thermal* **insulation** of bison, yak, Scottish Highland and Hereford calves during winter. 096631
Kinetics of *thermal* **isomerisationof** abietic acid. 098334
Screening & cleaning—conventional & *thermal* **mechanical** pulps. 098261
Thermal **processing** in retrospect and prospect. 095364
Geographic variability of the main species of birch [Betula] in *thermal* **resistance** in the Urals. 098150
The problem of methodology for determining resistances when correcting temperature characteristics of *thermal* **resistors.** 103379
Thermal selection of **seeds** of field crops according to their viability as a method for increasing resistance to semi-pathogenic [fungal] microorganisms. 101473
Measurement of crop temperature by leaf thermocouple, infrared thermometry and remotely **sensed** *thermal* imagery [Alfalfa, maize]. 100066
Relationship between *thermal* **treatments** of milk and molecular hysteresis of the milk protein system. 095666
Study of the changes in cellulose supermolecular structure under *thermal* **treatments.** 098368

THERMOBIA
A novel method for the quantitative extraction of juvenile hormones from insects including the silverfish, *Thermobia* **domestica.** 102990

THERMOCHEMISTRY
Influence of lignin on *thermochemical* **polymerization** of monomers. II. Influence of modified alkali birch wood lignin preparations on styrene polymerization in DMSO [dimethyl sulfoxide] solution. 098314
Thermochemical **polymerization** of monomers in wood. I. Influence of swelling agents on the polymerization of styrene in birch wood. 098370

THERMOCOUPLE
Measurement of crop temperature by **leaf** *thermocouple,* infrared thermometry and remotely sensed thermal imagery [Alfalfa, maize]. 100066
Measurement of leaf water potential with a *thermocouple* **psychrometer.** 100009

THERMOLYSIS
Composition and properties of tar, obtained at **cellolignin** *thermolysis.* IV. Fractionation on sephadex of tar, obtained at birch wood cellolignin thermolysis with overhead steam in vacuum. 098303
Composition and properties of tar obtained at **cellolignin** *thermolysis.* V. Isolation of oligomeric compounds. 098304
Composition and properties of tar obtained at **cellolignin** *thermolysis.* VI. Gel-chromatographic study of oligomeric compounds of lignocarbohydrate nature. 098305
Composition and properties of tar obtained at **cellolignin** *thermolysis.* VII. Determination of acid groups in compounds isolated from resin after birch wood thermolysis, and in model aromatic oxyacids. 098306
Composition and properties of tar obtained at **cellolignin** *thermolysis.* VIII. On the nature of oligomeric compounds of lignocarbohydrate character. 098307
Laboratory apparatus for studying low-temperature **high-speed** *thermolysis.* 098335
Composition and properties of tar obtained at cellolignin thermolysis. VII. Determination of acid groups in compounds isolated from resin after birch **wood** *thermolysis,* and in model aromatic oxyacids. 098306

THERMOMETER
Measurement of crop temperature by leaf thermocouple, **infrared** *thermometry* and remotely sensed thermal imagery [Alfalfa, maize]. 100066

THERMOPHILIC
Effect of temperature on the fatty-acid composition of **Sporotrichum** *thermophile* [Fungi]. 100025
Characterization of the proteolytic activity and fractionation of the dipeptidases and aminopeptidases from **Streptococcus** *thermophilus* [Casein hydrolysates]. 095593

THIAMINE
Ultrastructural localization of acid phosphatase and *thiamine* **pyrophosphatase** activities and of phosphotungstic staining at low pH [hydrogen-ion concentration] in the placental labyrinth of the cat. 096372
Thiamine **requirements** of various plant cells in suspension culture [Soybeans, tobacco, rice]. 100275
Effects of *thiamine* and **zinc** ions on the beta-glucan production by Corticium rolfsii. 101635

THIAZOLYL
Mertect *[2-(4'-Thiazolyl)benzimidazole,* **fungicides,** residues]. 102638

THICKETS
An analysis of different methods and techniques of the tending of **pine** *thickets* from the view point of the required labour. 098004

THICKNESS
Evaluation of **double** *thickness* of bark of individual Paranapines (Araucaria angustifolia (Bert.) O. Ktze.) at breast height. 098046
Studies on factors of solubilization of insoluble ovomucin during *thick* **[egg]** white thinning. 095734
Relationships of egg specific gravity and **shell** *thickness* to quasi-static compression tests. 095745
Ultrasonic measurement of **egg shell** *thickness.* 095748

THIELAVIOPSIS
Germination-lysis as a mechanism for biological control of *Thielaviopsis* **basicola** pathogenic on soybean. 101374
Crops **favoring** *Thielaviopsis* [basicola, USSR]. 101553

THINNING
Forwarders in *thinning*—an **analysis** of some of the factors affecting results [Logging equipment]. 098404
Determination of ranges of use for *thinning* **combines** with the aid of data presently available on forest conditions. 098434
Histopathologic alterations in shell gland accompanying **DDT-induced** *thinning* of eggshell [Ducks]. 102684
Thinning and **fall** of fruits. 101134
Mechanized methods of **forest** *thinning.* II. Timber gathering techniques in Swedish logging. An old problem with new features. 098294
Mechanized methods of **forest** *thinning.* I. Future prospects. 103470

Fruit *thinning,* summer pruning, and storage quality of apples. 101074
Long booms in *thinning* **[Logging** equipment]. 098407
Chemical injections for *thinning* **pole-size** hardwoods in the Ozarks [Picloram, 2,4-dichlorophenoxyacetic acid]. 102209
Feller-buncher in the harvesting of timber of **primary** *thinnings.* 098426
Studies on factors of solubilization of insoluble ovomucin during thick [egg] **white** *thinning.* 095734

THIO
Synthesis of *1,6-anhydro-1(6)-thio-beta-maltotriose.* 095428

THIOCARBAMATES
Application of Padan [S,S1-[2-(dimethylamino)trimethylene] **bis** *(thiocarbamate)* hydrochloride] against the image of sugarbeet weevils [Tanymecus palliatus, Bothynoderes punctiventris]. 102338

THIOL
A **non-penetrating** *thiol* reagent mimics cytochalasin A inhibition of secretory protein synthesis [Achlya ambisexualis, Myxomycetes]. 099523

THIOPHANATE
Influence of artificial rainfall and washing on the benomyl and *thiophanate-methyl* **residue** content in lettuce. 102756

THISTLES
Effectiveness of integrated ways of controlling **Canada** *thistle* [Cirsium arvense] in the system of soil tillage for maize. 102087
Phytotoxic effects of extracts of **Canada** *thistle* [Cirsium arvense] and leafy spurge [Euphorbia esula, economic crops]. 102184
Evaluation of protein and nutritive fiber content of **cultivated** *Russian-thistle* [Salsola weed used as forage]. 095991

THORACIC
Intermittent **drainage** of the *chest.* 097110
Use of the flutter valve for *thoracic* **drainage** [Small animals]. 097132
Insect [Manduca sexta] *prothoracic* **glands;** a role for cyclic AMP [adenosine monophosphate] in the stimulation of alpha-ecdysone secretion. 103048

THREONINE
The effect of cycloheximide on hepatic RNA synthesis and nucleolar size in rats force-fed a *threonine-devoid* **diet.** 095151

THRESH
About the movement of a particle in an inclined air flow in an aspirating chamber with cascades *[Threshing* **machinery].** 103604

THRESHOLD
Stepping across the *threshold* **[American** Society of Agricultural Engineers]. 103322
An advanced method for **economic** *threshold* determination: a positive approach [Cotton, Pseudatomoscelis seriatus, pest management system]. 094322
The *threshold* **value** of infection with Pectobacterium carotovorum var. atrosepticum (van Hall) Dowson for producing latent and acute soft rot infection of potato stalks and tubers. 101677

THRIPIDAE
The [spermatophyte] hosts and distribution of **British** *thrips.* 102233
Varietal resistance of winter wheat to *thrips* **[Haplothrips** tritici]. 102316
Economic importance of *Thrips* **tabaci** Lind. (Thysanoptera) on cotton at Vaalhartz, South Africa. 102331
A new genus and species of *Thripidae* **(Thysanoptera)** from Taiwan [Tsengothrips, Tsengothrips plumosa]. 103149

THROMBIN
Solid phase **bovine** *thrombin:* preparation and properties. 096248

THYME
Volatile constituents of **Moroccan** *thyme* oil. 095461

THYMIDINE
Regulation of the utilization of exogenous thyumidine by cells of the Chinese hamster in vitro. I. Inhibition of *thymidine* **utilization** under the action of extracts from cells in different stages of the cell-divison cycle. 096487

THYMOCYTES
Initial stages of differentiation of [rabbit] *thymocytes* in the **plasma** membrane. 096325

THYMUS
The **antigen-inexperienced** *thymic* suppressor cells: a class of lymphocytes in the young chicken thymus that inhibits antibody production and cell-mediated immune responses. 097331
A double coil **[calf** *thymus]* chromatin sub-unit model. 096256
Influence of hydrocortisone on the **chick** *thymus.* 096197
The antigen-inexperienced thymic suppressor cells: a class of lymphocytes in the young **chicken** *thymus* that inhibits antibody production and cell-mediated immune responses. 097331
Sorption of moisture by crude drugs. III. Folium Menthae piperitae, Herba Thymi, Fructus Foeniculi, Anthodium Chamomillae [Mentha, *Thymus,* **Foeniculum,** Matricaria cha. 095450
Investigation of flavonoid fraction of some crude drug plantfrom the family Labiatae (Herba Serpylli L., Herba Thymi L., Herba Majoranae L., Herba **Origani** L.) *[Thymus.* 099733
Studies on the glycolipids of **sheep** *thymus* and of normal and concanavalin A-stimulated sheep peripheral lymphocytes. 096251

THYROID
Thyroid-stimulating hormone binding to **beef** *thyroid* membranes. Role of N-acetylneuraminic acid. 096431
Thyroid **changes** in PCB [polychlorinated biphenyls]-dosed guillemots and their indication of one of the mechanisms of action of these materials [Pollutants]. 104483
Effects of alterations in maternal thyroid metabolism on **embryonic** *thyroid* development in the chick. 096297
Adenohypophyseal gonadotrophin concentration in *thyroidectomized* **female** rats. 096277
The effects of changes in *thyroid* **function** on testis 32P [phosphorus isotope] uptake and the response to gonadotropin inthe chick. 096366
Variations in the response of the *thyroid* **gland** of the rat to different low-iodine diets: correlation with iodine content of diet. 095047
Goitre [enlargement of the *thyroid* **gland]** in the newborn lamb. 097680
Parathyroid **glands** in metabolism of mineral substances in bulls fed with pulp. 096559
Evidence for a secretion of thyroxine by isolated **hog** *thyroid* cells. 096238
Chemical and biologic studies of *parathyroid* **hormone,** proparathyroid hormone, and fragments of parathyroid hormone [Bovine, porcine, human]. 096376
Chronic effects of *parathyroid* **hormone** infused in dogs at near-physiological rates [Calcium metabolism]. 096377
Parathyroid **hormone:** structure and immunoheterogeneity [Bovine, porcine, human]. 096383
Thyroid-stimulating **hormone** binding to beef thyroid membranes. Role of N-acetylneuraminic acid. 096431
Influence of *thyroid* **hormone** on norepinephrine metabolism in rat brain during maturation. 096538
Intestinal calcium transport: *parathyroid* **hormone** and adaptation to dietary calcium [Rats]. 096643
Effect of guanyl nucleotides on *parathyroid* **hormone-responsive** adenylate cyclase in chick kidney. 096452
Effects of alterations in **maternal** *thyroid* metabolism on embryonic thyroid development in the chick. 096297
Thyroid **stimulating** hormone in the chicken. III. Serum glycoproteins. 096152

THYROTROPIN
Studies of the *thyrotropin-releasing* **hormone.** I. CNDO/2 studies of the conformations of the residues [in vertebrates]. 096474

THYROXINE
Evidence for a secretion of *thyroxine* by **isolated** hog thyroid cells. 096238
Plasma *thyroxine* concentrations in ewes and their fetuses during the last six weeks of pregnancy. 097029

THYSANOPTERA
Economic importance of Thrips tabaci Lind. *(Thysanoptera)* on **cotton** at Vaalhartz, South Africa. 102331
Thysanoptera of the **Pieprzowe** Mountains. 103141
A new genus and species of **Thripidae** *(Thysanoptera)* from Taiwan [Tsengothrips, Tsengothrips plumosa]. 103149

THYSANURA
Insect pathological investigations on Swedish Thysanura. I. Observations on Malamoeba locustae (Protozoa, Amoebidae) from Lepisma **saccharina** *(Thysanura,* Lepismatidae) [Field crop pests, biological control]. 103028

TIBA *see* **TRIIODOBENZOIC**

TICKS
Keterah virus infections in four species of **Argas** *ticks* (Ixodoidea: Argasidae). 102583
Isolation of a spotted fever group rickettsia from the Pacific **coast** *tick,* Ixodes pacificus, in Oregon. 102548
A *tick-resistant* **dairy** [cattle] breed [Friesian X Sahiwal]. 097020
Tick-borne livestock diseases and their vectors. 2. Epizootiology of *tick-borne* **diseases.** 102619
2,6-dichlorophenol, the sex pheromone of the Rocky Mountain wood tick, Dermacentor andersoni Stiles and the American **dog** *tick,* Dermacentor variabilis (Say). 102578
The seasonal incidence of **exodid** *ticks* [Insect vectors of protozoan diseases of cattle, piroplasms, Ixodes ricinus, Haemaphysalis punctata]. 102613
Ultrastructure of Babesia major in the *tick* **Haemaphysalis** punctata [Calves]. 097609
Electron microscope studies on developmental stages of Theileria parva (Theiler, 1904) in the intestine of the *tick* **Hyalomma** anatolicum excavatum (Koch, 1844). 102616
A trial to combat mixed louse and *tick* **infestation** in poultry using Sumithion (R). 102610
Prevalence and experimental transmission of bovine piroplasms in the Netherlands [Protozoan diseases, *ticks* as **insect** vectors]. 097633
Viral isolates from **ixodid** *ticks* of wild animals in Kenya. 102571
The influence of various factors on fluid secretion by in vitro salivary **glands** of **ixodid** *tick* [Dermacentor andersoni, Ixodes ricinus, Ixodes hexagonus, Dermacentor reticulatus]. 102983
Seasonal and regional abundance of *ticks* **(Ixodidae)** on hares (Leporidae) in Kenya. 102588
Tick-borne **livestock** diseases and their vectors. 3. Australian methods of vaccination against anaplasmosis [Anaplasma marginale] and babesiosis [Babesia argentina, Babesia bigemina, Anaplasma marginale, cattle]. 102618
Tick-borne **livestock** diseases and their vectors. 2. Epizootiology of tick-borne diseases. 102619
Isolation of a Solado-like virus (Hughes group) from Ornithodorus **maritimus** *ticks* in Ireland. 102567
Immunological relations between cattle and *ticks,* most **particularly** between cattle and Boophilus microplus. 102545
Paralysis in chickens caused by larvae of the **poultry** *tick,* Argas persicus. 102555
The aggregation of **questing** *ticks,* Rhipicephalus pulchellus, on grass stems, with observations on Rhipicephalus appendiculatus. 103081
The role of hosts and environmental factors in the natural dissemination of *ticks:* **studies** on a Swiss population of Ixodes ricinus (Linne, 1758). 102570
Protease activity in female Ornithodoros **tholozani** *ticks.* 102782
2,6-dichlorophenol, the sex pheromone of the Rocky Mountain **wood** *tick,* Dermacentor andersoni Stiles and the American dog tick, Dermacentor variabilis (Say). 102578

TIDE
Upper respiratory dead space in the chicken: its fraction of the *tidal* **volume.** 096314

TIEGHEMELLA
Influence of the solvents used for the crystallization of steroid on the process of hydroxylation of the 21-acetate of Reichstein's substance S by a culture of the **fungus** *Tieghemella* orchidis. 099505

TIEGHEMIOMYCES
Glycerol uptake by the haustorial **mycoparasite** *Tieghemiomyces* parasiticus in axenic culture. 101375

TILES
Tile **channels,** a new feature in drainage. 104354

TILIA
Searching by Adalia bipunctata (L.) (Coleoptera: Coccinellidae) and escape behaviour of its aphid and cicadellid prey on **lime** *(Tilia* X vulgaris Hayne). 102393
Activity of some enzymes during grain dormancy in *Tilia* **platyphyllos.** 099967

TILLAGE
50 percent [allocation] of the clay [soil] area to potatoes? Economic aspects of expansion of potato cultivation with the aid of soil disinfection and AM varieties in **clay** *tillage.* 094308
Insect infestations in *no-tillage* **corn** cropping systems. 102307
Study of the resistance of soils and grounds during high velocities of shift *[Tilling* and **digging** machinery]. 103633
The problem of recording the velocity of movement of a *tillage* **implement** in designing its working surface. 103552
Considerations on the distortion phenomenon and on the application of the mechanical similitude principle to the soil tool system *[Tillage* **machine** interactions]. 103582
The problem of joint operation of the working parts of active and passive action *[Tillage* **machinery].** 103553
The effect of friction forces on the draft resistance of *tillage* **machines.** 103551
Working capacity of elements of operating parts of *soil-tilling* **machines** as a function of soil wearing property. 103559
Woollyleaf bursage [Franseria tomentosa] control with monosodium **methanearsonate** and *tillage.* 102077
Take-all (Gaeumannomyces graminis (Sacc.) Arx & Olivier). Incidence in continuous barley growing and effect of *tillage* **method.** 101369
Minimum *tillage* snap beans. 104231
Reduction of the number of *tillage* **operations** in growing maize in the central zone of the Stavropol' Territory. 104169
Eyespot [Cercosporella herpotrichoides] in winter wheat: effects of crop rotation and *tillage,* and the **prediction** of incidence. 101362

Practices of **proper** *tillage* of soddy-podzolic soils developing on sands and loamy sands in Byelorussia. 104189
Reduced *tillage* snap beans. 101050
Ecofallow: a **reduced** *tillage* system for the Great Plains. 104245
Presowing **soil** *tillage* for maize. 100734
Effectiveness of integrated ways of controlling Canada thistle [Cirsium arvense] in the system of **soil** *tillage* for maize. 102087
Application of herbicides and theoptimization of **soil** *tillage.* 102135
A field dynamometric device [for testing the operational parts of **soil** *tilling* machines and implements]. 103601
Unitizing tractors in combined **soil** *tillage* preceding the sowing of winter crops. 103640
Influence of *non-tillage* of **soil** on porosity in cereal rotation. 104163
Tillage **tests** with sweet corn and snap beans—1975. 104165

TILLANDSIA

Calcium translocation in *Tillandsia* **balbisiana** Schult. (Bromeliaceae) [Nutrition]. 099587

TILLERS

Discussion on the paper of "The relation between *tillering* **capacity** and cumulative temperature and its application in wheat culture". 100144
Nitrogen and Italian ryegrass [Lolium multiflorum]. 3. Growth up to 14 weeks: yields, proportions, digestibilities and nitrogen contents of crop fractions, and *tiller* **populations.** 100217

TILLETIA

About the creation of infectious conditions for stinking smut *[Tilletia* **caries,** Tilletia foetida] and [Fusarium] root rots of wheat [Evaluation of varietal disease resistance]. 101457
Resistance of winter wheat to stinking smut *[Tilletia]* in the **conditions** of the Russian Soviet Federative Socialist Republic. 101354
About the creation of infectious conditions for stinking smut [Tilletia caries, *Tilletia* **foetida**] and [Fusarium] root rots of wheat [Evaluation of varietal disease resistance]. 101457

TIMBER

The choice and dimensioning of grab and clamp devices for handling of *timber* on the **conversion** sites. 098373
Managing **federal** *timber* from the wildlife standpoint. 098028
Managing **federal** *timber:* harvest how much, how soon? 098392
Managing **federal** *timber:* harvest how much, how soon? 098393
Mechanized methods of forest thinning. II. *Timber* **gathering** techniques in Swedish logging. An old problem with new features. 098294
Timber **harvest** on federal lands with emphasis on national forests and questions: how much? 098396
Hidden costs of mechanized *[timber]* **harvesting** [Injuries totrees]. 102046
Export of the **Hungarian** *timber* industry in 1975. 098210
The *timber* **industries** in the Philippines in 1975. 098187
Sensitivity of estimated financial returns on *timber* **investments** to data errors. 097985
The economy of poplar [Populus] in relation to the problem of production of *timber* in **Italy.** 097972
Winter dormancy in seedlings of mountain beech (Nothofagus solandri var. cliffortioides) near *timber* **line.** 100658
Chemical examination of *timbers* of **Melia** species. 098203
National *timber* supply. 098394
Capital gains treatment of *timber:* **present** law and proposed changes. 098021
Feller-buncher in the harvesting of *timber* of **primary** thinnings. 098426
Costs of *timber* **production** in Finland in 1972 and 1973 [Taxes]. 097978
The effect of *timber* **removal** on the stability of forest soils [Deforestation]. 104202
The exploitation of the forestry resources of Brazilian Amazonia and Colombia, and the medium-term outlook for imports of logs and **sawn** *timber* from these countries on the Frenctropical wood market. 097964
Small woodlands from a *timber* **supply** perspective. 098036
Some remarks on the variance of **total** *timber* cutting areas estimated by acreage reduction method. 098293
Multipurpose *[timber]* **tree** plantations. 098116
Storage decay of **unbarked** *timber.* 098427
Bark beetles [Ips typographus]—a risk to **unbarked** *timber.* 102519

TIME

Effect of concentration and *time* of **application** of Polycot (antitranspirant) on water use economy in dwarf wheat in Rajasthan. 100209
Time of **application** of nitrogenous fertilizers in winter wheat under the conditions of irrigation. 100738
Computed leaching of pesticides from soil as influenced by high rainfall, plant growth and *time* of **application.** 102622
Effect of different N [nitrogen]-carriers, their rate and *time* of **application** on the yield of wheat. 103970
Effect of *time* of **application** of nitrogen on the growth and yield of dwarf wheat varieties. 103987
Field experiment with 15N [nitrogen isotope] on the efficiency of fertilizer utilization by wheat. II. Rate and *time* of **application.** 103995
Response of rice to P [phosphorus] and K [potassium] in relation to *time* of **application.** 104020
Timing of the **application** of nitrogenous fertilizers in cotton on meadow and boggy-meadow soils in the Zeravshan Valley. 104093
Some statistical characteristics of *part-time* **beef** farming in the South. 094647
Comparative hardiness of flower buds and blossoms of some almond genotypes in relation to *time* of **bloom** and leafing. 100471
Influence of *time* of **calving** and alternate base price scale on milk profits. 094570
Injuries and diseases of beef cattle at the *time* of **calving** and breeding. 097141
Injuries and diseases of dairy cattle at the *time* of **calving** and breeding. 097142
Time for **celery** fertilization. 103940
Rennet **clotting** *time* of buffalo milk as affected by heat treatments. 095626
Determination of levels and *timing* of **defoliation** of cotton Tashkent-1 cultivar for the conditions of the Andizhan Region. 101000
Birthweight **doubling** *time:* a fresh look. 095189
Influence of the dates of tuberization and sprouting in yam tubers (Dioscurea sp.) on the **emergence** *time* in the field. 100346
Observations on development of the gonad and on reproduction in [nematode] Aphelenchus avenae [in relation to *time* and **feeding** periods on Rhizoctonia solani]. 101933
Study of the *time* of using **feed-preparing** machines on pig farms in relation with planning technical services. 103550
Pseudoplectania vogesiaca (Pers.) Seav. Found for the **first** *time* in Welzheim Forest [Fungi]. 098742
Effect of topping and nitrogen on flue-cured tobacco. III. Suckers, plant height and *time* of **flowering.** 100699
Investigations of the variability of some indices of productivity of spruces [Picea] with different *timing* of **flushing.** 097988
Change in the structure of **free** *time* and problems of its use in forming the personality of the modern rural worker. 094011
Studies on grafting chestnuts (Castanea sativa Mill.) in the nursery. I. Growth of seedlings and *time* of **grafting** on dormant buds. 101153
A lightweight electronic device for measurement of **grazing** *time* of cattle. 096820
Population of sugarcane borers in cane crop at the *time* of **harvest** at Tandojam. 102275
Physiology and genetics of ear emergence in barley and wheat. IX. Effect of low temperature during dark period on *time* of **heading** in barley. 100248
Analysis of employment conditions for *full-time* **hired** farm labor on eastern Iowa hog farms. 094310
Determination of **inactivation** *time* for dalapon and sodium trichloroacetate in soil. 102777
The *time* of **incipient** growth and [nitrogen] fertilization of grass. 100322
Effects of temperature and *time* on the **infectivity** of cryogenically preserved samples of Anaplasma mariginal-infected erythrocytes [Calves]. 097224
Plant bugs [Neurocolpus nubilus, Lygus lineolaris] in cotton. Importance of **infestation** *time,* types of cotton injury, and significance of wild hosts near cotton. 102363
Study of the *time* **lag** of drop precipitation in spraying field crops. 103549
Estimating the structure of *time* **lags** between wholesale and farm prices for cottonseed. 094613
Nutrition and dentistry: a joint educational approach to snacks and **lunch** *time* treats. 095078
Construction of yield tables for spruce in the Abieto-Fagetum group of forest types based on *one-time* **measurement.** 098005
Effect of *timing* and **methods** of irrigation on the yield and quality of grapes. 104422
A *time-varying* **model** for calcium metabolsim including diurnal variations [Rats]. 096374
Effect of *time* of **nitrogen** application on amino-nitrogen composition of roots and xylem sap of apple. 100528
Rates of evolution in seed plants: net increase in diversity of chromosome numbers and species **numbers** through *time.* 099375
Electrical method of detecting **optimum** *time* to inseminate. 097070
Studies on **optimum** *time* of planting Mentha [piperita]. 101302
Metabolism of [4-14C] [carbon isotope] estrone by sheep erythrocytes around the *time* of **parturition.** 096284
Organized screening—a *time-saving* **physical** examination [Veterinary medicine]. 097112
Time for **planning** replacements [Sheep]. 094284
Unless you help, a cocklebur [Xanthium pennsylvanicum] willwhip a soybean **plant** every *time.* 102183
Seed size and **planting** *time* as preliminary factors on seedling emergence of some legume crops [Beans and cowpeas]. 101046
Effect of *time* of **planting** and fertilisation on garlic [Yield]. 101188
Expansion of the area of tea growing in mountainous conditions of the Western [Soviet] Geogia at the **present** *time.* 101307
Seasonal variation in the **production** *time* of Codiaeum variegatum [Growth]. 100592
Relationship between electric systole **(QT** *time)* and hypocalcaemia in cattle. 097709
Time to **relax.** 095290
Contents, *time* **requirements** and structure of the activity of co-operative farm presidents. 094231
Time **sequence** of lipogenic changes in adipose tissue of rats when converted from ad libitum feeding to meal-eating. 095152
Results of studying gardencress and coriander [as greens] in various **sowing** *time* in the Daghestan Experimental Station of the All-Union Institute of Plant Industry. 100604
Water provision rate and productivity of alfalfa as related to the species of the cover crop, way and *time* of **sowing.** 100739
Effect of **sowing** *time* of rainfed barley in relation to seed rate and seed soaking in Bundelkhand region of Uttar Pradesh. 100846
Effect of *time* of **sowing,** seed rate and seed soaking on grain yield of rainfed barley. 100847
Timing from **start** to finish! A key issue in leafspot control [Cercospora, peanuts, Georgia]. 101512
Effect of rotary-drum-drier exit temperature and length of pre-drying **storage** *time* on digestibility of dried grass cobs [Sheep]. 096701
Effect of *time,* **temperature,** and reactant ratio on pyrazine formation in model systems [Food]. 095455
Genetic efficiency of ethylenimine in relation to the *time* and **temperature** of storage of barley grain. 099402
Comparative effectiveness of simple and compound inorganic fertilizers applied at different *timing* and by different ways. 103904
Secretion of new digestive enzyme by pancreas with minimal **transit** *time* [Rabbits]. 096185
Onions. Yield and storage quality as influenced by *time* of **transplanting.** 101267
Evaluation of performances and their *time* **trends** in three breeds of performance tested boars. 096932
Chrysanthemum production planning under *time-to-harvest* **uncertainty.** 094325
The effect of restricted **watering** *time* on Red X Rock sexlinked females [Chickens]. 096767
Calculation of the available **working** *time* per worker as a basis for the organization of labor in livestock production units [East Germany]. 094340
Utilization of the fund of **working** *time* by manpower in worker professions in agriculture. 094367

TIMOTHY

Studies on harmfulness and control of *timothy* **flies,** Amaurosoma sp. [Phleum pratense, insect pests]. 102352
Intrapopulation variability of the chemical composition in *timothy* **[Phleum].** 099093

TIN

Accumulation of calcium in kidney and decrease of calcium in serum of rats treated with *tin* **chloride.** 097818
Corrosion of *tinplate* by **citrus** juices. 095924

TINGIDAE

Changes in body weight and reproductive organs of *Tingis* **ampliata** H.-S. (Heteroptera: Tingidae). 103034
Bionomy and morphology of the development instars of Copiumclavicorne (L.), **Heteroptera,** *Tingidae.* 102817
Changes in body weight and reproductive organs of Tingis ampliata H.-S. **(Heteroptera:** *Tingidae).* 103034

TIPBURN

Rate of metabolite accumulation into latex of lettuce and proposed association with *tipburn* **injury.** 101924

TIPULA

Effects of different temperatures on *Tipula* **iridescent** virus infection in galleria mellonella larvae. 103027

TIRES

Deep plowing with the B 371 cultivator and the K 700 **Soviet** *all-tire* tractor for pulling. 103447

TISSUES

Time sequence of lipogenic changes in **adipose** *tissue* of rats when converted from ad libitum feeding to meal-eating. 095152
Biological interactions of muscle and **adipose** *tissues* [Meat]. 095706
Oxygen uptake and tissue oxygen tension during adrenergic stimulation in canine subcutaneous **adipose** *tissue.* 096163
Effect of age, weaning and diet on swine **adipose** *tissue* and liver lipogenesis. 096697
Acute, subacute, and residual effects of polychlorinated biphenyl (PCB) in rats. I. Biologic half-life in **adipose** *tissue.* 097819
Embryonic and postnatal growth of rat and mouse. IV. Prenatal growth of organs and *tissues:* **age** determination, and general growth pattern. 096144
Effect of sodium chloride on the content of thiolic compounds and melanin in a culture of the tissue of a sterile fungus [Mycelia sterilia] isolated from *tissue* of **American** Kochia. 099991
Determination of ronidazole in swine tissues by differential pulse polarography [Drug residues in edible **animal** *tissues].* 094867
Spectrophotometric determination of total and free cholesterol in egg yolk and **animal** *tissues.* 095390

Carboxins [systemic fungicides]: powerful selective inhibitors of sucinate oxidation in **animal** *tissues.* 102659
Determination of residues of Valexon [phoxim] in milk and **animal** *tissues* [Organophosphorus insecticides]. 102732
Effect of calcium on hyperhydric transformation of Jerusalem **artichoke** *tissues* grown in vitro. 100400
Lesions in the ribosomes of non-viable pea (Pisum arvense) embryonic **axis** *tissue.* 100372
Acetylcholine and synthesis of ethylene in etiolated [kidney] **bean** *tissues.* 100522
Concentrations and activities of prostaglandins of the F-series in **bovine** *tissue,* blood, and milk. 096443
Histophotometric DNA measurements in sunflower seedlings, crown gall tumours [caused by Agrobacterium tumefaciens], and habituated **callus** *tissues.* 100219
Anthurium andraeanum plantlets producted from **callus** *tissues* cultivated in vitro. 100523
In vitro associations of **cambium** *tissues* of some plant species belonging to Oleaceae family. 098921
Sources of nitrogen supporting growth and embryogenesis in cultured wild carrot [Daucus **carota**] *tissue.* 100536
Microbiological detection of Nifurprazine in body fluids and *tissues* of **cattle** [Bacillus subtilis, Bacillus cereus mycoides]. 097675
Tissue and **cell** culture as aids to sugarcane breeding. I. Creation of genetic variation through callus culture. 099216
Changes with age in the status of water and *tissue* **characteristics** in individual leaves of Vicia faba L. [Broadbeans]. 100089
Residues of atrazine (2-chloro-4-ethylamino-6-isopropylamino-s-triazine) and its metabolites in **chicken** *tissues* [Pesticide residues in poultry and eggs]. 102714
Accumulation of phenols and phytoalexins in **citrus** *tissues* inoculated with Phytophthora citrophthora (Sm & Sm.) Leoniam. 101619
A historical outline of early work pertaining to **conducting** *tissues* of Bryophyta. 098903
Fixing and staining of **conifer** *tissues* with lacto-propiono-dimethylsulfoxide carmine. 099041
Effect of nitrogen and phosphorus on percentage of **crown** *tissue* and quality of sugarbeets. 100245
Metabolism of indole-3-acetic acid. II. Oxindole pathway in Parthenocissus tricuspidata **crown-gall** *tissue* cultures. 101708
Doubling of the chromosome number of tobacco haploids in *tissue* **culture.** 099399
Tissue **culture,** a new tool for propagating and breeding rape and other plants. 100777
The distribution of the protein phaseolin in the intact plant and **cultured** *tissues* of Phaseolus vulgaris L. [Kidney beans]. 100516
Tissue **cultures** of alkaloid plants. V. Some morphogenetic abilities of long-term callus cultures of Macleaya microcarpa. 099535
Growth and callus formation of *tissue* **cultures** derived from various carrot organs studied on the cultivar Perfekcja. 100337
Carotenoid synthesis in *tissue* **cultures** of Daucus carota L. [Carrots]. 100465
Concentration of manganese in the *tissues* of **cycling** and anestrous ewes. 096889
The use of methyl green-pyronin staining after glutaraldehyde fixation and paraffin or araldite embedding [Chick and mouse **embryonic** *tissues].* 096570
Total fatty acid composition of duck **fatty** *tissues.* 096518
Shirnk and its importance to cowmen and cattle feeders [Loss in weight due to loss of gut fill or *tissue* due to **feed** and water deprivation or exposure to other stresses]. 097793
The regulation of pyruvate carboxylase activity in **gluconeogenic** *tissues.* 096406
Effect of immunizing substances on pathological changes caused by the fungus Phoma tracheinhila in the *tissues* of **Gruzinskii** lemon [Mal secco disease]. 101616
Estrogens in *tissues* of **guinea** pig embryos. 096560
Morphometric microdensity studies of **hard** *tissue* sections, utilising optical density contour maps and associated area co-ordinated computerised data [Cats, bone]. 096382
Experimental studies on (I) serum biochemical, (II) *tissue* **histochemical** changes inexperimentally infected chickens by different developmental stages of Ascaridia galli (Schrank, 1788). 097216
Recovery of Phytophthora species from old, badly decayed, **infected** *tissues* of Hevea brasiliensis. 101655
Leaf *tissue* of Fissidens [Musci]. 098908
Distribution of essential oils in **leaf** *tissue* of an F2 population of Citrus [as related to inheritance]. 099176
Seasonal fluctuation of nutrients in soil and **leaf** *tissue* of the heather, Calluna vulgaris (Hull) L. 099801
Lymphatic *tissue* response in chickens treated with tri-o-tolyl phosphate. 097823
Hormonal regulation of phosphoenolpyruvate carboxykinase (GTP) in **mammalian** *tissues.* 096398
Lipoprotein lipase and uptake of chylomicron triacylglycerol and cholesterol by perfused rat **mammary** *tissue.* 096243
Cellular studies of **mammary** *tissue* form cows hormonally induced into lactation: lactose and fatty acid synthesis. 096440
Cellular studies of **mammary** *tissue* from cows hormonally induced into lactation: histology and ultrastructure. 096441
Comparison of binding proteins of glucocorticoids in **mammary** *tissue* and in blood sera from lactating cows. 096442
The incorporation of long-chain fatty acids into glycerides in the liver and **mammary** *tissue* homogenates of lactating goats. 096535
Cooperative interactions of tetrahydrofolate with purified pig kidney serine transhydroxymethylase and loss of this cooperativity in L1210 tumors and in *tissues* of **mice** bearing these tumors. 097756
Characteristics of **muscle** *tissue* [Meat]. 095703
Anilin blue and silver nitrate for staining developing insect **nerve** *tissue.* 103106
Some characteristics of **new** *tissue-binding* proteins for metabolites of vitamin D other than 1,25-dihydroxybitamin D [Chicks]. 095023
Reiteration frequency of delta-crystallin DNA in lens and **non-lens** *tissues* of chick embryos. Delta-crystallin gene is not amplified during lens cell differentiation. 096427
Cystine aminopeptidase (oxytocinase) activity in plasma and *tissues* of **normal** and infected pregnant cattle [with Aspergillus fumigatus]. 097223
Chromatographic determination of [the insecticide] Famophos[O, O-dimethyl-O-(4-dimethylsulfsamoyl)-thiophosphate] in the *tissues* and **organs** of animals. 102726
Purification of extracts in the determination of organophosphoric insecticides in *tissues* and **organs** of animals. 102742
Adenylyl cyclase activities in **ovarian** *tissues.* I. Homogenization and conditions of assay in graafian follicles and corpora lutea of rabbits, rats, and pigs: regulation by ATP [adenosine triphosphate], and some comparative properties. 096328
Identification of the mucopolysaccharides in catecholamine-containing subcellular particle fractions from various rat, cat and **ox** *tissues.* 096156
Oxygen uptake and *tissue* **oxygen** tension during adrenergic stimulation in canine subcutaneous adipose tissue. 096163
Sex chromatin determination in formalin-fixed, **paraffin-embedded** *tissues* of rats. 097825
Perirenal *adipose-tissue* development in the neonatal lamb. 096590
Modality of the diffusion of Ceratocystis fimbriata in the *tissues* of **planetree** [Platanus]. 101603
Characteristics of edible **plant** *tissues* [Chemical composition, changes during storage and processing of foods and fruits]. 095497
Anatomy of toughness in **plant** *tissues.* 098995
Improved staining procedures for semithin epoxy sections of **plant** *tissues.* 099043
Water transport through **plant** *tissue:* the apoplasm and symplasm pathways. 099845
Effects of cyanide and ethylene on the respiration of cyanide—sensitive and cyanide-resistant **plant** *tissues* [Peas, Annona cherimola]. 099944
Metabolism of IAA [indoleacetic acid] in normal and autonomous cultures of **plant** *tissues.* 099993
Determination of cyanoglucosides of **plant** *tissues* by the modified picric acid technique. I. Changes in the cynoglucoside content of some Leguminosae and Gramineae species in the early phases of germination. 100061
Phase-locked loop technique to record resonance frequency of **plant** *tissue* [Avena]. 100258
The estimation of phenylalanine ammonia-lyase (PAL)-activity in intact cells of higher **plant** *tissue.* I. Parameters of the assay [Buckwheat]. 100291
The estimation of phenylalanine ammonia-lyase (PAL)-activity in intact cells of higher **plant** *tissue.* II. Correlations and discrepancies between activities measured in intact cells and cell-free extracts [Buckwheat, strawberry, sunflower]. 100292
Effect of nature and density of separating liquids on nematodes during the process of extraction [from soil and **plant** *tissue]* by the centrifugation-flotation method. 101963
Role of amino acids in **plant** *tissue* response to Heterodera rostochiensis. II. Effect of proline and hydroxyproline [Potatoes, nematodes]. 101980
Incidence of hydatid cyst [due to larval form of Echinococcus granulosus] in bovines and histopathological changes of **pulmonary** *tissue* in hydatidosis. 097374
A method for the study of the inhibition of DNA synthesis by **rabbit** *tissue* extracts. 096293
Toxaphene: livestock toxicity & *tissue* **residues.** 097871
Use of attenuated **rinderpest** *tissue-culture* vaccine in cattle. 097375
Dynamics of phosphatase activity in soil and **root** *tissue* of winter wheat as a result of fertilizer application. 100123
Induction of furano-terpene production and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in sweetpotato **root** *tissue* injured by Ceratocystis fimbriata and by toxic chemicals. 101572
Cycloleucine and methyl-alpha-D-glucoside transport in *tissue* **sections** of magnum mucosa of laying Japanese quail as affected by egg formation cycle. 096598
Soft *tissue* sarcomas [Dogs]. 097704
Dermoplasty and wound healing of **soft** *tissue* injuries. 097782
The food reserves and ultrastructural relationships of the gametophyte and **sporophyte** *tissues* in Podocarpus henkelii seeds. 100046
Effect of sodium chloride on the content of thiolic compounds and melanin in a culture of the *tissue* of a **sterile** fungus [Mycelia sterilia] isolated from tissue of American Kochia. 099991
Metabolism in senescent and **stored** *tissues* [of plants]. 099763
Genotypic influence on elemental composition of **strawberry** *tissues.* 099319
Determination of ronidazole in **swine** *tissues* by differential pulse polarography [Drug residues in edible animal tissues]. 094867
Studies into levels of dry matter, calcium, magnesium, sodium, potassium and phosphorus in different *tissues* of **swine** (brain, lung, liver, kidney, small intestine). 096216
Occurrence of rabies virus in the medulla and medulla oblongata of naturally infected horses and its absence from other areas of the central nervous **system** and other *tissues.* 097471
Phenolic compounds in cultures of *tissues* of **tea** plants and the effect of light on their synthesis. 099995
Testosteron and its epimer in blood and *tissue* of **testicles** of bulls of different ages. 097038
On the biological activity of IAA [indoleacetic acid] conjugates [using *tissues* of **tobacco,** potato and soybean]. 100108
Localisation of peroxidase-isoenzyme group G1 in the cell wall of **tobacco** *tissues.* 100289
Attempts to detect Agrobacterium tumefaciens DNA in crown gall **tumor** *tissue* [Sunflowers]. 101706
Amino acid metabolism in the piglet: influence of level of protein and of methionine in the diet on *tissue* **uptake** and in vivo oxidation. 096267
Metabolism of ethanol and lactate in *tissues* of **woody** plants differing with respect to their resistance of oxygen deficiency [Salix alba, Populus petrowskiana]. 100684

TITRATION

Plaque neutralization test to assay serums for eastern and western equine encephalomyelitis **antibody** *titer.* 097541
Determination of lead sorption capacities of selected Illinois soils **using** *titration* **curves.** 103725
Use of immunofluorescence to elucidate microepidemiology and to carry out **microplaque** *titration* of virus of infectious bovine rhinotracheitis on primary calf kidney cells. 097239
Routine *titration* of foot-and-mouth disease virus suspensions by analytical ultracentrifugation. 1. Sedimentation method. 097237

TOADS

Pathways for chloride and sodium transport across *toad* **skin.** 096164

TOBACCO

Growth of **air-cured** *tobacco* and change of chemical property of newly reclaimed field on the tertiary-derived soil. 103713
Reducing severity of ozone damage to *tobacco* and **beans** by combining benomyl or carboxin with contact nematicides [Air pollution injuries]. 102019
Japan **boosts** *tobacco* output, imports. 094538
Tobacco in **Brazil:** recent trends in output and export. 094557
Genetical preconditions of **breeding** *tobacco* varieties resistant to diseases. 099273
Science's goal: make *tobacco* **budworm** [Heliothis virescens] a vanishing species. 102359
Ecological studies on **burley** *tobacco* in Japan and Korea. II. Growth, yield and quality of some burley tobacco varieties grown at different locations. 100741
Ecological studies on **burley** *tobacco* in Japan and Korea. III. Growth pattern, yield and quality of burley tobaccos grown at five locations in 1974. 100742
Fertilizing **burley** *tobacco.* 103866
Effect of topping on yield and quality of **burley** *tobacco* [Fertilization]. 103914
Calculation of absolute rates of RNA synthesis, accumulation, and degradation in *tobacco* **callus** in vivo. 100111
Selection and characterization of cultured carrot and *tobacco* **cells** resistant to lysine, methionine, and proline analogs. 099134
Augusta disease in tulips. Field experiments **concerning** *tobacco* necrosis virus and its [fungus] vector Olpidium brassicae. 101803
Interspecific hybridization by protoplast fusion in Nicotiana *[Tobacco].* **Confirmation** and extension. 099328
In vitro production of haploid plants from anthers of nicotiana tabacum *[tobacco]* **cultivar** Goiano-IAC-70. 099120
The role of juvenile hormone in larval duration and spermiogenesis in relation to phase variation in the *tobacco* **cutworm,** Spodoptera litura (Lepidoptera: Noctuidae). 102285
Research on the etiology and methods of control of foot-rot, a new, **dangerous** *tobacco* disease [caused by two soil fungi, Botrytis cinerea and Rhizoctonia solani]. 101336
Experimental *tobacco* fumigation under partial vacuum with ethylene oxide against Lasioderma serricorne. 102531
Fertilizing *burley* tobacco. 103866
Growth of *tobacco* in the **field** as affected by removal of leaves at transplanting. 100743
Monogenic control of resistance in the tomato to the *tobacco* **flea** beetle [Epitrix hirtipennis]: probable repellance by foliage volatiles. 099199
Price support level and production costs for the 1976 **flue-cured** *tobacco* crop. 094450
Effect of topping and nitrogen on **flue-cured** *tobacco.* III. Suckers, plant height and time of flowering. 100699
Effect of different nitrogenous fertilisers on the yield and quality of **flue-cured** *tobacco* (Nicotiana tabacum L.) var. virginia Gold. 104034
Doubling of the chromosome number of *tobacco* **haploids** in tissue culture. 099399
Ecdysone 20-hydroxylase from the midgut of the *tobacco* **hornworm** (Manduca sexta L.). 102929
Burley marketing and trade seen to be **improving** *[Tobacco].* 094524

Uptake of single-stranded bacteriophage DNA by **isolated** *tobacco* protoplasts. 100335
Absorption of P32 [phosphorus isotope]-labelled tobacco mosaic virus by **isolated** *tobacco* protoplasts and deproteinization of the virus in them. 101798
Cell concentration as a factor in precursor incorporation by *tobacco* **leaf** protoplasts or separated cells. 100284
Burley **marketing** and trade seen to be improving [Tobacco]. 094524
Genetic analysis of the yellow burley genes in **Maryland** *tobacco*. 099326
In vitro and in vivo translation of the ribonucleic acids of a cowpea strain of *tobacco* **masaic** virus. 101813
Interactions between TMV *[tobacco* **mosaic** virus] isolates, temperature, allelic condition and combination of the Tm resistance genes in tomato. 099360
Latex agglutination test for three plant viruses *[Tobacco* **mosaic** virus, potato virus X and Y]. 101723
Assembly of *tobacco* **mosaic** virus in vitro. 101741
Experience of tomato vaccination with strains of *tobacco* **mosaic** virus of low pathogenicity. 101755
A procedure for specifically selecting temperature sensitive mutants of *tobacco* **mosaic** virus. 101760
Effect of eosin Y on the formation of local lesions and on the accumulation of callose in 'Samsun NN' tobacco and French bean leaves inoculated with *tobacco* **mosaic** virus. 101764
The measurement of coefficient of *[tobacco* **mosaic]** virus diffusion using analytical ultracentrifuge. 101795
Tobacco **mosaic** virus (TMV). Effects of infection with strains of TMV on the yields of unproctected tomato plants and of plants protected with attenuated strains of TMV as compared to varieties resistant to TMV. 101805
Formation of antivirus substances in tomato plants infected with *tobacco* **mosaic** virus. 101807
Occurrence of short particles in beans infected with the cowpea strain of TMV *[tobacco* **mosaic** virus]. I. Purification and characterization of short particles. 101814
Occurrence of short particles in beans infected with the cowpea strain of TMV *[tobacco* **mosaic** virus]. II. Evidence that short particles contain the cistron for coal-protein. 101815
The relationship between soil-borne wheat mosaic virus and *tobacco* **mosaic** virus. 101818
Olpidium brassicae [vector of] *tobacco* **necrosis** virus, and Pythium spp. in relation to rusty root of carrots in Ontario and Quebec [Pythium sulcatum, Pythium irregulare]. 101383
RNA polymerase from *tobacco* **necrosis** virus infected and uninfected tobacco. Purification of the membrane-associated enzyme. 101817
In vitro production of haploid plants from anthers of **nicotiana** *tabacum* [tobacco] cultivar Goiano-IAC-70. 099120
Effect of different nitrogenous fertilisers on the yield and quality of flue-cured tobacco (**Nicotiana** *tabacum* L.) var. virginia Gold. 104034
Effect of eosin Y on the formation of local lesions and on the accumulation of callose in 'Samsun **NN**' *tobacco* and French bean leaves inoculated with tobacco mosaic virus. 101764
Control of root-knot nematodes [Meloidogyne] on *tobacco* with **oxamyl** through transplant water. 102012
A loop-structure in the serological classification system of tymoviruses **[Peas,** *tobacco].* 101810
Effect of N-phenyl-N'-(4-pyridyl) urea on shoot formation in *tobacco* **pith** disk and callus cultured in vitro. 100271
Genetic transformation and "Graft-hybridization" in flowering **plants** *[Tobacco].* 099413
Effect of three nematicidal soil treatments on the growth of *tobacco* **plants.** 100246
On the biological activity of IAA [indoleacetic acid] conjugates [using tissues of *tobacco,* **potato** and soybean]. 100108
Metabolites of 3-phenyl-5-methyl-1,2,4-oxadiazole (PMO) [antitussive agents added to *tobacco]* in **rats,** dogs, and mice. 096415
Studies on notched leaf disease of Gladiolus caused by *tobacco* **rattle** virus (TRV). 101721
Reconstitution of helical viruses other than TMV *[tobacco* **rattle** virus, barley stripe mosaic virus, winter wheat mosaic virus, potato virus]. 101743
Response of [tobacco] root cells to the feeding by the ectoparasitic root-infesting nematode Trichodorus similis [a vector of *tobacco* **rattle** virus]. 102067
Thiamine requirements of various plant cells in suspension culture [Soybeans, *tobacco,* **rice].** 100275
Response of *[tobacco]* **root** cells to the feeding by the ectoparasitic root-infesting nematode Trichodorus similis [a vector of tobacco rattle virus]. 102067
Seedborne *tobacco* mosaic virus commercial sources of tomato seed. 101790
Alkaloid spectrum during ripening of Nicotiana rustica *[tobacco]* **seeds.** 100101
Absorption and translocation of 86Rb [rubidium isotope] in relation with leaf **senescence** *[Tobacco].* 100140
Callus induction and plant regeneration from mesophyll protoplasts of Nicotiana **sylvestris** *[Tobacco].* 100333
Ecological studies on the wildfire disease [caused by Pseudomonas **tabaci]** of *tobacco.* 101683
Effect of Ca++ [calcium ion] on the surival of cultured plant cells after freezing and **thawing** *[Tobacco].* 100237
Comparisons of somatic crossing over frequency in Nicotianatabacum *[tobacco]* and **three** other crop species [Soybeans, cotton, tomatoes]. 099137
Localisation of peroxidase-isoenzyme group G1 in the cell wall of *tobacco* **tissues.** 100289
Ecological studies on *burley* **tobacco** in Japan and Korea. II. Growth, yield and quality of some burley tobacco varieties grown at different locations. 100741
Ecological studies on *burley* **tobacco** in Japan and Korea. III. Growth pattern, yield and quality of burley tobaccos grown at five locations in 1974. 100742
Effect of topping on yield and quality of *burley* **tobacco** [Fertilization]. 103914
Ecological studies on burley tobacco in Japan and Korea. III. Growth pattern, yield and quality of *burley* **tobaccos** grown at five locations in 1974. 100742
RNA polymerase from tobacco necrosis virus infected and **uninfected** *tobacco.* Purification of the membrane-associated enzyme. 101817
Production and marketing of **Virginia** *tobacco* in Andhra Pradesh, January—March 1975. 094556
Effects of manures, fertilizers and topping on **Virginia** *tobacco* in north Bengal. 103989
Genetic analysis of the **yellow** *burley* genes in Maryland tobacco. 099326

TOCOPHEROLS

Effect of dietary **alpha** *tocopherol* on liver microsomes and mitochondria of aging rats. 095147
Isoprenoid quinones and *tocopherols* in **bulbs** and leaves of Iris hollandica; occurrence of a new quinone. 100401

TOE

Susceptibility of *one-toed* **pigs** to certain diseases exotic to the United States. 097573

TOLERANCE

Screening of rice cultivars for *tolerance* to **Al** [aluminum]toxicity in nutrient solutions as compared with a field screening method. 101837
Specificity for nicotinamide adenine dinucleotide and nicotinamide adenine dinucleotide phosphate of nitrate reductase from the *salt-tolerant* **alga** Dunaliella parva. 099948
The ultrastructural basis of **chloride** *tolerance* in the leaf of Frankenia [grandifolia]. 098884
Electrophoretic studies of several dehydrogenases in relation to the **cold** *tolerance* of alfalfa. 100166
Tolerance of **cotton** to five triazine herbicides. 102169
The *tolerance* of **developmental** stages of four stored product moths to phosphine [Ephestia, Plodia interpunctella]. 102538
Respiration and NADH [naphthaleneacetic acid dehydrogenase]-oxidation of the roots of *flood-tolerant* and **flood-intolerant** Senecio species as affected by anaerobiosis. 099897
Fungicide *tolerance* in Cercospora leafspot fungi [Peanuts, Georgia]. 101510
A study of **heat** *tolerance,* growth rate and the onset of puberty in Brahman, Santa Gertrudis and Hereford heifers in a humid tropical climate: Fiji. 096362
Attempts at creating **immunologic** *tolerance* in hens to Salmonella gallinarum-pullorum. 097359
Genecological studies of **leaf** *tolerance* in groundsel (Senecio vulgaris L.). 099357
Borya nitida Labill.—an Australian species in the Liliaceae with *desiccation-tolerant* **leaves.** 099522
Tolerance of **Leptosphaeria** nodorum [causal organism of glume blotch disease of wheat] to an organoamercurial compound. 101659
The fine structure of dehydrated and reviving leaves of Borya nitida Labill.—a *desiccation-tolerant* **plant.** 098888
Water stress and protein synthesis. IV. Responses of a *drought-tolerant* **plant** [Tortula ruralis]. 099836
Evaluation of environment **salt** *tolerance* of selected grasses and legumes [Field crops]. 100054
Salt *tolerance* studies in rice. 100060
Salt *tolerance* of cotton and potential use of saline water for irrigation. 100168
Shade avoidance and **shade** *tolerance* in flowering plants. II. Effects of light on the germination of species of contrasted ecology. 098865
Tolerance of **Venturia** pirina to benzimidazole fungicides [Pear scab]. 101568

TOLUENE

Assimilation and conversion of *toluene* by **higher** plants. 099501

TOLUIDINE

Balan *[N-butyl-N-ethyl-alpha,alpha,alpha-trifluoro-2,6-dinitro-p-toluidine,* **herbicides,** residues]. 102627

TOMATO

Adenosine and related nucleotides as sporulation-inducing factors in **Alternaria** *tomato* [Pathogenic fungi]. 099465
Evaluation of screening techniques and determination of criteria for assessing resistance to Corynebacterium michiganense in *tomato* **[Bacterial** canker]. 099180
Xanthomonas vesicatoria (Doidge) Dowson, on the *tomato* **[Bacterial** blight]. 101688
Uptake, distribution and metabolic fate of 3H [hydrogen isotope]-triforine in plants. I. Short-term experiments [Bean, *tomato* and **barley** seedlings]. 101516
Uptake, distribution and metabolic fate of 3H- [hydrogen isotope]-triforine in plants. II. Long-term experiments *[Tomato* and **barley** seedlings]. 101517
Home gardening & canning versus buying canned goods: costs for green **beans** and *tomatoes.* 095060
Breeding *tomatoes* for machine harvesting. 099438
Utilization of the world collection of the All-Union Institute of Plant Industry as initial material for **breeding** *tomatoes* for greenhouse culture. 099456
Life cycle, host plants and symptoms of damage of the *tomato* **bug,** Nesidiocoris tenuis Reut. (Hemiptera: Miridae), in Egypt. 102477
Soil transmission of Petunia asteroid mosaic strain of *tomato* **bushy** stunt virus. 101774
Quantitative detection of seed of branched broomrape [Orobanche ramosa] in **California** *tomato* soils [Parastic plants]. 102173
Fertilizers essential for north **coast** *tomatoes.* 103868
A method for determining the total carotenoid content of *tomato* **concentrates.** 095893
Grey rot [Botrytis cinerea] of *tomatoes* in the **conditions** of protected cultivation. 101344
P [phosphorus] fertility and mixed salinity on growth and Ca, Mg, Na, P and Cl [calcium, magnesium, sodium, phosphorus, chlorine] concentrations of *tomato,* **corn,** and sudan grass [Sorghum sudannese] grown in sand culture. 099676
Comparisons of somatic crossing over frequency in Nicotianatabacum [tobacco] and three other crop species [Soybeans, **cotton,** *tomatoes].* 099137
Biology and control of Sclerotinia sclerotiorum in cauliflower and *tomato* **crops** in coastal New South Wales. 101548
Natural **cross-pollination** in *tomatoes.* 099059
Effect of removing the growing point on yield, early ripening and quality of the *tomato* **cultivar** Triumph. 101141
Resistance of wild species and **cultivated** *tomato* varieties to Xanthomonas vesicatoria (Doidge) Dowson. 101687
An improved selective medium for the isolation of Verticillium **dahliae** *[Tomatoes].* 101524
Organic acid accumulation in attached and **detached** *tomato* fruits. 100481
A new **determinate** *tomato* variety [Vranya-123] for preserving of unpeeled whole fruits. 101138
Chromatographic determination of **diphenamid** in *tomatoes.* 102728
Activity of the enzymes which **disrupt** *tomato* cell walls. II. Effect of temperature and of active acidity. 100425
Effect of a slow-acting fertilizer [isobutyliden-dicarbamide] on the yield of medium **early** *tomatoes.* 103948
Inheritance of carboxylation **efficiency** in the *tomato.* 099320
Utilization of the collection of *tomato* **entries** for breeding purposes in the conditions of the Volgo-Akhtuba flood plain. 099455
Evaluation of the collection of *tomato* **entries** for heat and drought resistance in the western Kazakhstan. 100384
Isogenic lines of *tomato* **except** for some disease resistance genes. 099361
Effect of growing conditions on the morphological and biological **features** of *tomatoes.* 100383
Increase of beta-fructofuranosidase content in *tomato* **fruit** during the ripening process. 100342
Influence of dates of *tomato* **fruit** harvesting and ripening on the variations of seed properties. 100608
Cell wall-bound nitrophenylglycosidases of *tomato* **fruits.** 100466
Interactions between TMV [tobacco mosaic virus] isolates, temperature, allelic condition and combination of the Tm resistance **genes** in *tomato.* 099360
Purification and morphology of the *tomato* **golden** mosaic virus [Bemisia tabaci, vectors]. 101800
Growing of early **greenhouse** *tomatoes* directly from seed [Yields, costs, returns]. 101143
The susceptibility of various varieties of **greenhouse** *tomatoes* to the occurrence of dry rot of fruit tops [caused by calcium and water supply deficiencies]. 101860
Possibilities of including the morestan pesticide into an integral system of control of whitefly (Trialeurodes vaporariorum Westw.) on **greenhouse** *tomatoes.* 102413
Promising varieties and hybrids of cucumbers and *tomatoes* for **growing** in winter-type and plastic covered greenhouses. 101085
Features of flowering and fruiting in cucumbers and *tomatoes* **grown** in plastic covered greenhouses in the south-east of the Russian Soviet Federative Socialist Republic. 100385
Physiological and biochemical peculiarities of cucumbers and *tomatoes* **grown** in plastic film-covered greenhouses [Varieties]. 100603
Correction of iron deficiency in *tomatoes* **grown** hydroponically in sewage water. 101876
Use of herbicidal mixtures in *tomatoes* **grown** directly from seed. 102104
Response of *tomato* to pH **[hydrogen-ion** concentration] of a coastal plain soil. 100482
Studies on the systemic action of some chemical in the control of root-knot nematodes [Meloidogyne **incognita,** *tomatoes].* 101982
The problem of resistance of *tomatoes* to **infectious** diseases. 099454
Morphological, cultural and biochemical characterization of Xanthomonas vesicatoria (Doidge) Dowson samples [Bacterial blight, *tomatoes* **leaves].** 101686
Water stress in plants. I. Abscisic acid level in *tomato* **leaves** after a long period of wilting. 102007
Determinant varieties of *tomatoes* **(Lycopersicon** esculentum var. vulgare) and their use in breeding. 099441
Association of earliness with some economic characters in twelve varieties of *tomato* **(Lycopersicon** esculentum, Mill). 101018

Intraspecies differentiation of the pathogen of leaf and fruit mold [Cladosporium fulvm] of *tomatoes* and **methods** of studying their resistance. 101642
Maximizing yield of **MH-1** *tomatoes* [Varieties]. 101106
Effect of seeding date and transplant age on the economic results obtained from greenhouse **mid-early** *tomato* production [State prices, production expenses, net profit and rentability rate]. 094402
Influences of certain plant factors on the growth and fruiting of the lower axillary shoot of Lycopersicon esculentum **Mill** *[Tomatoes].* 100355
Effects of photoperiod and temperature on vegetative and reproductive responses of Lycopersicon esculentum **Mill.** *[Tomatoes].* 100475
Studies on the resistance of two varieties of *tomato* to [the **nematodes**] Meloidogyne spp. and Phytophthora parasitica. 101983
A new viruslike disease of *tomato* in **Nigeria.** 101782
Genetic and environmental effects involved in the determination of the "hollowness" character in **peeling** *tomatoes.* 099222
Synergic action of sulfur dioxide and nitrogen oxides on some plants: study in artificial conditions *[Tomatoes,* **Petunia** hybrida, Pelargonium hortorum]. 099461
Blossom-end rot of *tomatoes* [**Physiological** diseases]. 101882
Application of magnesium sulfate to correct the effects of salinity produced by sodium chloride on the *tomato* **plant** [in soilless culture]. 100348
Fluoride susceptibility of *tomato* **plants** as affected by magnesium nutrition. 100477
Changes in polygalacturonase, pectin lyase and cellulase in *tomato* **plants,** associated with Fusarium [oxysporum] inoculation. 101525
Formation of antivirus substances in *tomato* **plants** infected with tobacco mosaic virus. 101807
Efficiency of methyl bromide and ethylene oxide in elimination of root-knot nematodes [Meloidogyne javanica, Meloidogyne hapla] on host **plants** *[Tomatoes].* 102016
Inheritance of the gene of "single flower on the main stem" in *tomatoes* and its **pleiotropic** effects. 099089
Manufacture and quality control of *tomato* **products.** 095911
Flavour **quality** of *tomatoes.* 095928
Anatomical responses of root tips to boron deficiency. III. Effect of boron deficiency on sub-cellular structure of *[tomato]* **root** tips, particularly on morphology of cell wall and its related organelles. 102031
Relationships of initial population densities of Meloidogyne incognita and Meloidogyne hapla to yield of *tomato* [**Root-knot** nematode]. 101935
Cleaning and lye peeling of *tomatoes* using **rotating** rubber discs. 095939
Seedborne tobacco mosaic virus commercial sources of *tomato* **seed.** 101790
Dependence of the quality of *tomato* **seeds** on cultural practices. 100382
Take a can of *tomato* **soup...** 095333
Studies on foliar morphogenesis in Lycopersicon esculentum Mill. *(Tomato)* with **special** reference to aging phenomena. 100392
Inhibition of Colletotrichum coccodes (Wallr.) Hughes, Pyrenochaeta lycopersici Schneider and Gerlach and their pectinolytic enzymes by substances appearing in some Lycopersicon *[tomato]* **species** in response to infection by the root parasitic complex. 101371
Effect of mixed salinity and P [phosphorus] fertility on yield and microelement composition of *tomato,* **sweet** corn and sudangrass in sand culture. 103976
Monogenic control of resistance in the *tomato* to the **tobacco** flea beetle [Epitrix hirtipennis]: probable repellance by foliage volatiles. 099199
Tobacco mosaic virus (TMV). Effects of infection with strains of TMV on the yields of **unprotected** *tomato* plants and of plants protected with attenuated strains of TMV as compared to varieties resistant to TMV. 101805
American varieties of *tomatoes* and their **utilization** in breeding. 099436
Experience of *tomato* **vaccination** with strains of tobacco mosaic virus of low pathogenicity. 101755
Effects of extra heterochromatin on the expression of genes producing chlorophyll **variegation** in the *tomato.* 099325
Effect of copper on the dynamics of accumulation of substances in different *tomato* **varieties.** 100599
Comparison of plant hormones, plant density and *tomato* **varieties** cultivated in the greenhouse. 101043
Cucumber and *tomato* **varieties** for protected cultivation north of the Arctic Circle. 101077
Influence of transplant pricking off density on yield, earliness and production quality of some *tomato* **varieties** for early field production [Spacing]. 101144
Study of the herbicide metribuzin used for different *tomato* **varieties** grown by use of transplants. 102103
An objective evaluation of some *tomato* **variety** concentrates by their color and their reflection spectra. 095894
Chlorophyll content of tomato yellow leaf curl **virus-infected** *tomatoes* in relation to virus resistance. 101770
Economic impact of federal marketing orders—the Florida **winter** *tomato* case. 094611
Chlorophyll content of *tomato* **yellow** leaf curl virus-infected tomatoes in relation to virus resistance. 101770
Tomato **yellow** leaf curl virus. 101776

TOMOCERUS

Evolution of the linear equation between fresh body weights and dry body weights in an insect population during a period of strong evaporation *[Tomocerus* **minor].** 102844

TONE

Inhibition of *tonic* **secretion** of luteinizing hormone by progesterone in immature female sheep. 096330

TONGUE

Preliminary evaluation of **two** *tongue-and-groove* joints for five-ply structural sandwich wood panels for floors. 098225

TONNAGE

1975 [sugarcane] harvest. Distribution of supplier in function of their richness and *tonnage* **[Processing].** 095832

TOOLS

Description and possible utilization of an **analysis** *tool:* the panel of consumers [Preferences for poultry products]. 094582
The bangle as a *tool* for **assessing** malnutrition of under-sixes [Children]. 095099
Analysis and forecasting of consequences of successive passages of *tools* on the **cultural** [soil] profile. 104174
The sensitivity test as a **diagnostic** *tool* for the treatment of puerperal diseases in sows. 097751
Aeroplanes as **farming** *'tools'* [England]. 103408
Use your **hand** *tools* correctly! [Fruit culture]. 103435
The use of traps baited with live females as a *tool* for **improving** control programs of the spiny bollworm, Earias insulana Boisd., in cotton fields. 102347
[Forest] history: the **neglected** *tool.* 097934
Tissue culture, a **new** *tool* for propagating and breeding rape and other plants. 100777
Selection as a *tool* for **poultry** production. 097004
Using business management games as **research** *tools* in food retailing—a case study. 094621
Use of the Semavator and **similar** *tools* in the Paris region. 103420
Considerations on the distortion phenomenon and on the application of the mechanical similitude principle to the **soil** *tool* system [Tillage machine interactions]. 103582
Brabender Farinograph, research extensometer, and Hilliff chapatti press as *tools* for **standardization** and objective assessment of chapatti dough [Wheat flour, India]. 095782

TOPOGRAPHY

Accuracy of the slope factors estimated by the digital terrain model **[Forest** *topography].* 097999
Climate, *topography* and **germination** [Solar radiation]. 098858
Anatomic and *topographic* **patterns** of development of the cutaneous covering of sheep during intrauterine life. 096573
Hemispherical photography, *topography* and **plant** distribution. 098859

TOPPING

Hedging and *topping:* **growers** have differing views [Citrus groves]. 101105
Effect of *topping* and **nitrogen** on flue-cured tobacco. III. Suckers, plant height and time of flowering. 100699
Effects of manures, fertilizers and *topping* on **Virginia** tobacco in north Bengal. 103989
Effect of *topping* on **yield** and quality of burley tobacco [Fertilization]. 103914

TORDON *see* PICLORAM

TORQUE

Study on wire type sugarcane stripping machine. IV. **Measuring** *torque.* 103468

TORSION

Torsion of the **ileum** reflex of the spermatic funicle in the dog. 097719

TORTRICIDAE

Research on the morphology, biology and ecology of Eucosoma(Phaneta) conterminana H.-S. (Lepidoptera, *Tortricidae* **[Insect** pest control, lettuce]. 102462

TORTULA

Water stress and protein synthesis. IV. Responses of a drought-tolerant plant *[Tortula* **ruralis].** 099836

TORULA

The fine structure of conidial development in the **genus** *Torula.* III. Torula graminis Desm. [Yeasts]. 098934

TORULOPSIS

Torulopsis sonorensis, a new species of the **genus** *Torulopsis* [Yeast]. 098627
Biomasses from fat by-products. III. Lipid composition of yeast cells [Candida lipolytica, *Torulopsis* **holmii,** feed fermentation]. 096046
Torulopsis **sonorensis,** a new species of the genus Torulopsis [Yeast]. 098627

TORYMIDAE

A new Podagrion species of the Argentine Republic (Hymenoptera, *Torymidae)* **[Podagrion** insolens]. 103146

TOUCH

How it *touches* **Scandinavia** [Food supply]. 094751

TOUGHNESS

Anatomy of *toughness* in **plant** tissues. 098995

TOWERS

Evaluation of *Tower* **rapeseed** meal for young pigs. 096630
Quality forages from *tower* **silos** [Ensiling]. 096043
The filling of *tower* **silos** with grass [Equipment]. 103485

TOXAPHENE

Toxaphene: **livestock** toxicity & tissue residues. 097871
Fetal toxicity of *toxaphene* in **rats** and mice. 102670

TOXICITY

Anatomical aspect of 2,4,5-trichorophenoxyacetic acid] and dalapon [herbicides] *toxic* **action** on Norway spruce (Picea abies seedlings. 102095
The application of cell cultures for preliminary eliminatory evaluation of *toxic* **action** of new pesticides. 102663
Acute *toxicity* for mevinphos to gerbils. 097860
Absence of carbohydrate in *celiac-toxic* **A-gliadin** [Wheat]. 095034
Amanita *toxins* bound to biopolymers [Amanita phalloides, Fungi]. 099886
High levels of four heavy metals on the iron status of plants [Kidney **beans,** *toxicity].* 101877
Lantana can be a killer *[Toxicity,* **cattle].** 097803
Injuries from feeding feeds containing nitrates and their prevention *[Toxicity* to **cattle].** 097857
Transport of molybdenum in mountainous streams, Colorado [Water pollution, **cattle** *toxicity].* 104487
Induction of furano-terpene production and formation of the enzyme system from mevalonate to isopentenyl pyrophosphate in sweetpotato root tissue injured by Ceratocystis fimbriata and by *toxic* **chemicals.** 101572
Effect of hydrogen sulfide on fish and invertebrates. I. Acute and **chronic** *toxicity* studies. 094830
Chronic *toxicity* of guthion to the fathead minnow (Pimephales promelas Rafinesque. 102668
Chronic *toxicity* of atrazine [herbicide] to selected aquatic invertebrates and fishes [Residue analysis, water pollution]. 102680
Studies on seed **coat** *toxicity* to rhizobia of urid (Phaseolus mungo) [mungo beans], mung [beans] (Phaseolus aureus), and soybean (Glycine max). 102070
Toxic **constituents** in mechanical pulping effluents. 104512
Toxic **constituents** in mechanical pulping effluents. 104513
X-ray crystal structure of cytochalasin H, a potent new **[11]cytochalasan** *toxin* [Phomopsis, Fungi]. 099665
Toxicity of **delta9-tetrahydrocannabinol** (THC) administered subcutaneously for 13 days to female rabbits. 097830
Dieldrin *toxicity* and successive discrimination reversal in squirrel monkeys (Saimiri sciureus). 102723
Toward a general theory of plant antiherbivore chemistry *[Toxins* and **digestibility-reducing** substances]. 102185
Clinical, histologic, and histochemical study of imidocarb **diproprionate** *toxicosis* in goats [used against Babesia rodhaini]. 097777
Identification and determination of the mycotoxins (aflatoxins) in various species of oil seed and their *toxicity* **[Edible** oil contamination]. 094812
Toxic **effect** of feed ingredients [Poultry]. 097815
Repellent and *toxic* **effect** of copper oxychloride on the Colorado potato beetle [Leptinotarsa decemlineata]. 102443
Toxicities of **"excessively"** chlorinated organic compounds. 104456
A paradoxical concentration effect in the *toxicity* of **fentin** acetate for insects [Musca domestica, Spodoptera littoralis]. 102923
Fetal *toxicity* of toxaphene in rats and mice. 102670
Aflatoxin problem in corn [used for human food and animal feed] and possible solutions [Aspergillus **flavus,** *toxicity].* 094902
Nitrate content in winter season **fodders** *[Toxicity].* 096009
Trends in methods for detecting **food-poisoning** *toxins* produced by Clostridium botulinum and Staphylococcus aureus. 094927
Fungal *toxicity* of benomyl and BCM to some edible fungi and pathogenic organisms causing major diseases of mushroom Agaricus bisporus (Lange) Sing. 101597
The development of pesticide use and the hygienic work conditions *[Toxicity* **hazards,** safety measures]. 102665
Toxic **heavy** metal effects in submerged plants [as an indicator of water pollution]. 104656
On biochemical mechanism of triazine **herbicides** *toxicity:* effect on the gluconeogenic activity in poultry liver. 097867

Analysis of T-2 *toxin* (and **HT-2** toxin) [in milk] by mass fragmentography. 094866
Vitamin C *toxicity* [for **humans** at high dosage level]. 095185
The effects of intravenous injection of small amounts of copper sulphate in Nubian goats *[Toxicity* of **inorganic** copper]. 097816
Toxicity of **insecticides** for the caterpillars of the beet webworm [Loxostege sticticalis, pest of various crops, trees and shrubs]. 102250
Toxicity of **insecticides** for the caterpillars of the beet webworm [Toxostege sticticalis]. 102339
A study of the effects of DDVP [dichlorvos] (propoxure) on laboratory mouse **[Insecticides,** *toxicity].* 102676
Effect of small Valexone [phoxim] doses on calf organisms [Organophosphorus **insecticides,** *toxicity].* 102677
Toxicity of some **insecticides** to Daphnia carinata King, an important link in the food chain in the freshwater ecosystems. 102699
Effect of organophosphate DDVP [dichlorvos] on acetylcholine synthesis of rat brain **[Insecticides,** *toxicity].* 102721
Lead *toxicosis* in cattle. 097848
Toxaphene: **livestock** *toxicity* & tissue residues. 097871
Mammalian *toxicity* of helenalin, the toxic principle of Helenium microcephalum DC (small-head sneezeweed) [Sheep, laboratory animals]. 097779
Estimation of combined residues of carbofuran (furadan) and its *toxic* **metabolites** by enzymatic method [Insecticides]. 102759
Triterpenes of *toxic* and **non-toxic** taxa of Lantana camara. 099714
Screening of rice cultivars for tolerance to Al *[aluminum]toxicity* in **nutrient** solutions as compared with a field screening method. 101837
Acute **oral** *toxicity* of hexachlorocyclohexane (BHC) in albino rats [Chlorinated hydrocarbon insecticide]. 102700
Screening by negative chemical ionization mass spectrometry for environmental contamination with *toxic* **[pesticide]** residues: application to human urines. 102762
Toxicity of **pesticides** sprayed over plant aerial parts to Diaeretiella rapae (Hymenoptera: Aphididae) under laboratory conditions. 102235
Studies into **prenatal** *toxic* action of parathion-methyl in Wistar rats and comparison with prenatal toxicity of cyclophosphamide and trypan blue. 097790
Mammalian toxicity of helenalin, the *toxic* **principle** of Helenium microcephalum DC (small-head sneezeweed) [Sheep, laboratory animals]. 097779
The influence of atmospheric gases on growth and *toxin* **production** of sterigmatocystin and patulin-producing molds. 094947
On the mechanism of pyrogenic action of ricin [the *toxic* **protein** of castor oil seeds]. 099711
Sensitivity of honeybees to [the aphicide] Pirimor **[Pyrimicarb,** *toxicity].* 103274
Effects of locoweed [Astragalus lentiginosus] *toxin* on **rats.** 097778
Plant resistance to aluminum *[toxicity]* in **relation** to cation characteristics of the root systems. 100039
2-aminobutane [Fungicides, *toxicity,* **residue** analysis]. 102654
Chlorothalonil [Fungicides, *toxicity,* **residues].** 102628
Dinitramine [Herbicides, *toxicity,* **residues].** 102630
Dinobuton [Acaricides, fungicides, *toxicity,* **residues].** 102631
Ethirimol [Fungicides, *toxicity,* **residues].** 102632
Formothion [Organophosphorus insecticides, **residues,** *toxicity].* 102633
Isopropalin [Herbicides, *toxicity,* **residues].** 102634
Karbutilate [Herbicides, *toxicity,* **residues].** 102635
Metoxuron [Herbicides, *toxicity,* **residues].** 102640
Oryzalin [Herbicides, *toxicity,* **residues].** 102641
Pirimiphos-ethyl [Insecticides, *toxicity,* **residues].** 102643
Pronamide [Herbicides, *toxicity,* **residues].** 102646
Prothoate [Insecticides, *toxicity,* **residues].** 102647
Pyrethrum [Insecticide, *toxicity,* **residues].** 102648
Thiometon [Aphicides, *toxicity,* **residues].** 102650
Effects, uptake, and metabolism of methoxychlor, mirex, and 2,4-D in seaweeds [Ulva, Enteromorpha, **Rhodymenia,** *toxicity].* 102681
The **short-term** *toxicity* of some feed additives to different freshwater organisms. 095998
Triterpenes of toxic and *non-toxic* **taxa** of Lantana camara. 099714
Study of the effect of admixtures on the *toxicity* of **technical** chlorophos for house flies. 102599
Application of the algal assay procedure in biostimulation and *toxicity* **testing** [in natural waters]. 104492
Roadside hay harvests. Is lead *[toxicity]* a **threat?** 096002
Teratological evaluation of FD&C Red No. 2—a collabotative government-industry study. IV. NCTR's [National Center for *Toxic* **Toxicological** Research] study [Rats]. 097828
Biotransformation, sex hormones, and *toxicity* of **two** volatile anesthetics in mice. 097820
Studies of lesions produced in the brains of colostrum deprived lambs by Clostridium welchii (Clostridium perfringens) **type** D *toxin.* 097401
Vitamin C *toxicity.* 095186
Intoxications of forages in the Irno valley and new relations between idioblast [cell] function and tumors [Polluted irrigation **water** *toxicity].* 101828
Brisket edema: *toxic* **weeds** [Senecio] can cause disease in [beef] cattle. 097806

TOXICOLOGY

Toxicological **assessment** of hexachlorobiphenyl isomers and 2,3,7,8-tetrachlorodibenzofuran in chicks. I. Relationship of chemical parameters. 097864
Toxicological **assessment** of hexachlorobiphenyl isomers and 2,3,7,8-tetrachlorodibenzofuran in chicks. II. Effects on drug metabolism and porphyrin accumulation. 097865
Clinical *toxicology* in emergency clinics: concepts and case reports. 097781
Safety evaluation of chemicals in food: *toxicological* **data** profiles for pesticides. I. Carbamate and organophosphorus insecticides used in agriculture and public health. 094819
Teratogenic and *toxicological* **effects** of 2,4,5—trichlorophenoxyacetic acid [herbicide] in developing chick embryos. 097795
The service of **industrial** *toxicology* in analyzing the air and noise protection. 104634
Environmental behaviour and *toxicology* of **[plant** and animal] waxes. 095437
Some *toxicological* **properties** of alternative insecticides in Colorado potato beetle [Leptinotarsa decemlineata] control in the light of laboratory experiments. 102463
Quality deteriotiation in feed caused by fungi. III. *Toxicological* **survey** of the Hungarian fungus flora. 096005
Teratological evaluation of FD&C Red No. 2—a collabotative government-industry study. IV. NCTR's [National Center for **Toxic** *Toxicological* Research] study [Rats]. 097828
Toxicology of **vindesine** (Desacetyl vinblastine amide) in mice, rats, and dogs. 097831

TOXOCARA

Transplacental migration of *Toxocara* **canis** larvae in experimentally infected mice. 097420

TOXOPLASMA

Toxoplasmosis in **dasyurid** marsupials. 097437
Report on the drawing of blood from small animals, to be **examined** for *toxoplasmosis.* 097493
Effects of pyrimethamine and sulfadiazine on the intestinal development of *Toxoplasma* **gondii** in cats. 097218
Toxoplasma **gondii** antibodies in free-living African mammals. 097436

TOXOPTERA

Citrus dieback [caused by mycoplasma-like organisms, transmitted by *Toxoptera* **citricidus].** 101717

TRACE

Determination of *trace* **amounts** of phosphate in water extracts of soils. 103724
Citric acid fermentation in Egypt. VII. Interaction between ethanol and *trace* **elements.** 095398
Determination of *trace* **elements** and their distribution in different fractions of the soil. IV. Meridional Brown Earth. 103674
Determination of *trace* **elements** and their distrubution in different soil fractions. V. Rendzinas. 103675
The rapid determination of *trace* **elements** in soils and plants by X-ray fluorescence analysis. 103782
Tracer **experiments** on the effect of micronutrients on the growth of Porphyra [Algae] plants. II. Manganese-54 and zinc-65 assimilation in relation to environmental factors. 099590
Tracing the **loadstone** [Groundwood development, pulping]. 098278
Analysis of *trace* **pollutants** in the air by means of cryogenic gas chromatography. 104532
Heavy metals and **related** *trace* elements [Water pollution]. 104557
Scientists *trace* ancient nitrogen in deep Nebraska soils. 103740
Need and prospects for using *tracer* **techniques** in fruit breeding. 099309
Tracer **techniques** in plant breeding programmes [Wheat varieties]. 099314
Use of *tracer* **techniques** to study yield components in seed crops [for breeding, wheat]. 099315
Enzymes in biogenesis of plant cell wall polysaccharides enzyme characterization using *tracer* **techniques** [Lilium, maize]. 099794
Tracer **techniques** for the study of host [plant]-parasite relations [Infection by Uromyces phaseoli, viruses, breeding of disease resistant varieties]. 101914
Experiments with *trace-element* **treatments** on Hungarian peatsoils. 103876

TRACHEAL

Growth, cytopathogenicity and morphology of Mycoplasma gallisepticum and mycoplasma gallinarum in *tracheal* **explants** [Chick embryos]. 097397
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, turkey poults, *tracheal* **organ** cultures and embryonated fowl eggs. 097595

TRACHEIDS

Investigation of cellulose fibre structure by means of new preparation technique. III. Some features of **spruce** *tracheid* structure in contact points with rays. 098324
Investigation of cellulose fibre structure by means of new preparation technique. IV. Inner layer structure of **spruce** *tracheid* secondary wall. 098325
On connection of morphological structure of spruce **wood** *tracheids* with lignin content in unbleached sulphite pulps. 098342

TRACKING

Track **autoradiography:** a method for the determination of phytoplankton species productivity. 099854
Study of a *track-marking* **device** in machines for applying fertilizers. 103629

TRACT

An ecological exploration of an extremely **arid** *tract* of Rajasthan. 098809
Studies on fertilizer requirement of selected new and promising rice varieties in **coastal** *tract* of Karnataka. 104110
Metabolic function of the **digestive** *tract* of embryos in mammals as a form of its participationin the processes of uterine nutrition. 096558
A preliminary study of a virgin **forest** *tract* of the Cumberland Plateau in Laurel County, Kentucky. 098839
Formation and growth of the **gastrointestinal** *tract* in swine during embryonic development. 096580
Behaviour of foreigh bodies in the **gastrointestinal** *tract* of dogs. 097842
Baculovirus-like particles in the **reproductive** *tracts* of female parasitoid wasps [Cardiochiles nigriceps, Microplitis croceipes, Chelonus texanus parasitoids of the budworm, budworm, Heliothis virescens]. 102295
Irrigation and fertilizer needs of wheat in clay loam soil of **Tarai** *tract* of Uttar Pradesh. 103998
Rural settlements and their patterns in the western **Trans-Yamuna** *tract* of Uttar Pradesh. 094107
Evaluation of anti-bacterial action of some medicinal plants used in the treatment of **urinary** *tract* infections. 099732

TRACTORS

Most *tractor* **accidents** are due to lack of [operational] skill. 103347
Studies on the protective frame for **agricultural** *tractors.* Large type tractors in Hokkaido. 103466
Studies on the safety of operating **agricultural** *tractor.* 103467
Deep plowing with the B 371 cultivator and the K 700 Soviet **all-tire** *tractor* for pulling. 103447
Implements, machines and *tractors* for **carrying** out forest regeneration work in the zone of conifer forests in the Russian Soviet Federative Socialist Republic. 103588
Study of dynamic qualities of a T-270 **caterpillar** *tractor-model.* 103544
Dependence of tractive indices of a **caterpillar** *tractor* from unit pressure on the soil when operating on slopes. 103611
Experimental study of the effect of weight on tractive indices of a model of a **caterpillar** *tractor* of 50 KN class. 103619
The county 1454 *[Tractors,* **design].** 103569
Development of a *tractor* **drawn** field rake. 103443
Studies on human body response to vibration during **driving** a *tractor.* 103464
Power brakes for trailer safety *[Tractor* **equipment].** 103568
Methodology of studying the technological effectiveness of *tractor* and **farm** machinery constructions in relation with their unitization. 103532
Unitizing caterpillar **farm** *tractors* working on slopes. 103639
Operation and technical service of the [farm] machinery and *tractor* **fleet** (Methodological draft for schools of qualification improvement of agricultural personnel). 103475
Study and proving of the composition of non-documented information for operational management of the *machine-and-tractor* **fleet** in a farm. 103543
Utilization of machinery based on a system of operational management of a machine and *tractor* **fleet** [on farms]. 103641
Studies on the steering characteristics of *tractor.* II. **Frequency** response. 103465
Tractor **gears.** 103432
The **Kubota** L285 *tractor.* 103564
Tramlines for *tractors* **[Method** of wheat growing]. 100723
Electrical system for automatic regulation of the engine and hydrostatic transmission of **MT3** *tractor.* 103524
Loaded and high-speed operation conditions for D-50 engine and **MTZ-50** *tractor* used on major operations of growing maize. 103530
Construction features of **new** *tractors* [Training draft for agricultural professions requiring a large number of workers]. 103473
Target material costs of *tractors* **operation** per hour. 094426
Target material costs of *tractors* **operation** per hour. 094427
Calculation of statical characteristics of sensors in systems of automatic regulation of power conditions for the **operation** of a *tractor.* 103518
Distribution of the load on running gears of *tractors* during **operation** with trailer-type machines. 103614
Methods and results of an analysis of machine and *tractor* **parks** in agricultural cooperatives, state farms and their cooperative department of crop production. 103450
Investigation on hauling [of logs] on *tractor* **paths;** fundamentals and derivation of bases for calculations. 098183
Findings on the center of gravity coordinates of *tractors* with **pneumatic** wheels. 103583
Analusis of the effect of a hydraulic magnifier of hitching weight of a *tractor* on the **power** indices of a unitized implement. 103607
Technical and economic basis for a type of hitching for farming a unit with K-701 *tractors* **saturated** with power. 103635

Device for treatment of cotton plots with defoliants and desiccants in field experiments using *tractor* **sprayers.** 103600
An approach to the assessment of *tractor* **stability** on rough sloping ground. 103456
Experiences of the Machine and *Tractor* **Station** Dolni Herspice with the organization of harvest. 094287
Effective unitizing and operation conditions of a **T-150K** *tractor* used for plowing. 103523
Optimal operation conditions for a **T-150K** *tractor* used for spring field operations. 103536
Study of the force effect of a plow mounted on **T-150K** *tractor* with the utilization of an electronic computer. 103547
Unitizing conditions and the operation reliability of a **T-150K** *tractor* with an attached plow. 103557
Effectiveness unitizing of the K-700 *tractor* for **transportation** operations in relation to the dynamics of acceleration. 103617
Agrotechnical indices of *tractors* of the **5ts** class of draft in general farm operations. 103605
Studies on the protective frame for agricultural tractors. Large **type** *tractors* in Hokkaido. 103466
Unitizing *tractors* in combined soil tillage preceding the sowing of winter crops. 103640
Bases for a systemic analysis and the optimization of *machine-and-tractor* **units.** 103517
Shift productivity of machine and *tractor* **units** and factors affecting it. 103623
Getting the most from **4WD** *tractors.* 103562
Power expenditure for operating a **wheel** *tractor* of the I,4 TS class on a snow-covered road with a blocked drive of the driving wheels. 103537
Effect of kinematic parameters of a mounted device on the indices of a unit including a **wheel** *tractor.* 103616

TRADE

U.S.-Mexican **agricultural** *trade* levels off after two record-breaking years. 094520
Development of production and flow of *trade* of **animal** products in the European Community. 094561
Development of production and flow of *trade* of **animal** products in the European Community. II. 094562
Daily **commodities** *trade* in Sweden, 1973 [Food]. 094575
Utilization of soy protein in the European **Community** *[Trade].* 094508
Critical resource decisions: *trade-offs* and **consequences** [Utilization of forest resources]. 098023
North Africa anticipating near-record wheat **crops** *[Trade].* 094539
Dairies should not underestimate traditional milk and **food** *trade.* 094498
MNF, cooperation and Scandinavia [**Food,** *trade].* 094577
Outline of **food** *trade* in Denmark. 094578
Microbiological hazards of international [**food**] *trade.* 094923
The "thirds" idea in marketing [Commodity **futures** *trading,* contracts, and on-farm storage]. 094601
Opportunities for U.S. Seed in **Greece** *[Trade].* 094540
Increased *trade*—reduced growth. 094576
Mechanical tenderization of meat in the HRI [Hotel, Restaurant and **Institutional**] *trade.* 095711
A spatial equilibrium model for plant location and **interregional** *trade* [Soybean industry in India]. 094664
EC [European Community] on U.S. Tariff plan highlights MTN [**Multilateral** *Trade* Negotiations] problem. 094530
Drought in Western Europe [Effects of drought on farm **output** and *trade].* 094529
Effects of *trade* **policies** on competition between Florida and Mexico in the U.s. winter cucumber market. 094612
Summary of *trade* **policy** [Agricultural commodities]. 094580
China's crop outlook dims [**Production** *trade].* 094525
Burley marketing and *trade* **seen** to be improving [Tobacco]. 094524
American and EEC [European Economic Community] views conflict in *trade* **talks.** 094502
Unmask your true costs with *'trade-off'* **techniques.** 095286
Philippine copra crop and *trade* up. 094541
Gain forecast for world meat production this **year** *[Trade].* 094534

TRADEMARKS

New herbicides [Methazole, *trademark* **PROBE].** 102212

TRADESCANTIA

Cytogenetic effects of 5-fluorouracil. V. Induced meiotic abnormalities in *Tradescantia* **paludosa.** 099126
Cyclic AMP [adenosine monophosphate]-induced elongation of pollen tubes in *Tradescantia* **paludosa.** 099528

TRAILER

Agricultural **high-lift** *trailer* NZ 700 H with hydraulic tipping mechanism. 103493
Prospects of saddle-type **lorry** *trailers* in agricultural transports. 103502
Distribution of the load on running gears of tractors during operation with *trailer-type* **machines.** 103614
Power brakes for *trailer* **safety** [Tractor equipment]. 103568
A *trailer* P 1001.S, for **Tatra** farm trucks. 103492
Semi-mounted **tipping** *trailers* for trucks in farm haulage. 103505

TRAINING

From the experience of Socialist countries: training and *retraining* of [**agricultural**] personnel [in Eastern Europe]. 094067
Some problems of *training* [**agricultural**] personnel for professions requiring a large number of workers. 094072
Training and *retraining* of [**agricultural**] personnel during the tenth Five-Year-Plan. 094075
Training and *retraining* of [**agricultural**] specialists for production management. 094273
Our experience from a school in the German Democratic Republic, at which staff of lower and medium qualification is *trained* [**Agricultural** mechanization]. 103499
Construction features of new grain-harvesting combines (Methodological drafts for *retraining* **combine** operators). 103471
Construction features of new grain-harvesting combines (Methodological draft for *retraining* **combine** operators). 103472
Construction features of new tractors *[Training* **draft** for agricultural professions requiring a large number of workers]. 103473
Physiological and biochemical alterations in skeletal muscle with **exercise** *training* [Rats]. 096520
Forestry *training* and research in Spain. 097875
Contents of plastid pigments in grape leaves in high- and *low-trained* **grapevines.** 100427
Studies on the size and dispositon of the root system in low- and *high-trained* **grapevines** with varying inter-row distances. 100442
Effect of microclimate on some fungus diseases of **high-and** *low-trained* grapevines [Oidium tuckeri, Botrytis cinerea]. 101427
Training small groups: how to get your *trainees* more **involved.** 095318
Cooperative [farming] *training* in **Italy:** communities build their own future. 094192
On the basis of conclusions from practice *[Training* **management** personnel for agriculture]. 094268
Training **needs** in 1890 [black land-grant] institutions [Extension]. 094064
Small group skills: how to develop them in your **new** *trainers.* 095317
Efficient methods and practices of labor (for training and *retraining* of **operators** of machine milking of cows). 103474
Train in **order** to transform: some experiments made with the agreement of the Office for the Development of Agricultural Poduction. 093951
Nutrition education and *training.* **Part** II. 095029
Urgent problems of *training* **personnel** for water resources management. 104346
Training your **pig** to show. 096091
Training **plays** key role [Carya illinoensis]. 101220
Further development in the education and **professional** *training* of youth as one of the conditions of industrialization of agricultural production and transformation of daily life. 094017
Help! my *training* **program** bombed... And it could happen to yours. 095315
Possibilities and limits in the determination of *training* **requirements** in agriculture. 093975
From the experience of Socialist countries: *training* and **retraining** of [agricultural] personnel [in Eastern Europe]. 094067
Training and **retraining** of [agricultural] personnel during the tenth Five-Year-Plan. 094075
Training and **retraining** of [agricultural] specialists for production management. 094273
Efficient methods and practices of labor (for *training* and **retraining** of operators of machine milking of cows). 103474
What's right and wrong with your *training* **room** environment. 095320
The national **sanitation** *training* program: Canadian Restaurant Association's answer to safe and sanitary foodservice. 095356
Training **small** groups: how to get your trainees more involved. 095318
Training **small** groups: how to structure them for better results. 095319
Management and **staff** *training* [Dairy]. 094339
Without leave from work *[Training* **system** in the Leningrad Agricultural Institute of Correspondence Education]. 094076
Correspondence economic faculty [of the All-Union Agricultural Institute of Correspondence Education, *training* **system].** 094154
The need for **systematic** *training* of butter inspectors. 094885
Nutrition education and *training.* II. 095028
Veterinary *training* for the tropics with particular reference to Australian experience. 097212

TRANSAMINASES

Differential properties of two molecular forms of **4-aminobutyrate-2-ketoglutarate** *transaminase* (GABAT) from pig brain. 096341
Organelle-specific isozymes of **aspartate-alpha-ketoglutarate** *transaminase* in spinach leaves. 100547

TRANSCARBAMYLASE

Study of nitrogenous metabolism of the Aleppo pine (Pinus halepensis Mill.) **ornithine** *transcarbamylase* and the ornithine cycle. 100630

TRANSDUCERS

Transducer of the **discharge** of grain mass for automatic regulation of operating conditions for an electrostatic separator. 103556
A **pressure** *transducer* [for soil compaction study]. 103649

TRANSECTION

Midsummer standing crops of wetland sedge meadows along a *transect* from **forest** to prairie. 098813

TRANSFER

Rate of *transfer* of C14 [**carbon** isotope] from dicarboxylic acids to the pentose phosphate cycle as a function of the ratio of malate and aspartate and disposal of the chloroplasts in C [carbon]-4 plants. 099996
Occurrence of *transfer* **cells** in vascular parenchyma of Hieracium florentinum roots. 098929
Two methods for preserving agricultural land at the urban fringe: Use-value assessment and *transferable* **development** rights. 094125
Structural effects on cytochrome **electron** *transfer:* properties of HP1-65 from horse heart cytochrome C. 096264
Embryo *transfer:* how can it be applied in cattle breeding? 097023
Energy *transfer* in photosynthesis [A theoretical model]. 099541
Spectral properties of system I-deficient mutants of Chlamydomonas reinhardi [Algae]: Possible occurrence of uphill **energy** *transfer.* 099552
Energy *transfer* and surface temperature over plants and animals. 100001
Continuous **flow** *transfer* chamber [used in phytopathology]. 102037
Heat *transfer* in meat. 095710
Heat *transfer* characteristics of rectangular [carton-packed spinach] products. 095945
Effect of infrared transparency on the **heat** *transfer* through windows: a clarification of the greenhouse effect. 103393
Transfer of **hypogammaglobulinemia** in two inbred chicken strains by spleen cells from bursectomized donors [Immunosuppression]. 097413
The isolation of a new, low-potential, **iron-containing** *electron-transfer* protein from rumen bacteria. 096228
Mass *transfer* and scale-up in fat hydrogenation. 095466
Analytical notes—hard- vs soft-water effects on the *transfer* of **metallic** ions from intestine. 104329
Mechanisms of **methyl-carbon** *transfer* from S-methylcysteine to pectin in Chinese cabbage (Brassica pekinensis Rupr.). 100542
Kinetic studies of Rhus vernicifera laccase: Evidence for **multi-electron** *transfer* and an oxygen intermediate in the reoxidation reaction. 099545
Boophilus microplus: **passive** *transfer* of resistance in cattle. 102592
Intercellular exchange problems in the bryophytes protonemata: evidence for *transfer* **phenomena** [Ceratodon purpureus, Musci]. 099595
Electron-transfer **reactions** involving chlorophyll a and carotenoids. 099659
Transfer of **restorer** genes over a new genetic background in sunflower (Helianthus annuus L.). 099154
A method using aminoacylation of *transfer* **ribonucleic** acid (tRNA) from wheat embryo and isotope dilution for screening of genotypes with improved protein content and quality. 099307
Anticodon loop sequences of *transfer* **RNA** Ser/CGA and transfer RNA Ser/IGA from the posterior silkgland of Bombyx mori L. 103227
The role of organic matter and soil moisture in the process of cesium-137 and cerium-144 [isotopes] *transfer* from **soil** into a solution [Radioactive contamination]. 104650
Agricultural **technology** *transfer.* 094092
Innovation **technology** *transfer* and nomadic pastoral societies [Land use, rangeland management]. 094248

TRANSFERRIN

Chromosomes, hemoglobins, and *transferrins* of **Iranian** domestic sheep. 096946
A *transferrin* **variant** Tf I in crosses of the wild and domestic pigs. 096855

TRANSFORMATION

Age *transformation* of the energy exchange in the organism of broilers. 096553
Benzimidazole pesticides: **analysis** and *transformations.* 101515
Postharvest **carbohydrate** *transformations* and processed quality of high sugar maize genotypes. 094870
Uptake of exogenous metabolites by *virus-transformed* **cells:** changes induced by temperature and pH [hydrogen-ion concentration, chick embryos]. 097233
Neutral protease activity of Rous sarcoma (RSV) *transformed* **chick** embryo fibroblasts. 097394
Further development in the education and professional training of youth as one of the conditions of industrialization of agricultural production and *transformation* of **daily** life. 094017
Is the chemomechanical **energy** *transformation* reversible? [Lethocerus maximus]. 103072
Train in order to *transform:* some **experiments** made with the agreement of the Office for the Development of Agricultural Poduction. 093951

Temperature-sensitive changes in surface modulating assemblies of **fibroblasts** *transformed* by mutants of Rous sarcoma virus. 097585
Application of 15N [nitrogen isotope] pulsed **fourier** *transform* nuclear magnetic resonance spectroscopy to biosynthetic studies; incorporation of L-15N] valine into penicillin G [Penicillium chrysogenum, Fungi]. 099654
Genetic *transformation* in a blue-green alga, Aphanocapsa. 099129
Genetic *transformation* and "Graft-hybridization" in flowering plants [Tobacco]. 099413
The use of 'normal' and *'transformed'* **gynandromorphs** in mapping the primordial germ cells and the gonadal mesoderm in Drosophila. 102970
Effect of calcium on **hyperhydric** *transformation* of Jerusalem artichoke tissues grown in vitro. 100400
Peasantry in the modern world: a *transformed* **land** [North Korea]. 094158
Light-induced *transformations* of methoxychlor [insecticide] in aquatic systems. 102711
Influence of plants on **nitrogen** *transformation* in soils. 103759
A laboratory study on the pattern and mode of urea **nitrogen** *transformation* in the soil. 103888
The use of genome of rye in the *transformation* of **plant** heredity. 099398
Progoitrin [the main thioglucoside of rapeseed] *transformation* **products.** I. 095839
Biotransformation, **sex** hormones, and toxicity of two volatile anesthetics in mice. 097820
Transformation of **sugars** and amino acids during the chemical preservation of meadow plants [Silage]. 096024

TRANSFUSION

Studies on the central venous pressure in the dog. II. Changes of central venous pressure following **fluid** *transfusion.* 1. Infusion of dextran 70 and lactated Ringer's solution to normal dogs. 096534
Transfusion **tracheides** and mestoma sheath in Barbacenioideae (Velloziaceae). 098896

TRANSHYDROGENASE

Nicotinamide **nucleotide** *transhydrogenase* [Mitochondria]. 096337

TRANSLATION

Recessive nonsense-suppression in yeast [Saccharomyces cerevisiae: further characterization of a **defect** in *translation.* 099720
Ribosomes and *translation* **factors** from isolated spinach chloroplasts. 099023
Evaluation of the usefulness of discoidal **point** *translation* in honeybee [Apis mellifera] systematics. 103269
Analysis of alfalfa mosaic virus 17S **RNA** *translational* products. 101811
In vitro and in **vivo** *translation* of the ribonucleic acids of a cowpea strain of tobacco masaic virus. 101813

TRANSLOCATION

Systemic uptake and *translocation* of **bavistin** and calixin in peanut (Arachis hypogaea L.) seedlings. 101521
Calcium *translocation* in Tillandsia balbisiana Schult. (Bromeliaceae) [Nutrition]. 099587
A histological study of embryonic death caused by heterozygosity for the T26H reciprocal **mouse** *translocation.* 096943
A **new** *translocation* in barley resulting in a cytologically market karyotype [Chromosomal mutations]. 099348
Spontaneous formation of *translocation* and **nonhomologous** pairing of chromosomes in Drosophila melanogaster. I. Production and genetic analysis of females containing Y-2 semitranslocations. 103098
Spontaneous formation of *translocations* and **nonhomologous** pairing of chromosomes in Drosophila melanogaster. II. Genetic analysis of b pr individuals and study of distribution over the cultures of individuals with semitranslocations Y2. 103099
Rapid propagation of changes in velocity of *translocation* among the **phloem** pathway of Helianthus annuus L. [Sunflowers]. 100095
Translocation of the **potato** viruses Yn and Yo in some potato varieties. 101792
Absorption and *translocation* of **86Rb** [rubidium isotope] in relation with leaf senescence [Tobacco]. 100140
Investigations into the uptake, *translocation* and **residue** dynamics on the growth retardant B-9 (succinic acid dimethylhydrazide) with the 'Altenburger Melonenkursche' cherry variety. 100362
15N [nitrogen isotopes] absorption and *translocation* by **Satsuma** mandarin orange trees. III. Behaviour of nitrogen supplied in early spring. 100397
15N [nitrogen isotope] absorption and *translocation* by **Satsuma** mandarin orange trees. IV. Behaviour of nitrogen supplied in early summer. 100398
Identification of the *1/29-translocation* in the **Swedish** Red and White (SRB) cattle breed by utilization of new staining techniques. 096913
Sterility and lethality in crosses involving **two** *translocation* heterozygotes [for control] of the German cockroach, Blattella germanica (L.). 102528

TRANSMISSION

Laboratory trials with insecticides, mineral oil and their combination to reduce **aphid** *transmission* of non-persistent viruses [to plants]. 101727
Contribution to the study of contamination of foods by cadmium. I. Evaluation of *transmission* of **cadmium** by containers. 094800
Probability evaluation of the reliability of *transmission* **chains** [Stationary feeders]. 103539
Chromosome *transmission* and morphology of three primary trisomics in soybeans (Glycine max). 099136
Report of the subcommittee on avian influenza to the committee on *transmissible* **diseases** of poultry. 097572
A witches'-broom [mycoplasma] disease of jujube from India *[Graft-transmissible* **diseases].** 101783
Intercellular bridges of chick blastoderm studied by scanning and *transmission* **electron** microscopy. 096350
Transmission **electron** microspore study of the spore wall architecture in the genus Inocybe (Agaricales, Basidiomycetes) [Fungi]. 098924
Colonization of soil by Arthrobacter and Pseudomonas under varying conditions of water and nutrient availability as studied by plate counts and *transmission* **electron** microscopy. 103703
Energy *transmission* on the operator and machine system. 103462
Relationship of feed intake and ration digestibility to **estimated** *transmitting* ability, body weight, and efficiency in first lactation [Cows]. 096710
Enzootic leukosis in cattle in Italy. Personal observations and experiments for **experimental** *transmission* [Virus]. 097304
Prevalence and **experimental** *transmission* of bovine piroplasms in the Netherlands [Protozoan diseases, ticks as insect vectors]. 097633
Experimental *transmission* of congenital tremors in swine. 097755
Schellackia landauae sp. Nov. (Eimeriorina: Lankesterellidae) in the Brazilian lizard Polychrus marmoratus (Iguanidae): **experimental** *transmission* by Culex pipiens fatigans. 102602
Isolation and identification of the *transmissible* **gastroenteritis** virus of swine on cell culture. 097278
In vitro differentiation ane pH [hydrogen-ion concentration] sensitivity of field and cell culture-attenuated strains of *transmissible* **gastroenteritis** virus [Piglets]. 097381
Transmission of **hog** cholera virus by flies: recovery of virus from flies following exposure to infective blood. 097581
Electrical system for automatic regulation of the engine and **hydrostatic** *transmission* of MT3 tractor. 103524
Vertical transmission as an unrecognized problem in *transmission* of **infection** [using cattle as a model]. 097353
Potential **insect** *transmission* of Scleroderris lagerbergii by scolytid beetles [Pinus banksiana, insect disease vectors]. 101559
Foot-and-mouth disease in white-tailed deer: clinical signs and *transmission* in the **laboratory.** 097563
Observations on the *transmissibility* of **lentogenic** strains of Newcastle disease virus: significance of variables [Chickens]. 097264
Automatic monitoring of a circadian rhythm of change in **light** *transmittance* in Ulva [lactuca latissima]. 099942
Genetic and vaccination-induced resistance of chickens to lymphoid tumor transplants. 2. *Transmissible* **lymphoid** tumor of Olson. 097260
The exploitation of *transmissible* **plasmids** to study the pathogenesis of Escherichia coli diarrhoea [in calves, piglets, lambs]. 097629
A study on **Salmonella** *transmission* in pigs in an industrialcomplex. I. Salmonella finds in faecal samples and fodder mixtures. 097355
A study on **Salmonella** *transmission* in pigs in an industrialcomplex. II. Salmonella finds in killed and dead pigs. 097356
A study on **Salmonella** *transmission* in pigs in an industrialcomplex. III. Salmonella finds in the placentae of the pig dams and in the meconium of their piglets. 097357
On the *transmission* of **Salmonella** abortusovis in rats. 097366
A study on the mechanism of **salmonellosis** *transmission* in birds [Chickens, Salmonella typhimurium]. 097358
Seed *transmission* of cherry leaf roll virus in black cherry (Prunus serotina Ehrh.). 101824
Simultaneous *transmission* of broadbean wilt and cucumber mosaic viruses by single Myzus persicae (Sulz.). 101825
Soil *transmission* of Petunia asteroid mosaic strain of tomato bushy stunt virus. 101774
Culverts and **trypanosome** *transmission* in the Serengete National Park (Tanzania). III. Studies on the genus Auchmeromyia Brauer and bergenstamm (Diptera: Calliphoridae). 103133
Vertical *transmission* as an unrecognized problem in transmission of infection [using cattle as a model]. 097353
Transmission of **viruses** through boar semen. 097553
Effects of drying on the *transmissibility* of **wheat** spindle streak mosaic virus in soils from wheat fields in Ontario. 101738
Studies on quantitative aspects of the *transmission* of **Wucheria** bancrofti [Anopheles gambiae, Culex fatigans]. 102617

TRANSPARENCY

Effect of **infrared** *transparency* on the heat transfer through windows: a clarification of the greenhouse effect. 103393
A new, lightweight, *transparent* **insect** cage [Vectors of Spiroplasma citri, the causative agent of stubborn disease of citrus, virus diseases]. 102384

TRANSPIRATION

The *transpiration* **expenditure** of a vineyard in connection with the energy balance of the plants. 100583
Antitranspirants: an **investment** or an unnecessary expense [in propagation of plants]. 101040
Lime chlorosis on photosynthesis and *transpiration* of **iron-inefficient** soybeans. 101879
Relationship between soil temperature and the *transpiration* of **maize** plants. 103659
Transpiration **measurements** in two cockroach species: Periplaneta americana and Blaberus trapezoideus. 103023
The application of silicone oil sprays as *antitranspirants* for **ornamental** plants. 100363
Energetics of **plant** *transpiration.* 099700
Influence of morphactins on stomatal opening and *transpiration* [of **plants].** 099531
Effect of concentration and time of application of **Polycot** *(antitranspirant)* on water use economy in dwarf wheat in Rajasthan. 100209
Nuclear techniques for determining biomass production, evaporation and *transpiration,* **root** development and nutritional value [in plant breeding]. 099311
Effect of abscisic acid at different levels of soil water potential on the *transpiration* of **Zea** mays [Maize]. 100252

TRANSPLACENTAL *see* PLACENTA

TRANSPLANTS

Effect of seeding date and *transplant* **age** on the economic results obtained from greenhouse mid-early tomato production [State prices, production expenses, net profit and rentability rate]. 094402
Transplantation of **bursal** stem cells into cyclophosphamide-treated chicks. Lymphoid repopulation of splenic structures [Immunodeficiency]. 097623
Bajra [pearlmillet] *transplanting* **compensates** for delayed sowing. 100817
Study of the herbicide metribuzin used for different tomato varieties **grown** by use of *transplants.* 102103
Growth of tobacco in the field as affected by removal of **leaves** at *transplanting.* 100743
Transplanting, **line** sowing and direct broadcast study with six padi varieties. 100914
Effect of late-season top dressing of N (and K) [nitrogen and potassium] applied to conifer [Picea sitchensis] *transplants* in the **nursery** on their survival and growth on British forest sites. 103964
How to *transplant* **[ornamental]** trees and shrubs. 101113
The influence of prostaglandin F-2alpha on pregnenolone metabolism by the *autotransplanted* **ovary** of the ewe. 096966
Defoliation of **pepper** *transplants* in transit by endogenously-evolved ethylene. 101196
Preliminary observations on *transplanting* and a **phenological** index of seagrasses. 101290
Biomass accumulation and the removal of nitrogen, phosphorus and potassium by spruce **[Picea]** *transplants.* 100641
Influence of *transplant* **pricking** off density on yield, earliness and production quality of some tomato varieties for early field production [Spacing]. 101144
Studies on the mechanization of *transplanting* **rice** seedlings. 100740
Link analysis for the **rice** *transplanting* mechanism [Velocity]. 103463
Effect of dates of *transplanting* and **spacings** on the yield of Aman paddy. 100773
Comparison of fall and **spring** *transplanting* of woody plants [Landscaping, varieties]. 101242
Technique of **tendon** *transplantation* by insertion in the race horse. 097134
Onions. Yield and storage quality as influenced by **time** of *transplanting.* 101267
Genetic and vaccination-induced resistance of chickens to lymphoid **tumor** *transplants.* 1. Marek's disease tumor transplant (JMV). 097259
Genetic and vaccination-induced resistance of chickens to lymphoid **tumor** *transplants.* 2. Transmissible lymphoid tumor of Olson. 097260
Control of root-knot nematodes [Meloidogyne] on tobacco with oxamyl through *transplant* **water.** 102012
Transplanting **wheat** under delayed conditions [in India]. 100826

TRANSPORTATION

Mutations in Neurospora crassa [Fungi] which affect multiple amino **acid** *transport* systems. 099546
Mechanism of an **active** *transport* of calcium. Ethoxyformylation of sarcoplasmic reticulum vesicles [Rabbit skeletal muscles]. 096426
Prospects of **agricultural** *transports.* 094737
Prospects of saddle-type lorry trailers in **agricultural** *transports.* 103502
Transport of **amides** of dicarboxylic amino acids from the roots to the leaves and renewal of proteins in different organs of corn seedlings. 100319
Role of **anion** *transport* in the regulation of metabolism. 096404
Fatty acid desaturase system of yeast [Saccharomyces cerevisiae] microsomes. Involvement of cytochrome **b5-containing** *electron-transport* chain. 099517
Brood *transport* by young workers of Tapinoma erraticum (Formicidae, Dolichoderinae): role of mechanical and chemotactic stimuli from the brood. 102839
Intestinal **calcium** *transport:* parathyroid hormone and adaptation to dietary calcium [Rats]. 096643

Transportation to or from the **central** wholesale market of Gifu City and movement of loads in the market [of farm products]. 094604
Chloride *transport* in Chara corallina [Algae] and the electrochemical potential difference for hydrogen ions. 099832
Transport of **combless** packages [of honeybees]. 103263
Progress in simulation of **contaminant** *transport* in porous media [in water resources]. 104619
Postharvest effect of modified levels of carbon monoxide, carbon dioxide, and oxygen on disorders and appearance of head lettuce [during *transportation* in **controlled** atmosphere]. 101923
Dairy *transport*, storage and distribution. 094495
Estimating the influence of service quality on *transportation* **demand.** 094470
Sugarcane harvester and *transport* **developments** in Florida, Texas and Louisiana. 103579
Comparative study of long **distance** *transport* of various radioelements in the thallus of Laminaria digitata (Linne) Lamourous [Algae]. 099607
Protecting the freezing of citrus fruits with packaging materials during *transportation* and **distribution** in a cold district. 095930
Biosynthesis, metabolism, *transport* and **distribution** of gibberellins [in plants]. 099773
Transportation of **dogs** and cats by aircraft. 096126
Planning of *transportation* and **economic** relations in the delivery of cognac. 094633
The effect of mono- and divalent cations on the quantum yields for **electron** *transport* in [spinach] chloroplasts. 100377
Uncoupling of **electron** *transport* by anionic quinonoid redox indicator dyes [Spinach]. 100517
Theoretical considerations of an industrial **field** *transport* system for fruit production [Mechanization]. 103410
Operations of for-hire livestock trucking **firms** *[Transportation]*. 094464
Hypobaric storage and *transportation* of **fresh** fruits and vegetables. 095901
Transport of **glucose** and glycine in Schizosaccharomyces pombe during the cell cycle [Yeasts]. 099814
Harvesting, *transport* and **handling** of straw in the German Democratic Republic. 103497
Exchange of experiences: higher economic efficiency in the **inland** *transportation* of finished [poultry- products. II. 094487
The mechanization of transport in vinyl house. VII. Automatic operation of the **inter-row** *transporting* car. 103469
Fungal ornithine esterases: relationship to **iron** *transport* [Fusarium roseum, Penicillium sp., Fungi]. 099536
Viability of horse embryos after storage and **long-distance** *transport* in the rabbit. 096972
Mechanical *transport* and automated handling of cheese at N. C.k. Meppel [Processing equipment]. 095642
Cycloleucine and **methyl-alpha-D-glucoside** *transport* in tissue sections of magnum mucosa of laying Japanese quail as affected by egg formation cycle. 096598
Regulation of cell metabolism by **mitochondrial** *transport* systems. 096403
Transport of **molybdenum** in mountainous streams, Colorado [Water pollution, cattle toxicity]. 104487
Effectiveness unitizing of the K-700 tractor for *transportation* **operations** in relation to the dynamics of acceleration. 103617
Movement of **pneumatically** *transported* material through a pipeline [Discharging-loading device]. 103533
Mixing and *transport* [of **pollutants**]. 104570
A motor lorry for the *transports* of **poultry** droppings AP-TH-PV3S. 103490
Transport of **ribosomal** RNA into the oocytes of the milkweed bug, Oncopeltus fasciatus. 103024
Investigation of **RNA** *transport* from nucleus to cytoplasm in Acetabularia mediterranea [Algae]. 099983
Pathways for chloride and **sodium** *transport* across toad skin. 096164
Inhibition of **sodium** *transport* by antiotensin II in the main duct of the rabbit mandibular gland isolated and perfused in vitro. 096498
Transport and **storage** of horticultural products. 095882
Messenger RNA synthesis, *transport*, and **storage** in silkmoth [Actias luna and Antheraea polyphemus] ovarian follicles. 102906
Effect of paraquat [a herbicide and preharvest desiccant] on carbon assimilation and *transport* by **sugarcane** leaves in white light and darkness. 102171
Economics of *transportation* of **swine** carcass halves [East Germany]. 094631
The movement of 2,4-dichlorophenoxy acetic acid in root segments of Pisum sativum L. [Peas]. II. Immobilisation and oscillations in **uptake** and *transport*. 100552
A technical-economical analysis for the determination of means of *transport* and **vehicles** most suitable for agriculture. 094734
The mechanization of *transport* in **vinyl** house. VII. Automatic operation of the inter-row transporting car. 103469
Water *transport* through plant tissue: the apoplasm and symplasm pathways. 099845
Water *transport* across peritrophic membranes of Calliphora erythrocephala. VII. 102896

TRAPS

Effect of temperature and humidity on the *trapping* of **alate** mustard aphid, Lipaphis erysimi (Kaltenbach). 102430
The utilization of **attracting** *traps* for the protection of forest stands from a curculionid pest of pine trees. 102516
The use of *traps* **baited** with live females as a tool for improving control programs of the spiny bollworm, Earias insulana Boisd., in cotton fields. 102347
Efficiency of a *trap* for **catching** and retaining insects emerging from standing water. 103066
An **emergence** *trap* for bark-dwelling insects, its efficiency and effects on temperature [Cydia pomonella]. 102910
Trap **filters** as safeguards of beer clarity in Anheuser-Busch plants. 095416
Light *traps* [of cotton insect pests], what are they and how do they work. 102360
Mercury, cadmium, zinc, copper and organochlorine insecticide levels in small **mammals** *trapped* in a wheat field. 102686
Trials for standardization of aphid flight survey with yellow water **pan** *trap*. II. Suitable location of water trap for catching alate aphids [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387
Trial in the control of the flight of the apple moth Laspeyresia pomonella L. by **pheromone** *traps*. 102411
Sexual *trapping*, a new method of crop protection [Insect pest control]. 102249
The **sparrow-mass** *trap* in practical use [Plant protection]. 101906
Trapping of the **spider** mite Tetranychus urticae by glandular hairs on the wild potato Solanum berthaultii. 102459
Trials for standardization of aphid flight survey with yellow water pan trap. II. Suitable location of **water** *trap* for catching alate aphids [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387

TRASH *see* WASTE

TRAUMA

Population dynamics of arterial smooth muscle cells. V. Cell proliferation and cell death during initial 3 months in atherosclerotic lesions induced in swine by hypercholesterolemic diet and **intimal** *trauma*. 096674
On the use of a glucocorticoid in canine **vertebral** *trauma*. 097794

TRAYS

Updating the success of an **automated** *tray* assembly line. 095343

TREES

Study on the properties of two strains of the necrotic ringspot virus (NRV) isolated from **almond** *trees* (Prunus amygdalus Stokes) grown in Bulgaria. 101753
The influence of soil biological factors on the mycelial growth of Fomes **annosus** *[Trees]*. 101453
Investigations on some biological and physiological behaviours of **apple** *trees* with overmoistening of the root-zone soil. 100436
Effect of microelements on the growth of **apple** *trees* in a nursery. 100498
Studies on regrafting of fruit-bearing **apple** *trees*. 101154
Parameters of high-yielding **apple** *tree* stands. 101256
Proceedings of the 1974 APDW [Apple and Pear Disease Workers] workshop on crown rot [Phytophthora cactorum] of **apple** *trees* [Held at Summerland, British Columbia, 16-17 August 1974]. 101384
Systems of soil management as influencing the growth behaviour of young **apple** *trees*. 104182
Big freeze. We now know more about the damage a hard freezedoes and what growers can do to save more *trees* [**Apples,** pears]. 101829
Physics and insect pheromones [Lymantria dispar, *trees*, **biological** control of the gypsy moth]. 102486
Tree **breeding** at the University of Tennessee, 1959-1975. 098075
The common **cashew** *tree* [Anacarelium occidentales], a [source of] wealth to be explored [in Angola]. 101244
Karyomorphological studies on some **cherry** *trees* in Japan. 099005
Uses and potential productivity of *whole-tree* **chippers.** 098424
Whole-tree **chipping** as viewed by the tree farmer and the industrial landowner. 098057
The effect of *whole-tree* **chipping** on site preparation and regeneration. 098145
Whole-tree **chipping.** 098425
Research in quality improvement of *whole-tree* **chips.** 098419
Electric heating—a reliable method of protecting **citrus** *trees* from frosts. 102035
The influence of temperature and humidity on the life-cycle of Ectomyelois ceratoniae (Zeller) (Lepidoptera: Phycitidae [Insect pests of **citrus** *trees*, nuts and stored products]. 102437
Residential traffic noise control using *tree-shrub-barrier* **combinations** [Windbreaks]. 104622
Utilization of forest residues, a segment of the **complete** *tree* concept. 098397
Phialophora parasitica associated with disease **conditions** in various *trees*. 101653
Interaction of the systemic insecticide BI-58 and the plant in the treatment of **coniferous** *trees* to control the pine weevil [Hylobius abietis]. 102510
The methodology of evaluating criterial parameters of the fluid jet from the monitor in chemical protection of generative organs of **coniferous** *trees*. 103590
New machine plants a thousand [deciduous fruit] *trees* a **day.** 101014
Protection of windbreaks from *[tree]* **diseases.** 102024
The export of **Dutch** *tree* nursery products during the period1964-1974. 094488
Elm *trees* [Ulmus, Ceratostomella ulmi]. 101372
Techniques for *tree* **establishment** [Planting]. 098121
Whole-tree chipping as viewed by the *tree* **farmer** and the industrial landowner. 098057
Elimination of effects of macroscopic environmental variations by multiple regression equation [**Forest** *trees* measurement]. 097967
Symposium on variation, breeding and conservation of tropical **forest** *trees* Oxford, April 1975, and Symposium on variation and breeding systems of Triplochiton scleroxylon (K. 098073
Operational aspects in the production of **forest** *tree* planting material. 098088
Expected genetic gains from **forest** *tree* breeding. 098096
Results of testing some **forest** *tree* and shrub species in the zone of southern Chernozems. 098105
Provenance testing and introductions [**Forest** *trees]*. 098119
The effect of the way of growing **forest** *trees* on the development of the root system of the pine. 098139
Atmospheric electricity and ionized condition of the air layer directly above the land surface as ecological factors of environment [for **forest** *trees]*. 098148
Origin and the evolutionary role of purple-leaf variations of **forest** *trees*. 098155
Population morphology of **forest** *trees*. 099046
Effects of artificial shading on the growth of **forest** *trees*. II. Differences in growth of Pinus densiflora seedlings during a growing season under shading. 100652
Pathogenic fungi as indicators for the identification of diversification in plants [**Forest** *trees]*. 101640
Aftereffect of herbicides on the weediness of **forest** *tree* plantings. 102128
Ergonomic aspects of planting machines [for **forest** *trees]*. 103440
South Carolina—1975 **fruit** *tree* survey. 094639
Utilization of calumpit [Terminalia edulis a **fruit** *tree]* asfood. 095862
Investigations into the primary production of **fruit** *trees* and their possible importance for the breeding of new varieties. 099459
Nutrition diagnosis of young stone **fruit** *trees*. 100504
Growth regulators for **fruit** *trees*. IV. The effect of SADH [succinic acid-2,2-dimethylhydrazide] on the apple cultivar 'Cortland'. 100590
Poles and wires for **fruit** *trees* [Culture]. 101131
Why **fruit** *trees* fail to bear. 101209
Some aspects of **fruit** *tree* culture in Maine-et-Loire. 101226
A test of summer propagation of various **fruit** *tree* stocks. 101250
The aggressivity of the Monilinia cinerea (Schroet.) Honey and Monilinia fructigena (Schroet.) Honey populations in the center of origin of **fruit** *trees* from the family Rosaceae and on the borders of areas. 101470
Study of the spread urea of the pathogens of **fruit** *tree* bacterial diseases in the USSR. 101682
Frost damage on some **fruit** *tree* species during the winter 1968-1969. 101907
New methods in controlling [insect] pests or **fruit** *trees*. 102467
Pollinating insects of **fruit** *trees*. 103082
Influence of fungi in the rhizospheres of pine [Pinus] and spruce [Picea] on the seed **germination** of these *trees*. 100657
Trees, **grass** and water: a biologist looks at water resource development. 104381
Polymer materials and the regulation of microclimate in *fruit-tree* **growing** [Protected cultivation, mulching]. 101215
Accuracy of band dendrometers [used to monitor changes in diameter **growth** of *trees]*. 098063
Relations between *tree* **growth** and climate in aleppo pines (Pinus halepensis Mill.). 100665
Fruit growth, dropping and quality of some seedy **guava** *trees*. 101044
A system for evaluating potential impacts of *whole-tree* **harvesting** on site quality. 098056
Characterization of Xanthomonas corylina (Miller et al.) Starr and Burkholder responsible for bacteriosis of the **hazel** *tree* [Corylus] recently observed in France. 101674
Comparative studies of magnesium-bisulphite and sulphate cooking processes of Larix dahurica. I. Comparative cooks of wood from different parts of a *tree* along its **height.** 098301
Forest genetics and *tree* **improvement.** 098114
Sporulation from Eutypella [parasitica]-cankered maples [Acer saccharum] reduced by felling **infected** *trees*. 101564
Foliar analysis for the diagnosis of nitrogen nutrition of **lemon** *trees*. 104077
Lysis of fungal pathogens by tree produced enzymes—a possible disease resistance **mechanism** in *trees*. 101588
Greenhouse container **nurseries** for better *trees*. 101236
Shoot morphology of a one-year **oak** *tree* [Quercus] and leaf anatomy of Betula pendula Roth. in regions of Karaganda and Leningrad. 099054
Entomophages of the processionary moth [Thaumetopoea processionea] in Moldavia [Pest of **oak** *trees*, natural control]. 102487
Cytology of pongam **oil** *tree*, Derris indica (Lamk.) Bennet. 098941
Preliminary studies on the ultrastructure of the female gonad of Xiphinema index and Xiphimena mediterraneum (Nematoda: Longidoridae) [reared on grapevine and **olive** *tree* respectively]. 101976
Fruit distribution and relative light intensity in the canopies of Satsuma mandarin **orange** *trees*. 100395

Studies on the nitrogen metabolism in Satsuma mandarin **orange** *trees.* IV. Movements of proline in the leaves concurrent with the sprouting of spring shoots and their early growth. 100396
15N [nitrogen isotopes] absorption and translocation by Satsuma mandarin **orange** *trees.* III. Behaviour of nitrogen supplied in early spring. 100397
15N [nitrogen isotope] absorption and translocation by Satsuma mandarin **orange** *trees.* IV. Behaviour of nitrogen supplied in early summer. 100398
Experimental investigation of **orange** *tree* dynamics under mechanical shaking [Fruit harvesting]. 103457
Control of insect and mite pests of **ornamental** *trees,* shrubs, and lawns for home owners. 102396
Variability of the English walnut [Juglans regia] in the progeny of the **parent** *tree.* 099434
Contribution to *tree* **pathology.** II. On Aureobasidium pullulans in plane trees [Acer pseudoplatanus, Epicoccum nigrum, Platanus]. 101601
Effects of treating a peach orchard soil by chloropicrine or fumigation on the growth and mineral composition of ryegrass [Lolium] and **peach** *trees* planted in this soil [Nematode control]. 099460
Observations on feathers [axillary buds of the shoot] formation in **peach** *trees.* 3rd contribution. 100563
Varietal behavior of **peach** *trees* regarding Fusicoccum amygdali Del. 1974-1975 results. 101577
Effectiveness of bee pollination of **pear** *trees.* 100434
Growth regulators on young **pear** *trees* for earlier production. 101060
Demonstration of mycoplasmalike organisms in the phloem of *trees* with **pear** decline or proliferation symptoms by fluorescence microscopy? 101779
Psyllids—pests of **pear** *tree* in Moldavia and their control. 102421
Study of sucking insects, pests of **pear** *tree* in Moldavia. 102423
Fertilizing **pecan** *trees* in the home lawn. 104035
Expected asymmetry of **phylogenetic** *trees.* 099409
A **piedmont** *tree* farm [Reforestation]. 098072
Dependence between the content of nutrients in the needles and the growth of **pine** *trees.* 100655
Effect of aerial chemical care of young stands [with 2,4-dichlorophenoxyacetic acid] on the incidence of **pine** *trees* infected with trunk rust, Melampsora lini (A. Br.) Rostr. 101605
The use of the fungus Beauveria bassiana (Bals.) Vuill for the [biological] control of a curculionid pest of **pine** *trees.* 102515
The utilization of attracting traps for the protection of forest stands from a curculionid pest of **pine** *trees.* 102516
Contribution to tree pathology. II. On Aureobasidium pullulans in **plane** *trees* [Acer pseudoplatanus, Epicoccum nigrum, Platanus]. 101601
Multipurpose [timber] *tree* **plantations.** 098116
A machine for selective removal of *trees* from **[planted]** rows. 098374
Statement for Canada on [forest] *tree* **planting** and direct seeding. 098090
Lysis of fungal pathogens by *tree* **produced** enzymes—a possible disease resistance mechanism in trees. 101588
Phenolics and indol derivatives as preselection indices for the growth of **Prunus** *trees.* 100616
Experience of statistical evaluation of interaction between *trees* in **pure** amd mixed symusia of pine and spruce [Picea]. 098059
Insects and diseases of *trees,* **Quebec,** 1975. 102494
Living environment and extension of green spaces [Seed production, collection and storage for landscaping with **shade** *trees].* 101272
Living environment and extension of green spaces [Seed storage and preparation for landscaping with **shade** *trees].* 101273
Tree squirrel damage control [**Shade** *trees].* 101949
Soil water extraction by, and growth of, multi-row windbreaks *[Tree* and **shrub** species]. 104216
Tree and **shrub** species for [soil, water and wildlife] conservation use in the northern Great Plains. 104217
How to transplant [ornamental] *trees* and **shrubs.** 101113
The living environment and the extension of the green covering *[Trees,* **shrubs,** propagation by cuttings]. 101275
Toxicity of insecticides for the caterpillars of the beet webworm [Loxostege sticticalis, pest of various crops, *trees* and **shrubs].** 102250
Effect of forest shelterbelts with different *[tree]* **species** composition on the yield of farm crops. 097894
Performance of seven introduced hardwood *[tree]* **species** on extremely stony mucks in Hawaii. 098164
Tree **squirrel** damage control [Shade trees]. 101949
Designing the urban forestscape **[Street** *tree* planting, Pinus nigra]. 101202
A system for summarizing **superior** *tree* records and status information. 098019
An examination of the quantity of water stored in mature Pinus **sylvestris** L. *trees.* 100650
On the most appropriate places of **tail** *trees* in the Obihirorunning skyline system [Logging]. 098292
Foresters and the Faustian bargain—a note on some possiblehazards of omnispecific woodchip harvesting in the humid tropics [Total forest harvesting and whole *tree* **utilisation].** 097879
The effect of *whole-tree* **utilization** on the forest environment. 097944
The state of *whole-tree* **utilization** in Scandinavia [Harvesting of forest residuals and pulping]. 098423
Within-tree **variation** of monoterpene composition and yield in slash pine [Pinus elliottii] clones and families [Genetic variation]. 098081
Tree **varieties** and their roles in silviculture. 098100
Summary of *tree* **varieties** suitable for shelter belts. 098174
Tree **volume** tables for Eucalyptus grandis [Forest measurement]. 097997
Method of estimating exponent in *[tree]* **volume** equation with a single variable. II. Practical examples of the two points estimation. 098000
Polynomial taper equations that are compatible with *tree* **volume** equations. 098011
Genetic potential for better *trees* **[Windbreak** species]. 098115
Action needed to discourage removal of *trees* **[windbreaks]** that shelter cropland in the Great Plains. 097905
Fomes annosus: mortality rates in **young** *trees* [Larix decidua, Pseudotsuga menziesii, Picea sitchensis, Fagus sylvatica, Betula] underplanted among pine. 101439

TREFLAN

Application of Kotoran and *Treflan* **[trifluralin]** in fine-fibered cotton plantings. 102193

TREHALASE

Trehalase, **invertase,** and amylase activities in the black scale, Saissetia oleae, and their relation to host adaptability [Pest of olives and atrus]. 102435
A purification of *trehalase* from **Saccharomyces** cerevisiae [Yeast]. 099486

TREHALOSE

The occurrence of *trehalose* in an **earwig,** Forficula auricularia L. (Dermaptera). 102898

TRELLIS

Results of laboratory and field testing of a manual electrical apparatus for *trellis* **trimming** of tea bushes. 103595

TREMATODA

Regulation of pyruvate kinase and phosphoenolpyruvate carboxykinase activity in adult Fasciola **hepatica** *(Trematoda).* 097384

TREMOR

Experimental transmission of **congenital** *tremors* in swine. 097755

TRENCH

Fog catchment **sand** *trenches* constructed by trenebrionid beetles, Lepidochora, from the Namib Desert. 103093

TREPONEMA

Treponema **pallidum** infection in subcutaneous polyethylene chambers in rabbits. 097383

TRIALEURODES

Possibilities of including the morestan pesticide into an integral system of control of **whitefly** *(Trialeurodes* vaporariorum Westw.) on greenhouse tomatoes. 102413

TRIASSIC

A new insect Triassoblatta cargnini Pinto et Ornellas, sp. Nov., a *Triassic* **blattoid** from Santa Maria Formation, South Brazil. 103136
Triassic **palynology** of the Carnarvon basin, Western Australia. 098696

TRIATOMA

Body weight and blood meal size in *Triatoma* **protracta** (Hemiptera: Reduviidae) [Mammal hosts]. 102550

TRIAZINE

Residues of **atrazine** *(2-chloro-4-ethylamino-6-isopropylamino-s-triazine)* and its metabolites in chicken tissues [Pesticide residues in poultry and eggs]. 102714
Tolerance of cotton to **five** *triazine* herbicides. 102169
On biochemical mechanism of *triazine* **herbicides** toxicity: effect on the gluconeogenic activity in poultry liver. 097867
Susceptibility of alfalfa cultivars to *triazine* **herbicides.** 102076
Pesticides and the environent: *simm-triazines* **[Herbicides,** residues]. 104593
Effect of fertilizers on the herbicidal activity of *triazine* **preparations** when applied in combination. 102086

TRIBAL

Karyosystematics of species of the genera Camphorosma L. And Panderia Fisch. et May, family Chenopodiaceae Less. , *tribe* **Camphorosmeae** Moq. 098537
Alkaloid-like compounds in the plants from the family Compositae (Asteraceae). II. The *tribe* **Heliantheae.** 099726
Systematic palynology of *tribe* **Leucophylleae** (Scrophulariaceae) and selected Myoporaceae. 1. 098679
The place of Pisum formosum (Stev.) Alef. In the *tribe* **Vicieae** Bronn according to the data of the immunochemical analysis of proteins [Peas]. 098521

TRIBOLIUM

Age-related susceptibility of *Tribolium* **castaneum** (Herbst) to synthetic C18 juvenile hormone. 102534
Differential egg cannibalism among larvae of *Tribolium* **castaneum** as influenced by the antennapedia mutation. 102862
The effect of mebendazole on the development of Hymenolepsis diminuta in [its intermediate host, the flour beetle] *Tribolium* **confusum.** 102877

TRICHINELLA

Trichinosis: a world problem with extensive sylvatic reservoirs *[Trichinella* **spiralis].** 097352
Increased resistance in the rat to Strongyloides ratti following immunization against *Trichinella* **spiralis.** 097416
Epidemiology of trichinosis *[Trichinella* **spiralis].** 097591

TRICHINOSIS

Epidemiological inquiry on a source of **human** *trichinosis* in the Paris region [Consumption of contaminated horsemeat]. 094815
Epidemiology of *trichinosis* **[Trichinella** spiralis]. 097591
Trichinosis: a **world** problem with extensive sylvatic reservoirs [Trichinella spiralis]. 097352

TRICHLOROACETATE

Mosaic-like distribution of **potassium** *trichloroacetate* residues in soil [Herbicides]. 102772
Determination of inactivation time for dalapon and **sodium** *trichloroacetate* in soil. 102777

TRICHLOROMETHYLBENZYL

Controlling photolability of *N-(alpha-trichloromethylbenzyl)aniline* **insecticides.** 102702

TRICHLOROPHENOXYACETIC

Effect of 2, 4, *5-trichlorophenoxyacetic* **acid** on the karyotype of the sheep. 096219
Teratogenic and toxicological effects of 2,4,5—*trichlorophenoxyacetic* **acid** [herbicide] in developing chick embryos. 097795
Aerial distribution of a herbicide: *2,4,5-trichlorophenoxyacetic* **acid.** 102093

TRICHODERMA

Effect of fungal staling growth products on growth behaviour of [lentil] rhizosphere microfungi *[Trichoderma* **harzianum,** Aspergillus flavus, Penicillium rubrum]. 099708
Competing and parasitic fungi [Cladobotryum variosporium, *Trichoderma* **polysporum]** in the cultures of edible wood-inhabiting mushrooms [grown on straw and sawdust substrates]. 101673
Enzymatic hydrolysis of cellulosic wastes to glucose [for the production of food, fuel, and chemicals, *Trichoderma* **viride,** fungal fermetative agent]. 095489
Beta-glucosidase of *Trichoderma* **[viride,** fungi]: its biosynthesis and role in saccharification of cellulose. 099511
Analogue biosynthesis in *Trichoderma* **viride** [Fungi]: the formation of 3a-deoxygliotoxin. 099653
Counting techniques for *Trichoderma* **viride** conidia dispersed in barley flour inoculants [Biological control of parasitic fungi]. 101552

TRICHODESMIUM

Release of extracellular matter during photosynthesis by a *Trichodesmium* **bloom** [Algae]. 099689

TRICHODORUS

Vertical distribution of three nematode species [Belonolaimus longicaudatus, Pratylenchus brachyurus, and *Trichodorus* **christiei]** in relation to certain soil properties. 103779
Response of [tobacco] root cells to the feeding by the ectoparasitic root-infesting **nematode** *Trichodorus* similis [a vector of tobacco rattle virus]. 102067
Tumors in *Trichodorus* **pachydermus?** [Grapevine, nematodes]. 101986

TRICHOGRAMMA

Biology of *Trichogramma* **cacoecia** pallida Meyer in Moldavia [Biological control of Laspeyresia pomonella]. 102417
The effect of host aggregation on parasitism by *Trichogramma* **papilionis** Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
Biological control of insects on the Ord [River Irrigation Area]. I. Production of Sitotroga cerealella for mass rearing of *Trichogramma* **wasps.** 102961

TRICHOGRAMMATIDAE

The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: *Trichogrammatidae),* an **egg** parasitoid of Papilio xuthus Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
A new name for Brachygrammatella indica Khan **(Hymenoptera:** *Trichogrammatidae).* 103154

TRICHOLOMA

Survey on the distribution and environment at the habitat of the [pine mushroom] *Tricholoma* **matsutake** (Ito et Imai) Sing. in Korea. 098845

TRICHOMES
Trichomes of **Cannabis** sativa L. (Cannabaceae). 098880
Hooked *trichomes:* a physical plant barrier to a major agricultural pest [Empoasca fabae, beans]. 102470
Lespedeza of Korea 2. *Trichomes* for an **identification** of the Lespedeza. 098717
Trichomes in **studies** of the Cruciferae. 098996

TRICHOSTRONGYLUS
Biological controls in **mixed** *trichostrongyle* infections [Lambs]. 097463

TRICHOTHECIUM
Bitter substances of apples. III. Identification and physical and chemical properties of secondary metabolites of the **fungus** *Trichothecium* roseum. 101573
Bitter substances of apples. II. Formation kinetics of secondary metabolites in saprophytic cultivation of the **fungus** *Trichothecium* roseum. 101574
Connection between morphological and biosynthetic activity of *Trichothecium* **roseum** [Fungi] and its polynuclear conidia. 099860

TRIFLURALIN
Application of Kotoran and Treflan *[trifluralin]* in **fine-fibered** cotton plantings. 102193
Effects of *trifluralin* **[herbicide]** on root meristems of Allium sativum L. [Garlic]. 102099

TRIFOLIUM
Adaptability of *Trifolium* **ambiguum** Bieb. [White clover] to a Victorian montane environment. 100875
Studies on octoploid white **clover** *(Trifolium* repens L.). 099380
Early seed development after crossing of Trifolium semipilosum and *Trifolium* **repens.** 099353
Uromyces nerviphilus on interspecific hybrids of *Trifolium* **repens** [white clover] in Virginia. 101569
Early seed development after crossing of *Trifolium* **semipilosum** and Trifolium repens. 099353
The structure and development of *Trifolium* **subterraneum** L. root nodules [Rhizobium]. I. In [subterraneau clover] plants grown at optimal root temperatures. 099000
The structure and development of *Trifolium* **subterraneum** L. root nodules [Rhizobium]. II. In [subterranean clover] plants grown at sub-optimal root temperatures. 099001

TRIGLYCERIDE
Triglyceride **composition** of Amoora rohituka seed oil. 095470
Efficacy of diet and exercise in the reduction of serum cholesterol and *triglyceride* in **free-living** adult males. 094988
Increased dietary calcium reduces serum cholesterol, *triglycerides* in **humans.** 095067
Studies in acidolysis [of a **natural** *triglyceride* oil with free fatty acids]. 095440
The liquid chromatographic determination of **unchanged** *triglycerides* in used frying fats. 095441

TRIGONELLA
Effect of gamma rays on growth and karyokinetic activity in *Trigonella* **foenum-graecum** L. 099157
Occurrence of collar rot [Rhizoctonia solani] of Fenugreek *[Trigonella* **foenum-graecum]** in Karnataka. 101410
Phytochemical study of *Trigonella* **occulta** delile seeds. 099800

TRIIODOBENZOIC
Modification of flowering pattern and sex expression in Carica papaya by morphactin, ethephon and TIBA *[triiodobenzoic* **acid].** 100615

TRIMETHYLSILYL
In vitro studies of nitrate reductase activity in cotton cotyledons. Effects of Dowex 1-Cl and BSA [N, **O-bis** *(trimethylsilyl)-acetamide].* 100278

TRIMMING
Results of laboratory and field testing of a manual electrical apparatus for **trellis** *trimming* of tea bushes. 103595

TRIOZA
Psila rosae and *Trioza* **apicalis** insect pests of carrots. 102471

TRIPHOSPHATASE
Ultrastructural localization of magnesium and calcium ions of active **adenosine** *triphosphatase* in spinal ganglion of sheep and goats. 096148
Phosphorylation of a low molecular weight polypeptide in beef heart Na+, K+-ATPase [sodium ions, potassium ions, **adenosine** *triphosphatase]* preparations. 096212
Studies into activity and properties of **adenosine** *triphosphatase* in some organs of swine (liver, cerebral and renal cortex, mucosa of small intestine). 096215
Effect of heat treatment on the ATPase **[adenosine** *triphosphatase]* activity of various sarcoplasmic reticulum preparations [Rabbit skeletal muscle]. 096343
Sodium- and potassium-activated **adenosine** *triphosphatase* of the nasal salt gland of the duck (Anas platyrhynchos). Purification, characterization, and NH2-terminal amino acid sequence of the phosphorylating polypeptide. 096428
Effect of troponin component TN-C [rabbit skeletal muscle] on the inhibition of **adenosine** *triphosphatase* activities of mitochondria and chloroplasts by troponin component TN-I [beef heart mitochondria]. 099719
Iron deficiency on corn root mitochondrial **adenosine** *triphosphatase* activity. 100153
Kinetic studies of (Mg2+)ATPase [magnesium **adenosine** *triphosphatase]* in oat roots. 100253

TRIPHOSPHATE
Adenylyl cyclase activities in ovarian tissues. I. Homogenization and conditions of assay in graafian follicles and corpora lutea of rabbits, rats, and pigs: regulation by ATP **[adenosine** *triphosphate],* and some comparative properties. 096328
The role of ATP **[adenosine** *triphosphate]* in the repair of DNA of gamma-irradiated Chinese hamster cells. 096531
The measurement and significance of ATP **[adenosine** *triphosphate]* pools in filamentous blue-green algae. 099583
Adenosine *triphosphate* sulfurylase from Penicillium chrysogenum [Fungi]. Steady state kinetics of the forward and reverse reactions. 099816
The effect of metabolic poisons on ATP **[adenosine** *5'-triphosphate]* level and on active phosphate uptake in Chlorella pyrenoidosa [Algae]. 099899
Intracellular ATP **[adenosine** *triphosphates]* level and light-induced inhibition of respiration in a blue-green alga, Anabaena variabilis. 099919
Probes of initial phosphorylation events in ATP **[adenosine** *triphosphate]* synthesis by [spinach] chloroplasts. 100487
Changes in the cellular levels of ATP *[adenosine-5'-triphosphate]* in **Anabaena** variabilis [Algae]. 099858
Cytidine *5'-triphosphate* synthetase of calf liver. Size, polymerization, and reaction stoichiometry. 096422

TRIPLETS
Responses of Phycomyces indicating optical excitation of the **lowest** *triplet* state of riboflavin [Algae]. 099957

TRIPLOCHITON
Symposium on variation, breeding and conservation of tropical forest trees Oxford, April 1975, and Symposium on variation and breeding systems of *Triplochiton* **scleroxylon** (K. 098073

TRIPLOIDS
Seed productivity of the progeny of *triploid-diploid* **crossings** of winter rye. 099296
Natural polyploids in Cucurbitaceae. I. Cytogenetical studies in *triploid* **Momordica** dioica Roxb. 099143
Genetic polymorphism and evolution in parthenogenetic animals. VI. Diploid and *triploid* **Polydrosus** mollis (Coeloptera: Curculionidae). 102951

TRIPURA
A study on fertiliser requirement of gram (Cicer arietinum, Linn) **[Chickpeas]** in *Tripura.* 103939
Occurrence of an unknown wild race of Mangifera in *Tripura* **[Mangoes].** 098596

TRIS *see* TROMETHAMINE

TRISOME
Chiasma frequencies in **primary** *trisomics* of pearlmillet [Genetics]. 099135
Chromosome transmission and morphology of three **primary** *trisomics* in soybeans (Glycine max). 099136
Identification of the *trisomic* **series** in diploid Solanum tuberosum L., group tuberosum. I. Chromosome identification [Potatoes]. 099188
Genetic segregation of the deformed flower gene in *trisomics* of **Solanum** chacoense. 099185

TRISTEZA
Occurrence of greening and *tristeza* **diseases** of citrus in various blocks of Darjeeling district (West Bengal). 102029

TRITERPENES
Triterpenes of **toxic** and non-toxic taxa of Lantana camara. 099714

TRITERPENOIDS
Biosynthesis of *triterpenoids,* **steroids,** and carotenoids. 096265

TRITICALE
Affinity chromatography of cereal **alpha-amylase** [from *triticale].* 095759
Nitrate reductase and its relationship to protein and yield **characteristic** of *Triticale.* 100177
Response of *triticale* to **foliar** spray of boron and its effect on grain quality. 103946
Rheological properties amino acid composition and bread quality of hard red winter wheat, **rye** and *triticale.* 095770
Composition and biological value of grain proteins in a **three-species** *Triticale* (2n=42) and in its parental forms. 099248
Hybrids of **wheat** and *Triticale.* 099420
Winter hardiness of some *Triticale* from the **world** collection of the All-Union Institute of Plant Industry. 099397

TRITICINAE
Cytoplasmic variability and speciation in *Triticinae* **[Genetics].** 099302

TRITICUM
Genetic analysis of hexaploid wheat, *Triticum* **aestivum** using intervarietal chromosome substitution lines—protein content and grain weight. 099182
Inheritance of leaf angle in *Triticum* **aestivum** L. [Wheat]. 099191
Specific albumin in some specimens of wheats and their wild **ancestors** *[Triticum].* 098519
The inhibitory action of cycloheximide on respiration of coleoptiles is relieved by light *[Triticum,* **Avena].** 100263
Resistance to yellow-berry in *Triticum* **durum** [wheat] varieties, as related to protein synthesis and leaf nitrate reductase activity. 101903
Competition between **wheat** *(Triticum* aestivum L.) and Chenopodium album L. under varying levels of soil moisture, nitrogen and weed intensities. 102120

TRITON
Determination of acid-labile sulfide in subchloroplast particles **containing** *Triton* X-100 [Spinach photosystem I]. 100352

TRIVALENT *see* VALENCE

TROGODERMA
Oviposition and development of *Trogoderma* **granarium** Everts (Coleoptera: Dermestidae) under different ecological conditions [Maize]. 102532

TROMBIDIIDAE
New record of Dinothrombium sp. *(Trombidiidae:* **Acarina)** parasitic on the lac predator, Eublemma amabilis Moore (Noctuidae: Lepidoptera) [Field crop pests, natural control]. 102365
A new record of occurrence of the red mite, Eutrombidium trigonum **hermann** *(Trombidiidae:* Acarina) upon the Bombay locust, Patanga succincta Linn. (Acrididae: Orthoptera) [Natural control]. 102265

TROMETHAMINE
Light-reactivation of *(Tris-washed)-DPIP* **[2,6-dichlorophenol** indophenol]-treated chloroplasts: manganese incorporation, chlorphyll fluorescence, action spectrum and oxygen evolution. 099920

TROPHIC
Trophic **classification** of lakes using LANDSAT-1 (ERTS-1) [Land Satellite One, Earth Resources Technology Satellite One] multispectral scanner data [Remote sensing]. 104479
Trophic **regularities** of photoperiodism in relation with the control of plant productivity. 099771

TROPICAL
Trials with morantel tartrate in the treatment of sheep digestive strongylosis in *tropical* **area.** 097614
Cassava: a potential agro-industrial crop for *tropical* **Australia.** 101197
Vascular arrangement in the skin of *tropical* **cattle.** 096149
A culinary guide to **common** *tropical* weeds. 098563
Efficiency of utilization of dietary energy by temperate breeds [Holstein-Friesian, Brown Swiss] of dairy cows under *tropical* **conditions.** 096685
Control of chickweed (Drymaria cordata) in **declining** *tropical* pastures. 102206
Use of Leguminosae for building up soil fertility in **dry** *tropical* soils [Nitrogen fixation]. 103796
Symposium on variation, breeding and conservation of *tropical* **forest** trees Oxford, April 1975, and Symposium on variation and breeding systems of Triplochiton scleroxylon (K. 098073
Use of X-ray radiography for studying seed quality in *tropical* **forestry** [Pests, disease, and damage]. 102034
Use of *tropical* **germplasm** in a sorghum breeding program for both tropical and temperate areas. 099371
Structural features of *[tropical]* **hardwoods** and their influence on paper properties. 098420
A study of heat tolerance, growth rate and the onset of puberty in Brahman, Santa Gertrudis and Hereford heifers in a **humid** *tropical* climate: Fiji. 096362
Forecasting infestations of *tropical* **migrant** pests: the Desert Locust [Schistocerca gregaria] and the African Armyworm [Spodoptera exempta]. 102272
Neotropical **Miridae.** 192. Description of two new subgenera and species of the genus Notholopus Bergroth (Hemiptera). 103196
The occurrence of intercalary and uninterrupted meristems in the internodes of *tropical* **monocotyledons.** 098878
Vegetative growth of **nineteen** *tropical* and sub-tropical pasture grasses and legumes in relation to temperature. 100328
Use of tropical germplasm in a sorghum breeding program for both *tropical* and **temperate** areas. 099371
Cleridendron thomasoniae, Southern Bleeding Heart, *tropical* **vine** to pot plant [Growth regulators]. 100451
Tropical **yams** and their potential. 3. Dioscorea alata [Culture]. 101016
Memory aide for using rotary cultivators in the *intertropical* **zone.** 103489

TROPICS
Belmont red [cattle] a promising breed for the *tropics* [**Africander** bulls, Hereford, Shorthorn crossings]. 097021
Foresters and the Faustian bargain—a note on some possiblehazards of omnispecific woodchip harvesting in the **humid** *tropics* [Total forest harvesting and whole tree utilisation]. 097879
Plasma infusion—a pedological process of significance in the **humid** *tropics* [Soil mineralogy]. 103683
Soil acidity and liming in the **humid** *tropics*. 103935
Forest **maintenance** in the *tropics*. 098107
Veterinary training for the *tropics* with **particular** reference to Australian experience. 097212
Recent advances in pasture development in the **Peruvian** *tropics*. 101009
The fertility of deep frozen and room temperature preserved [bovine] **semen** in the *tropics*. 097080
MUSAT: SRA [moisture utilization in **semi-arid** *tropics:* summer rainfall agriculture] project. A data base serving agriculture in the semi-arid tropics. 094104
A review of guineagrass (Panicum maximum) for the **wet** *tropics* of Australia. 101007

TROUT *see* FISH

TRUCKS
A trailer P 1001.S, for Tatra **farm** *trucks*. 103492
Semi-mounted tipping trailers for *trucks* in **farm** haulage. 103505
Operations of for-hire **livestock** *trucking* firms [Transportation]. 094464

TRUFFLES
The **summer** *truffle* (Tuber aestivum Vitt.) and its relatives on Central Europe [Fungi]. 098746

TRUNK
Effect of aerial chemical care of young stands [with 2,4-dichlorophenoxyacetic acid] on the incidence of pine trees infected with *trunk* **rust,** Melampsora lini (A. Br.) Rostr. 101605
The temperature variation of the canopy and *trunk* of **Scots** pine [Pinus sylvestris] and its relation to the net input of radiation and to air temperature. 097943

TRYPANOSOMA
Studies on the anemia in experimental African trypanosomiasis. II. The pathogenesis of the anemia in calves infected with *Trypanosoma* **congolense.** 097219
Evaluation of the indirect fluorescent antibody test for **detecting** *Trypanosoma* vivax in South American cattle. 097600
Cryopreservation of *Trypanosoma* **equiperdum** and the production of immune serum in horses. 097513
Clinical serologic, and pathologic changes in calves with experimentally **induced** *Trypanosoma* brucei infection. 097222
Blood hyperviscosity during *Trypanosoma* (**Trypanozoon**) brucei infections of rabbits. 097396

TRYPANOSOMATIDAE
Axenic cultivation of Phytomonas davidi **Lafont** *(Trypanosomatidae),* a symbiote of laticiferous plants (Euphorbiaceae). 098814

TRYPANOSOMES
Culverts and *trypanosome* **transmission** in the Serengete National Park (Tanzania). III. Studies on the genus Auchmeromyia Brauer and bergenstamm (Diptera: Calliphoridae). 103133

TRYPANOSOMIASIS
Studies on the anemia in experimental **African** *trypanosomiasis.* II. The pathogenesis of the anemia in calves infected with Trypanosoma congolense. 097219
Diagnostic methods in **animal** *trypanosomiasis.* 097651

TRYPANOZOON
Blood hyperviscosity during **Trypanosoma** *(Trypanozoon)* brucei infections of rabbits. 097396

TRYPETIDAE *see* TEPHRITIDAE

TRYPSIN
Determination of *trypsin* **activity** in dog excrements by means of film test. 096594
Anti-trypsin **activity** and fractionation of Vigna unguiculata seeds globulins. 099969
Bovine factor Xa and **bovine** *trypsin:* a comparison with respect to inhibition by some amidines and guanidines. 096210
Analysis of protein bodies isolated from Lablab purpureus (L.) Sweet: Intracellular localisation of globulins, proteases and *trypsin* **inhibitors.** 099952
Subunit composition of delta-crystallin from embryonic chick lens. Analysis of **methionine-containing** *tryptic* peptides and cyanogen bromide peptides. 096429

TRYPTOPHAN
A new agglutinating activity from wheat flour **inhibited** by *tryptophan.* 095771

TSUGA
Effect of temperature on growth rate and survival of Fomes annosus in western hemlock *[Tsuga* **heterophylla]** stumps. 098235
The brightening response of western hemlock *[Tsuga* **heterophylla]** refiner groundwood to hydrogen peroxide. 098268

TUBE
Tubular **connections** between the external nuclear membrane, the endoplasic reticulum and dictyosomes of Cystoseira stricta (Pheophyta, Fucale [Algae]). 098925
Jaws and **digestive** *tube* of Planipennia larvae. 102815
Deflectometer profiles **drain** *tubing* [for subsurface agricultural drainage]. 103400
Flushing valve for drip **irrigation** *tubes*. 103388
Recommendations for avoiding plugging of drip **irrigation** *tubing*. 103389
Conductimetric investigation of [canine] erythrocyte behaviour during shear flow of concentrated suspensions through a **large** *tube*. 096523
Cyclic AMP [adenosine monophosphate]-induced elongation of **pollen** *tubes* in Tradescantia paludosa. 099528
Control by the embryosac over **pollen** *tube* growth in the style of the avocado (Persea americana Mill.). 100514
Tube **solarimeter** and automatic porometer [Measurement of solar radiation and stomatal resistance]. 100005
Blood flow to the **uterine** *tube* (oviduct) of the early pregnant and pseudopregnant rabbit. 096854

TUBER
Geographical distribution of aboriginal forms of potatoes [Solanum species] from Peru [determined] on the basis of *tuber* **characteristics.** 098518
Coleus [parviflorus] for homestead gardens *[Tuber* **crop].** 101178
A rapid spectrophotometric method for the quantitative determination of diosgenin in **Dioscorea** *tubers.* 099679
Resistence of several potato varieties against black leg, Erwinia carotovora, after injuring the *tubers* and **inoculation.** 101684
The effects of different concentrations of EPTC [ethyl-N, N-dipropylthiolcarbamates] on prolonging bud dormancy of purple **nutsedge** *tubers* [Cyperus rotundus]. 102079
The variability of hypersensitivity reaction of the Solanumtubersum [potato] *tubers* to **Phytophthora** infestans. 101666
The influence of growing temperature on the amino acid and nucleic acid concentrations of **potato** *tubers.* 100483
Homologous inhibitors from **potato** *tubers* of serine endopeptidases and metallocarboxypeptidases. 100558
The chlorogonoplasts in the seeds and *tubers* of **potato,** solanum tuberosum L., as indicator of resistance to the Streptomyces [Scabies] infection. 101310
[Fungal and bacterial] diseases of **potato** *tubers* [in storage] and their control [Comparisons of varietal resistance]. 101337
The character of late blight [Phytophthora infestans] resistance display in **potato** *tubers.* 101471
Laboratory method of bacteriocide estimation on the basis of Erwinia test [Soft rots of **potato** *tubers].* 101680
An impact device for studying the damage rate of **potato** *tubers* [caused by harvesting machinery]. 103606
Content and methods of investigations of the mechanics of agricultural environments and materials [Mechanical properties of soil, modelling soil erosion, damage of **potato** *tubers* by machines]. 103610
Method of studying the damage rate of **potato** *tubers* as a result of mechanical action [of the harvesting machinery]. 103620
Separation of potato **spindle** *tuber* viroid ribonucleic acid from Scopolia sinensis into three infectious forms and the purfication and oligonucleotide pattern of fraction II RNA. IX. 101737
The threshold value of infection with Pectobacterium carotovorum var. atrosepticum (van Hall) Dowson for producing latent and acute soft rot infection of potato **stalks** and *tubers.* 101677
The summer **truffle** *(Tuber* aestivum Vitt.) and its relatives on Central Europe [Fungi]. 098746
Influence of the dates of tuberization and sprouting in **yam** *tubers* (Dioscurea sp.) on the emergence time in the field. 100346
Effect of date of planting, spacing, levels of nitrogen and size of *tuber* on the **yield** of seed potato. 101185

TUBERCULINS
Detection of tuberculosis in non-human primates with special reference to **intradermal** *tuberculin* testing [Mycobacteriumtuberculosis]. 097243
Tuberculin **sensitivity** of Illinois dairy cattle. 097582

TUBERCULOSIS
Avarian *tuberculosis* on small farms in Aguas Mornas, Santa Catarina [Mycobacterium avium]. 097470
Bovine **bacillus** *tuberculosis* [Mycobacterium bovis] of dairycattle treated by Mycobacterium chelonei and anergics of bovine tuberculosis. 097274
Tuberculosis in **brood** sows and pigs slaughtered in Iowa [Mycobacterium avium]. 097230
Band 24 [test]—zeroes in on *tuberculosis* **[Cattle].** 097447
Paratuberculosis in cattle **[Mycobacterium** *tuberculosis].* 097442
Detection of *tuberculosis* in **non-human** primates with special reference to intradermal tuberculin testing [Mycobacteriumtuberculosis]. 097243
Tuberculous and **Pseudotuberculous** cervical lymphadenitis ofswine for slaughter in Pernambuco [Mycobacterium, Corynebacterium equi]. 097475
The status of the **State-Federal** *Tuberculosis* Eradication Program. 097579

TUBERIZATION
Kinetin-induced *tuberization* of potato in vitro: on the mode of action of kinetin. 100541
Influence of the dates of *tuberization* and **sprouting** in yam tubers (Dioscurea sp.) on the emergence time in the field. 100346

TUBULES
The effects of cyclic AMP [adenosine monophosphate], hormones and ions on the conversion of 25-hydroxycholecalciferol (25-HCC) to 1,25-dihydroxycholecalciferol (1,25-DHCC) in isolated chick **kidney** *tubules.* 096388
Fine structure of the **malpighian** *tubule* in Aedes aegypti. 102796
Studies on the **malpighian** *tubules* of the lesser grain borer, Rhizopertha dominica Fab. (Coleoptera: Bostrychidae). 103132

TULAREMIA
Protein synthesis in zinc deficient **rats** during *tularemia.* 095149

TULIP
Possibilities of selection for keeping quality in *tulip* **breeding.** 099205
Augusta disease in *tulips.* **Field** experiments concerning tobacco necrosis virus and its [fungus] vector Olpidium brassicae. 101803
Forcing *tulips* in various substrates and in boxes of varying height [Growth]. 100589
Investigations on the effect of mulching with black polythene sheeting on *tulip* and **gladiolus** development and crop yields. 103897

TULIPAE
Study on the root and rhizosphere microflora of some flowering bulbs [Hyacinthus orientalis, *Tulipa* **gesneriana,** Narcisus poeticus]. 103750
Differential Giemsa staining in plants. II. Morphological changes in chromosome structure observed with interference contrast and scanning electron **microscopy** *[Tulipa].* 098938

TUMOR
Cooperative interactions of tetrahydrofolate with purified pig kidney serine transhydroxymethylase and loss of this cooperativity in L1210 tumors and in tissues of mice **bearing** these *tumors.* 097756
Radiographic diagnosis of **bone** *tumors* and bone infection in the dog. 097118
Primary **bone** *tumors* of the extremities of the dog—block resection of a distal ulnar tumor. 097702
Disorganized systems [Callus, cell **cultures,** *tumors].* 098982
Genetic and vaccination-induced resistance of chickens to lymphoid tumor transplants: 1. Marek's **disease** *tumor* transplant (JMV). 097259
Cytochemical features of *tumor* **formation** on the roots of grapevine varieties with different resistance to Phylloxera. 102418
Studies on the nature of the inhibition of the *tumour* **forming** ability of Walker carcinosarcoma cells in rats by chick interferon. 097727
Histophotometric DNA measurements in sunflower seedlings, crown **gall** *tumours* [caused by Agrobacterium tumefaciens], and habituated callus tissues. 100219
Attempts to detect Agrobacterium tumefaciens DNA in crown **gall** *tumor* tissue [Sunflowers]. 101706
Effect of dietary selenium on *tumor* **induction** by an oncogenic virus [Mice]. 097799
Genetic and vaccination-induced resistance of chickens to **lymphoid** *tumor* transplants. 1. Marek's disease tumor transplant (JMV). 097259
Genetic and vaccination-induced resistance of chickens to **lymphoid** *tumor* transplants. 2. Transmissible lymphoid tumor of Olson. 097260
Nasal *tumors* of dogs. Surgical excision by dorsal approach. 097698
Nasal *tumors/surgical* biopsy. 097699
Structure and stereochemistry of microlenin, a **novel** *antitumour* dimeric sesquiterpene lactone from Helenium microcephalum; X-ray crystal structure. 099661
Quantitative variations of the total, free and membrane-bound ribosomal material during the culture cycle of healthy and *tumorous* **Parthenocissus** tricusipidata L. cell suspensions. 099022
Intoxications of forages in the Irno valley and new relations between idioblast [cell] function and *tumors* **[Polluted** irrigation water toxicity]. 101828
Antitumor **polysaccharide** fraction from Sargassum thunbergii. 099666
2-deoxy-D-glucose uptake by chick embryo cells: a biochemical indicator of genetic susceptibility to **RNA** *tumour* viruses. 097412
Cooperative interactions of tetrahydrofolate with purified pig kidney serine transhydroxymethylase and loss of this cooperativity in L1210 *tumors* and in **tissues** of mice bearing these tumors. 097756
Tumors in **Trichodorus** pachydermus? [Grapevine, nematodes]. 101986

Primary bone tumors of the extremities of the dog—block resection of a distal **ulnar** *tumor.* 097702

TUNA *see* FISH

TUNDRA
Biomass of soil mites (Acari) in Arctic **coastal** *tundra.* 103064
Ecology and nutritional energetics of the leaf beetle Gonioctena pallida L. in the Siberian taiga and **forest** *tundra.* 103103
Aboveground biomass allocation, leaf growth, and photosynthesis patterns in *tundra* **plant** forms in arctic Alaska. 098834
Migration of Sr90 [strontium isotope] in soil-plant cover of **subarctic** *tundra.* 098855

TUNNELING
Vitaimin B6 deficiency in patients with a clinical syndromeincluding the **carpal** *tunnel* defect. Biochemical and clinical response to therapy with pyridoxine. 095215
Tunnel **erosion** [Soil reclamation, vegetative control]. 104225
A small-sized **wind** *tunnel* [for studying wind erosion of soil]. 104238

TURBIDITY
A semiautomatic laboratory device for the determination of *turbidity* **point** [of liquid fatty acids]. 095431

TURBINATA *see* MOLLUSKS

TURBINE
Study of low-volume metering of a working liquid in sprayers with a *turbine* **pump.** 103546

TURF
Criconemoides species associated with golf **course** *turf* in Ohio [Nematodes]. 102013
Experiments relating to techniques for direct drilling of seeds into untilled **dead** *turf* [Equipment]. 103458
Analytical study of the productivity of a supplying mechanism for a *turf* **fertilizer** broadcaster. 103513
The nature and control of snow mold of **fine** *turfgrass* [Agrostis palustris] in southern Ontario [caused by Fusarium nivale and Typhula spp.]. 101387
Warm season, **ornamental** *turfgrasses* [Varieties]. 101124

TURKEY
Amino acid supplementation of *turkey* **breeder** rations. 096749
Turkey improvement and *turkey* **breeding** enterprise [Great Britain]. 096086
Experimental studies of Arizona bacteria and their distribution with Salmonella typhimurium in **breeding** *turkey* herds. 097363
The true metabolizable energy values of several feedingstuffs measured with roosters, laying hens, *turkeys* and **broiler** hens. 096769
Efficiacy of monensin against *turkey* **coccidiosis** in laboratory and floor-pen experiments [Eimeria adenoides, Eimeria meleagrimitis, Eimeria gallopavonis]. 097256
Homemaking helps: *turkey* **[Cookery].** 095105
Methionine requirement of **developing** *turkeys* from 8-12 weeks of age. 096511
Changes in the hemoglobin level of the whole blood, in the iron and copper levels of the plasma as well as the changes in the iron contents of the liver and the breast muscle matter of **fattening** *turkeys.* 096593
Notes on the taxonomy of some species of the genus Astragalus L. from the **flora** of *Turkey.* 098756
Lysine needs of rapidly **growing** *turkeys* from 12-22 weeks of age. 096757
Effect of semen dose, frequency of insemination, age and productivity of the male on duration and levels of fertility and **hatchability** in the *turkey.* 097006
Breeding and **hatching** *turkeys.* 096907
Plasma LH [luteinizing hormone] and progesterone concentrations in the *turkey* **hen** during the ovulatory cycle. 096513
Effect of feed regimes on body weight of *turkey* **hens** at 32 weeks of age and subsequent reproductive performance. 096752
Relation between common antigen and membrane antigens associated with Marek's disease herpesvirus and *turkey* **herpesvirus** infections. 097241
Reticuloendotheliosis group virus pathogenic to chicken isolated from material infected with *turkey* **herpesvirus** (HVT). 097265
Major results obtained in the comparison of various *turkey* **hybrids.** 096872
Studies on Pasteurella multocida. III. In vitro assay for cell-mediated **immunity** *[Turkeys].* 097268
Turkey **improvement** and turkey breeding enterprise [Great Britain]. 096086
Development of a serum-plate antigen for detection of Salmonella **infections** in *turkeys.* 097515
Tertiary lacustrine formations from Kizilcahaman basin (Anatolia, *Turkey):* **pollen** analysis, palaeoclimatology and stratigraphy. 098590
A comparison of the virulence of three strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, *turkey* **poults,** tracheal organ cultures and embryonated fowl eggs. 097595
Turkey **production.** 096141
Disease and disease control in *turkey* **production.** 097334
Amino acid supplementation of low **protein** *turkey* starting rations. 096748
An evaluation of cane molasses in *turkey* **rations.** 096617
Turkey **research** at Smedsmora. 096087
Microwave versus water-bath precooking of *turkey* **rolls.** 095742
Partial replacement of chicken semen by *turkey* **semen** in artificial insemination of chickens. 097008
Management of **slaughter** *turkeys.* 096085
Cooperative **state-federal** *turkey* ornithosis task force, Texas, 1974. 097251
Experimentally transmitted marble spleen disease in pen-raised **wild** *turkeys* [Virus diseases]. 097428
Isolation and characterization of a herpesvirus from **wild** *turkeys* (Meleagris gallopavo osceola) in Florida. 097432
Prevalence and distribution of Leucocytozoon smithi and Haemoproteus meleagridis in **wild** *turkeys* in South Carolina. 097435
A study of certain environmental factors and mineral chelation on the reproductive performance of young and **yearling** *turkey* hens. 097005
Protein, methionine, lysine and a fermentation residue as variables in diets of **young** *turkeys.* 096760

TURNIPS
Varieties of autumn yellow-seeded rape and **autumn** *turnip* rape. 100986
A Moroccan isolate of *turnip* **mosaic** virus infectious to garden pea and other legumes [Aphids as insect disease vectors]. 101781
Turnip **mosaic** and cucumber mosaic viruses in cultivated static in southern Germany. 101821

TURPENTINE
Attraction, attack patterns [on Pinus taeda] and seasonal activity of the **black** *turpentine* beetle [Dendroctonus terebrans]. 102478

TURTLES
The ecological effects of physical damage from motor boats on *turtle* **grass** [Thalassia testudinum] beds in southern Florida. 098769

TUSSOCK
Application of herbicides for the improvement of *tussock* **floodplain** meadows of the Ob' River. 102132

TWINS
A new case of *twin* **species** in a mimic butterfly Acracea encedon L. (Lepidoptera, Acraeidae). 102838

TYCHIUS
Effectiveness of some insecticides in controlling the yellow seed weevil *[Tychius* **flavus]** on alfalfa seed crops. 102291

TYLENCHULUS
An Italian biotype of the citrus nematode *[Tylenchulus* **semipenetrans].** 101956
Infectivity and pathogenicity of three Italian population of [the nematode] *Tylenchulus* **semipenetrans** Cobb on citrus and other hosts [Olive, grapevine]. 101967
Influence of three rootstocks on the yield and on the infestation of [the nematode] *Tylenchulus* **semipenetrans** on two citrus varieties in Algeria. 101968
Observations on the vertical distribution of [the nematode] *Tylenchulus* **semipenetrans** Cobb in volcanic soil [planted with sour orange, Citrus aurantium]. 101974
Variability of biometric characters in second stage larvae of the citrus nematode, *Tylenchulus* **semipenetrans** Cobb, 1913. 101987

TYLOSIN
Prevention of swine dysentery with a combination of lincomycin and spectinomycin and resistance of swine dysentery to *tylosin* and **sodium** arsanilate. 097226

TYPHA
Control of *Typha* **angustata** in water-logged drains [Influence of rice culture]. 102116
Photosynthetic performance and substance production by higher aquatic plants, as exemplified by Typha latifolia and *Typha* **angustifolia.** 100040
Microbial degradation of lignocellulose [by white-rot fungus, Polyporus versicolor]: the lignin component [Quercus albus, Acer rubrum, *Typha* **latifola].** 098181
Photosynthetic performance and substance production by higher aquatic plants, as exemplified by *Typha* **latifolia** and Typha angustifolia. 100040

TYPHULA
Snow molds on winter cereals in northern Saskatchewan in 1974 *[Typhula,* **Sclerotinia** borealis, Fusarium nivale, wheat, rye]. 101386
The nature and control of snow mold of fine turfgrass [Agrostis palustris] in southern Ontario [caused by Fusarium nivale and *Typhula* spp.]. 101387

TYPHUS
Body temperature of fowls induced by intracerebroventricular infusion of TAB *[typhus* and **paratyphus** A and B] vaccine and O somatic antigen of Shigella dysenteriae. 097213
Attempts at curing a selected poultry flock from *typhus-pullorosis* **[Salmonella** infections]. 097360

TYPOLOGY
The experience of developing a **forest** *typology* basis for a forestry according to data of mapping types of habitat and sois. 098051

TYRIA
Distribution and dispersal in populations capable of resource depletion. A field study on Cinnabar moth *[Tyria* **jacobaeae].** 103058

TYROPHAGUS
Weight losses of groundnuts (Arachis hypogaea L.) from infestation by the mites Acarus siro L. and *Tyrophagus* **putrescentiae** (Schrank). 102539

TYROSYL
Estimation of tryptophyl and *tyrosyl* **exposure** in tryptophanrich proteins by ultraviolet difference spectrophotometry. [Hen] lysozyme and [bovine] chymotrypsinogen. 096419
Mechanisms of suppression in Drosophila. IV. Specificity and properties of *tyrosyl-tRNA* **synthetase.** 102858

UBIQUINONE
The involvement of the **protonmotive** *ubiquinone* cycle in the respiratory chain of higher plants and its relation to the branchpoint of the alternate pathway [Mung beans]. 100418

UDDERS
Measures for disinfecting the *udder* **area** with special consideration of peracetic acid application. 097205
Experience in **assuring** *udder* health by insepcting the milking technique. 097203
Variations in the susceptibility of lactating and non-lactating **bovine** *udders* to infection when infused with Escherichia coli. 097405
Management traits in dairy cattle, Dystocia, *udder* **characteristics** related to production, and a review of other traits. 096097
Mutability and heritability of *udder* **dimensions** and milkability in the Bulgarian Red cattle. 097084
Quinaldofur, a new synthetic drug for the treatment of [bovine] mastitis. II. Pharmacology, residues, *udder* **irritation** and clinical efficacy. 097679
Udder and **teat** size of Bulgarian Red cows as affected by age. 096600

ULMUS
Sanitation: a practical protection against Dutch elm disease in Fredericton, New Brunswick [Ceratocystis ulmi, *Ulmus* **americana,** Scolytus multistriatus and Hylurgopinus rufipes as insect vectors]. 101562
Elm trees *[Ulmus,* **Ceratostomella** ulmi]. 101372
Growth of young silkworm caterpillars feeding on the leaves of the Chinese **elms** *Ulmus* pumila L. and Ulmus parvifolia Jacq. 103253
Growth of locust [Robinia pseudoacacia], elm *[Ulmus]* and **poplar** [Populus] in protective plantings along the North Crimean Channel and its relation to the depth of the groundwater surface. 097896
Fog as a vehicle for dispersal of a microbial insecticide [the entomogenous bacterium Bacillus thuringiensis] in shelterbelts [to control Paleacrita vernata and Alsophila pometaria in *Ulmus* **pumila].** 102499
Will [Dutch] elm disease be able to spread in Denmark? [Scolytus as insect vector of Ceratostomella **ulmi,** *Ulmus].* 102524
Risk of injury from [Dutch] elm disease [Ceratocystis ulmi] in Denmark [Scolytus laevis as insect **vector,** *Ulmus].* 101662

ULNA
Primary bone tumors of the extremities of the dog—block resection of a **distal** *ulnar* tumor. 097702

ULTRACENTRIFUGE *see* CENTRIFUGE

ULTRASONICS
Ultrasonic **clicks** produced by the peacock butterfly [Inachis io]: a possible bat-repellent mechanism. 102984
Visible mutation induction in Mormoniella by low **frequency** *ultrasonic* **energy.** 102987
Ultrasonic **measurement** of egg shell thickness. 095748
Ultrasounds in **pharmaceutical** science. II. [Their effect on plants]. 099739

ULTRASTRUCTURE
Ultrastructure of th **aortic** diverticula of the adult dragonfly Sympetrum danae (Odonata: Anisoptera). 102885
Ultrastructural **aspects** of maize mosaic virus in the host cells. 101777
Ultrastructure of **Babesia** major in the tick Haemaphysalis punctata [Calves]. 097609
The *ultrastructural* **basis** of chloride tolerance in the leaf of Frankenia [grandifolia]. 098884
New research on *ultrastructure* and **biology** of some symbiotic flagellates of termites [Kalotermes flavicollis host of Microrhopalodina inflata]. 102816

Ultrastructure of **cell** division in Cladophora: Pregametangial cel division in the haploid generation of Cladophora flexuosa [Algae]. 098931
Changes of respiratory metabolism and **cell** *ultrastructure* in roots of wheat during dehydration. 100310
Ultrastructural **changes** in the rat neurohypophysis after a prolonged protein-free diet. 095069
Ultrastructural **changes** in the cell surface of Coelomomycespunctatus [Fungi] infecting mosquito larvae [Anopheles quadrimaculatus, biological control]. 098930
Ultrastructural **changes,** caused by the new antibiotic mucidin in Candida pseudotropicalis [Yeasts]. 100050
Ultrastructural **changes** of embryonic cells during organogenesis in the silkworm, Bombyx mori. I. The gonad. 103247
Ultrastructural **changes** of the posterior silk gland cells in the early larval instars of the silkworm, Bombyx mori. 103249
Ultrastructural **characterization** of the hilar appendix and basidiospore surface of Zelleromyces cinnabarinus (Hydnangiales) [Fungi]. 099050
Ultrastructure and **chemistry** of Clarkia elegans leaf wax: acomparative study with Brassica leaf waxes. 099950
Studies on the **comparative** *ultrastructure* and pigments content of the chromatophores of Navicula ostrearia (Gaillon) Bory [Algae] cultured in optimal and deficient media. 098922
The secretory apparatus of the bryales: morphological, *ultrastructural* and **cytochemical** studies [Bryophyta]. 098916
Ultrastructural **diagnosis** of bovine papular stomatitis. 097554
Ultrastructure and **differentiation** in Cladophora glomerata. I. Cell division. 098881
Preliminary studies on the *ultrastructure* of the **female** gonad of Xiphinema index and Xiphimena mediterraneum (Nematoda: Longidoridae) [reared on grapevine and olive tree respectively]. 101976
Ultrastructure of **flagella** of spermatozoids of Lygodium flexuosum (L.) SW. 098948
The *ultrastructure* of **Frankenia** [grandifolia] salt glands. 098883
The infection process and *ultrastructure* of the **Gunnera-Nostoc** [Algae] symbiosis. 099882
Cellular studies of mammary tissue from cows hormonally induced into lactation: **histology** and *ultrastructure*. 096441
The *ultrastructure* of the **host-parasite** interface in the needles of Pinus nigra infected with Lophodermella sulcigena. 101316
Changes in the *ultrastructure* of **hot-water-treated** pine wood during sulphate cooking process. 098299
Ultrastructural **immunocytochemical** localization of luteinizing hormone-releasing hormone (LH-RH) in the median eminence of the guinea pig. 096311
The *ultrastructure* of **knobbed** bull spermatozoa. 096970
Ultrastructure of **leaf** cells of some cultivated plants infected with plant viruses. 101734
Ultrastructure of the **leaves** of Chenopodium quinoa Willd. Infected with apple chlorotic leaf spot virus. 101729
Ultrastructural **localization** of magnesium and calcium ions of active adenosine triphosphatase in spinal ganglion of sheep and goats. 096148
Ultrastructural **localization** of acid phosphatase and thiamine pyrophosphatase activities and of phosphotungstic staining at low pH [hydrogen-ion concentration] in the placental labyrinth of the cat. 096372
The *ultrastructural* **localization** of polyphenol oxidase in chloroplasts of Brassica napus cv. Zephyr [Rape]. 100334
Ultrastructure and **maturation** of the spores of Funaria hygrometrica and Bryum capillare [Musci]. 098917
Ultrastructure of **meristematic** epidermal cells of maize root under water deficit conditions. 099032
Ultrastructure of **microsporocytes** in sterile forms of sugarbeets. 099300
Ultrastructural **modifications** of the nucleus and nucleolus of Euglena gracilis Z [Algae] during the cell cycle. 098926
Influence of ethionine [poisoning] on the *ultrastructural* **morphology** of the porcine hepatocyte. 097789
Murine cytomegalovirus glomerulonephritis: clinical and *ultrastructural* **observations** [Mice]. 097225
An electron microscope study of Bacteroides nodusus [isolated from cases of ovine foot rot]: *ultrastructure* of **organisms** from primary isolates and different colony types. 097392
Ultrastructural **patterns** of RNA synthesis during early embryogenesis of Drosophila melanogaster. 102880
Changes in the reactivity of the photosynthetic apparatus in heterotrophic ageing cultures of Scenedesmus obliquus. II. Changes in *ultrastructure* and **pigment** composition [Algae]. 099890
Relationships between lipid changes and **plastid** *ultrastructural* changes in senescing and regreening soybean cotyledons. 100221
Ultrastructure of **polysaccharides** in relation to texture [Food quality]. 095452
Fine structure of the rice blast. XIII. *Ultrastructure* of **Pyricularia** oryzae-nonhost interfaces. 101595
The food reserves and *ultrastructural* **relationships** of the gametophyte and sporophyte tissues in Podocarpus henkelii seeds. 100046
Ultrastructure of **resin** ducts in Pinus halepensis development, possible sites of resin synthesis, and mode of its elimination from the protoplast. 100623
The formation and *ultrastructure* of **rhizoids** on protonemata of Dryopteris borreri Newm. 100098
Ultrastructure of **rumen** bacterial attachment to forage cell walls. 096208
Ultrastructure of some **stages** of the microsporidia Octosporea muscaedomesticae Flu, a parasite of Ceratitis capitata (Wiedemann) (Diptera, Trypetidae). 103041
Ultrastructure of the **stamen** cells from fertile and sterile (cytoplasmic male sterility) forms of sugarbeets of different ploidy level. 099301
Ultrastructural **study** of separated cell and acrosomal membranes from bull spermatozoa. 096906
An *ultrastructural* **study** of the liver, kidney and myocardium in the fatty liver and kidney syndrome in the fowl. 097761
An *ultrastructural* **study** of spermatogenesis in Anthoceros laevis L. [Hepaticeae] with particular reference to the multilayered structure. 098904
Ultrastructural **study** of the nucleolar cycle in meristematic cells of Allium cepa [Onions]. 099008
Flax rust [Melampsora lini] resistance involving the K gene: an *ultrastructural* **survey.** 101373
Tapetal *ultrastructural* changes during pollen development. I. Studies on Antirrhinum maius. 098937
Regional distribution of **three** *ultrastructural* retinula types in the retina of Cataglyphis bicolor Fabr. (Formicidae, Hymenoptera). 102882

ULTRAVIOLET
Comparison of *ultraviolet* and **blacklight** for the induction of nutritional independence at two loci in Neurospora crassa[Fungi, genetics]. 099349
Rapid analysis of potassium sorbate in dried prunes by *ultraviolet* or **colorimetric** procedures. 095918
Estimation of tryptophyl and tyrosyl exposure in tryptophanrich proteins by *ultraviolet* **difference** spectrophotometry. [Hen] lysozyme and [bovine] chymotrypsinogen. 096419
Localizaion study of the primordial germ cells in embryos of the Japanese quail by means of *ultraviolet* **irradiation.** 096281
Ultraviolet **irradiation** of fenitrothion [insecticide] and the synthesis of the photolytic oxidation products. 102716
UV *[ultraviolet]-induced* **lethal** sectoring and pure mutant clones in yeast [Saccharomyces cerevisiae]. 099350
Repair of deoxyribonucleic acid in *ultraviolet* **light-sensitive** and -resistant Dictyostelium discoideum strains [Fungi]. 099813
Investigation of enzymatically destructed wood. XVII. *Ultraviolet-spectra* of **lignin** from birch wood. 098327
Genetic control of nutation process in Aspergillus nidulans[Fungi]. II. Study of *ultraviolet-induced* **mutagenesis** in uvs strains. 099229
Variability of the virus of classical fowl plague exposed to *ultraviolet* **radiation.** 097635
Food-induced changes in UV *[ultraviolet]-absorption* **spectra** of isolated chromatin from liver of rats under controlled feeding schedules. 095058
Ultraviolet **spectrophotometry** of black liquor fractions after sulfate pulping of halocellulose. 098440

ULVA
Effects, uptake, and metabolism of methoxychlor, mirex, and 2,4-D in seaweeds *[Ulva,* **Enteromorpha,** Rhodymenia, toxicity]. 102681
Automatic monitoring of a circadian rhythm of change in light transmittance in *Ulva* **[lactuca** latissima]. 099942
Circadian rhythms of chloroplast orientation and photosynthetic capacity in *Ulva* **[lactuca** latissima]. 099943

UMBELLALES
Erysiphaceae affecting *umbelliferous* **crops,** with special reference to carrot, in Israel. 101530

UMBELLIFERAE
Chromosome numbers in *Umbelliferae*. V. 098875
Pathogenic fungi in the collections of *Umbelliferae* **vegetables.** 101348

UNBLEACHED *see* BLEACHING

UNCARIA
Alkaoids and procyanidins of an *Uncaria* **sp.** From Peru. 099716

UNDERGROUND
Underground **waters** of the Lower Hutt—a model study. 104342
The theoretical and practical importance of studies about genetic types of *underground* **waters.** 104420

UNDERGROWTH
Study of assmilatory apparatus of the *undergrowth* in **connection** with light conditions under the canopy in the forest-steppe oak woods [Quercus, photosynthesis, solar radiation]. 100690

UNDERPLANTING
Fomes annosus: mortality rates in young trees [Larix decidua, Pseudotsuga menziesii, Picea sitchensis, Fagus sylvatica, Betula] *underplanted* among **pine.** 101439

UNDERSTORY
Insects—pests of young stands and *understory* of **pines** under conditions of excessive humidity. 102509

UNGERMINATED *see* GERMINATION

UNGUICULATA
Anti-trypsin activity and fractionation of **Vigna** *unguiculata* seeds globulins. 099969
Distribution of 14C [carbon isotope] assimilates in the cowpea **(Vigna** *unguiculata* L.) in relation to fruit abscission and treatment with benzyladenine. 100091
Protein body formation in cotyledons of developing cowpea **(Vigna** *unguiculata)* seeds. 100094
Effect of root temperature on growth and seed yield in cowpea **(Vigna** *unguiculata).* 100408
Integrated field and glasshouse screening for environmental sensitivity in cow pea **(Vigna** *unguiculata).* 100411
Root growth in cowpea **(vigna** *unguiculata* (L.) Walp.) seedlings. 100605
Seed-borne fungi of cowpea **(Vigna** *unguiculata)* in western Nigeria. 101505

UNHEATED *see* HEAT

UNICELLULAR *see* CELLS

UNIFORMITY
Non-uniformity of 15N **[nitrogen** isotope] labelling in plantmaterial. 099675

UNINFECTED *see* INFECTION

UNITS
Further characterization of *Subunit* III of **bovine** procarboxypeptidase A-S6 as a non activatable zymogen. 096239
Examination in seven large-scale **cattle** *units* on mineral supplement by winter feeding. 096613
Animal health and management problems in large-scale **cattle** *units.* 097211
A double coil [calf thymus] **chromatin** *sub-unit* model. 096256
Chromatin *subunits* visualized in common ultrathin sections of Helianthus [sunflower] nuclei. 098973
Alkylpyrazine alarm pheromones in primitive ants with small **colonial** *units* [Hypoponera opacior, Pomera pennsylvanica]. 102897
Studies of glutenin. VIII. *Subunit* **composition** at different stages of grain maturity [Wheat]. 095793
Subunit **composition** of delta-crystallin from embryonic chick lens. Analysis of methionine-containing tryptic peptides and cyanogen bromide peptides. 096429
Potential occupational health hazards of livestock producers working in animal **confinement** *units.* 094006
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. General model formation and demarcation. 095646
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. Bottling pasteurized milk. 095647
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. The ultra-high temperature milk section. 095648
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. The milk treatment department. 095649
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. The yoghurt department. 095650
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. The soft cheese department. 095651
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. Butter department. 095652
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. The spray drying department. 095653
The influence of the capacity and the degree of utilization on the *unit* **costs** in different dairy production departments. The Edam cheese department. 095654
Energy dynamics of the **cow-calf** *unit* on eastern Colorado sandhills [Feeding beef cattle]. 096778
Grazing potential of Louisiana pine forest-ranges **[Cow-calf** *units].* 098060
Several objectives of technical development and opportunities for control, and leading of production in large-scale **dairy** *units.* 094205
Importance and establishment of herds with sound legs and hoofs in industrial **dairy** *units.* 096133
The 24,000 **Dalton** *subunit* and the activity of yeast [Saccharomyces cerevisiae] RNA polymerases. 099526
The problem of developing a device for **driving** *units* with broad operational width operating with a given overlap between the passages. 103638
U.K **experimental** *unit* helps boost hill-farm output. 093992

Geobiocenologic *units* in studying phytophagous forest insects. 097889
Improving the effectiveness of industrially-producing young cattle facilities with semislotted floors by increasing the number of heads per *unit* **group** and the biological treatment of stored fodder. 096134
Growing-degree *units* for corn in the North Central Region [Climatology]. 100249
Proposals for the scientific organization of labor in the industrial production of heifers on pasture as shown by a *unit* with 4,480 **heads.** I. Presentation of production. 094352
Use of **legal** *units* of measure [in agricultural technology]. 094120
Evaluation of milk production per *unit* **live** weight in cattle breeding. 097050
Some experiences in preparing the roughage supply of large **livestock** *units.* 096815
The preparation and testing of industrial **livestock** *units* from the viewpoint of veterinary hygiene. 097206
Bases for a systemic analysis and the optimization of **machine-and-tractor** *units.* 103517
Effect of construction features of a hitching device on the productivity of a **multi-machine** *unit* [for field operations]. 103615
Application of *unit* **operations** in dairy industry. 095574
Proposals for the exact determination and comparison of the effectiveness of live labor in industrially **organized** *units* and enterprises of livestock production. I. Presentation of problem and proposals for organization of employees [East Germany]. 094351
Experiences and further opportunities of the large-scale **pig** *units.* 096071
Nomogram for determining the productivity of a **plowing** *unit* considering the variational character of the external load. 103534
Analysis of the operation of a regulated hydro-mounted system in a semi-mounted **plowing** *unit.* 103608
Dependence of tractive indices of a caterpillar tractor from *unit* **pressure** on the soil when operating on slopes. 103611
Calculation of the available working time per worker as a basis for the organization of labor in livestock **production** *units* [East Germany]. 094340
Cost accounting in livestock **production** *units.* I. [East Germany]. 094449
Use of semi-liquid manure from industrial animal **production** *units.* 104521
Identification of N-terminal amino acids of **protochlorophyllide-holochrome** *subunits* of etiolated barley seedlings. 100171
Engineering properties of black liquors in process design and development of kraft chemical **recovery** *units.* 098287
Reserves of increasing the productivity of *units* in **sowing** cereals and clean-cultivated crops. 103622
Mathematic-statistical derivation of the *unit* of full **stocking** in even-aged stands. 098007
Role of acid-basic catalysis in conversion of elemental model compounds of lignin **structural** *unit.* 098352
Role of acid-basic catalysis in formation of polymer products at heating model compounds of lignin **structural** *unit.* 098353
The complete amino acid sequences of both *subunits* of the **sweet** protein monellin [Dioscoreophyllum cuminsii]. 099743
The soil type as the **taxonomic** *unit* of classification and the principles of its subdivision. 103850
Shift productivity of machine and **tractor** *units* and factors affecting it. 103623
Technical and economic basis for a type of hitching for farming a *unit* with K-701 **tractors** saturated with power. 103635
Effect of kinematic parameters of a mounted device on the indices of a *unit* including a **wheel** tractor. 103616

UNSAPONIFIABLE *see* SAPONIFICATION

UPHOLSTERING

Housing: removing stains from *upholstery* and **carpets.** 095244

UPLANDS

Effect and aftereffect of fertilizers on the yield of maize in the conditions of the **Azov** *upland.* 103905
An attempt to define the differentiation in loess soil processes on the **Lublin** *Upland* during the Holocene. 103700
The structure of stands of southern taiga spruce forests located on *upland* **plateaus** between valleys in the region of the middle part of the Kama River. 098052
Effect of compost, straw mulches, and deep plow on soil moisture conservation in newly **reclaimed** *uplands.* 104223
On the classification of *upland* **soils** in Hiroshima Prefecture. 103712
Critical stages of irrigation for lentil under late **sown** *upland* conditions. 104321

URANYL

Effect of *uranyl* **acetate** on microbial fixation of nitrogen in presence of lanthanum sulphate. 103861
On the characterization of DNA in plant cells by metachromasia with *uranyl* **ions** [Onions, broadbeans, lupine]. 099615

URBAN

Fungal spores of the *urban* **atmosphere** of Pavia; results obtained by the Petri dish reaction test [Fungi taxonomy, plant pathogens]. 098701
Try a little fitness for fun: nutrition week project in an *urban* **community.** 095084
Health, the environment, and the *urban* **community.** 095379
The impact of *urban-industrial* **development** on agricultural incomes and productivity in Finland. 094418
Designing the *urban* **forestscape** [Street tree planting, Pinus nigra]. 101202
Two methods for preserving agricultural land at the *urban* **fringe:** Use-value assessment and transferable development rights. 094125
Ecosystem management: a framework for *urban* **pest** control. 102226
Urban **runoff** and combined sewer overflow [Water quality management]. 104345
Windbreaks for *urban* **uses.** 101237

URBANIZATION

Cropland holds its own **[Land** use, *urbanization].* 094127

UREA

An automated colorimetric method for the determination of *urease* **activity** in soil and plant material. 103721
Studies on wheat fertilization with *urea* **ammonium** phosphate. 104028
Processed poultry waste compared with uric acid, sodium urate, *urea* and **biuret** as nitrogen supplements for beef cattle fed forage diets. 096700
A practical method of estimation of **blood** *urea* nitrogen and its application to nutritional evaluation of dairy cows. 096712
Soybean meal and *urea* **compared** as protein supplements in high-concentrate ration of milking cows and growing goats. 096665
Use of a starter feed **containing** *urea* for rearing calves. 096833
Studies on effect of combined sprays of insecticides and *urea* on **cotton.** 102325
Importance of **feeding** *urea* to dairy cattle. 096727
Effects of monensin and *urea* in **finishing** steer rations. 096698
An improved method for the estimation of *urea* in **formula** feeds for cattle. 096661
High *urea* premix as protein supplement for ruminants [Goats, cows]. 096664
Factors influencing the utilization of **high-grain** *urea* diets by ruminants. I. Effect of minerals, vitamins, lysine, methionine, feed additives and corn oil [Goats]. 096662
Factors influencing the utilization of **high-grain** *urea* diets by ruminants. II. Effect of protein [Goats]. 096663
Effects of pre-and simulaneous treatment with *urea* on the **induction** of chromatid aberrations in Vicia faba [Broadbeans]. 100179
Quality of winter wheat grain effected by the treatment with chlorocholine chloride and *urea* in **irrigated** conditions of the Ukrainian steppe. 100132
Preserving properties of *urea* in **maize** silage production. 096023
A laboratory study on the pattern and mode of *urea* **nitrogen** transformation in the soil. 103888
Use of *urea* in the **nutrition** of monogastric animals. I. Partial or complete substitution of soybeans for urea in a rabbit ration. 096788
Effect of *urea* **phosphate** and liquid ammonium polyphosphate on the yield of barley and rye in a crop rotation. 104073
Use of urea in the nutrition of monogastric animals. I. Partial or complete substitution of soybeans for *urea* in a **rabbit** ration. 096788
Effect of foliar application of *urea* on **rhizosphere** and rhizoplane microflora of wheat. 103915
A note on the use of chlortetracycline as a possible agent to influence the activity of **rumen** *urease* [Cattle]. 096409
Effect of N-phenyl-N'-(4-pyridyl) *urea* on **shoot** formation in tobacco pith disk and callus cultured in vitro. 100271
Growth characteristics of Acer pseudoplatanus L. Cells grown in chemostat culture in the presence of *urea* alone as a **source** of nitrogen. 100674
Effect of biuret concentration in foliar **sprayed** *urea* on yield and composition of rice. 103969
Study of the **spread** *urea* of the pathogens of fruit tree bacterial diseases in the USSR. 101682
Sulphur-coated *urea* as a nitrogen source for cotton. 103912
Interrelations between gluconeogenesis and *urea* **synthesis** [in rat liver]. 096400
Effect of feeding treated groundnut-cake with *urea-molassesimpregnated* **wheat** straw on growth rate and utilization of nutrients in Nali lambs. 096684

UREDO

A new rust *[Uredo* **khandalensis]** on Polygonum glabrum from India. 101399

UREDOSPORES

Effects of temperature shocks, hydration and leaching on the subsequent germination of *uredospores* of **Puccinia** striiformis [Fungi]. 100026

URENA

Cytotaxonomy of Malvaceae. I. Chromosome number and karyotype analysis of Hibiscus, **Azanza** and *Urena.* 098962
Acrocercops sp. On *Urena* **lobata** L. (Congo jute). 102364

URETER

A horse with one kidney, partially **obstructed** *ureter,* and contralateral urogenital anomalies. 097732

URETHRA

The **feline** *urethral* shunt technique [Surgery]. 097151
Inhibitory effect at the *bladder-urethral* **junction** [Cats]. 096157
Histomorphology of the *urethral* **process** of the goat (Capra hircus). 096145

URIC

Uric **acid** excretion by the pig kidney. 096187
Processed poultry waste compared with *uric* **acid,** sodium urate, urea and biuret as nitrogen supplements for beef cattle fed forage diets. 096700
Significance of **blood** *uric* acid contents in the diagnosis of canine liver diseases. 097763
Processed poultry waste compared with uric acid, **sodium** *urate,* urea and biuret as nitrogen supplements for beef cattle fed forage diets. 096700

URINE

Fibrosarcoma in *urinary* **bladder** wall [Dogs]. 097729
Urine **fluoride** levels following ingestion of fluoridated domestic salt over three years. 095089
Effects of various ambient temperatures and of heating and cooling the hypothalamus and cervical spinal cord on antidiuretic hormone secretion and *urinary* **osmolality** in pigs. 096466
Determination of vanilmandelic acid in **pig** *urine* and chicken feces by gas-liquid chromatography. 096191
Isometric and isotonic length-tension relations and variations in cell length in longitudinal smooth muscle from **rabbit** *urinary* bladder. 096159
Dietary treatment of maple **sirup** *urine* disease (branched-chain ketoaciduria). 095123
Evaluation of anti-bacterial action of some medicinal plants used in the treatment of *urinary* **tract** infections. 099732

UROGENITAL

A horse with one kidney, partially obstructed ureter, and **contralateral** *urogenital* anomalies. 097732
Surgery of the *urogenital* **systems** of dogs and cats (selected conditions). 097123

UROMYCES

The host-parasite relationship between Vigna sesquipedalis [summer vegetable in southern China] and *Uromyces* **appendiculatus.** I. Development of parasitic colonies and the pattern of photosynthesis. 101543
Uromyces **nerviphilus** on interspecific hybrids of Trifolium repens [white clover] in Virginia. 101569
"Canario PF-210": a new rust *[Uromyces* **phaseoli** typica] resistant bean variety for the Peruvian central coast. 101319
Snap bean rust *[Uromyces* **phaseoli]**—a continued threat. 101636
Tracer techniques for the study of host [plant]-parasite relations [Infection by *Uromyces* **phaseoli,** viruses, breeding of disease resistant varieties]. 101914

UROPHORA

Some special forms of polytene chromosomes in two species of Diptera (Trypetidae and Rhagionidae) *[Urophora* **cardui,** Atherix ibis]. 102878

USTILAGINALES

Sex genetics and the pathogenicity of smut **fungi** *[Ustilaginales].* 101467
Methods of race differentiation of cereal smut **pathogens** *[Ustilaginales].* 101462

USTILAGO

Interaction of virulence genes in *Ustilago* **hordei** [Barleycovered smut]. 101379
The influence of DNA binding protein on the substrate affinities of DNA polymerase from *Ustilago* **maydis** [Fungi]: one polymerase implicated in both DNA replication and repair. 099345
Hyper-auxin induced by *Ustilago* **maydis** (DC) Cda on Zea may L. [Maize]. II. Post-infection variations in IAA [indoleacetic acid] oxidase, peroxidase and polyphenoloxidase [Loose smut]. 101602
About the methodology of studying the resistance of barley to loose smut *[Ustilago* **nuda].** 099077
The problem of inheritance of resistance to loose smut *[Ustilago* **nuda** (Jens.) Kell. et Sw.] by barley. 099114
Barley breeding for resistance to loose smut *[Ustilago* **nuda]** by using saturating crossings. 099266
Inoculation of barley with mixtures of buff and brown teliospores as an aid to screening for resistance to *Ustilago* **nuda.** 101556
Control of **smut** *(Ustilago* perranans Rostr.) of French ryegrass (Arrhenatherum elatius L.) by seed treatment. 101579
Resistance of F1 hybrids of sweet corn and their parental forms to common smut *[Ustilago* **zeae].** 099102

UTERUS

In vitro response of ovine and **bovine** *uterine* arteries to prostaglandin F2 alpha and periarterial sympathetic nerve stimulation. 096880
Yeasts in bovine semen [reservoir for **bovine** *uterine* infection]. 097318

Guanylate cyclase: Existence of different forms and their regulation by nucleotides in **calf** *uterus.* 096241
Milch animals and diseases of *uterus* **[Cattle].** 097721
Nucleolar ontogenesis in the *uterine* **chick** germ correlated with morphogenetic events. 096339
Dynamic studies of prostaglandin F-2alpha in the *utero-ovarian* **circulation** of the sheep. 096953
Biological role of the gravitational factor during *uterine* **development** in cattle. 096554
Bilateral adrenalectomy of lambs in *utero:* **effects** on maternal hormone levels at induced parturition. 096944
Intrauterine **embryogenesis** in Pratylenchus minyus Sher et Allen [Root nematode of wheat]. 101969
Effects of *intrauterine* **infusion** of gentamicin sulfate on bovine fertility [Metritis, dairy cattle]. 097764
Are changes in serum N-acetylhexosaminidase level associated with *uterine* **involution** in the cow? [Parturition]. 097027
Anatomic and topographic patterns of development of the cutaneous covering of sheep during *intrauterine* **life.** 096573
Metabolic function of the digestive tract of embryos in mammals as a form of its participationin the processes of *uterine* **nutrition.** 096558
Postpartum *uterine* involution and ovarian activity in dairy cattle [Fertility, reproductive physiology]. 097000
Uterine **secretion-like** proteins in the seminal plasma of the rabbit. 096971
Blood flow to the *uterine* **tube** (oviduct) of the early pregnant and pseudopregnant rabbit. 096854

UTRICULARIA

Effects of external electrical fields on cell membranes **[Valonia** *utricularia,* Algae]. 099556

VACCINATION

Aerosol *vaccination* against Newcastle disease. II. Effect of vaccine diluents [Chickens]. 097246
Tick-borne livestock diseases and their vectors. 3. Australian methods of *vaccination* against **anaplasmosis** [Anaplasma marginale] and babesiosis [Babesia argentina, Babesia bigemina, Anaplasma marginale, cattle]. 102618
45/20 *vaccination* in a **Brucella** infected herd [of cattle]. 097584
The occurrence of virus in leukocytes of *vaccinated* **chickens** following challenge with virulent Newcastle disease virus. 097269
Vaccination of **cows** with an Escherichia coli bacterin for the prevention of naturally occurring diarrheal disease in their calves. 097231
Effect of route of Newcastle **disease** *vaccination* on the incidence of airsacculitis in chickens infected with Mycoplasma synoviae. 097254
Encephalomyelitis in young dogs after *vaccination* against **distemper** and infectious canine hepatitis. 097490
Vaccination and *revaccination* with a **Holland** (H) strain of infectious bronchitis virus [Chickens]. 097270
Vaccination **research** involving Escherichia coli and neonatal swine; a literature survey [Bacterial infections]. 097460
Genetic and *vaccination-induced* **resistance** of chickens to lymphoid tumor transplants. 1. Marek's disease tumor transplant (JMV). 097259
Genetic and *vaccination-induced* **resistance** of chickens to lymphoid tumor transplants. 2. Transmissible lymphoid tumor of Olson. 097260
Vaccination and **revaccination** with a Holland (H) strain of infectious bronchitis virus [Chickens]. 097270
The control of outbreaks of leptospirosis in beef cattle by **simultaneous** *vaccination* and treatment with dihydrostreptomycin. 097574
Prevention of infectious atrophic rhinitis in swine with the *vaccination* of **sows** with Bordetella bronchiseptica [Bacterial infections]. 097326
Plasmodium berghei: heat-treated **sporozoite** *vaccination* of A/J mice: comparison of routes of injection. 097625
Bacteriologic and *vaccination* **studies** in a field epizootic of infectious bovine keratoconjunctivitis in calves. 097221
Summer *vaccinations* [Infectious diseases, minks]. 097641
Experience of **tomato** *vaccination* with strains of tobacco mosaic virus of low pathogenicity. 101755
Vaccinating for **vibriosis** [Cattle, Australia]. 097322

VACCINES

Plasmodium berghei: frozen-thawed, formalin-treated, and lyophilized sporozoites as *vaccines* in **A/J** mice. 097626
Aerosol vaccination against Newcastle disease. II. Effect of *vaccine* **diluents** [Chickens]. 097246
Study of immune response of chickens to Newcastle (Ranikhet) **disease** *vaccine.* 097476
Efficacy of intratracheal administration of Newcastle **disease** *vaccine* in day-old chicks. 097481
Residual moisture evaluation in **lyophilized** *vaccines* by Karl Fischer's method. Technique and causes of mistakes. 097613
Exaltation of chickens embryo adapted modified live duck **plague** *vaccine* virus. 097376
A simple technique for mass cultivation of Campylobacter fetus [for agglutination tests in diagnosing infection in animals and for *vaccine* **preparation].** 097286
Use of *vaccines* in the **production** of baby pigs [Infectious diseases]. 097444
Body temperature of fowls induced by intracerebroventricular infusion of TAB [typhus and paratyphus A and B] *vaccine* and O **somatic** antigen of Shigella dysenteriae. 097213
Use of attenuated rinderpest **tissue-culture** *vaccine* in cattle. 097375

VACCINIUM

The biology of mycorrhiza in the Ericaceae. VI. The effects of mycorrhizal infection and concentration of ammonium nitrogen on growth of **cranberry** *(Vaccinium* macrocarpon Ait.) in sand culture. 100515
Production of *Vaccinium* **myrtillus** L. [Myrtle whortleberry] fruit in some forest communities in the Central Roztocze. 098765

VACUOLE

Quantitation of the spatial distribution of **'prespore** *vacuoles'* in pseudoplasmodia of Dictyostelium discoideum [Fungi]. 099831
Continual intravitam perfusion of the *vacuolar* **sap** of Nitella [flexilis] cells [Algae]. 099988

VACUUM

The occurrence and growth of Clostridium spp. In *vacuum-packed* **bacon** with particular reference to Clostridium perfringens (welchii) and Clostridium botulinum. 094877
New *vacuum* equipment for the powdered milk industry [Processing]. 095599
Vacuum **packaging** [Beef]. 095723
Experimental tobacco fumigation under **partial** *vacuum* with ethylene oxide against Lasioderma serricorne. 102531
Composition and properties of tar, obtained at cellolignin thermolysis. IV. Fractionation on sephadex of tar, obtained at birch wood cellolignin thermolysis with overhead **steam** in *vacuum.* 098303

VAGUS

The *vagal* **control** of the ileo-cecal sphincter in the cat. 096168

VALENCE

Heat stability of forewarmed milks: influence of kappa-casein, serum proteins and *divalent* **cations.** 095583
Role of *divalent* **cations** in bactericidal action of normal bovine serum to Brucella abortus strain 19. 097634
The effect of mono- and *divalent* **cations** on the quantum yields for electron transport in [spinach] chloroplasts. 100377
Effect of the ratios of mono- and *bivalent* **cations** with chloride and sulfate salinization on the development of plants and the content of inorganic elements in cotton. 103843
Inhibition of fertilization in vitro by treatment of rabbit spermatozoa with *univalent* **isoantibodies** to rabbit sperm hyaluronidase. 096960
Host animal efficacy studies using a *multivalent* **Leptospirabacterin** [Cattle, swine]. 097565
Effect of *trivalent* and **pentavalent** arsenic on early developmental stages of the chick embryo [Poisoning]. 097810

VALERIANA

Nutritional requirements of *Valeriana* **officinalis** L. 099735

VALLEY

Bases for agricultural planning in **Bento** *Valley* [Culture of cotton, rice, sunflowers and bananas in Luanda Province]. 100955
The function of up-river dams in the water quality regulation of *valley* **dams.** 104433
Investigations on the nitrate charge of *valley* **dams** [Water pollution, East Germany]. 104653
Range extension of three conifers [Pinus aristata, Pinus flexilis, Juniperus occidentalis] and a dwarf mistletoe in the Panamint Moutains, **Death** *Valley* National Monument. 098651
Tapioca for Dehra **Dun** *Valley.* 101183
Effect of the irrigation regime and fertilizers on the yield of cotton on cultivated meadow soils in the **Fergana** *Valley.* 104348
Economic, environmental and energy use implications of short-season cotton production: Texas Lower Rio **Grande** *Valley* [Insecticides]. 094326
Honey bee problems in the Rio **Grande** *Valley* of Texas. 103210
Genesis of **Guadalquivir** *Valley* (South Spain) red soils: evolution and degradation. 103676
Intoxications of forages in the **Irno** *valley* and new relations between idioblast [cell] function and tumors [Polluted irrigation water toxicity]. 101828
Economic analysis of N [nitrogen] fertilization of maize germplasms in **Kulu** *Valley.* I. Irrigated. 103967
Behavior of the Granny Smith [apple] variety in orchards of the **Loire** *valley.* 101233
Maungaraki *Valley* catchment control scheme. 104402
Flowering times of avocados in the **Murray** *Valley.* 100485
Palaeo-ecology [Plants and animals of the **Nile** *Valley].* 098819
Flora of the **Ossola** *valley.* 098514
Woody plants selected by beavers in the Appalachian Ridge and *Valley* **Province** [Injuries]. 102058
The structure of stands of southern taiga spruce forests located on upland plateaus between *valleys* in the **region** of the middle part of the Kama River. 098052
Organic matter in the soils of the Zhizdra **River** *valley.* 103809
Sodium hazard of stream waters in Tungabhadra **River** *Valley* Project (left bank) area [Irrigation water quality]. 104357
Factors contributing to an epidemic of stripe rust [Puccinia striiformis] on wheat in the **Sacramento** *Valley* of California in 1974. 101555
Supplementary records of butterflies in the **Sacramento** *Valley* and Suisun Marsh, lowland central California. 103189
Reducing vert [Verticillium Wilt] and increasing yield of potatoes in the **Treasure** *Valley.* 101394
Fomes annosus as a factor in the management of recreational forests **[Yosemite** *Valley,* Pinus ponderosa, Libocedrus decurrens]. 101436
Timing of the application of nitrogenous fertilizers in cotton on meadow and boggy-meadow soils in the **Zeravshan** *Valley.* 104093

VALONIA

Effects of external electrical fields on cell membranes *[Valonia* **utricularia,** Algae]. 099556

VALUATION

About **economic** *valuations* of forest crops as a product of labor. 097622

VALVE

Flushing *valve* for drip irrigation tubes. 103388
Use of the **flutter** *valve* for thoracic drainage [Small animals]. 097132
A model of forgut activity in the blowfly Phormia regina Meigen. III. Analysis of *crop-valve* **function** during the crop-emptying process. 102868

VAMPIRE *see* BATS

VANILMANDELIC

Determination of *vanilmandelic* **acid** in pig urine and chicken feces by gas-liquid chromatography. 096191

VAPAM

Treatment of soil with thiazone [3,5-dimethyl-1,2,3,5-tetrahydro-1,3,5-thiadiazinethione-2] and carbathione *[vapam]* for the **control** of lodging of conifers in nurseries. 102028
Fumigants [chloropicrin, *Vapam,* **Vorlex]** can stop internal decay of Douglas-fir poles for at least 5 years. 098222

VARIA

Seedling growth of crownvetch **[Coronilla** *varia],* Ladino clover, and alfalfa under shade. 100072
Lime helps establish crownvetch **[Coronilla** *varia]* on coal-breaker refuse. 104159
The contents of some mineral elements in hay of lucerne (Medicago X *varia* **Martyn)** cultivated on rendzina soil in conditions of spray irrigation and differentiated phosphorus. 100057

VARIANCE

The utility of *covariance* of combining **ability** in plant breeding [Pearlmillet]. 099414
Estimation of sire's breeding value. V. Derivations of *variance-covariance* **matrices** of a solution of normal equations of a mixed linear model subject to selection bias. 097077
Approximate **sampling** *variance* of adjusted 3P estimates [Monte Carlo simultion, forestry]. 097980
Some remarks on the *variance* of **total** timber cutting areas estimated by acreage reduction method. 098293

VARIEGATED

A worldwide, annotated bibliography of the *variegated* **cutworm,** Peridroma saucia (Hubner). 102261
Flora of *variegated* **[soil]** layers in the central Kazakhstan. 098613

VARIETIES

Pavies, peaches *[varieties]* **adapted** to preservation. 095942
Reconstructing existing vineyards of the Feteasca **Alba** *variety* by uprooting every other row and shaping in others in a high-stem form. 101152
Some forage qualities of **alfalfa** *varieties* in western Siberia. 100119
Alfalfa *varieties:* their characteristics and adaptability to Idaho conditions. 100765
Evaluation of some *varieties* of **alfalfa,** Medicago sativa (L.), for their resistance to the alfalfa stem nematode, Ditylenchus dipsaci (Kuhn 1857) Filipjev 1936, under laboratory conditions. 101966
50 percent [allocation] of the clay [soil] area to potatoes? Economic aspects of expansion of potato cultivation with the aid of soil disinfection and **AM** *varieties* in clay tillage. 094308
Epidemology of apple scab (Venturia inaequalis) on Lar Ambri and Duda **Ambri** *[varieties].* 101477
American *varieties* of tomatoes and their utilization in breeding. 099436

Correlation and path coefficient analysis of the characters affecting the yield of the sunflower (Helianthus **annuus** L.) *[Varieties].* 100976
Commercial aspect of Granny Smith [**apple** *variety].* 094587
Preservation of the **apple** *variety* Granny Smith produced in Mediterranean climates. 095943
Inheritance of fruit size and shape in the first hybrid progeny of Jonathan, Delicious and Golden Delicious **apple** *varieties.* 099237
The Bonza **apple** *[Variety].* 101015
Early bearing and yield capacity of some introduced **apple** *varieties* in the foothill region of Crimea. 101078
New **apple** *varieties* in the Rostov Region. 101083
Observations on the behavior of the Granny Smith **apple** *variety* in orchards in the French Mediterranean region. 101234
Quality of Granny Smith [**apple** *variety]* in relation to times of harvesting. 101235
Resistnace of introduced **apple** *varieties* to scab in the conditions of the Rostov Region. 101355
The role of geographic factor in the resistance of **apple** *varieties* to pest and diseases. 101912
Influence of nitrogen fertilization level on the growth behaviour of Golden Delicious **apple** *variety.* 103950
Philippopol, a new **apricot** *variety.* 101149
Varieties of **autumn** yellow-seeded rape and autumn turnip rape. 100986
Effect of **barley** *variety,* environment and malting technology on the amino acids of malt. II. 095775
Performance of certain **barley** *varieties* under rainfed conditions. 100856
Identificaion in **barley** *varieties* of features correlating with resistance to frit fly [Oscinella]. 102311
Biometric characterization of site influences on the variety testing system as exemplified in **Bavarian** *variety* trials with winter wheat and summer barley from 1963 to 1972 [Yields]. 100719
Effect of **bean** *variety* on nodule development and nitrogen fixation using a number of strains of Rhizobium phaseoli of Brazillian origin. 100359
Effect of maize density on the yield of **bean** *varieties* having different growth habits. 101049
Registration of a new red kidney **bean** *[Variety].* 101052
Southern Cooperative snap **bean** *variety* trials. 101053
"Canario PF-210": a new rust [Uromyces phaseoli typica] resistant **bean** *variety* for the Peruvian central coast. 101319
Performance of selected snap **bean** *varieties* under rust infestation. 101323
Differential response of **bean** *varieties* to ordinary superphosphate. 103891
Registration of new navy **beans** *[Varieties].* 101051
Study of the rate of flowering, fruiting and flower shedding of the **Bolgar** *variety* [of grapes] relative to humidity of the air and method of viticulture. 101157
'Sea foam' *[variety]* a **breakthrough** in roses. 101035
[Present] status and prospects of **breeding** *varieties* of farm crops resistant to nematodes. 099283
Protein quality improvement in maize *[Varieties,* **breeding].** 099368
Reed fescue [Festuca arundinacea, *varieties,* **breeding].** 100898
Results of studying the biology of [grape] *varieties* **Bulgarian** Riesling and Pearl of Thrace in the Chirpan region. 100440
Changes in the morphological traits of the Likorishko Byalo 7 **cabbage** *variety* under the influence of the nutritional area size [Spacing]. 098978
Resistance of **carrot** *varieties* to brown rot [Phoma rostrupii] and white rot [Sclerotinia]. 101351
Collection of **castorbean** *varieties*—a valuable initial material for breeding for resistance to Fusarium wilt. 099439
Economical and biological peculiarities of **cauliflower** *varieties* in the conditions of Abkhazia. 101269
Investigations into the uptake, translocation and residue dynamics on the growth retardant B-9 (succinic acid dimethylhydrazide) with the 'Altenburger Melonenkursche' **cherry** *variety.* 100362
Fewer [cereal] *varieties* to **choose** from [Breeding]. 099074
Occurrence of Dothiorella sp. On Tangor Murcote [Gomosis, **citrus** *varieties].* 101629
Influence of three rootstocks on the yield and on the infestation of [the nematode] Tylenchulus semipenetrans on two **citrus** *varieties* in Algeria. 101968
Clematis *[Varieties].* 101028
Arrowleaf and Crimson **clover** *varieties* for forage [Yields]. 100992
The wild vegetables of Southeast Asia *[Varieties,* **cookery].** 094951
Behavior of Pavies [peach] *varieties* in **Costieres** du Gard since 1963. 101232
Performance of hirsutum **cotton** *varieties* under different sowing dates, spacings and fertilizer levels. 100857
Virulence of individual strains of Verticillium fungus in relation to different *varieties* of **cotton.** 101475
Evaluation of resistance to Verticillium wilt in **cotton** *varieties* of the State of Sao Paulo. 101627
Angular leaf spot incidence on **cotton** *varieties* sown in different periods [Xanthomonas malvacearum]. 101712
Breeding **cotton** *varieties* of Gossypium hirsutum L. For resistace to Xanthomonas malvacearum (E.f. Smith) Dowson. 101713
Influx of herbicides and their physiological effect on **cotton** *varieties.* 102203
Effects of two **cotton** *varieties* on levels of boll weevil parasitism (Coleoptera: Curculionidae) [Biological control]. 102301
Effect of 2,4 dinitrophenol on mitochondria of Vigna sinensis cv. serido **[Cowpeas,** *varieties].* 100379
Inheritance of the duration of the vegetation period and the elements of barley yield structure in **crossing** *varieties* of different ecological and geographic origin. 099252
Peculiarities of reproducing partially dioecious **cucumber** *varieties.* 099097
Effect of growth substances on fruit-set in a partly self-incompatible olive **cultivar** *[Variety].* 100472
Wild and cultivated cottons [Gossypium] from USA and Central America [Species, *varieties* and **cultivars** and their breeding value]. 099457
Comparison of population of red clover with short corollas with common **cultivated** *varieties* [Nectar secretion, bee pollination]. 100297
Understanding lettuce **[Culture,** *varieties].* 101038
Once over harvest of gherkins *[Varieties,* **culture].** 101266
The resistance of black **currant** *varieties* to leaf mite, Anthocoptes ribis (Masse). 102428
Norms of fertilizers for Cabernet-Sauvignon wide-row, high-formed [grape] *varieties* in **dark-gray** forest soils. 101147
Changes in the marketable qualities of apple fruits from the Jonathan, Golden Delicious and Red **Delicious** *varieties* stored in controlled atmosphere. 095896
Determinant *varieties* of tomatoes (Lycopersicon esculentum var. vulgare) and their use in breeding. 099441
Study of the lignin growth stimulator effect on the **Druzhbatomato** *variety.* 100443
Analysis of the possibility of developing **early** *varieties* of sunflower by the photoperiodic method. 099437
Initial material for breeding **early** *varieties* of whiteheaded cabbage for the northwestern zone of the USSR. 099448
How to force bunchy type of peppers **(enlarged** *variety* selection). 100496
Nitrogen for newly **evolved** *varieties* of barley. 104000
Evaluation of indigenous and **exotic** *varieties* of sesame (Sesamum indicum L.) for oil and protein content. 100990
Genotypical peculiarities of oil-bearing species and *varieties* of the **family** Brassicaceae in the content and quality ofoil in the seeds. 099445
Response of black gram [mungo beans] *varieties* to **fertility** levels. 104003
Oil content in seeds of fiber **flax** *varieties.* 095773
Evaluation of [world] collections of fiber **flax** *varieties* for breeding. 099443
[Oil] **flax** *varieties* from Argentina as initial material for breeding. 099458
Evaluating fall-planted Dutch-grown miscellaneous bulbs forspring and early summer **flowering** *[Varieties].* 101248
Ethology and new *[varieties* of] **forage** crops. 100887
Studies on the productivity of Bulgarian and **foreign** *varieties* of grain legumes [Field beans, soybean, spring feed pea and chick pea]. 100804
Variability of *varieties* and **forms** of buckwheat in M1 [generation] as a result of exposure to chemical mutagens. 099396
Productivity of silkworm [Bombyx mori] fed with leaves of different *varieties* and **forms** of mulberry [Morus]. 103243
Tests of hosts of some stocks and **fruit** *varieties* in relation to Pratylenchus vulnus Allen and Jensen. 101826
Preliminary studies on Meet Ghamr peach *[variety]* **fruits** storage. 095868
Effect of ethrel spray on maturation of Sultani fig **fruits** *[Varieties].* 100354
Succulents in the **garden** *[Varieties].* 101261
How growth retardants affect seed **Geranium** *varieties.* 100560
North Dakota **grain** *varieties,* 1976 [Yields]. 100755
Ten years of **grape** *variety* responses and wine-making trials in central Washington. 101099
The origin and development of muscadine **grape** *varieties.* 101137
Effect of certain ecological factors on the course of vegetation, fruiting and quality of Rkatsiteli **grape** *variety.* 101139
Comparative study of the resistance of several *varieties* of **grapes** to gray rot (Botrytis cinerea Pers.). 101426
Improvement of the technology of producing champagne wine materials from Rkatsiteli **grape-vine** *variety.* 095977
Technological and agrobiological features of **grapevine** *variety* "Odesskii Chernyi". 101284
Cytochemical features of tumor formation on the roots of **grapevine** *varieties* with different resistance to Phylloxera. 102418
The effect of increased application of nitrogen fertilizer and irrigation on *varieties* of **grass,** 1968-1971. 104149
The susceptibility of various *varieties* of **greenhouse** tomatoes to the occurrence of dry rot of fruit tops [caused by calcium and water supply deficiencies]. 101860
Physiological and biochemical peculiarities of cucumbers and tomatoes grown in plastic film-covered **greenhouses** *[Varieties].* 100603
Influence of morphactin IT 3456 on the growth and anatomic structure of Vicia faba L. (Faba vulgaris Mnch.), *variety* **'Hangdown** [Broadbeans]. 100055
1975 **harvest** *variety* tests [Sugarcane]. 100929
Columbia and Willamette—two newly developed **hop** *varieties.* 101292
The aromatic substances in grapes of the Vitis vinifera andsome interspecific **hybrid** *varieties.* 100447
Results of studying the content of diglycosides in the berries of different *varieties* and **hybrids** of grapevines. 095979
Development of a theoretical model of an **ideal** *variety* of rice. 099249
Genetically **improved** *varieties* of southern pines for use in Alabama. 098082
Reserves of productivity of wheat varieties from Siberia and the physiological and morphological model of an **intensive** *variety.* 100189
Apples from Rhode **Island** *[Varieties].* 101098
Effect of dates of planting and row spacings on the seed yield of **jute** *varieties.* 100833
Performance of different *varieties* of **jute** under north Bihar conditions. 100853
Kayamkulam-1, a promising Sesamum selection for 'Onattukara' in **Kerala** *[Varieties].* 100991
Comparison of fall and spring transplanting of woody plants **[Landscaping,** *varieties].* 101242
Register of Australian herbage plant cultivars *[Varieties],* B. **Legumes.** 12. Stylo, Stylosanthes hamata (L) Taub (Caribbean stylo) cv. Verano. 100878
Study of the qualitites and productivity of local and introduced **lentil** *varieties.* 101175
Differential effects of cadmium on **lettuce** *varieties* [Phytotoxicity, from contaminated soils]. 101892
New lilies are garden plants, not wildflowers **[Lilium,** *varieties].* 101033
A break for **lupins** *[Varieties].* 100722
Nutritive value of normal and opaque-2 **maize** *[Varieties].* 095043
Evaluation of **maize** *varieties* for their potential as breeding populations. 099179
Some biochemical characteristics of modified phenotype strains of opaque-2 (Zea mays L.) **[Maize,** *varieties].* 100169
Choice of early **maize** *varieties.* 100945
Problems of evaluating the resistance of the *varieties* of **major** farm crops to diseases according to the data of state variety testing. 101464
Yield and growth responses of [orchid hybrid] Aranda Wendy Scott *[variety]* to **manurial** treatments with NPK [nitrogen, phosphorus, potassium] and sawdust mulch. 104136
Effect of the seeding rates and sowing dates on the yield of the first productive year in 3 *varieties* of **meadow** clover and their mixtures. 100936
Induced polyploidy in legumes. III. Phaseolus vulgaris L. [Kidney beans, *varieties,* **meiotic** chromosomes]. 098965
Mini-roses *[Varieties].* 101031
Crop production guide for northern **Nevada** *[Varieties].* 100746
A **new** *variety* of Cirsium lucens [Bracteosum]. 098631
Methods of developing **new** *varieties* of grapevine with complex resistace to downy mildew, powdery mildew, grey mould, Phylloxera. 099277
Investigations into the primary production of fruit trees and their possible importance for the breeding of **new** *varieties.* 099459
MACS-9, a **new** *variety* of durum wheat for peninsular India. 100824
Irrigation regime of fine fibered cotton of the 5904-1 *variety* on **newly** developed lands in the Sherabad Steppe. 104411
Flaked, formed and frozen lamb products: A formed meat system for restructuring boneless lamb derived from a *variety* **oflamb** cuts. 095709
Effect of N [nitrogen] application on different *varieties* of **oilseed** crops under saline-cum-high water table conditions. 103977
Biological features of **onion** *varieties* in the first year of life in the conditions of the Tashkent Region. 100381
Reproduction of of [the nematode] Ditylenchus dipsaci in **onion** *varieties.* 101979
Susceptibility of three **onion** *varieties* to Ditylenchus dipsaci [Nematodes]. 101984
Behavior of the Granny Smith [apple] *variety* in **orchards** of the Loire valley. 101233
Corydalis cashmiriana *[Varieties,* **ornamentals].** 101162
Fritillaria—a beautiful collector's object *[Varieties,* **ornamentals].** 101163
Geum triflorum *[Varieties,* **ornamentals].** 101164
Pattern of dormancy breaking in seeds of few **paddy** *varieties.* 100167
Indigenous **paddy** *varieties* in eastern Rajasthan. 100821
Transplanting, line sowing and direct braodcast study with six **padi** *varieties.* 100914
Evaluation of southern **pea** *varieties* in Arkansas. 101073
Spring and winter **pea** *variety* yield trials—1975. 101169
Coronet, a new southern **pea** *variety.* 101245
Inheritance of fruit coloring in the first hybrid progeny of some **peach** *varieties.* 099236
Study on the morphogenesis of fruit buds in some **pear** *varieties.* 098980
General Leclerc, a new **pear** *variety.* 101132
What's all the interest in red **pears?** *[Varieties].* 101065
Fruit maturity dates for some **pecan** *varieties* and USDA selections. 101221
Studies on the performance of **pigeonpea** *varieties* to dates of planting and row spacing. 101192
Heat resistance of **plum** *varieties* in the foothill region of Crimea. 100389
Study on the root system of the Kjustendilska Sinja **plum** *variety* grafted on a myrobalan plum root stock [in relation to plowing and fertilizer application]. 101159

Breeding **potato** *varieties* resistant to nematodes [Heterodera rostochiensis]. 099269
Some preliminary studies on the performance of important **potato** *varieties* under warm climate at Mirpurkhas. 101019
Study of the collection of **potato** *varieties* in the conditions of the Ukrainian forest-steppe. 101091
Research with new **potato** *varieties* at Sor-Ostland, 1975. 101214
Descriptive cards of **potato** *varieties* inscribed in the 1976 catalog [France]. 101230
Results of testing **potato** *varieties* for resistance to diseases. 101465
A modification of the Glynne-Lemmerzahl method for testing resistance of **potato** *varieties* to wart disease, Synchytrium endobioticum (Schilb.) Perc. 101578
Resistence of several **potato** *varieties* against black leg, Erwinia carotovora, after injuring the tubers and inoculation. 101684
Translocation of the potato viruses Yn and Yo in some **potato** *varieties*. 101792
Variation in symptoms caused by potato virus M on the **potato** *variety* Uran. 101793
Resistance of **potato** *varieties* to Colorado potato beetle [Leptinotarsa decemlineata]. 102427
Agronomic practices for sunflower in Uttar **Pradesh** *[Varieties]*. 100816
Results of breeding highly **productive** *varieties* of proso. 099395
Promising *varieties* and hybrids of cucumbers and tomatoes for growing in winter-type and plastic covered greenhouses. 101085
T-21, a new arhar [pigeon peas] for **Punjab** *[Varieties]*. 101184
Investigations on the respiration of fruits in some **quince** *varieties* aimed at establishing an optimum picking date. 100437
Lyubimi—a new **radish** *variety* for field production. 101146
Studies on the growth and productivity of some **raspberry** *varieties*. 101155
Variety-growth **regulator** effects on pecan rootstocks. 100509
Resistance to yellow-berry in Triticum durum [wheat] *varieties*, as **related** to protein synthesis and leaf nitrate reductase activity. 101903
Studies on fruit set in some sapota [Achras sapota] *varieties* in **relation** to intra and intervarietal pollination. 100513
Growth and productivity of leaf surface of the bolgar [grape] *variety* **relative** to stem height. 100435
Study of the race composition of rust pathogens of bread cereals in the general problem of developing **resistant** *varieties*. 099281
Induced mutation in [kidney] beans (Phaseolus vulgaris) to obtain *varieties* **resistant** to golden mosaic virus. 2. 101722
Tobacco mosaic virus (TMV). Effects of infection with strains of TMV on the yields of unproctected tomato plants and of plants protected with attenuated strains of TMV as compared to *varieties* **resistant** to TMV. 101805
Tracer techniques for the study of host [plant]-parasite relations [Infection by Uromyces phaseoli, viruses, breeding of disease **resistant** *varieties]*. 101914
Jayanthi **[rice** *variety]* brings more profits. 094409
Compared outgrowth rate of nodal roots in three **rice** *varieties* (Oryza sativa L.). 100078
Grow high yielding **rice** *varieties*. 100812
Harvesting and drying studies with padi Bahagia and padi Jaya **[Rice** *varieties]*. 100913
Studies on the methods for evaluation of field resistance of **rice** *varieties* to blast disease [Pyricularia oryzae]. 101598
Resistance of commercial **rice** *varieties* to Sitotroga cerealella (Olivier) (Lepidoptera: Gelechiidae). 102537
Response of **rice** *varieties* to nitrogen during summer season. 104019
Studies on fertilizer requirement of selected new and promising **rice** *varieties* in coastal tract of Karnataka. 104110
Some types of **roses** *[Varieties]*. 101252
Effect of *variety*, **row** spacing and plant population on pigeonpea. 101189
Effect of planting method on *varieties* of **safflower.** 100843
Breeding of intensive **short-stem** *varieties* of wheat. 099246
Peculiarities of the root system development of **short-stem** *varieties* of spring wheat from the USA. 100115
About the structure of the spike in some **short-term** *varieties* of spring wheat [Correlation of yield components]. 099243
1975 [sugarcane] *variety* **situation.** Development of the varietal situation from 1969 to 1975. 100930
Herbicide X insecticide interaction varies with *variety*, **soil** type [Peanuts]. 102106
Study on the suitability of **soybean** *varieties* for growing under irrigation as a second crop. 100806
Screening **soybean** *varieties* and hybrids for resistance to soybean mosaic virus. 101801
Response of **soybean** *varieties* to graded doses of nitrogen and phosphorus. 104145
Test on **starchy** *varieties* [Potato cultivation]. 101231
Problems of evaluating the resistance of the varieties of major farm crops to diseases according to the data of **state** *variety* testing. 101464
1975 report on Experiment **Station** *variety* tests—small grains: wheat, oats, barley [Yields]. 100756
Evaluation of the Olympus **strawberry** *[Varieties]*. 101058
The olympus **strawberry** *variety*. 101063
Haworthia. III. **[Succulents,** *varieties]*. 101260
Studies on the dates of sowing and harvesting of four *varieties* of **sugarbeet.** 100869
Test results of the second selection (behavior) **[Sugarcane** *varieties]*. 100928
It pays to select a **suitable** *variety* for drylands [Field crops]. 100823
Results of comparison trials among **sunflower** *varieties* [Yields]. 100969
Phaseolus calcaratus [rice beans] and its problem in the breeding **system** *[Varieties]*. 099122
Dynamics of chemical substances during the maturation of different *varieties* of **tangerines.** 100584
Pathogens occurring on **ten** *varieties* of ryegrass [Lolium] at Rothamsted in 1973-74. 101925
Biometric characterization of site influences on the *variety* **testing** system as exemplified in Bavarian variety trials with winter wheat and summer barley from 1963 to 1972 [Yields]. 100719
Resistance to lodging in **tetraploid** *varieties* of winter rye. 099103
Aneuploid composition of some *varieties* of **tetraploid** winter rye. 099286
Differentiatin of populations of wheat brown rust in the USSR with the aid of a series of isogenic lines on the basis of the *variety* **Thatcher.** 101459
Genetical preconditions of breeding **tobacco** *varieties* resistant to diseases. 099273
Ecological studies on burley tobacco in Japan and Korea. II. Growth, yield and quality of some burley **tobacco** *varieties* grown at different locations. 100741
An objective evaluation of some **tomato** *variety* concentrates by their color and their reflection spectra. 095894
Effect of copper on the dynamics of accumulation of substances in different **tomato** *varieties*. 100599
Comparison of plant hormones, plant density and **tomato** *varieties* cultivated in the greenhouse. 101043
Cucumber and **tomato** *varieties* for protected cultivation north of the Arctic Circle. 101077
A new determinate **tomato** *variety* [Vranya-123] for preserving of unpeeled whole fruits. 101138
Influence of transplant pricking off density on yield, earliness and production quality of some **tomato** *varieties* for early field production [Spacing]. 101144
Resistance of wild species and cultivated **tomato** *varieties* to Xanthomonas vesicatoria (Doidge) Dowson. 101687
Study of the herbicide metribuzin used for different **tomato** *varieties* grown by use of transplants. 102103
Maximizing yield of MH-1 **tomatoes** *[Varieties]*. 101106
Tree *varieties* and their roles in silviculture. 098100
Summary of **tree** *varieties* suitable for shelter belts. 098174
Plant population requirement of **triple-dwarf** *varieties* of wheat. 100859
Warm season, ornamental **turfgrasses** *[Varieties]*. 101124
Association of earliness with some economic characters in **twelve** *varieties* of tomato (Lycopersicon esculentum, Mill). 101018
Studies on the resistance of **two** *varieties* of tomato to [the nematodes] Meloidogyne spp. and Phytophthora parasitica. 101983
Effect of three levels of nitrogen and three spacings on grain yield of **two** *varieties* of rice. 103986
Testing of **vegetable** *varieties* for protected cultivation [in the Murmansk Region]. 101092
Vegetable *variety* trials, 1975 [Yields]. 101243
Getting the best out of the rabi **vegetables** *[Varieties]*. 101176
On the seed sizes of *varieties* of **Vitis** vinifera [grapes] relative to cultural area. 101148
Study of amylases of germinating bajra (Pennisetum typhoides) [pearlmillet] and barley (Hordeum **vulgare)** *varieties*. 100109
Baking studies on the pin-milled and air-classified flour from four hard red spring **wheat** *varieties*. 095780
Effect of chlorocholine chloride and nitrogen on some morphological, anatomical and cytological characteristics of Giza155 **wheat** *[Variety]*. 098882
Short stem spring **wheat** *varieties* valuable for breeding. 099104
Soft **wheat** *varieties* of Australia and their breeding significance for dryland farming in Uzbekistan. 099106
Seventh supplementary list of **wheat** *varieties* classified according to their genotype for hybrid necrosis and geographical distribution of Ne-genes. 099210
Anatomo-biological method in breeding for developing models of soft winter **wheat** *varieties* of highly intensive type. 099244
Methods and results of breeding Mironovskaia **wheat** *varieties* of the intensive type. 099256
Study of the genetic structure and activity of functioning locations of genomes in different spring **wheat** *varieties*. 099263
Tracer techniques in plant breeding programmes **[Wheat** *varieties]*. 099314
Spring **wheat** *varieties* evaluated for breeding purposes according to their hybrid characteristics. 099406
Change of some physiological indices in **wheat** *varieties* with different resistance under extreme conditions. 100113
Biochemical indices of the potential productivity of soft winter **wheat** *variety*. 100184
Reserves of productivity of **wheat** *varieties* from Siberia and the physiological and morphological model of an intensive variety. 100189
Intervarietal correlation study of some introduced USSR spring **wheat** *varieties* in Arab Republic of Egypt. 100714
Results of testing spring **wheat** *varieties* of the intensive type in the foothill region of the Urals. 100726
Yubilei, a new Bulgarian **wheat** *variety*. 100815
Influence of sowing dates and seed rates on the performance of **wheat** *varieties* Kalyan Sona, HD 1941 and WL 212. 100851
Performance of different high yielding **wheat** *varieties* under late sown conditions. 100858
Row spacing, seed rate and *variety* of **wheat** under rainfed conditions at Dholi (Bihar). 100863
Roughrider: a winterhardy, high yielding hard red winter **wheat** *variety*. 100920
Histochemical investigations of **wheat** *varieties* different in their resistance to brown leaf rust [Puccinia triticina Erikss.]. 101461
A study of few anatomical characters in relation to the lodging behaviour of some **wheat** *varieties*. 101915
The nature of distribution of frost resistance curves in **wheat** *varieties* of different resistances. 102032
Development of spring **wheat** *varieties* resistant to stem borers. 102368
Effect of time of application of nitrogen on the growth and yield of dwarf **wheat** *varieties*. 103987
Response of dwarf **wheat** *varieties* to nitrogen fertilization. 104007
Response of different winter **wheat** *varieties* to fertilizers. 104089
Results from, and recommendations for, the irrigation of winter **wheat** *varieties* on a Black Clayey soil in the Thuringian Basin. 104285
Yubilei—a new Bulgarian **wheat** *variety*. 104316
New **wildflower** *varieties* released [Beautification]. 101123
Grass seed. What do we see for this **year?** *[Varieties]*. 100909
A study on the biological characteristics and the high **yield** *variety* of "Yang Tsung millet (Setaria italica)". 100752
Initial spring barley breeding material for obtaining high **yielding** *varieties*. 099092
1974 West Virginia hybrid corn trials *[Varieties,* **yields].** 100766
1975 West Virginia hybrid corn trials *[Varieties,* **yields].** 100767
Results of the Fifth International Winter Wheat Performance Nursery grown in 1973 *[Varieties,* **yields].** 100962
Small grain trials, 1974 *[Varieties,* **yields].** 100963
1975 small grains performance trials in Utah *[Varieties,* **yields].** 100964
Missouri crop performance, 1975. I. Corn. II. Grain sorghum. III. Soybeans *[Varieties,* **yields].** 100979

VARROA

Apiculture in Japan: control of honeybee diseases [and *Varroa* **jacobsoni].** 103255
Varroa **javobsonii** crossed the Carparthian Mountains [Apis mellifera pests, Hungary]. 103252
The *Varroa* **mite** and the development of agents for its control [Apis mellifera, pests]. 103261

VASCULAR

Vascular **arrangement** in the skin of tropical cattle. 096149
Vascular **flora** of Barnes and Stutsman counties, North Dakota. 098621
The *vascular* **flora** of the Gros Morne National Park coastal plain, in Newfoundland. 098700
Vascularization and **nature** of androecious structures in Lecythidaceae. 098897
Occurrence of transfer cells in *vascular* **parenchyma** of Hieracium florentinum roots. 098929
Scanning microscopy of **pituitary** *vascular* casts. 096176
The organization of the *vascular* **system** in the stems of the Nymphaeaceae. I. Nymphaea subgenera Castalia and Hydrocallis. 098879
The conservation of **threatened** *vascular* plants in Europe. 098449

VASECTOMY

Oestrous activity and lambing rates in ewes following varying periods of association with *vasectomized* **rams** prior to the commencement of the mating period. 096853

VASOCONSTRICTION

Cardiac receptors in ducks—a link between *vasoconstriction* and **bradycardia** during diving. 096154

VASUCLAR

Extravascular **cells** within the perisinusoidal space of the avian liver. 096345

VECTORS

Grape diseases transmitted by **animal** *vectors* [Nematodes, insect pests]. 102025
Malaria eradication and control from a global standpoint [by shortening the life of the **Anopheles** *vector]*. 102584
Occurrence of mottle and redleaf components of carrot motley dwarf disease in British Columbia *[Vector* **aphid,** Cavariella aegopodii]. 101739
Resistance of potatoes to **aphids**—*vectors* of viruses. 102426
Tick-borne livestock diseases and their *vectors*. 3. **Australian** methods of vaccination against anaplasmosis [Anaplasma marginale] and babesiosis [Babesia argentina, Babesia bigemina, Anaplasma marginale, cattle]. 102618
How to reduce foothills abortion [Epizootic bovine abortion, Ornithodoros **coriaceus,** *vector]*. 097283

Frequency of rabies, distribution and density of foxes *[vectors* of **disease**] studies in Baden-Wurttemberg. 097343
Potential insect transmission of Scleroderris lagerbergii by scolytid beetles [Pinus banksiana, insect **disease** *vectors].* 101559
A Moroccan isolate of turnip mosaic virus infectious to garden pea and other legumes [Aphids as insect **disease** *vectors].* 101781
Gradual change in predominating isolates of barley yellow dwarf virus in New York [Aphids as **disease** *vectors].* 101784
Maize streak epiphytotic in Nigeria [Cicadulina as insect **disease** *vector].* 101786
Tick-borne livestock diseases and their *vectors.* 2. **Epizootiology** of tick-borne diseases. 102619
Sampling & mapping reservoirs & [animal] *vectors* of **human** disease. 102573
Prevalence and experimental transmission of bovine piroplasms in the Netherlands [Protozoan diseases, ticks as **insect** *vectors].* 097633
Sanitation: a practical protection against Dutch elm disease in Fredericton, New Brunswick [Ceratocystis ulmi, Ulmus americana, Scolytus multistriatus and Hylurgopinus rufipes as **insect** *vectors].* 101562
Risk of injury from [Dutch] elm disease [Ceratocystis ulmi] in Denmark [Scolytus laevis as **insect** *vector,* Ulmus]. 101662
Host range of maize chlorotic dwarf virus [Graminella nigrifrons, **insect** *vectors].* 101785
The changing status of corn virus diseases: potential value of a systemic insecticide [Graminella nigrifrons and Rhopalosiphum maidis as **insect** *vectors].* 102308
Will [Dutch] elm disease be able to spread in Denmark? [Scolytus as **insect** *vector* of Ceratostomella ulmi, Ulmus]. 102524
The seasonal incidence of exodid ticks **[Insect** *vectors* of protozoan diseases of cattle, piroplasms, Ixodes ricinus, Haemaphysalis punctata]. 102613
The 5th Agricultural Aviation Congress, Sept. 1975 [on chemical control of pests, forest fires and **insect** *vectors].* 102679
Biological control of **mollusc** *vectors* of schistosomiasis [Schistosoma mansoni]. 097273
Specific association of artichoke Italian latent virus withthe odontostyle of its *vector.[the* **nematode**] Longidorus attenuatus. 101763
Augusta disease in tulips. Field experiments concerning tobacco necrosis virus and its [fungus] *vector* **Olpidium** brassicae. 101803
Multiplication of vesicular stomatitis virus in the leafhopper Peregrinus maidis (Ashm.), a *vector* of a **plant** rhabdovirus [Maize mosaic virus]. 101759
Isometric, viruslike particles in the green peach aphid, Myzus persicae. Their intracellular localization and distribution within the aphid body *[Vectors* of **plant** viruses]. 102436
Observations on naturally acquired hepatozoonosis of wild carnivores and dogs in the Republic of South Africa [Hepatozoon, **Rhipicephalus,** *vectors].* 097462
A new, lightweight, transparent insect cage *[Vectors* of **Spiroplasma** citri, the causative agent of stubborn disease of citrus, virus diseases]. 102384
Purification and morphology of the tomato golden mosaic virus [Bemisia **tabaci,** *vectors].* 101800
Olpidium brassicae *[vector* of] **tobacco** necrosis virus, and Pythium spp. in relation to rusty root of carrots in Ontario and Quebec [Pythium sulcatum, Pythium irregulare]. 101383
Response of [tobacco] root cells to the feeding by the ectoparasitic root-infesting nematode Trichodorus similis [a *vector* of **tobacco** rattle virus]. 102067
Venezuelan equine encephalitis virus: comparison of infectivity and virulence of strains V-38 and P676 in donkeys [Aedes **triannulatus,** *vectors].* 097220
Delineation of La Crosse virus in developmental stages of transovarially infected Aedes **triseriatus** *[Vectors].* 102546
Evaluation of some systemic granular insecticides against Myzus persicae Sulzer on potatoes *[Vectors* of **viruses].** 102458

VEGETABLE

Influence of DD [dichloropropane, dichloropropene] nematocide [used to control Heterodera schachtii] on biological value of some *vegetables* **[Cabbage,** Brussels sprouts and red beets]. 101853
Fruit and *vegetable* **canning.** 095889
Production of *vegetables* on a **commercial** basis with protected cultivation [Greenhouses]. 101216
1976 weed, insect, and disease control guide for **commercial** *vegetable* growers. 101833
Control of insect and mite pests of **commercial** *vegetables.* 102397
Pests of *vegetables* and their **control.** 3. Potato [India]. 102454
How to select and **cook** *vegetables.* 095107
Dependence of the yield and quality of early cabbage in *vegetable* **crop** rotation from the forms of nitrogenous and potassium fertilizers. 104060
Virus diseases of *vegetable* **crops** in Apulia. XVII. A yellow mosaic of lettuce induced by chicory yellow mottle virus. 101778
Measures for controlling pests and diseases of *vegetable* **crops** in greenhouses. 101862
Cyanox against the pests of *vegetable* **crops** in the Krasnodar Territory [O-p-cyanophenyl O,O-dimethyl phosphorothiate]. 102440
Studies on the clubroot of cruciferous plants. I. Susceptibility and resistance to clubroot [caused by Plasmodiophora brassicae] of the **cruciferous** *vegetable* species and. 101596
Automation and mechanization of labor-consuming operations in protected **cultivation** of *vegetables.* 094219
Some effects of potassium deficiency on seedling **development** *[Vegetables].* 100356
Disinfecting storage rooms *[Vegetable* **diseases].** 101943
Drying *vegetables* at home. 1. 095104
Postharvest diseases of fresh fruits and *vegetables*—**etiology** and control [Fungal and bacterial diseases]. 101913
Variability of the chemical composition of some herbs [and] **flavoring** *vegetables]* from the region north of the Arctic Circle [Parsley, dill, parsnip, celery]. 099573
A report of leaf spot diseases on some *vegetable,* **fodder** and ornamental plants. 101400
Controlled atmospheres for **fresh** *vegetables* and fruits—why and when [Storage]. 095900
Improvement of texture of **frozen** *vegetables* by stepwise blanching treatments. 095926
Anthocyanin pigments in foods **[Fruits** and *vegetables].* 095899
Hypobaric storage and transportation of fresh **fruits** and *vegetables.* 095901
Irradiation treatment of **fruits** and *vegetables.* 095902
Perspectives in postharvest physiology **[Fruits** and *vegetables].* 095903
Storage stability and quality of produce packaged in polymeric films **[Fruits,** *vegetables].* 095906
Subatmospheric storage of **fruits** and *vegetables.* 095907
Keep 'em growing *[Vegetable* **gardens,** culture]. 101118
Planting *[Vegetable* **gardens,** culture]. 101119
Use winter months to plan ahead *[Vegetable* **gardens].** 101120
Start with soil *[Vegetable* **gardens].** 104180
Fruit, *vegetable,* and **grain** processing wastes. 104556
Establishing the most appropriate regions for the development of **greenhouse** *vegetable* production. 094147
Red peppers –a new promising crop of **greenhouse** *vegetable* growing. 101088
Let's **grow** some *vegetables.* 101030
Chemical evaluation of *vegetables* **grown** with conventional or organic soil [fertilizer] amendments. 103923
Hydrolysed *vegetable* proteins—their flavour characteristics and applications in meat and meat analogs. 095576
Multiple cropping of *vegetables* **[India].** 101229
Are home gardens having an impact on the *vegetable* **industry?** 101055
Assurance of *vegetable* **irrigation,** an important contribution to fulfilling the main task. 104278
Damping-off in cucurbitaceous plants in Egypt. IV. Studies on Rhizoctonia-damping-off of *vegetable* **marrow.** 101529
Multielement uptake by *vegetables* and **millet** grown in pots on fly ash amended soil. 099803
Prospects of the expansion of protected cultivation of *vegetables* in the **Murmansk** Region. 101087
Rapid colorimetric determination of free fatty acids [in *vegetable* **oil].** 095813
Pretreatment of *vegetable* **oil** refinery wastewater. 104614
Insecticides of *vegetable* **origin.** 102236
Economic evaluation of fruits and *vegetables* **packing** house project Assiut. 095867
Prospects of growing greens and **perennial** *vegetable* crops in the Murmansk Region. 101086
Effects of age and season on yield of crude and extractable proteins from some edible **plants** *[Vegetables].* 100409
Achievements in the protection of *vegetables* in **Poland.** 101850
New York State **processing** *vegetable* industry. 095871
Economic effects of treating fruit and *vegetable* **processing** liquid waste. 104609
Vegetable **productions** in Maine-et-Loire. 101228
Quality aspects of fruit and *vegetable* **products.** 094862
Application of artificial lighting for *vegetables* in **protected** cultivation. 101075
Problems of expanding the assortment of *vegetables* for **protected** cultivation. 101084
Soil substrates and mineral nutrition of *vegetables* in **protected** cultivation. 101090
Baked foods fortified with *vegetable* **protein.** 095402
Vegetable **proteins** in foods. Regulatory aspects. 094916
Basic structure and possible changes of *[vegetable]* **proteins** as chemical entities. 095518
Getting the best out of the **rabi** *vegetables* [Cultivation]. 100811
Getting the best out of the **rabi** *vegetables* [Varieties]. 101176
Integrated blanching and cooling [of *vegetables]* to **reduce** plant effluent. 095940
Biochemical peculiarities of protected cultivation of *vegetables* in the **region** north of the Arctic Circle. 100380
Contribution of the Industriia subsidiary farm in the expansion of protected cultivation of *vegetables* in the **region** beyone the polar circle. 101076
Study of the nature of the surface of *vegetable* **seeds.** 100444
Selected *vegetable* budgets, South Carolina, 1976 [Farm planning guide for estimating the individual producer's costs and returns]. 094187
Specification of the impact of socioeconomic factors on consumption of the animal and *vegetable* **sources** of protein. 094112
Quality evaluation of fruits and *vegetables* by **spectrophotometric** technique. 095904
Synthesis of an optimal system of automatic regulation of the microclimate in *vegetable* **storehouses.** 103398
Stuffed *vegetables.* 095387
The host-parasite relationship between Vigna sesquipedalis **[summer** *vegetable* in southern China] and Uromyces appendiculatus. I. Development of parasitic colonies and the pattern of photosynthesis. 101543
The future of **textured** *vegetable* protein (TVP) production in Guyana: agricultural and nutritional considerations. 095030
Pathogenic fungi in the collections of **Umbelliferae** *vegetables.* 101348
Up-to-date trend in the development of protected cultivation of *vegetables* in the **USSR** and abroad. 101094
Testing of *vegetable* **varieties** for protected cultivation [in the Murmansk Region]. 101092
Vegetable **variety** trials, 1975 [Yields]. 101243
The **wild** *vegetables* of Southeast Asia [Varieties, cookery]. 094951

VEGETATION

Revegetation of **acid** mining wastes in central Idaho. 104242
Some observed interrelationships between the cover of **aquatic** *vegetation* and various physical properties of the water medium. 098815
The use of *vegetation* in **assessing** the productivity of forest lands. 098778
Vegetation **associated** with kakapo (Strigops habroptilus Gray) in Sinbad Gully, Fiordland, New Zealand. 098827
Control of [fungus] diseases of *vegetating* **cereals.** 101590
Tunnel erosion [Soil reclamation, *vegetative* **control].** 104225
Application of fertilizers and the productivity of herbaceous plants in the establishment of a *vegetation* **cover** on gully slopes. 103903
Vegetative **culture**—a method for rapid vegetative propagation. 101271
Vegetative **cycle** of Aulacomnium androgynum Schwagr. From in vitro cultures of gemmae [Musci]. 099598
Grasslands of North **Dakota** *[Vegetation].* 098799
Micro-vegetation **fertilizing** experiments on grey forest soils eroded in various degrees. 103877
Effect of certain ecological factors on the course of *vegetation,* **fruiting** and quality of Rkatsiteli grape variety. 101139
Evaluation of the after-effect of gamma irradiation (Co-60)[cobalt isotope] on *vegetative* and **generative** development in soybean. 099415
Pigment changes and photosynthetic rates under selected wavelengths in the growing tips of Eucheuma isiforme (C. Agardh) J. Agardh var denudatum Cheney during *vegetative* **growth** [Algae]. 099581
Vegetative **growth** of nineteen tropical and sub-tropical pasture grasses and legumes in relation to temperature. 100328
Effects of air and soil temperatures on *vegetative* **growth** of citrus [Oranges]. 100473
Study of the *vegetative* **growth** and sporulation of Pyricularia oryzae Cavara in different culture media. 101631
Vegetative **growth,** yield and quality of cauliflowers relative to [the application of] mineral fertilizers. 103951
Relationship of nitrogen nutriton of 'Early Black' cranberry to *vegetative* **growth,** fruit yield and quality. 104038
Studies in the *vegetational* **history** of mid Wales. IV. Pollen analyses of some Pingo basins. 098830
A *vegetative* **key** to Nebraska grasses. 098619
Changes in **landslide** *vegetation* at Lake Thomson, Fiordland, New Zealand. 098826
Heterotrophic complexes and the structure of the underlying peat deposits in slope mires *[Vegetation,* **Leningrad-Novgorod** regions boundary]. 098873
Aquatic and **littoral** *vegetation* of the lakes near Ostrow Lubelski against the background of habitat conditions. 098764
Vegetation from the **lower** reaches of the Ivan'kovo Reservoir and the effect of heated waters from the Konakovo State Regional Power Station on it. 100022
Vegetation **management** in certified alfalfa seed production [Weed control]. 102111
THe use of remote sensing imagery for environmental land use and flood hazard **mapping** *[Vegetation].* 104338
Contribution to the study of **Musci** *vegetation* of some formations of Corsican shrubs. 098690
Plant life [Cambrian Forests, **natural** *vegetation].* 098793
Vegetation of the **Nile** basin. 098820
Variability of *vegetative* **organs** of some interspecies hybrids of birch [Betula] in the first generation. 098163
Runs of night frost recorded for the *vegetative* **period** [of plants] in Poland. 094098
Inheritance of the duration of the *vegetation* **period** and the elements of barley yield structure in crossing varieties of different ecological and geographic origin. 099252
Pioneer *vegetation* of Mount Vesuvius: phytosociological and evolutionary aspects. 098772
Is DDT [dithiothreitol] a means to improve the mutation spectrum of *vegetatively* **propagated** plants? [Achimenes]. 099193
Vegetative **propagation** of Solanum tuberosum L. In vitro [Potatoes]. 100554
An estimate of total surface area of *vegetation* for **PukeitiCatchment,** Northland, New Zealand. 098812

Vegetative culture—a method for **rapid** *vegetative* propagation. 101271
The peculiarities of *vegetative* **regeneration** of herbaceous plants on plowed slices [on clearcut forest sites]. 100301
Effects of photoperiod and temperature on *vegetative* and **reproductive** responses of Lycopersicon esculentum Mill. [Tomatoes]. 100475
Vegetative **response** to twelve years of seasonal burning on a Louisiana longleaf pine [Pinus palustris] site. 098172
Prairie ant mound ecology: interrelationships of microclimate, **soils** and *vegetation.* 098801
Considerations on the **spontaneous** *vegetation* and cultivated plants on the Falkland Islands. 098497
Carcharolaimus banaticus n. Sp. (Nematoda: Discolaimidae) and its ecology [in a *vegetation* **succession** in Deliblato Sands, Banat, Yugoslavia]. 101960
Vegetation of **Sucia** Island in Puget Sound, Washington. 098785
Vegetation **surrounding** Kings Lake bog, Washington. 098817
Studies on the weed vegetation at the early stage of plantation. II. *Vegetational* **transition** on Larix leptolepis forests planted every year in Sasa (Sasa paniculata) area. 098099
Observation and prediction of soil water under different **types** of *vegetation.* 103775
Studies on the **weed** *vegetation* at the early stage of plantation. II. Vegetational transition on Larix leptolepis forests planted every year in Sasa (Sasa paniculata) area. 098099
A brief sketch of the *vegetation* of the **White** Sea east coast. 098731
Rating effectiveness of herbicides in desiccating **woody** *vegetation.* 102207

VEHICLE

Fog as a *vehicle* for **dispersal** of a microbial insecticide [the entomogenous bacterium Bacillus thuringiensis] in shelterbelts [to control Paleacrita vernata and Alsophila pometaria in Ulmus pumila]. 102499
Lateral stability of **frame-steered** *vehicles* [Logging equipment]. 098405
Sugar as a *vehicle* for **iron** fortification: further studies. 095005
Sugar as a *vehicle* for **iron** fortification. 095006
A technical-economical analysis for the determination of means of transport and *vehicles* most **suitable** for agriculture. 094734

VEIN

Studies on the **central** *venous* pressure in the dog. II. Changes of central venous pressure following fluid transfusion. 1. Infusion of dextran 70 and lactated Ringer's solution to normal dogs. 096534
Participation of petiole and *veins* in **metabolism** of glycolate in Virginia creeper leaves [Parthenocissus tricuspidata]. 099616

VELLOZIACEAE

Transfusion tracheides and mestoma sheath in **Barbacenioideae** *(Velloziaceae).* 098896

VELOCITY

Vitamin B12 levels and nerve **conduction** *velocities* in patients undergoing maintenance hemodialysis. 094970
Breeding of sunflower plants based on variation in **germination** *velocity* at low temperatures [Heredity]. 099148
Study of the resistance of soils and grounds during **high** *velocities* of shift [Tilling and digging machinery]. 103633
Link analysis for the rice transplanting **mechanism** *[Velocity].* 103463
The problem of recording the *velocity* of **movement** of a tillage implement in designing its working surface. 103552
Rapid propagation of changes in *velocity* of **translocation** among the phloem pathway of Helianthus annuus L. [Sunflowers]. 100095

VENDING

Milk stamps can save you **money** - through *vending.* 095269

VENEERS

Exterior structural composite panels with southern **pine** *veneer* faces and cores of southern hardwood flakes. 098221

VENOM

Sensory structures on the *venom* **apparatus** of a primitive ant species [Paraponera clavata]. 102809

VENTILATION

Development of heating and *ventilation* **equipment** for premises for breeding silkworms [Bombyx mori]. 103366
Automatic **glasshouse** *ventilation.* 103381
Ventilation and **home** blending of feed [Swine]. 096791
Clean, dry, *ventilated* **housing** for the young dairy calf. 103335
Method for the analysis of the entrainment between heart rate and *ventilation* **rate** [Rabbits]. 096499

VENTRICULAR

Interaction between the hypothalamic defence reaction and **cardiac** *ventricular* receptor reflexes [Cats]. 096158
Effects on body temperature produced by micro-injection of Salmonella typhimurium lipopolysaccharide into the third **cerebral** *ventricle* of the chicken. 097480
Fatty acid and prostaglandin composition of **left** *ventricular* myocardium from dexamethasone-treated dogs with severe low output syndrome (LOS). 097758
Ventricular **tachycardia** in the dog. 097731

VENTURIA *see* MYCOSPHAERELLACEAE

VERBASCUM

Honey plants [Euphorbia humifusa, Buxus sempervirens, Linaria spuria, *Verbascum* **thapsus**]. 101287

VERMICULITE

Effectiveness of using *vermiculite* [as a **substrate** for flowers] in protected cultivation. 101079

VERNALIZATION

Lipoquinones of winter wheat grain in **relation** to *vernalization.* 100100

VERNONIA

Revision of *Vernonia* **(Compositae),** subsection Paniculatae, series Umbelliformes of the Mexican highlands. 098698
Studies on South Indian Compositae. II. Cytology of the **genus** *Vernonia* Schreb. 098969

VERSICOLOR *see* COLOR

VERTEBRATES

On the use of a glucocorticoid in **canine** *vertebral* trauma. 097794
Occurrence and characterization of microsomal cytochrome P450 in several *vertebrate* and **insect** species. 096318
Studies of the thyrotropin-releasing hormone. I. CNDO/2 studies of the conformations of the **residues** [in *vertebrates].* 096474
The subcellular localization of calcium in *vertebrate* **smooth** muscle: calcium-containing and calcium-accumulating structures in muscle cells of mouse intestine. 096310

VERTICAL

Vertical **cooperation** in grape production and wine making. 094254
A *vertical* **deformer** [for studying regularities of soil and ground mechanical resistance]. 103603
Vertical **distribution** of Armillaria mellea [Fungi] rhizomorphs in soil. 100034
Observations on the *vertical* **distribution** of [the nematode] Tylenchulus semipenetrans Cobb in volcanic soil [planted with sour orange, Citrus aurantium]. 101974
Vertical **distribution** of three nematode species [Belonolaimus longicaudatus, Pratylenchus brachyurus, and Trichodorus christiei] in relation to certain soil properties. 103779
Vertical **distribution** of Sr90 [strontium isotope] and Cs137 [cesium isotope] in bottom deposits of lakes and rivers. 104639
Biological action of strontium-90 [isotope] on the seedlings of pine (Pinus sylvestris L.) in relation to *vertical* **distribution** of radionuclide in soil [Radiation injuries]. 104643
Reclamation effectiveness of *vertical* **drainage** in the Golodnaya Step'. 104412
Vertical and **lateral** distribution of stable flies [Stomoxyscalcitrans] in northwestern Florida. 102591
Stability of movement of the dibbler's disk selection in *vertical* **plane.** 103625
Vertical **profiles** of [atmospheric] carbon dioxide concentration in stable stratification. 093965
Vertical **resistance** of potatoes to the pathogen of late blight [Phytophthora infestans] and the formation of phytoalexins. 101474
Vertical **transmission** as an unrecognized problem in transmission of infection [using cattle as a model]. 097353
Division of labor in the organization of the graduated production of specialized farms of industrial swine production of the *vertical* **Weimar/Apolda** Pork Cooperative Union. 094341

VERTICILLIUM

Use of mutants to establish (+)-scytalone as an intermediate in melanin biosynthesis by *Verticillium* **dahliae** [Fungi]. 099635
Pentaketide metabolites of *Verticillium* **dahliae** [Fungi]: Identification of (+)-scytalone as a natural precursor to melanin. 100012
Some aspects of pathogen-host interrelations in cotton wilt *[Verticillium* **dahliae].** 101468
An improved selective medium for the isolation of *Verticillium* **dahliae** [Tomatoes]. 101524
Reaction of chemomutants of cotton to infection by the pathogen of *Verticillium* **[dahliae]** wilt. 101614
Application of systemic fungicides against leaf infection with wilt *[Verticillium* **dahliae]** simultaneously with defoliation of cotton. 101644
Virulence of individual strains of *Verticillium* **fungus** in relation to different varieties of cotton. 101475
Study of the collection of eggplants for resistance to wilt [caused by *Verticillium* and **stolbur** virus]. 101356
Reducing vert *[Verticillium* **Wilt]** and increasing yield of potatoes in the Treasure Valley. 101394
Effect of benlate on the resistance of cotton to *Verticillium* **wilt.** 101488
Evaluation of resistance to *Verticillium* **wilt** in cotton varieties of the State of Sao Paulo. 101627

VERTISOLS

Q/I [quantity-intensity] potassium relationships in *Vertisols* and **Brown** Earths of Tenerife. II. 103686
Micromorphologic study of a *Vertisols* **catena** in Seville Province (southern Spain). 103678

VESICARIA

Studies on structure in plant communities. VII. Field and experimental analyses of **Atriplex** *vesicaria* populations from the Riverine Plain of New South Wales. 098773

VESICLE

The function of the **anal** *vesicle* in respiration and excretion in the braconid wasp, Microplitis croceipes. 103021
Diagnosis of *vesicular* **disease** in swine. 097517
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, rinderpest, *vesicular* **exanthema** of swine, vesicular stomatitis and foot-and-mouth disease. 097558
Spore dispersal of Endogonaceae [Fungi] by worms, ants, wasps, and birds *[Vesicular-arbuscular* **mycorrhiza].** 099624
Mechanism of an active transport of calcium. Ethoxyformylation of sarcoplasmic **reticulum** *vesicles* [Rabbit skeletal muscles]. 096426
A unique RNA species involved in initiation of *vesicular* **stomatitis** virus RNA transcription in vitro. 097299
Role of temperature-sensitive mutants in persistent infections initiated with *vesicular* **stomatitis** virus. 097425
Temperature-sensitive mutants of *vesicular* **stomatitis** virus are conditionally defective particles that interfere with and are rescued by wild-type virus. 097426
Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to viruses of African swine fever, hog cholera, rinderpest, vesicular exanthema of swine, *vesicular* **stomatitis** and foot-and-mouth disease. 097558
Multiplication of *vesicular* **stomatitis** virus in the leafhopper Peregrinus maidis (Ashm.), a vector of a plant rhabdovirus [Maize mosaic virus]. 101759
Swine *vesicular* disease: virus survival in pork products. 094906
Some physical and chemical properties of **swine** *vesicular* disease virus (SVDV). 097238
Swine *vesicular* disease; bibliographic review. 097329
Infection of man by **swine** *vesicular* disease virus. 097398
Thermal inactivation data for **swine** *vesicular* disease virus. 097580
Neuropathology of experimental **swine** *vesicular* disease in pigs. 097603

VESPIDAE

The formation of the colony in the social wasp, Polybioidestabidus Fab. *(Vespidae,* **Polybiinae).** 102856

VESSEL

The growth physiology of coleoptiles in **continuous-record** *vessels:* anomalous kinetics of cycloheximide action on auxin-controlled growth [Wheat]. 100261

VETCH

Nutritive value of red clover hay and **common** *vetch* hay for growing pigs and rats. 096796
Immunological study of the initial material for breeding peas, peavine and **forage** *vetch* in the conditions of the TambovRegion. 099088
Infection rate of *vetch* by **leaf** spot [Ascochyta punctata] with various methods of infection. 101345
Namoi woolly pod, a **versatile** *vetch* for the tablelands [Pasture plant]. 100694
Tests on ruminant nutrition with *vetch* **(Vicia** sativa Vi-45). 096786

VETERINARIANS

In memoriam: Mogens V. **Andreasen,** 1924-1976 *[Veterinarians].* 097145
US **Army** *veterinarians* in biomedical research: from seed to harvest. 097173
Professor Dr. Mirko Francetic—on the occasion of his 70th **birthday** *[Veterinarians].* 097208
Prescription writing for the *veterinarian* **[Drugs].** 097161
Occupationally-related diseases of **Illinois** *veterinarians.* 094003
In memoriam: Kai **Jensen,** 1907-1976 *[Veterinarians].* 097144
In memoriam, Prof. Dr. Med. Vet. Habil. H. J. Christoph, **Leipzig** *[Veterinarians].* 097189
In memoriam: Svend **Moller,** 1892-1976 *[Veterinarians].* 097146
Relationship of the Danish Kennel Club to **practicing** *veterinarians.* 097147
The impact of electronic identification and disease detection on the **role** of the *veterinarian.* 097198
In memoriam: Herman **Veldhuis** *[Veterinarians].* 097207

VETERINARY

A brief history of the AVMA **[American** *Veterinary* Medical Association]. 097162
A tribute to Alexandre Liautard, the father of the **American** *veterinary* profession. 097163
Dr. Carroll K. Mingle awardee of the honorary diploma **American** *Veterinary* Epidemiology Society, October 17, 1974, Roanoke, Virginia. 097196

Permanent rest of cows *[Veterinary* **aspects].** 097179
Accepting the forage challenge *[Veterinary* **aspects** of cattle feeding]. 097754
Evaluating the annual requirements for the *veterinary* **candidates** through 1990. 097143
Neoplasms of the nasal passages and paranasal sinuses in domesticated animals as reported by 13 *veterinary* **colleges.** 097684
Veterinary **cytogenetics** [Chromosomal aberrations, cattle, horses]. 097072
Veterinary **education** in the USSR. 097174
Development of **equine** *veterinary* medicine in the United States. 097166
The preparation and testing of industrial livestock units from the viewpoint of *veterinary* **hygiene.** 097206
Veterinary **implementation** of problem-oriented medicine and records. 097133

VIABILITY

Allelism of spontaneous mutations which **affect** *viability* in the 2 chromosome of LA Drosophila melanogaster strain. 102944
The effect of freezing and organic solvents on *viability* of **chlorophyllous** fern spores [Equisetum arvense, Osmunda japonica]. 099691
Factors influencing the health and **economic** *viability* of a poultry flock. 097182
Viability of **horse** embryos after storage and long-distance transport in the rabbit. 096972
Effects of Aureo-S-700R on sporulation, *viability* and **infectivity** of ovine coccidial oocysts. 097464
Thermal selection of seeds of field crops according to their *viability* as a **method** for increasing resistance to semi-pathogenic [fungal] microorganisms. 101473
Lesions in the ribosomes of *non-viable* **pea** (Pisum arvense) embryonic axis tissue. 100372
The problem of the effect of storing irradiated seeds with different level of **ploidy** on their *viability*. 099787
The *viable* **seed** contents of ant-hill and pasture soil. 099884
Studies on overcoming self-incompatibility by means of testtube fertilization and development of fertilized ovules into *viable* **seeds** in Petunia hybrida. 099339
Factors affecting discharge, germination and *viability* of **spores** of Microcyclus ulei [Agent leaf blight of Hevea brasiliensis]. 101647
Effect of carbathion on the *viability* of **weed** seeds. 102189

VIBRATIONS

Studies on human body response to *vibration* during **driving** a tractor. 103464
Vibratory **harvesting** of pendulous fruits: the fruit stem separation dynamics of olives. 103586
Ozonolysis activation strengthening of water solutions of lignin derivatives by **high-frequency** *vibrations.* 098347
Vibrational **loading** of mechanically fastened wood joints. 098429

VIBRIO

Vibrio **parahaemolyticus** and seafoods [Spoilage microorganisms]. 094928
Incidence of Salmonella spp., Clostridium botulinum, and *Vibrio* **parahaemolyticus** in an estuary [Microbiological indicators of pollution]. 104448

VIBRIOSIS

Vaccinating for *vibriosis* **[Cattle,** Australia]. 097322

VICIA

Effect of infection with bean yellow mosaic virus on nucleic acid content of azak treated **broadbean** *(Vicia* faba L.) plants. 101720
Antinutritive factors contained in the seeds of **broadbeans** *(Vicia* faba). V. Influence on the protein catabolism of broilers [Nutrition]. 096785
Differential Giemsa staining of heterochromatic regions in the chromosomes of *Vicia* **faba** [broadbeans], Allium cepa [onions] and Paeonia tenuifolia. 099044
Self-fertility and the distribution of seed yield in *Vicia* **faba** L. [Broadbeans]. 099209
Influence of morphactin IT 3456 on the growth and anatomic structure of *Vicia* **faba** L. (Faba vulgaris Mnch.), variety 'Hangdown [Broadbeans]. 100055
An analysis of cell proliferation in the apical meristem of lateral roots of *Vicia* **faba** L. [Broadbeans]. 100087
Cap formation during the elongation of lateral roots of *Vicia* **faba** L. [Broadbeans]. 100088
Changes with age in the status of water and tissue characteristics in individual leaves of *Vicia* **faba** L. [Broadbeans]. 100089
Effects of pre-and simulaneous treatment with urea on the induction of chromatid aberrations in *Vicia* **faba** [Broadbeans]. 100179
Requirements for flowering of three lines of *Vicia* **faba** L. (broadbeans). 100336
Effect of plant density of yield and yield components of *Vicia* **faba** L. monor (Peterm.) Beck [Broadbeans]. 100966
Wyerone epoxide as a phytoalexin in *Vicia* **faba** [broadbeans]and its metabolism by Botrytis cinerea and Botrytis fabae in vitro. 101523
Studies of the herbicide paraquat. I. Effects on the cell cycle and DNA synthesis in *Vicia* **faba** [Broadbeans]. 102096
Tests on ruminant nutrition with **vetch** *(Vicia* sativa Vi-45). 096786

VICINA *see* MOLLUSKS

VIGNA

Distribution of 14C [carbon isotope] assimilates in the **cowpea** *(Vigna* unguiculata L.) in relation to fruit abscission and treatment with benzyladenine. 100091
Protein body formation in cotyledons of developing **cowpea** *(Vigna* unguiculata) seeds. 100094
Effect of root temperature on growth and seed yield in **cowpea** *(Vigna* unguiculata). 100408
Root growth in **cowpea** *(vigna* unguiculata (L.) Walp.) seedlings. 100605
Leaf blight of **cowpea** *(Vigna* sinensis Endl.) caused by Sclerotium rolfsii Sacc. 101405
Seed-borne fungi of **cowpea** *(Vigna* unguiculata) in western Nigeria. 101505
Integrated field and glasshouse screening for environmental sensitivity in cow **pea** *(Vigna* unguiculata). 100411
Comparative evolution of pulse crops **[Phaseolus,** *Vigna].* 098602
The host-parasite relationship between *Vigna* **sesquipedalis** [summer vegetable in southern China] and Uromyces appendiculatus. I. Development of parasitic colonies and the pattern of photosynthesis. 101543
Effect of 2,4 dinitrophenol on mitochondria of *Vigna* **sinensis** cv. serido [Cowpeas, varieties]. 100379
Anti-trypsin activity and fractionation of *Vigna* **unguiculata** seeds globulins. 099969

VILLA

The Bombyliidae of Aldabra Island with notes on the species of the *Villa* **hottentota** (L.) group from Africa and the islands o the western Indian Ocean [New taxa]. 103181

VILLAGES

Capitalistic *village* under conditions of a crisis [Social and economic status of farmers]. 094066
Some problems of ideological work in the *village* under **conditions** of concentration, specialization and industrialization of agriculture production. 094036
Development of the collective and state farm production and cultural-ordinary **construction** in the *village.* 094013
A note on Culex tritaeniorhynchus Giles, 1901, in *villages* near **Delhi.** 102574
Density effect on survival of immature stages of Culex pipiens fatigans in breeding sites in **Delhi** *villages.* 102576
A **French** *village* in the industrial revolution. 093950
Impact of working of 'Charcha Mandals' on the member-farmers [Discussion groups in **Indian** *villages].* 094085
Improving the level of life on the workers and further improvement in the cultural **life** of the *village.* 094020
Characteristics of agricultural cooperative in **mountainous** *village* in Gifu Prefecture, Japan: a case study in Kashimomura. 094311
The town as head of the *village* and its **role** in improving the culture of rural life [Communist party organization]. 094042
Development of family and household structures in **ten** *villages* formerly settled by small farmers in the German Federal Republic—a contribution to social changes. 093984
Infrastructural developments and their causes as exemplified by **ten** *villages* in the German Federal Republic [Sociology]. 093986

VINBLASTINE *see* VINCALEUKOBLASTINE

VINCALEUKOBLASTINE

Toxicology of vindesine **(Desacetyl** *vinblastine* amide) in mice, rats, and dogs. 097831

VINEGAR

Vinegar **weed** [Trichostema lanceolatum] volatile constituents [Essential oils]. 095460

VINES

Nutrition diagnosis of **cucumber** *vines* grown on gravel in greenhouses. 100503
Observations on the parasitic activity of the nematode Macroposthonia xenoplax on **grape** *vine* roots. 102064
Cleridendron thomasoniae, Southern Bleeding Heart, **tropical** *vine* to pot plant [Growth regulators]. 100451

VINEYARDS

Wine the Germans keep for themselves. The *vineyards* of **Baden.** I. 095887
Irrigation of *vineyards* in the **conditions** of the Lower Dniester region. 104428
The transpiration expenditure of a *vineyard* in **connection** with the energy balance of the plants. 100583
Reconstructing **existing** *vineyards* of the Feteasca Alba variety by uprooting every other row and shaping in others in a high-stem form. 101152
The methodology of sampling for the determination of soil moisture content in **fruit-bearing** *vineyards.* 103859
Effectiveness of irrigating **high-stemmed** *vineyards* in the Odessa Region along the Danube River. 104427
Vineyard **insect** pests [Erythroneura comes, grapes]. 102392
Allowances of capital investments for the establishment of **irrigated** *vineyards.* 094456
Effect of different levels of fertilizers on the yield of **irrigated** *vineyards.* 104161
The system of spacing grapevines in the *vineyards* of **Moldavia.** 101281
Air-flow [circulation] patterns in *vineyard* **rows** [Microclimate]. 098759
Irrigation of *vineyards* on **sandy** and loamy-sandy soils in the south of the Ukraine. 104429
Highlights of the 1975 *vineyard* **survey** [Production, New Zealand]. 094296
The *vineyard* of **tomorrow.** Influence of mechanization on grape harvests. 103572
Across the **world** *vineyards.* Observations on French grape culture in Egypt. 101239
Effect of different methods of irrigation on the moisture condition of soil and the productivity of **young** *vineyards.* 104424

VINIFERA

The aromatic substances in grapes of the **Vitis** *vinifera* andsome interspecific hybrid varieties. 100447
On the seed sizes of varieties of **Vitis** *vinifera* [grapes] relative to cultural area. 101148

VINYL

Occurrence of *vinyl* **chloride** in new foods for the Norwegianmarket [Contamination]. 094891
Metabolism of the insecticide SD 8280, *2-chloro-1-(2,4-dichlorophenyl)vinyl* **dimethyl** phosphate, following its application to rice. 102344
Degradation of the insecticide SD 8280, 2-chloro-1-(2, *4-dichlorophenyl)vinyl* **dimethyl** phosphate, in soils [Residues]. 102754
The mechanization of transport in *vinyl* **house.** VII. Automatic operation of the inter-row transporting car. 103469
The preparation of soil micromonoliths with *vinyl* **latex.** 103692

VIOLETS

Growing **african** *violets* [Saintpaulia]. 101194
Safety evaluation of **gentian** *violet* [Gentiana] for breeder chickens. 096763
Studies on betalain pigments of Centrospermae plants with special reference to a *violet* **red** pigment in Salicornia europeaea L. 099856

VIREMIA

A comparison of methods for **monitoring** *viremia* in a bluetongue virus infected bovine. 097497

VIRGIN

Effect of molybdenum on the rhizosphere microflora of cotton plant in *virgin* **calcareous** soil. 103889
A preliminary study of a *virgin* **forest** tract of the Cumberland Plateau in Laurel County, Kentucky. 098839

VIROIDS

Separation of potato spindle **tuber** *viroid* ribonucleic acid from Scopolia sinensis into three infectious forms and the purfication and oligonucleotide pattern of fraction II RNA. IX. 101737

VIROLOGY

Achievements of Polish **plant** *virology* after the second World War. 101730

VIRULENCE

Interaction of *virulence* **genes** in Ustilago hordei [Barleycovered smut]. 101379

Virulence **heterogeneity** of a predominantly avirulent western equine encephalitis virus population [Duck embryo cell cultures]. 097411

Virulence of **hungarian** and standard strains of Pseudomonas phaseolicola on [kidney] beans (Phaseolus vulgaris L.). 101676

Virulence of **individual** strains of Verticillium fungus in relation to different varieties of cotton. 101475

The problem of different *virulence* of **local** populations of the pathogen of flax rust Melampsora lini (Ehrenb.) Lev. 101643

Correlation between the exoprotease activity, sporulation, crystal-formation, and *virulence* of **local** Bacillus thuringiensis strains [Bacterial insecticides, biological control]. 102237

An anamnestic response to challenge with *virulent* **Mycoplasma** mycoides subsp. mycoides of cattle immune to contagious bovine pleuropneumonia. 097395

The occurrence of virus in leukocytes of vaccinated chickens following challenge with *virulent* **Newcastle** disease virus. 097269

Virulence heterogeneity of a **predominantly** *avirulent* western equine encephalitis virus population [Duck embryo cell cultures]. 097411

Study of *virulent* **properties** of ecogeographical populations of the pathogen of head smut of maize [Sphacelotheca reiliana]. 101360

Classification and *virulence* of **rice** bacterial leaf blight pathogen, Xanthomonas oryzae. 101709

On the *virulence* of **Salmonella** muenster for chickens. 097367

Venezuelan equine encephalitis virus: comparison of infectivity and *virulence* of **strains** V-38 and P676 in donkeys [Aedes triannulatus, vectors]. 097220

A comparison of the *virulence* of **three** strains of Mycoplasma gallisepticum and one strain of Mycoplasma gallinarum in chicks, turkey poults, tracheal organ cultures and embryonated fowl eggs. 097595

VIRUSES

Clinical and serological response of the nine-banded armadillo (Dasypus novemcinctus) to *viruses* of **African** swine fever, hog cholera, rinderpest, vesicular exanthema of swine, vesicular stomatitis and foot-and-mouth disease. 097558

Application of the passive fluorescent antibody technique to the sero-diagnosis of **animal** *virus* diseases. 097505

The Papovavirus group [**Animal** *viruses].* 097576

U.S.A.H.A. [United States Animal Health Association] committee on **animal** *virus* characterization arboviruses: value of the new taxomony. 097583

Particle shape of **asparagus** *virus* 2. 101728

Assembly of spherical plant and **bacterial** *viruses.* 101740

A comparison of some serological tests [from cattle, sheep and deer] for **bluetongue** *virus* infection. 097285

A comparison of methods for monitoring viremia in a **bluetongue** *virus* infected bovine. 097497

Transmission of *viruses* through **boar** semen. 097553

A diagnostic survey of **bovine** *viral* infections in the Northern Plains states. 097498

BVD [**bovine** *virus* diarrhea] virus in commercial fetal calf serum and 'normal' and aborted fetuses. 097511

Laboratory diagnosis of **bovine** *virus* diseases. 097531

Lesions and microorganisms in aborted bovine fetuses with **bovine** *viral* diarrhea antibodies. 097532

Tracer techniques for the study of host [plant]-parasite relations [Infection by Uromyces phaseoli, *viruses,* **breeding** of disease resistant varieties]. 101914

Strains of infectious **bronchitis** *virus* on the Delmarva peninsula and in Arkansas [Chickens]. 097267

Vaccination and revaccination with a Holland (H) strain of infectious **bronchitis** *virus* [Chickens]. 097270

Variant infectious **bronchitis** *virus* isolated from Indiana chickens. 097485

BVD *virus* strain variation and laboratory diagnostic problems. 097510

Studies on forecasting of mosaic disease occurrence on Japanese radishes. I. Occurrence of mosaic disease on Japanese radish and types of its **causal** *viruses* in Hiroshima Prefecture. 101735

Uptake of exogenous metabolites by *virus-transformed* **cells:** changes induced by temperature and pH [hydrogen-ion concentration, chick embryos]. 097233

Transmission of hog **cholera** *virus* by flies: recovery of virus from flies following exposure to infective blood. 097581

Variability of the *virus* of **classical** fowl plague exposed to ultraviolet radiation. 097635

BVD [bovine virus diarrhea] *virus* in **commercial** fetal calf serum and 'normal' and aborted fetuses. 097511

Problems of *virus* **control** in ornamental woody plants. 101725

Performance of corn hybrids exposed to **corn** *viruses* in Ohioin 1974. 101718

Performance of corn hybrids exposed to **corn** *viruses* in Ohioin 1975. 101719

The changing status of **corn** *virus* diseases: potential value of a systemic insecticide [Graminella nigrifrons and Rhopalosiphum maidis as insect vectors]. 102308

Delineation of La **Crosse** *virus* in developmental stages of transovarially infected Aedes triseriatus [Vectors]. 102546

Research on the cucumber mosaic (**Cucumis** *virus* 1 (Doolittle) Smith). 101733

Chlorophyll content of tomato yellow leaf **curl** *virus-infected* tomatoes in relation to virus resistance. 101770

Tomato yellow leaf **curl** *virus.* 101776

Natural occurrence of potato on *virus-Y* **Datura** metei. 101748

The measurement of coefficient of [tobacco mosaic] *virus* **diffusion** using analytical ultracentrifuge. 101795

Routine titration of foot-and-mouth **disease** *virus* suspensions by analytical ultracentrifugation. 1. Sedimentation method. 097237

Some physical and chemical properties of swine vesicular **disease** *virus* (SVDV). 097238

Agarose droplet method of macrophage migration-inhibition test for Newcastle **disease** *virus* in chickens. 097247

Competition between nonplaquing and plaquing strains of Newcastle **disease** *virus* as affected by temperature [Chicken embryo fibroblasts]. 097250

Observations on the transmissibility of lentogenic strains of Newcastle **disease** *virus:* significance of variables [Chickens]. 097264

The occurrence of virus in leukocytes of vaccinated chickens following challenge with virulent Newcastle **disease** *virus.* 097269

Infection of man by swine vesicular **disease** *virus.* 097398

Suppression of interferon production [by L cells infected with Newcastle **disease** *virus]* by vitamin A. 097409

Hemagglutination and hemagglutination-inhibition tests with Newcastle **disease** *virus-microtiter* technique. 097522

Identification of bluetongue and epizootic hemorrhagic **disease** *viruses* by the indirect fluorescent antibody procedure. 097524

Isolation of bluetongue and epizootic hemorrhagic **disease** *viruses* in cell culture. 097526

Neurologic lesions of velogenic viscerotropic Newcastle **disease** *virus* in parrots, budgerigars, and canaries. 097538

Serotyping bluetongue and epizootic hemorrhagic **disease** *virus* strains. 097548

Application of immuno-peroxidase techniques for the detection of foot-and-mouth **disease** *virus* antigens. 097557

Detection of Newcastle **disease** *virus* by complement-fixation. 097561

Thermal inactivation data for swine vesicular **disease** *virus.* 097580

Opinion and facts concerning control of Aleutian *[virus]* **disease** [Minks]. 097640

Chromosomal DNA replication: retarded fork progression and altered initiation in cells infected with mengovirus or Newcastle **disease** *virus* [Infection of mouse L cells]. 097668

Studies of *virus* **disease** of wheat caused by winter wheat mosaic virus. 101794

A mosaic *[virus]* **disease** of Heliotropium indicum L. [A common weed in cultivated fields]. 101819

Mosaic *[virus]* **disease** of Chinese shoe flower (Hibiscus rosa-sinensis L.). 101823

Equine infectious anemia (EIA) *[Virus* **diseases].** 097319

Experimentally transmitted marble spleen disease in pen-raised wild turkeys *[Virus* **diseases].** 097428

Monitoring infectious bursal disease (IBD) antibodies by agar gel precipitin (AGP): a comparative study *[Virus* **diseases,** chickens]. 097594

Investigation of the *virus* **diseases** of cereals. 101732

Virus **diseases** of legume plants in Indonesia. 2. Soybean stunt virus. 101744

Problems of plant immunity to *virus* **diseases.** 101757

Virus **diseases** of vegetable crops in Apulia. XVII. A yellow mosaic of lettuce induced by chicory yellow mottle virus. 101778

Viruses and *virus-like* **diseases** in oaks (Quercus robur and Quercus sessiliflora). 101822

A new, lightweight, transparent insect cage [Vectors of Spiroplasma citri, the causative agent of stubborn disease of citrus, *virus* **diseases].** 102384

Diagnosis of **duck** *virus* enteritis (duck plague). 097516

Gradual change in predominating isolates of barley yellow **dwarf** *virus* in New York [Aphids as disease vectors]. 101784

Host range of maize chlorotic **dwarf** *virus* [Graminella nigrifrons, insect vectors]. 101785

Venezuelan equine **encephalitis** *virus:* comparison of infectivity and virulence of strains V-38 and P676 in donkeys [Aedes triannulatus, vectors]. 097220

Virulence heterogeneity of a predominantly avirulent western equine **encephalitis** *virus* population [Duck embryo cell cultures]. 097411

Emergence pattern of egg-adapted avian **encephalomyelitis** *virus* by alternating passage in chickens and embryos. 097257

Susceptibility of chickens to avian **encephalomyelitis** *virus.* III. Behavior of the virus in growing chicks. 097457

Evidence for the multiple oncogenic potential of cloned leukemia virus: in vitro and in vivo studies with avian **erythroblastosis** *virus* [Chicks]. 097669

Techniques for the isolation of *viruses* from **exotic** birds submitted for importation into the United States. 097550

Occurrence of grapevine **fanleaf** *virus* in Jordan. 101772

Observations on recovery mechanisms from **feline** *viral* rhinotracheitis. 097291

Transmission of hog cholera virus by flies: recovery of *virus* from **flies** following exposure to infective blood. 097581

Antigenic variation of Venezuelan strains of **foot-and-mouthdisease** *viruses.* 097556

Early synthesis of Semliki **forest** *virus-specific* proteins in infected chicken cells. 097424

Isolation and identification of the transmissible **gastroenteritis** *virus* of swine on cell culture. 097278

In vitro differentiation ane pH [hydrogen-ion concentration] sensitivity of field and cell culture-attenuated strains of transmissible **gastroenteritis** *virus* [Piglets]. 097381

Reticuloendotheliosis **group** *virus* pathogenic to chicken isolated from material infected with turkey herpesvirus (HVT). 097265

Susceptibility of chickens to avian encephalomyelitis virus. III. Behavior of the *virus* in **growing** chicks. 097457

Reconstitution of **helical** *viruses* other than TMV [tobacco rattle virus, barley stripe mosaic virus, winter wheat mosaic virus, potato virus]. 101743

Development of a nuclear polyhedrosis virus in midgut cells and penetration of the *virus* into the **hemocoel** of the armyworm, Pseudaletia unipuncta [Pest of products]. 102533

Cytological and histochemical studies on cell cultures infected with bovine **herpes** *virus* 2. 097234

Marble spleen *[virus* **induced]** disease in pheasants in Michigan. 097535

Oligogynophoria, a *virus* **induced** lesion in the groundnut, Arachis hypogaea L. 101749

Effect of *virus* **infection** on the resistance of potatoes to late blight [Phytophthora infestans]. 101754

Lymphocyte immunostimulation in the diagnosis of mycobacterial and *viral* **infections** of cattle and swine. 097534

Use of immunofluorescence to elucidate microepidemiology and to carry out microplaque titration of *virus* of **infectious** bovine rhinotracheitis on primary calf kidney cells. 097239

Hepatitis in skunks caused by the *virus* of **infectious** canine hepatitis. 097430

An occurrence of avian **influenza** *virus* infection in laying chickens. 097248

Virus-like **injury** to soybean induced by residual herbicide components present in cow manure. 102045

Tests with the ERA rabies virus in Brazil. I. Distribtuion of the *virus* in **inoculated** cattle and inclusion formation in the central nervous system. 097474

Insect *viruses* and pest control: the search for alternatives. 102252

Effects of different temperatures on Tipula **iridescent** *virus* infection in galleria mellonella larvae. 103027

Enzyme activities associated with an invertebrate iridovirus: nucleotide phosphohydrolase activity associated with **iridescent** *virus* type 6 (CIV) [Galleria mellonella]. 103045

Viral **isolates** from ixodid ticks of wild animals in Kenya. 102571

Research on nephritis-nephrosis disease in poultry in Slovenia [**Isolation** of the *virus].* 097645

A five year summary of *virus* **isolations** from swine fetuses. 097499

Keterah *virus* infections in four species of Argas ticks (Ixodoidea: Argasidae). 102583

Role of wildlife hosts in the epizootiology of **Lacrosse** *virus* in Wisconsin. 097349

Isolation of **Langat** *virus* from Haemaphysalis papuana Thorell in Thailand. 102549

The effect of infectious **laryngotracheitis** *virus* on the bursa of Fabricius of young chickens. 097403

Distribution of [nematode] Longidorus attenuatus Hooper in Apulian artichoke fields and its relationship with artichoke Italian **latent** *virus.* 101761

Nematode [Longidorus attenuatus] trasmission of the causal agent of chicory chlorotic ringspot, a strain of artichoke Italian **latent** *virus.* 101762

Specific association of artichoke Italian **latent** *virus* withthe odontostyle of its vector,[the nematode] Longidorus attenuatus. 101763

A comparison of the agar-gel diffusion and complement fixation tests for bovine C-type **(leukemia)** *virus.* 097496

The laboratory diagnosis of bovine **leukemia** *virus* infection. 097552

Evidence for the multiple oncogenic potential of cloned **leukemia** *virus:* in vitro and in vivo studies with avian erythroblastosis virus [Chicks]. 097669

The occurrence of *virus* in **leukocytes** of vaccinated chickens following challenge with virulent Newcastle disease virus. 097269

Chicken egg yolk enhances focus formation by subgroup B, C and D Rous sarcoma viruses [Assaying for avian **leukosis** *virus* antibodies]. 097408

In vitro and in vivo translation of the ribonucleic acids of a cowpea strain of tobacco **masaic** *virus.* 101813

Interactions between TMV [tobacco **mosaic** *virus]* isolates, temperature, allelic condition and combination of the Tm resistance genes in tomato. 099360

Effect of infection with bean yellow **mosaic** *virus* on nucleic acid content of azak treated broadbean (Vicia faba L.) plants. 101720

Induced mutation in [kidney] beans (Phaseolus vulgaris) to obtain varieties resistant to golden **mosaic** *virus*. 2. 101722
Latex agglutination test for three plant viruses [Tobacco **mosaic** *virus*, potato virus X and Y]. 101723
Observations on the soil-borne wheat **mosaic** *virus* in Italy. 101736
Effects of drying on the transmissibility of wheat spindle streak **mosaic** *virus* in soils from wheat fields in Ontario. 101738
Assembly of tobacco **mosaic** *virus* in vitro. 101741
Reconstitution of helical viruses other than TMV [tobacco rattle virus, barley stripe **mosaic** *virus*, winter wheat mosaic virus, potato virus]. 101743
A non-citrus host for citrus **mosaic** *virus* [Hibiscus rosasinensis]. 101745
Changes in amino acids and amides induced by papaya **mosaic** *virus* in papaya plants. 101746
Experience of tomato vaccination with strains of tobacco **mosaic** *virus* of low pathogenicity. 101755
Multiplication of vesicular stomatitis virus in the leafhopper Peregrinus maidis (Ashm.), a vector of a plant rhabdovirus [Maize **mosaic** *virus]*. 101759
A procedure for specifically selecting temperature sensitive mutants of tobacco **mosaic** *virus*. 101760
Effect of eosin Y on the formation of local lesions and on the accumulation of callose in 'Samsun NN' tobacco and French bean leaves inoculated with tobacco **mosaic** *virus*. 101764
Purification and electron microscopy of the Nigerian okra **mosaic** *virus*. 101767
Mixed infections by lettuce and cucumber **mosaic** *viruses* in Lactuca spp. in Sicily. 101771
Ultrastructural aspects of maize **mosaic** *virus* in the host cells. 101777
Proof of interactions between infections with lettuce **mosaic** *virus* and cucumber mosaic virus in fields of lettuce plants. 101780
A Moroccan isolate of turnip **mosaic** *virus* infectious to garden pea and other legumes [Aphids as insect disease vectors]. 101781
Natural occurrence of dasheen **mosaic** *virus* in Egyptian taro, Colocasia antiquorum. 101788
Reaction of Phaseolus an Macroptilium species to a strain of cucumber **mosaic** *virus*. 101789
Seedborne tobacco **mosaic** *virus* commercial sources of tomato seed. 101790
Studies of virus disease of wheat caused by winter wheat **mosaic** *virus*. 101794
A strain of cucumber **mosaic** *virus* (CMV) isolated from watermelon and melon cultivated in Campania (Italy). 101796
Absorption of P32 [phosphorus isotope]-labelled tobacco **mosaic** *virus* by isolated tobacco protoplasts and deproteinization of the virus in them. 101798
Purification and morphology of the tomato golden **mosaic** *virus* [Bemisia tabaci, vectors]. 101800
Screening soybean varieties and hybrids for resistance to soybean **mosaic** *virus*. 101801
Tobacco **mosaic** *virus* (TMV). Effects of infection with strains of TMV on the yields of unproctected tomato plants and of plants protected with attenuated strains of TMV as compared to varieties resistant to TMV. 101805
Hypersensitive reaction of cowpea leaves to cucumber **mosaic** *virus*. 101806
Formation of antivirus substances in tomato plants infected with tobacco **mosaic** *virus*. 101807
Relation of tape-like inclusions of pea **mosaic** *virus* with the endoplasmatic reticulum and dictyosomas of the cells of a host-plant. 101808
Analysis of alfalfa **mosaic** *virus* 17S RNA translational products. 101811
Electrophoretic mobility and enhanced infectivity of a mutant of cowpea **mosaic** *virus*. 101812
Occurrence of short particles in beans infected with the cowpea strain of TMV [tobacco **mosaic** *virus]*. I. Purification and characterization of short particles. 101814
Occurrence of short particles in beans infected with the cowpea strain of TMV [tobacco **mosaic** *virus]*. II. Evidence that short particles contain the cistron for coal-protein. 101815
The relationship between soil-borne wheat **mosaic** *virus* and tobacco mosaic virus. 101818
Turnip mosaic and cucumber **mosaic** *viruses* in cultivated static in southern Germany. 101821
Simultaneous transmission of broadbean wilt and cucumber **mosaic** *viruses* by single Myzus persicae (Sulz.). 101825
Identification and characterisation of a severe strain of pepper veinal **mottle** *virus* isolated from pepper (Capsicum annuum and Capsicum frutescens) in Nigeria. 101766
Virus diseases of vegetable crops in Apulia. XVII. A yellow mosaic of lettuce induced by chicory yellow **mottle** *virus*. 101778
The resistance of fruit and berry crops to *virus* and **mycoplasma** diseases. 101758
Olpidium brassicae [vector of] tobacco **necrosis** *virus*, and Pythium spp. in relation to rusty root of carrots in Ontario and Quebec [Pythium sulcatum, Pythium irregulare]. 101383
Augusta disease in tulips. Field experiments concerning tobacco **necrosis** *virus* and its [fungus] vector Olpidium brassicae. 101803
RNA polymerase from tobacco **necrosis** *virus* infected and uninfected tobacco. Purification of the membrane-associated enzyme. 101817
Attenuation of pathogenicity of fowl plague virus by recombination with other influenza A viruses nonpathogenic for fowl: nonexclusive dependence of pathogenicity on hemagglutinin and **neuraminidase** of the *virus*. 097423
A **new** *viruslike* disease of tomato in Nigeria. 101782
Attenuation of pathogenicity of fowl plague virus by recombination with other influenza A *viruses* **nonpathogenic** for fowl: nonexclusive dependence of pathogenicity on hemagglutinin and neuraminidase of the virus. 097423
Laboratory trials with insecticides, mineral oil and their combination to reduce aphid transmission of **non-persistent** *viruses* [to plants]. 101727
Effect of dietary selenium on tumor induction by an **oncogenic** *virus* [Mice]. 097799
Effect of feline **panleukopenia** *virus* infection and development of humoral and cellular immunity. 097314
Isometric, *viruslike* **particles** in the green peach aphid, Myzus persicae. Their intracellular localization and distribution within the aphid body [Vectors of plant viruses]. 102436
Viruslike **particles** in malaria parasites [from Anopheles stephensi, Aedes aegypti]. 102596
Viroses of **Pelargonium** in France. State of research and possibilities of sanitary selection. 101768
Antisera from mice, their importance to serological investigations with **phytopathogenic** *viruses*. 101726
Attenuation of pathogenicity of fowl **plague** *virus* by recombination with other influenza A viruses nonpathogenic for fowl: nonexclusive dependence of pathogenicity on hemagglutinin and neuraminidase of the virus. 097423
Latex agglutination test for three **plant** *viruses* [Tobacco mosaic virus, potato virus X and Y]. 101723
Ultrastructure of leaf cells of some cultivated plants infected with **plant** *viruses*. 101734
Plant *viruses* with mixed phenotypes [Reconstitution]. 101742
Molecular biology of structural protein in **plant** *viruses*. 101756
Isometric, viruslike particles in the green peach aphid, Myzus persicae. Their intracellular localization and distribution within the aphid body [Vectors of **plant** *viruses]*. 102436
Microbiology—detection, occurrence, and removal of *viruses* [from **polluted** water]. 104568
Effect of dose of cytoplasmic **polyhedrosis** *virus* on infection, mortality, development rate, and larval and pupal weights of the pink bollworm [Pectinophora gossypiella]. 102335
Chemical characterization studies of the nuclear **polyhedrosis** *virus* of Porthetria dispar [Forest pests, biological control]. 102495
Development of a nuclear **polyhedrosis** *virus* in midgut cells and penetration of the virus into the hemocoel of the armyworm, Pseudaletia unipuncta [Pest of products]. 102533
Acquisition of the envelope of nuclear **polyhedrosis** *viruses* in the Chinese oak silkworm, Antheraea pernyi Guer-Min, and the Japanese giant silkworm, Dictyoploca japonica Butler. 103222
Isolation and identification of selected **porcine** *viruses*. 097525
Bovine lymphosarcoma [with a **possible** *viral* agent]. 097387
Latex agglutination test for three plant viruses [Tobacco mosaic virus, **potato** *virus* X and Y]. 101723
Epidemiology of **potato** *virus* diseases [in Poland]. 101731
Reconstitution of helical viruses other than TMV [tobacco rattle virus, barley stripe mosaic virus, winter wheat mosaic virus, **potato** *virus]*. 101743
Detection of **potato** *virus* M and potato virus S on test plants. 101791
Translocation of the **potato** *viruses* Yn and Yo in some potato varieties. 101792
Variation in symptoms caused by **potato** *virus* M on the potato variety Uran. 101793
Virus-like **problems** in Oregon stone fruit orchards. 101724
Inhibition of avian sarcoma virus replication by glucosamine: a specific effect on the synthesis and processing of *viral* **proteins** [Chicken fibroblasts]. 097670
Occurrence on rose of a *virus* belonging to **Prunus** necrotic ringspot group (NRSV), indexing methods on indicators. 101773
A **pseudorabies** *virus-specific* sulfated moiety [Rabbit kidney cells]. 097667
Occurrence of **rabies** *virus* in the medulla and medulla oblongata of naturally infected horses and its absence from other areas of the central nervous system and other tissues. 097471
Tests with the ERA **rabies** *virus* in Brazil. I. Distribtuion of the virus in inoculated cattle and inclusion formation in the central nervous system. 097474
Viral **radioimmunoassay:** methodology and applications [Animal diseases]. 097555
Studies on notched leaf disease of Gladiolus caused by tobacco **rattle** *virus* (TRV). 101721
Reconstitution of helical viruses other than TMV [tobacco **rattle** *virus*, barley stripe mosaic virus, winter wheat mosaic virus, potato virus]. 101743
Investigations and research concerning soil-borne viruses. I. Potato **rattle** *virus*. 2. 101804
Response of [tobacco] root cells to the feeding by the ectoparasitic root-infesting nematode Trichodorus similis [a vector of tobacco **rattle** *virus]*. 102067
Rearing *virus* free cats and dogs. 096125
Reo-like *viruses* in the intestine of swine. 097545
Chlorophyll content of tomato yellow leaf curl virus-infected tomatoes in relation to *virus* **resistance.** 101770
The isolation and characterization of a strain of infectious bovine **rhinotracheitis** *virus* from stillbirth in swine. 097294
Experimental infection of white-tailed deer with **rinderpest** *virus*. 097427
Study on the properties of two strains of the necrotic **ringspot** *virus* (NRV) isolated from almond trees (Prunus amygdalus Stokes) grown in Bulgaria. 101753
Seed transmission of cherry leaf **roll** *virus* in black cherry (Prunus serotina Ehrh.). 101824
Lysis of Rous **sarcoma** *virus* by antibody to chicken cells and complement. 097282
Chicken egg yolk enhances focus formation by subgroup B, C and D Rous **sarcoma** *viruses* [Assaying for avian leukosis virus antibodies]. 097408
Effect of restriction endonucleases on infectivity of Rous **sarcoma** *virus* DNA. 097459
Temperature-sensitive changes in surface modulating assemblies of fibroblasts transformed by mutants of Rous **sarcoma** *virus*. 097585
Inhibition of avian **sarcoma** *virus* replication by glucosamine: a specific effect on the synthesis and processing of viral proteins [Chicken fibroblasts]. 097670
Detection of etiologic agents in **selected** *viral* diseases of dogs and cats. 097514
Preliminary tests of characterizing "ecotypes" of **Sharka** *[virus]*. 101716
Nucleic acid sequence relationships among "slow" *viruses* of **sheep.** 097671
Investigations and research concerning **soil-borne** *viruses*. I. Potato rattle virus. 2. 101804
Isolation of a **Solado-like** *virus* (Hughes group) from Ornithodorus maritimus ticks in Ireland. 102567
Plaque neutralization test reactors to bluetongue and EHD [epizootic hemorrhagic disease] *viruses* in the **southeastern** U.S.a. 097348
Ultrastructure of the leaves of Chenopodium quinoa Willd. Infected with apple chlorotic leaf **spot** *virus*. 101729
Study of the collection of eggplants for resistance to wilt [caused by Verticillium and **stolbur** *virus]*. 101356
A unique RNA species involved in initiation of vesicular **stomatitis** *virus* RNA transcription in vitro. 097299
Role of temperature-sensitive mutants in persistent infections initiated with vesicular **stomatitis** *virus*. 097425
Temperature-sensitive mutants of vesicular **stomatitis** *virus* are conditionally defective particles that interfere with and are rescued by wild-type virus. 097426
The isolation and characterization of a strain of bovine papular **stomatitis** *virus*. 097551
Multiplication of vesicular **stomatitis** *virus* in the leafhopper Peregrinus maidis (Ashm.), a vector of a plant rhabdovirus [Maize mosaic virus]. 101759
Virus diseases of legume plants in Indonesia. 2. Soybean **stunt** *virus*. 101744
Soil transmission of Petunia asteroid mosaic strain of tomato bushy **stunt** *virus*. 101774
Swine vesicular disease: *virus* **survival** in pork products. 094906
Incidence of *virus* **symptoms** in yam (Dioscorea sp.) foliage in the Commonwealth Caribbean. 101809
Protein synthesis following infection of the blue-green alga Plectonema boryanum with the **temperate** *virus* SPI and its ts mutants. 101816
Symptoms in roots rub inoculated with **ten** different *viruses*. 101820
Enzootic leukosis in cattle in Italy. Personal observations and experiments for experimental **transmission** *[Virus]*. 097304
2-deoxy-D-glucose uptake by chick embryo cells: a biochemical indicator of genetic susceptibility to RNA **tumour** *viruses*. 097412
Exaltation of chickens embryo adapted modified live duck plague **vaccine** *virus*. 097376
Antibodies for **Vaccinia** *virus* in the experimental infectionof cattle. 097468
Resistance of potatoes to aphids—**vectors** of *viruses*. 102426
Evaluation of some systemic granular insecticides against Myzus persicae Sulzer on potatoes [**Vectors** of *viruses]*. 102458
Absorption of P32 [phosphorus isotope]-labelled tobacco mosaic virus by isolated tobacco protoplasts and deproteinization of the *virus* in them. 101798
Viruses and **virus-like** diseases in oaks (Quercus robur and Quercus sessiliflora). 101822
Temperature-sensitive mutants of vesicular stomatitis virus are conditionally defective particles that interfere with and are rescued by **wild-type** *virus*. 097426

VISCERAL

Comparative anatomy of the Korean native goat. V. Arterial supply to the **abdominal** *viscera*. 1. 096552
Clinical laboratory data: what; when; why. I. *Visceral* **viewpoints.** 097100

VISCOSITY

Solubility profile, **intrinsic** *viscosity*, and optical rotation studies of acid precipitated soy protein and of commercial soy isolate. 095811
Semi empiric theory of pulverizing streamlets of a *low-viscosity* **liquid** by an air flow [Sprayers]. 103541
Revised Marsh Funnel calibrations for measuring [forest] fire **retardant** *viscosity*. 097939
Dependence of [polymer] celnovocaine **solution** *viscosity* on hydrogen-ion concentration of medium. 098310

VISUAL

Sensing our prairie heritage: environmental education and **community** *visions*. 104509
Abolition of direction selectivity in the *visual* **cortex** of the cat. 096551
The *visible* **events** of mitotic cell division. 098992
The effect of Ca2+ [calcium ion] on the metarhodopsin I-II transition. II. Model calculations and hypothesis on a molecular mechanism of *visual* **excitation** [Bovine rod outer segments]. 096505
Tests of the **limiting** *visual* resolution of the DCMD [descending contralateral movement detector] system of the lubber grasshopper [Romalea microptera] to rectangular. 103019
Visible **mutation** induction in Mormoniella by low frequency ultrasonic energy. 102987
A **rapid** *visual* enzyme test to assess fish freshness. 094840
The relation between *visibility* and the **size-number** distribution of airborne soil particles [Soil erosion by wind]. 104530

Chromatin **subunits** *visualized* in common ultrathin sections of Helianthus [sunflower] nuclei. 098973

VITALITY

The influence of maintenance measures on the *vitality* and **growth** of poplars [Populus] in Madagascar. 098074

VITAMIN

Calcium and phosphorus metabolism in steers when fed a supplement of melted calcium polyphosphate and receiving intramuscular injections of *vitamins* **A,D** and E. 096722
Reproducibility of *vitamin* **assays** with mutants of Neurospora crassa [Fungi] maintained by freeze-drying. 099631
Release of *vitamin* **B12-binding** protein from isolated rat liver perfused with a synthetic medium. 096166
Macrophage function in *vitamin* **C-deficient** guinea pigs. 094962
Vitamin **D-dependent** calcium binding protein of rat renal cortex. 096392
The effect of massive doses of vitamin A on the signs of *vitamin* A **deficiency** in preschool children. 095008
Quantitative determination of *vitamin* D3, **7-dehydrocholesterol** and its photoderivaties by means of thin-layer chromatography. 095019
Effect of *vitamin* A and its **derivatives** on mitochondrial respiration [Rats]. 095018
Some characteristics of new tissue-binding proteins for metabolites of *vitamin* D other than **1,25-dihydroxybitamin** D [Chicks]. 095023
Vitamin D: the **discovery** of its metabolites and their therapeutic applications. 095195
Determination of **erythrocyte** *vitamin* B12 activity. 094956
Gastrointestinal bleeding and iron absorption in the experimental blind loop syndrome [Malabsorption of both *vitamin* B12 and **fat,** rats]. 094960
Grow your *vitamins* [**Feeding** chicks]. 100937
The forms of *vitamin* B12 in **foods.** 095027
The effect of dietary **selenium** and *vitamin* E on **glutathioneperoxidase** and glutathione in the rat. 095226
The requirements of epiphytic bacteria Pseudobacterium lacticum 392 [isolated from alfalfa leaves] in amino acids and *vitamins* of the B **group.** 099744
The effect of *vitamin* D3 on **lanthanum** absorption: suggestive evidence for a shunt path [Chicks]. 096387
Effect of *vitamin* B6 on **leucine-induced** changes in human subjects. 094986
Vitamin B12 **levels** and nerve conduction velocities in patients undergoing maintenance hemodialysis. 094970
Vitamin E and C **levels** in infants during the first year of life. 094972
Vitamin E and C **levels** in infants during the first year of life. 095014
Factors influencing the utilization of high-grain urea diets by ruminants. I. Effect of minerals, *vitamins,* **lysine,** methionine, feed additives and corn oil [Goats]. 096662
Vitamin D **metabolism:** physiological regulation in egg-laying Japanese quail. 096188
Studies on *vitamin* B2 of the **milk** and milk products. VIII. The relationship between phosphatase activity and riboflavin of the milk. 095213
Proximate analysis, free amino acid, *vitamin* and **mineral** content of microwave cooked meat. 095143
Vitamins and **minerals** [Nutrients, food fortification]. 095197
The induced biosynthesis of 7-dehydrocholesterols in yeast [Saccharomyces cerevisiae]: potential sources of **new** *provitamin* D3 analogs. 099622
Vitamin C [**Nutrition**]. 095110
Vitamin B6 **nutriture** of children with acute celiac disease, celiac disease in remission, and of children with normal duodenal mucosa. 094971
Differential effects of high dietary levels of *vitamin* A **onthe** vitamin E-selenium nutrition of young and adult chickens. 096714
Extrarenal metabolism of high doses of 25-(OH)-D3: a new active metabolite [of *vitamin* D3, **rats**]. 096381
The effect of disodium ethane-1-hydroxy-1, 1-diphosphonate on the metabolism of *vitamin* D [**Rats,** chicks]. 096385
Role of *vitamin* B12 in the **reduction** of ribonucleotides into deoxyribonucleotides in Drosophila [melonogaster] cells grown in vitro. 102833
Vitamin E: a **reexamination.** 095013
Regulating *vitamins* and minerals. 095274
Studies on the metabolism, mode of action and pharmacology of *vitamin* D and **related** analogs. 095088
Taxonomy of the genus Saccharomyces: osidases and *vitamin* **requirements** [Yeasts]. 098660
The effect of massive doses of *vitamin* A on the **signs** of vitamin A deficiency in preschool children. 095008
Electrohydraulic processing of chlorella for increasing its digestability *[Protein-vitamin* **supplement** for farm animals and poultry]. 096035
Myodegeneration and **suspected** *selenium/vitamin* E deficiencyin horses. 097735
Selenium and *vitamin* E for **swine.** 096731
Vitamin C **toxicity** [for humans at high dosage level]. 095185
Vitamin C **toxicity.** 095186
Mechanism of the electrochemical reduction of *vitamin* B 12r. 095024
Recent developmemts in *vitamin* D. 095045
Suppression of interferon production [by L cells infected with Newcastle disease virus] by *vitamin* A. 097409

VITAVAX

Vitavax **[5,6-dihydro-2-methyl-1,4-oxathiin-3-carboxanilide,** fungicides, residues]. 102653

VITELLINE

Macromolecular components of the *vitelline* **membrane** of hen's egg. II. Physicochemical properties of glycoprotein I. 095735
Purification and properties of **oocyte** *vitellin* from the migratory locust [Locusta migratoria]. 103128

VITELLOGENESIS *see* OOGENESIS

VITEX

Non-flavonoid components of *Vitex* **trifolia.** 099799

VITICULTURE

Viticulture on **Bulgarian** lands during the Middle Ages. 101161
Method of forecasting a yield considering the growth intensity of plantings and the quality of products in **commercial** *viticulture.* 100455
Viticultural **cooperation** in the southwest [France]. 094306
Situation of **French** *viticulture* within the [European Economic] Community. 094653
Small scale wine making at Te **Kauwhata** *Viticultural* Research Station. 095890
Study of the rate of flowering, fruiting and flower shedding of the Bolgar variety [of grapes] relative to humidity of the air and **method** of *viticulture.* 101157

VITIS

The aromatic substances in grapes of the *Vitis* **vinifera** andsome interspecific hybrid varieties. 100447
On the seed sizes of varieties of *Vitis* **vinifera** [grapes] relative to cultural area. 101148

VITRO

The probable role of Babesia argentina esterase in the in *vitro* **activation** of plasma prekallikrein [Calves]. 097660
Influence of naphthoquinones on the in *vitro* **activity** of the peroxidase of horseradish [Armoracia rusticana]. 099504
Mutation breeding of Chrysanthemum morifolium Ram. Using in vivo and in *vitro* **adventitious** bud techniques. 099200
A comparison of the inhibition of the metabolism of ram and rabbit spermatozoa by **alpha-chlorohydrin** in *vitro.* 097044
Studies on Pasteurella multocida. III. In *vitro* **assay** for cell-mediated immunity [Turkeys]. 097268
In *vitro* **associations** of cambium tissues of some plant species belonging to Oleaceae family. 098921
In *vitro* **biological** differences between the pathogenic and apathogenic Marek's disease herpesvirus [Chick and duck embryos]. 097261
A note on the effect of heat on the solubility and in *vitro* **breakdown** of groundnut-cake proteins [Ruminant rations]. 096010
Influence of different levels of selenium on protein synthese by rumen microbes in *vitro* **[Cattle,** buffaloes]. 096482
Stimulation of growth by insulin in Drosophila enbryonic **cells** in *vitro.* 102936
Effect of the oxygen partial pressure on the development of the embryo of Capsella bursa-pastoris **cultivated** in *vitro.* 099610
Study of physiological races of Colletotrichum lindemuthianum [Fungi, plant pathogens]: extra and intracellular polygalacturonases produced by beta and delta races **cultivated** in *vitro.* 099619
Anthurium andraeanum plantlets producted from callus tissues **cultivated** in *vitro.* 100523
Partial purification of antigens collected during in *vitro* **cultivation** of the larval stages of Taenia pisiformis [Rabbits]. 097466
The influence of *in-vitro* **culture** and cooling on the survival and development of cow embryos. 096967
Propagation of Hyacinthus orientalis by means of in *vitro* **culture.** 100568
Blastocyst expansion and hatching of bovine ova **cultured** in *vitro.* 096927
Effect of N-phenyl-N'-(4-pyridyl) urea on shoot formation in tobacco pith disk and callus **cultured** in *vitro.* 100271
Dedifferentiation of tannin cells in excised leaf fragments of Cyclamen persicum Mill. **cultured** in *vitro.* 100614
Ecdysterone induced proteins in in *vitro* **cultured** sensitive clones of Drosophila melanogaster. 102841
Vegetative cycle of Aulacomnium androgynum Schwagr. From in *vitro* **cultures** of gemmae [Musci]. 099598
Evaluation of systemic and non-systemic fungicides in *vitro* against **Curvularia** pallescens [Maize]. 101518
Light-mediated inhibition of in *vitro* **development** of rudimentary embryos of Ilex opaca. 099476
In *vitro* **differentiation** ane pH [hydrogen-ion concentration] sensitivity of field and cell culture-attenuated strains of transmissible gastroenteritis virus [Piglets]. 097381
Studies on the organisation of the chicken genome and its expression during myogenesis in *vitro* **[DNA** reassociation, DNA-RNA hybridization]. 096901
Amino acid digestibility studies of autoclaved rapeseed meals using an in *vitro* **enzymatic** procedure. 096016
Wyerone epoxide as a phytoalexin in Vicia faba [broadbeans]and its metabolism by Botrytis cinerea and Botrytis **fabae** in *vitro.* 101523
On the effects in *vitro* of **follicle** stimulating hormone (FSH) and actinomycin D on the amounts of nucleic acids of the immature mouse ovaries. 097037
Preliminary results using metabolites and in *vitro* **grown** larvae of Ostertagia circumcincta to immunise lambs against oral challenge. 097605
Effect of calcium on hyperhydric transformation of Jerusalem artichoke tissues **grown** in *vitro.* 100400
Role of vitamin B12 in the reduction of ribonucleotides into deoxyribonucleotides in Drosophila [melonogaster] cells **grown** in *vitro.* 102833
The effect of Bacillus subtilis and Penicillium patulum on in *vitro* **growth** and pathogenicity of Rhizoctonia solani and Phytophthora cryptogea. 101699
Regulation of the utilization of exogenous thyumidine by cells of the Chinese hamster in *vitro.* I. **Inhibition** of thymidine utilization under the action of extracts from cells in different stages of the cell-divison cycle. 096487
In *vitro* **inhibition** of spermatogenesis by chemosterilants in the cabbage armyworm, Mamestra brassicae L. 102381
In *vitro* **inhibition** of lactic acid dehydrogenase by insecticidal polychlorinated hydrocarbons. 2. Inhibition by dieldrin and related compounds. 102710
In *vitro* **iodination** of plant ribonucleic acids [Peas]. 100545
The cestocidal effect of complement in normal and immune sera in *vitro* **[Livestock].** 097467
Kinetin-induced tuberization of potato in *vitro:* on the **mode** of action of kinetin. 100541
Calcification of collagenous material in *vitro* as a **model** system for biological calcification. 096375
Properdine research. 4. In *vitro* **model** experiments on the action of bovine properdine upon Escherichia coli. 097236
Induced androgenesis in *vitro*—a **new** method for obtaining haploid plants. 099404
Mitotic anomalies observed in the fibroblasts of the chick embryo cultured in *vitro* with 80 **percent** of oxygen. 096147
Inhibition of sodium transport by antiotensin II in the main duct of the rabbit mandibular gland isolated and **perfused** in *vitro.* 096498
Vegetative propagation of Solanum tuberosum L. In *vitro* **[Potatoes].** 100554
Synthesis of ruminal microbial protein and volatile fatty acid **production** in *vitro.* 096446
In *vitro* **production** of haploid plants from anthers of nicotiana tabacum [tobacco] cultivar Goiano-IAC-70. 099120
Isolation of a lectin from [bovine] liver plasmamembrane and its binding to cellular membrane **receptors** in *vitro.* 096355
In *vitro* **response** of ovine and bovine uterine arteries to prostaglandin F2 alpha and periarterial sympathetic nerve stimulation. 096880
Activity of tall fescue [Festuca arundinacea] alkaloids andanalogues in in *vitro* **rumen** fermentation. 096414
The influence of various factors on fluid secretion by in *vitro* **salivary** glands of ixodid tick [Dermacentor andersoni, Ixodes ricinus, Ixodes hexagonus, Dermacentor reticulatus]. 102983
Adrenal cortex and avitaminosis A. II. Complementary in vivo and in *vitro* **studies** aboùt inhibition of corticoidogenesis in the rat. III. ACTH [adrenocorticotropic hormone]glycemia response as a test of adrenal activity. 095016
In *vitro* **studies** of nitrate reductase activity in cotton cotyledons. Effects of Dowex 1-Cl and BSA [N, O-bis (trimethylsilyl)-acetamide]. 100278
The formation of bone mineral [In *vitro* **systems].** 096389
Behaviour of isolated cells from two gymnosperms, cultured in *vitro:* **Taxus** baccata L. and Pinus pinaster Sol. 100629
A unique RNA species involved in initiation of vesicular stomatitis virus RNA **transcription** in *vitro.* 097299
In *vitro* **transcription** by isolated nuclei of Rhynchosciara americana salivary glands. Characteristics of incorporation and inhibition by alpha-amanitin. 102890
Inhibition of fertilization in *vitro* by **treatment** of rabbit spermatozoa with univalent isoantibodies to rabbit sperm hyaluronidase. 096960
Assembly of tobacco mosaic **virus** in *vitro.* 101741
Prolactin-releasing and release-inhibiting factor activities in the bovine, rat, and human pineal gland: in *vitro* and in **vivo** studies. 096332
Evidence for the multiple oncogenic potential of cloned leukemia virus: in *vitro* and in **vivo** studies with avian erythroblastosis virus [Chicks]. 097669
In *vitro* and in **vivo** translation of the ribonucleic acids of a cowpea strain of tobacco masaic virus. 101813

VIVO
Correlations between various pathways of carbohydrates metabolism under conditions of in *vivo* **administration** of metabolis inhibitors. II. Metabolic inhibition by malonate [Rabbits]. 096549
Calculation of absolute rates of RNA synthesis, accumulation, and degradation in tobacco **callus** in *vivo.* 100111
Studies on the in *vivo* **cellular** reactions and fate of injected bacteria in Galleria mellonella and Pieris brassicae larvae. 103032
Intensity dependence of the fluorescence lifetime of in *vivo* **chlorophyll** excited by a picosecond light pulse [Measurements in Chlorella pyrenoidosa, Algae]. 099980
Sister chromatid differentiation and exchanges in adult mudminnows (Umbra limi) after in *vivo* **exposure** to 5-bromodeoxyuridine [Pollution hazards study, rate in chick embryo]. 104470
A comparison of the metabolic effects of bovine growth hormone and growth factor from Spirometra mansonoides on rat **liver** in *vivo.* 096475
Mitotic cell studies based on in *vivo* **observations.** VIII. The evolution of mitotic spindles in eukaryota: a negation of the breakdown of the nuclear membrane [in higher plant and animal cells]. 098967
Amino acid metabolism in the piglet: influence of level of protein and of methionine in the diet on tissue uptake and in *vivo* **oxidation.** 096267
Application of histochemistry to a living organ: Polyglucose histochemically synthesized in the paraboloid of the chickaccessory cone in *vivo* by **phosphorylase** and branching glycosyltransferase. 096370
Studies on the effects of feeding formaldehyde-treated fishmeal on growing lambs. 3. In *vivo* **production** of ammonia, total nitrogen and volatile fatty acids. 096689
Prolactin-releasing and release-inhibiting factor activities in the bovine, rat, and human pineal gland: in vitro and in *vivo* **studies.** 096332
Evidence for the multiple oncogenic potential of cloned leukemia virus: in vitro and in *vivo* **studies** with avian erythroblastosis virus [Chicks]. 097669
In vitro and in *vivo* **translation** of the ribonucleic acids of a cowpea strain of tobacco masaic virus. 101813
Adrenal cortex and avitaminosis A. II. Complementary in *vivo* and in **vitro** studies about inhibition of corticoidogenesis in the rat. III. ACTH [adrenocorticotropic hormone]glycemia response as a test of adrenal activity. 095016
Mutation breeding of Chrysanthemum morifolium Ram. Using in *vivo* and in **vitro** adventitious bud techniques. 099200

VOCATIONS
Vocational **education** in agriculture and the career education movement. 094057

VOLATILE
Additional *volatile* components of cabbage, broccoli, and cauliflower. 095916
Determination of hexamethylenetetramine and *volatile* **aldehydes** in cheese and other milk products. 095619
Influence of temperature and humidity on ureolysis and **ammonia** *volatilization* in a forest humus soil. 103813
Study on the *volatile* **aromatic** substances of pear fruits and their changes in the pre-harvest period and at different stages of maturity. II. Development of the aromatic. 100446
Volatile **aromatic** substances in pear fruits and their changes during the preharvest period and at different stages of maturity. I. Volatile aromatic substances characteristic. 100450
Breakdown of linoleic acid hydroperoxydes. Formation of *volatile* **carbonyl** compounds [Food]. 095539
Synthesis and flavor evaluation of some alkylthiophenes. *Volatile* **components** of onion. 095919
Dynamics of *volatile* **compounds** in the preparation of cognac wine materials. 095953
Method of quantitative determination of *volatile* **compounds** in cognac alcohols and cognacs. 095961
Identification of *volatile* **compounds** in seven edible fresh mushrooms. 100339
Vinegar weed [Trichostema lanceolatum] *volatile* **constituents** [Essential oils]. 095460
Volatile **constituents** of Moroccan thyme oil. 095461
Volatile **constituents** of dog (Canis familiaris) and coyote (Canis latrans) anal sacs. 096434
Identification of *volatiles* from **extracted** commercial tuna oil with a high docosahexaenoic acid content. 095484
The measurement of production rates of *volatile* **fatty** acids in the caecum of the conscious rabbit. 096271
Synthesis of ruminal microbial protein and *volatile* **fatty** acid production in vitro. 096446
Relationship between gas production and *volatile* **fatty** acids in the rumen. 096483
Studies on the effects of feeding formaldehyde-treated fishmeal on growing lambs. 3. In vivo production of ammonia, total nitrogen and *volatile* **fatty** acids. 096689
Silage qualification by gas chromatography of *volatile* **fatty** acids. 096794
Volatile **flavor** components of beef boiled conventionally and by microwave radiation. 095691
Volatile **flavour** compounds of the Cruciferae. 095453
Monogenic control of resistance in the tomato to the tobacco flea beetle [Epitrix hirtipennis]: probable repellance by **foliage** *volatiles.* 099199
Soil mycoflora as producer of *volatile* **fungistatic** factors. 101584
Volatile **halogen** compounds in the alga Asparagopsis taxiformis (Rhodophyta) [Essential oil]. 095462
N-nitrosopyrrolidine collected as a *volatile* during **heat-induced** formation in nitrite-containing pork. 095689
Effect of *volatile* **inhibitors** from natural and amended soils on germination of sclerotia of Macrophomina phaseolina [the fungus that causes charcoal rot on corn, sorghum, soybean, and other economic crop plants]. 101380
The effect of formalin and **lower** *volatile* fatty acids on silage fermentation. 096018
Study of **meat** *volatiles* associated with aroma generated in a D-glucose-hydrogen sulfide-ammonia model system. 095690
A survey of fish products for *volatile* **N-nitrosamines.** 094880
Volatile **organic** compounds and microorganisms [Soil]. 103734
Steam *volatile* aroma constituents of roasted coffee: neutral fraction. 095543
Studies on the ruminal concentration of **total** *volatile* fatty acids (VFA's) and ther molar proportions in African cattle, sheep and goats. 096478
Biotransformation, sex hormones, and toxicity of **two** *volatile* anesthetics in mice. 097820

VOLCANOES
Observations on the vertical distribution of [the nematode] Tylenchulus semipenetrans Cobb in *volcanic* **soil** [planted with sour orange, Citrus aurantium]. 101974

VOLES
The density and destructiveness of **common** *vole* (Microtus arvalis Pall.) on cultivated fields in Poland in 1974 and the forecast for 1975. 101856
Bioenergetic parameters of experimental groups of **common** *voles* (Microtus arvalis (Pall. 1779) [Rodent pests, field crops]. 101891
Set guns for *voles* is not a **matter** of luck [Horticulture, pests]. 101950
Teratogenicity of lead acetate in Microtus ochrogaster (**prairie** *voles).* 097870
Plasma amino acids of the **red-backed** *vole,* Clethrionomys rufocanus bedfordiae (Thomas) [Forest pests]. 097888

VOLTAGE
High *voltage* electron microscopical analysis of chromosomal number in the slime mold Echinostelium minutum de Bary. 099147
High *voltage* electron microscopy of th optic meuropile of the housefly, Musca domestica. 102881
Estimation of the light-induced electrical potential at the functional membrane of photosynthesis using a *voltage-dependent* **ionophore** [spinach chloroplasts]. 100414

VOLTAMMETRY
Null **potential** *voltammetry*—an approach to the study of plant photosystems. 099557

VULVOVAGINITIS
Infectious bovine rhinotracheitis/infectious **pustular** *vulvovaginitis* infectious [Cattle]. 097271

WAGES
[Legislation on] *wages* in **collective** and state farms. 094732
Payment of *wages* for the **quality** of forages. 094275

WALL
Fibrosarcoma in urinary **bladder** *wall* [Dogs]. 097729
Ultrastructure of rumen bacterial attachment to forage **cell** *walls.* 096208
Changes in fibre **cell** *wall* porous structure in acid and alkali treatments. 098296
Lignin influence in styrol radiation polymerization in birch wood **cell** *wall.* 098336
Comparative processes of **cell** *wall* genesis during mitosis and meiosis in Platyhypnidium riparioides (Hedw.) Dix (Hypnaceae) [Musci]. 098906
Intracellular outgrowth of the **cell** *wall* as a possible cause of senescence in Taphrina maculans Butler [Fungi]. 098966
Chemical and enzymatic degradation of the **cell** *walls* of Helminthosporium spiciferum [Fungi]. The protective role of pigments. 099628
Enzymes in biogenesis of plant **cell** *wall* polysaccharides enzyme characterization using tracer techniques [Lilium, maize]. 099794
Properties and biosynthesis of **cell** *wall-bound* acid phosphatase in Aspergllus niger [Fungi]. 099924
Diferulic acid as a component of **cell** *walls* of Lolium multiflorum. 100266
Localisation of peroxidase-isoenzyme group G1 in the **cell** *wall* of tobacco tissues. 100289
Hydroxyproline content in **cell** *walls* of plants with different boron requirements [Broadbeans, sunflowers, maize, wheat]. 100315
Cell *wall* regeneration and colony formation from isolated single geranium [Pelargonium hortorum] protoplasts in microculture. 100404
Activity of the enzymes which disrupt tomato **cell** *walls.* II. Effect of temperature and of active acidity. 100425
Cell *wall-bound* nitrophenylglycosidases of tomato fruits. 100466
Fine anatomy of Cercosporella herpotrichoides Fron in leaf sheathes of wheat. Observations on the penetration points of host **cell** *walls.* 101363
Anatomical responses of root tips to boron deficiency. III. Effect of boron deficiency on sub-cellular structure of [tomato] root tips, particularly on morphology of **cell** *wall* and its related organelles. 102031
Wall **hydroxyproline** and growth of georeactive roots (Zea mays L.) [Maize]. 100180
Preliminary results on wintering of honeybees in **Langstrothsingle** *walled* hives. 103272
Comparison of proton magnetic resonance spectra of *cell-wall* **mannans** of Candida tropicalis [yeast] with its morphology. 098874
Mirror, **mirror** on the *wall...* 095287
Pollen *wall* and stigma surface in the marine angiosperms Thalassia and Thalassodendron. 099013
Pollen-wall **proteins:** quantitative cytochemistry of the origins of intine and exine enzymes in Brassica oleracea [acephala, marrow-stem kale]. 100488
Investigation of cellulose fibre structure by means of new preparation technique. IV. Inner layer structure of spruce tracheid **secondary** *wall.* 098325
Transmission electron microspore study of the **spore** *wall* architecture in the genus Inocybe (Agaricales, Basidiomycetes) [Fungi]. 098924
Study of the germination of pycnidiospores of Coniella diplodiella (Speg.) Pet. and Syd., agent of grape white rot. iII. Formation and maturation of spores; development of the **spore** *wall* during maturation and germination. 101333
Antimicrobial activities of the essential oils of Artemisiaabsinthium Linn, Artemisia **vestitia** *Wall,* and Artemisia vulgaris Linn [against bacteria and fungi]. 099796
Housing: *walls* and **wallcoverings.** 095247

WALLFLOWER
Levels of self-incompatibility in *wallflower,* **Cheiranthus** cheiri L. 099196

WALNUTS
Weed control in **black** *walnut* [Juglans nigra] plantations. 102208
Mycoplasmalike organism found in the phloem of **bunch-diseased** *walnuts* [Juglans]. 101750
Variability of the **English** *walnut* [Juglans regia] in the progeny of the parent tree. 099434
Mosaic disease of *walnuts* **[Juglans].** 101751

WAREHOUSES
Projection of **cotton** *warehouse* facilities for Oklahoma: a Markov process. 094617
Maintaining milk product quality during storage, *warehousing* and **distribution.** 095663

WARFARIN
Determination of *warfarin* in **animal** relicta and feedingstuffs by high-pressure liquid chromatography with confirmation of identity by mass spectrometry. 096435
Resistance of the ship rat, Rattus rattus L. To *warfarin* **[Stored** foods; pest control]. 095488

WARMTH
Bacteriological examinations of cervical mucus samples of mares within the framework of a survey on breeding hygiene in the *warm* **blooded** horses of the Hanover race, 1971-1975. 097488
Some preliminary studies on the performance of important potato varieties under *warm* **climate** at Mirpurkhas. 101019
The effects of exposure to *warm* **environments** on bovine plasma lipid composition. 096542
Warm **season,** ornamental turfgrasses [Varieties]. 101124

WASHING
Influence of artificial rainfall and *washing* on the **benomyl** and thiophanate-methyl residue content in lettuce. 102756
Effect of selected inhibitors and methylene-blue on a possible phosphogluconate pathway in *washed* **boar** sperm. 096930
Cattleshed *washing* for manure and irrigation [in India]. 103965
This is the way we *wash* our **clothes.** 095250
Light-reactivation of *(Tris-washed)-DPIP* **[2,6-dichlorophenol** indophenol]-treated chloroplasts: manganese incorporation, chlorphyll fluorescence, action spectrum and oxygen evolution. 099920
Removing stains from *washable* **fabrics.** 095256
Economic efficiency of *washing* **irrigations** in the conditions of the Khorezm Region [Soil salinization, control]. 104407
Study of the technology of *washing* **irrigations** in the conditions of the Khorezm Region [Soil salinization control]. 104414
Washing **[meat]** carcasses with chlorinated water. 095719
Comparative study on the root cation exchange capacity of different plants using *acid-washing* **technique.** 099489

WASPS
Spore dispersal of Endogonaceae [Fungi] by worms, ants, *wasps,* and **birds** [Vesicular-arbuscular mycorrhiza]. 099624
The function of the anal vesicle in respiration and excretion in the **braconid** *wasp,* Microplitis croceipes. 103021
Improving a *wasp* **parasite** [Apanteles melanoscelus] to control the gypsy moth [Lymantria dispar, biological control]. 102485

Baculovirus-like particles in the reproductive tracts of female **parasitoid** *wasps* [Cardiochiles nigriceps, Microplitis croceipes, Chelonus texanus parasitoids of the budworm, budworm, Heliothis virescens]. 102295
The formation of the colony in the **social** *wasp,* Polybioidestabidus Fab. (Vespidae, Polybiinae). 102856
Biological control of insects on the Ord [River Irrigation Area]. I. Production of Sitotroga cerealella for mass rearing of **Trichogramma** *wasps.* 102961

WASTE

Evaluation of *waste* **activated** sludge (citrus) as a poultry feed ingredient. 2. Quality and flavor of broilers, egg yolk color and egg flavor. 096754
Agricultural *waste* products, fertilizers, and chemical additives as factors of environmental hygiene. I. 104473
Agricultural *waste* products, fertilizers, and chemical additives as factors of environmental hygiene. II. 104474
Agricultural *wastes.* 104541
A new look at **animal** *wastes* as fertilizer. 103941
Salinization of the Soligorsk region soils by **"Beloruskalii"** *wastes.* 103736
Organic compounds of sulphate **cellulose** *waste* waters. III. Phenols [Pollution control]. 104590
Enzymatic hydrolysis of **cellulosic** *wastes* to glucose [for the production of food, fuel, and chemicals, Trichoderma viride, fungal fermetative agent]. 095489
Problems and potential associated with the production of protein from **cellulosic** *wastes* [to produce food and energy products through fermentation]. 095490
Self-purification in **Chandigarh** *waste* water. 104520
Application of the *waste* of **chemical** industry for the reclamation of Solonetz soils. 104347
Fiberboards. Raw materials—defibration **conditions**—*waste* water. 098380
Chemicals and allied products *[Waste* **control].** 104545
Plating and **cyanide** *wastes* [Water pollution]. 104575
Dairy *wastes.* 104548
Recovery of anthocyanins from wine **distillation** *wastes.* I. An adsorption-desorption process. 104536
Waste **fat** in fat-containing bleaching earth as feed for chickens. 096603
No-waste **feeding** system [Beef cattle]. 096045
Effects of feeding protein, recovered from **industrial** *waste* water ("Alwa-protein"), to growing pigs. 096602
Steel **industry** *wastes* [Water pollution control]. 104580
Long-term stability of *waste* **lignins** in aquatic systems. 2. Stability in saline water [Pulping]. 098413
Production of single-cell protein for animal feed from **lignocellulose** *wastes.* 096065
Utilization of **lime-containing** *waste* from the Magnitogorsk metallurgical works for the reclamation of acid soils. 104094
Biological filter design optimization [Process for the removal of dissolved and non-settleable organic matter from **liquid** *wastes].* 104503
Economic effects of treating fruit and vegetable processing **liquid** *waste.* 104609
Financial implications of *waste* **management** systems for shellfish processing. 104637
Seasonal variation of algal biomass production potential and nutrient limitation in Yaquina Bay, Oregon [Water pollution, paper **mill** *wastes].* 104495
Revegetation of acid **mining** *wastes* in central Idaho. 104242
Removal of protein and fat from meat slaughtering and **packing** *wastes* using lignosulfonic acid. 095702
Polyphenolic compounds in the **post-distillation** *waste* of Herba Menthae piperitae. 095449
Processed **poultry** *waste* compared with uric acid, sodium urate, urea and biuret as nitrogen supplements for beef cattle fed forage diets. 096700
Aerobic treatment of **poultry** *wastes.* 104522
Organic compounds of kraft **process** *waste* waters. I. Fatty and resin acids [Pollution control]. 104588
Organic compounds of kraft **process** *waste* waters. II. Oxyacids and lactones [Pollution control]. 104589
Egg breaking and **processing** *waste* control and treatment. 095737
Production of single cell protein from agricultural and food **processing** *wastes* [to produce microbial protein suitable for animal feeds]. 096020
Treatment of food **processing** *wastes.* 104469
Fruit, vegetable, and grain **processing** *wastes.* 104556
Meat, fish and poultry **processing** *wastes.* 104564
Petroleum **processing** *wastes* [Water pollution]. 104574
Proceedngs fifth national symposium on food **processing** *wastes,* April 17-19, 1974 Monterey, California. 104615
Use of *waste* **pyrites** from mine operations [in Colorado] on highly calcareous soil [Soybeans, banding of fertilizers]. 103932
Radioactive *wastes.* 104577
Methods of **removing** *trash* from sugarcane on chopper harvesters. 103578
Solid *wastes* and water quality. 104579
Household **solid** *waste* associated with food consumption activities. 104638
Recycling of **swine** *waste* [for feed] by aerobic fermentation. 096066
Tannery *waste* management. 104581
Textile *wastes.* 104582
Anaerobic processes *[Waste* **treatment].** 104542
Coal and coal mine drainage *[Waste* **treatment].** 104546
Lagoons and oxidation ponds *[Waste* **treatment].** 104560
Microbiology of *waste* **treatment.** 104566
Oxydation of lignins of [pulping] *waste* **waters** with ozone. 098346
Whey—*waste* becomes a winner [Animal feed]. 096036
Kiln heating and heat recovery from **wood** *waste.* 098182

WASTEWATERS *see* WATER

WATER

Soybeans resistant to *water* **absorption** [Food processing]. 095795
Determination of Ronite [S-ethylcyclohexyl-N-ethyltiocarbamate] in *water,* **air,** plants and biological objects [Herbicides, residues]. 102733
Revealing of active centres of lignin preparations interacting with *water* and **aliphatic** alcohols by infrared spectroscopy. 098351
High-gradient magnetic separation a *water-treatment* **alternative.** 104333
"American *Water* Resources Association, ten years of progress, 1964-1974". 104367
Ten years older—ten years wiser **[American** *Water* Resources Association]. 104377
An **analog** *water* discharge meter for use in runoff-plot experiments. 104249
Land **application** of *wastewater.* 104561
A hypothesis of ion filtration in a *potable-water* **aquifer** system. 104291
Determination of the [crop] yield level on the basis of **average** *water* provision rate for many years. 104304
Land-use change and the *water* **balance**—an example of an evapotranspiration simulation model. 104341
Physiological activity of *water* **beetle** [Dytiscidae, Gyrinidae, Coleoptera] defensive agents. I. Toxocity and anesthetic activity of steroids and norsesquiterpenes administered in solution to the minnow Pimephales promelas Raf. 102965
Physiological activity of *water* **beetle** [Dytiscidae, Gyrinidae] defensive agents. II. Absorption of selected anesthetic steroids and norsesquiterpenes across gill membranes of the minnow Pimephales promelas Raf. 102966
Models in **biological** *wastewater* treatment: objectives, results, applicability. 104506
Nitrogen removal [from *water]* by **biological** denitrification. 104516
Trees, grass and *water:* a **biologist** looks at water resource development. 104381
Adaptability of 1/2 Sahiwal X 1/2 Brown Swiss cattle to subtropical conditions. 3. **Body** *water* distribution. 096410
Results of irrigation with clear and **brackish** *water* in the northern part of the German Democratic Republic. 104286
New concept on the joint disposal of domestic and **brewery** *wastewaters.* 104453
Male brooding behavior of the *water* **bug** Abedus herberti (Hemiptera: Belostomatidae). 102800
Chromatographic determination of [the molluscicide] metaldehyde residues in *water* and in **cabbage.** 094882
Model trials for screening the H2O, CO2 and O2 *[water,* **carbon** dioxide, oxygen] permeatility of certain oil substances in regared to their suitability as antitranspirans [Barley, maize]. 100105
Water **characteristics** [of the Nile]. 104356
Water **characteristics** [Pollution control]. 104586
Wastewater **characterization** for the specialty food industry. 104617
Chinese *water* chestnut [Eleocharis dulcis] 'the sweet delight of the marsh' [Cultivation]. 101017
Washing [meat] carcasses with **chlorinated** *water.* 095719
Comparison of the algal growth responses of Selenastrum capricornutum Printz and Anabaena flos-aquae (Lyngb.) De Brebisson in *waters* **collected** from Shagawa Lake, Minnesota. 099749
Instrumentation and automation of *wastewater* **collection** and treatment systems. 104559
Wastewater **collection.** 104584
Soil and *water* **conservation** structures: demonstrations and field applications. 103329
Ecological physiology of the lichen Hypogymnia physodes. I. Some effects of **constant** *water* saturation. 099877
Reduction of *water* **consumption** and fiber losses at Eker Paper Mill [Minimum freshwater volume required for producing different paper grades]. 098383
Studies on the *water* **consumption** and the conditions of natural water supply of the spring feed pea in the region of the Agricultural Research Institute Obraztov Chiflik. 104313
The behavior of heavy metals in soil-crop system. IV. The distribution and its change of mercury in bed sediments of river *[Water* **contamination].** 104626
Design of a capacitance-type sensor with sectional electrodes [Moisture meter, *water* **content** of bulk material]. 095492
Analysis of the dependence of relative dielectric permittivity of butter upon its *water* **content.** 095667
Studies on the effect of the alteration in the internal environment of poultry **egg** on embryonic growth. VI. Hatching weight and *water* **content** in chicks from partially albumen -removed eggs. 096571
Pore volume distribution and curve of *water* **content** versus suction of porous body. 1. Two boundary drying curves. 103827
Progress on Wharekiri demonstration farm *[Water* **control,** erosion control]. 104403
Water **costs** and competitive uses for water in Louisiana [Rice irrigation, residential use]. 094416
Formulation of nutrient solutions and cultivation of plants in *water* **culture.** 100018
Ion-uptake by plants and cultivation of plants in *water* **culture.** 100020
Analysis of lipids in **dairy** *wastewaters.* 104533
Water **deficiency** in meadow plant leaves depending upon conditions of the environment. 100332
Ultrastructure of meristematic epidermal cells of maize root under *water* **deficit** conditions. 099032
Shirnk and its importance to cowmen and cattle feeders [Loss in weight due to loss of gut fill or tissue due to feed and *water* **deprivation** or exposure to other stresses]. 097793
Reconstruction of the **Desna** *water* flow stationary [experimental plot, soil erosion control]. 104208
Experimental verification of two calculation methods for relating horizontal infiltration to *soil-water* **diffusivity.** 103746
Control of Typha angustata in *water-logged* **drains** [Influence of rice culture]. 102116
Ronidazole in high concentrations in **drinking** *water* for treatment and prevention of diarrhea in swine dysentery. 097227
Ronidazole in low concentrations in **drinking** *water* for treatment and development of immunity to swine dysentery. 097228
Some aspects of lead pollution [in **drinking** *water* and air] in Rio de Janeiro. 104482
Water use by **dryland** corn as affected by maturity class and plant spacing. 100076
Effect of concentration and time of application of Polycot (antitranspirant) on *water* use **economy** in dwarf wheat in Rajasthan. 100209
Influence of the irrigation regimen in lucerne on the volume of yield and on the *water* **economy.** 104362
Effects of windbreaks on the microclimate, energy balance and *water* use **efficiency** of crops growing on the Great Plains. 097907
Application of algal assays to define the effects of *wastewater* **effluents** upon algal growth in multiple use river systems [for the control or prevention of eutrophication]. 104493
Power regulator for an **electrode** *water-heater.* 103374
Effect of *water* **erosion** on physical properties and nutritional regime of common Chernozems. 104168

The theoretical and practical importance of studies about genetic types of **underground** *waters.* 104420
Water **uptake** and germination of leguminous seeds [chickpeas, broadbeans] under changing external water potential in osmotic solutions. 100491
Growing season and location effects on *water* **uptake** and drying rates of peanut seeds from genotypes resistant and susceptible to invasion by Aspergillus flavus Lk. ex. Fr. 101313
Microwave **versus** *water-bath* precooking of turkey rolls. 095742
Analytical notes—hard- **vs** *soft-water* effects on the transfer of metallic ions from intestine. 104329
Effects of feeding protein, recovered from industrial **waste** *water* ("Alwa-protein"), to growing pigs. 096602
Oxydation of lignins of [pulping] **waste** *waters* with ozone. 098346
Fiberboards. Raw materials—defibration conditions—**waste** *water.* 098380
Self-purification in Chandigarh **waste** *water.* 104520
Organic compounds of kraft process **waste** *waters.* I. Fatty and resin acids [Pollution control]. 104588
Organic compounds of kraft process **waste** *waters.* II. Oxyacids and lactones [Pollution control]. 104589
Organic compounds of sulphate cellulose **waste** *waters.* III. Phenols [Pollution control]. 104590
Disinfection [Chlorination of *water* and **wastewater].** 104550
Developments in the removal of inorganic constituents in *water* **[Wastewater** treatment]. 104618
Disinfection [Chlorination of **water** and *wastewater].* 104550
Experimental investigations in cleaning filters in *water-supply* **wells** by the electrohydraulic method. 103370
Tree and shrub species for [soil, *water* and **wildlife]** conservation use in the northern Great Plains. 104217
Effect of chlorocholine chloride on energy metabolism and the state of *water* in **winter** wheat during the process of hardening. 100312
Xylem *water* poential and yield of tea (Camellia sinensis) clones in Malawi. 101295
Trials for standardization of aphid flight survey with **yellow** *water* pan trap. II. Suitable location of water trap for catching alate aphids [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387

WATERERS

Performance of broilers on different *waterers* **[Feeding** equipment]. 096647

WATERFOWL

Heavy metal contents (cadmium, lead, mercury) in some **wild** *waterfowl* species. 104498

WATERHYACINTHS

Life cycle and biology of Neochetina bruchi, a weevil **attacking** *waterhyacinth* in Argentina, with notes on Neochetina eichhorniae [Biological control of aquatic weeds]. 102222
Neochetina bruchi, a biological control agent of *waterhyacinth* **[Eichhornia** crassipes]: host specificity in Argentina [Acquatic weeds]. 102223

WATERMELONS

Evaluation of combining ability of *watermelon* **cultivars.** 099442
Further studies on the efficacy of different fungicides for control of anthracnose disease [Colletotrichum lagenarium] of bottlegourd [calabash **gourd**] and *watermelon.* 101520
A strain of cucumber mosaic virus (CMV) isolated from *watermelon* and **melon** cultivated in Campania (Italy). 101796
Studies on the ses expression of flowers induced by day-length and temperature in **pumpkin** and *watermelon.* 100510
Action of gibberellic acid on cell proliferation in the subapical shot meristem of *watermelon* **seedlings.** 100347

WATERPROOFING

Chrome **leather** *waterproofing* by treatment with aldehydes and carboxylic acids. II. Effects of some chemicals and tanning, greasing and dyeing products. 095682

WATERSHED

Hydrograph and water quality relationships for two Palouse [Conservation Field Station] **cropland** *watersheds.* 104398
Implications of *watershed* **development** on land value and landowner attitudes. 094138
Hydrologic relationships to land capability **evaluations** *[Watersheds].* 097929
Decision analysis for *watershed* **management** alternatives. 104360
Evaluation of a model for simulating monthly water yields from **small** *watersheds.* 104404
Effect of basin characteristics on the water regulating characteristics of *watershed.* 1. 104339

WAVELENGTH

Factors affecting the estimation of the relative amount of chromophore and chromophore area by the *two-wavelength* **method** of Patau and Ornstein [Peas]. 100452
Pigment changes and photosynthetic rates under **selected** *wavelengths* in the growing tips of Eucheuma isiforme (C. Agardh) J. Agardh var denudatum Cheney during vegetative growth [Algae]. 099581

WAVES

Kakhovka **experimental** *wave* suppressor system [River bank protection]. 104206
The determination of dichlorvos [organophosphorus insecticide] in milk by using classical and *square-wave* **polarograph.** 102744

WAX

Environmental behaviour and toxicology of [plant and **animal]** *waxes.* 095437
Isolation and properties of farnesene from the **apple** *wax* covering. 095878

Fatty and *waxy* **components** of southern pine bark—amounts present as free extractives. 100688
On the **epicuticular** *waxes* of the sporogone of some Polytrichaceae [Musci]. 098911
Roles of the cer-j and cer-p loci in determining the **epicuticular** *wax* composition on barley seedling leaves. 099239
Epicuticular *wax* of Agropyron intermedium [a drought resistant perennial grass]. 100267
Epicuticular *wax* of Agropyron smithii leaves. 100268
Drawings of combs by honeybees on foundation made of melted and **extracted** *wax*. 103265
Ultrastructure and chemistry of Clarkia elegans **leaf** *wax*: acomparative study with Brassica leaf waxes. 099950
Chemical models for **plant** *wax* morphogenesis [Eucalyptus saligna, Eucalyptus globulus]. 100663
Removal of *waxes* from **sunflower** seed oil by miscella refining and winterization. 095814
Effects of benomyl [fungicide] on alkanes and fatty alcohols of the **surface** *wax* of lettuce seedlings. 101667

WEANING

Effect of age, *weaning* and **diet** on swine adipose tissue and liver lipogenesis. 096697
Sympathoadrenal neurochemistry and **early** *weaning* of swine. 096190
Characterization of biological types of cattle. I. Dystocia and *preweaning* **growth.** 096417
Growth in sheep. Pre- and *post-weaning* **hormone** changes and muscle and liver development. 096418
Feeding and management of the *weaned* **pig.** 096632
Weaned **pigs:** simple diet may be adequate. 096675
Weaner **production** [Pig rearing]. 096093
Some physicochemical and nutritional properties of castorbeans (Ricinus communis) protein [Feeding tests with *weanling* **rats**]. 095116
Influence of farm management and breed type on **sow's** *conception-weaning* interval and productivity in France. 096993
Observations on the effects of *weaning* in the **young** pig. Clinical and histopathological studies of intestinal function and morphology [Acute inflammatory response and a reduction in plasma cell population]. 097762

WEAR

Abrasive *wear* of wood-based materials for interior finish in wooden [frame] house. 098188
Working capacity of elements of operating parts of soil-tilling machines as a function of **soil** *wearing* property. 103559

WEATHER

The value of frost forecasting: a Bayesian **appraisal** *[Weather].* 093970
Weather and **climate** modification and the future of the Sahara. 094053
On the reality of a *sun-weather* **effect.** 094059
Equations and Fortran IV program for the 1976 metric version of the forest **fire** *weather* index. 097887
Complex dynamic **model** *"weather*—yield" [for agrometeorological forecasting]. 094046
A view of cloud seeding *[Weather* **modification**]. 093987
Is the *weather* **really** changing? 094096
Heterogeneity of **recording** *weather* conditions for programming yields of farm crops in various soil and climatic zones of the USSR. 094047
Weather **stripping** and caulking [for agricultural buildings]. 103319
Synoptic *weather* conditions inducing long-distance immigration of planthoppers, Sogatella furcifera Horvath and Nilaparvata lugens Stal [Pest of growing rice]. 102297
The **synoptic** *weather* in relation to an outbreak of the African armyworm, Spodoptera exempta (Wlk.) [Infestation of grasslands in Rhodesia]. 102333

WEB

Web-site selection in the **desert** spider Agelenopsis aperta. 103071
Experimental study of the accumulation of cesium-137 [isotope] by lichens from aqueous solutions (Cladonia rangiferina (L.) *Web.* as an **example** [Radioactive contamination]. 104648
Wet-web **strength** of groundwoods [Pulp]. 098416

WEBWORMS

Toxicity of insecticides for the caterpillars of the **beet** *webworm* [Loxostege sticticalis, pest of various crops, trees and shrubs]. 102250
Toxicity of insecticides for the caterpillars of the **beet** *webworm* [Toxostege sticticalis]. 102339

WEED

Neochetina bruchi, a biological control agent of waterhyacinth [Eichhornia crassipes]: host specificity in Argentina [**Acquatic** *weeds].* 102223
Herbicides to control **annual** *weeds* in cotton plantings in the Fergana Region. 102202
Some results of testing new herbicides on cotton crops against **annual** *weeds.* 102204
Aquatic *weed* control. 102073
The invasion of [the **aquatic** *weed]* Eichhornia crassipes in the Sudanese White Nile. 102160
Control of water lettuce, Pistia stratiotes, with diquat and 2,4-D [**Aquatic** *weeds,* dichlorophenoxyacetic acid]. 102163
Life cycle and biology of Neochetina bruchi, a weevil attacking waterhyacinth in Argentina, with notes on Neochetina eichhorniae [Biological control of **aquatic** *weeds].* 102222
Investigations on Alcidion cereicola (Coleoptera: Cerambycidae) a potential agent for the biological control of Eriocereus martinii (Cactaceae) *[weed]* in **Australia.** 102101
Estimation of losses caused by diseases, pests and *weeds* as the **basis** of planning, managing and balancing of control measures on the basis of studies carried out during 30 years. 101852
Management of riversides: **chemical** *weeding.* 102094
Results from trials for **chemical** *weed* control in grain legumes. 102112
Treatment of young [forest] stands **chemical** *weed* control. 102114
Chemical *weed* control in dwarf wheats with particular reference to grass weeds. 102115
Studies on **chemical** *weed* control in sugarcane (Saccharum officinarum L.). 102161
Tests of **chemical** *weed* control of outdoor flower cultures. 102168
Chemical *weed* control in potatoes. 102175
Chemical *weed* control in sugarbeet (Beta vulgaris L.). 102176
A mosaic [virus] disease of Heliotropium indicum L. [A **common** *weed* in cultivated fields]. 101819
Studies on biomass accumulation of Nepeta ruderalis Buch-Ham, a **common** *weed* of winter season. 102089
Methods of *weed* **control** for the homeowner. 102097
Weed **control** in field crops. 102102
Agrotechnical and chemical practices for *weed* **control** in the plantings of yellow lupine on sandy and loamy-sandy soils. 102107
Vegetation management in certified alfalfa seed production *[Weed* **control**]. 102111
Effects of *weed* **control** method and rootstock on flowering, growth and yield of apple. 102125
Weed **control** in the field. 102148
Weed **control** in carrots. 102154
Weed **control** in gardens. 102156
Weed **control** in young pecans. 102167
A comparison of AC 92,553, CGA-24705, and FMC 25213 in combination with metribuzin for *weed* **control** in potatoes. 102179
Herbigation—new idea in *weed* **control.** 102182
Weed **control** in black walnut [Juglans nigra] plantations. 102208
Adsorbents and antidotes [of herbicides] offer a breakthrough in *weed* **control.** 102217
Weed **control** in grain. 102219
Corchorus acutangulus: a new plant infested by cotton grey weevil Myllocerus undecimpustulatus maculosus Desb. *[Weed* **control,** natural]. 102266
Efficacy of herbicides in **controlling** *weeds* in wheat. 102119
Effect of systematic application of herbicides on the change in the *weediness* of a **cotton** field and the yield of cotton. 102196
Effectiveness of herbicides in the control of *weeds* in **cotton** plantings in relation to the level of applied nitrogen on soddy-sierozem soils in the Samarkand Region. 102198
Effect of zeazine on *weeds* in **dependence** on the pedological and limatic conditions of localities. 102174
Research on new herbicides for the control of **dicotyledonous** *weeds* in winter wheat. 102177
Grain crop in Trondelag falls behind *[Weeds,* **diseases**]. 101944
The effect of some herbicides on the *weed* **flora** and soil microflora in the onion crop (Allium cepa L.), and the persistence of their residues in the soil. 102121
Chemical control of *weeds* in the **forest.** 102088
Aftereffect of herbicides on the *weediness* of **forest** tree plantings. 102128
The problem of unified terminology and classification of machines and apparatuses for controlling pests, diseases and *weeds* in **forests.** 103591
Chemical weed control in dwarf wheats with particular reference to **grass** *weeds.* 102115
Weed **hosts** of [the nematode] Ditylenchus dipsaci in Apulia. 101988
1976 commercial fruit spray guide: *weed,* **insect,** and disease control. 101832
1976 *weed,* **insect,** and disease control guide for commercial vegetable growers. 101833
Competition between wheat (Triticum aestivum L.) and Chenopodium album L. under varying levels of soil moisture, nitrogen and *weed* **intensities.** 102120
[The herbicide] Kotoran against a noctuid [Scotia segetum, pest of cotton, *weeds* as **intermediate** host plants]. 102374
Weeding **maize.** 102181
Weeding **northern** red oak [Quercus rubra] plantations on theCmberland Plateau [Tennessee]. 102210
Autumn control of **pasture** *weeds.* 102162
Chemical desiccation of grain sorghum [by controlling **perennial** *weeds].* 102075
Glyphosphate—new potential control of **perennial** *weeds.* 102151
Glyphosphate—new potential for control of **perennial** *weeds.* 102164
Effectiveness of dalapon against **perennial** *weeds* in the conditions of the Karshi Steppe. 102199
Effectiveness of levels and ways of applying dalapon to control **perennial** *weeds* in cotton plantings in the conditions of the Golodnaya Step'. 102200
Spray defences for potatoes *[Weed,* **pest** and disease control]. 101847
Estimation of chemical methods applied in the protection of medicinal plants [from fungus diseases, insect **pests** and *weeds].* 101851
Achievements and prospects of the control of diseases, pests and *weeds* of **potatoes** [in the world]. 101849
Control of *weeds* with the **preparation** "Sinbar [terbacil] inplantings of Mentha piperita L. 102105
Glyphosphate—a solution to the *weed* **problem** in forestry? [Herbicides]. 102166
Genetics and the *weed* **problem.** 102218
Comparative study of different methods of seeding on the yield of **rice** with and without *weeding.* 100829
Evaluation of protein and nutritive fiber content of cultivated Russian-thistle [**Salsola** *weed* used as forage]. 095991
The development of herbology *[weed* **science**] in Poland afterthe second World War. 102083
Alfalfa **seed** *weed* control. 102110
Control of *weed* **seeds** in beets. 102147
Control of quack grass [Agropyron repens] and *weed* **seeds** inpotato fields. 102150
Effect of carbathion on the viability of *weed* **seeds.** 102189
1076 grain and forage **sorghum** *weed* cntrol. 102122
Efficacy of herbicides in controlling various *weed* **species** in wheat. 102118
Today's *weed* [Ipomoea turbinata]. 102214
Change in benthic complexes in eutrophic lake Baltym due **toovergrowth** by *weed.* 098851
Brisket edema: **toxic** *weeds* [Senecio] can cause disease in [beef] cattle. 097806
A culinary guide to common **tropical** *weeds.* 098563
Studies on the *weed* **vegetation** at the early stage of plantation. II. Vegetational transition on Larix leptolepis forests planted every year in Sasa (Sasa paniculata) area. 098099
Vinegar *weed* [Trichostema lanceolatum] volatile constituents [Essential oils]. 095460
Weed **watch** [Matricaria maritima]. 102215
Weeds. 102074
Effect of combined herbicides on the *weediness,* **yield** and quality of spring wheat grain. 102138
Chemical and mechanical maintenance [Control of *weeds* in **young** windbreaks and shelterbelts]. 102180

WEEVILS

Alfalfa *weevil* [Hypera postica] effects on root reserves, development rate, and canopy structure of alfalfa. 102277
Effects of photoperiod and temperature regimens on the biology of European and United States **alfalfa** *weevil* [Hypera postica] populations. 102281
Efficacy of some insecticides against the *weevil* of **almond** [Anthonomus amygdali, Prunus amygdalus]. 102431
Life cycle and biology of Neochetina bruchi, a *weevil* **attacking** waterhyacinth in Argentina, with notes on Neochetina eichhorniae [Biological control of aquatic weeds]. 102222
Boll *weevil* [Anthonomus grandis]: square ingestion and utilization studies. 102279
Effects of two cotton varieties on levels of **boll** *weevil* parasitism (Coleoptera: Curculionidae) [Biological control]. 102301
Air dropped bait dispensers for attracting and killing the cotton **boll** *weevil.* 102343
Cotton plant and insect constituents that control **boll** *weevil* [Anthonomus grandis] behavior and development. 102361
Research on the species composition of *weevils* (**Ceuthorrhynchus** spp.) and on the causes of increase of infestation of winter rape by these pests on the territory of Rzeszow province. 102290
Seed cultivation of white clover. Current work concerning disinfection and control of **clover** *weevils* [Apion apricans]. 102370
Lipid composition of the normal and flight forms of adult **cowpea** *weevils,* Callosobruchus maculatus. 103008
Pecan insect control test in 1975 with emphasis on yellow aphids [Monellia], spittlebugs [Clastoptera achatina] and *weevils* [**Curculio** caryae]. 102450
Weevils (**Curculionidae,** Coleoptera) of the Pieprzowe Mountains near Sandomierz. 103142
Introductory research on the food attractants and repellents for the beetles of the **granary** *weevil* (Sitophilus granarius L.). 102541
Corchorus acutangulus: a new plant infested by cotton **grey** *weevil* Myllocerus undecimpustulatus maculosus Desb. [Weed control, natural]. 102266
The ecology and distribution of **kola** *weevils* [Sophrorhinus quadricristatus, Sophrorhinus, Balanogastris kolae] in Nigeria. 102444
A method of determining the presence of **pecan** *weevils* [Curculio caryae] with burlap bands. 102446
Control of **pecan** *weevil* [Curculio caryae], shuckworm [Laspeyresia caryana] and aphid in South Carolina. 102447
Foliar insecticides for control of **pecan** *weevil* [Curculio caryae] and hickory shuckworm [Laspeyresia caryana]. 102448
Pepper *weevil* [Anthonomus eugenii] control on hot pepper. 102432
Large outdoor cage tests with eastern white pine [Pinus strobus] being tested in field plots for white **pine** *weevil* [Pissodes strobi] resistance. 102504
Interaction of the systemic insecticide BI-58 and the plant in the treatment of coniferous trees to control the **pine** *weevil* [Hylobius abietis]. 102510

Weevil [**Pissodes** strobi]—induced resin crystallization related to resin acids in eastern white pine [Pinus strobus]. 102506
Effectiveness of some insecticides in controlling the yellow **seed** *weevil* [Tychius flavus] on alfalfa seed crops. 102291
Application of Padan [S,S1-[2-(dimethylamino)trimethylene] bis (thiocarbamate) hydrochloride] against the image of **sugarbeet** *weevils* [Tanymecus palliatus, Bothynoderes punctiventris]. 102338

WEIGHT

Changes in the *weight* of the **adrenal** glands and in the concentration of plasma corticosterone in perinatal rats after prenatal treatment with oestradiol benzoate. 096451
Determination of moisture and saleable mass (A.D. *Weight)* of **baled** flash dried pulps. 098285
Some environmental factors affecting **birth** *weight* in Awassisheep. 096172
Relationship between red cell mass, **body** *weight,* lean body mass, and body cell mass in growing pigs and beagles. 096368
Comparison of **body** *weights* of Gaddi, Poonchi and their crosses with Rambouillet [Sheep]. 096411
Allometry in poultry, regression of **body** *weight* on body condormation traits in some broiler crosses. 096479
Influence of rearing with all forage diet on the **body** *weight* gain and the feed efficiency in the followed fattening period in Holstein steers. 096658
Relationship of feed intake and ration digestibility to estimated transmitting ability, **body** *weight,* and efficiency in first lactation [Cows]. 096710
Effect of feed regimes on **body** *weight* of turkey hens at 32 weeks of age and subsequent reproductive performance. 096752
Genetic parameters of organ and **body** *weights* in the Japanese quail. 097007
Selection for **body** *weight* at eight weeks of age. II. Ovulation and oviposition patterns [Poultry]. 097009
Body *weight* and blood meal size in Triatoma protracta (Hemiptera: Reduviidae) [Mammal hosts]. 102550
Evolution of the linear equation between fresh **body** *weights* and dry body weights in an insect population during a period of strong evaporation [Tomocerus minor]. 102844
Changes in **body** *weight* and reproductive organs of Tingis ampliata H.-S. (Heteroptera: Tingidae). 103034
Studies on the growth of the silkworm, Bombyx mori L. V. Racial differences of the relative increase in **body** *weight* and silk gland weight in the fifth instar larvae. 103280
Studies on *weight* **changes** during brining and candying process of ber (Zizyphus jujuba) [jujub] at different maturity levels. 095863
WOW (War on *Weight)* **club.** 095086
Weight watchers: a total approach to *weight* **control** [Diet]. 095033
A *weight* **control** program for students using diet and behavior therapy. 095117
Weight **control** program for university students conducted by nutrition seniors. 095134
Weight watchers: a total approach to *weight* **control.** 095368
Drained *weight* issue heats up; industry, consumers disagree. 095275
Drained *weight* update: problems and compromises. 095276
Chemotaxonomy of the Papillionaceae. I. Quantative study of 33 species. **Dry** *weight* and nitrogen percentage of different protein families. 098704
Changes in goose-egg composition depending on **egg** *weight* and production period. 095729
Effects of practical castration in prepuberal age in buffaloes: research on the increase in *weight* and **feed** conversion index of steers of more than 600 kg live weight. 096604
Phenotypic and genotypic parameters of **fleece** *weight* of Mutton Merino sheep at different ages. 097085
Studies on the growth of the silkworm, Bombyx mori L. V. Racial differences of the relative increase in body weight and silk **gland** *weight* in the fifth instar larvae. 103280
Genetic analysis of hexaploid wheat, Triticum aestivum using intervarietal chromosome substitution lines—protein content and **grain** *weight.* 099182
Influence of size and shape of quadrate upon distribution pattern of **grass** *weight* and number of samples necessary for estimation of grass weight on grassland. 100744
Studies on the effect of the alteration in the internal environment of poultry egg on embryonic growth. VI. **Hatching** *weight* and water content in chicks from partially albumen -removed eggs. 096571
Quantitative morphological studies into heart of Berlin miniature swine. 1. Absolute and relative **heart** *weight.* 096214
Analusis of the effect of a hydraulic magnifier of **hitching** *weight* of a tractor on the power indices of a unitized implement. 103607
Enterocolitis in *low-birth-weight* **infants** associated with milk and soy protein intolerance. 095157
To study the effect of feeding ad-lib, once-a-day and twicea-day on egg production, feed consumption per dozen eggs and per **kilogram** *weight* of eggs produced in layers. 096693
The skeletal **length-body** *weight* or total bone length relationships of the growing quail, Cotrunix coturnix japonica. 096536
Effects of practical castration in prepuberal age in buffaloes: research on the increase in weight and feed conversion index of steers of more than 600 kg **live** *weight.* 096604
Feed efficiency and carcass composition in Large White Yorkshire pigs at different **live** *weights* to determine the economic slaughter weight. 096688
Evaluation of milk production per unit **live** *weight* in cattle breeding. 097050
Weight **loss** [in the processing of carcasses, mutton]. 095724
Shirnk and its importance to cowmen and cattle **feeders** [Loss in *weight* due to **loss** of gut fill or tissue due to feed and water deprivation or exposure to other stresses]. 097793
Weight **losses** of groundnuts (Arachis hypogaea L.) from infestation by the mites Acarus siro L. and Tyrophagus putrescentiae (Schrank). 102539
The *weight* **method** of determining soil moisture content. 103790
The *weight* of **mink** pups. 096493
Phosphorylation of a low **molecular** *weight* polypeptide in beef heart Na+, K+-ATPase [sodium ions, potassium ions, adenosine triphosphatase] preparations. 096212
Role of oxygen in **molecular** *weight* changes of lignin during oxydative delignification of wood. 098354
Phenylalanyl-tRNA synthetase from wheat germ. Purification, **molecular** *weight,* structure, properties. 100112
Gain in *weight* of the **musculature** of wild sheep during the fetal period [compared to domestic sheep]. 096581
Determination of nitrogen, phosphorus and potassium in plants from **one** *weight* sample. 099847
Primary structure of bovine **plasma** *high-molecular-weight* kininogen. The amino acid sequence of a glycopeptide portion (fragment 1) following the C-terminus of the bradykinin moiety. 096420
A model of the effect of nutrition on litter size and *weight* in the **pregnant** ewe [Sheep]. 096610
Effect of dose of cytoplasmic polyhedrosis virus on infection, mortality, development rate, and larval and **pupal** *weights* of the pink bollworm [Pectinophora gossypiella]. 102335
Effects of physical activity on *weight* **reduction** in obese middle-aged women. 094987
Personality characteristics in obesity: relation of MMPI profile and age of onset of obesity to success in *weight* **reduction.** 094998
The influence of cow size, crossbreeding, **slaughter** *weight,* feeding system and environment on the energetic and economic efficiency of edible beef production. 095717
Fattening and slaughter performance results of young Black Pied bulls as influenced by feeding intensity. 3. Economic results of young bull fattening at varying feeding intensity and **slaughter** *weight.* 096644
Feed efficiency and carcass composition in Large White Yorkshire pigs at different live weights to determine the economic **slaughter** *weight.* 096688
Experimental study of the effect of *weight* on **tractive** indices of a model of a caterpillar tractor of 50 KN class. 103619
Weight **watchers:** a total approach to weight control [Diet]. 095033
Weight **watchers:** a total approach to weight control. 095368

WELFARE

Welfare **benefits** of the food stamp program. 094778

WELLS

Unsteady flow to a nonpenetrating **artesian** *well.* 104298
Changes in the hemoglobin level of the whole blood, in the iron and copper levels of the plasma as *well* as the **changes** in the iron contents of the liver and the breast muscle matter of fattening turkeys. 096593
Change in drawdown caused by enlarging a *well* in a **dolomite** aquifer. 104292
Relationship between fertilization and world wide food- and energy requirements as *well* as with **environmental** problems. 103878
A say in the matter; community enterprises can help raise the peasant's living standard as *well* as **facilitate** his participation in the decision-making process [Empresas Comunitarias Campesinas]. 093958
Winter rape, a *well* **known** oil and honeybee plant. 101308
Experimental investigations in cleaning filters in **water-supply** *wells* by the electrohydraulic method. 103370

WESTERN

Alexgeorgea, a bizarre new genus of Restionaceae from *Western* **Australia** [Alexgeorgea subterranea, Alexgeorgea arenicola, new taxa]. 098511
Triassic palynology of the Carnarvon basin, *Western* **Australia.** 098696
Breeding better rape and linseed for *Western* **Australia.** 099318
Virulence heterogeneity of a predominantly **avirulent** *western* equine encephalitis virus population [Duck embryo cell cultures]. 097411
Teh butterfly faunas of San Andres and Providencia Islands in the *western* **Caribbean.** 103190
Characteristics of the clay in soddy-carbonate and soddy-podzolic soils in the *western* and **eastern** regions of the Russian plain. 103805
Plaque neutralization test to assay serums for eastern and *western* **equine** encephalomyelitis antibody titer. 097541
The industrialization of agriculture in countries of *Western* **Europe.** 094235
Drought in *Western* **Europe** [Effects of drought on farm output and trade]. 094529
Small and middle sized wood cuttings firing equipments in *western* **Europe.** 098215
Xylem in galls of lodgepole pine [Pinus contorta latifolia]caused by *western* **gall** rust, Endocronartium harknessii. 101378
Effect of temperature on growth rate and survival of Fomes annosus in *western* **hemlock** [Tsuga heterophylla] stumps. 098235
The brightening response of *western* **hemlock** [Tsuga heterophylla] refiner groundwood to hydrogen peroxide. 098268
The Bombyliidae of Aldabra Island with notes on the species of the Villa hottentota (L.) group from Africa and the islands o the *western* **Indian** Ocean [New taxa]. 103181
Evaluation of the collection of tomato entries for heat and drought resistance in the *western* **Kazakhstan.** 100384
Glacial lake evidence in *western* **Minnesota** as interpreted from the soil survey. 103774
Causes and alternative solutions to the water quality problems of Big Stone Lake, *Western* **Minnesota-northeastern** South Dakota. 104337
Seed-borne fungi of cowpea (Vigna unguiculata) in *western* **Nigeria.** 101505
Evaluation of various soil tests for available magnesium in *western* **Nigeria.** 103821
Fire ecology questions survey: Candid expressions of research needs by land managers and scientists in *western* **North** America. 097945
Galium mexicanum (Rubiaceae) of Central America and *western* **North** America. 098650
Mate-locating behavior of *western* **North** American butterflies. 103043
Epiphytology of a needle cast fungus, Lophodermella morbida, in ponderosa pine [Pinus ponderosa] plantations in *western* **Oregon.** 101421
About certain results of regeneration of young stands of low value in forest districts of the *north-western* **part** of the Russian Soviet Federative Socialist Republic. 098136
The possibilities of expanding commercial cultivation of olives in the *south-western* **part** of Turkmenia. 101259
Studies on the causes and the control of the spotted rice. I. On the causing factors of the spotted rice occurred in the mountainous region of *western* **part** of Hiroshima Prefecture [Insect pests]. 102292
Chemical and physical properties of eroded soils on slopes from the hydrographic fund in *western* **Podolia** and their alteration under the effect of forest plantings. 103797
Effect of stand density on water use of mulga (Acacia aneura F. Muell.) woodlands in *South-western* **Queensland.** 100718
Lupine in the farming of the *western* **regions** of the Ukraine. 100785
Calculated levels of inorganic fertilizers for forecasting a planned yield of sugarbeets in the conditions of the *western* **regions** of the Ukrainian SSR. 103958
Some forage qualities of alfalfa varieties in *western* **Siberia.** 100119
Early maturing spring wheat specimens of the intensive type in *western* **Siberia.** 100725
Prospects of further expansion of orange cultivation in different ecological conditions of the *Western* **[Soviet]** Georgia. 101257
Expansion of the area of tea growing in mountainous conditions of the *Western* **[Soviet]** Geogia at the present time. 101307
Results of combined action of seasonal colonization of Cryptolaemus and aborigenous entomophages against Chloropulvinaria floccifera in *Western* **[Soviet]** Georgia [Tea pest, biological control]. 102271
Outbreaks of the *western* **spruce** budworm [Choristoneura occidentalis] in the American northern Rocky Mountain area from 1922 through 1971 [Picea]. 102522
Plant resources of the *western* **Tien-Shan.** 098459
Rural settlements and their patterns in the *western* **Trans-Yamuna** tract of Uttar Pradesh. 094107
Characteristics of sheep production in the *western* **United** States. 094658
Seasonal patterns of root growth capacity in *western* **yellow** pines [Pinus]. 100680
Experience of developing programming of yields for the *north-western* **zone** of the Russian Soviet Federative Socialist Republic [Field and horticultural crops]. 100795

WET

Rice bran protein concentrates obtained by *wet* **alkaline** extraction. 095791
Impressions and results of seeding winter wheat with an airplane in the *wet* **autumn** of 1974. 100720
Eliminating pollution problems in the *wet* **corn** milling industry. 104468
Cross-link *wet-stiffening* of paper: the mechanism [tested on paperboard from unbleached southern pine]. 098417
Ecological physiology of the lichen Hypogymnia physodes. II. Effects of *wetting* and **drying** cycles and the concept of 'physiological buffering'. 099878
Early *wet* season fertilization of Para grass for use as saved fodder in the Northern Territory, Australia. 104155
Comparison of methods of freshness assessment of *wet* **fish.** IV. Assessment of commercial fish at port markets. 095471
Studies on the drainage in the low and *wet* **paddy** field area. I. The tendency of pump drainage and the runoff analysis on Shizusato region in Ohgaki, Gifu Prefecture. 104396
Wet **rot** [Choanephora cucurbitarum] of sesame seedlings in India. 101609
Relation between compression stiffness and costs for *wet* **stiff** corrugated boards. 098414
Wet-web **strength** of groundwoods [Pulp]. 098416
A review of guineagrass (Panicum maximum) for the *wet* **tropics** of Australia. 101007

WETLANDS *see* MARSHES

WHEAT

Inheritance of leaf angle in Triticum **aestivum** L. *[Wheat].* 099191
Absence of carbohydrate in celiac-toxic **A-gliadin** *[Wheat].* 095034
Wheat **albumin** and globulin proteins: purothionin levels of stored flour. 095825
Effects of rates and methods of Zn [zinc] **application** on *wheat.* 103991
Constants for calculating leaf **area** of *wheat.* 098997
Attracting activity of developing fruits, seeds and the prospect of using it as a breeding character **[Barley,** *wheat].* 099245
Scientific cultivation for high yields of *wheat,* **barley** and rice. 100754
Frequency of control plots in screening nurseries for protein content *[Wheat,* **barley,** planting distance]. 100769
Winter crops *[wheat,* **barley,** sunflower and mustard] in saturated soils of Sunderbans. 100827
Studies on mixed cropping in Tarai region under unirrigatedconditions *[Wheat,* **barley,** chick-peas, linseed, Brassica juncea, mustard]. 100866
Wheat and **barley** plant guide, 1976. 100954
Puccinia striiformis in *wheat* and **barley.** 101332
Meloidogne naasi [nematode of *wheat* and **barley**] in southern Italy and Malta. 101972
Physiological studies on the mechanism of the occurrence of air pollution damage in crops. III. Ethylene production by *wheat* and **barley** leaves injured by fumigation with sulphur dioxide. 101995
Studies on scheduling of irrigations to *wheat* **based** on critical stages and climatic approach. 104326
Breeding *wheat* for resistance to the Hessian fly [Mayetiola destructor]. 099270
Use of tracer techniques to study yield components in seed crops [for **breeding,** *wheat].* 099315
Resistance of *wheat* **[breeding** material] to the European stem sawfly [Cephus pygmaeus]. 102314
Utilization of detached leaves in benzimidazole for hybrid analysis of the resistance of *wheat* to **brown** rust. 099117
Differentiatin of populations of *wheat* **brown** rust in the USSR with the aid of a series of isogenic lines on the basis of the variety Thatcher. 101459
Yubilei, a new **Bulgarian** *wheat* variety. 100815
Yubilei—a new **Bulgarian** *wheat* variety. 104316
A leaf spot disease of *wheat* **caused** by Pyrenophora trichostoma. 101618
Studies of virus disease of *wheat* **caused** by winter wheat mosaic virus. 101794
The control of eyespot of *wheat* **[Cercosporella** herpotrichoides] systemic preparations. 101581
Morphophysiological method of early diagnosis of short-stem **character** in *wheat.* 099257
Study of the effect of some factors on the percentage of 41chromosome plants in the progeny of monosomic lines of [the *wheat]* **Chinese** Spring. 099297
Irrigation and fertilizer needs of *wheat* in **clay** loam soil of Tarai tract of Uttar Pradesh. 103998
Mobile phosphorus in plants *[Wheat,* **clover].** 100212
Studies on can evaporimeters in relation to evapotranspiration from field crops **[Clover,** *wheat].* 100213
Metabolism of Na2 75SeO4 [sodium selenate] in Astragalus bisulcatus lima bean, and *wheat:* a **comparative** study [Incorporation of selenium]. 099834
Embryogenesis of *wheat* in the **conditions** of Dzhezkazgan. 100324
Response of *wheat* to **copper** fertilization. 104024
How to figure crop production **costs** *[Wheat].* 094455
Soil moisture extraction by *wheat* **crop** as influenced by moisture regime and soil reaction. 103765
Double **cropping** *wheat* and sorghum forage. 100779
Inheritance of Pelshenke value in C 273 X S 308 *wheat* **cross.** 099351
Variation of harvest index in several *wheat* **crosses.** 099217
Discussion on the paper of **"**The relation between tillering capacity and cumulative temperature and its application in *wheat* **culture".** 100144
Frost **damage** on *wheat.* 101895
Nitrate uptake during recovery from nitrogen **deficiency** *[Wheat].* 100257
Changes of respiratory metabolism and cell ultrastructure in roots of *wheat* during **dehydration.** 100310
Studies on the nutritional **diagnosis** of *wheat.* 100145
Pathogenic specialization in Puccinia recondita f. Sp. Tritici in N.w.f.p. [North West Frontier Province of Pakistan, leaf rust **disease** of *wheat].* 101312
The development of a high protein isolate from selected [corn and *wheat]* **distillers** by-products. 095833
5-methylcytosine content of *wheat* **DNA** during different stages of ontogenesis. 100243
Crop quality and nutrient uptake by **dryland** *wheat* crop as influenced by available soil moisture status. 100208
MACS-9, a new variety of **durum** *wheat* for peninsular India. 100824
Cereal diseases in southern Italy. II. Fusarium roseum f. Sp. cerealis on **durum** *wheat* [Foot rot]. 101527
Effect of timings and frequencies of irrigation on the grain yield of aestivum and **durum** *wheats.* 104322
Effect of concentration and time of application of Polycot (antitranspirant) on water use economy in **dwarf** *wheat* in Rajasthan. 100209
Effect of nitrogen, phosphorus, date of sowing and seed rate on yield of **dwarf** *wheat* in Rajasthan. 100839
Effects of dates of sowing, seed rates and nitrogen levels on **dwarf** *wheat* Kalyansona. 100849
Chemical weed control in **dwarf** *wheats* with particular reference to grass weeds. 102115
Effect of levels and sources of N [nitrogen] on its uptake and utilisation by **dwarf** *wheats.* 103974
Effect of N [nitrogen] levels and soil moisture regimes on the yield of **dwarf** *wheat.* 103978
Effect of time of application of nitrogen on the growth and yield of **dwarf** *wheat* varieties. 103987
Response of **dwarf** *wheat* varieties to nitrogen fertilization. 104007
Response of **dwarf** *wheat* to nitrogen. 104008
Physiology and genetics of ear emergence in barley and *wheat.* IX. **Effect** of low temperature during dark period on time of heading in barley. 100248
Response to inoculation [nitrogen fixation] in soybean and its residual **effect** on *wheat.* 103764
Effect of higher temperature of the environment on the formation of productivity **elements** in *wheat.* 100186
Improvement of the methodology of barley and *wheat* **emasculation** [for breeding]. 099390
A method using aminoacylation of transfer ribonucleic acid (tRNA) from *wheat* **embryo** and isotope dilution for screening of genotypes with improved protein content and quality. 099307
Informosomes as a stored form of mRNA in *wheat* **embryos.** 100182
Synthesis and degradation of proteins during *wheat* **endosperm** development. 100269
The nature of alkaloids of ergoty pearlmillet or bajra and its comparison with alkaloids of ergoty rye and **ergoty** *wheat* [Claviceps]. 101638
Comparative studies of the infection of flag leaves and seedling leaves of *wheat* by **Erysiphe** graminis. 101540
Studies on the occurrence of Carabidae (Coleoptera) in **Eutopean** *wheat* fields. 102304
About the creation of infectious conditions for stinking smut [Tilletia caries, Tilletia foetida] and [Fusarium] root rots of *wheat* **[Evaluation** of varietal disease resistance]. 101457
Improvement of resistance of *wheat* to **eyespot,** Cercosporella herpotrichoides (Fron). 101364
Implications of phosphate fertilizer price rises for *wheat* **farming.** 104039
Studies on *wheat* **fertilization** with urea ammonium phosphate. 104028
Efficient use of phosphatic **fertilizers** for *wheat.* 103992
Economic effectiveness of irrigating and **fertilizing** *wheat,* maize and sugarbeets. 104327
Mercury, cadmium, zinc, copper and organochlorine insecticide levels in small mammals trapped in a *wheat* **field.** 102686
Effects of drying on the transmissibility of wheat spindle streak mosaic virus in soils from *wheat* **fields** in Ontario. 101738
Recent developments on *wheat* **flour** pentosans. 095769
A new agglutinating activity from *wheat* **flour** inhibited by tryptophan. 095771
Brabender Farinograph, research extensometer, and Hilliff chapatti press as tools for standardization and objective assessment of chapatti dough *[Wheat* **flour,** India]. 095782
Separation of glutenin from gliadin by ultracentrifugation *[Wheat* **flour].** 095792
Oxidation-reduction processes in *wheat* **forms** with cytoplasmic male sterility. 099393
Heterosis of *wheat* and **gene** effects. 099251
Cell-free synthesis of rat preproinsulins: characterization and partial amino acid sequence determination *[Wheat* **germ** extract]. 096522
Phenylalanyl-tRNA synthetase from *wheat* **germ.** Purification, molecular weight, structure, properties. 100112
Effect of chlorocholine chloride and nitrogen on some morphological, anatomical and cytological characteristics of **Giza155** *wheat* [Variety]. 098882
A cappelle-Desprez *[wheat]* **gliadin** of high moblity. 095822
Aggregation behaviors of glutens, glutenins and **gliadins** from various *wheats.* 095757
Effect of hypothermal treatment of *wheat* **grain** on activity of carbohydrases. 100102
A simulation analysis of a reserve stock management policy for feed **grains** and *wheat.* 094321
Tramlines for tractors [Method of *wheat* **growing].** 100723
Effects of oligochromatic lights on lipid composition of plastids in dark **grown** *wheat* leaves. 100141
Yield trends during take-all decline [caused by Gaeumannomyces graminis tritici] in spring barley and *wheat* **grown** continuously. 101370
Shoot and root activities during steady-state plant **growth** *[Wheat].* 100096
The growth physiology of coleoptiles in continuous-record vessels: anomalous kinetics of cycloheximide action on auxin-controlled **growth** *[Wheat].* 100261
The effect of sample and mesh size on micro-Kjeldahl nitrogen determination *[Wheat,* **guar].** 104031
Interaction "genotype-environment" and **heterosis** *[Wheat].* 099255
About the presence of intravariatal **heterosis** in *wheat.* 099284
Genetic analysis of **hexaploid** *wheat,* Triticum aestivum using intervarietal chromosome substitution lines—protein content and grain weight. 099182
Chemically induced sterility in *wheat* for **hybrid** seed production. 099172
Mitosis and meiosis in interspecific **hybrids** of *wheat.* 099423
Technological and biochemical characteristic of **hybrids—***wheat* mutants. 099431
Artificial infection of the causative agent of stem rust [Puccinia graminis tritici] of *wheat* with the **hyperparasite** Darluca filum (Fr.) Cast. 101493
Results of studying the genetics of *wheat* **immunity** to rust. 099280
Preliminary study on the use of amide content in *wheat* as an **indication** of manuring. 103920
Reliability and accuracy of the grade **inspection** of *wheat.* 094813
Inheritance of protein features in the grain of **interspecific** *wheat* hybrids. 099253
Cytochemical characteristic of the embryogenesis of **interspecific** *wheat* hybrids. 099418
Performance of some local and **introduced** *wheat* and malting barley cultivars under irrigated conditions in Egypt. 100715
Zearalenone production by isolates of Fusarium inducing foot rot disease of *wheat* in **Italy.** 101539
Studies on the effect of sowing date and seed-rate on the growth and yield of *wheat,* **'Kalyansona'.** 100868
Effect of saline water irrigation on chemical composition of **'Karchia'** *wheat* in farmers fields. 100210
Modified milling procedure for separating endosperm and nonendosperm portions of the *wheat* **kernel** for protein and lysine analysis. 095758
Response of *wheat* to **levels** and methods of application of nitrogen under dryland conditions. 104023
Genotypic composition of the clones of brown rust [Pucciniarecondita] in some Lr **lines** of *wheat.* 101343
The relation of quality standard commodity value and price conditions for *wheat* and **maize.** 094551
Balance of nutrients in a sugarbeet crop rotation on a deep Chernozem in the northern part of the Ukrainian steppe *[Wheat,* **maize,** peas]. 100122
Use of isotopes to explore the physiology and biochemistry of photorespiration and its effects on crop yields *[Wheat,* **maize].** 100207
Hydroxyproline content in cell walls of plants with different boron requirements [Broadbeans, sunflowers, **maize,** *wheat].* 100315
Studies of glutenin. VIII. Subunit composition at different stages of grain **maturity** *[Wheat].* 095793
Effect of foliar application of urea on rhizosphere and rhizoplane **microflora** of *wheat.* 103915
Effect of some *wheat* **mill-fractions** on blood and liver lipids in cholesterol-fed rats [Atherosclerosis]. 095035
Determination of chromium in several proposed standard samples and of zinc and chromium in *wheat* **milling** and beet sugar refining samples. 095809
Methods and results of breeding **Mironovskaia** *wheat* varieties of the intensive type. 099256
Effect of delay in first irrigation, methods of N [nitrogen] application and Cycocel in *wheat* on **mixed** Black soils. 100836
About the role of genotype and the mutagenic factor in experimental **mutagenesis** of *wheat.* 099242
Quality of grain of induced **mutants** of *wheat.* 099426
North Africa anticipating **near-record** *wheat* crops [Trade]. 094539
Breeding for resistance to cereal cyst **nematode** in *wheat.* 099169
Intrauterine embryogenesis in Pratylenchus minyus Sher et Allen [Root **nematode** of *wheat].* 101969
The relation of *wheat* **nitrate** reductase and soil nitrate to flour quality. 095794
Cereal diseases in southern Italy. IV. Problems related to the presence of Fusarium nivale and of its perfect stage Calonectria **nivalis** on *wheat.* 101528
The use of LANDSAT data in a large area crop inventory experiment (LACIE) *[Wheat,* **North** America, remote sensing]. 100808
1975 report on Experiment Station variety tests—small grains: *wheat,* **oats,** barley [Yields]. 100756
Fine anatomy of Cercosporella herpotrichoides Fron in leaf sheathes of *wheat.* **Observations** on the penetration points of host cell walls. 101363
Tolerance of Leptosphaeria nodorum [causal organism of glume blotch disease of *wheat]* to an **organoamercurial** compound. 101659
Photochemical activities of etiochlorplasts isolated from plants greened under intermittent light. I. Absorption of **oxygen** *[Wheat].* 100259
Occurrence of Seira cinerea Yosii (Collembola: Entomobryidae) on *wheat* and **paddy** seedlings. 102366
Effect of levels and sources of nitrogen on *wheat.* II. **Pattern** of dry matter and nitrogen accumulation. 103973
Hybrid grass-clump dwarfness in *wheat:* **physiology** and genetics. 099187
Photochemical activities of etiochloroplasts isolated from plants greened under intermittent light. II. Photobleaching of **pigments** *[Wheat].* 100260
Physiological studies on the nitrogen nutrition of *wheat* **plant.** 1. The effect of different levels of nitrogen supply on the total nitrogen, available ammonia and nitrate nitrogen contents of various plant organs. 100084
Physiological studies on the nitrogen nutrition of *wheat* **plant.** II. The effect of different levels of nitrogen supply on the phosphorus content of various plant organs. 100085

Seed presoaking technique and its effects on the yield and physiological processes of the **plant** *[Wheat].* 100970
Intravarietal variation of *wheat* **plants** in the feature of self-incompatibility. 099294
A method for separating the various forms of invertase in extracts of single leaves or **plants** of *wheat.* 100142
Isoelectrofocusing of peroxidases of the leaves and roots of *wheat* **plants** infected with stem rust. 101615
Electronmicroscopical study of *wheat* **pollen.** 099045
Differentiation of the first genomes from **polyploid** *wheat* species according to the data of the immunochemical analysis of the alcoholic fraction of grain protein. 099082
Mechanized application of inorganic fertilizers in field experiments **[Potatoes,** *wheat].* 104078
The chisel for **preparing** *wheat,* maize and sugarbeet soils in Oise. 103419
Major methods and some results of complex study of production **processes** in *wheat.* 100188
Analysis of several technical problems on high yield, stable yield and low cost of *wheat* **production.** 094388
Windbreak studies on the Canadian prairie [Influence on *wheat* **production].** 097920
Some problems of physiology in relation with breeding for **productivity** *[Wheat].* 099260
Features of morphogenesis and formation of potential and actual **productivity** of *wheat.* 100187
Wheat **proteins.** 095756
Influence of irrigation and application of nitrogenous fertilizers on the composition and certain properties of *wheat* **proteins.** 100103
Mechanisms of the population variability of the brown rust in *wheat* **Puccinia** recondita Rob. ex. Desm. f. sp. tritici. 101612
Physicochemial properties and component composition of glutens of various **qualities** *[Wheat].* 095765
Effect of impulsive concentrated light on the alteration of some characters in *wheat* **[Radiomutants].** 099250
Row spacing, seed rate and variety of *wheat* under **rainfed** conditions at Dholi (Bihar). 100863
Field experiment with 15N [nitrogen isotope] on the efficiency of fertilizer utilization by *wheat.* II. **Rate** and time of application. 103995
Possibility of **rearing** *wheat* mite (Aceria tritici Shev.) (Acarina, Eriophyoidea) on aerial bulbs of garlic [to study its biology]. 102372
Technological and biochemical features of interspecific hybrids of *wheat* from **reciprocal** crossings. 099430
A comparison of pathogenicity of Puccinia **recondita** *tritici[wheat* leaf rust] in Europe, the United States, and Canada. 101544
Methodological approach to the study of genetic bases of *wheat* **resistance** to brown leaf rust [Puccinia triticina]. 099275
Reparation of the enzyme activity of the pathways or respiration in the roots of *wheat* and **rice** seedlings after influence of anoxia. 100330
MDMP [2-(4-methyl-2,6-dinitroanilino)-N-methyl propionamide] action: degradative effects on polyribosomes from *wheat* **roots** and the inhibition of protein initiation. 100220
Cytological studies of Puccinia striiformis (Yellow **rust** of *wheat).* 099048
Intergeneric hybrids [of *wheat* and **rye].** 099422
Phenotype correlations of protein components in *wheat* and **rye** seeds. 100174
Promising practices of applying chlorcholine chloride in winter crops *[Wheat,* **rye].** 100230
Snow molds on winter cereals in northern Saskatchewan in 1974 [Typhula, Sclerotinia borealis, Fusarium nivale, *wheat,* **rye].** 101386
Factors contributing to an epidemic of stripe rust [Puccinia striiformis] on *wheat* in the **Sacramento** Valley of California in 1974. 101555
Suitability of nitrogenous fertilizers for *wheat* in **salt** affected soils. 104029
Estimation of grain yield and growth characters of *wheat* by **sampling.** 100850
Water flow in *wheat* **seedlings** after small water deficits. 100264
Respiration and enzymatic activity of *wheat* **seeds** with different germination capacity. 100118
Ribonucleic acid and high temperature **sensitivity** in *wheat.* 100170
Inter-genotypic plant competition in *wheat* under **single** seed descent breeding. 099192
Soft *wheat* varieties of Australia and their breeding significance for dryland farming in Uzbekistan. 099106
Identification and location of genes controlling leaf hairing in young plants of **soft** *wheat.* 099231
Methods of breeding winter **soft** *wheat* for resistance to diseases. 099276
Resistance of the **soft** *wheat* collection from Australia to yellow rust [Puccinia glumarum]. 101353
Observations on the **soil-borne** *wheat* mosaic virus in Italy. 101736
The relationship between **soil-borne** *wheat* mosaic virus and tobacco mosaic virus. 101818
Effect of short-chain fatty acids extracted from beef cattle manure on germination and seedling development [Phytotoxicity, *wheat,* **sorghum].** 103894
Agronomic studies of late **sown** *wheat.* 100828
Loss in yield due to brown rust (Puccinia recondita Rob. Ex. Desm) on late **sown** *wheat* crop. 101478
Response of late **sown** *wheat* to placement of micronutrients along with fertilizers. 104011
Efficacy of herbicides in controlling various weed **species** in *wheat.* 102118
Effects of drying on the transmissibility of *wheat* **spindle** streak mosaic virus in soils from wheat fields in Ontario. 101738
Baking studies on the pin-milled and air-classified flour from four hard red **spring** *wheat* varieties. 095780
Effect of sowing density and levels of inorganic fertilizers on the anatomical structure of **spring** *wheat* stem. 099038
Short stem **spring** *wheat* varieties valuable for breeding. 099104
Genetic control of photoperiodic sensitivity and maturity in **spring** *wheat* within narrow limits of adaptation. 099184
About the structure of the spike in some short-term varieties of **spring** *wheat* [Correlation of yield components]. 099243
Breeding of **spring** *wheat* for resistance to spring-summer drought considering some morpho-physiological indices. 099247
Study of the genetic structure and activity of functioning locations of genomes in different **spring** *wheat* varieties. 099263
Productivity of intra- and interspecific hybrids of **spring** *wheat.* 099394
Spring *wheat* varieties evaluated for breeding purposes according to their hybrid characteristics. 099406
Response of **spring** *wheat* to the exposure to mutagens. 099427
Yield and quality of grain of **spring** *wheat* hybrids and mutants. 099433
Peculiarities of the root system development of short-stem varieties of **spring** *wheat* from the USA. 100115
Acceleration of generation advancement in **spring** *wheat* [Germination]. 100176
Effect of various levels of fertilizers on the photosynthetic activity, yield and quality of the grain of tall- and short-stem cultivars of **spring** *wheat* under irrigation. 100193
Intervarietal correlation study of some introduced USSR **spring** *wheat* varieties in Arab Republic of Egypt. 100714
Early maturing **spring** *wheat* specimens of the intensive type in western Siberia. 100725
Results of testing **spring** *wheat* varieties of the intensive type in the foothill region of the Urals. 100726
Effectiveness of preharvesting air-chemical desiccation of **spring** *wheat* in the Perm' Region. 100882
Evaluation of the entries of the world collection of **spring** *wheat* for resistance to rust fungi and powdery mildew. 101341
Resistance of **spring** *wheat* to fungus diseases in the conditions of Kuban. 101352
Infection rate of **spring** *wheat* by rust fungi [Puccinia]. 101639
Effect of combined herbicides on the weediness, yield and quality of **spring** *wheat* grain. 102138
Development of **spring** *wheat* varieties resistant to stem borers. 102368
Phosphorus fertilizers and the yield of **spring** *wheat* in the arid steppe of the North Kazakhstan. 104084
Economic impact analysis of effluent guidelines: animal feed, breakfast cereal and *wheat* **starch** segments of the grain mills industry [Water pollution]. 104610
Genetic differentiation of *wheat* **stem** rust [Puccinia graminis]. 101342
The effect of the basal rations *[wheat* **straw]** on the tested foodstuff [Rams, feeding]. 096621
Mechanism of plant growth stimulation by naphthenic acid. II. Enzymes of CO_2 [carbon dioxide] fixation, CO_2 compensation point [kidney] bean embryo respiration [Maize, *wheat,* **sugarbeet].** 099947
Response of dwarf and **tall** *wheats* to nitrogen, phosphate and potash. 104006
The reaction of **Thatcher** *wheat* to Canadian races of stem rust [Puccinia graminis tritici]. 101388
Ionic relationships of soil and plant. VII. Relationships of roots and **tops** *[Wheat].* 100053
Transplanting *wheat* under delayed conditions [in India]. 100826
Hybrids of *wheat* and **Triticale.** 099420
Resistance to yellow-berry in **Triticum** *durum* [wheat] varieties, as related to protein synthesis and leaf nitrate reductase activity. 101903
Competition between *wheat* **(Triticum** aestivum L.) and Chenopodium album L. under varying levels of soil moisture, nitrogen and weed intensities. 102120
Peculiarities of the overwintering of winter crops in 1971-1972 in the steppe regions of **Ukraine** *[Wheat].* 100129
A simple gel-diffusion assay of alpha-amylase in **ungerminated** *wheat* grains. 095823
Effects of nitrogen and zinc application on zinc **uptake** of *wheat.* 103990
Effect of feeding treated groundnut-cake with **urea-molassesimpregnated** *wheat* straw on growth rate and utilization of nutrients in Nali lambs. 096684
Seventh supplementary list of *wheat* **varieties** classified according to their genotype for hybrid necrosis and geographical distribution of Ne-genes. 099210
Breeding of intensive short-stem **varieties** of *wheat.* 099246
Tracer techniques in plant breeding programmes *[Wheat* **varieties].** 099314
Change of some physiological indices in *wheat* **varieties** with different resistance under extreme conditions. 100113
Reserves of productivity of *wheat* **varieties** from Siberia and the physiological and morphological model of an intensive variety. 100189
Influence of sowing dates and seed rates on the performance of *wheat* **varieties** Kalyan Sona, HD 1941 and WL 212. 100851
Plant population requirement of triple-dwarf **varieties** of *wheat.* 100859
Histochemical investigations of *wheat* **varieties** different in their resistance to brown leaf rust [Puccinia triticina Erikss.]. 101461
Resistance to yellow-berry in Triticum durum *[wheat]* **varieties,** as related to protein synthesis and leaf nitrate reductase activity. 101903
A study of few anatomical characters in relation to the lodging behaviour of some *wheat* **varieties.** 101915
The nature of distribution of frost resistance curves in *wheat* **varieties** of different resistances. 102032
Cephalosporium stripe of *wheat* in **Virginia** [Dactylis glomerata as host]. 101550
Efficacy of herbicides in controlling **weeds** in *wheat.* 102119
Bolivian imports of U.S. *Wheat* up in 1976. 094522
MACS-9, a new variety of *durum* **wheat** for peninsular India. 100824
Cereal diseases in southern Italy. II. Fusarium roseum f. Sp. cerealis on *durum* **wheat** [Foot rot]. 101527
Effect of timings and frequencies of irrigation on the grain yield of aestivum and *durum* **wheats.** 104322
Specific albumin in some specimens of *wheats* and their **wild** ancestors [Triticum]. 098519
Methodology of preparing a program for growing farm crops with a complex yield structure **[Winter** *wheat].* 094241
Rheological properties amino acid composition and bread quality of hard red **winter** *wheat,* rye and triticale. 095770
Initial material for breeding **winter** *wheat* for resistance to lodging. 099091
Anatomo-biological method in breeding for developing models of soft **winter** *wheat* varieties of highly intensive type. 099244
Inheritance of **winter** *wheat* characters in monogamic crossings. 099254
Evaluation of initial material of **winter** *wheat* in breeding for resistance to brown rust [Puccinia triticina]. 099291
About the resistance of **winter** *wheat* hybrids to rust fungi [Puccinia]. 099417
Lipoquinones of **winter** *wheat* grain in relation to vernalization. 100100
Phosphorus metabolism in the leaves of **winter** *wheat* from various ecological groups. 100116
Dynamics of phosphatase activity in soil and root tissue of **winter** *wheat* as a result of fertilizer application. 100123
Formation of leaves in **winter** *wheat* plants of different age. 100127
Quality of **winter** *wheat* grain effected by the treatment with chlorocholine chloride and urea in irrigated conditions of the Ukrainian steppe. 100132
Biochemical indices of the potential productivity of soft **winter** *wheat* variety. 100184
Peculiarities of the uptake of nutrients by Bezostaia 1 andKavkaz **winter** *wheat* cultivars under conditions of irrigation. 100197
Utilization of solar energy by **winter** *wheat* plantings. 100205
Ways of optimizing the conditions of the formation of **winter** *wheat* grain yield [Programming the effect of environmentalfactors]. 100206
Frequency and moisture dependence of the dielectric properties of hard red **winter** *wheat.* 100215
Utilization of the data of analysis of **winter** *wheat* leaves for the refinement of agrochemical interpretative maps. 100234
Nature of the change of the component composition of histones as a result of hardening **winter** *wheat* to frost and the effect of drought. 100309
Effect of chlorocholine chloride on energy metabolism and the state of water in **winter** *wheat* during the process of hardening. 100312
Biometric characterization of site influences on the variety testing system as exemplified in Bavarian variety trials with **winter** *wheat* and summer barley from 1963 to 1972 [Yields]. 100719
Impressions and results of seeding **winter** *wheat* with an airplane in the wet autumn of 1974. 100720
Time of application of nitrogenous fertilizers in **winter** *wheat* under the conditions of irrigation. 100738
Development of a systems of practices promoting the production of preset yields [of **winter** *wheat,* sugarbeets and maize] on typical Chernozems in the Kursk Region. 100794
Experience of obtaining a yield of **winter** *wheat* according to a preset program on irrigated fields in the area between Volga and Don in the Volgagrad Region. 100796
Roughrider: a winterhardy, high yielding hard red **winter** *wheat* variety. 100920
[Wind] barrier-induced microclimate and its influence on growth and yield of **winter** *wheat.* 100942
Results of the Fifth International **Winter** *Wheat* Performance Nursery grown in 1973 [Varieties, yields]. 100962
Yield qualities of Mironovskaia 808 **winter** *wheat* seeds as related to farming practices. 100975
Initial material of **winter** *wheat* for breeding for resistance to brown rust and powdery mildew. 101347
Resistance of **winter** *wheat* to stinking smut [Tilletia] in the conditions of the Russian Soviet Federative Socialist Republic. 101354

Eyespot [Cercosporella herpotrichoides] in **winter** *wheat:* effects of crop rotation and tillage, and the prediction of incidence. 101362
The problem of evaluating the resistance of **winter** *wheat* to the pathogens of root rots. 101472
Alteration of the quantity and quality of proteins in the leaves of **winter** *wheat* infected with the pathogen of brown leaf rust [Puccinia triticina]. 101611
Reconstitution of helical viruses other than TMV [tobacco rattle virus, barley stripe mosaic virus, **winter** *wheat* mosaic virus, potato virus]. 101743
Studies of virus disease of wheat caused by **winter** *wheat* mosaic virus. 101794
Research on new herbicides for the control of dicotyledonous weeds in **winter** *wheat.* 102177
The effectiveness of herbicides in the control of silky bentgrass (Apera spica-venti P.b.) in **winter** *wheat.* 102178
Studies on the injurious effect of the grain aphid Macrosiphum (Sitobion) avenae (F.) on **winter** *wheat.* 102286
Varietal resistance of **winter** *wheat* to thrips [Haplothrips tritici]. 102316
Poisoning of wild geese by carbophenothion-treated **winter** *wheat.* 102757
Response of **winter** *wheat* to fertilizers in relation to its varietal pecularities and preceding crops. 103909
Application of different phosphorus fertilizers on **winter** *wheat* in the conditions of irrigation. 104055
Application of fertilizers in **winter** *wheat* and spring barley on southern Chernozems and dark Chestnut soils. 104057
Fertilizers and the yield of **winter** *wheat.* 104076
Response of different **winter** *wheat* varieties to fertilizers. 104089
Yield and quality of grain of Bezostaiai **winter** *wheat* as related to the level of nitrogen nutrition and water supply ofplants. 104095
Comparison of irrigation schedules based on pan evaporation and growth stages in **winter** *wheat.* 104251
Results from, and recommendations for, the irrigation of **winter** *wheat* varieties on a Black Clayey soil in the Thuringian Basin. 104285
Experience of obtaining a yield of **winter** *wheat* according to a preset program on irrigated fields in the Gorodovik District of the Kalmyk Autonomous Soviet Socialist Republic. 104306
Nitrogenous and biological index of soil fertility and the programming of *wheat* **yield.** 100196
Effect of different N [nitrogen]-carriers, their rate and time of application on the **yield** of *wheat.* 103970
Effect of levels and sources of nitrogen on *wheat.* I. **Yield** components, yield and fertilizer efficiency. 103972
Effect of NPK [nitrogen, phosphorus, potassium], method of N application and moisture conservation practices on *wheat* **yield** under rainfed conditions. 103982
Interrelation of nitrogen and phosphorus uptake to **yield** of *wheat.* 103997
Performance of different high **yielding** *wheat* varieties under late sown conditions. 100858
Fallow [soil] moisture and *wheat* **yields** in the northwest. 100693

WHEATGRASS

Influence of **tall** *wheatgrass* [Agropyron elongatum] wind barriers on soil drying. 103663

WHEEL

Power expenditure for operating a wheel tractor of the 1,4 TS class on a snow-covered road with a blocked drive of the **driving** *wheels.* 103537
Findings on the center of gravity coordinates of tractors with **pneumatic** *wheels.* 103583
Press *wheels* help establish summer crops [Sorghum]. 103404
Power expenditure for operating a *wheel* **tractor** of the 1,4 TS class on a snow-covered road with a blocked drive of the driving wheels. 103537
Effect of kinematic parameters of a mounted device on the indices of a unit including a *wheel* **tractor.** 103616

WHEY

Importance of location in the sale of dairy products in self-service shops [Marketing, yoghurt, *whey* **cheese**]. 094569
Alkaline solubilization of heat-precipitated **cheese** *whey* protein. 095561
Amino acid nutrition of some commercial **cheese** *whey* starters in relation to their growth in peptone-supplemented whey media. 095577
Feasibility evaluation of **cheese** *whey* processing in small plants. 095590
Chhana *whey* has many uses. 095575
Feeding *whey* to nonruminants. 096677
Intensification of lactic fermentation in *whey* **medium.** 095670
Amino acid nutrition of some commercial cheese whey starters in relation to their growth in **peptone-supplemented** *whey* media. 095577
Whey use **plagues** world dairy industry [Byproduct of the cheesemaking process]. 095572
Whey and *whey* **products** for livestock [Feed, swine]. 096031
Polarographic determination of the *whey* **protein** percentage in milk powders. 095623
The quantitative measurement of *whey* **proteins** using polyacrylamide-gel electrophoresis. 095588
Alpha-galactosidase production [from **soybean** *whey]* and use in a hollow-fiber reactor. 095766
Whey **supply** and utilization. 094496
Whey **utilisation** [for calf feeding]. 095565
Whey—**waste** becomes a winner [Animal feed]. 096036
Whey and **whey** products for livestock [Feed, swine]. 096031

WHITEFLIES

Possibilities of including the morestan pesticide into an integral system of control of *whitefly* (**Trialeurodes** vaporariorum Westw.) on greenhouse tomatoes. 102413

WHOLESALE

Transportation to or from the **central** *wholesale* market of Gifu City and movement of loads in the market [of farm products]. 094604
Blade tenderization of *wholesale* **cuts** from ram lambs and kid goats. 095696
Estimating the structure of time lags between *wholesale* and **farm** prices for cottonseed. 094613
A comparative regional analysis of the *wholesale* **marketing** margin for crushed cottonseed. 094609

WHORTLEBERRIES

Production of Vaccinium myrtillus L. **[Myrtle** *whortleberry]* fruit in some forest communities in the Central Roztocze. 098765

WILD

Specific albumin in some specimens of wheats and their *wild* **ancestors** [Triticum]. 098519
Viral isolates from ixodid ticks of *wild* **animals** in Kenya. 102571
Fluoroacetamide (1081) [rodenticide] poisoning in *wild* **birds.** 097832
Residue studies on chlorinated hydrocarbons in eggs of *wild* **birds.** 102696
Observations on naturally acquired hepatozoonosis of *wild* **carnivores** and dogs in the Republic of South Africa [Hepatozoon, Rhipicephalus, vectors]. 097462
The potassium requirement for growth and embryogenesis in *wild* **carrot** [Daucus carota] suspension cultures. 099900
Wild and **cultivated** cottons [Gossypium] from USA and Central America [Species, varieties and cultivars and their breeding value]. 099457
Sources of nitrogen supporting growth and embryogenesis in **cultured** *wild* carrot [Daucus carota] tissue. 100536
A transferrin variant Tf I in crosses of the *wild* and **domestic** pigs. 096855
Windbreaks with regard to *wild* **flora** and conservation. 097952
Poisoning of *wild* geese by carbophenothion-treated winter wheat. 102757
Plant bugs [Neurocolpus nubilus, Lygus lineolaris] in cotton. Importance of infestation time, types of cotton injury, and significance of *wild* **hosts** near cotton. 102363
The Milwaukee Public Museum plants a *wild* **idea** [A demonstration yard of native plants]. 098460
Amino acid composition of *wild* **legumes** [Cassia tora, Cesalpinia bounducella]. 099681
Estimation of the number of *wild* **males** with a mark-recapture method [Dacus cucurbitae]. 102380
Development and nutrition of [the *wild* **oat]** Avena ludoviciana Dur. in experimental pots in response to soil moisture. 102078
Wild **oats** [Avena fatua]—again and again [Grain]. 102149
New spraying methods for [control of] *wild* **oats** [Avena fatua, grain]. 102153
Wild **oats** [Avena fatua, grain]. 102155
Wild **oats** [Avena sativa]—old and new remedies. 102165
Spread of *wild* **oats** [Avena sativa] in Norrland [Field crops]. 102191
Wild **oats** [Avena fatua] in Vasterbotten and Norrboten counties. 102192
Biology of seed germination of *wild* **onion** [Allium] species. 099568
Experimentally transmitted marble spleen disease in **pen-raised** *wild* turkeys [Virus diseases]. 097428
The role of *wild* **pigs** in the epidemiology of African swine fever [Ornithodoros]. 097351
Trapping of the spider mite Tetranychus urticae by glandular hairs on the *wild* **potato** Solanum berthaultii. 102459
Growth of heart, lungs and kidneys in the *wild* **relatives** of domestic sheep. 096583
Repletion studies on liver protein, glycogen content and liver enzymes by feeding protein isolates of Cassia marginata and Cassia **renigera** *wild* leguminous seeds in normal albino rats. 095098
The *[wild]* **rice** problem in Angola. 102186
A comparative study of the histogenesis of placenta in *wild* **sheep** (Ovis ammon cycloceros L.) and the domestic Romanov breed. 096572
Enzymatic activity of fetal digestive organs and placenta in *wild* **sheep** of Turkmenia [compared to domestic sheep]. 096579
Gain in weight of the musculature of *wild* **sheep** during the fetal period [compared to domestic sheep]. 096581
Morphological peculiarities of the embryo in *wild* **species** of barley [Hordeum]. 098890
Resistance of *wild* **species** and cultivated tomato varieties to Xanthomonas vesicatoria (Doidge) Dowson. 101687
Diurnal variation of plasma testosterone in *wild* **stallions.** 096877
Study in nursery of mahaleb and *wild* **sweet** cherry forms picked out for mazzard cherry rootstocks. 101156
Isolation and characterization of a herpesvirus from *wild* **turkeys** (Meleagris gallopavo osceola) in Florida. 097432
Prevalence and distribution of Leucocytozoon smithi and Haemoproteus meleagridis in *wild* **turkeys** in South Carolina. 097435
Occurrence of an **unknown** *wild* race of Mangifera in Tripura [Mangoes]. 098596
Fundamental studies on artificial propagation by seeding **useful** *wild* grasses in Japan. VI. Germination behaviors of three native species of genus Miscanthus; Miscanthus sacchar. 100960
Fundamental studies on artificial propagation by seeding **useful** *wild* grasses in Japan. VII. Field experiments on the seeding practices of Miscanthus sinensis and Miscanthus tinctorius, and some illustrations concerning the acutal utilization of these grasses by artificial seeding. 100961
The *wild* **vegetables** of Southeast Asia [Varieties, cookery]. 094951
Temperature-sensitive mutants of vesicular stomatitis virus are conditionally defective particles that interfere with and are rescued by *wild-type* **virus.** 097426
Heavy metal contents (cadmium, lead, mercury) in some *wild* **waterfowl** species. 104498
Detection of *wild* **yeasts** in the brewery. VIII. The use of membrane filtration technique and microcolony method. 095411

WILDFLOWERS

New lilies are garden plants, not *wildflowers* **[Lilium,** varieties]. 101033
New *wildflower* varieties released [Beautification]. 101123
The evaluation, selection and increase of **prairie** *wildflowers* for conservation beautification. 101172

WILDLIFE

Wildlife diseases: philosophical considerations [Adverse impact on human health, agriculture, or *wildlife* **conservation].** 097157
Tree and shrub species for [soil, water and *wildlife]* **conservation** use in the northern Great Plains. 104217
Wildlife **diseases:** philosophical considerations [Adverse impact on human health, agriculture, or wildlife conservation]. 097157
Residue studies on chlorinated hydrocarbons in carrion and healthy shot **domestic** *wildlife* [West Germany]. 102697
Anthrax epizootics in *wildlife* in the **Etosha** National Park, South West Africa. 097339
Role of *wildlife* **hosts** in the epizootiology of Lacrosse virus in Wisconsin. 097349
Are windbreaks of **importance** to *wildlife?* 097949
Pesticide residues in *wildlife* as an **indicator** of environmental pollution. 102695
Ah, bewilderness [Forest service, *wildlife* **management].** 097958
Scientific resource management. I. An historical perspective *[Wildlife* and **natural** resources]. 104435
The impact of environmental pollutants on *wildlife:* an **overview.** 104500
Foot-and-mouth disease in *wildlife* with **particular** reference to the African buffalo (Syncerus caffer). 097342
Can ectoparasites be a regulating factor for a *wildlife* **population?** [Arthropoda]. 102568
Assessment of fox control operations on *wildlife* **rabies.** 097340
Wildlife **reservoirs** of dermatophilosis [Dermatophilus congolensis]. 102572
Wildlife **rinderpest.** 097354
Residues of chlorinated hydrocarbons in organs of *wildlife* **species.** 102698
Managing federal timber from the *wildlife* **standpoint.** 098028
Role of **windbreaks** for *wildlife.* 097914

WILLOWS

Streamco **purpleosier** *willow* [for stream bank erosion control]. 101042
A list of the butterflies of the *Willow* **River** State Park, Wisconsin. 103185
The influence of inorganic salts, sucrose and CEPA [2-chloroethylphosphonic acid] on rooting of *willow* **[Salix]** cuttings. 100621

WILT

Fungicides used for control of peach scab [Cladosporium carpophilum] may affect **bacterial** *wilt* [Xanthomonas pruni]. 101689
Bacterial *wilt* in bean plants and the study of the varietal resistance to it. 101711
Fungicidal control of **betelvine** *wilt* [Phytophthora parasitica, betel pepper]. 101519
Simultaneous transmission of **broadbean** *wilt* and cucumber mosaic viruses by single Myzus persicae (Sulz.). 101825
Study of the collection of **eggplants** for resistance to *wilt* **[caused** by Verticillium and stolbur virus]. 101356
Effect of benomyl on the soil microflora and yield of cotton *[Wilt* **control].** 101489
Some aspects of pathogen-host interrelations in **cotton** *wilt* [Verticillium dahliae]. 101468
Reaction of chemomutants of cotton to infection by the pathogen of Verticillium **[dahliae]** *wilt.* 101614
Collection of castorbean varieties—a valuable initial material for breeding for resistance to **Fusarium** *wilt.* 099439
Resistance of varietal specimens of melon to **Fusarium** *wilt* in Uzbekistan. 101089
Greenhouse bench trials of selected **Fusarium** *wilt-resistantcarnations* [Dianthus caryophyllus]. 101420

Effect of soil type and its sterilization on the severity of **Fusarium** *wilt* of cotton (Gossypium hirsutum L.) caused by Fusarium oxysporum f. vasinfectum (Atk.) Snyder and Hansen. 101625
Fluorescent antibody staining for detection of coconut **root** *wilt* antigen. 101747
Reducing vert **[Verticillium** *Wilt]* and increasing yield of potatoes in the Treasure Valley. 101394
Effect of benlate on the resistance of cotton to **Verticillium** *wilt.* 101488
Evaluation of resistance to **Verticillium** *wilt* in cotton varieties of the State of Sao Paulo. 101627
Application of systemic fungicides against leaf infection with *wilt* **[Verticillium** dahliae] simultaneously with defoliation of cotton. 101644

WILTING

Performance of dairy cattle on *wilted* **formic** acid silages. 096708
Feeding value of silage: silages made from freshly cut grass, *wilted* **grass** and formic acid treated wilted grass [Sheep]. 096718
Water stress in plants. I. Abscisic acid level in tomato leaves after a long **period** of *wilting.* 102007
Feeding value of silage: silages made from freshly cut grass, wilted grass and formic acid **treated** *wilted* grass [Sheep]. 096718

WIND

The use of **annual** *wind* barriers [corn rows in a soybean field] for protecting row-crops. 100941
[Wind] **barrier-induced** microclimate and its influence on growth and yield of winter wheat. 100942
Influence of tall wheatgrass [Agropyron elongatum] *wind* **barriers** on soil drying. 103663
Agrotechnical and chemical methods of **controling** *wind* erosion on cotton fields. 104232
Wind **energy** [Equipment]. 103599
Wind **erosion** of soddy-podzolic sandy and loamy-sandy soils from Poles'ye. 104192
Perennial grass [Agropyron elongatum] barriers for *wind* **erosion** control, snow management and crop production. 104215
Wind **erosion** in the Bukhara Oasis. 104235
A device for determining physical and mechanical properties of soil and studying the movement of soil particles *[Wind* **erosion].** 104236
The relation between visibility and the size-number distribution of airborne soil particles [Soil **erosion** by *wind].* 104530
Determination of optimal relation of sizes of a single ridge on arable land in the conditions of the least effect of the *wind* **flow.** 104239
Windbreak design for **optimum** *wind* erosion control. 097919
Wind **patterns** and soil erosion on the Great Plains. 104218
A **small-sized** *wind* tunnel [for studying wind erosion of soil]. 104238
Forest management—stabilization against *wind* and **snow** [damage]. 097902
Physical modelling of the processes of **soil** *wind* erosion. 104241
A small-sized wind tunnel [for **studying** *wind* erosion of soil]. 104238

WINDBREAKS

Economics of *windbreaks* and our **cattle** industry [Feedlot costs]. 094432
Residential traffic noise control using tree-shrub-barrier **combinations** *[Windbreaks].* 104622
Economic **consequences** of *windbreaks.* 097950
Influence of *windbreaks* on **crop** performance and snow management in North Dakota. 097911
Windbreak **design** for optimum wind erosion control. 097919
Plant **disease** in *windbreaks.* 102056
Influence of *windbreaks* on the **environment.** 097951
Farmstead *windbreaks.* 097909
My experience with **farmstead** *windbreaks.* 097913
SCS [Soil Conservation Service] technical assistance in *windbreak* **forestry.** 098016
Are *windbreaks* of **importance** to wildlife? 097949
Insects in and around *windbreaks.* 102523
Influence of the physics of *windbreaks* on the **landscape** [Damage]. 102055
Windbreaks for **livestock** protection in the central Great Plains. 097921
Windbreaks for **livestock** protection in the southern Great Plains. 097922
Effects of *windbreaks* on the **microclimate,** energy balance and water use efficiency of crops growing on the Great Plains. 097907
Soil water extraction by, and growth of, **multi-row** *windbreaks* [Tree and shrub species]. 104216
Using **old** *windbreaks* for outdoor classrooms. 097918
Compatibility of *windbreaks* and **pivot** [irrigation] sprinklers. 097906
Great **Plain** *windbreak* history: an overview. 097910
Role of *windbreaks* in Great **Plains** agriculture: current and future. 097915
Practical aspects in the **planting** of *windbreaks.* 098173
Windbreak **plantings** as an economic measure [Damage]. 101942
Windbreaks for **recreational** uses. 098018
Windbreaks with **regard** to wild flora and conservation. 097952
Windbreak **removal** [on sandy soils]. 104220
Action needed to discourage removal of trees *[windbreaks]* that **shelter** cropland in the Great Plains. 097905
Extension educational programs on *windbreaks* and **shelterbelts** in the Great Plains States. 097908
Aesthetic and recreational **significance** of *windbreaks.* 097948
Role of ASCS [Agricultural Stabilization and Conservation Service] in cost-sharing and renovation of *windbreaks* **[Soil** erosion control, programs]. 094769
Genetic potential for better trees *[Windbreak* **species].** 098115
Windbreak **studies** on the Canadian prairie [Influence on wheat production]. 097920
Protection of *windbreaks* from **[tree]** diseases. 102024
Windbreaks for **urban** uses. 101237
Role of *windbreaks* for **wildlife.** 097914
Chemical and mechanical maintenance [Control of weeds in **young** *windbreaks* and shelterbelts]. 102180

WINDOW

Effect of infrared transparency on the heat transfer through *windows:* a **clarification** of the greenhouse effect. 103393
Window **fashion:** cornice and valance boards [Home furnishings]. 095251
Window **fashion:** valances, swags, and jabots [Home furnishings]. 095252
Use of acrylic plastic as **rhizotron** *windows* [Rooting of cotton]. 100075

WINE

Gas-chromatographic analysis of phenolcarboxylic **acids** in *wine.* 095875
Change in phenolic substances during the manufacture and **aging** of *wines.* 095895
Grape culture and *wine* making in **Argentina.** 101278
Blended *wines* in the USSR. 095971
Results of studying the biology of [grape] varieties **Bulgarian** *Riesling* and Pearl of Thrace in the Chirpan region. 100440
Improvement of the technology of producing **champagne** *wine* materials from Rkatsiteli grapevine variety. 095977
Dynamics of volatile compounds in the preparation of **cognac** *wine* materials. 095953
Acidity of grapes and *wine* in the **conditions** of irrigation. 104423
Effect of irrigation and fertilizers on the quality of grapes and *wine* in the **conditions** of the south of the Odessa Region. 104425
Technological methods promoting the quality improvement of **desert** *wines* from the steppe zone in the Ukraine. 095981
Recovery of anthocyanins from *wine* **distillation** wastes. I. An adsorption-desorption process. 104536
Method of must fermentation in the production of champagne and **dry** *wine* materials. 095960
Will **eastern** *wines* have to change to hold their market? 094500
Study of the residues of an anti-Botrytis fungicide, 26 019R.p. in grapes and *wines,* and their **effects** on alcoholic fermentation. 102763
Production specialization—a factor increasing the efficiency of grape growing farms and *wine* making **enterprises.** 094359
Wine **exports.** 094460
Wine the **Germans** keep for themselves. The vineyards of Baden. I. 095887
Economic situation of the *wine* **grape** industry in the Pacific Northwest [Supply, demand]. 094480
The role of price in the improvement of the assortment of **grape** *wines.* 094634
A treatment of **grape** *wine* distillation heads. 095927
Increasing the stability of **grape** *wines* by electrodialytic treatment. 095958
Physical and chemical changes during alcoholization of **grape** *wines.* 095978
Mostaganem, the changes of a colonial region in Algeria *[Wine* **industry].** 094670
Raw material base of the *wine* **industry** and the possibilities of fulfilment of the requirements. 101115
Italian *wines.* 2. 095946
The *wine* **market** and Oregon's place. 094483
The *wine* **market** in Greece. 094597
The *wine* **market** in Greece. 094598
The *wine* **market** in Greece. 094599
Utilization of local bentonites for the clarification of *wine* **materials.** 095968
Effect of temperature and hydrogen-ion concentration value on the rate of oxygen absorption and on the dynamics of oxidation-reduction potential during maturing of *wine* **materials.** 095973
Device for sulphitation of pulp, must and [grape] *wine* **materials.** 103644
About the chemical composition and nature of aromatic substances in **muscat** *wines.* 095969
Wine-making under **Oregon** conditions. 095872
Wines of **origin** place names. 095858
Study of the conditions and devices for **processing** *wine* with low-temperature using a flowline method. 095980
A very interesting initiative *[Wine* **quality].** 094912
New techniques of processing **quality** *wines.* 095857
Effect of different methods of processing must and *wine* on their **quality** and chemical composition. 095954
Small **scale** *wine* making at Te Kauwhata Viticultural Research Station. 095890
Aroma of **sherry** *wines.* 095884
Increasing the quality and **stability** of *wines.* 095957
Effect of different technological processes on the stability and phenolic composition of red **table** *wines.* 095955
Improvement of the production of white **table** *wines.* 095976
Improvement of techniques of producing **table** *wines* [Grape culture]. 101011
Problem of **table** *wines* [Grape culture]. 101012
Ten years of grape variety responses and *wine-making* **trials** in central Washington. 101099
Effect of the degree of mincing and sulfitation of pulp on the dynamics of phenolic substances and the quality of *wines* of the **white** portwine type. 095975
Vertical cooperation in grape production and *wine* making. 094254
Heating grapes and sulfur dioxide *[Wine* making]. 095944
Certain physical and mechanical properties of grapes *[Wine* making]. 095951
Sulfite stability—an important index for selection of yeasts for *wine* making. 095965
The technology of producing Madeira *[wine]* in the **zone** of Lower Dnieper sands. 095982

WINERIES

A review of **Oregon's** *winery* laws and regulations. 095870

WING

Effects of photoperiod and temperature on **abnormal** *wing-pad* development in two species of Odonata [Enalagma hageni, Enallagma aspersum]. 102870
A review of [forest fire] retardant delivery systems used in *fixed-wing* **airtankers.** 097886
Clonal analysis of a genetically caused duplication of the **anterior** *wing* in Drosophila melanogaster. 102903
Investigations of angiosperms from the Eocene of North America: **juglandaceous** *winged* fruits. 098490
Wing **movements** and the generation of aerodynamic forces by some medium-sized insects. 103115
Studies on the female-sterile mutant rudimentary of Drosophila melanogaster. I. An analysis of the **rudimentary** *wing* phenotype. 102909

WINTER

Peculiarities of the uptake of nutrients by Bezostaia 1 **andKavkaz** *winter* wheat cultivars under conditions of irrigation. 100197
Late summer irrigation and establishment of *winter* **annual** [forage] legumes in a Mediterranean-type climate. 100706
Further studies with straw diets for *wintering* **beef** cows. 096633
Ground, pelleted and chopped barley straw and protein levels in the diet of *wintering* **beef** cows. 096634
Yield and quality of grain of **Bezostaia1** *winter* wheat as related to the level of nitrogen nutrition and water supply ofplants. 104095
Initial material for **breeding** *winter* wheat for resistance to lodging. 099091
Methods of **breeding** *winter* soft wheat for resistance to diseases. 099276
Mortality of longleaf pine [Pinus palustris] seedlings following a *winter* **burn** against brown-spot needle blight [Scirrhia acicola]. 101660
Feed intake, metabolism and thermal insulation of bison, yak, Scottish Highland and Hereford **calves** during *winter.* 096631
Poisoning of wild geese by **carbophenothion-treated** *winter* wheat. 102757
Snow molds on *winter* **cereals** in northern Saskatchewan in 1974 [Typhula, Sclerotinia borealis, Fusarium nivale, wheat, rye]. 101386
Peculiarities of the overwintering of *winter* **crops** in 1971-1972 in the steppe regions of Ukraine [Wheat]. 100129
Promising practices of applying chlorcholine chloride in *winter* **crops** [Wheat, rye]. 100230
Winter **crops** [wheat, barley, sunflower and mustard] in saturated soils of Sunderbans. 100827
Unitizing tractors in combined soil tillage preceding the sowing of *winter* **crops.** 103640
Effects of trade policies on competition between Florida and Mexico in the U.s. *winter* **cucumber** market. 094612
Winter **dormancy** in seedlings of mountain beech (Nothofagus solandri var. cliffortioides) near timber line. 100658
Winter injury or *winter* **drought** of evergreens in Idaho. 101884
Studies on the ovicidal activity of some insecticides and acaricides on the *winter* **eggs** of the European red fruit mite (Panonychus ulmi (Koch) Ehara). 102414
Winter **feed** your brood cows properly. 096669
Examination in seven large-scale cattle units on mineral supplement by *winter* **feeding.** 096613
Evaluation of the energetic efficiency of steers in the summer and *winter* **[feeding]** in relation to the California net energy system. 096629
Economic impact of federal marketing orders—the **Florida** *winter* tomato case. 094611
Forage yield of rape in mixed cultivations for the production of *winter* **forage** [Brassica napus oleifera]. 100781
The prospects of *winter* **forcing** of flowering bulbs in the Murmansk Region. 101093
Biological peculiarities of redpeppers grown in *winter* **greenhouses.** 100597

Ways of increasing the effectiveness of using *winter* **greenhouses** [in Murmansk area]. 101095
Nature of the change of the component composition of histones as a result of **hardening** *winter* wheat to frost and the effect of drought. 100309
Winter **hardiness** of some Triticale from the world collection of the All-Union Institute of Plant Industry. 099397
Dynamics of phosphorus-containing substances and *winter* **hardiness** of amygdalaceous fruit cultures. 100573
Preliminary results on *wintering* of **honeybees** in Langstrothsingle walled hives. 103272
Wintering of **honeybees** in multiple-story beehives. 103318
Deferred grazing of Mediterranean annual pasture for **increased** *winter* sheep production [Computer simulation]. 100701
Winter **injury** or winter drought of evergreens in Idaho. 101884
Results of the Fifth **International** *Winter* Wheat Performance Nursery grown in 1973 [Varieties, yields]. 100962
Influence of breed-type of cow on *winter* **maintenance** requirements [Kinsella Hereford, Beef synthetic and Dairy synthetic]. 096635
Use *winter* **months** to plan ahead [Vegetable gardens]. 101120
Spring and *winter* **pea** variety yield trials—1975. 101169
Protection of a fruit orchard from pests and diseases in the *autumn-winter* **period.** 101940
Promising varieties and hybrids of cucumbers and tomatoes for growing in *winter-type* and **plastic** covered greenhouses. 101085
Effect of **preceding** *winter* crops, level of nitrogen fertilizer, distance between hills and method of harvesting on the yield of maize plants. 100713
Winter **rape,** a well known oil and honeybee plant. 101308
Research on the species composition of weevils (Ceuthorrhynchus spp.) and on the causes of increase of infestation of *winter* **rape** by these pests on the territory of Rzeszow province. 102290
Rheological properties amino acid composition and bread quality of hard **red** *winter* wheat, rye and triticale. 095770
Frequency and moisture dependence of the dielectric properties of hard **red** *winter* wheat. 100215
Roughrider: a winterhardy, high yielding hard **red** *winter* wheat variety. 100920
Manifestation of heterosis in *winter* **rye.** 099094
Peculiarities of cytoplasmic and nuclear male sterility in *winter* **rye.** 099096
Resistance to lodging in tetraploid varieties of *winter* **rye.** 099103
Somatic heterosis in *winter* **rye** hybrids. 099107
Study of heterosis in intervarietal hybrids of *winter* **rye.** 099108
Study of heterosis and male sterility in *winter* **rye.** 099109
The possibility of using heterosis in *winter* **rye** in the Leningrad Region. 099113
Theoretical prerequisites for selecting productive hybrids and families of *winter* **rye.** 099264
Seed productivity of the progeny of triploid-diploid crossings of *winter* **rye.** 099296
Inheritance of cytoplasmic male sterility in closely related crossings of *winter* **rye.** 099391
Winter **rye** grain quality as related to the system of fertilizers in a crop rotation. 100235
Nitrate content in *winter* **season** fodders [Toxicity]. 096009
Studies on biomass accumulation of Nepeta ruderalis Buch-Ham, a common weed of *winter* **season.** 102089
A **seasonal** *winter* biotope of Culex pipiens autogenicus. 102836
Impressions and results of **seeding** *winter* wheat with an airplane in the wet autumn of 1974. 100720
Protective effect of forest shelterbelts in southern Ukraine in years of **severe** *winters.* 097898
Sodseeding *winter* cereals into lucerne [for grazing]. 100696
Anatomo-biological method in breeding for developing models of **soft** *winter* wheat varieties of highly intensive type. 099244
Biochemical indices of the potential productivity of **soft** *winter* wheat variety. 100184
Effect of inbreeding on variability of cucurbits (Cucurbitamaxima Duch. and Cucurbita pepo L.) *[Winter* **squash,** pumpkins]. 099228
Overwintering, **survival,** fecundity, and mating behavior of the rice stink bug [Oebalus pugnax, Echinocloa crusgalli]. 102803
Ostertagia circumcincta infection in lambs originating from larvae which **survived** the *winter.* 097658
Aneuploid composition of some varieties of **tetraploid** *winter* rye. 099286
Significance of selection in advanced hybrid generations and means of increasing the effectiveness of developing **valuable** *winter* rye populations. 099259
Methodology of preparing a program for growing farm crops with a complex yield structure *[Winter* **wheat].** 094241
Inheritance of *winter* **wheat** characters in monogamic crossings. 099254
Evaluation of initial material of *winter* **wheat** in breeding for resistance to brown rust [Puccinia triticina]. 099291
About the resistance of *winter* **wheat** hybrids to rust fungi [Puccinia]. 099417
Lipoquinones of *winter* **wheat** grain in relation to vernalization. 100100
Phosphorus metabolism in the leaves of *winter* **wheat** from various ecological groups. 100116
Dynamics of phosphatase activity in soil and root tissue of *winter* **wheat** as a result of fertilizer application. 100123
Formation of leaves in *winter* **wheat** plants of different age. 100127
Quality of *winter* **wheat** grain effected by the treatment with chlorocholine chloride and urea in irrigated conditions of the Ukrainian steppe. 100132
Utilization of solar energy by *winter* **wheat** plantings. 100205
Ways of optimizing the conditions of the formation of *winter* **wheat** grain yield [Programming the effect of environmentalfactors]. 100206
Utilization of the data of analysis of *winter* **wheat** leaves for the refinement of agrochemical interpretative maps. 100234
Effect of chlorocholine chloride on energy metabolism and the state of water in *winter* **wheat** during the process of hardening. 100312
Biometric characterization of site influences on the variety testing system as exemplified in Bavarian variety trials with *winter* **wheat** and summer barley from 1963 to 1972 [Yields]. 100719
Time of application of nitrogenous fertilizers in *winter* **wheat** under the conditions of irrigation. 100738
Development of a systems of practices promoting the production of preset yields [of *winter* **wheat,** sugarbeets and maize] on typical Chernozems in the Kursk Region. 100794
Experience of obtaining a yield of *winter* **wheat** according to a preset program on irrigated fields in the area between Volga and Don in the Volgagrad Region. 100796
[Wind] barrier-induced microclimate and its influence on growth and yield of *winter* **wheat.** 100942
Yield qualities of Mironovskaia 808 *winter* **wheat** seeds as related to farming practices. 100975
Initial material of *winter* **wheat** for breeding for resistance to brown rust and powdery mildew. 101347
Resistance of *winter* **wheat** to stinking smut [Tilletia] in the conditions of the Russian Soviet Federative Socialist Republic. 101354
Eyespot [Cercosporella herpotrichoides] in *winter* **wheat:** effects of crop rotation and tillage, and the prediction of incidence. 101362
The problem of evaluating the resistance of *winter* **wheat** to the pathogens of root rots. 101472
Alteration of the quantity and quality of proteins in the leaves of *winter* **wheat** infected with the pathogen of brown leaf rust [Puccinia triticina]. 101611
Reconstitution of helical viruses other than TMV [tobacco rattle virus, barley stripe mosaic virus, *winter* **wheat** mosaic virus, potato virus]. 101743
Studies of virus disease of wheat caused by *winter* **wheat** mosaic virus. 101794
Research on new herbicides for the control of dicotyledonous weeds in *winter* **wheat.** 102177
The effectiveness of herbicides in the control of silky bentgrass (Apera spica-venti P.b.) in *winter* **wheat.** 102178
Studies on the injurious effect of the grain aphid Macrosiphum (Sitobion) avenae (F.) on *winter* **wheat.** 102286
Varietal resistance of *winter* **wheat** to thrips [Haplothrips tritici]. 102316
Response of *winter* **wheat** to fertilizers in relation to its varietal pecularities and preceding crops. 103909
Application of different phosphorus fertilizers on *winter* **wheat** in the conditions of irrigation. 104055
Application of fertilizers in *winter* **wheat** and spring barley on southern Chernozems and dark Chestnut soils. 104057
Fertilizers and the yield of *winter* **wheat.** 104076
Response of different *winter* **wheat** varieties to fertilizers. 104089
Comparison of irrigation schedules based on pan evaporation and growth stages in *winter* **wheat.** 104251
Results from, and recommendations for, the irrigation of *winter* **wheat** varieties on a Black Clayey soil in the Thuringian Basin. 104285
Experience of obtaining a yield of *winter* **wheat** according to a preset program on irrigated fields in the Gorodovik District of the Kalmyk Autonomous Soviet Socialist Republic. 104306
Peculiarities of the *overwintering* of **winter** crops in 1971-1972 in the steppe regions of Ukraine [Wheat]. 100129
Frost damage on some fruit tree species during the *winter* 1968-1969. 101907

WINTERHARDINESS

Roughrider: a *winterhardy,* **high** yielding hard red winter wheat variety. 100920

WIRE

Poles and *wires* for **fruit** trees [Culture]. 101131
Preference decisions of domestic hens for *wire* or **litter** floors. 096205
Study on *wire* **type** sugarcane stripping machine. IV. Measuring torque. 103468

WITCHES

Mycoplasmalike bodies observed in the plants of bottle gourd, chayote and balsam-pear [Lagenaria leucantha, Sechium edule, Momordica charantia] with *witches'-broom* **[disease]** in Taiwan. 101787
A *witches'-broom* **[mycoplasma]** disease of jujube from India [Graft-transmissible diseases]. 101783

WOMEN

Women in **Chipko** movement [Forest conservation]. 097995
Agriculture no longer a "man's world" **[Education,** *women].* 094095
Nutritional aspects of high-altitude **exposure** in *women.* 094996
Managerial shift: **Indian** *women* acquire a new role in dairying. 094361
The effects of dietary fatty acids and cholesterol on the milk lipids of **lactating** *women* and the plasma cholesterol of breast-fed infants. 095009
Energy expenditure and consumption of mature, pregnant, and **lactating** *women.* 095128
Effects of physical activity on weight reduction in obese **middle-aged** *women.* 094987
Biochemical assessment of the nutritional status of low income **pregnant** *women* of Mexican descent. 094981
Effect of nutrition education on the nutritional status of low-income **pregnant** *women* of Mexican descent. 094985
Basal metabolic rate and work energy expenditure of mature, **pregnant** *women.* 095119
Increasing the social activity of the **rural** *woman.* 094022
Developing indices of nutritional level from anthropometric measurements on *women* and **young** children. 094978

WOOD

A practical example of utilizing **acacia** *wood* in architecture. 098206
Some pecularities of chemical composition of **archaeological** *wood.* 098355
Furnaria maryanneae n. Sp. And Proleptonchus weischeri n. Sp. (Nematoda: Dorylaimida) from Europe and new synonyms in Leptonchoidea [Nematodes collected from *wooded* **areas** in West Germany]. 103777
Determination of organic acids in black alkaline solutions after rough **aspen** *wood* pulping. 098311
Study of chemical composition of extractives in unbleached sulphite pulp obtained from sound and mixture of sound and rotten **aspen** *wood.* 098363
Study of composition extractives in sound and rotten **aspen** *wood.* 098364
The effect of electrocoating used in *wood* and **bamboo** furniture material. 098196
Longtime durability of adhesives in **bearing** *wood* constructions. 098382
Effect of ethylene chlorohydrine upon wood components. III. Pulping rate and selectivity of action of ethylene chlorohydrine using **beech** *wood.* 098387
Wood **biology**—problems and importance. 098435
Composition and properties of tar, obtained at cellolignin thermolysis. IV. Fractionation on sephadex of tar, obtained at **birch** *wood* cellolignin thermolysis with overhead steam in vacuum. 098303
Composition and properties of tar obtained at cellolignin thermolysis. VII. Determination of acid groups in compounds isolated from resin after **birch** *wood* thermolysis, and in model aromatic oxyacids. 098306
Influence of lignin on thermochemical polymerization of monomers. II. Influence of modified alkali **birch** *wood* lignin preparations on styrene polymerization in DMSO [dimethyl sulfoxide] solution. 098314
Influence of moisture content on polymerization of monomers in wood. IV. Comparison of copolymerisation of styrene withacrylonitrile in **birch** *wood* in presence of water and methanol. 098316
Influence of preliminary alkali treatment on **birch** *wood* impregnation and solubility of its components in acid sulphite pulping. 098319
Investigation of enzymatically destructed wood. XVII. Ultraviolet-spectra of lignin from **birch** *wood.* 098327
Lignin influence in styrol radiation polymerization in **birch** *wood* cell wall. 098336
Studies of hardwood lignin. IV. Study of **birch** *wood* lignin. 098359
Study of **birch** *wood* alkali extraction. 098362
Thermochemical polymerization of monomers in wood. I. Influence of swelling agents on the polymerization of styrene in **birch** *wood.* 098370
Infrared spectroscopy of wood and its main components. VII. Determination of lignin content in **birch** *wood* samples damaged by the fungus Fomitopsis pinicola. I. 101486
Comparative studies of magnesium-bisulphite and sulphate cooking processes of Larix dahurica. II. Comparative cooks of *wood* from **blends** of various Larix dahurica samples. 098302
Kinetics of alkaline hydrolysis of ester **bons** in *wood.* 098333
Variations of the *wood* **characteristics** and cellulose properties of Pinus oocarpa according to the age of the forest stand. 098234
Radiation and **chemical** *wood* modification by steamphase inpregnation. 098349
Some problems of theoretical studies in *wood* **chemistry** (review). 098357
The effect of physical properties of the *wood* on **chip** refining. 098270
Atmospheric and pressurized refining of *wood* **chips-laboratory** scale studies [Pulps]. 098240
Effects of moisture on the hardness of selected **commercial** *wood-base* panel materials. 098220
Influence of moisture content on polymerization of monomers in *wood.* IV. **Comparison** of copolymerisation of styrene withacrylonitrile in birch wood in presence of water and methanol. 098316
Effect of ethylene chlorohydrine upon *wood* **components.** III. Pulping rate and selectivity of action of ethylene chlorohydrine using beech wood. 098387
Stem sway affects ring width and **compression** *wood* formation in exposed root bases [Pinus sylvestris]. 100640

Effect of long lasting loading on mechanical qualities of *wooden* **constructions** for furniture making and building industries. 098212
Investigation of the composition of gaseous products formed at nitric acid **cooking** of *wood.* 098331
Wood **damaging** insects in the home [Camponotus, termites]. 102483
Investigation of lignin form **deciduous** *wood* species. I. Investigation of aspen lignin. 098328
Up-to-date technology of the working of **deciduous** *wood* in sawmill workshop halls. 098428
Investigation of fermentative hydrolysis of hemicelluloses. III. Fermentative hydrolysis of hemicelluloses in *wood* at different **delignification** stages. 098326
Role of oxygen in molecular weight changes of lignin during oxydative **delignification** of *wood.* 098354
Rating effectiveness of herbicides in **desiccating** *woody* vegetation. 102207
Investigation of enzymatically **destructed** *wood.* XVII. Ultraviolet-spectra of lignin from birch wood. 098327
Towards multi-machine harvesting in **Dryden** *woodlands.* 098201
Role of the Bryophyta and lichens in multidimensional analysis applied to the floristical groups of Pinus sylvestris L. Woodlands, Pinus uncinata Mill. *woodlands* in the **eastern** Pyrenees, the Causses and the southwestern Alps range. 098781
Competing and parasitic fungi [Cladobotryum variosporium, Trichoderma polysporum] in the cultures of **edible** *wood-inhabiting* mushrooms [grown on straw and sawdust substrates]. 101673
Use of *woods* from **essential** Brazilian forests in cellulose production: Mimosa bracatinga, Cecropia species, Tabebuia cassinoides and Joannesia princeps [Properties]. 098232
Methods for **estimating** *wood* digestibility. 098339
Comparative study of the *woods* of **Eucalyptus** saligna, Eucalyptus paniculata, Eucalyptus citriodora, Eucalyptus maculata and Eucalyptus tereticornis for sulfate cellulose production [Wood and pulpwood properties]. 098230
Germination of spores and growth of mycelia in *wood* **extracts** of different individuals of Picea abies. 101440
Vibrational loading of mechanically **fastened** *wood* joints. 098429
A physiological analysis of *wood* **fiber** yield. 098391
Thermal analysis of *wooden* and of **fire** retardant substances. 098217
The old mansions and their *woodlands* [**Forestry** in Wales]. 097884
Formostable *wood* and plastic mass materials. 098312
Brazilian paleoxylic anatomy. II. New genus [Protopodocarpitys rosleri] of **fossil** *wood* of Irati Formation, Sao Paulo State. 098493
Abrasive wear of wood-based materials for interior finish in *wooden* [**frame**] house. 098188
The exploitation of the forestry resources of Brazilian Amazonia and Colombia, and the medium-term outlook for imports of logs and sawn timber from these countries on the **Frenctropical** *wood* market. 097964
Experiment on drying schedules of **imported** *wood.* I. Red meranti (Shorea spp.). 2. Ramin (Gonystylus spp.). 098194
Studies on the production of **impregnated** *wood* with synthetic resin by an accelerator. 098191
Case for **improving** *wood* density in radiata pine [Pinus radiata]. 098379
Tasks of development and management of forests and *wood* **industry.** 097977
Optimum determination for component manufacturing on production lines in *wood* **industry.** 098214
Thermochemical polymerization of monomers in *wood.* I. **Influence** of swelling agents on the polymerization of styrene in birch wood. 098370
Variability of growth and quality of Terminalia **ivorensis** *wood;* correlations between characters; evoluation of width ofage-rings and density components in function of age. 097965
A study of logging residue at *woods* **landings** in Appalachia. 098432
Study of delignification and changes in carbohydrate content of **larch** *wood* during sulphite pulping. I. Study of Larix dahurica delignification with sulphite liquor. 098365
Investigation of changes in chemical composition of *wood* **lignin** during its polycondensation with phenol and formaldehyde. 098329
Highlights in *wood-related* **literature** for 1975. 098418
Infrared spectroscopy of *wood* and its **main** components. VI. Determination of lignin content an sulphate cellulose samples. 098320
Infrared-spectroscopy of *wood* and its **main** components. 098321
Infrared spectroscopy of *wood* and its **main** components. VII. Determination of lignin content in birch wood samples damaged by the fungus Fomitopsis pinicola. I. 101486
Impact of **manipulating** *wood* properties by genetics and silviculture. 098129
Abrasive wear of *wood-based* **materials** for interior finish in wooden [frame] house. 098188
Degradation of protolignin with metallic sodium in liquid ammonia [Picea jezoensis, *wood* **meal**]. 098189
Hypoxylon mammatum ascospore germination and mycelial growth on bark and *wood* **media** from young branches of trembling aspen [Populus tremuloides]. 101377
Selecting and treating **Minnesota** *woods* for fence posts [Decay prevention]. 098211
Contact area between polymer and *wood* in **modified** wood. 098308
Wood **moisture** and decay problems in recently constructed, single-family houses. 098430
2,6-dichlorophenol, the sex pheromone of the Rocky **Mountain** *wood* tick, Dermacentor andersoni Stiles and the American dog tick, Dermacentor variabilis (Say). 102578
Observations on the use of Tordon 101 in **Msasa/MuNhondo** *woodlands* [Bush control]. 102188
Investigations concerning the fungus [Fomes annosus] retarding action of *wood* from the **Norway** spruce (Picea abies Karst.). 101444
Study of assmilatory apparatus of the undergrowth in connection with light conditions under the canopy in the forest-steppe **oak** *woods* [Quercus, photosynthesis, solar radiation]. 100690
Pycnometer method for **obtaining** *wood* and bark chip densities [Heptane displacement, pulpwood]. 098227
Problems of virus control in **ornamental** *woody* plants. 101725
Studies on the acceleration of flowering in *woody* **ornamentals** by low temperature treatments. VI. The factors involved in flower formation in Forsythia viridissima Lindl. 100587
Preservation of *wood-based* **panels** against fungi and insects and testing its efficiency. 098228
Comparative studies of magnesium-bisulphite and sulphate cooking processes of Larix dahurica. I. Comparative cooks of *wood* from different **parts** of a tree along its height. 098301
Effects of evaporative cooling during dormancy on 'Redhaven' **peach** *wood* and fruit bud hardiness. 100474
Propagation techniques on the horizon [**Perennial** *woody* plants]. 098118
Correlation between anatomic traits of *wood* and **phloem** in the Pinaceae. 099015
Changes in the ultrastructure of hot-water-treated **pine** *wood* during sulphate cooking process. 098299
Influence of **pine** *wood* macrostructure on kraft process. 098318
Alterations of protein amino acid composition of **pine** *wood* (Pinus sylvestris L.) during formation process. 100631
Role of the Bryophyta and lichens in multidimensional analysis applied to the floristical groups of Pinus sylvestris L. *Woodlands,* **Pinus** uncinata Mill. woodlands in the eastern Pyrenees, the Causses and the southwestern Alps range. 098781
Small angle X-ray scattering of *woody* **plants.** 099055
Metabolism of ethanol and lactate in tissues of *woody* **plants** differing with respect to their resistance of oxygen deficiency [Salix alba, Populus petrowskiana]. 100684
Comparison of fall and spring transplanting of *woody* **plants** [Landscaping, varieties]. 101242
The effect of phytoncides, root and leaf extracts of some *[woody]* **plants** on the growth of Fomes annosus mycelium in culture. 101452
Woody **plants** selected by beavers in the Appalachian Ridge and Valley Province [Injuries]. 102058
A study of anisotropic mechanical properties on the WPC *[wood* **plastic** composite] material. 098408
Gabon, a box for **presenting** *wood* samples. 098185
An analysis of the influence on consumption and utilization of *wood* **products** due to their substitutes in Taiwan. 098193
What *wood* **properties** can be modified by silviculture and genetics? 098132
Bahia (Abura) [Hallea ciliata, Hallea stipulosa, *wood* **properties**]. 098184
Limbali [Gilbertiodendron dewevrei, *wood* **properties**]. 098186
Variability of slash pine [Pinus elliottii] wood in the radial direction *[Wood* **properties,** fibers]. 098233
Wood **properties** of some eucalypts for the southern United States. 098398
Bioassay of residual preservative **protection** in *wood.* 098219
Rapid determination of chlorine in *wood,* **pulp** and paper by combustion in flask. 098190
Self sizing of *wood* **pulp.** 098415
Levels of protein and essential amino acids in Rhizoctonia solani Kuhn grown on *wood* **pulp.** 099955
Pollution from **pulp** *wood* cleaning. 104603
Comparative study of the woods of Eucalyptus saligna, Eucalyptus paniculata, Eucalyptus citriodora, Eucalyptus maculata and Eucalyptus tereticornis for sulfate cellulose production *[Wood* and **pulpwood** properties]. 098230
Variability of slash pine [Pinus elliottii] *wood* in the **radial** direction [Wood properties, fibers]. 098233
Professional standards and procedures of termite control specialists in making inspections and **reports** *[Wood-destroyingorganisms].* 102501
Biosynthesis of fomannosin from 1,2-13C-acetate *[Wood* **rot** fungus, Fomes annosus, Pinus]. 101637
Sulfate cellulose production from blends of Eucalyptus **saligna** *wood* small portions of Bambusa vulgaris var. vitatta chips. 098231
Preliminary evaluation of two tongue-and-groove joints for five-ply structural **sandwich** *wood* panels for floors. 098225
Static systems of hyperbolic paraboloid **shaped** *wooden* roof constructions. 098216
Aureobasidium pullulans on *wood* **shingles.** 098218
Microscopic slides **showing** *wood* destruction [of Picea abies] by [the red rot fungus] Fomes annosus. 101445
Small and middle **sized** *wood* cuttings firing equipments in western Europe. 098215
Small *woodlands* from a timber supply perspective. 098036
Effect of stand density on water use of mulga (Acacia aneura F. Muell.) *woodlands* in **Southwestern** Queensland. 100718
Changes in **spruce** *wood* chemical composition during acid sulphite cooking. 098298
On connection of morphological structure of **spruce** *wood* tracheids with lignin content in unbleached sulphite pulps. 098342
Properties of cellulose obtained from **spruce** *wood* possessing different macrostructure. 098348
Influence of lignin isolation on *wood* **swelling** and mechanical properties. 098315
Discriminating method of difficulty for impregnation treatment of *wood* with **synthetic** resin by air comparison pycnometer. 096886
Sorption of lignin by *wood* on **treatment** with black liquor. 098358
Does Agrobacterium tumefaciens develop in the *woody* **vesselsof** the grapevine? 101685
Kiln heating and heat recovery from *wood* **waste.** 098182
The occurrence of septate fibres in some New **Zealand** *woods.* 098378

WOODLAND

Forestry incentives program: cost sharing as an incentive for small **private** *woodland* owners. 098026
The extension education approach in **reaching** *woodland* owners. 097933

WOOL

The nature of gall formation caused by *wooly* **apple** aphid (Eriosoma lanigerum Hausm.). 102424
Effect of constructions of operation chambers on the electrohydraulic **cleaning** of *wool.* 103368
Experimental and technological investigations of the electrohydraulic method of **cleaning** *wool.* 103369
Effect of paratypic conditions on the anlage and development of *wool* **density** in the ontogeny of sheep. 096574
Namoi *woolly* pod, a versatile vetch for the tablelands [Pasture plant]. 100694
The efficiency of stratified sampling in the estimation of parameters for a bivariate norman population [Fibre length within *wool* **staples**]. 094642

WORK

Common cutaneous problems in **agricultural** *workers.* 093998
The hourly labor supply response of **agricultural** *workers.* 094332
Infectious diseases common to animal and man of occupational significance to **agricultural** *workers.* 097338
Long range trends and forms of organization of *work* in **agriculture.** 094317
Socio-economic aspects of cooperative farm management in the process of the enhancement of the social division of *work* in **agriculture.** 094365
Interpretation of effectiveness of mechanization of *work* in **agriculture.** 103449
Alternative *working* methods applied in stations for the grading of potatoes. 095935
Materials and *work* **areas** in haymaking. 096044
Semi-mechanical harvest of fruits (pears and apples) using automatic platforms. Results of observations made in *work* **areas.** 103409
Problems and tasks of future [agricultural] **association** *work.* 094795
Calculation of the **available** *working* time per worker as a basis for the organization of labor in livestock production units [East Germany]. 094340
Aylthon Brandao Joly, his life and *work* [**Botantists,** Brazil]. 098523
Importance of **breeding** *work* to feed utilization within the egg production sector [Poultry genetics]. 096908
Significance of spontaneous polyploid poplars in the USSR in **breeding** *work.* 098158
Working **capacity** of elements of operating parts of soil-tilling machines as a function of soil wearing property. 103559
Working **capital** of agricultural enterprises ([teaching drafts] for faculties of qualification improvement). 094159
Impact of *working* of **'Charcha** Mandals' on the member-farmers [Discussion groups in Indian villages]. 094085
On the participation of *workers'* **collectives** in fighting against damage to communist morale. 094029
On the *work* of **councils** of the elderly in combatting survivals of the past in daily life [Rural sociology]. 094031
Seed cultivation of white clover. **Current** *work* concerning disinfection and control of clover weevils [Apion apricans]. 102370
About possible methods of non clearcuttings in the taiga zone in connection with revealed prospects of mechanization of [forest] **cutting** *work.* 098411
Up-to-date technology of the *working* of **deciduous** wood in sawmill workshop halls. 098428
Proceedings of the 1974 APDW [Apple and Pear **Disease** *Workers]* workshop on crown rot [Phytophthora cactorum] of apple trees [Held at Summerland, British Columbia, 16-17 August 1974]. 101384
A historical outline of **early** *work* pertaining to conducting tissues of Bryophyta. 098903
On the work of party organizations in communist **education** of the *workers.* 094030
Socio-economic planning in rural workers' collectives and problems of communist **education** of the *workers.* 094035
The role of the rural intelligensia in communist **education** of the *workers.* 094041

Information about the effect of *working* **emulsions** of fozalon and carbonhos of different concentrations on respiration intensity, activity of enzyme catalase and on the accumulation of sugars in tangerine leaves [Insecticides, control of citrus Aleyrodidae moth]. 102473
Basal metabolic rate and *work* **energy** expenditure of mature, pregnant women. 095119
Professional development for Oregon **extension** *workers.* 094113
Use of radio and television in [agricultural] **extension** *work* in the United States. 094119
Analysis of **farm** *work* injuries in Hokkaido by place and type of accident. 103343
Analysis of *work-accidents* in **farm** production of the Ukrainian SSR. 103362
Rock gathering machine and the procedure—gives new aspect to planning spring **farm** *work.* 103566
How do school foodservice employees **feel** about their *work?* 095302
Are the forest owners willing to *work* in **forests** outside their own farms? 098058
Improving the level of life on the *workers* and **further** improvement in the cultural life of the village. 094020
Evaluation of the usefulness of some physical, chemical and anatomic characters of **honeybee** *workers* [Apis mellifera]. 103267
Light traps [of cotton insect pests], what are they and **how** do they *work.* 102360
The development of pesticide use and the **hygienic** *work* conditions [Toxicity hazards, safety measures]. 102665
Differential approach to various categories of the rural population—one of the most important conditions for increasing the effectiveness of **ideological** *work.* 094014
Some problems of **ideological** *work* in the village under conditions of concentration, specialization and industrialization of agriculture production. 094036
Struggle for socialist culture of the life of the rural population as an important sector in **ideological** *work.* 094037
Ideological-educational *work* and certain problems on raising the effectiveness of agricultural production [Rural sociology]. 094018
Ideological-educational *work* in sectors of loose livestock raising. 094019
Industrialization of agricultural production and problems of **ideology-education** *work* among rural workers. 094023
How to **improve** *working* conditions in your milking parlor [Building maintenance]. 103346
Problems of communist education of *workers* and the **increase** of culture in rural life. 094033
Introductory *work* with soybeans (Glycine hispida Max.) in Bulgaria. 100803
Employment situation for **landscape** *workers* [Labor]. 094355
Study of low-volume metering of a *working* **liquid** in sprayers with a turbine pump. 103546
Some problems of training [agricultural] personnel for professions requiring a large **number** of *workers.* 094072
Construction features of new tractors [Training draft for agricultural professions requiring a large **number** of *workers].* 103473
Analysis and evaluation of the *working* **operation** of scything intensive grass stands on mountain slopes. 100935
The influence of *work* **organization** on agricultural economics. 094307
The problem of joint operation of the *working* **parts** of active and passive action [Tillage machinery]. 103553
On the *work* of **party** organizations in communist education of the workers. 094030
Cattle breed comparison and crossbreeding trials in Europe; a survey prepared by a *working* **party** of the European Association for Animal Production. 096991
General report on the *work* of the **Permanent** Commission on Honeybee Biology [of APIMONDIA]. 103257
The *working* **processes** in alcohol factories by recovering the yeast and its advantages [Fermentation]. 095532
Potential occupational health hazards of livestock **producers** *working* in animal confinement units. 094006
Implements, machines and tractors for carrying out forest **regeneration** *work* in the zone of conifer forests in the Russian Soviet Federative Socialist Republic. 103588
Brief notes on the results of **research** *work* in the Ustimov Experiment Station in 20 years [1954-1974, Field crops]. 100724
Effectiveness of new kinds and forms of microfertilizers (on the basis of **research** *work* of the laboratory of microelements of the Scientific-Research Institute of Fertilizers and Insecticides-fungicides). 104106
Increasing the roles of leaders and specialists of agriculture in the education of *workers* [**Rural** sociology]. 094021
Industrialization of agricultural production and problems of ideology-education work among **rural** *workers.* 094023
Mass media and problems of improving socio-political activity of **rural** *workers.* 094025
Political information of **rural** *workers.* 094032
Socio-economic planning in **rural** *workers'* collectives and problems of communist education of the workers. 094035
The role of cultural-instructive establishments in the communist education of **rural** *workers.* 094040
The unity of economic-organizational and educational activity in the *work* of **rural** party organizations. 094043
A mutual comparison of the economy of the *work* of a **share** plough and a rotary plough when ploughing on a slope. 103592
Efficiency of *work* in different **sized** apiaries. 103266
Key to sanitation, *work* **smarter,** not harder better dishroom planning. 095350
Development of classical **soil** *working* equipment. 103417
Seeders for seeding without previous **soil** *working.* 103418
Implements for *working* the **soil.** 103479
Agronomic consequences of reduction of **soil** *working.* 104173
Development of agriculture and its influence on the conceptions of **soil** *working.* 104175
How can one approach and follow the introduction of new **soil** *working* procedures in a culture system? 104176
Simplified techniques of **soil** *working* in cereal cultures. 104177
Trends and new processes in **soil** *working.* 104178
Work **study** aspects of planting and direct seeding in forestry. 098094
The problem of recording the velocity of movement of a tillage implement in designing its *working* **surface.** 103552
The electron theory of catalysis applied to photosynthesis-a resume of the *work* done during the last **ten** years. 099673
Utilization of the fund of *working* **time** by manpower in worker professions in agriculture. 094367
Unitizing caterpillar farm **tractors** *working* on slopes. 103639
Without leave from *work* [**Training** system in the Leningrad Agricultural Institute of Correspondence Education]. 094076
Roach control in the food handling business. 2. Making crack and crevice **treatments** *work.* 102540
Converting engine power into **useful** *work.* 103426
Work with a **view** to preparing Harde soils for cultivation in north Cameroon. Results [Physico-chemical improvement]. 104164
Brood transport by **young** *workers* of Tapinoma erraticum (Formicidae, Dolichoderinae): role of mechanical and chemotactic stimuli from the brood. 102839

WORMS

Spore dispersal of Endogonaceae [Fungi] by *worms,* **ants,** wasps, and birds [Vesicular-arbuscular mycorrhiza]. 099624
Cooperative Scandinavian project concerning gastrointestinal parasites of **cattle** *[Worms].* 097324
Cod *worms* in fish fillets: Should consumers be concerned? [Contamination]. 094836
Mating, longevity, fertility and fecundity of the **cotton** *leaf-worm,* Spodoptera littoralis (Boisd.) (Lepidoptera: Noctuidae). 102346
The medical fight to control **intestinal** *worms* in swine. 097443
Intestinal *worms* in livestock [Cattle]. 097639
Helminth infections in cattle **[Parasitic** *worms].* 097325
Internal parasite control with **Ruelene** *Wormer* Drench [Cattle]. 097487
Does the *worm* **turn?** [Earthworms]. 103667

WORTS

Effect of an addition of reducing and oxidizing agents on the amino acid composition of Egyptian **barley** *wort.* 095762
Influence of the enzyme preparation protoryzin P10x on the fermentation vigor and increase in biomass of the yeast Saccharomyces carlsbergensis r. 776 growing in **beer** *wort.* 095400

WOUND

Wound **healing** in the cornea of the chick embryo. III. The influence of pore size of millipore filters on the migration of isolated epithelial sheets in culture. 097720
Dermoplasty and *wound* **healing** of soft tissue injuries. 097782

WRINKLE

Wrinkled **rachis** and husk—an EMS induced true breeding panicle mutation in rice. 101797

WYERONE

Wyerone **epoxide** as a phytoalexin in Vicia faba [broadbeans]and its metabolism by Botrytis cinerea and Botrytis fabae in vitro. 101523

XANTHIUM

Unless you help, a cocklebur *[Xanthium* **pennsylvanicum]** willwhip a soybean plant every time. 102183
Commoncocklebur *[Xanthium* **pennsylvanicum]**—competition and control [Soybeans]. 102211
Delay in the response of stomata to abscisic acid in CO2 [carbon dioxide]-free air *[Xanthium* **strumarium].** 099833
Isolation and identification of the hypoglycemic agent, carboxyatractylate, from *Xanthium* **strumarium.** 099909

XANTHOMONAS

Colonial variation in *Xanthomonas* **campestris** NRRL B-1459 and characterization of the polysaccharide from a variant strain [Xanthan gum production]. 095421
Characterization of *Xanthomonas* **corylina** (Miller et al.) Starr and Burkholder responsible for bacteriosis of the hazel tree [Corylus] recently observed in France. 101674
Perspectives of breeding for resistance to 'yellow disease', *Xanthomonas* **hyacinthi** (Wakker) Dowson, in hyacinths (Hyacinthus L.). 099203
Angular leaf spot incidence on cotton varieties sown in different periods *[Xanthomonas* **malvacearum].** 101712
Breeding cotton varieties of Gossypium hirsutum L. For resistace to *Xanthomonas* **malvacearum** (E.f. Smith) Dowson. 101713
Influence of the nutritional state of cotton plants on the response to infection with *Xanthomonas* **malvacearum** (E.f. Smith) Dowson [Angular leaf spot]. 101714
An epiphytotic of bacterial leaf and flower spot *[Xanthomonas* **nigromaculans** zinniae] of Zinnia. 101701
Classification and virulence of rice bacterial leaf blight pathogen, *Xanthomonas* **oryzae.** 101709
Fungicides used for control of peach scab [Cladosporium carpophilum] may affect bacterial wilt *[Xanthomonas* **pruni].** 101689
Morphological, cultural and biochemical characterization of *Xanthomonas* **vesicatoria** (Doidge) Dowson samples [Bacterial blight, tomatoes leaves]. 101686
Resistance of wild species and cultivated tomato varieties to *Xanthomonas* **vesicatoria** (Doidge) Dowson. 101687
Xanthomonas **vesicatoria** (Doidge) Dowson, on the tomato [Bacterial blight]. 101688

XANTHOPHYCEAE

The major chloroplast pigments of Chlorobotrys regularis (West) Bohlin (Eustigmatophyceae) and Ophiocytium majus **Naegeli** *(Xanthophyceae)* [Algae]. 098900

XIPHINEMA

Longidoroidea (Thorne, 1935) n. Rank. (Nematoda: Dorylaimina) with the description of Xiphinema neoamericanus n. sp. from India and proposal of a new name for *Xiphinema* **americanum** sensu Carvalho (1956) non Cobb, 1913 [collected from soil around roots of Juglans regia]. 101971
Preliminary studies on the ultrastructure of the female gonad of *Xiphinema* **index** and Xiphimena mediterraneum (Nematoda: Longidoridae) [reared on grapevine and olive tree respectively]. 101976
A case of intersexuality in *Xiphinema* **ingens** Luc et Dalmasso (Nematoda, Longidoridae) [Collected from the olive rhizosphere]. 101955
Longidoroidea (Thorne, 1935) n. Rank. (Nematoda: Dorylaimina) with the description of *Xiphinema* **neoamericanus** n. sp. from India and proposal of a new name for Xiphinema americanum sensu Carvalho (1956) non Cobb, 1913 [collected from soil around roots of Juglans regia]. 101971

XUTHUS

The effect of host aggregation on parasitism by Trichogramma papilionis Nagarkatti (Hymenoptera: Trichogrammatidae), an egg parasitoid of **Papilio** *xuthus* Linne (Lepidoptera: Papilionidae) [Biological control, citrus pests]. 102383
Studies of various behavior patterns in the hybrid between **Papilio** *xuthus* Linne and Papilio machaon hippocrates C. et R. Felder (Lepidoptera: Papilionidae). 102828

XYLEM

Xylem in **galls** of lodgepole pine [Pinus contorta latifolia]caused by western gall rust, Endocronartium harknessii. 101378
Effect of time of nitrogen application on amino-nitrogen composition of roots and *xylem* **sap** of apple. 100528
The effect of cultural operations on the composition of the *xylem* **sap** of tea plants recovering from pruning. 101285
Xylem **water** poential and yield of tea (Camellia sinensis) clones in Malawi. 101295

XYLOCOPA

Some new records of species of **genus** *Xylocopa* based on the collections in the zoological survey of Pakistan. 103134

XYLONIC

Microbiological studies on phytopathogenic bacteria. III. Production of D-galactonic acid, 2-keto-D-galactonic acid, L-arabonic acid, and *D-xylonic* **acid** by Erwinia milletiae. 101697

XYLOPIA

Anatomy and essential oil of the leaves of the *Xylopia* **frutescens** Aublet. 098893

YAKS

Comparison of forage intake and digestibility by bison, *yak* and **cattle.** 096626
Feed intake, metabolism and thermal insulation of bison, *yak,* **Scottish** Highland and Hereford calves during winter. 096631

YAMS

Incidence of virus symptoms in *yam* **(Dioscorea** sp.) foliage in the Commonwealth Caribbean. 101809
Plant growth-regulating activities of batatasin III [isolated from **dormant** *yam* bulbils] analogues. 099923
Grow more *yams.* 101179

Tropical *yams* and their potential. 3. Dioscorea alata [Culture]. 101016
Influence of the dates of tuberization and sprouting in *yam* **tubers** (Dioscurea sp.) on the emergence time in the field. 100346

YARNS

Bicentennial tapestry **spins** *yarns* of Nebraska [Needlepoint depicting some aspect of each county]. 095238

YEARLINGS

A study of certain environmental factors and mineral chelation on the reproductive performance of young and *yearling* **turkey** hens. 097005

YEAST

The working processes in alcohol factories by recovering the *yeast* and its **advantages** [Fermentation]. 095532
Semi-quantitative rapid determination method of **alkane** *yeasts* in mixed feeds. 096028
Research on the relationship between *yeasts* and **bacteria:** Candida krusei, Candida tropicalis, Candida pseudotropicalis, Hansenula anomala and Corynebacterium pyogenes [Experimental genital pyobacillosis in rabbits]. 097646
Complete amino acid sequence of the heme-binding core in **bakers'** *yeast* [Saccharomyces cerevisiae] cytochrome b2 (L-(+)-lactate dehydrogenase. 099553
Fed batch culture of Saccharomyces cerevisiae: a perspective of computer control to enhance the productivity in **bakers's** *yeast* cultivation. 099565
Influence of specific growth rate on biomass yield, productivity, and composition of Candida utilis *[yeast]* in **batch** and continuous culture. 099514
Characterization of proteolytic activity of enzyme preparations obtained from *yeast* **biomass** [Cheese making]. 095668
Yeasts in **bovine** semen [reservoir for bovine uterine infection]. 097318
Dermatitis produced by Rhodotorula glutins *[yeast]* in **broiler-age** chickens. 097252
Protein determination in *yeast* **[Candida** tropicalis]. 095401
Decryptification of nitrate reductase activity in the *yeast* **Candida** utilis. 099685
Biomasses from fat by-products. III. Lipid composition of *yeast* **cells** [Candida lipolytica, Torulopsis holmii, feed fermentation]. 096046
The stable effect of mortality in the progeny of irradiated [Saccharomyces ellipsoideus] *yeast* **cells.** 099378
Morphogenic effects of alpha-factor on Saccharomyces cerevisiae a **cells** *[Yeasts].* 099812
Genetic effects of the gas phase of cigarette smoke on Saccharomyces **cerevisiae** *[Yeasts].* 099128
A chromosomal gene required for killer plasmid expression, mating, and spore maturation in Saccharomyces **cerevisiae** *[Yeast].* 099372
A purification of trehalase from Saccharomyces **cerevisiae** *[Yeast].* 099486
Assembly of the motochondrial membrane system. XVI. Modifies form of the ATPase [adenosinetriphosphatase] proteolipid in oligomycin-resistant mutants of Saccharomyces **cerevisiae** *[Yeasts].* 099717
Biochemical studies on the cytosine permease of Saccharomyces **cerevisiae** *[Yeasts].* 099718
Influence of pH [hydrogen-ion concentration] on the rate ofribosomal ribonucleic acid synthesis during sporulation in Saccharomyces **cerevisiae** *[Yeasts].* 099809
Cell-free synthesis of ethyl acetate by extracts from Saccharomyces **cerevisiae** *[Yeasts].* 099839
Cis-dominant regulatory mutations affecting the formation of glucose-repressible alcohol dehydrogenase (ADHII) in Saccharomyces **cerevisiae** *[Yeasts].* 099865
Transport of glucose and glycine in Schizosaccharomyces pombe during the cell **cycle** *[Yeasts].* 099814
The fine structure of conidial development in the genus Torula. III. Torula graminis **Desm.** *[Yeasts].* 098934
Methylation and acetolysis of extracellular **D-mannans** from *yeast.* 099642
Treatment of Toprina **[dried** *yeast* protein] with rRNA and ribonucleases in the chicken. 096312
Feeding of rats with SCP concentrations (Toprina BP) **[dried** *yeast* protein]: hematological and hematochemical observations. 096670
Inactivation of *yeast* **enzymes** by proteinase A and B and carboxypeptidase from yeast [Saccharomyces cerevisiae]. 099740
Fatty acid composition of lipids of soil and **epiphytic** *yeasts.* 103799
Organic acid metabolism of *yeasts* during **fermentation** of alcoholic beverages a review. 095474
Effect of strain peculiarities of *yeast* on the **fermentation** of grape juice and the artificial media. 095972
The genetic instabilities of the mating type locus in **fission** *yeast* [Schizosaccharomyces pombe]. 099344
Study of the *yeast* **flora** of Saint-Nectaire [cheese]. 095597
Cultivation of **fodder** *yeasts* on top peat hydrolysates [Candida, Sporobolomyces pararoseus, Lipomyces lipoferus]. 095993
Inhibition of the metabolism of phytomacetous fungi [Aspergillus niger] and *yeast* **fungi** by natrium dehydrated acetate and by preventol. 099954
Conjugation in the *yeast* **Guilliermondella** selenospora Nadson et Krassilnikov. 098933
The occurrence of **histone** H3 and H4 in *yeast.* 099722
Synthesis of *yeast* **histones** in the cell cycle [Saccharomyces cerevisiae]. 099958
The mode of interaction between the substrate and cell surface of the **hydrocarbon-utilizing** *yeast* Candida tropicalis. 099566
Polyploid hybrids of **industrial** *yeast* races and prospects for their practical application [Saccharomyces cerevisiae, Saccharomyces carlsbergensis]. 099861
Use of *yeasts* at the **laboratory** of general microbiology. 099976
Lipolytic fermentations of stickwater [a by-product of the fish meal and oil industry] by Geotrichum candidum and Candida **lipolytica** *[Yeasts].* 095994
Production and some enzymatic properties of alkaline proteinase of Candida **lipolytica** *[Yeasts].* 099468
Fine structure of the URA2 locus in Saccharomyces cerevisiae *[yeasts].* II. **Meiotic** and mitotic mapping studies. 099342
Comparison of proton magnetic resonance spectra of cell-wall mannans of Candida tropicalis *[yeast]* with its **morphology.** 098874
Bromodeoxyuridine 5'-monophosphate incorporation into *yeast* **nuclear** and mitochondrial deoxyribonucleic acid. 099807
Sugar and polyol permeability of Salmonella and **osmophilic** *yeast* [Saccharomyces rouxii, Schizosaccharomyces pombe] cell membranes measured by turbidimetry, and its relation to heat resistance. 099805
The effect of sugars and polyols on the heat resistance and morphology of **osmophilic** *yeasts* [Saccharomyces rouxii and Schizosaccharomyces pombe]. 099806
Redescription of Coccidiascus legeri Chatton, 1913 (Nematosporaceae: Hemiascomycetidae), an intracellular **parasitic** *yeastlike* fungus from the intestinal epithelium of Drosophila melanogaster. 103030
Cytochrome c **peroxidase** *[Yeasts].* 099703
Characterization of 2-mu um DNA of Saccharomyces cerevisiae by restriction fragment analysis and integration in an Escherichia coli **plasmid** *[Yeast].* 099374
Ultrastructural changes, caused by the new antibiotic mucidin in Candida **pseudotropicalis** *[Yeasts].* 100050
Repression of the acid phosphatase of Saccharomyces bisporus *[yeasts]* in **relation** to the polyphosphate content of the cells. 099630
Taxonomy of the genus Saccharomyces: osidases and vitamin **requirements** *[Yeasts].* 098660
Occurrence of the *yeast* **Rhodosporidium** dibovatum Newell et Hunter on plants. 098822
Utilization of exogenous pyrimidines as a source of nitrogen by cells of the *yeast* **Rhodotorula** glutinis. 099815
Influence of the enzyme preparation protoryzin P10x on the fermentation vigor and increase in biomass of the *yeast* **Saccharomyces** carlsbergensis r. 776 growing in beer wort. 095400
Radiation action on bread making *yeast* **Saccharomyces** cerevisiae [Fermentative action]. 095841
Saccharomyces *yeasts* isolated in Japan. I. A numerical analysis of Saccharomyces cerevisiae and its allied species. 098506
Distribution of non-complementing and polarly complementing mutations within ade2 locus of *yeast* **Saccharomyces** cerevisiae. 099226
Biogenesis of mitochondria. XLI. Physical mapping of mitochondrial genetic markers in *yeast* **[Saccharomyces** cerevisiae]. 099334
Division delay and DNA degradation after mutagen treatment of the *yeast,* **Saccharomyces** cerevisiae. 099341
Mitochondrial genetic damage induced in *yeast* **[Saccharomyces** cerevisiae]. 099343
UV [ultraviolet]-induced lethal sectoring and pure mutant clones in *yeast* **[Saccharomyces** cerevisiae]. 099350
Biogenesis of mitochondria: molecular mapping of the mitochondrial genome of *yeast* **[Saccharomyces** cerevisiae]. 099373
Characterization of charge isomers of *yeast* **[Saccharomyces** cerevisiae] phosphoglycerate kinase. Evidence for intracellular differences. 099462
Study of *yeast* **[Saccharomyces** cerevisiae] in presence of culture of Lactobacillus delbruckii. 099509
Fatty acid desaturase system of *yeast* **[Saccharomyces** cerevisiae] microsomes. Involvement of cytochrome b5-containing electron-transport chain. 099517
The 24,000 Dalton subunit and the activity of *yeast* **[Saccharomyces** cerevisiae] RNA polymerases. 099526
The induced biosynthesis of 7-dehydrocholesterols in *yeast* **[Saccharomyces** cerevisiae]: potential sources of new provitamin D3 analogs. 099622
A modified procedure for studying enzyme secretion in *yeast* **[Saccharomyces]** sphaeroplasts: subcellular distribution of invertase. 099625
Preparation of *yeast* **[Saccharomyces** cerevisiae] mannan derivatives by stearoylation and phosphorylation. 099670
Recessive nonsense-suppression in *yeast* **[Saccharomyces** cerevisiae: further characterization of a defect in translation. 099720
Yeast **[Saccharomyces** cerevisiae] RNA-polymerase B: a zinc protein. 099723
Inactivation of yeast enzymes by proteinase A and B and carboxypeptidase from *yeast* **[Saccharomyces** cerevisiae]. 099740
Isolation and characterization of seryl- and phenylalanyl-tRNA synthetase from the *yeast* **[Saccharomyces** cerevisiae]. 099741
Studies on the proteinase-A inhibitor I A/3 from *yeast* **[Saccharomyces** cerevisiae]. 099742
A factor in cell-free extracts inactivating sexual agglutinability of a mating type in [the *yeast]* **Saccharomyces** cerevisiae. 099917
Regulation of sexual agglutinability in [the *yeast]* **Saccharomyces** cerevisiae of a and alpha types by sex-specific factors produced by their respective opposite mating types. 099927
Studies on the oligomeric structure of *yeast* **[Saccharomycescerevisiae]** phosphofructokinase by means of cross-linking diimidoesters. 099525
The detection and identification of Pediococcus and Micrococcus in berweries, using a serological method **[spoilage** *yeasts* and bacteria]. 094878
Fragility of plasma membranes in Saccharomyces cerevisiae enriched with different **sterols** *[Yeasts].* 099808
Biosynthesis of **sterols** by various *yeasts.* 099857
Effect of temperature on the formation of higher alcohols and on the accumulation of biomass during the fermentation of grape must with various **strains** of *yeast.* 095974
Torulopsis sonorensis, a new species of the genus **Torulopsis** *[Yeast].* 098627
Evidence for two phosphate tramsport systems in Candida **tropicalis** *[Yeasts].* 099554
Characterization of a temperature-sensitive mutant of Saccharomyces cerevisiae *[yeasts]* that **undergoes** uncontrolled protein synthesis. 099627
Some comparative observations on the relative contributions of alternate pathways in the metabolism of glucose by Candida **utilis** *[Yeasts].* 099632
Detection of **wild** *yeasts* in the brewery. VIII. The use of membrane filtration technique and microcolony method. 095411
Sulfite stability—an important index for selection of *yeasts* for **wine** making. 095965
Influence of cell concentration, temperature, and press performance on flow characteristics and disintegration in the freeze-pressing of Saccharomyces cerevisiae with the **X-press** *[Yeast].* 095408

YELLOW

Pecan insect control test in 1975 with emphasis on *yellow* **aphids** [Monellia], spittlebugs [Clastoptera achatina] and weevils [Curculio caryae]. 102450
Varieties of **autumn** *yellow-seeded* rape and autumn turnip rape. 100986
Gradual change in predominating isolates of **barley** *yellow* dwarf virus in New York [Aphids as disease vectors]. 101784
Effect of infection with **bean** *yellow* mosaic virus on nucleic acid content of azak treated broadbean (Vicia faba L.) plants. 101720
Genetic analysis of the *yellow* **burley** genes in Maryland tobacco. 099326
Virus diseases of vegetable crops in Apulia. XVII. A yellow mosaic of lettuce induced by **chicory** *yellow* mottle virus. 101778
Perspectives of breeding for resistance to *'yellow* **disease',** Xanthomonas hyacinthi (Wakker) Dowson, in hyacinths (Hyacinthus L.). 099203
Studies on the method of early selection of the resistance of cabbage to the *yellows* **disease** [caused by Fusarium oxysporum f. sp. conglutinans]. 099322
Replanting coconuts in Jamaica through the **Lethal** *Yellowing* Insurance Regulations [Rehabilitation program]. 094657
Accumulation of antibiotic residues in the fruit of coconut palms treated with oxytetracycline for the control of **lethal** *yellowing.* 094895
Response of *yellow-poplar* **[Liriodendron** tulipifera] seedlings to simulated drought [Stress]. 102053
Agrotechnical and chemical practices for weed control in the plantings of *yellow* **lupine** on sandy and loamy-sandy soils. 102107
Studies on the development of the root system of grapevines infected with *yellow* **mosaic** [Fanleaf]. 101752
Virus diseases of vegetable crops in Apulia. XVII. A *yellow* **mosaic** of lettuce induced by chicory yellow mottle virus. 101778
Cultivation of different, special crops [Rape, *yellow* **mustard].** 100907
Spectrophotometrical determination of *yellow* and **red** paprika pigments. 095985
Resistance of the soft wheat collection from Australia to *yellow* **rust** [Puccinia glumarum]. 101353
Reaction of barley cultivars to *"yellow* **rust"** (Puccinia striiformis West.). 101536
Effectiveness of some insecticides in controlling the *yellow* **seed** weevil [Tychius flavus] on alfalfa seed crops. 102291
Cytological studies of Puccinia **striiformis** *(Yellow* rust of wheat). 099048
Chlorophyll content of **tomato** *yellow* leaf curl virus-infected tomatoes in relation to virus resistance. 101770
Tomato *yellow* leaf curl virus. 101776
Resistance to *yellow-berry* in **Triticum** durum [wheat] varieties, as related to protein synthesis and leaf nitrate reductase activity. 101903
Trials for standardization of aphid flight survey with *yellow* **water** pan trap. II. Suitable location of water trap for catching alate aphids [Myzus persicae, Lipaphis erysimi, Brevicoryne brassicae, Japanese radishes]. 102387
Seasonal patterns of root growth capacity in **western** *yellow* pines [Pinus]. 100680

YIELD

Effect of dates of transplanting and spacings on the *yield* of **Aman** paddy. 100773
Parameters of *high-yielding* **apple** tree stands. 101256
Effects of weed control method and rootstock on flowering, growth and *yield* of **apple.** 102125
The effects of soil physical improvement by subsoiling on the growth and *yield* of **apple.** 104224
Effect of soil moisture regimes, plant population and nitrogen levels on *yield* **attributes** and their contribution towards the root yield of sugarbeet. 100845
Effect of rates and methods of nitrogen application on yield and *yield* **attributes** of rainfed barley. 103985
Inheritance of the duration of the vegetation period and the elements of **barley** *yield* structure in crossing varieties of different ecological and geographic origin. 099252
Dependence of **barley** *yield* and the fractional composition of grain proteins from fetilizers and meteorological conditions. 100225
Biometric characterization of site influences on the variety testing system as exemplified in Bavarian variety trials with winter wheat and summer **barley** from 1963 to 1972 *[Yields].* 100719
1975 report on Experiment Station variety tests—small grains: wheat, oats, **barley** *[Yields].* 100756
Great strides in malting **barley** *yields.* 100921
Effect of urea phosphate and liquid ammonium polyphosphate on the *yield* of **barley** and rye in a crop rotation. 104073
Agrometeorological aspects of the optimization of calculation schemes for programming a *yield* on the **basis** of limiting factors. 094236
Effect of maize density on the *yield* of **bean** varieties having different growth habits. 101049
Influence of specific growth rate on **biomass** *yield,* productivity, and composition of Candida utilis [yeast] in batch and continuous culture. 099514
Effect of NPK [nitrogen, phosphorus, potassium] application on the *yield* of **blackgram** on light soils. 100841
Influence of reseeding and nitrogen on the *yield* and **botanic** composition of grassland. Second report of trials at gilze, 1971-1974 [Cultivation on sandy soil]. 104121
Phytocoenotic relations—a factor in *yields* of **bread** cereals. 100199
The effect of dietary potassium chloride on **broiler** *yields.* 096766
Loss in *yield* due to **brown** rust (Puccinia recondita Rob. Ex. Desm) on late sown wheat crop. 101478
The effect of estrus on milk and **butterfat** *yields* in Friesian. 097090
Yielding **capacity** of maize as affected by some agricultural practices. 100716
Early bearing and *yield* **capacity** of some introduced apple varieties in the foothill region of Crimea. 101078
The effects of surgical caponization on production efficiency and **carcass** *yield* of roosters. 097011
Ways of optimization of **cereal** *yields* in the fields of the Krasnaia niva collective farm in the Kabardino-Balkar Autonomous Soviet Socialist Republic. 100801
Irrigation, a prerequisite for obtaining high **cereal** *yields* on light soils. 104283
Nitrate reductase and its relationship to protein and *yield* **characteristic** of Triticale. 100177
Yield and **chemical** composition of alfalfa as influenced by high rates of K [potassium] top-dressed as KCl and K2SO4 [potassium chloride, potassium sulfate]. 100077
The influence of honeybee pollination on sour **cherry** *yield.* 103251
Methodology of preparing a program for growing farm crops with a **complex** *yield* structure [Winter wheat]. 094241
About the structure of the spike in some short-term varieties of spring wheat [Correlation of *yield* **components**]. 099243
Studies on genetic variability for *yield* and its **components** in cotton (Gossypium hirsutum L.). 099352
Effect of plant density of yield and *yield* **components** of Vicia faba L. monor (Peterm.) Beck [Broadbeans]. 100966
Effect of levels and sources of nitrogen on wheat. I. *Yield* **components,** yield and fertilizer efficiency. 103972
A note on the *yield* and **composition** of Setaria sphacelata [Pasture grass]. 100872
Effect of biuret concentration in foliar sprayed urea on *yield* and **composition** of rice. 103969
Sulphur-nitrogen interaction effects on the *yield* and **composition** of the protein-N, non-protein-N and soluble carbohydrates in perennial ryegrass [Lolium perenne]. 104041
Method of forecasting a *yield* **considering** the growth intensity of plantings and the quality of products in commercial viticulture. 100455
Effect of the D.L. Abscisin (Dormin) and other growth regulators on germination, growth and *yield* of **corn** and sorghum. 100083
The effect of hoeing on grain **corn** *yield.* 100971
Yield of **corn** as affected by potassium on a Coastal Plain soil. 103933
Growing of early greenhouse tomatoes directly from seed *[Yields,* **costs,** returns]. 101143
Evaluation of the relation of effective factors with the *yield* of **cotton** by the method of regressive analysis in the case of the data of the Pakhtaaral State. 101003
Effect of benomyl on the soil microflora and *yield* of **cotton** [Wilt control]. 101489
Effect of systematic application of herbicides on the change in the weediness of a cotton field and the *yield* of **cotton.** 102196
Effect of the irrigation regime and fertilizers on the *yield* of **cotton** on cultivated meadow soils in the Fergana Valley. 104348
Effect of irrigation methods with various interrow spacing on the *yield* of **cotton.** 104408
The problem of forecasting and programming [**crop**] *yields.* 094247
Environmental effects and fluctuation in **crop** *yields.* 098786
Use of isotopes to explore the physiology and biochemistry of photorespiration and its effects on **crop** *yields* [Wheat, maize]. 100207
Crop *yields:* random, cyclical, or bunchy? [Cereals, statistics]. 100712
Modeling corn production—estimating production under variable soil and climatic conditions [prediction of **crop** *yields].* 100940
Effect of Indigofera hirsuta on Belonolaimus longicaudatus, Meloidogyne incognita, and Meloidogyne javanica and subsequent **crop** *yields* [Biological control of nematodes, cover crops]. 102014
Analysis of field **crop** *yields* and processes of their formation in the conditions of East-Slovakia lowland. IV. Seasonal changes of the photosynthetic productivity of sunflower. 102348
Soil chemical properties and **crop** *yields* as affected by continuous fertilizing. 103879
Effect of farmyard manure, straw, slurry and nitrogen, phosphorus, potassium on **crop** *yields* and nutrient uptake in headed cabbage, rooted cellery, scorzonera and carrots. 103895
Investigations on the effect of mulching with black polythene sheeting on tulip and gladiolus development and **crop** *yields.* 103897
Crop and economic results of extensive irrigation in 1974 and conclusions for an effective use of irrigation in 1976 [Field **crop** *yields,* East Germany]. 104279
Planning the level of hydrotechnical reclamations for obtaining **crop** *yields* [Water supply regulation]. 104309
The estimation of **cross** *yield* using early generation and parental yields in dry beans (Phaseolus vulgaris L.). 099211
Effects of age and season on *yield* of **crude** and extractable proteins from some edible plants [Vegetables]. 100409
Effect of moisture content and porosity in compost at filling on the fermentation of compost during peak heating and *yield* of **cultivated** mushroom, Agaricus bisporus (Lange) Sing. 104125
Results of field seed **cultivation,** 1975 *[Yields].* 100984
Investigation on the effect of macronutrients and times of fertilization on the *yield* of **cut** flowers of China aster (Callistephus chinensis (L.) Nees). 103896
Use of electronic meat measuring equipment to measure **cutout** *yield* of beef carcasses. 095699
Ketosis in *high-yielding* **dairy** cows. 097723
Yields of **direct-seeded** loblolly pine [Pinus taeda] at age 22 years. 098062
The effect of leaf loss on *yields* and on other **diseases** of peanuts [Research in Alabama]. 101997
Yields of **dithane** S-31 treated maize in the absence of maize rust, (Puccinia polysora). 101507
Effect of nitrogen, phosphorus, date of sowing and seed rate on *yield* of **dwarf** wheat in Rajasthan. 100839
Effect of N [nitrogen] levels and soil moisture regimes on the *yield* of **dwarf** wheat. 103978
Effect of time of application of nitrogen on the growth and *yield* of **dwarf** wheat varieties. 103987
Influence of transplant pricking off density on *yield,* **earliness** and production quality of some tomato varieties for early field production [Spacing]. 101144
Effect of removing the growing point on *yield,* **early** ripening and quality of the tomato cultivar Triumph. 101141
Effect of inorganic and organic fertilizers on the *yield* of **early** potatoes on sandy soils in the Bryansk Region. 104066
Mathematical modelling of the productive process and *yield* [**Effect** of environmental factors on crops]. 100195
Effect of seed types, sowing dates, distance on the row and soil conditions on the sugarbeet. II. **Effects** on the *yield.* 100968
Protein and **energy** *yield* in poultry production [Feeding]. 096673
Application of inorganic fertilizers: quality of *yield* and **environment** protection. 104046
Increased [milk] *yield* by more **European** countries as a result of crosses with American cattle breeds. 096919
Relationship between heterozygosity and performance in respect of *yield* **factors** in pearlmillet. 099225
Effect of forest shelterbelts with different [tree] species composition on the *yield* of **farm** crops. 097894
The role of fertilizers in increasing the *yield* of **farm** crops in the regions of East Siberia. 104091
Effect of levels and sources of nitrogen on wheat. I. Yield components, *yield* and **fertilizer** efficiency. 103972
A physiological analysis of wood **fiber** *yield.* 098391
Breeding for high **fibre** *yield* in Mesta [Kenaf]. 099316
A method for detection of direct effect of pesticide treatments on [crop] *yields* in **field** experiments. 102660
Methodology of investigations in arranging balance field experiments [Effect of farming practices on the *yield* of **fieldcrops**]. 094240
Effect of the seeding rates and sowing dates on the *yield* of the **first** productive year in 3 varieties of meadow clover and their mixtures. 100936
Selection of Hybrid Tea-rose seedlings for cut **flower** *yield.* 101116
Fodder *yielding* ability of maize genotypes under varying levels of nitrogen and population. II. Quality of green fodder. 104109
Studies on the forage sorghum breeding utilizing the cytoplasmic malesterile lines. I. Effect of the parental lines on the green **forage** *yield* of hybrids. 099124
Forage *yield* of rape in mixed cultivations for the production of winter forage [Brassica napus oleifera]. 100781
Local factors and *yields* of **forage** beets. 100918
Arrowleaf and Crimson clover varieties for **forage** *[Yields].* 100992
Molybdenum fertilizers as a factor of increasing the *yield* of **forage** crops (analytical review). 104081
Make legume **forages** *yield* more. 100874
Experience of **forecasting** *yields* in the conditions of the Ingulets irrigation system. 104305
The *yield* of [**forest**] stands in relation to sanitation cutting. 098143
Managing the process of *yield* **formation** in an irrigated field. 104308
Relationship of nitrogen nutriton of 'Early Black' cranberry to vegetative growth, **fruit** *yield* and quality. 104038
Effect of time of planting and fertilisation on **garlic** *[Yield].* 101188
Recent changes in beef grades: issues and analysis of the *yield* **grade** requirement. 094799
Repeatability of regression stability indexes for **grain** *yield* of oats (Avena sativa L.) [Genetic crosses]. 099206
The influence of source of photosynthate and sink size on **grain** *yield* in oats (Avena sativa L.). 100099
Ways of optimizing the conditions of the formation of winter wheat **grain** *yield* [Programming the effect of environmentalfactors]. 100206
Effect of soil application of aldrin and gammexane [insecticides] on germination, **grain** *yield* and quality of soybean (Glycine max). 100296
Effect of nitrogen, phosphorus and potassium fertilization on **grain** *yield* and phosphorus content of gram (Cicer arietinum Linn.) [chickpeas]. 100413
Contribution of flag leaf to **grain** *yield* in rice. 100830
Effect of dates of sowing, rates of nitrogen and planting densities on **grain** *yield* of hybrid maize 'Ganga 101'. 100832
Effect of dates of sowing on **grain** *yield* of sorghum. 100834
Effect of dates of sowing and rates and times of N [nitrogen] application on the **grain** *yield* and malting and brewing quality of 2-row barley. 100835
Effect of nitrogen and soil type on **grain** *yield* of rice. 100840
Effect of P [phosphorus], spacing and irrigation on the **grain** *yield* of mung [beans] after rice bean. 100842
Effect of time of sowing, seed rate and seed soaking on **grain** *yield* of rainfed barley. 100847
Estimation of **grain** *yield* and growth characters of wheat by sampling. 100850
Effect of different levels of N [nitrogen] on incidence of stem borer and **grain** *yield* of rice. 103971
Effect of three levels of nitrogen and three spacings on **grain** *yield* of two varieties of rice. 103986
Fertilizer use in rainfed crops. **Grain** *yield* and nitrogen uptake. 103994
Effect of timings and frequencies of irrigation on the **grain** *yield* of aestivum and durum wheats. 104322
Effect of P, N [phosphorus, nitrogen] and inoculum on root, nodulation and *yield* of **gram** [Mungo beans]. 103984
Effect of microelements on **grapevine** *[yield].* 104068
Effect of the rootstock and phytoclimate on the *yield* of **grapevines.** 101142
Grassland *yield* after reclamation of deep low moor according to the follow-up measures. 104181
Effect of plant density and fertilizers on the *yield* of **green** mass of maize on the Chernozems in the Volgograd Region. 100730
The effect of N & P [nitrogen, phosphorus] fertilization on the *yield* of **green** herb and alkaloid content of Belladona [Atropa belladonna]. 104030
A comparison of apple and pear seedlings with reference to the juvenile period. I. Seedling **growth** and *yield.* 100407
Studies on the yield increase of hop in Gang Won-Do. I. The effects of potassium on the **growth** and *yield.* 104130
Yield and **growth** responses of [orchid hybrid] Aranda Wendy Scott [variety] to manurial treatments with NPK [nitrogen, phosphorus, potassium] and sawdust mulch. 104136
Comparison of selection based on *yield* of **half** sib progenies and of I1 lines per se in rye (Secale cereale L.). 099411
Effect of nitrogenous fertilizers on the *yield* of **hemp** on leached Chernozem in the central foothill region of the Caucasus. 104070
Analysis of several technical problems on **high** *yield,* stable yield and low cost of wheat production. 094388
High *yield* forestry is not a gamble [Management practices]. 097960
Initial spring barley breeding material for obtaining **high** *yielding* varieties. 099092

Initial material for breeding carrots for **high** *yield* and keeping quality. 099449
A study on the biological characteristics and the **high** *yield* variety of "Yang Tsung millet (Setaria italica)". 100752
Scientific cultivation for **high** *yields* of wheat, barley and rice. 100754
Grow **high** *yielding* rice varieties. 100812
Performance of different **high** *yielding* wheat varieties under late sown conditions. 100858
Farming practices for obtaining **high** *yields* of alfalfa seed in the south-eastern foest-steppe and north-eastern steppe of the Ukraine. 100888
Farming practices for obtaining **high** *yields* of alfalfa seed in the area east of the Urals. 100889
Roughrider: a winterhardy, **high** *yielding* hard red winter wheat variety. 100920
Response of **high** *yielding* Rabi rice to fertilisers in cultivators' fields of Orissa. 104009
Regularities of growth processes and the productivity of farm crops [Breeding for **higher** *yield].* 099258
Structure of *yield* in **hybrid,** high-bred and local sorghums as influenced by nitrogen and population levels. 100865
Effect of nitrogen fertilization and row spacing on the *yield* of **hybrid** pearlmillet. 103981
Studies on the *yield* **increase** of hop in Gang Won-Do. I. The effects of potassium on the growth and yield. 104130
Nipping of branches **increases** *yield* in castor. 101300
Reducing vert [Verticillium Wilt] and **increasing** *yield* of potatoes in the Treasure Valley. 101394
Influence of three rootstocks on the *yield* and on the **infestation** of [the nematode] Tylenchulus semipenetrans on two citrus varieties in Algeria. 101968
Effect of different levels of fertilizers on the *yield* of **irrigated** vineyards. 104161
Experimental investigations in programming a *yield* of **irrigated** crops. 104307
Studies on the effect of calving age, calving month and herd level on the first **lactation** *yield* [Dairy cattle sire evaluation]. 096984
Sunflower sowing period in irrigated **land** *[Yields].* 100758
Determination of the [crop] *yield* **level** on the basis of average water provision rate for many years. 104304
Yield **losses** in corn caused by Helminthosporium maydis raceT. 101570
Use of economic and mathematical methods for the reconstruction of **low** *yielding* forest stands [East Germany]. 098069
Forecasting and programming **maize** *yields* in twice-a-season sowings [Water requirements]. 094238
Problems of programming **maize** *yields.* 094243
Evolution of composition, digestibility and *yield* of **maize** in function of stage of maturity. 096783
Effect and aftereffect of fertilizers on **maize** *yield* and its quality in the Central-Chernozem zone. 100124
Role of the structure of the stand in the formation of the **maize** *yield* [Spacing, density]. 100134
The effect of precursors on the nutrient, water regimes of soil and the *yield* of **maize** in the central part of the steppe in the Ukrainian SSR. 100137
Uptake of the major nutrients and the *yield* of **maize** grain as related to the application of fertilizers. 100138
Effect of preceding winter crops, level of nitrogen fertilizer, distance between hills and method of harvesting on the *yield* of **maize** plants. 100713
Experience of using a method of optimal programming of **maize** *yield* on irrigated fields in the area between Volga and Don in the Volgograd Region. 100797
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on *yield* in **maize** monocultures. I. NPK content of grains as affected by fertilizing. 103874
Effect of NPK [nitrogen, phosphorus, potassium] fertilizers on *yield* in **maize** monocultures. II. Nutrient balance and recovery of fertilizers. 103875
Effect and aftereffect of fertilizers on the *yield* of **maize** in the conditions of the Azov upland. 103905
Effect of intensive nutrition of meadows on dry **matter** *yields.* The content and production of nitrogenous substances. 100293
Maximizing *yield* of MH-1 tomatoes [Varieties]. 101106
Prospects of forecasting the effectiveness of alteration of plant parameters and the evaluation of a **maximum** *yield* [Barley]. 100200
Irrigating alfalfa seed for **maximum** *yield.* 104303
Mechanically deboned **meats** *yields* and product characteristics. 095712
Effect of a slow-acting fertilizer [isobutyliden-dicarbamide] on the *yield* of **medium** early tomatoes. 103948
Effect of mixed salinity and P [phosphorus] fertility on *yield* and **microelement** composition of tomato, sweet corn and sudangrass in sand culture. 103976
Breeding for persistency of **milk** *yield* [Cattle]. 096096
Relationship of the relative pedigree quality of **milk** *yield* to various standards of herd productivity. 096109
Effect of feeding fat to dairy cows receiving a fat-deficient basal diet. I. **Milk** *yield* and composition. 096704
Evaluation of boned meat production and relative **milk** *yield* on basis of Hungarian Pied bulls' progeny testing. 096860
Different levels of soil organic matter in desert soil and nitrogen fertilizer on *yields* and **mineral** composition of barley grown in the soil. 103924
Effect of seed soaking in ascorbic acid, succinic acid and cycocel on the *yield* of **moong** [Mung beans]. 101187
Effect of spawn from mixed culture of mycelia between different strains of Agaricus bisporus (Lang) Sing. on **mushroom** *yield.* 101249
Effect of nitrogen, phosphorus and potash on the *yield* of **mustard** in Rajasthan. 103979
Relationship between physiological and morphological characteristics and *yield* of **nondormant** alfalfa clones. 099471
Experience of developing programming of *yields* for the **north-western** zone of the Russian Soviet Federative Socialist Republic [Field and horticultural crops]. 100795
Influence of cutting cycle and spacing on coppice sycamore [Platanus **occidentalis**] *yield.* 098167
Variability in the Deli dura breeding population of the oilpalm (Elaeis guineensis Jacq.). II. Within bunch components of **oil** *yield.* 095491
Effect of nitrogenous fertilizers on the fresh herb, **oil** *yield* and oil content of Mentha [piperita vulgaris]. 103980
Effect of organic manure and chemical fertilizers on opium poppy [Papaver]. III. Role of phosphate on the *yield* of **opium,** morphine and poppy seeds. 103983
Calculation of an **optimal** *yield* of grapes according to the chemical composition of the organs of a grapevine bush. 100453
Inhibition by ammonium chloride of the **oxygen** *yield* of photosynthesis [Spinach, Chlorella pyrenoidosa, Algae]. 099543
The estimation of cross yield using early generation and **parental** *yields* in dry beans (Phaseolus vulgaris L.). 099211
Yield [of **perennial** silage crops] depends on the number of cuttings in te previous year. 100902
Farm management and *yield* **performances** in the cultivation of forage beets. 100917
Effect of varying plant density on growth, *yield* and **pest** incidence in cotton. 100848
Seed presoaking technique and its effects on the *yield* and **physiological** processes of the plant [Wheat]. 100970
Energy productivity of perennial grasses with calculated levels of fertilizers for obtaining a **planned** *yield* of hay. 100194
Removal of nitrogen, phosphorus and potassium by a **planned** *yield* of farm crops in a rotation. 100202
Stand quality in a **planned** *yield* of hay of perennial grasses. 100203
Utilization of nutrients by plants [of field crops] in a rotation with fertilizer application according to a **planned** *yield.* 100204
Experiments for providing **planned** *yields* of farm [field and horticultural] crops in the northwestern region. 100798
Calculated levels of inorganic fertilizers for forecasting a **planned** *yield* of sugarbeets in the conditions of the western regions of the Ukrainian SSR. 103958
Levels of fertilizers for a **planned** *yield.* 103959
Planned *yield* and the effectiveness of calculated levels of fertilizers. 103962
Optimum planting interval as affected by size distribution in **potato** *yield.* 101013
Effect of potassium fertilizers on the *yield* of **potatoes** on sandy soddy-podzolic soils. 104071
Yield **potential** of some temperate grasses. 100871
Yield **potential** of some mung bean (Phaseolus aureus) selections in Fiji. 101127
Development of a systems of practices promoting the production of **preset** *yields* [of winter wheat, sugarbeets and maize] on typical Chernozems in the Kursk Region. 100794
Projections of acres, *yields,* and **production:** four southern regions and the U.s. 094783
Effect of micronutrients on the *yield* **production** and technological value of sugarbeets [ammonium sulphate]. 104115
Experiences in attaining **programmed** *yields* on irrigated soils [Field crops]. 100873
Heterogeneity of recording weather conditions for **programming** *yields* of farm crops in various soil and climatic zones of the USSR. 094047
Controlling the crop structure in **programming** *yields* of cereals. 094237
Major principles of optimal [crop] *yield* **programming** [considering the effect of environmental factors]. 094239
Principles of [crop] *yield* **programming.** 094242
Programming *yields* for the forest-steppe of the Lower Volga Region [Effect of environmental factors]. 094244
Prospects of using new indices of heat provision rate for **programming** *yields* of farm crops. 094245
Programming *yields* in irrigated meadow management. 104310
Programming *yields* of irrigated maize in Moldavia (relization and study on the electron model). 104311
Reclamation problems in [crop] *yield* **programming** [Water supply regulation]. 104312
Effect of the duration and conditions of storage on the germination percentage and *yielding* **properties** of hemp seeds. 100974
Nitrogen and Italian ryegrass [Lolium multiflorum]. 3. Growth up to 14 weeks: *yields,* **proportions,** digestibilities and nitrogen contents of crop fractions, and tiller populations. 100217
Effect of nitrogen, phosphorus and potassium on *yields,* **protein** contents and nutrient levels in soybeans, field peas and fababeans. 103925
Yield **qualities** of Mironovskaia 808 winter wheat seeds as related to farming practices. 100975
Yield and **quality** of grain of spring wheat hybrids and mutants. 099433
Effect of various levels of fertilizers on the photosynthetic activity, *yield* and **quality** of the grain of tall- and short-stem cultivars of spring wheat under irrigation. 100193
Ecological studies on burley tobacco in Japan and Korea. II. Growth, *yield* and **quality** of some burley tobacco varieties grown at different locations. 100741
Ecological studies on burley tobacco in Japan and Korea. III. Growth pattern, *yield* and **quality** of burley tobaccos grown at five locations in 1974. 100742
Effect of different dates of seeding and harvest on *yield* and **quality** of sugarbeet. 100837
High-frequency trickle irrigation and row spacing effects on *yield* and **quality** of potatoes. 101022
Yield and **quality** of mechanically harvested strawberries. 101067
Effect of the site altitude and the form of the relief on the *yield* and **quality** of grapes. 101276
Effects of nitrogen and row spacing on the *yield* and **quality** of essential oil in Japanese mint [Mentha arvensis]. 101301
Effect of combined herbicides on the weediness, *yield* and **quality** of spring wheat grain. 102138
Effect of simazine and complete fertilizer on the *yield* and **quality** of raspberries. 102141
Effect of foliar dressing [with fertilizers] on the *yield* and **quality** of buckwheat grain in the conditions of the Poltava Region. 103902
Effect of topping on *yield* and **quality** of burley tobacco [Fertilization]. 103914
The effect of nitrogen, phosphorus and potassium fertilizers on the *yield* and **quality** of maize silage. 103931
Vegetative growth, *yield* and **quality** of cauliflowers relative to [the application of] mineral fertilizers. 103951
Effect of different nitrogenous fertilisers on the *yield* and **quality** of flue-cured tobacco (Nicotiana tabacum L.) var. virginia Gold. 104034
Dependence of the *yield* and **quality** of early cabbage in vegetable crop rotation from the forms of nitrogenous and potassium fertilizers. 104060
Yield and **quality** of grain of Bezostaiai winter wheat as related to the level of nitrogen nutrition and water supply ofplants. 104095
Effect of inorganic fertilizers on the *yield* and **quality** of the seeds of Italian ryegrass [Lolium multiflorum] in the conditions of the Carpathian foothills. 104135
Effect of zinc on the *yield* and **quality** of tangerine fruit. 104139
Effect of nitrogen fertilization on *yield* and **quality** of sugarbeet with different plant densities. 104162
Yield and **quality** of green peas in the conditions of irrigated farming in Moldavia. 104259
Effect of timing and methods of irrigation on the *yield* and **quality** of grapes. 104422
Yield and **quality** of cuttings as related to irrigation in combination with fertilizers applied to rootstock bushes of grapevine. 104430
Quantum *yield* and conformational changes during greening and bleaching of Chlorella protothecoides [Algae]. 099925
The effect of mono- and divalent cations on the **quantum** *yields* for electron transport in [spinach] chloroplasts. 100377
Effect of mulches on the growth and *yield* of **rabi** crops in the Mahanadi delta. 104198
Search for non corrosive chemicals for increasing **resin** *yield* from chirpine (Pinus roxburghii Sargent). 098282
Comparative study of different methods of seeding on the *yield* of **rice** with and without weeding. 100829
Effect of water regimes, levels and methods of nitrogen application on growth and *yield* of **rice.** 103988
Effect of soil moisture regimes, plant population and nitrogen levels on yield attributes and their contribution towards the **root** *yield* of sugarbeet. 100845
Self-fertility and the distribution of **seed** *yield* in Vicia faba L. [Broadbeans]. 099209
Effect of root temperature on growth and **seed** *yield* in cowpea (Vigna unguiculata). 100408
Effect of the **seed** *yield* on the width of annual rings in the Norway spruce (Picea abies (L.) Karst.). 100644
Components of soybean **seed** *yield* as influenced by canopy level and interplant competition. 100704
Effect of dates of planting and row spacings on the **seed** *yield* of jute varieties. 100833
Investigations on leek seed production. III. Effect of date and mode of seed plant harvesting on **seed** *yield* and quality. 101145
Effect of date of planting, spacing, levels of nitrogen and size of tuber on the *yield* of **seed** potato. 101185
Investigations into the effect macronutrients and of times of fertilization on the **seed** *yield* of China aster (Callistephus chinensis (L.) Nees). 103899
Effect of mineral fertilizer application on cucumber **seed** *yield* and seed qualities. 103949
Interrelationship between ways of sowing, plant density and *yield* of **self-pollinated** lines of maize. 100732
Within-tree variation of monoterpene composition and *yield* in **slash** pine [Pinus elliottii] clones and families [Genetic variation]. 098081
Slaughtering *yields* and incidence of the average fifth/fourth percent ratio [of carcass rendering] in the permanent goat population of Gargano. 095716
The quality of the seeding material and the *yield* of **sorghum.** 100737

Exotic grass [Festuca arundinacea, Paspalum] *yields* under **southern** pines [Pinus elliottii, Pinus taeda]. 098165
Effect of inter- and intrarow spacings on the growth and *yield* of **soybean.** 100838
Effect of fertilization on *yield* and **specific** gravity of Abnaki, Katahdin, and Sioux grown continuously and in two-year rotation [Potatoes]. 104123
Phosphorus fertilizers and the *yield* of **spring** wheat in the arid steppe of the North Kazakhstan. 104084
Analysis of several technical problems on high yield, **stable** *yield* and low cost of wheat production. 094388
Experiences and tasks for effective use of amelioration facilities for rising and **stable** *yields* in 1976 crop production [Irrigations]. 104281
Onions. *Yield* and **storage** quality as influenced by time of transplanting. 101267
Optimizing **strawberry** *yields* with drip irrigation and plastic mulch. 104256
Alteration of *yield* **structure** components in maize as a result of inbreeding. 099386
Productivity and *yield* **structure** components of soybean seeds [Evaluation of initial breeding material]. 100306
Use of tracer techniques to **study** *yield* components in seed crops [for breeding, wheat]. 099315
Semi-synthesis of aristolochic acids and their homologues. I. Degradation of glaucine to 3,4,6,7-tetramethoxy-phenanthrene-1-carboxylic acid—a **study** on the *yield.* 099738
Research on the determination of the theoretic **sugar** *yield* from sugarj-containing raw materials and their intermediate products. 095840
Effect of forest shelterbelts of fields on the *yield* of **sugarbeets** in conditions of irrigation. 097893
Effect of mixtures of herbicides on the soil microflora and *yield* of **sugarbeets.** 102140
Response of sugarcane to filter press mud and N, P, and K [nitrogen, phosphorus, potassium]. I. Effect on **sugarcane** *yield* and sucrose content. 103883
Effect of pre-soaking of sunflower seeds in water on the growth and *yield* of **sunflower.** 100919
Correlation and path coefficient analysis of the characters affecting the *yield* of the **sunflower** (Helianthus annuus L.) [Varieties]. 100976
Leather **surface** *yield* and the main factors for improving it. 095684
Construction of *yield* **tables** for spruce in the Abieto-Fagetum group of forest types based on one-time measurement. 098005
Seasonal changes in minerals, protein, and *yield* of **tall** fescue [Festuca elatior] forage as influenced by nitrogen and potassium fertilization. 100321
Xylem water poential and *yield* of **tea** (Camellia sinensis) clones in Malawi. 101295
Effect of nitrogen levels on the *yield* of **tea** plantations of different vigor on Podzolic soils. 104138
Relationships of initial population densities of Meloidogyne incognita and Meloidogyne hapla to *yield* of **tomato** [Root-knot nematode]. 101935
Yield **trends** during take-all decline [caused by Gaeumannomyces graminis tritici] in spring barley and wheat grown continuously. 101370
Vegetable variety **trials,** 1975 *[Yields].* 101243
Tobacco mosaic virus (TMV). Effects of infection with strains of TMV on the *yields* of **unproctected** tomato plants and of plants protected with attenuated strains of TMV as compared to varieties resistant to TMV. 101805
Effect of soil properties and fertilizers on the *yield* of **unretted** straw and seeds of fiber flax in the Kostroma Region. 104072
Total and *yield-forming* **uptake** of nutrients by barley and clover plants. 100232
Influence of N [nitrogen] fertilization and planting methods on *yield* and N **uptake** in sugarcane. 103996
Effect of lime and molybdenum on the *yield* of **urad** [Mungo beans]. 103975
North Dakota grain **varieties,** 1976 *[Yields].* 100755
1974 West Virginia hybrid corn trials [**Varieties,** *yields].* 100766
1975 West Virginia hybrid corn trials [**Varieties,** *yields].* 100767
Results of the Fifth International Winter Wheat Performance Nursery grown in 1973 [**Varieties,** *yields].* 100962
Small grain trials, 1974 [**Varieties,** *yields].* 100963
1975 small grains performance trials in Utah [**Varieties,** *yields].* 100964
Results of comparison trials among sunflower **varieties** *[Yields].* 100969
Missouri crop performance, 1975. I. Corn. II. Grain sorghum. III. Soybeans [**Varieties,** *yields].* 100979
Spring and winter pea **variety** *yield* trials—1975. 101169
Estimating **water** *yield* differences between hardwood and pine forests: an application of net precipitation data. 097954
Influence of the irrigation regimen in lucerne on the volume of *yield* and on the **water** economy. 104362
Evaluation of a model for simulating monthly **water** *yields* from small watersheds. 104404
Simulation of soil **water-crop** *yield* systems: the potential for economic analysis [to evaluate alternative irrigation strategies]. 094330
Complex dynamic model **"weather—***yield***"** [for agrometeorological forecasting]. 094046
Nitrogenous and biological index of soil fertility and the programming of **wheat** *yield.* 100196
Fallow [soil] moisture and **wheat** *yields* in the northwest. 100693
Studies on the effect of sowing date and seed-rate on the growth and *yield* of **wheat,** 'Kalyansona'. 100868
Effect of different N [nitrogen]-carriers, their rate and time of application on the *yield* of **wheat.** 103970
Effect of NPK [nitrogen, phosphorus, potassium], method of N application and moisture conservation practices on **wheat** *yield* under rainfed conditions. 103982
Interrelation of nitrogen and phosphorus uptake to *yield* of **wheat.** 103997
Experience of obtaining a *yield* of **winter** wheat according to a preset program on irrigated fields in the area between Volga and Don in the Volgagrad Region. 100796
[Wind] barrier-induced microclimate and its influence on growth and *yield* of **winter** wheat. 100942
Fertilizers and the *yield* of **winter** wheat. 104076
Experience of obtaining a *yield* of **winter** wheat according to a preset program on irrigated fields in the Gorodovik District of the Kalmyk Autonomous Soviet Socialist Republic. 104306
Effect of plant density of *yield* and **yield** components of Vicia faba L. monor (Peterm.) Beck [Broadbeans]. 100966
Effect of rates and methods of nitrogen application on *yield* and **yield** attributes of rainfed barley. 103985

YOGHURT

The influence of the capacity and the degree of utilization on the unit costs in different dairy production departments. The *yoghurt* **department.** 095650
Importance of location in the sale of dairy products in self-service shops [Marketing, *yoghurt,* **whey** cheese]. 094569
Yoplait *yogurt* scores smashing success in the middle of the U. S. A. [Marketing]. 094466

YOLKS

Lecithin agar for detection of microbial phospholipases [Reactions in **egg** *yolk].* 094808
Spectrophotometric determination of total and free cholesterol in **egg** *yolk* and animal tissues. 095390
Ring structure of avian **egg** *yolk.* 096514
Evaluation of waste activated sludge (citrus) as a poultry feed ingredient. 2. Quality and flavor of broilers, **egg** *yolk* color and egg flavor. 096754
Chicken **egg** *yolk* enhances focus formation by subgroup B, C and D Rous sarcoma viruses [Assaying for avian leukosis virus antibodies]. 097408
Comparative effects of p,p'-DDT and commercial DDT, in *intravitellin* **injections,** on the germ population of avian embryonic gonads [Chicks, quails]. 102673
Effect of albumen pH [hydrogen-ion concentration] on *yolk* **mottling.** 095741
Selectivity of *yolk* **protein** uptake: comparison of vitellogenins of two insects [Hyalophora cecropia, Blattella germanica]. 103015
Immunohistological studies on the distribution of *yolk* **proteins** in the stick insect (Carausius morosus). 103004
Hematopoiesis in the *yolk* **sac** in some representatives of Sauropsida [Chick embryos]. 096220

YOUNG

Differential effects of high dietary levels of vitamin A onthe vitamin E-selenium nutrition of *young* and **adult** chickens. 096714
Gastric acid secretory responses of acute gastric fistula preparation in **anesthetized** *young* chickens. 096347
Systems of soil management as influencing the growth behaviour of *young* **apple** trees. 104182
Agriculturist in the Age of Reason: **Arthur** *Young* [1741-1820] in Ireland. 093982
Procedure of **assigning** *young* [agricultural] specialists to collective farms. 094269
Fattening and slaughter performance results of *young* **Black** Pied bulls as influenced by feeding intensity. 3. Economic results of young bull fattening at varying feeding intensity and slaughter weight. 096644
Hypoxylon mammatum ascospore germination and mycelial growth on bark and wood media from *young* **branches** of trembling aspen [Populus tremuloides]. 101377
Effect of citrinin, a mycotoxin produced by Penicillium citrinum, on laying hens and *young* **broiler** chicks. 097840
Fattening and slaughter performance results of young Black Pied bulls as influenced by feeding intensity. 3. Economic results of *young* **bull** fattening at varying feeding intensity and slaughter weight. 096644
Correlations between carcass value and subjective appraisal of carcasses of *young* **bulls,** an investigation concerning progeny tests. 095726
Meat productivity of *young* **bulls** in combination crossing of the Slovakian Pied and Black Pied breeds (F11). 097003
Comparative fattening of *young* **cattle** of the Bulgarian Brown breed originating in various regions. 096828
The antigen-inexperienced thymic suppressor cells: a class of lymphocytes in the *young* **chicken** thymus that inhibits antibody production and cell-mediated immune responses. 097331
The effect of infectious laryngotracheitis virus on the bursa of Fabricius of *young* **chickens.** 097403
Developing indices of nutritional level from anthropometric measurements on women and *young* **children.** 094978
Relationship of lactose intolerance to milk intolerance in *young* **children.** 095002
Clean, dry, ventilated housing for the *young* **dairy** calf. 103335
Encephalomyelitis in *young* **dogs** after vaccination against distemper and infectious canine hepatitis. 097490
Effects of soil temperature on the development of *young* **eggplants** (Solanum melongena). 100410
Temperature conditions in *young* **Emmental** cheese and their effects. 095611
Importance of straw quality for the use of straw in rations for **fattening** *young* bulls. 096807
Effect of the Black-Pied Lowland breed on the slaughter half in **fattening** *young* bulls. 097002
Treatment of *young* **[forest]** stands. 098092
Biological and ecological aspects of the treatment of *young* **[forest]** stands. 098808
Treatment of *young* **[forest]** stands chemical weed control. 102114
The influence of extract of orange peel on the growth and ascorbic acid metabolism of *young* **guinea-pigs.** 096719
Improving the effectiveness of **industrially-producing** *young* cattle facilities with semislotted floors by increasing the number of heads per unit group and the biological treatment of stored fodder. 096134
The role of predators in the *young* **larval** mortality of the pine-moth, Dendrolimus spectabilis Butler. 102497
Ablation of the inflorescences on *young* **oil** palms. Special case of dry zones. 101305
Cardiovascular and locomotive diseases in *young* and **old** sows of different gene construction. 097765
Productivity and persistence of **over-stocked** *young* spruce [Picea] stands in a Hylocomium type forest plant [community]. 097989
Formation of a delta 9-dodecenoic dibasic acid from linoleic acid by *young* **pea** leaves. 100537
Growth regulators on *young* **pear** trees for earlier production. 101060
Weed control in *young* **pecans.** 102167
Influences on goals of *young* **people** in rural Appalachia [Occupations]. 094116
Isoenzymes of alkaline phosphatase: reference values in *young* **people** and effects of protein diet. 095059
Observations on the effects of weaning in the *young* **pig.** Clinical and histopathological studies of intestinal function and morphology [Acute inflammatory response and a reduction in plasma cell population]. 097762
Evaluation of Tower rapeseed meal for *young* **pigs.** 096630
Bone pathology in hypervitaminosis D. An experimental study in *young* **pigs.** 097717
Injuries to *young* **pine** stand caused by elks in the Leningrad province. 097941
Identification and location of genes controlling leaf hairing in *young* **plants** of soft wheat. 099231
The nursery in Maine-et-Loire. Angers: first French center for the production of *young* **plants** [Horticulture]. 101227
Forelimb lameness in *young,* **rapidly** growing dogs. 097833
Observations on the mode of infection of Phytophthora parasitica var nicotianae on *young* **roselle** [Hibiscus sabdariffa] roots. 101504
Fomes annosus butt rot. Losses in a *young* **second** rotation stand of Sitka spruce [Picea sitchensis]. 101437
Growth of *young* **silkworm** caterpillars feeding on the leaves of the Chinese elms Ulmus pumila L. and Ulmus parvifolia Jacq. 103253
Growth rate of *young* **spruce** [Picea] stands of artificial origin. 097987
Study of the requirements of *young* **spruce** [Picea] plants inmajor nutrients. 100648
About certain results of regeneration of *young* **stands** of low value in forest districts of the north-western part of the Russian Soviet Federative Socialist Republic. 098136
Economical aspects of replacing forest species and the prospects of chemical care of *young* **stands** composition. 098138
Effect of aerial chemical care of *young* **stands** [with 2,4-dichlorophenoxyacetic acid] on the incidence of pine trees infected with trunk rust, Melampsora lini (A. Br.) Rostr. 101605
Insects—pests of *young* **stands** and understory of pines under conditions of excessive humidity. 102509
Nutrition diagnosis of *young* **stone** fruit trees. 100504
Fomes annosus: mortality rates in *young* **trees** [Larix decidua, Pseudotsuga menziesii, Picea sitchensis, Fagus sylvatica, Betula] underplanted among pine. 101439
Protein, methionine, lysine and a fermentation residue as variables in diets of *young* **turkeys.** 096760
Effect of different methods of irrigation on the moisture condition of soil and the productivity of *young* **vineyards.** 104424
Chemical and mechanical maintenance [Control of weeds in *young* **windbreaks** and shelterbelts]. 102180
Brood transport by *young* **workers** of Tapinoma erraticum (Formicidae, Dolichoderinae): role of mechanical and chemotactic stimuli from the brood. 102839
A study of certain environmental factors and mineral chelation on the reproductive performance of *young* and **yearling** turkey hens. 097005

YOUTH

When *youth* **garden** - the community smiles. 095370

Further development in the education and professional training of *youth* as **one** of the conditions of industrialization of agricultural production and transformation of daily life. 094017
Educating **rural** *youth* in general-Soviet cultural-life traditons. 094015

ZANTHOXYLUM
Composition and activity of the peroxidases in the gum, leaves and bark of Fagara *[Zanthoxylum]* **coco** of different ages. 100628

ZEA *see* **MAIZE**

ZEARALENONE
Teratological evaluation of *zearalenone* **administered** orally to the rat [Fusarium, mycotoxin]. 097796
Zearalenone **production** by isolates of Fusarium inducing foot rot disease of wheat in Italy. 101539
Growth of broilers and quail fed Fusarium (Gibberella zeae)-infected corn and *zearalenone* (F-2). 096755

ZEATIN
Developmental effects of zeatin, *ribosyl-zeatin,* and **Agrobacterium** tumefaciens B6 on certain mosses [Musci]. 101707
Apolar movement of *zeatin* through **Coleus** petioles and Pisum [pea] roots as estimated by bioassay and radioactive labeling. 099472
The identification of *zeatin* **glucoside** from coconut milk. 100262
Developmental effects of *zeatin,* **ribosyl-zeatin,** and Agrobacterium tumefaciens B6 on certain mosses [Musci]. 101707

ZEAXANTHIN
Zeaxanthin as a **broiler** pigmenter [Feed additives]. 096770

ZEBUS
Trials on artificial insemination in Cameroon. I. Artificial insemination of *Zebu* **cows** in heat. 097035

ZEIN
Electrophoretic spectra of *zein* and the **fractional** composition of protein in high-lysine maize mutants. 100126

ZELUS
Demonstration that Leptomonas pessoai Galvao, Oliveira, Carvalho & Veiga, 1970 [isolated from the **reduviid** *Zelus* leucogrammus], is a Herpetomonas. 103040

ZINC
Effects of nitrogen and *zinc* **application** on zinc uptake of wheat. 103990
Effects of rates and methods of Zn *[zinc]* **application** on wheat. 103991
Tracer experiments on the effect of micronutrients on the growth of Porphyra [Algae] plants. II. Manganese-54 and *zinc-65* **assimilation** in relation to environmental factors. 099590
Residual Zn *[zinc]* **availability** related to growth and nutrient gradients in corn. 100071
Responses of Earlirose rice to iron, *zinc,* and **BPDS** [bathophenanthroline disulfonate] when grown on calcareous soil. 100158
Variations in the lead, *zinc* and **calcium** content of Dendrobaena rubida (Oligochaeta) in a base metal mining area [Soil contamination]. 104484
Determination of chromium in several proposed standard samples and of *zinc* and **chromium** in wheat milling and beet sugar refining samples. 095809
Zinc **content** of selected foods. 095135
Effect of *zinc* on the **content** of gibberellin-like substances in bean leaves. 100575
Copper, iron, and *zinc* **contents** of mature human milk. 094982
Mercury, cadmium, *zinc,* **copper** and organochlorine insecticide levels in small mammals trapped in a wheat field. 102686
Iron, Manganese, *zinc* and **copper** contents of some inorganicfertilizers. 104103
Response of maize to phosphorus and *zinc* under **deep** and shallow water table conditions. 104012
Zinc **deficiency** in nursery-grown Pinus radiata seedlings. 101954
Protein synthesis in *zinc* **deficient** rats during tularemia. 095149
Effect of **dietary** *zinc* and copper interrelationships on blood parameters of the rat. 095115
Preventing facial **eczema** by using *zinc.* 097757
Presence of *zinc* in **glutamate** dehydrogenase of corn roots. 100318
Zinc **induced** iron deficiency in soybeans. 101881
Lethal trait A 46 in [Black Pied Danish] cattle. **Intestinal** *zinc* absorption [Hereditary parakeratosis]. 097835
Effects of thiamine and *zinc* **ions** on the beta-glucan production by Corticium rolfsii. 101635
Behaviour of *zinc* in **lime** soils. II. Study of some factors affecting zinc migration in soils. 103671
Oat response to **manganese** and *zinc.* 100070
Experimental biological engineering to synchronise ovulation in gilts. II. Effect of laparotomy on ovarian finding following Zn *[zinc]* **metallibur,** 750 IU PMS [pregnant mare serum] with and without 500 IU HCG [human chorionic gonadotropin]. 096867
Behaviour of zinc in lime soils. II. Study of some factors affecting *zinc* **migration** in soils. 103671
Bioavailability of *zinc* in **milk** and soy protein-based infant formulas. 095146
Zinc **nutrition** of preschool children in the Denver Head Start program. 094973
Zinc **nutrition** of preschool children in the Denver Head Start program. 095015
Chemical forms of manganese and *zinc* in **phloem** exudates [Castorbeans]. 099892
Influence of various levels of *zinc* and **phytate** in the ration on growth and some blood components in Dokki-4 chicks. 096620
Yeast [Saccharomyces cerevisiae] RNA-polymerase B: a *zinc* **protein.** 099723
Studies on the appearance of a hepatic copper-binding protein in normal and *zinc-deficient* **rats.** 095026
Estimation of critical limit for *zinc* in **rice** soils. 103726
The profile distribution of *zinc* in **selected** soils in Louisiana. 103730
Effects of nitrogen and zinc application on *zinc* **uptake** of wheat. 103990
Effect of *zinc* on the **yield** and quality of tangerine fruit. 104139
Breeding system and population structure of Armeria maritima (Mill.) Willd. on a *zinc-lead* mine. 099356

ZINGIBER
Occurrence, host range and histopathology of Radopholus similis in **ginger** *(Zingiber* officinale) [Nematodes]. 102017

ZINGIBERACEAE
Cytological observations on some West Himalayan monocots. IV. Several families [Amaryllidaceae, Iridaceae, Hypoxidaceae, Dioscoreaceae, Juncaceae, Commelinaceae, **Eriocaulaceae** and *Zingiberaceae].* 098958

ZINNIAS
More than zinnias *[Zinnia],* **earlier** than marigolds [Tagetes]. 101032
Induced autotetraploidy in *Zinnia* **elegans** Jacq. 099159
Cytomorphology and stability of induced variants in *Zinnia* **linearis.** 098961
More than *zinnias* **[Zinnia],** earlier than marigolds [Tagetes]. 101032
An epiphytotic of bacterial leaf and flower spot [Xanthomonas nigromaculans **zinniae**] of *Zinnia.* 101701

ZIZYPHUS
Studies on weight changes during brining and candying process of **ber** *(Zizyphus* jujuba) [jujub] at different maturity levels. 095863

ZOISIA
Physiology of seed germination in Korean lawn **grass** *(Zoysia* japonica Steud.). 100570

ZONE
Effects of ethylene and 2,4-D [dichlorophenoxyacetic acid] on the activity of cellulase isoenzymes in **abscission** *zones* of the developing orange fruit. 100529
A correlation between the forest phytocoenosis biomass and the total moisture consumption from the soil **aeration** *zone.* 098789
Agaricales of the **alpine** *zone.* Lepisteae [Fungi]. 098581
Reduction of the number of tillage operations in growing maize in the **central** *zone* of the Stavropol' Territory. 104169
Effect and aftereffect of fertilizers on maize yield and its quality in the **Central-Chernozem** *zone.* 100124
Legume and grass mixtures for irrigated cultivated pastures in the **Central-Chernozem** *zone.* 100892
The influence of drainage land reclamation in central **Chernozem** *zone* on river runoff characteristics and floodplain components. 104244
Heterogeneity of recording weather conditions for programming yields of farm crops in various soil and **climatic** *zones* of the USSR. 094047
Implements, machines and tractors for carrying out forest regeneration work in the *zone* of **conifer** forests in the Russian Soviet Federative Socialist Republic. 103588
Ablation of the inflorescences on young oil palms. Special case of **dry** *zones.* 101305
Analysis and estimation of the net radiation above a Panicum maximum culture in a humid **equatorial** *zone.* 098832
Variations of rainfall in the Ivory Coast **forest** *zone.* 104267
Tetraploid rye in the conditions of the **forest-steppe** *zone* in the Ukraine. 099112
Wirral's Pest **Free** *Zones*—all-inclusive concept of control [Animal and insect pests]. 102752
Content of iodine in forages from different soil and **geographic** *zones* in Moldavia. 096022
Water storage in leaves of herbaceous plants in the **humid** *zone.* 099985
Soils of the **humid** *zone* of Spain. VIII. Soils with fragipan. 1. Morphology and general characteristics. 103689
Soils of the **humid** *zone* of Spain. VIII. Soil with fragipan. 2. Mineralogy. 103690
Study of the movement of the air flow in the *zone* of the **inlet** opening of a suction nozzle [Pneumatic fertilizer loader]. 103548
Memory aide for using rotary cultivators in the **intertropical** *zone.* 103489
Relationship between Gasteromycetes and **landscape** *zones* andthe latitudinal belts of mountains in Kazakhstan [Geographic distribution]. 098542
The technology of producing Madeira [wine] in the *zone* of **Lower** Dnieper sands. 095982
Initial material for breeding early varieties of whiteheaded cabbage for the **northwestern** *zone* of the USSR. 099448
Experience of developing programming of yields for the **north-western** *zone* of the Russian Soviet Federative Socialist Republic [Field and horticultural crops]. 100795
Study of the preemergence cultivation of sugarbeets with small **protection** *zones* [without protective disks]. 103632
On the measurement of temperature and pressure in the **refining** *zone* of an open discharge refiner [Pulps]. 098253
Recognition and prediction of **runoff-producing** *zones* in humid regions. 104263
Contribution of organic matter and clay to the cation exchange capacity of soils in the **savanna** *zone* of Nigeria. 103723
Investigations on some biological and physiological behaviours of apple trees with overmoistening of the *root-zone* **soil.** 100436
Results of testing some forest tree and shrub species in the *zone* of **southern** Chernozems. 098105
Technological methods promoting the quality improvement of desert wines from the **steppe** *zone* in the Ukraine. 095981
Creation of [protective] forest plantings in the **steppe** *zone* of the Ukrainian SSR. 097892
Utilization of fixed capital and labor productivity in tea-growing state farms in the **subtropical** *zone* of the Georgian SSR. 094337
About possible methods of non clearcuttings in the **taiga** *zone* in connection with revealed prospects of mechanization of [forest] cutting work. 098411
The application of micronutrient fertilizers in forest nurseries of the **taiga** *zone.* 104132

ZONING
Goals of **agroclimatic** *zoning* [for farm crops]. 099569

ZOOLOGY
An indirect agar gel diffusion precipitation test for detecting rinderpest nonprecipitating antibody in cattle and *zoological* **ruminant** sera. 097503
Some new records of species of genus Xylocopa based on the collections in the *zoological* **survey** of Pakistan. 103134

ZOONOSES
Some research **needs** in the *zoonoses.* 097350

ZOOTECHNICS
Note on factors allowing the choice of breeding season in the **Dara** *Zootechnical* Research Center (Senegal) [Cattle]. 097033
A new method of *zootechnical* and **economical** evaluation of feeding rations distributed to animals destined for meat production. 096780
West African Dwarf breed in Cameroon. *Zootechnical* **possibilities,** breeding conditions, future. 097036

ZYGOPTERA
Rectal chloride epithelia and osmoregulatory salt uptake by the endgut of *Zygoptera* and **Anisoptera** libella larvae [Coenagrion puella, Aeshna cyana]. 103012

ZYGOTE
Separation of *zygotic* from **nucellar** sour orange seedlings by means of biological tests. 100564

ZYMOGEN
Further characterization of Subunit III of bovine procarboxypeptidase A-S6 as a non **activatable** *zymogen.* 096239

U.S. DEPARTMENT OF AGRICULTURE
NATIONAL AGRICULTURAL LIBRARY
